Ric Luhrs Performing Arts Center, 1871 Old Main Drive, Shippensburg, Pennsylvania, and at any adjournments or postponements of the Annual Meeting. This proxy statement was prepared at the direction of the Company's Board of Directors to solicit your proxy for use at the Annual Meeting. This proxy statement and the enclosed form of proxy will be mailed to shareholders on or about March 29, 2013.

Who is entitled to vote?

Shareholders owning Company common stock as of the close of business on March 8, 2013 are entitled to vote at the Annual Meeting or any adjournment or postponement of the Annual Meeting. Each shareholder has one vote per share on all matters to be voted on. As of March 8, 2013 there were 8,084,813 shares of the Company's common stock outstanding.

On what am I voting?

You will be asked to:

- (i) elect four (4) directors to Class B for three (3) year terms expiring in 2016;
- (ii) approve a non-binding advisory vote regarding the compensation paid to our named executive officers as disclosed in this proxy statement (Say-On-Pay); and
- (iii) ratify the Audit Committee's selection of Smith Elliott Kearns & Company, LLC as the Company's independent registered public accounting firm for 2013.

The Board of Directors is not aware of any other matters to be presented for action at the meeting. If any other matter requiring a vote of the shareholders would be presented at the Annual Meeting, the proxies will vote according to the directions of the Board of Directors.

How does the Board of Directors recommend I vote?

Edgar Filing: ORRSTOWN FINANCIAL SERVICES INC - Form DEF 14A

The Board of Directors recommends that shareholders vote:

- (i) FOR the election of each of the four nominees as directors to Class B named in this proxy statement;
- (ii) FOR approval of the non-binding advisory vote on the compensation paid to our named executive officers as disclosed in this proxy statement; and
- (iii) FOR ratification of the Audit Committee's selection of Smith Elliott Kearns & Company, LLC as the Company's independent registered public accounting firm for 2013.

Table of Contents

How do I vote?

Sign and date each proxy form you receive and return it in the postage-paid envelope provided. If you sign your proxy form but do not mark your choices, your proxies will vote:

- (i) FOR the four persons nominated for election as directors to Class B named in this proxy statement;
- (ii) FOR approval of the non-binding advisory vote on the compensation paid to our named executive officers as disclosed in this proxy statement; and
- (iii) FOR ratification of the Audit Committee's selection of Smith Elliott Kearns & Company, LLC as the Company's independent registered public accounting firm for 2013.

You may revoke your proxy at any time before it is exercised. To do so, you must give written notice of revocation to the Secretary, Orrstown Financial Services, Inc., 77 East King Street, Shippensburg, Pennsylvania 17257, submit another properly signed proxy with a more recent date or vote in person at the meeting.

You are only entitled to vote at the Annual Meeting if our records show that you held shares of the Company's common stock as of the close of business on March 8, 2013. If your shares are held by a broker or other intermediary, you can only vote your shares at the Annual Meeting if you have a properly executed proxy from the broker or other intermediary which is the record holder of your shares.

What is a quorum?

A quorum is the presence at the meeting, in person or by proxy, of the holders of a majority of the outstanding shares. There must be a quorum for the Annual Meeting to be held.

How are abstentions and broker non-votes counted?

Abstentions are counted for purposes of determining the presence or absence of a quorum, but are not considered a vote cast under Pennsylvania law.

A broker non-vote occurs when a broker, bank or other nominee holding shares on your behalf does not receive voting instructions from you. If that happens, the broker, bank or other nominee may vote those shares only on matters deemed routine, such as the ratification of the appointment of the Company's independent registered public accounting firm. On non-routine matters, such as the election of directors, the broker, bank or other nominee cannot vote those shares unless they receive voting instructions from the beneficial owner. A broker non-vote occurs when a broker has not received voting instructions and either declines to exercise its discretionary authority to vote on routine matters or is barred from doing so because the matter is non-routine. Broker non-votes are counted to determine if a quorum is present, but are not considered a vote cast under Pennsylvania law.

As a result, abstentions and broker non-votes are not included in the tabulation of the voting results on issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulation.

Table of Contents

What vote is required to elect directors?

Directors are elected by a plurality of votes. The four nominees for election as directors to Class B receiving the highest number of votes will be elected to the Board of Directors. Votes withheld and broker non-votes will have no effect on the election of directors.

What vote is required to approve the other proposals?

A majority of the votes cast by shareholders present in person or by proxy at the Annual Meeting, assuming a quorum is present, is required to approve each of the other proposals. Abstentions and broker non-votes, if any, are not treated as votes cast and, therefore, will have no effect on whether or not a proposal is approved.

Who will count the vote?

The Judge of Election appointed by the Board of Directors will count the votes cast in person or by proxy at the Annual Meeting.

What is the deadline for shareholder proposals for next year's Annual Meeting?

Shareholders may submit proposals on matters appropriate for shareholder action at future annual meetings by following the rules of the Securities and Exchange Commission and the Company's bylaws. Proposals intended for inclusion in next year's proxy statement and proxy card must be received by the Company not later than November 29, 2013. In addition, in order to be considered for possible action by the shareholders at the 2014 annual meeting of shareholders (the 2014 Annual Meeting), proposals not included in the Company's proxy statement must also be submitted to the Secretary of the Company not later than November 29, 2013. All proposals should be addressed to the Secretary of the Company.

How are proxies being solicited?

In addition to solicitation by mail, the officers, directors and employees of the Company may, without additional compensation, solicit proxies by telephone or personal interview. Brokers and other custodians, nominees and fiduciaries will be requested to forward soliciting material to the beneficial owners of Common Stock held by such persons and will be reimbursed by the Company for their expenses. The Company has retained Georgeson to assist in the solicitation of proxies for a fee of approximately \$25,000. The cost of soliciting proxies for the Annual Meeting will be borne by the Company.

Table of Contents

Exchange Act of 1934 complied with all SEC filing requirements applicable to them, except for two instances. David P. Boyle and Jeffrey M. Seibert did not timely file their respective Form 3 upon becoming executive officers of the Company. Mr. Boyle and Mr. Seibert did not own any stock of the Company upon becoming an executive officer. Messrs. Boyle and Seibert have subsequently filed Forms 4 to report the acquisition of Company stock.

PROPOSAL 1 ELECTION OF DIRECTORS

The bylaws of the Company provide that the directors will serve in three classes, as nearly equal in number as possible, with each class of directors serving a three year term of office. At each annual meeting of shareholders, a class consisting of approximately one third of all of the Company's directors is elected to hold office for a term expiring at the annual meeting held in the third year following the year of their election and until their successors have been elected and qualified. Accordingly, at the Annual Meeting, the shareholders will be asked to elect four directors to Class B to serve until the annual meeting of shareholders in 2016 or until their successors are elected and qualified.

The Board of Directors has nominated the following persons for election as directors to Class B:

Mark K. Keller

Thomas R. Quinn, Jr.

