PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

General

Your proxy is solicited on behalf of the Board of Directors (the Board) of Puma Biotechnology, Inc., a Delaware corporation (the Company, we, us or our), for use at our 2014 annual meeting of stockholders to be held on Tuesday, June 10, 2014, at 1:00 p.m. local time, at the Luxe Sunset Boulevard Hotel, 11461 Sunset Boulevard, Los Angeles, California 90049, or at any continuation, postponement or adjournment thereof (the annual meeting), for the purposes discussed in this proxy statement and in the accompanying Notice of Annual Meeting and any business properly brought before the annual meeting. Proxies are solicited to give all stockholders of record an opportunity to vote on matters properly presented at the annual meeting.

We have elected to provide access to our proxy materials, including this proxy statement and our annual report to stockholders, over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to certain of our stockholders of record, and we are sending a paper copy of the proxy materials and proxy card to other stockholders of record who have elected to receive such materials in paper form. Brokers and other nominees who hold shares on behalf of beneficial stockholders will be sending their own similar Notice. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or to request to receive a printed set of the proxy materials. Instructions on how to request a printed copy by mail or electronically may be found on the Notice and on the website referred to in the Notice, including an option to request paper copies on an ongoing basis. On or about April 30, 2014, we intend to make this proxy statement available on the Internet and to mail the Notice to all stockholders entitled to vote at the annual meeting. We intend to mail this proxy statement, together with a proxy card, to those stockholders entitled to vote at the annual meeting who have properly requested paper copies of such materials, within three business days of such request.

Important Notice Regarding the Availability of Proxy Materials for the 2014 Annual Meeting of Stockholders to be Held on June 10, 2014

This proxy statement and our 2013 Annual Report, which consists of a letter to stockholders and our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, are available on our website at <http://investor.pumabiotechnology.com/annual-meeting>. This website address contains the following documents: the Notice, the proxy statement and proxy card sample, and the 2013 Annual Report. You are encouraged to access and review all of the important information contained in the proxy materials before voting.

Who Can Vote

You are entitled to vote if you were a stockholder of record of our common stock as of the close of business on April 17, 2014. You are entitled to one vote for each share of common stock held on all matters to be voted upon at the annual meeting. Your shares may be voted at the annual meeting only if you are present in person or represented by a valid proxy.

Voting of Shares

You may vote by attending the annual meeting and voting in person or you may vote by submitting a proxy. The method of voting by proxy differs depending on whether you are viewing this proxy statement on the Internet or receiving a paper copy and whether you are a beneficial stockholder or a stockholder of record.

Beneficial Stockholders. Beneficial stockholders hold their shares through a broker, bank, trustee or other nominee (that is, in street name) rather than directly in their own name. If you hold your shares in street name, you are a beneficial stockholder, and the proxy materials were made available to you by the organization

Table of Contents

holding your account. This organization is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial stockholder, you have the right to instruct that organization on how to vote the shares held in your account. If you requested printed copies of the proxy materials by mail, you will receive a voting instruction form from your bank, broker, trustee or other nominee.

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, Wells Fargo Bank, N.A., or if you hold stock certificates in your name, you are considered the stockholder of record with respect to those shares, and the proxy materials were made available directly to you by the Company. If you requested printed copies of the proxy materials by mail, you will receive a proxy card from us.

Whether you are a stockholder of record or a beneficial stockholder, you may direct how your shares are voted without attending the annual meeting. If you are a stockholder of record, you may submit a proxy to authorize how your shares are voted at the annual meeting. You can submit a proxy over the Internet by following the instructions on the website referred to in the Notice or, if you requested and received printed copies of the proxy materials, you can also submit a proxy by mail or telephone pursuant to the instructions on the proxy card enclosed with the proxy materials.

If you are a beneficial stockholder, you may also submit your voting instructions over the Internet by following the instructions provided in the Notice, or, if you requested and received printed copies of the proxy materials, you can also submit voting instructions by telephone or mail by following the instructions provided to you by your bank, broker, trustee or other nominee.

Submitting your proxy or voting instructions via the Internet, by telephone or by mail will not affect your right to vote in person should you decide to attend the annual meeting, although beneficial stockholders must obtain a legal proxy from the bank, broker, trustee or other nominee that holds their shares giving them the right to vote the shares at the annual meeting in order to vote in person at the meeting.

The Internet and telephone voting facilities will close at 12:00 noon (CT) on June 9, 2014. If you vote through the Internet, you should be aware that you may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers and that these costs must be borne by you. If you vote by Internet or telephone, then you need not return a written proxy card by mail. If you intend to vote by Internet or telephone and have not done so prior to 12:00 noon (CT) on June 9, 2014, your only alternative will be to attend the annual meeting and vote in person.

YOUR VOTE IS VERY IMPORTANT. You should submit your proxy even if you plan to attend the annual meeting. If you properly give your proxy and submit it to us in time to vote, one of the individuals named as your proxy will vote your shares as you have directed.

All shares entitled to vote and represented by properly submitted proxies (including those submitted electronically, telephonically and in writing) received before the polls are closed at the annual meeting, and not revoked or superseded, will be voted at the annual meeting in accordance with the instructions indicated on those proxies. If no direction is indicated on a properly submitted proxy, your shares will be voted **FOR** each of the nominees for director named in the proxy statement, **FOR** the ratification of the selection of PKF Certified Public Accountants as our independent registered public accounting firm and **FOR** the approval of the amendment to the Puma Biotechnology, Inc. 2011 Incentive Award Plan (the Plan), which would increase the number of shares of common stock reserved for issuance thereunder by 3,000,000 shares. The proxy gives each of Alan H. Auerbach and Charles R. Eyler discretionary authority to vote your shares in accordance with his best judgment with respect to all additional matters that might come before the annual meeting.

Revocation of Proxy

If you are a stockholder of record, you may revoke your proxy at any time before your proxy is voted at the annual meeting by taking any of the following actions:

delivering to our Corporate Secretary a signed written notice of revocation, bearing a date later than the date of the proxy, stating that the proxy is revoked;

signing and delivering a new paper proxy, relating to the same shares and bearing a later date than the original proxy;

submitting another proxy by telephone or over the Internet (your latest telephone or Internet voting instructions are followed); or

attending the annual meeting and voting in person, although attendance at the annual meeting will not, by itself, revoke a proxy. Written notices of revocation and other communications with respect to the revocation of proxies should be addressed to:

Puma Biotechnology, Inc.

10880 Wilshire Boulevard, Suite 2150

Los Angeles, California 90024

Attention: Corporate Secretary

Voting in Person

If you plan to attend the annual meeting and wish to vote in person, you will be given a ballot at the annual meeting.

Quorum and Votes Required

At the close of business on April 17, 2014, 30,117,819 shares of our common stock were outstanding and entitled to vote. All votes will be tabulated by the inspector of election appointed for the annual meeting, who will separately tabulate affirmative and negative votes and abstentions.

