

Edgar Filing: OI S.A. - Form 425

OI S.A.
Form 425
October 02, 2013

Filed by Oi S.A.

Pursuant to Rules 425 and 163 of the Securities Act of 1933

Subject Company: Oi S.A.

Commission File No.: 001-15256

Subject Company: Portugal Telecom SGPS S.A.

Commission File No.: 001-13758

1
Consolidation of the industrial alliance between Oi
and Portugal Telecom
London, 2 October 2013

2

IMPORTANT NOTICE

In the context of the recently announced intention by Portugal Telecom SGPS (PT), Oi S.A (Oi), Telemar Participações S.A. (TPart), AG Telecom (AG Tel.) and LF Telecom (LF Tel.), to combine PT and Oi, PT and Oi have distributed this document for the sole purpose of providing complementary information and explaining the companies' perspective on the Transaction that is to be proposed for the approval of the Extraordinary General Meetings (EGM) of PT and Oi, to be convened for that purpose. The facts contained in this document are from public sources or have been prepared by both management teams.

This document does not represent in any way the agreement to participate in the Transaction. The Transaction would occur only upon the approval of the Transaction at the EGMs and the satisfaction of the conditions to which the Transaction is subject and in compliance with the rules and regulations established for such transactions in Portugal, Brazil, the USA and any other relevant jurisdiction.

Forward-Looking Statements

This document contains forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Such forward-looking statements are not statements of historical facts, including statements regarding the outlook and expectations of PT, Oi and the entity that will combine their businesses (HoldCo), business strategies, future synergies and cost savings, future performance and future liquidity. These statements reflect the current outlook of the management of PT, Oi and HoldCo and are subject to a number of risks and uncertainties.

The words anticipates, believes, estimates, expects, forecasts, intends, plans, predicts, projects, may, might, should, could, targets and goal and similar words are intended to identify these forward-looking statements. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, operational factors, corporate approvals and other factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations. All forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements set forth in this paragraph. Forward-looking statements speak only as of the date they are made. Except as required by the U.S. federal securities laws and the rules and regulations of the SEC or of regulatory authorities in other applicable jurisdictions, we do not have any intention or obligation to update or to publicly announce the results of any revisions to any of the forward-looking statements to reflect actual results, future events or developments, changes in assumptions or changes in other factors affecting forward-looking statements. You are advised, however, to consult any further disclosures PT, Oi or HoldCo makes on related matters in reports and communications PT, Oi and HoldCo file with the SEC.

3

IMPORTANT NOTICE

This communication does not constitute an offer, solicitation or sale in any jurisdiction in which such offer, solicitation or sale is unlawful prior to registration or qualification under the securities laws of that jurisdiction.

This communication contains information with respect to (1) the proposed Oi capital increase and related public offering of common and preferred shares by Oi, (2) the proposed incorporation of Oi shares (*incorporação de ações*) into HoldCo and (2) the proposed incorporation (*incorporação*) of PT into Holdco.

Oi may file a registration statement (including a prospectus) with the U.S. Securities and Exchange Commission (the "SEC") for the offering of its common shares and preferred shares to be issued in connection with the proposed Oi capital increase. Before you invest, you should read the prospectus in that registration statement and other documents Oi has filed with the SEC for more complete information about that offering. You may get these documents for free by visiting EDGAR on the SEC Web site at www.sec.gov. Alternatively, you may request to send you the prospectus after filing if you request it by calling toll-free 1- 855-672-2332.

In connection with the proposed incorporation of Oi shares into HoldCo and the proposed merger of PT into HoldCo, HoldCo and its affiliates plans to file with the SEC (1) one or more registration statements on Form F-4, containing a prospectus(es) that will be filed with the SEC for U.S. holders of ordinary shares of Oi and PT and to holders of ADRs representing such shares and (2) other documents regarding the proposed Transaction.

Investors in ordinary shares or ADRs of PT and Oi and U.S. holders of ordinary shares of PT and Oi are urged to read the U.S. prospectus(es) regarding the Transaction, when they become available, because they will contain important information. Investors and security holders may obtain a free copy of the U.S. prospectus(es) (when available) and other documents filed by Oi, if applicable, HoldCo with the SEC at the SEC's website at www.sec.gov. A copy of the U.S. prospectus(es) (when available) may also be obtained for free from PT, or Oi or Holdco.