Gregory A. Rosenberry

Glenn W. Snoke

All four nominees are presently serving as directors of the Company and the Bank.

If you return a properly signed and dated proxy your shares of Company Common Stock represented by your proxy will be voted FOR the election of the four named nominees unless you mark the proxy form to withhold authority to vote for one or more of the nominees. If one or more of the named nominees is unable or unwilling to serve as a director, the persons named in the proxy will vote for the election of such substitute nominee, if any, as will be named by the Board of Directors. The Company has no reason to believe that any of the named nominees will be unable or unwilling to serve as a director. Each named nominee has expressed a willingness to serve if elected.

The Board of Directors recommends that you vote FOR the election of each of the named nominees as directors to Class B.

Nomination of Directors

In connection with the Annual Meeting, the Nominating and Governance Committee of the Company's Board of Directors has reviewed the qualifications of and made recommendations regarding potential candidates to be nominated by the Board of Directors for election to the Board. The four nominees named above were recommended by the Nominating and Governance Committee, then submitted to and approved by the Board of Directors as the four nominees for election as directors to Class B.

In addition to meeting the minimum criteria to serve as a director as outlined in the Company's bylaws, the Nominating and Governance Committee has considered a variety of factors including each

Table of Contents

candidate's integrity, independence, qualifications, skills, experience (including experience in finance and banking and diversity of experience in relation to other members of the Board of Directors), compatibility with other members of the Board of Directors, the strategic direction of the Company and the Bank, involvement in the communities served by the Bank and such other factors as it has deemed to be in the best interest of the Company, the Bank and the Company's shareholders, which factors may change from time to time.

The Nominating and Governance Committee will consider the incumbent directors whose terms are expiring at the forthcoming annual meeting, other candidates, if any, recommended to it by shareholders, other qualified individuals within the community, including the Bank's regional advisory boards, and any candidates nominated by shareholders in accordance with the procedures set forth in the Company's bylaws. The criteria for consideration of board candidates nominated by the Company's shareholders, if nominated in a timely manner, is the same as for other board nominees.

Director Eligibility Requirements. The Company's bylaws provide for certain director eligibility requirements for a nominee to be eligible to become a member of the Board. All directors must hold at least 3,500 shares of the Company's common stock. In addition, no one may be nominated to serve as a director of the Company that: (a) is under indictment or has been convicted of a crime involving a breach of trust with a penalty of imprisonment for more than one year; (b) has been issued within the past 10 years a non-appealable cease and desist order by a federal or state bank regulatory agency related to conduct involving dishonesty or breach of trust; (c) has been found guilty in a final decision, either by any federal or state regulatory agency of: (i) committing a willful violation of any law governing banking, securities, commodities or insurance, or any final cease and desist order issued by a banking, securities, commodities or insurance regulatory agency, or (ii) breaching a fiduciary duty involving personal profit; or (d) has been nominated by someone who is ineligible to serve as a director of the Company under requirements (a)-(c) listed above. In addition, the age of members of the Board is limited to 75 years, provided that any director who reaches such age during his or her term of office may continue to serve on the Board until the expiration of their term.

Settlement of Proxy Contest and Derivative Lawsuit. On January 31, 2013, the Company entered into a Confidential Settlement and General Release Agreement (the Settlement Agreement) by and among, the Company and its directors, PL Capital; Financial Edge Fund; Richard J. Lashley; and John W. Palmer and certain other affiliates of PL Capital (collectively, the PL Capital Parties). Based on the most recent amendment to the PL Capital Parties' Schedule 13D, filed with the Securities and Exchange Commission on February 5, 2013, certain of the PL Capital Parties beneficially own, in the aggregate, up to 556,153 shares, or 6.88% of the Company's outstanding common stock.

On December 28, 2012, PL Capital principal John Palmer, on behalf of the Financial Edge Fund, mailed a notice of intent to nominate Richard J. Lashley for election as a director at the Annual Meeting. On January 7, 2013, the PL Capital Parties filed a shareholder derivative action (the Lawsuit) against the Company and its directors (the Defendants) alleging discriminatory application of certain bylaw amendments adopted by the Company on November 19, 2012.

Under the terms of the Settlement Agreement, the PL Capital Parties agreed to, among other things, not bring or advise any shareholders on proposals before the Annual Meeting, direct their counsel to take all steps necessary for dismissal of the Lawsuit with prejudice, withdraw the nomination of Richard J. Lashley for the Annual Meeting and refrain from nominating any other Board candidate through the last day of the Annual Meeting, refrain from waging or advising any

Table of Contents

shareholders on any proxy contests related to the Annual Meeting, and not disparage the Board or the Company through the last day of the Annual Meeting.

The PL Capital Parties have also agreed to advise the Defendants, within 10 days of the filing of the Company's 2013 third quarter Form 10-Q (the Third Quarter 10-Q), whether they will nominate a candidate to run for a seat on the Board at the 2014 Annual Meeting. If the PL Capital Parties do not nominate a candidate to run for a seat on the Board in 2014 within 10 days of the filing of the Third Quarter 10-Q, the PL Capital Parties have agreed to refrain from taking the following actions: nominating any Board candidate for the 2014 Annual Meeting; waging any proxy contests at the 2014 Annual Meeting; making any shareholder proposals at the 2014 Annual Meeting; advising shareholders on any proposals, proxy contests, and/or nominees through the last day of the 2014 Annual Meeting; commenting on any allegations of improper conduct by the Defendants or the Company, as alleged in the complaint, through the last day of the 2014 Annual Meeting; and disparaging the Defendants and/or the Company through the last day of the 2014 Annual Meeting.

In consideration of the foregoing, the Defendants agreed to amend, and on February 28, 2013 amended, the Company's bylaws to rescind the director eligibility requirements related to residency (contained in Section 3-12, Article III) and not serving as a management official of another bank (contained in Section 3-14, Article III), both of which became effective on November 19, 2012 (the November Amendments). In addition, the Defendants have agreed that, from the date of the Settlement Agreement through the last day of the 2014 Annual Meeting, they will not implement any changes to the Company's articles of incorporation or bylaws that would prevent the PL Capital Parties from nominating a candidate to run for a seat on the Board at the 2014 Annual Meeting. Similarly, the Company and the Defendants have agreed not to add any director eligibility requirements to the bylaws of the Bank through the last day of the 2014 Annual Meeting that would exclude a director nominated by the PL Capital Parties who wins election to the Board from also serving on the Bank's board of directors and represent that such bylaws do not currently contain any eligibility requirement similar to those contained in the November Amendments.

If within 10 days of the filing of the Third Quarter 10-Q, the PL Capital Parties declare that they will not nominate a candidate for a Board seat in 2014, the Defendants have agreed that from the last day of the 2014 Annual Meeting through the last day of the Company's 2015 Annual Meeting of Shareholders (the 2015 Annual Meeting) that they will not implement any changes to the Company's articles or bylaws that would prevent the PL Capital Parties from nominating a candidate at the 2015 Annual Meeting. If the PL Capital Parties do not nominate any Board candidate for the 2014 Annual Meeting, the Company and the Defendants have agreed that, from the last day of the 2014 Annual Meeting through the last day of the 2015 Annual Meeting, they will not add any director eligibility requirements to the Bank's bylaws that would preclude a candidate of the PL Capital Parties who won election to the Board from serving on the Bank's board of directors.