Quorum. A majority of the outstanding shares of common stock, present in person or represented by proxy, will constitute a quorum at the annual meeting. Shares of common stock held by persons attending the annual meeting but not voting, shares represented by proxies that reflect abstentions as to a particular proposal and broker non-votes, if any, will be counted as present for purposes of determining a quorum.

Broker Non-Votes. Brokers or other nominees who hold shares of common stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion on routine proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the election of directors or for the approval of certain non-routine matters, without specific instructions from the beneficial owner. These non-voted shares are referred to as broker non-votes. Only Proposal 2 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter. If you are a beneficial stockholder holding shares through a broker or other nominee and you do not submit instructions on how your shares should be voted, your broker or other nominee will not be able to vote your shares on Proposal 1 (election of directors) or Proposal 3 (amendment of the Plan).

Proposal 1 Election of Directors. Directors will be elected by a plurality of the votes of the shares present in person or represented by proxy and entitled to vote. Thus, the four nominees receiving the greatest number of FOR votes will be elected. Abstentions and broker non-votes are not considered votes cast and therefore will not be counted in determining which nominees received the greatest number of votes cast.

Table of Contents

Proposal 2 Ratification of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the shares cast at the annual meeting either in person or by proxy and entitled to vote is required for the ratification of the selection of PKF Certified Public Accountants, a Professional Corporation, as our independent registered public accounting firm for the year ending December 31, 2014. Abstentions will not be counted either for or against this proposal. Broker non-votes are generally not expected to result from or have any effect on the outcome of the vote on Proposal 2.

Proposal 3 Approval of Amendment to the Puma Biotechnology, Inc. 2011 Incentive Award Plan. The affirmative vote of a majority of the shares cast at the annual meeting either in person or by proxy and entitled to vote is required for approval of the amendment to the Plan. Abstentions will not be counted either for or against this proposal. Broker non-votes represent votes not entitled to be cast on this proposal and therefore will have no effect on the outcome of this proposal.

Solicitation of Proxies

Our Board is soliciting proxies for the annual meeting from our stockholders. We will bear the entire cost of soliciting proxies from our stockholders. In addition to the solicitation of proxies by delivery of the Notice or proxy statement by mail, we will request that brokers, banks and other nominees that hold shares of our common stock, which are beneficially owned by our stockholders, send Notices, proxies and proxy materials to those beneficial owners and secure those beneficial owners' voting instructions. We will reimburse those record holders for their reasonable expenses. We may use several of our regular employees, who will not be specially compensated, to solicit proxies from our stockholders, either personally or by telephone, Internet, facsimile or special delivery letter.

Assistance

If you need assistance in voting over the Internet or completing your proxy card or have questions regarding the annual meeting, please contact Investor Relations at (424) 248-6500 or ir@pumabiotechnology.com or write to: Puma Biotechnology, Inc., 10880 Wilshire Boulevard, Suite 2150, Los Angeles, California 90024, Attention: Investor Relations.

CORPORATE GOVERNANCE

Board Leadership Structure and Role in Risk Oversight

Alan H. Auerbach currently serves as our Chairman and Principal Executive Officer. We have no policy requiring the combination or separation of the Principal Executive Officer and Chairman roles and our governing documents do not mandate a particular structure. At present, we have determined this leadership structure of having a combined Chairman of the Board and Principal Executive Officer is appropriate due to our small size and limited operations and resources. Having a combined role ensures efficient and centralized decision-making, focuses the Board's discussions and facilitates the presentation of the Company's strategy with a unified voice.

Our Board acknowledges that no single leadership model is right for all companies at all times. As such, our Board periodically reviews its leadership structure and may, depending on the circumstances, including our size, resources and operations, choose a different leadership structure in the future.

Our Board is exclusively involved in the general oversight of risks that could affect our business. Our Board satisfies this responsibility through reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our Company. Further, our Board oversees risks through the establishment of policies and procedures that are designed to guide daily operations in a manner consistent with applicable laws, regulations and risks acceptable to our Company.

Board Independence

Under the listing requirements and rules of the New York Stock Exchange (the "NYSE"), independent directors must comprise a majority of a listed company's board of directors. In addition, NYSE rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance committees be independent. Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and compensation committee members must satisfy heightened independence criteria set forth in NYSE rules. Under NYSE rules, a director will only qualify as an independent director if the company's board of directors affirmatively determines that the director has no material relationship with the company, either directly or indirectly, that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Our Board has undertaken a review of its composition, the composition of its committees and the independence of each director. Based upon information requested from and provided by each of our directors concerning his background, employment and affiliations, including family relationships, our Board has determined that each of Messrs. Malley and Moyes and Dr. Wilson is independent under the applicable rules and standards established by the U.S. Securities and Exchange Commission (the "SEC") and the NYSE. In making this determination, our Board considered the current and prior relationships that each non-employee director has with us and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director. Our Board has determined that Mr. Auerbach is not independent due to his role as our President and Chief Executive Officer.

Board Meetings

During the fiscal year ended December 31, 2013, our Board held five meetings. All directors attended at least 75% or more of the aggregate number of meetings of the Board and board committees on which they served. We do not have a formal policy relating to director attendance at annual meetings. Mr. Auerbach attended our 2013 annual meeting of stockholders held on June 11, 2013.

Table of Contents

Executive Sessions

During the fiscal year ended December 31, 2013, the non-executive directors met in executive session of the Board on four occasions and the members of the Audit Committee met in executive session on five occasions. The policy of our Board is to hold at least four executive sessions of the Board annually and executive sessions of committees when needed. Thomas R. Malley presides over the regularly scheduled executive sessions of the non-management directors.

Board Committees

We have established an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and a Stock Option Committee. The composition and responsibilities of each committee are described below. Members serve on these committees until their resignation or until otherwise determined by our Board. To view the charters of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, please visit the corporate governance section of our website at www.pumabiotechnology.com/about_governance.html. In addition, the charters for these committees are available in print to any stockholder who requests a copy. Please direct all requests to our Corporate Secretary, Puma Biotechnology, Inc., 10880 Wilshire Boulevard, Suite 2150, Los Angeles, CA 90024.

Audit Committee

Our Audit Committee provides oversight over each of our accounting and financial reporting process, the audit of our consolidated financial statements and our internal control function. Among other matters, the Audit Committee assists our Board in oversight of the independent registered public accounting firm qualifications, independence and performance; is responsible for the engagement, retention and compensation of the independent auditors; reviews the scope of the annual audit; reviews and discusses with management and the independent registered public accounting firm the results of the annual audit and the review of our quarterly consolidated financial statements, including the disclosures in our annual and quarterly reports filed with the SEC; reviews our risk assessment and risk management processes; establishes procedures for receiving, retaining and investigating complaints received by us regarding accounting, internal accounting controls or audit matters; approves audit and permissible non-audit services provided by our independent registered public accounting firm; and reviews and approves related person transactions under Item 404 of Regulation S-K.