4
CONSOLIDATION OF THE INDUSTRIAL ALLIANCE
Merger
of
Oi,
Portugal
Telecom
and
Oi
Holding
Companies
(AG
Tel,
LF
Tel
and

Tpart)

into

a corporation (CorpCo) to be listed on Novo Mercado, NYSE Euronext and NYSE

1

1

Natural fulfillment of the industrial alliance established in 2010 to create an entity with scale and diversification in strategic markets

2

2

Lower execution and operational risks and potential to crystallise value from growth opportunities

3

3

Estimated synergies of R\$ 5.5 billion (NPV)

4

4

R\$ 7 billion minimum cash capital increase with a target of R\$ 8 billion and improved FCF profile

5

5

5

OVER 100 MILLION CUSTOMERS ACROSS GEOGRAPHIES

Note: Above customer figures as at 2Q13

(1)

Public telephones.

(2)

International operations: Unitel (9,304k customers), MTC (2,200k), Timor Telecom (618k), CVT (433k), CST (135k) and other

HIGHLIGHTS
Natural
fulfillment
of the
industrial
alliance
Attractive
operational

benefits
Merger of
Oi, PT and
Oi
Holdings

Combination into a single listed entity

Simplification of shareholding structure

Highest standard of corporate governance

Migration to Novo Mercado

One class of shares and same voting / dividend rights to all shareholders

High liquidity and diversified international shareholder base

PT and Oi have operations in strategic markets covering 260 million inhabitants

PT and Oi have been working closely together since the establishment of the industrial alliance in 2010

Cross shareholdings, board representation and participation in various committees

Transaction will align interests across all shareholders and debt holders

Unified management team with an integrated decision-making process

Combination allows for comprehensive sharing of best practices thus reducing execution risk and accelerating implementation of operational improvements

Oi has the right fundamentals with an extensive fixed / mobile infrastructure, footprint and customer base, in a growth market

PT has strong track record in technology & innovation and in delivering results

7

1

2

3

8

HIGHLIGHTS (CONT.)

Oi and PT have 100 million customers

Combined revenues, opex and capex of R\$ 37.5 billion, R\$ 24.7 billion and R\$ 8.6 billion, respectively

R\$ 5.5 billion estimated synergies (NPV)

Operating synergies of c. R\$ 3.3 billion

Financial synergies of c. R\$ 2.2 billion

Transaction is contingent on a R\$ 7 billion minimum cash capital increase with a target of R\$ 8 billion

Aiming at improving FCF profile

Operational and financial discipline

Granular approach to growth opportunities

Cost discipline / capex streamlining and optimisation

Shareholder remuneration of R\$ 500 million per annum

Focus on deleveraging

Attractive
financial and
scale benefits

Strengthened
financial
flexibility

STRATEGIC VISION

29

STRATEGIC VISION FOR THE COMBINED OI AND PT

Attractive markets of operation

Brazil: High growth prospects

Portugal: Geared for economic recovery

CorpCo to deliver top line growth

Consolidate business model in Brazil around convergent offers and mobility

Leverage on PT's leadership in technology and innovation to capture

opportunities to diversify scope of services offered in Brazil
Improve cash flow profile by instilling strong financial discipline

Monetise significant synergies (NPV of R\$ 5.5 billion)

Maintain strong discipline in cost and capex

Focus on deleveraging

30

ATTRACTIVE MARKETS OF OPERATION

ACTION PLAN IN PLACE TO DELIVER SHORT TERM
EFFICIENCY GAINS

1

1

IT platform

Implement best practice IT architecture to
improve time to market and reduce costs
Commitment to Achieve Operational Excellence

Area of Focus

2

2

Field force

Improve installation time, productivity, redo rates and prevent customer calls and truck rolls

3

3

Customer care

Promote selfcare and improve service and collection cost per customer

4

4

Sales

Focus on lower churn and maximise customer lifetime value

5

5

G&A

Leaner structure and internal culture of cost and financial discipline

CONCLUSION

Attractive growth prospects in diversified footprint with reduced execution risk

Improved time to market to crystallize growth opportunities in Brazil

Synergies and efficiency gains to underpin FCF improvement

Improved balance sheet flexibility reduces financial risk and will underpin future investments in the growth of the business

Simplified governance and listing on Novo Mercado, NYSE Euronext and NYSE

Growth in Brazil

Leverage investments already made in Portugal