The Company also agreed to pay the reasonable legal fees and expenses of the PL Capital Parties related to the Lawsuit. It is anticipated that the settlement in total will cost the Company approximately \$170,000.

The Settlement Agreement contains other customary terms for an agreement of this type, including a release of claims relating to the claims raised by the PL Capital Parties in the Lawsuit, or to the subject matter of the Lawsuit.

Table of Contents

The foregoing summary of the Settlement Agreement does not purport to be complete and is qualified in its entirety by reference to the Settlement Agreement, a copy of which is attached as Exhibit 99.1 to the Company's Form 8-K filed on February 4, 2013, which is incorporated herein by reference.

No other recommendations were received by the Nominating and Governance Committee in connection with this Annual Meeting from shareholders or others, nor, as of the date of this Proxy Statement, had any candidates been nominated by shareholders in accordance with the procedures set forth in the bylaws.

Any future nominations should be submitted in writing addressed to Orrstown Financial Services, Inc., 77 East King Street, Shippensburg, Pennsylvania 17257, Attn: Nominating and Governance Committee.

A copy of the Nominating and Governance Committee Charter is posted on the Company's website at www.orrstown.com.

Director Independence

The Board of Directors of the Company has adopted the definition of independent director as set forth in Rule 5605(a)(2) of the NASDAQ Stock Market and determined that each director, other than Mr. Quinn, is an independent director under such definition. In making this determination, the Board of Directors was aware of and considered the loan and deposit relationships and other transactions with directors and their related interests, which the Company or the Bank enters into in the ordinary course of business. Other than loans, deposits, fiduciary and other similar relationships with the Company or the Bank, no director or any of his or her related interests has engaged in any transaction or series of transactions, or is involved in any relationships, as a result of which the director would not be independent under the rules of the NASDAQ Stock Market, except Mr. Quinn, who is not independent by reason of his service as an executive officer of the Company and the Bank.

Shareholder Communications with the Board of Directors

The Company does not have a formal process by which shareholders may send communications to the Board of Directors. The Board of Directors believes that this is appropriate because as a matter of practice, shareholder communications received by the Company are included under the topic Correspondence with the Board meeting materials routinely furnished by management to directors in connection with meetings of the Board of Directors. In addition, shareholder communications determined by the Chief Executive Officer, at his discretion, to require immediate attention, also are promptly furnished by him to the Chairman. When and as appropriate, the Company seeks to provide a timely response to shareholder communications it receives.

With the exceptions of Mr. Quinn, all of the directors of the Company and the Bank are independent as defined in Rule 5605(a)(2) of the NASDAQ Stock Market. Leadership of the Boards of Directors of the Company and the Bank is entrusted to an independent Chairman and an independent Vice Chairman. The Vice Chairman also serves as Chair of the Executive Committees. The Boards of Directors believe that this independent leadership structure helps to provide an appropriate check and balance on the influence of the executive management team generally and the President and Chief Executive Officer more specifically, particularly in consideration of the President and Chief Executive Officer's membership on the Boards of Directors and Executive Committees. In addition, the independent directors have two regularly scheduled meetings each year in which they meet in executive session with only independent directors present. The independent directors also may meet in executive session at additional times as necessary. The Company's Board of Directors also has an Enterprise Risk Management (ERM) Committee to provide additional oversight over seven risk areas: credit, operations and transactions, liquidity, market/interest rate, legal/compliance, strategies and reputation. During 2012, the Bank previously had a Credit Administration Committee, that was merged into the Enterprise Risk Management (ERM) Committee, and Property and Technology Committees that were merged into the Capital Planning Committee.

Nominating and Governance Committee. The Nominating and Governance Committee exercises general oversight with respect to the governance of the Board of Directors. It reviews the qualifications of and recommends to the Board of Directors proposed nominees for election to the Board. As discussed above, it also is responsible for evaluating and recommending to the Board corporate governance practices applicable to the Company and for leading the Board in its self-evaluation process. The Nominating and Governance Committee reviews, at least annually, its Charter and recommends proposed changes for Board approval. The members of the Nominating and Governance Committee are Joel R. Zullinger, Chair, Jeffrey W. Coy, Mark K. Keller, Thomas R. Quinn, Jr. and Glenn W. Snoke. As noted above in the discussion about the Executive Committee, Messrs. Audit Committee. The Audit Committee provides oversight of the qualifications, independence and performance of the Company's independent auditors; the performance of the Company's internal audit function; and management's implementation of a system of controls designed to safeguard the Company's assets and income, assure the integrity of the Company's financial statements and maintain compliance with the Company's ethical standards, policies, plans and procedures, and with laws and regulations. The Audit Committee Charter is posted on the Company's website at www.orrstown.com.

The Audit Committee Charter provides that the Audit Committee is to be composed of not less than three members, each of whom is to be independent as defined in NASDAQ Stock Market Rule 5605(a)(2) and SEC Rule 10A-3(b)(1); has not participated in the preparation of the Company's financial statements at any time during the past three years; and able to read and understand fundamental financial statements, including the Company's balance sheet, income statement and cash flow statement. In addition, at least one member of the Audit Committee is to have had past employment experience in finance or accounting, or other comparable experience or background, which results in the member's financial sophistication as contemplated by NASDAQ Stock Market Rules.

The members of the Audit Committee are Anthony F. Ceddia, Chair, Andrea Pugh, and John S. Ward, each of whom the Board of Directors has determined to be independent.

Table of Contents

In addition, the Board of Directors has determined that Mr. Ward has the requisite financial sophistication required by the Audit Committee Charter to serve as the Audit Committee financial expert as a result of his experience as Chief Clerk of Cumberland County, Pennsylvania, and as President of Modern Transit Partnership. In these positions, Mr. Ward has had ultimate responsibility for overseeing and assessing the performance of Cumberland County and Modern Transit Partnership in the preparation of their respective financial statements which, together with his nine year tenure as a member of the Audit Committee, has provided him with an understanding of and familiarity with generally accepted accounting principles and internal controls over financial reporting.

The Audit Committee Charter provides that the Audit Committee is to meet at least 4 times each year. The Audit Committee met 14 times during 2012.

Audit Committee Report

The Audit Committee has reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2012. The Audit Committee also has discussed with Smith Elliott Kearns & Company, LLC, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; received from Smith Elliott Kearns & Company, LLC, the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding Smith Elliott Kearns & Company, LLC's communications with the Audit Committee concerning independence and has discussed with Smith Elliott Kearns & Company, LLC, that firm's independence. In that regard, the Audit Committee has considered whether the provision by Smith Elliott Kearns & Company, LLC of certain limited permissible non-audit services in addition to its audit services is compatible with maintaining that firm's independence and has determined that it is. Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2012, filed with the Securities and Exchange Commission.