The members of our Audit Committee are Mr. Malley, Mr. Moyes and, since October 18, 2013, Dr. Wilson, with Mr. Malley serving as the chair of the committee. Each of Mr. Malley, Mr. Moyes and Dr. Wilson are independent directors as defined under the applicable rules and regulations of the SEC and the NYSE. All members of our Audit Committee meet the requirements for financial literacy under the applicable rules and regulations of the SEC and the NYSE. Our Board has determined that Mr. Malley, Mr. Moyes and Dr. Wilson are audit committee financial experts as defined under the applicable rules of the SEC and have the requisite financial sophistication as defined under the applicable rules and regulations of the NYSE. The Audit Committee met nine times during the fiscal year ended December 31, 2013.

Compensation Committee

Our Compensation Committee adopts and administers the compensation policies, plans and benefit programs for our executive officers and all other members of our executive team. In addition, among other things, our Compensation Committee annually evaluates, in consultation with our Chief Executive Officer, the performance and compensation of our Chief Executive Officer and our other executive officers. Based on such evaluation, the Compensation Committee determines and approves all of the compensation of the Chief Executive Officer and other executive officers. The Chief Executive Officer is not permitted to be present during any Compensation Committee final deliberations or voting concerning the compensation of any executive officer, including the Chief Executive Officer. Our Compensation Committee also administers the Puma

Biotechnology, Inc. 2011 Incentive Award Plan (the Plan). The Compensation Committee has delegated certain of its authority under the Plan to the Stock Option Committee. See Stock Option Committee. Additionally, the Compensation Committee annually reviews the compensation and benefits of our non-management directors.

The Compensation Committee is permitted to delegate any or all of its responsibilities to a subcommittee of the Compensation Committee, but only to the extent consistent with our certificate of incorporation, bylaws, Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), the rules and listing standards of the NYSE, and other applicable law.

The Compensation Committee has the sole discretion to retain or obtain the advice of compensation advisers, including compensation consultants, legal counsel or other advisers in order to assist the Compensation Committee or any of its subcommittees in carrying out its responsibilities. The Compensation Committee is also responsible for the appointment, determination of the compensation and oversight of the work of so retained compensation advisers and the determination of the independence of each compensation adviser prior to selecting or receiving advice from any such compensation adviser and on at least an annual basis thereafter. The Company provides for appropriate funding for payment or reasonable compensation to any compensation adviser to the Compensation Committee.

The Compensation Committee has engaged Mercer (US) Inc. (the consultant or Mercer) to advise the Compensation Committee on an ongoing basis as an independent compensation consultant. The consultant reports directly to the Compensation Committee. While conducting assignments, the consultant interacts with our management when appropriate. Specifically, our Senior Vice President, Finance and Administration and Treasurer and our senior finance and human resources personnel interact with the consultant from time to time to provide relevant company and executive compensation data. In addition, the consultant may seek feedback from the Chairman of the Compensation Committee, other members of our Board or the Chief Executive Officer regarding its work prior to presenting study results or recommendations to the Compensation Committee. The Compensation Committee determines when to hire, terminate or replace the consultant, and the projects to be performed by the consultant. During late 2013, the consultant, at the request of the Compensation Committee, performed a review of the competitiveness of our compensation programs for certain of our senior management and our non-employee directors. The Compensation Committee may engage the consultant to conduct additional reviews of our senior management compensation programs in the future. In addition, in the future, the consultant, when invited, may attend meetings of the Compensation Committee.

The Compensation Committee reviews the independence of its compensation consultants and other advisors. In performing its analysis, the Compensation Committee considers the factors set forth in the SEC rules and the NYSE listing requirements that recently became effective. After review and consultation with Mercer, the Compensation Committee has determined Mercer is independent and that there is no conflict of interest resulting from retaining Mercer currently nor was any conflict raised during the year ended December 31, 2013.

The members of our Compensation Committee are Messrs. Malley and Moyes, with Mr. Moyes serving as the chair of the committee. The members of our Compensation Committee are independent under the applicable rules and regulations of the SEC and the NYSE, are outside directors for purposes of Section 162(m) of the Code and are non-employee directors for purposes of Section 16 of the Exchange Act. The Compensation Committee met six times during the fiscal year ended December 31, 2013.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is responsible for, among other things, making recommendations regarding corporate governance, the composition of our Board, identification, evaluation and nomination of director candidates and the structure and composition of committees of our Board. In addition, our Nominating and Corporate Governance Committee oversees our corporate governance guidelines, makes recommendations regarding our committee charters, oversees compliance with our code of business conduct and

ethics, contributes to succession planning, reviews actual and potential conflicts of interest of our directors and officers other than related person transactions reviewed by the Audit Committee and oversees the self-evaluation process of our Board. Our Nominating and Corporate Governance Committee also is responsible for making recommendations regarding non-employee director compensation to the full Board.

The process followed by our Nominating and Corporate Governance Committee to identify and evaluate director candidates includes meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Corporate Governance Committee and other members of the Board. In evaluating the suitability of individual candidates (both new candidates and current Board members) in recommending candidates for election, and the Board, in approving (and, in the case of vacancies, appointing) such candidates, the Nominating and Corporate Governance Committee applies the criteria attached to its charter. These criteria include (i) personal and professional integrity, ethics and values; (ii) experience in corporate management, such as serving as an officer or former officer of a publicly-held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly-held company in today's business environment; (iii) experience in our industry and with relevant social policy concerns; (iv) experience as a board member of another publicly-held company; (v) academic expertise in an area of our operations; and (vi) practical and mature business judgment, including ability to make independent analytical inquiries. Each individual is evaluated in the context of the Board as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. While the Nominating and Corporate Governance Committee considers diversity and variety of experiences and viewpoints to be important factors, it does not believe that a director nominee should be chosen solely or mainly because of race, color, gender, national origin or sexual identity or orientation. Thus, although diversity may be a consideration in the Nominating and Corporate Governance Committee's process, it does not have a formal policy regarding the consideration of diversity in identifying director nominees.

Additionally, the Nominating and Corporate Governance Committee does not have a formal policy with regard to the consideration of any director candidates recommended by stockholders. Because of the size of the Board, the Nominating and Corporate Governance Committee addresses the need to retain members and fill vacancies after discussion among current members. Accordingly, the Nominating and Corporate Governance Committee has determined that it is appropriate not to have such a policy at this time.

