Edgar Filing: StealthGas Inc. - Form 6-K

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submitted to furnish a report or other document that the registrant foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's home country), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and, if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

INFORMATION CONTAINED IN THIS FORM 6-K REPORT

A copy of the press release issued by StealthGas Inc. (the Company) on May 23, 2013 relating to the Company s unaudited financial and operating results for the first quarter ended March 31, 2013 is below.

On April 30, 2013, the Company completed a public offering of 11,500,000 shares of its common stock at a price of \$10.00 per share pursuant to a prospectus dated April 24, 2013 and filed with the SEC on April 26, 2013. The gross proceeds from the offering before the underwriting discount and other offering expenses were \$115,000,000.

**STEALTHGAS INC. REPORTS FIRST QUARTER 2013 FINANCIAL
AND OPERATING RESULTS**

ATHENS, GREECE, May 23, 2013. STEALTHGAS INC. (NASDAQ: GASS), a ship-owning company primarily serving the liquefied petroleum gas (LPG) sector of the international shipping industry, announced today its unaudited financial and operating results for the first quarter ended March 31, 2013.

First Quarter 2013 Results:

Revenues for the three months ended March 31, 2013, amounted to \$29.4 million, an increase of \$0.3 million, or 1.0%, compared to revenues of \$29.1 million for the three months ended March 31, 2012, primarily due to the higher number of vessels under spot charters in the 2013 period.

Voyage expenses and vessels operating expenses for the three months ended March 31, 2013 were \$3.5 million and \$8.0 million, respectively, compared to \$2.6 million and \$7.7 million for the three months ended March 31, 2012. The \$0.9 million, or 34.6%, increase in voyage expenses was primarily due to the higher number of vessels under spot charters in the 2013 period.

Drydocking Costs for the three months ended March 31, 2013 were \$0.5 million as only one vessel was drydocked during the period, compared to three vessels being drydocked during the same period last year at a cost of \$1.3 million.

No vessel sales took place during the three months ended March 31, 2013 while for the same period in 2012 a \$1.3 million gain on sale of a vessel was reported.

As a result of the above, net income for the three months ended March 31, 2013 was \$6.5 million, or \$0.31 per share, compared to net income of \$7.4 million, or \$0.36 per share, for the three months ended March 31, 2012.

Included in the first quarter 2013 results are net gains from interest rate derivative instruments of \$0.03 million. Interest paid on interest rate swap arrangements amounted to \$1.18 million, or \$0.06 per share and change in fair value of the same arrangements amounted to \$1.21 million. Adjusted net income was \$5.3 million or \$0.26 per share for the three months ended March 31, 2013 compared to \$5.2 million or \$0.25 per share for the same period last year.

EBITDA for the three months ended March 31, 2013 amounted to \$15.8 million. Reconciliations of Adjusted Net Income and EBITDA to Net Income and Adjusted EBITDA to Adjusted Net Income are set forth below.

As of March 31, 2013, cash and cash equivalents amounted to \$42.4 million and total debt to \$336.0 million. During the three months ended March 31, 2013 debt repayments amounted to \$9.4 million.

An average of 37.0 vessels were owned by the Company during the three months ended March 31, 2013, as well as during the same period of 2012. As of today, charter coverage for the fleet is 77% through the end of 2013 and 47% for 2014.

CEO Harry Vafias commented

The first quarter was another quarter of healthy profit for the Company. It could have been better if it were not for some events like the expensive dry-docking of one of our ships trading in South America and some repairs and offhire that had to be undertaken on another spot trading ship in the east. The freight market remained stable during the quarter. We managed to conclude a number of period charters: a three year time charter for the Chiltern which was coming off a bareboat charter, a one year time charter for the Gas Legacy including a further two optional years, a one year time charter extension for the Gas Cerberus and a six month time charter extension for the Gas Monarch. This is part of our short term strategy to reduce the number of vessels available in the spot market and conclude more period charters of various lengths as our fleet grows. Regarding our medium term strategy on April 30, we have successfully concluded a public offering of 11,500,000 shares of common stock, inclusive of the underwriters' over-allotment option, at a public offering price of \$10.00 per share. The total gross proceeds from the offering were \$115,000,000. We believe that this offering will allow us to grow faster predominantly with new high tech newbuildings, and we are currently actively seeking for the optimal deployment of the capital raised. Over the next two years we have already committed to grow the fleet by at least nine LPG vessels and have significant financial firepower for further expansion. In the medium term we aim to control 20-25% of the international 3000-7500 cbm pressurised LPG market. This is an opportune time to take advantage of the positive fundamentals in our core LPG sector, a low orderbook coupled with increasing product supplies coming out of the Middle East and the US that we believe will prove to be positive for the freight markets in the years to come.

Conference Call details:

On May 23, 2013 at 10:00 am ET, the company's management will host a conference call to discuss the results and the company's operations and outlook.

Participants should dial into the call 10 minutes before the scheduled time using the following numbers: 1866 682 8490 (US Toll Free Dial In) or 0844 571 8957 (UK Toll Free Dial In).

In case of any problems with the above numbers, please dial +1 631 621 5256 (US Toll Dial In), or +44 (0)1452 555 131 (Standard International Dial In). Access Code: 75036430.