Transactions with Directors and Management

During 2012 some of the directors and executive officers of the Company and the Bank, members of their immediate families and some of the companies with which they are associated, had banking transactions in the ordinary course of business with the Bank and may have similar transactions in the future. These transactions were made on substantially the same terms, including interest rates, collateral requirements and repayment terms, as those prevailing at the time for comparable transactions with non-affiliated persons and did not involve more than the normal risk of collectability or present other unfavorable features.

Any business dealing, including extensions of credit, between the Company or the Bank and a director of the Company or the Bank, or with any entity controlled by such a director, other than a deposit, trust service or other product or service provided by a bank in the ordinary course of business, is required to be reviewed and approved by a majority of the disinterested directors. In considering a proposed insider transaction, the disinterested directors are to reasonably determine whether the transaction would be in the best interest of the Company or the Bank and on terms and conditions, including price, substantially the same as those prevailing at the time for comparable transactions with non-insiders. No transactions, other than outstanding extensions of credit, exceeded \$120,000 during 2012.

Extensions of credit by the Bank to a director of the Company or of the Bank, or to a related interest of such a director, are subject to Federal Reserve Board Regulation O. Although Regulation O requires the prior approval of such an extension of credit by the Bank's disinterested directors if the aggregate amount of all extensions of credit to such director and the related interests of the director would exceed \$500,000, the Company requires prior approval of all such extensions of credit.

Table of Contents**Compensation of Directors**

Directors' Fees. During 2012 each director of the Company and the Bank, other than Mr. Quinn, was paid an annual retainer fee of \$12,000 and each non-employee director of the Company and the Bank received \$1,000 for each meeting attended where the Boards of Directors of both the Company and the Bank met on the same day; if there was a separate meeting of one of the respective Boards each non-employee director would receive \$700 per additional meeting. Each non-employee director who attends a committee meeting of the Company or the Bank receives \$500 per meeting attended. Each non-employee director of the Company and the Bank who is the chair of a committee receives a \$2,500 retainer per year in addition to the \$500 per meeting attended.

The Compensation Committee recommended and the Board of Directors approved, the *Board of Directors' 2013 Fee and Attendance Policy* on December 20, 2012. The policy changes the method for calculating directors' fees. Each Board member will be paid a total annual flat fee of \$50,000. The amount

Table of Contents

of \$12,500 will be paid on a quarterly basis (the first business day of the month in January, April, July and October). In addition, Board officers will be paid a stipend as follows: Chairman, \$13,000; Vice Chairman, \$11,000; Secretary, \$9,000.

Deferred Compensation Plan. In 1995 the Company and the Bank established a non-qualified deferred compensation plan for directors and executive officers. Participation in the plan is voluntary. Each participant may elect each year to defer all or a portion of his or her directors' fees or, in the case of an executive officer, compensation. Directors deferring compensation must begin withdrawals from the plan by age 75 or termination of service as a director, whichever occurs later. Executive officers must begin withdrawals by age 65 or retirement, whichever occurs later. Payments may be made in equal monthly or annual installments over not more than ten years. Immediate distributions may be made in the event the Company would experience a hostile takeover, an acquiring bank or bank holding company would fail to approve the plan, or the Bank, or any acquiring bank or bank holding company, would experience bankruptcy. If a participant would die before payment of his or her entire account, the Company will pay the balance to his or her beneficiary in a single lump sum payment. The amounts deferred are invested in a rabbi trust with the trust department of the Bank as trustee. The participants direct the investment of their own accounts among various publicly available mutual funds designated by the Bank's Trust Investment Committee. Growth of each participant's account is a result of investment performance and the public markets and is not a result of an interest factor or interest formula established by the participant or by the Company or the Bank. In 2012 Ms. Pugh deferred \$20,700 and Mr. Snoke deferred \$9,000.

Directors Retirement Plan. The Bank has entered into director retirement agreements with Ms. Pugh and Messrs. Ceddia, Coy, Keller, Rosenberry, Snoke, Ward and Zullinger. Each director retirement agreement provides the respective director with a normal retirement benefit in a specified amount, payable in 120 consecutive monthly installments commencing the month following the director's termination of service after having reached the normal retirement age of 65. Generally, the amount of a director's annual normal retirement benefit is intended to approximate the amount of his or her directors' fees during the year in which he or she became a party to a director retirement agreement, projected to the normal retirement age of 65 based upon annual increases of four percent. For every complete plan year after normal retirement age and before termination of service, the amount of the annual benefit will increase by four percent.

A director will forfeit his or her benefits under his or her director retirement agreement if the Bank terminates his or her service for gross negligence or gross neglect of duties, commission of a felony or gross misdemeanor involving moral turpitude or fraud, disloyalty or willful violation of any law or policy committed in connection with the Director's service resulting in an adverse effect on the Bank or if the Director, after termination of service (other than following a change in control of the Bank), competes with the Bank within a 50 mile radius of its main office in Shippensburg, Pennsylvania. The Bank also would not be obligated to pay any benefit under a Director Retirement Agreement to the extent the benefit would constitute an excess parachute payment under Section 280G of the Internal Revenue Code of 1986, as amended.

If a Director is in active service of the Bank at the time of a change in control of the Bank, as defined in Section 409A of the Code, the Director will be entitled to begin receiving his or her normal retirement benefit following the later of the Director's termination of service or attaining normal retirement age. The Director Retirement Agreement provides for an early termination benefit in a specified amount in the event of an early termination of service before normal retirement age, a disability benefit in the event of an early termination of service due to disability and a death benefit.

Table of Contents

The amount of the increase in 2012 in the net present value of the accrued benefit under the Directors Retirement Agreement is reported in the 2012 Directors Compensation Table for each participating Director in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column.

Brick Plan. Mr. Zullinger and three of the Bank's former Directors participate in so-called brick plans that provide the director or his or her beneficiaries with a monthly cash benefit for a period of 10 years beginning at age 65. The change in the net present value of Mr. Zullinger's accrued benefit under his brick plan from 2011 is reported in the 2012 Director Compensation Table above. Under the brick plan, Mr. Zullinger's annual benefit at age 65 would be \$21,804. Mr. Zullinger's total accrued benefit at December 31, 2012 was \$133,976 and the vested amount of his annual benefit is \$21,044.

Compensation Discussion and Analysis

In this section we provide an overview and analysis of our executive compensation programs and policies, the material decisions we have made under those programs and policies and the material factors that we considered in making those decisions.

Executive Summary. As a result of continued economic conditions and Company performance, compensation to our existing executive officers was frozen in 2012 and 2011. Challenges continued for the Company in 2012 as we worked through credit issues, maintained capital ratios above well-capitalized and faced margin compression.

Given the performance in 2012, the Compensation Committee approved the following actions with respect to the named executive officers:

Salaries were frozen.