The Nominating and Corporate Governance Committee will, however, consider director candidates recommended by stockholders even though it has no requirement to do so. The Nominating and Corporate Governance Committee will consider such candidates on the same basis as it considers all other candidates. A stockholder wishing to submit a director nomination should send a letter to the Board of Directors, c/o Corporate Secretary, Puma Biotechnology, Inc., 10880 Wilshire Boulevard, Suite 2150, Los Angeles, California 90024. The mailing envelope must contain a clear notation indicating that the enclosed letter is a Director Nominee Recommendation. A stockholder that wishes to nominate a director candidate should submit complete information as to the identity and qualifications of the director candidate to the Nominating and Corporate Governance Committee, including all information that would be required to be disclosed about that person in a proxy statement relating to the election of directors. In making recommendations, stockholders should be mindful of the discussion of minimum qualifications set forth above; satisfaction of such minimum qualification standards does not imply that the Nominating and Corporate Governance Committee necessarily will nominate the person so recommended by a stockholder. With respect to deadlines and other matters relating to stockholder nominations of director candidates, see Stockholder Proposals and Nominations.

The members of our Nominating and Corporate Governance Committee are Messrs. Malley and Moyes, with Mr. Moyes serving as the chair of the committee. The members of our Nominating and Corporate Governance Committee are independent under the applicable rules and regulations of the SEC and the NYSE. The Nominating and Corporate Governance Committee met four times during the fiscal year ended December 31, 2013.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of our Board develops our executive compensation policies and determines the amounts and elements of compensation for our named executive officers (Named Executive Officers). This Compensation Discussion and Analysis describes our executive compensation programs for our Named Executive Officers for the 2013 fiscal year, who were:

Alan H. Auerbach, our President and Chief Executive Officer;

Charles R. Eyler, our Senior Vice President, Finance and Administration and Treasurer;

Richard B. Phillips, Ph.D., our Senior Vice President, Regulatory Affairs, Quality Assurance and Pharmacovigilance; and

Richard P. Bryce, MBChB, MRCGP and MFPM, our Senior Vice President, Clinical Research and Development.

Advisory Vote on Executive Compensation

At our 2012 annual meeting of stockholders, we held a say-on-pay vote, and the stockholders approved, on an advisory basis, the compensation of our Named Executive Officers, as disclosed in the proxy statement for that meeting pursuant to the compensation disclosure rules of the SEC. Upon review of the final voting results, and given the significant level of stockholder support (approximately 82% of our stockholders voted in favor of the say-on-pay proposal), we have not made any changes to our executive compensation policies or decisions as a result of the vote. In addition, our stockholders also indicated their preference for three years as the frequency of future advisory votes on the compensation of our Named Executive Officers. As a result, we expect to hold our next advisory say-on-pay vote at our 2015 annual meeting of stockholders.

Compensation Principles and Objectives

Our overall compensation program is structured to attract, motivate and retain highly qualified executive officers by paying them competitively, consistent with our success and their contribution to that success. Our ability to excel depends on the skill, creativity, integrity and teamwork of our employees. Given the long product development cycles in our business, we believe compensation should be structured to ensure that a portion of compensation opportunity will be related to factors that directly and indirectly influence long-term stockholder value. Our compensation philosophy has been driven by a number of factors that are closely linked with our broader strategic objectives.

The Compensation Committee believes that compensation paid to our Named Executive Officers should be aligned with our performance on both a short-term and long-term basis, linked to results intended to create value for stockholders, and that such compensation should assist us in attracting and retaining key executives critical to our long-term success.

In establishing compensation for executive officers, the following are the Compensation Committee's objectives:

align officer and stockholder interests by providing a portion of total compensation opportunities for senior management in the form of equity awards and bonuses awarded based on the Compensation Committee's review of company and individual performance;

ensure executive officer compensation is competitive within the marketplace in which we compete for executive talent by relying on the Compensation Committee's judgment, expertise and personal experience with other similar companies, recognizing that because of the Company's business model and relatively early stage of development, there may be few directly comparable companies; and

Table of Contents

recognize that best compensation practices for a growing young company may be substantially different than for a larger, more mature company and that we should make full use of our greater latitude and breadth of compensation opportunities.

Determination of Compensation

The Compensation Committee is charged with the primary authority to determine and recommend the compensation awards available to our executive officers for approval by the Board. Based on the Compensation Committee members' collective understanding of compensation practices in similar companies in the biotechnology and pharmaceutical industry, our executive compensation package consists of the following elements, in addition to the employee benefit plans in which all employees may participate:

Base salary: compensation for ongoing services throughout the year.

Annual discretionary cash bonus awards: discretionary awards to recognize and reward achievement of corporate and individual performance.

Long-term equity incentive program: equity compensation to provide an incentive to our Named Executive Officers to manage us from the perspective of an owner with an equity stake in the business.

Severance and change in control benefits: remuneration paid to certain executives in the event of a qualifying termination of employment.

To aid the Compensation Committee in making its determination, our Chief Executive Officer provides recommendations annually to the Compensation Committee regarding the compensation of all other executive officers (other than himself) based on the overall corporate achievements during the period being assessed and his knowledge of the individual contributions to our success by each of the Named Executive Officers. The overall performance of our Named Executive Officers as a team is reviewed annually by the Compensation Committee.

We set base salary and annual bonus structures and any grants of stock options based on the Compensation Committee members' collective understanding of compensation practices in the biotechnology and pharmaceutical industry and such members' experiences as seasoned executives, consultants, board and Compensation Committee members, or investors in similar biotechnology and specialty pharmaceutical industry companies. In addition, from time to time we may rely on compensation survey data provided by Mercer.

Elements of Executive Compensation

Base Salaries

Mr. Auerbach is the founder of our company, and accordingly his compensation was initially established to reflect his position as a founding executive and has evolved as we have grown. Mr. Eyler, Dr. Phillips and Dr. Bryce joined us after we were founded, and their initial compensation was the result of an arms-length negotiation at that time.

Base salaries of our Named Executive Officers (other than our Chief Executive Officer) are recommended and reviewed periodically by our Chief Executive Officer, and the base salary for each Named Executive Officer is approved by our Compensation Committee. Adjustments to base salaries are based on the scope of an executive's responsibilities, individual contribution, experience and sustained performance. Decisions regarding salary increases may take into account the Named Executive Officer's current salary, equity ownership and the amounts paid to individuals in comparable positions at our peer companies. No formulaic base salary increases are provided to our Named Executive Officers. This strategy is consistent with our intent of offering compensation that is cost-effective, competitive and contingent on the achievement of performance objectives.

Table of Contents

In the summer and fall of 2013, the Compensation Committee approved base salary increases for each of our Named Executive Officers. In addition, in late 2013, the Board approved an additional increase to Dr. Phillips' base salary, based upon the recommendation of the Compensation Committee. The following table shows each Named Executive Officer's annual base salary prior to and after the increases.

Name	Prior Annual Base Salary (\$)	New Annual Base Salary (\$)
Alan H. Auerbach	520,000	600,000
Charles R. Eyler	278,250	292,200
Richard B. Phillips, Ph.D.	286,760	330,750
Richard P. Bryce, MBChB, MRCGP, MFPM	315,000	330,750

The Compensation Committee and the Board, in the case of the base salary increase for Dr. Phillips, determined to approve these base salary increases to reward the executives for their significant contributions to the development of the Company, as well as to bring their salaries in line with competitive positions (as determined based on the Compensation Committee's review of the compensation survey data provided by Mercer). In addition, the Board determined to increase Dr. Phillips' base salary to bring it in line with Dr. Bryce's base salary.

