- (1) Represents the amount of shares that will be held by the selling stockholders after completion of this offering based on the assumptions that: (a) all shares registered for sale by the registration statement of which this prospectus is part will be sold, and (b) that no other shares of our common stock beneficially owned by the selling stockholders are acquired or are sold prior to completion of this offering by the selling stockholders. However, the selling stockholders may sell all, some or none of the shares offered pursuant to this prospectus and may sell other shares of our common stock that they may own pursuant to another registration statement under the Act or sell some or all of their shares pursuant to an exemption from the registration provisions of the Act including under Rule 144. To our knowledge there are currently no agreements, arrangements or understanding with respect to the sale of any of the shares that may be held by the selling stockholders after completion of this offering or otherwise.
- (2) Each selling stockholders percentage of ownership is based on 23,053,101 shares of common stock outstanding as of February 12, 2014.

In addition, the selling stockholders listed in the Prospectus may have sold or transferred, in transactions exempt from the registration requirements of the Act some or all of their shares of common stock since the date on which the information in the Prospectus is presented. Information about the selling stockholders may change over time. Any changed information will be set forth in prospectus supplements.