No profit sharing was accrued or paid.

No bonuses were accrued or paid.

No stock options or restricted stock awards were granted.

Shareholder Advisory Votes on Compensation. At the 2012 Annual Meeting of Shareholders, the shareholders approved the advisory vote on the Company's executive compensation policies and practices as disclosed in the CD&A and the proxy by more than 62% of the shares voting on the matter. At the 2011 Annual Meeting of Shareholders, the shareholders approved an advisory vote recommending that such advisory vote be taken annually by more than 67% of the shares voting on the matter. The Company continues to follow this advisory vote on the annual frequency of such shareholder advisory votes.

Executive Compensation Objectives and Philosophy. The Company's compensation and benefits programs and policies are intended to provide fair, reasonable and competitive levels of compensation and benefits in order to recruit, motivate, reward and retain qualified executive officers and generate long term value for the Company's shareholders.

Compensation Structure. We compensate our executive officers through a combination of base salary, annual cash incentives, share based compensation, and other benefits. Base salaries are set at levels competitive within the industry and the local market area in order to attract and retain executive officers who possess the knowledge, skills and abilities necessary to successfully execute their duties and responsibilities. Our annual cash incentive program, which was revised in 2011, is structured to align our executives' cash bonus opportunities with the financial performance of the Bank, as well as reflect individual contribution and success. In addition to cash incentives, we also provide equity compensation to our executives, historically in the form of stock options. These awards further link annual compensation to annual Company performance, but also link the compensatory interests of executive officers to the interests of shareholders in the long term success and growth of the Company. Health and welfare benefit programs are provided to executive officers on the same terms and conditions as all other employees and are intended to be competitive within the industry and the local market area. We also provide our executive officers with certain supplemental retirement programs on a basis competitive within the industry.

Except for the named executive officers hired in 2012, base salary represented 100% of the total compensation paid to our named executive officers in fiscal 2012. As stated, no cash bonuses or share based compensation were awarded since incentive targets were not met. However, sign-on bonuses were paid to certain executive officers who joined the Company in 2012 to assist in our recruiting efforts. The goal of the Compensation Committee is to have base salary represent two-thirds of total compensation.

Process for Determining Executive Compensation. The Compensation Committee and management participate in the determination of executive compensation programs and practices. Generally, the Compensation Committee is responsible for carrying out the responsibilities of its charter, including (but not limited to) establishing, implementing and monitoring adherence to the Company's compensation philosophy. The Compensation Committee seeks to ensure that the total compensation paid to our executive officers is fair, reasonable and competitive.

Management's role in determining executive compensation programs and practices consists of developing proposals regarding program design and administration for the Compensation Committee's review and approval. Management also is responsible for making compensation recommendations each year, typically in the form of salary adjustments, short-term incentive targets and awards, and long-term incentive grants. The Compensation Committee, comprised entirely of independent directors, makes and approves recommendations regarding the compensation of Mr. Quinn, our President and CEO.

Table of Contents

From time to time, the Compensation Committee also uses outside compensation consultants. A compensation consultant generally reviews, analyzes and provides advice about the Company's executive compensation programs in relation to the objectives of those programs, including comparisons to designated peer group companies along with information and advice on competitive compensation practices and trends, and specific views on the Company's compensation programs. For 2012, no compensation consultants were engaged.

Benchmarking of Compensation Levels. In making compensation decisions, the Compensation Committee has historically reviewed competitive market data related to base salary, annual bonus and total compensation, and did so in 2011. In 2010, Pearl Meyer, the Company's compensation consultant, developed a peer group which currently consists of 15 banks to be used in evaluating the competitiveness of the Company's current executive compensation program, as well as the appropriateness of any proposed changes. The peer group represented banks that met the following basic criteria:

Assets of approximately 0.5x - 2.0x that of the Company;

Commercial banks;

Domiciled in the Mid-Atlantic region of the United States; and

Similar business models.

These criteria, further refined to reduce the number of comparators, resulted in the following peer group:

Metro Bancorp, Inc.;
Financial Institutions, Inc.;
Univest Corporation of Pennsylvania;
Cardinal Financial Corporation;
Eagle Bancorp, Inc.;
Arrow Financial Corporation;
Peapack-Gladstone Financial Corporation;
Alliance Financial Corporation;
Citizens & Northern Corporation;
CNB Financial Corporation;
Bryn Mawr Bank Corporation;
Chemung Financial Corp.;
City Holding Company;
Shore Bancshares, Inc.; and
Canandaigua National Corporation.

The Company reviews the data from this peer group as well as other industry surveys. The Company does not use a formulaic approach to benchmarking compensation for specific data points for individual job positions. The Compensation Committee also considers data related to three year average total compensation for executive officer positions as that is a metric available through SNL Financial. However, the Company did not use benchmarking to set 2012 compensation because compensation for named executive officers was frozen at 2011 levels. Compensation for new executive officers was determined using peer group data and input from professional recruiters used in the search for such executives.

2012 Compensation Decisions. The Compensation Committee met three times in 2012. On December 12, 2012 the Compensation Committee accepted Mr. Quinn's recommendation of no salary increases or bonuses for executive management. In like manner, the Compensation Committee recommended no salary increase or bonus for Mr. Quinn. The Compensation Committee's recommendations were presented to and approved by the independent directors of the Bank at its December meeting.

Base Salary. Historically, base salaries for executive officers have been determined based upon a comparison of Company performance to competitive market data, as well as evaluations of individual performance and contributions. However, compensation to existing named executive officers was frozen in 2012. In determining the level of base salary, an individual's personal performance in achieving previously established goals is a contributing factor. Following consideration of the information obtained and reviewed, and the recommendations of Mr. Quinn, the members of the Compensation Committee recommended and the Bank's independent directors approved at its December meeting leaving base salaries for 2013 at 2012 levels for all named executive officers, and at \$285,000 for Messrs. Boyle and Seibert, which is the same annualized salary in effect for such individuals in 2012.

Cash Bonuses. In 2011, the Compensation Committee approved changes to the cash bonus program, which were intended to reflect changes in market practice, plan design and internal considerations regarding incentive compensation at the Company. The program was structured to provide cash bonuses based on a combination of company performance and individual contributions. For 2012, it was decided that Company performance would be defined as performance versus budget and relative to the peer group, including the following measures:

Net income;

Diluted earnings per share (EPS);

Return on assets (ROA);

Return on tangible equity (ROTE);

Efficiency ratio; and

Non-performing assets as a percentage of total assets.

This set of measures was chosen to effectively balance incentivizing management on core operating measures, linking annual incentives to measures that in the aggregate create shareholder value, and taking into account risk.

There were no individual weightings or discrete goals ascribed to these measures for 2012. Further, the Compensation Committee has additional authority to differentiate payouts between named executive officers to account for individual contribution and performance. Based upon the Company's performance in 2012, Mr. Quinn recommended that no annual cash incentive awards be paid to the named executive officers in 2012. The Compensation Committee approved that no annual cash incentive awards would be provided for 2012 to the named executive officers, including to Mr. Quinn.