The actual base salaries paid to all of our Named Executive Officers during 2013 are set forth in the Summary Compensation Table below.

Annual Bonuses

Cash bonuses are intended to provide incentives to drive company-wide performance. Each of our Named Executive Officers is eligible to receive a discretionary cash bonus targeted as a percentage of the executive's base salary. For 2013, Messrs. Auerbach and Eyler, and Drs. Phillips and Bryce were eligible to receive a discretionary cash bonus targeted at 50%, 30%, 30% and 35%, respectively, of their base salary.

The determination of the amount of annual bonuses paid to our Named Executive Officers generally reflects a number of considerations by the Compensation Committee acting in their discretion, including, among other things, the performance of the Company and a subjective evaluation of the individual contribution and performance of each Named Executive Officer. Bonus determinations are not formulaic and no particular weight is assigned to any of the factors considered by the Compensation Committee.

In 2013, in accordance with the approach described above, the Compensation Committee awarded cash bonuses of \$260,000, \$83,475, \$86,028 and \$110,250 to Messrs. Auerbach and Eyler and Drs. Phillips and Bryce, respectively.

Our Compensation Committee also approved a target bonus increase for Mr. Eyler from 30% to 35% of his base salary and the Board, upon the recommendation of the Compensation Committee, approved a target bonus increase for Dr. Phillips from 30% to 35% of his base salary, both target bonus increases being effective in 2014.

Equity Awards

The goals of our long-term, equity-based incentive awards are to align the interests of our Named Executive Officers with the interests of our stockholders. Because vesting is based on continued service, our equity-based incentives also encourage the retention of our Named Executive Officers during the award vesting period. In determining the size of the long-term equity incentives to be awarded to our Named Executive Officers, we take into account a number of factors, such as the relative job scope, the value of existing stockholdings and long-term incentive awards, individual performance history, prior financial contributions to us and the size of prior grants.

Table of Contents

To reward and retain our Named Executive Officers in a manner that aligns their interests with stockholders' interests, we have historically used stock options as the primary incentive vehicle for long-term compensation. Because employees realize value from stock options only if our stock price increases relative to the stock option's exercise price, we believe stock options provide meaningful incentives to achieve increases in the value of our stock over time.

We generally use stock options to compensate our Named Executive Officers both in the form of initial grants in connection with the commencement of employment and additional or "refresher" grants. We have not established a formula or program for determining the size of any equity award, including any annual refresher grants, and our Compensation Committee retains discretion to make stock option awards to employees at any time, including in connection with the promotion of an employee, to reward an employee, for retention purposes or in other circumstances recommended by management.

The exercise price of each stock option grant is at or above the fair market value of our common stock on the grant date, for which we use the closing price of our common stock on the grant date. Stock option awards typically vest over a three-year period as follows (subject to continued service through the applicable vesting date): one-third of the shares underlying the option vest on the first anniversary of the vesting commencement date, and the remainder of the shares underlying the option vest in equal monthly installments over the following 24 months. We believe these vesting schedules appropriately encourage continued service with the Company while allowing our executives to realize compensation in line with the value they have created for our stockholders.

During 2013, we made the following grants of stock options to our Named Executive Officers. The options vest in accordance with the vesting schedules described above.

Name	2013 Stock Option Grants (# of Shares)
Alan H. Auerbach	150,000
Charles R. Eyler	31,500
Richard B. Phillips, Ph.D.	31,500
Richard P. Bryce, MBChB, MRCGP, MFPM	36,750

As a result of our Compensation Committee's assessment of our Chief Executive Officer's substantial roles and responsibilities within the Company, our Compensation Committee determined it was appropriate for Mr. Auerbach to receive a larger stock option grant than those of our other Named Executive Officers.

Severance and Change in Control Arrangements

Mr. Auerbach's employment agreement provides he is eligible to receive severance payments and benefits upon an involuntary termination of employment in connection with a change in control of our company. We believe that this protection serves to encourage continued attention and dedication to duties without distraction arising from the possibility of a change in control, and provides the business with a smooth transition in the event of such a termination of employment in connection with a transaction. This severance and change in control arrangement is designed to retain Mr. Auerbach in these key positions as we compete for talented executives in the marketplace where such protections are commonly offered. For a detailed description of the severance provisions contained in Mr. Auerbach's employment agreement, see "Potential Payments Upon Termination or Change in Control" below.

Other Elements of Compensation and Perquisites

All of our full-time employees in the United States, including our Named Executive Officers, are eligible to participate in our 401(k) plan. Pursuant to our 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit, which was \$17,500 in 2013, and to have the amount of this reduction contributed to our 401(k) plan. In addition, all of our full-time employees, including our Named Executive Officers, are eligible to participate in our health and welfare plans.

Tax and Accounting Considerations

Section 162(m) of the Code

Section 162(m) of the Code disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year for its named executive officers, other than its Chief Financial Officer, unless compensation is performance-based. Where reasonably practicable and to the extent that the Section 162(m) deduction disallowance becomes applicable to our company, our Compensation Committee may seek to qualify the variable compensation paid to our Named Executive Officers for an exemption from the deductibility limitations. As such, in approving the amount and form of compensation for our Named Executive Officers in the future, our Compensation Committee has and will continue to consider all elements of the cost to our company of providing such compensation, including the potential impact of Section 162(m) of the Code. However, our Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) of the Code when it believes that such payments are appropriate to attract and retain executive talent.

Section 280G of the Code

Section 280G of the Code disallows a tax deduction with respect to excess parachute payments to certain executives of companies which undergo a change in control. In addition, Section 4999 of the Code imposes a 20% excise tax on the individual with respect to the excess parachute payment. Parachute payments are compensation linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Section 280G of the Code based on the executive's prior compensation. In approving the compensation arrangements for our named executive officers in the future, our Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 280G of the Code. However, our Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G of the Code and the imposition of excise taxes under Section 4999 of the Code when it believes that such arrangements are appropriate to attract and retain executive talent.

Under his employment agreement, Mr. Auerbach may be entitled to a gross-up payment that will make him whole in the event that any parachute payment excise taxes are imposed on him in excess of a certain threshold. We provide this protection to Mr. Auerbach to help ensure that he will be properly incentivized in the event of a potential change in control of the Company to maximize shareholder value in a transaction without concern for potential consequences of the transaction to him.