A telephonic replay of the conference call will be available until May 29, 2013 by dialing 1866 247 4222 (US Toll Free Dial In), 0800 953 1533 (UK Toll Free Dial In) or +44 (0)1452 5500 00 (Standard International Dial In). Access Code: 75036430#

Slides and audio webcast:

There will also be a live-and then archived webcast of the conference call, through the STEALTHGAS INC. website (www.stealthgas.com). Participants to the live webcast should register on the website approximately 10 minutes prior to the start of the webcast.

About STEALTHGAS INC.

Headquartered in Athens, Greece, StealthGas Inc. is a ship-owning company primarily serving the liquefied petroleum gas (LPG) sector of the international shipping industry. StealthGas Inc. currently has a fleet of 33 LPG carriers with a total capacity of 161,822 cubic meters, three medium range product tankers and one Aframax oil tanker with a total capacity of 255,804 deadweight tons. The Company has agreed to acquire nine LPG carriers, with expected deliveries in 2013, 2014 and 2015. Once the acquisition of the nine LPG carriers is completed and the vessels are delivered, StealthGas Inc.'s LPG carrier fleet will be composed of 42 LPG carriers with a total capacity of 211,222 cubic meters. StealthGas Inc.'s shares are listed on the NASDAQ Global Select Market and trade under the symbol GASS.

Forward-Looking Statements

Matters discussed in this release may constitute forward-looking statements. Forward-looking statements reflect our current views with respect to future events and financial performance and may include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements, which are other than statements of historical facts. The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in our records and other data available from third parties. Although STEALTHGAS INC. believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond our control, STEALTHGAS INC. cannot assure you that it will achieve or accomplish these expectations, beliefs or projections. Important factors that, in our view, could cause actual results to differ materially from those discussed in the forward-looking statements include the strength of world economies and currencies, general market conditions, including changes in charter hire rates and vessel values, charter counterparty performance, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled dry dockings, changes in STEALTHGAS INC.'s operating expenses, including bunker prices, dry-docking and insurance costs, ability to obtain financing and comply with covenants in our financing arrangements, or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Risks and uncertainties are further described in reports filed by STEALTHGAS INC. with the U.S. Securities and Exchange Commission.

Fleet Data:

The following key indicators highlight the Company's operating performance during the first quarters ended March 31, 2012 and March 31, 2013.

FLEET DATA	Q1 2012	Q1 2013
Average number of vessels (1)	37.0	37.0
Period end number of vessels in fleet	37	37
Total calendar days for fleet (2)	3,367	3,330
Total voyage days for fleet (3)	3,265	3,307
Fleet utilization (4)	97.0%	99.3%
Total charter days for fleet (5)	2,962	2,789
Total spot market days for fleet (6)	303	518
Fleet operational utilization (7)	95.9%	95.9%

- 1) Average number of vessels is the number of vessels that constituted our fleet for the relevant period, as measured by the sum of the number of days each vessel was a part of our fleet during the period divided by the number of calendar days in that period.
- 2) Total calendar days are the total days the vessels were in our possession for the relevant period including off-hire days associated with major repairs, drydockings or special or intermediate surveys.
- 3) Total voyage days for fleet reflect the total days the vessels were in our possession for the relevant period net of off-hire days associated with major repairs, drydockings or special or intermediate surveys.
- 4) Fleet utilization is the percentage of time that our vessels were available for revenue generating voyage days, and is determined by dividing voyage days by fleet calendar days for the relevant period.
- 5) Total charter days for fleet are the number of voyage days the vessels in our fleet operated on time or bareboat charters for the relevant period.
- 6) Total spot market charter days for fleet are the number of voyage days the vessels in our fleet operated on spot market charters for the relevant period.
- 7) Fleet operational utilization is the percentage of time that our vessels generated revenue, and is determined by dividing voyage days (excluding commercially idle days) by fleet calendar days for the relevant period.

Reconciliation of Adjusted Net Income, EBITDA, adjusted EBITDA and adjusted EPS:

Adjusted Net Income represents Net Income before (gain)/loss on sale of assets, loss on derivatives, excluding swap interest paid, share based compensation and unrealized exchange differences. EBITDA represents net income before interest, income tax expense, depreciation and amortization. Adjusted EBITDA represents EBITDA before (gain)/loss on sale of assets, loss on derivatives, excluding swap interest paid, share based compensation and unrealized exchange differences. Adjusted net income, adjusted EPS, EBITDA and adjusted EBITDA, are not recognized measurements under U.S. GAAP. Our calculation of adjusted net income, adjusted EPS, EBITDA and adjusted EBITDA, may not be comparable to that reported by other companies in the shipping or other industries. In evaluating Adjusted EBITDA and Adjusted Net Income, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation.

EBITDA, adjusted EBITDA, adjusted net income and adjusted EPS are included herein because they are a basis, upon which we assess our financial performance. They allow us to present our performance from period to period on a comparable basis and provide additional information on fleet operational results. We also use EBITDA to assess our liquidity position and believe it represents useful information for investors regarding a company's ability to service and/or incur indebtedness.
