SECTION 2 - FINANCIAL INFORMATION**Item 2.02. Results of Operations and Financial Condition.*****Third Quarter 2013 Financial and Operating Data (Preliminary)***

On October 28, 2013, Gastar USA disclosed certain ranges of preliminary financial data and estimated production for the three months ended September 30, 2013.

Financial Results. Based on the most current information available to us, for the three months ended September 30, 2013, we expect to report the following items in Gastar USA's consolidated statement of operations within the indicated ranges:

Total revenues:	\$17.8 to \$19.8 million
Income from operations:	\$1.0 to \$2.0 million

Each of the foregoing includes the impact of an unrealized hedge loss for such period in the range of \$4.5 to \$5.5 million resulting from mark-to-market accounting. We also estimate that Gastar USA's consolidated capital expenditures for the three months ended September 30, 2013, excluding acquisitions, were in the range of \$22.0 to \$24.0 million. We project our capital expenditures for fourth quarter 2013, excluding acquisitions, to be in the range of \$30.0 to \$34.0 million.

Our normal closing and financial reporting processes with respect to the foregoing preliminary financial data for the three months ended September 30, 2013 have not been fully completed. As a result, our actual financial results could be different from these preliminary financial data, and any differences could be material. Our independent registered public accounting firm has not completed its review procedures with respect to our unaudited financial statements from which such data may be derived, nor have they expressed any opinion or provided any other form of assurance on the data. The foregoing is not intended to be a comprehensive statement of our unaudited financial results for this period. The results of operations for an interim period, including the preliminary financial data provided above, may not give a true indication of the results to be expected for a full year or any future period.

Production. Our preliminary estimate of average daily production for the quarter ended September 30, 2013 is 59.3 MMcfe per day, which includes an average of 9.3 MMcfe per day from our East Texas oil and natural gas properties,

which we sold on October 2, 2013. Condensate and oil and NGLs total production are estimated to represent 29.1% of current quarter average daily production, and 34.1% excluding production of the East Texas oil and gas properties.

SECTION 5 - CORPORATE GOVERNANCE AND MANAGEMENT

Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

Amended and Restated Certificate of Incorporation

On October 25, 2013, Gastar USA filed an Amended and Restated Certificate of Incorporation (the A&R Certificate) with the Secretary of State of the State of Delaware. Under the A&R Certificate, the capital stock authorized for issuance was increased from (i) 1,000 shares of common stock, without par value, to 275,000,000 shares of common stock, par value \$0.001 per share, and (ii) 10,000,000 shares of preferred stock, par value \$0.01 per share, to 40,000,000 shares of preferred stock, par value \$0.01 per share.

Under the A&R Certificate, the amendment of certain articles requires the affirmative vote of the holders of at least two-thirds of the outstanding voting power, while the rest require approval by the holders of a majority of the outstanding voting power. The A&R Certificate provides that a majority of the total number of directors has the power to adopt, amend or repeal Gastar USA's bylaws. In addition, the A&R Certificate will provide that the adoption, amendment or repeal of the bylaws by the shareholders requires the affirmative vote of the holders of at least two-thirds of the voting power of all the then-outstanding shares of capital stock entitled to vote generally at an election of directors.

The A&R Certificate provides that any director may be removed from office at any time (a) with cause by the affirmative vote of the holders of a majority of the voting power of all the then-outstanding shares of capital stock entitled to vote generally at an election of directors or (b) without cause by the affirmative vote of the holders of at least two-thirds of the voting power of all the then-outstanding shares of capital stock entitled to vote generally at an election of directors.

Under the A&R Certificate, stockholders are permitted to act by written consent without a meeting only if all shareholders entitled to vote on that resolution sign the written resolution.

Under the A&R Certificate, Gastar USA will provide for mandatory indemnification of directors and officers to the extent permitted under applicable law and for the mandatory advancement of expenses to directors and officers. The A&R Certificate eliminates the liability of directors for monetary damages for breach of fiduciary duties to the fullest extent under applicable law.

A copy of the A&R Certificate is attached as Exhibit 3.1 to this Current Report on Form 8-K and is incorporated herein by reference and hereby filed. The description of the A&R Certificate in this Current Report is a summary and is qualified in its entirety by reference to the complete text of the A&R Certificate.

The *Second A&R Bylaws* provide that the number of directors must be set by a resolution adopted by a majority of the total authorized number of directors. Any vacancies or newly created directorships shall be filled by a majority of the directors then in office.

A copy of the *Second A&R Bylaws* is attached as Exhibit 3.2 to this Current Report on Form 8-K and is incorporated herein by reference and hereby filed.