Accounting Standards

ASC Topic 718, *Compensation - Stock Compensation* (ASC Topic 718) requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock options, restricted stock, performance shares and restricted stock units (RSUs) under our equity incentive award plans are accounted for under ASC Topic 718. Our Compensation Committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

Pursuant to the employment agreement, in the event Mr. Auerbach's employment is terminated by us without cause or by Mr. Auerbach for good reason (each as defined in the employment agreement and described below) 60 days prior to, or 18 months following, a change in control, he will be entitled to receive, in addition to any accrued but unpaid compensation and benefits:

a lump sum payment equal to two times the sum of his base salary and the maximum bonus to which he would be eligible to receive for the year in which the termination occurs;

all unvested equity-based incentive awards will immediately vest on the later of the change in control and the termination date, and will remain exercisable (as applicable) for a period of up to 12 months from the date of the termination; and

up to 18 months continuation of healthcare benefits to him and his dependents.

In the event a change in control occurs and an excise tax is imposed as a result of any payments made to Mr. Auerbach in connection with such change in control, we will either (i) reduce the payments made to Mr. Auerbach such that the excise tax will not be imposed or (ii) in certain circumstances, pay the entire (unreduced) payments and also pay or reimburse Mr. Auerbach an amount equal to any such excise tax plus any taxes resulting from such payments.

In the event Mr. Auerbach's employment is terminated without cause or by Mr. Auerbach for good reason, in each case outside of the change in control context described above, then Mr. Auerbach will be entitled to receive, in addition to any accrued but unpaid compensation and benefits (i) an amount equal to the sum of his base salary and the maximum bonus to which he would be eligible to receive for the year in which the termination occurs, payable over a period of one year following such termination in substantially equal installments; and (ii) up to 18 months continuation of healthcare benefits to him and his dependents. All severance benefits are contingent upon Mr. Auerbach's execution and non-revocation of a general release of claims in favor of us. Under the terms of Mr. Auerbach's employment agreement:

Cause is generally defined as (i) the willful failure, disregard or refusal by the executive to perform his duties; (ii) any willful, intentional or grossly negligent act by the executive that injures in a material way our business or reputation; (iii) willful misconduct by the executive in respect of his duties or obligations; (iv) the executive's commission of any felony or a misdemeanor involving moral turpitude (including entry of a nolo contendere plea to any such charge); (v) the determination by us, after a reasonable and good-faith investigation following a written allegation by another employee of us that the executive engaged in some form of harassment prohibited by law, unless the executive's actions were specifically directed by the board; (vi) any misappropriation or embezzlement of our property; (vii) breach by the executive of his obligations with respect to confidentiality, non-solicitation and non-disparagement or of any of his representations or warranties under the employment agreement; and (viii) material breach by the executive of any other provision of the employment agreement which is not cured within a specified timeframe.

Good reason is generally defined as: (i) a material diminution in the executive's base salary, excluding any reduction applicable equally to all of our executive officers following a material decline in our earnings, public image, or performance; (ii) a material diminution in the executive's authority, duties or responsibilities; (iii) a change in the geographic location at which the executive must perform services to a location that is greater than 25 miles from our principal place of business as of the date of the employment agreement; (iv) a direction to the executive to take any action that violates any applicable legal or regulatory requirement; or (v) any other action or inaction that constitutes a material breach by us of our obligations under the employment agreement.

A change in control is generally defined as: (i) the consummation of a transaction where any persons become the beneficial owners of Company securities representing more than 50% of the total combined voting power of our securities after such acquisition; (ii) a change in the composition of the board such that during any period of two consecutive years, individuals who originally formed our Board, together with certain new directors, at the beginning of such period cease for any reason to constitute a majority of the board; (iii) us merging, consolidating, reorganizing or combining with another corporation or entity or a sale or other disposition of all or substantially all of our assets or an acquisition of assets or stock of another entity, in each case, where our stockholders prior to the transaction own less than 50% of the outstanding voting securities of the surviving corporation or entity; or (iv) our stockholders approving a liquidation or dissolution of us.

Charles R. Eyler, Richard B. Phillips, Ph.D. and Richard P. Bryce, MBChB, MRCP, MFPM. None of our other Named Executive Officers are entitled to any payments from us following, or in connection with such Named Executive Officer's resignation, retirement or other termination, or a change in control of us or a change in such Named Executive Officer's responsibilities following a change in control, except that, under the terms of

the Plan, in the event of a change in control (as defined above), if the successor corporation refuses to assume or substitute any equity award held by Mr. Eyer, Dr. Phillips or Dr. Bryce, such equity awards will immediately vest and, if applicable, become exercisable and be deemed exercised immediately prior to the change in control transaction.

Summary of Potential Payments

The following table summarizes the payments that would have been made to Mr. Auerbach upon the occurrence of a qualifying termination of employment or change in control, assuming that Mr. Auerbach's termination of employment with our company occurred on December 31, 2013 or in the event that a change in control of our company occurred on December 31, 2013, as applicable. Amounts shown do not include (i) accrued but unpaid salary through the date of termination, and (ii) other benefits earned or accrued by the Mr. Auerbach during his employment that are available to all salaried employees, such as accrued vacation. In addition, the following table does not include Mr. Eyer, Dr. Phillips or Dr. Bryce because they would not be entitled to any payments and/or benefits upon a qualifying termination and/or change in control.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Background

The Audit Committee of our Board has selected PKF Certified Public Accountants, a Professional Corporation, as our independent registered public accountants for the year ending December 31, 2014, and has further directed that management submit the selection of independent registered public accountants for ratification by the stockholders at the annual meeting. A representative of PKF Certified Public Accountants is expected to be present at the annual meeting and will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

If the stockholders fail to ratify the selection of PKF Certified Public Accountants as our independent registered public accountants for the year ending December 31, 2014, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of us and our stockholders.

Board Recommendation

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF PKF CERTIFIED PUBLIC ACCOUNTANTS, A PROFESSIONAL CORPORATION, AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014.

PROPOSAL 3

APPROVAL OF AN AMENDMENT TO THE

PUMA BIOTECHNOLOGY, INC. 2011 INCENTIVE AWARD PLAN

Introduction

On April 28, 2014, our Board adopted, subject to stockholder approval, an amendment to the Puma Biotechnology, Inc. 2011 Incentive Award Plan (the Plan) to increase the number of shares we are authorized to issue or award under the Plan (the Amendment and together with the Plan, the Amended Plan) by 3,000,000 shares.

A copy of the Amendment is included as Appendix A to this proxy statement.

Proposed Share Reserve Increase. We are asking our stockholders to approve the Amendment because we believe the availability of an adequate reserve of shares under the Plan is important to our continued growth and success. The purpose of the Plan is to assist us in attracting, motivating and retaining selected individuals who will serve as our employees, directors and consultants, whose judgment, interest and special effort is critical to the successful conduct of our operation. We believe that the equity-based awards to be issued under the Plan will motivate recipients to offer their maximum effort to the Company and help focus them on the creation of long-term value consistent with the interests of our stockholders. We believe that grants of equity incentive awards are necessary to enable us to continue to attract and retain top talent; if the Amendment is not approved, we believe our recruitment and retention capabilities will be adversely affected.