Long-term Incentives. In 2011, the Board of Directors of the Company unanimously approved and adopted the 2011 Orrstown Financial Services, Inc. Stock Incentive Plan (the "Stock Incentive

Table of Contents

Plan). The Stock Incentive Plan was ratified by the shareholders at the 2011 Annual Meeting. The purpose of the Stock Incentive Plan is to promote the long term success of the Company and the creation of shareholder value by providing additional incentives to those officers and key employees who are in a position to:

contribute to the long term growth and profitability of the Company;

assist the Company to attract, retain and motivate key personnel with experience and ability; and

link employees receiving stock options directly to shareholder interests through increased stock ownership.

The Compensation Committee, on behalf of the Board of Directors, administers the Stock Incentive Plan, and determines the number of shares to be granted, as well as the relevant terms and conditions of each grant. Historically, the Company has granted stock options, all of which are exercisable at an option price equal to the fair market value of the Company's common stock on the date of grant of the option, defined as the closing price for shares of Company common stock reported on the NASDAQ Stock Market on such date. It is anticipated that going forward, the Company will make use of additional equity instruments covered under the Stock Incentive Plan, including restricted stock. Grants to officers of the Company and other key employees are based on criteria established by the Compensation Committee including past performance, job duties, scope and responsibilities and contributions to overall Company performance.

The Compensation Committee has total discretion over the number of shares or shares covered by option grants awarded at any given time, subject to the conditions and restrictions of the Stock Incentive Plan. **There were no restricted stock or stock option awards to the named executive officers for 2012.** The Committee does anticipate awarding grants in the future to provide for greater alignment with the overall executive compensation philosophy and purpose.

401(k) and Profit Sharing Plan. The Bank maintains a 401(k) plan for the benefit of eligible employees. The Bank makes annual matching contributions of up to 50 percent of employee contributions under the plan up to three percent of an employee's annual compensation. In addition, the Bank maintains a profit sharing plan covering all employees who have attained age 21, completed one year of service and have worked for 1,000 hours or more during the plan year. Upon becoming eligible to participate in the plan, an employee is fully vested. Contributions to the plan are based on the Company's performance and are at the discretion of the Bank's Board of Directors. Substantially all of the Bank's employees are covered by the plan. The Bank's contribution to the plan on behalf of all participants may not be in excess of the maximum amount deductible for tax purposes under Section 404(a) of the Internal Revenue Code of 1986, as amended. In general, this amount cannot be more than 15 percent of compensation otherwise paid during the taxable year to all employees under the profit sharing plan. **There was no profit sharing awarded to any employee in 2012.**

Deferred Compensation and Supplemental Benefit Programs. The Bank has established salary continuation plans and group term replacement plans for certain of its executive officers. The purposes of these programs are to provide to those executive officers an economic incentive for long term service to the Company and the Bank. The Compensation Committee believes that these programs are competitive with those offered by other banks of similar size on a regional basis.

Table of Contents

The Bank has established salary continuation plans for certain of its executive officers including, without limitation, many of the named executive officers, in order to provide them with supplemental retirement income. The purpose of the plans is to provide an incentive to such persons to continue in the employ of the Bank.

The Bank also has established an officer group term replacement plan for the benefit of Messrs. Quinn and Fague. This plan provides participating officers with a life insurance benefit equal to two times current salary with no cap. Under the plan the officer receives the same coverage as he currently receives under the Bank's group term plan but at less cost to the Bank while the officer is employed. The officer receives continued coverage after retirement for a small annual charge. The post-retirement coverage will approximate two times annual salary (but not exceed the net coverage purchased).

As noted above in connection with director compensation, the Company also has established a non-qualified deferred compensation plan for directors and executive officers, but no executive officer made any deferrals pursuant to that plan in 2012.

Executive Employment Agreements. In August 2011, the Company extended an executive employment agreement with Mr. Quinn which continues until August 25, 2015. The minimum annual base salary is \$414,000. During the term of the agreement, the Company will cause Mr. Quinn to be elected to the Board of Directors of the Bank and to nominate him to serve as a director of the Company. During the period of employment and for one year thereafter, Mr. Quinn agrees not to directly or indirectly engage in business competition with the Company or the Bank with respect to its services, products, processes, customers, methods of doing business and similar matters within an eighty mile radius of Shippensburg, Pennsylvania. In addition, during this period, Mr. Quinn will not solicit or attempt to solicit, divert or appeal to any employees, customers, clients or referral sources of the Company, the Bank or any of their respective subsidiaries. The Company and Bank also extended the term of the executive employment agreements with Messrs. Fague, Embly and Gayman, providing for two year terms to expire December 31, 2013. Mr. Embly's agreement terminated on October 1, 2012 with the end of his employment. The Company and the Bank entered into an Executive Employment Agreement with Mr. Everly providing for a two year term to expire September 30, 2012. Mr. Everly's agreement terminated on May 14, 2012 with the end of his employment. Subject to the right of the executive to resign at any time upon ninety days prior notice, the executive employment agreements provide for renewal or extension for successive two year terms by written notice to the executive by the Company and the Bank not later than one hundred twenty days prior to the expiration of the then current term. In addition to annual base salaries, the executive employment agreements provide that each officer is eligible to receive annual incentive payments and equity incentive awards, and to participate in any retirement plan, deferred compensation plan, welfare benefit plan or other benefit program in which other senior officers of the Bank are eligible to participate. The executive employment agreements also contain customary nondisclosure, nonsolicitation and mutual nondisparagement provisions and restrictive covenants. The purpose of the executive employment agreements is to provide those officers with job security while providing the Company and the Bank with protections against competition and solicitation of customers and employees if any of the officers would leave the Bank's employ.

Change in Control Agreements. The Company and the Bank entered into Change in Control Agreements with Mr. Quinn in March 2009, and with Messrs. Embly, Everly and Fague in May 2008. The Change in Control Agreements with Messrs. Embly and Everly terminated with the end of their respective employment in 2012. The purpose of the Change in Control Agreements is to promote the interests of the Company and the Bank by mitigating the concerns senior officers may have for job

security, authority or compensation in connection with a change in control of the Company or the Bank, such that the business and strategic decisions such officers may make on behalf of the Company and the Bank may be made independently of such concerns. The Compensation Committee believes that providing Change in Control Agreements to such senior executives is competitive with the practices of its peers. The key terms and conditions of the Change in Control Agreements are described below under Potential Payments Upon Termination or Change in Control.

Risk Management. We believe that the Company's compensation programs and practices for its employees are not reasonably likely to have a material adverse effect on the Company. Annual incentive compensation is wholly subject to the discretion of the Compensation Committee and the independent directors. Similarly, not only is long-term incentive compensation in the form of stock options also subject to Compensation Committee and independent director discretion, it also reflects a modest portion of total compensation at lesser levels than among the Company's peers. With respect to those employees whose compensation may involve a variable component such as loan originators and investment counselors who are paid, in significant part, based upon production, we believe the aggregate absolute amount of such compensation is not material to the Company and that the Company's internal controls further mitigate the risks that otherwise might be incurred as a result of such activities and compensation practices.

