Factors that could cause actual results to differ materially from those in the forward-looking statements include, among others, the inherent uncertainty associated with financial projections; successful integration of the Elan acquisition and the ability to recognize the anticipated synergies and benefits of the Elan acquisition; the difficulty of predicting the timing and outcome of pending or future litigation and government investigations and risks that an adverse outcome in such litigation or investigations could render Perrigo, New Perrigo or Elan liable for substantial damages or penalties; risks that resolution of patent infringement litigation through settlement could result in investigations or actions by private parties or government authorities or agencies; the impact of competitive products and pricing; risks related to fluctuations in foreign currency exchange rates; periodic dependence on a small number of

products for a material source of net revenue or income; variability of trade buying patterns; changes in generally accepted accounting principles; risks that the carrying values of assets may be negatively impacted by future events and circumstances; the timing and success of product launches; the difficulty of predicting the timing or outcome of product development efforts and regulatory agency approvals or actions, if any; risks and uncertainties normally incident to the pharmaceutical industry, including product liability claims and the availability of product liability insurance on reasonable terms; market acceptance of and continued demand for Perrigo's, New Perrigo's or Elan's products; difficulties or delays in manufacturing; the availability and pricing of third party sourced products and materials; successful compliance with governmental regulations applicable to Perrigo's, New Perrigo's or Elan's facilities, products and/or businesses; changes in the laws and regulations, including Medicare, Medicaid, and similar laws in foreign countries affecting, among other things, pricing and reimbursement of pharmaceutical products and the settlement of patent litigation. The foregoing list of factors is not exhaustive. You should carefully consider the foregoing factors and such other risks and uncertainties detailed in Perrigo Company's periodic public filings with the Securities and Exchange Commission, including but not limited to Perrigo Company's Annual Report on Form 10-K for the year ended June 29, 2013 and Quarterly Report on Form 10-Q for the period ended September 28, 2013, Elan Corporation, plc's periodic public filings with the Securities and Exchange Commission, including but not limited to Elan Corporation, plc's Annual Report on Form 20-F for the year ended December 31, 2012, and Perrigo Company plc's public filings with the Securities and Exchange Commission, including but not limited to Perrigo Company plc's Registration Statement on Form S-4, as amended, and Quarterly Report on Form 10-Q for the period ended September 28, 2013.