In its determination to approve the increase in the number of shares authorized under the Plan, the Board and Compensation Committee considered that:

In 2013 and 2012, we granted equity awards representing a total of approximately 1,032,375 and 1,948,000 shares, respectively, after giving effect to full value award multipliers. This level of equity awards reflects growth in hiring. The number of employees increased from 18 employees at December 31, 2011 to the current level of approximately 90 employees. This burn rate illustrates that we are a start-up drug development company that has attracted and continues to attract the talent necessary to build our business. The majority of the equity awards granted in 2013 and 2012 were awarded to newly-hired employees. As the size of our workforce plateaus, we anticipate that our burn rate may decrease.

If we do not increase the shares available for issuance under the Plan, then based on historical usage rates of shares under the Plan, we would expect to exhaust the share limit under the Plan in 2014, at which time we would lose an important compensation tool aligned with stockholder interests to attract, motivate and retain highly qualified talent.

In 2013, our end of year overhang rate, calculated by dividing (i) the number of shares subject to equity awards outstanding at the end of the fiscal year plus the number of shares remaining available for issuance under the Plan by (ii) the number of our shares outstanding at the end of the fiscal year, was 11.0%. If approved, the issuance of the additional shares to be reserved under the Plan would dilute the holdings of shareholders by an additional 9.6% on a fully diluted basis, based on the number of shares of our common stock outstanding as of April 17, 2014. If the amendment to the Plan is approved, we expect our overhang at the end of 2014 will be approximately 20.6%, which we believe is reasonable.

If this Proposal 3 is adopted, a maximum of 6,529,412 shares of common stock will be reserved for issuance under the Amended Plan, all of which may be granted as ISOs pursuant to Section 422 of the Code. In light of the factors described above, the Board believes this number represents reasonable potential equity dilution and provides a significant incentive for officers, employees, non-employee directors and consultants to increase the value of the Company for all stockholders. The Board will not create a subcommittee to evaluate the risks and benefits for issuing the additional authorized shares requested.

Table of Contents

Section 162(m). In addition to the above, we are asking stockholders to approve the Amendment to satisfy the stockholder approval requirements of Section 162(m) of the Code (Section 162(m)).

In general, Section 162(m) places a limit on the deductibility for federal income tax purposes of the compensation paid to our Chief Executive Officer or any of our three other most highly compensated executive officers (other than our Chief Financial Officer). Under Section 162(m), compensation paid to such persons in excess of \$1 million in a taxable year generally is not deductible. However, compensation that qualifies as performance-based under Section 162(m) does not count against the \$1 million deduction limitation. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the material terms of the plan under which compensation may be paid be disclosed to and approved by our public stockholders. For purposes of Section 162(m), the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goals may be based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goals. Each of these aspects of the Plan is discussed below, and stockholder approval of this Proposal 3 will be deemed to constitute approval of the material terms of the Amended Plan for purposes of the stockholder approval requirements of Section 162(m).

Stockholder approval of the material terms of the performance goals of the Amended Plan is only one of several requirements under Section 162(m) that must be satisfied for amounts realized under the Amended Plan to qualify for the performance-based compensation exemption under Section 162(m), and submission for stockholder approval of the material terms of the performance goals of the Amended Plan should not be viewed as a guarantee that we will be able to deduct all compensation under the Amended Plan. Nothing in this proposal precludes us or the Compensation Committee from making any payment or granting awards that do not qualify for tax deductibility under Section 162(m).

Stockholder Approval. If stockholders do not approve the proposal in this Proposal 3, the proposed additional shares will not become available for issuance under the Plan; in addition, we will not make any further grants under the Plan to Section 162(m) covered employees or pay any compensation under the Plan to Section 162(m) covered employees (other than pursuant to awards granted prior to the date of our Annual Meeting). The Plan will, however, remain in effect with respect to individuals other than covered employees and we may continue to grant awards under the Plan to such individuals, subject to the terms and conditions of the Plan. In addition, all previously granted awards will continue to be subject to the Plan, as unamended by the Amendment.

The material terms of the Plan, as proposed to be amended by the Amendment, are summarized below and qualified in their entirety by reference to the Plan attached as Exhibit 10.4 to the Current Report on Form 8-K we filed with the SEC on October 11, 2011 and the Amendment attached as Appendix A to this proxy statement.

Material Terms of the Amended Plan

Eligibility and Administration. Our employees, consultants and directors are eligible to receive awards under the Amended Plan. Currently, approximately 90 employees and 3 non-employee directors (and no consultants) are eligible to participate in the Amended Plan.

The Amended Plan is administered by our Board with respect to awards to non-employee directors and by our Compensation Committee with respect to other participants, each of which may delegate its duties and responsibilities to committees of our directors and/or officers (referred to collectively as the plan administrator), subject to certain limitations that may be imposed under Section 162(m) of the Code, Section 16 of the Exchange Act and/or stock exchange rules, as applicable. The plan administrator has the authority to make all determinations and interpretations under, prescribe all forms for use with, and adopt rules for the administration of, the Amended Plan, subject to its express terms and conditions. The plan administrator also sets the terms and conditions of all awards under the Amended Plan, including any vesting and vesting acceleration conditions.

Table of Contents

Limitation on Awards and Shares Available. If our stockholders approve this proposal, the aggregate number of shares of our common stock that will be available for issuance under awards granted pursuant to the Amended Plan will equal 6,529,412, all of which may be granted as ISOs pursuant to Section 422 of the Code. As of April 17, 2014, there were 43,399 shares available for grant under the Plan. To the extent permitted under applicable law and applicable stock exchange rules, awards that provide for the delivery of shares subsequent to the applicable grant date may be granted in excess of the aggregate share limit if such awards provide for the forfeiture or cash settlement to the extent that insufficient shares remain under the aggregate share limit at the time that shares would otherwise be issued in respect of such award.

Shares subject to awards under the Amended Plan that are forfeited, expire or are settled for cash, and shares tendered or withheld to satisfy the exercise price and/or tax withholding associated with an award, may be used again for new grants under the Amended Plan. Neither shares subject to a SAR that are not issued in connection with the stock settlement of the SAR on its exercise, nor shares purchased on the open market with the cash proceeds from the exercise of options may be used again for new grants of awards. Shares granted under the Amended Plan may be treasury shares, authorized but unissued shares, or shares purchased in the open market.

Awards granted under the Amended Plan upon the assumption of, or in substitution for, awards authorized or outstanding under a qualifying equity plan maintained by an entity with which we enter into a merger or similar corporate transaction will not reduce the shares available for grant under the Amended Plan. The maximum number of shares of our common stock that may be subject to one or more awards granted to any one participant pursuant to the Amended Plan during any calendar year is 500,000 and the maximum amount that may be paid in cash pursuant to the Amended Plan to any one participant during any calendar year period will be \$2,000,000.