Tax and Accounting Considerations. The Company takes into account the tax and accounting implications in the design of its compensation programs. For example, in the selection of long-term incentive instruments, the Compensation Committee reviews the projected expense amounts and expense timing associated with alternative types of awards. Under current accounting rules (i.e., Financial Accounting Standards Board (FASB) Accounting Standards Codification TM (ASC) 718), the Company must expense the grant-date fair value of share-based grants such as stock option awards, restricted stock, performance shares, and stock appreciation rights settled in stock. The grant-date value is amortized and expensed over the service period or vesting period of the grant. In selecting appropriate incentive devices, the Compensation Committee reviews appropriate expense analyses and considers the related tax and accounting issues.

Section 162(m) of the Internal Revenue Code places an annual limit on the tax deduction for certain compensation paid in excess of \$1 million to the Chief Executive Officer and the three most highly compensated executive officers of a corporation. All of the compensation the Company paid in 2012 to the named executive officers is expected to be deductible under Section 162(m) of the Internal Revenue Code. Whether all elements of compensation paid by the Company in future years will be fully deductible is dependent upon many factors as required by Section 162(m) of the Internal Revenue Code and applicable regulations. Such factors include the aggregate level of taxable income received by an executive in each year, the structure of various compensation plans, the manner in which incentive compensation goals are established and a determination of satisfaction of those goals, and the relationship between the Company and the directors serving on the committee determining the performance goals related to incentive compensation and the satisfaction of such performance goals. The Compensation Committee retains the flexibility to pay both compensation that will be fully deductible and compensation that may not be deductible in structuring the Company's compensation programs in its actions to promote the best interests of the Company and its shareholders.

Upon a change in control of the Company, some portion of the severance payments may exceed the deductible limitations under Section 280G of the Internal Revenue Code. Although the Compensation Committee does not anticipate that any such non-deductible payments, if applicable, will constitute a material portion of the total shareholder consideration that might be paid in connection

Table of Contents

with such a change in control transaction, it believes that it is necessary for the Company to have flexibility in designing its compensation programs to meet necessary business objectives and pay strategies.

Although the Company does not presently have provisions for recoupment of incentive compensation in the event of restatement or adjustment of the performance measures in the future after incentive awards have been paid, the Compensation Committee will implement such requirements related to future incentive compensation awards, and expects such recoupment policies to be implemented. The Company does not currently maintain stock ownership guidelines or equity incentive retention guidelines for its named executive officers, but generally such officers hold personal investments in the Company's stock. The Company does not have any policies regarding hedging strategies applicable to the named executive officers or directors and their personal investments in Company stock.

Compensation Risk Assessment

Senior management periodically conducts a Compensation Risk Assessment, which is presented to and reviewed by the Compensation Committee. Such risk assessment was last conducted in fiscal 2011. That Compensation Risk Assessment concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

The reported insurance premiums are the premiums paid by the Bank in connection with the officer group term replacement plans for the named executive officers described above in the Compensation Discussion and Analysis.

The Company fully funded its contribution to the profit sharing plan for 2010 at 15%. There were no contributions in 2011 and 2012.

In the table above:

The number of years of credited service equals the number of years of employment service.

When we use the phrase present value of accumulated benefit, we are referring to the actuarial present value of the named executive officer's accumulated benefits under our pension plans, calculated as of the Plan Measurement Date.

The present value of accumulated benefits shown in the table above has been determined using the assumptions set forth in our audited financial statements for the year ended December 31, 2012.

No amounts were actually paid or provided to the named executive officers during 2012.

A description of the Salary Continuation Agreement appears below under Potential Payments Upon Termination or Change in Control.

Potential Payments Upon Termination or Change in Control

Salary Continuation Agreements. The Bank has entered into Salary Continuation Agreements with certain of its executive officers including, without limitation, the executive officers named in the Summary Compensation Table. The Agreements provide each executive officer with certain specified benefits upon a separation from service as a result of normal retirement, early termination, disability, death or a change in control.

Benefits are payable in monthly installments over a 15 year period beginning within 60 days following the executive officer's separation from service upon or after the executive reaching normal retirement age, within 60 days following the executive officer reaching normal retirement age in the cases of early termination and change in control or within 60 days after separation from service in the case of disability. Under the Agreements the amount of the normal retirement benefit when combined with Social Security and amounts available under the Bank's 401(k) and profit sharing plans is intended to provide the executive officer with retirement income equal in amount to 70 percent of final annual salary.

Table of Contents

The Salary Continuation Agreement with Mr. Quinn provides for an annual normal retirement benefit of \$400,000 at age 65; and with Mr. Fague, \$73,000 at age 65.

In the event of an early termination separation from service or a separation from service due to disability prior to normal retirement age, the amount of the benefit under the plan will be actuarially reduced from the normal retirement benefit. In the event of a change in control, the amount of the benefit will be the amount of the normal retirement benefit. In the event an executive officer dies while in active service, the officer's beneficiary will be entitled to receive the normal retirement benefit payable in monthly installments over a 15 year period commencing within 60 days after receipt by the Bank of the officer's death certificate. In the event an executive officer dies after benefit distributions have commenced, the Bank will continue to distribute the remaining benefits to the officer's beneficiary at the same time and in the same amounts as would have been distributed to the executive officer had he or she survived.

Benefits under the Agreements will be forfeited by an executive officer who is terminated for cause, or if the executive officer commits suicide within 2 years after the effective date of the Agreement, or if an insurance company which issued a life insurance policy covering the executive officer and owned by the Bank denies coverage because of misstatements of fact made by the executive officer on an application for life insurance, or if the executive officer is subject to a final removal or prohibition order issued by a federal banking agency pursuant to the Federal Deposit Insurance Act, or the executive officer becomes interested as a sole proprietor, partner, substantial shareholder, officer, director, or employee in a competitor of the Bank within a 50 mile radius of the Bank's headquarters in Shippensburg, Pennsylvania.

Executive Employment Agreements. As detailed in the Compensation Discussion and Analysis section, the Company previously entered into an executive employment agreement with Mr. Quinn providing for a term continuing until August 25, 2015. The Company and the Bank also extended the term of the executive employment agreements with Messrs. Fague and Gayman, providing for two year terms to expire December 31, 2013. The agreements with Messrs. Embly and Everly terminated as of the end of their respective employment in 2012. Mrs. Brobst and Messrs. Boyle and Seibert did not have employment contracts as of December 31, 2012.

The following table summarizes potential benefits for each of the named executive officers in the event of termination of employment unrelated to a change in control transaction if it had occurred on December 31, 2012.

Change in Control Agreements. The Company and the Bank entered into Change in Control Agreements with Mr. Quinn in March 2009, and with Mr. Fague in May 2008. Messrs. Boyle, Seibert and Gayman do not currently have change in control agreements. Change in Control Agreements for Messrs. Embly and Everly terminated with the end of their respective employment in 2012. The terms and conditions of the Change in Control Agreements are substantially the same for each executive, except for the respective amounts of the cash compensation and the terms for which the Company and the Bank will continue to provide the executives with health and welfare benefits. The Change in Control Agreements provide that the Company and the Bank are to pay to the executives the specified amounts of cash compensation and provide the specified health and welfare benefits in the event that an executive's employment is terminated by the Company or Bank without good cause or by the executive for good reason within two (2) years after the occurrence of a change in control.

The Change in Control Agreements define change in control as: (a) a merger, consolidation or division of the Company or the Bank, the sale of substantially all of the assets of the Company or the Bank, or the purchase by the Company or Bank of substantially all of the assets of another entity unless (i) the transaction is approved in advance by 80% of the disinterested directors of the Company, and (ii) a majority of the Board of Directors of the resulting entity after the transaction are former members of the Board of Directors of the Company; (b) any person becomes the beneficial owner of 20% or more of the Company's common stock; (c) during any consecutive two (2) year period more than 50% of the Board of Directors of the Company at the beginning of the period cease to be directors unless the election of each new director was approved in advance by two thirds of the directors at the beginning of the period; or (d) any other change in control of the Company or the Bank similar in effect as determined by the Board of Directors.

The Company and the Bank will have good cause to terminate an executive's employment if the executive (a) commits gross malfeasance in office constituting dishonesty or commits a crime involving fraud, misappropriation, embezzlement or dishonesty; or (b) willfully breaches a fiduciary duty owed to the Company or the Bank.

The executive will have good reason to terminate his employment if the Company or the Bank (a) reduces the executive's responsibility or authority; (b) assigns to the executive duties inconsistent with his office; (c) materially changes the location of the executive's primary office; (d) reduces the executive's annual base salary; or (e) any other action or inaction which constitutes a material breach of the executive's employment agreement; in all cases after notice to the Company or Bank and the failure of the Company or the Bank to cure the situation after such notice.

The Change in Control Agreements provide that upon a termination pursuant to a change in control, the Company and Bank are obligated to pay to the executive cash compensation in an amount equal to a specified multiple of (1) annual base salary, plus (2) cash bonus and other annual incentive cash compensation for the calendar year immediately before the calendar year in which the termination of employment occurs. For Mr. Quinn the multiple is 2.99 times; and for Mr. Fague multiple is 2 times. Payment of this cash compensation is to be made in a single lump sum within twenty (20) days after the termination of employment.

The Change in Control Agreements further provide that upon a termination pursuant to a change in control, the Company and the Bank are obligated to provide to the executive for a specified term the life, disability, medical/health insurance and other health and welfare benefits in effect with respect to the executive immediately prior to the termination pursuant to the change in control. For

Table of Contents

Mr. Quinn the term is three years; and for Mr. Fague the term is two years. The executive, however, will continue to be responsible for the costs of such benefits to the same extent as other similarly situated active employees of the Bank and the executive's spouse and/or eligible dependants will continue to be covered on the same terms that they were covered prior to the termination of employment.

The Change in Control Agreements also provide that in the event the total payments and benefits to be made and provided thereunder, together with any other payments and benefits which the executive has the right to receive from the Company and the Bank upon a termination pursuant to a change in control, would result in the imposition of an excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, then the executive will be entitled to an additional excise tax adjustment payment in an amount such that, after the payment of all federal and state income and excise taxes, the executive will be in the same after-tax position as if no excise tax had been imposed.

The following table summarizes potential change in control benefits for each of the named executive officers. For the purposes of this table we assumed a change in control of the Company and a termination of employment by the surviving company without cause (or a resignation by the executive for good reason), and that both events occurred on December 31, 2012.

**PROPOSAL 2 ADVISORY VOTE ON COMPENSATION PAID TO
NAMED EXECUTIVE OFFICERS (SAY-ON-PAY)**

A Non-Binding Advisory Vote to Approve the Compensation Paid to Our Named Executive Officers

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, requires us to hold a shareholder vote to approve, on a non-binding advisory basis, the compensation paid to our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules and regulations. This vote is commonly referred to as the Say-On-Pay vote. As required by the Dodd-Frank Act, the vote sought by this proposal is advisory and is non-binding on the Board of Directors. The Company's shareholders voted at the 2011 Annual Meeting of Shareholders to hold this vote on executive compensation annually. The vote is non-binding, however the Compensation Committee of the Board of Directors values the opinions expressed by our shareholders and will carefully consider the outcome of the vote in connection with future compensation decisions for our named executive officers.

Table of Contents

The Compensation Committee of the Board of Directors believes that our executive compensation program achieves our intended objective to provide fair, reasonable and appropriate levels of compensation and benefits in order to recruit, motivate, reward and retain qualified executive officers and generate long term value for the Company's shareholders. Accordingly, we ask our shareholders to vote FOR approval of the non-binding advisory vote on compensation paid to our named executive officers as disclosed in this proxy statement, including the Compensation Discussion and Analysis, the compensation tables and narrative accompanying the tables.

The Board of Directors believes the following key aspects of our executive compensation program support our recommendation to vote FOR approval of the non-binding advisory vote on compensation paid to our named executive officers:

Fair, Reasonable and Appropriate Levels of Compensation. A recent study conducted by the Compensation Committee's independent consultant found that overall cash compensation levels for our named executive officers were in line with the competitive market median and long-term incentive awards were within a competitive range of the market, albeit on the lower end. Furthermore, the Company provides limited benefits and perquisites to our executives.

Pay and Performance Alignment. The Compensation Committee believes that increases in salaries, incentive bonus payouts and stock option awards when made, are in a responsible manner, consistent with our performance in relation to our operating plan and the performance of our peers.

Risk Mitigation. We strive to have a risk appropriate compensation program. We believe that our mix of pay, which is balanced, and our incentive arrangements, which are not highly leveraged, promote a risk appropriate environment for compensating our executives.

Revised Long-term Incentive Strategy. We recently approved changes to our long-term incentive strategy for executives. For 2013 and future years, we anticipate shifting our strategy of granting equity awards to a balanced mix of stock options and restricted stock, both of which will have multi-year vesting criteria. These changes reflect the Compensation Committee's desire to increase the emphasis of our executive compensation program on achieving long-term performance, as well as to bolster the retentive effects of our stock-based compensation awards.

Additional details on our executive compensation programs and practices are set forth in the Compensation Discussion & Analysis section of this proxy statement, including the Summary Compensation Table and supporting tabular and narrative disclosures.

The affirmative vote of a majority of the votes cast at the annual meeting is necessary for the approval of the non-binding advisory vote on compensation paid to our named executive officers as described in this proxy statement.

The Board of Directors recommends that you vote FOR approval of the non-binding advisory vote on compensation paid to our named executive officers as disclosed in this proxy statement.