Awards. The Amended Plan provides for the grant of stock options, including ISOs and NSOs, restricted stock, dividend equivalents, stock payments, RSUs, deferred stock, performance shares, other incentive awards, SARs, and performance awards (including cash awards). Certain awards under the Amended Plan may constitute or provide for a deferral of compensation, subject to Section 409A of the Code, which may impose additional requirements on the terms and conditions of such awards. All awards under the Amended Plan are or will be set forth in award agreements, which detail the terms and conditions of the awards, including any applicable vesting and payment terms and post-termination exercise limitations. Awards other than cash awards are generally settled in shares of our common stock, but the plan administrator may provide for cash settlement of any award. A brief description of each award type follows.

Stock Options. Stock options provide for the purchase of shares of our common stock in the future at an exercise price set on the grant date. ISOs, by contrast to NSOs, may provide tax deferral beyond exercise and favorable capital gains tax treatment to their holders if certain holding period and other requirements of the Code are satisfied. The exercise price of a stock option may not be less than 100% of the fair market value of the underlying share on the date of grant (or 110% in the case of ISOs granted to certain significant stockholders), except with respect to certain substitute options granted in connection with a corporate transaction. The term of a stock option may not be longer than ten years (or five years in the case of ISOs granted to certain significant stockholders), and the plan administrator may provide that any option may be early exercised in exchange for shares of restricted stock. Vesting conditions determined by the plan administrator may apply to stock options and may include continued service, performance and/or other conditions.

Stock Appreciation Rights. SARs entitle their holder, upon exercise, to receive from us an amount equal to the appreciation of the shares subject to the award between the grant date and the exercise date. The exercise price of a SAR may not be less than 100% of the fair market value of the underlying share on the date of grant (except with respect to certain substitute SARs granted in connection with a corporate transaction) and the term of a SAR may not be longer than ten years. Vesting conditions determined by the plan administrator may apply to SARs and may include continued service, performance and/or other conditions.

Table of Contents

Restricted Stock, Deferred Stock, Restricted Stock Units and Performance Shares. Restricted stock is an award of nontransferable shares of our common stock that remain forfeitable unless and until specified conditions are met, and which may be subject to a purchase price, or that are acquired pursuant to the early exercise of an option. Deferred stock and RSUs are contractual promises to deliver shares of our common stock in the future, which may also remain forfeitable unless and until specified conditions are met. Delivery of the shares underlying these awards may be deferred under the terms of the award or at the election of the participant if the plan administrator permits such a deferral. Performance shares are contractual rights to receive a range of shares of our common stock in the future based on the attainment of specified performance goals, in addition to other conditions which may apply to these awards. Conditions applicable to restricted stock, deferred stock, RSUs and performance shares may be based on continuing service with us or our affiliates, the attainment of performance goals and/or such other conditions as the plan administrator may determine.

Stock Payments, Other Incentive Awards and Cash Awards. Stock payments are awards of fully vested shares of our common stock that may, but need not, be made in lieu of base salary, bonus, fees or other cash compensation otherwise payable to any individual who is eligible to receive awards. Other incentive awards are awards other than those enumerated in this summary that are denominated in, linked to or derived from shares of our common stock or value metrics related to our shares, and may remain forfeitable unless and until specified conditions are met. Cash awards are cash incentive bonuses subject to performance goals (for more information, see *Performance Awards* below).

Dividend Equivalents. Dividend equivalents represent the right to receive the equivalent value of dividends paid on shares of our common stock and may be granted alone or in tandem with awards. Dividend equivalents are credited as of dividend payments dates during the period between the date an award is granted and the date such award vests, is exercised, is distributed or expires, as determined by the plan administrator. Dividend equivalents will not be payable on options or SARs, unless otherwise determined by the plan administrator.

Performance Awards. Performance awards include any of the awards that are granted subject to vesting and/or payment based on the attainment of specified performance goals. The plan administrator will determine whether performance awards are intended to qualify as performance-based compensation, or QPBC, within the meaning of Section 162(m), in which case the applicable performance criteria will be selected from the list below in accordance with the requirements of Section 162(m). The plan administrator may (but is not required to) seek to structure awards under the Amended Plan in accordance with the QPBC exemption.

In order to constitute QPBC under Section 162(m), in addition to certain other requirements, the relevant amounts must be payable only upon the attainment of pre-established, objective performance goals set by our Compensation Committee and linked to stockholder-approved performance criteria. For purposes of the Amended Plan, one or more of the following performance criteria will be used in setting performance goals applicable to QPBC, and may be used in setting performance goals applicable to other performance awards: (i) net earnings (either before or after one or more of the following: (a) interest, (b) taxes, (c) depreciation, (d) amortization and (e) non-cash equity-based compensation); (ii) gross or net sales or revenue; (iii) net income (either before or after taxes); (iv) adjusted net income; (v) operating earnings or profit; (vi) cash flow (including, but not limited to, operating cash flow and free cash flow); (vii) return on assets; (viii) return on capital; (ix) return on stockholders' equity; (x) total stockholder return; (xi) return on sales; (xii) gross or net profit or operating margin; (xiii) costs; (xiv) funds from operations; (xv) expenses; (xvi) working capital; (xvii) earnings per share; (xviii) adjusted earnings per share; (xix) price per share of common stock; (xx) regulatory body approval for commercialization of a product; (xxi) implementation or completion of critical projects; (xxii) market share; (xxiii) economic value; (xxiv) customer retention; (xxv) sales-related goals; (xxvi) comparisons with other stock market indices; (xxvii) debt reduction; (xxviii) operating efficiency; (xxix) customer satisfaction and/or growth; (xxx) employee satisfaction; (xxxi) research and development achievements; (xxxii) financing and other capital raising transactions;

(xxxiii) recruiting and maintaining personnel; and (xxxiv) year-end cash, any of which may be measured either in absolute terms for us or any operating unit of our company or as compared to any incremental increase or decrease or as compared to results of a peer group or to market performance indicators or indices. The Amended Plan also permits the plan administrator to provide for objectively determinable adjustments to the applicable performance criteria in setting performance goals for QPBC awards.

Certain Transactions. The plan administrator has broad discretion to equitably adjust the provisions of the Amended Plan, as well as the terms and conditions of existing and future awards, to prevent the dilution or enlargement of intended benefits and facilitate necessary or desirable changes in the event of certain transactions and events affecting our common stock, such as stock dividends, stock splits, mergers, acquisitions, consolidations and other corporate transactions. In addition, in the event of certain non-reciprocal transactions with our stockholders known as equity restructurings, the plan administrator will make equitable adjustments to the Amended Plan and outstanding awards. In the event of a change in control of our company (as defined in the Amended Plan), the surviving entity must assume outstanding awards or substitute economically equivalent awards for such outstanding awards; however, if the surviving entity declines to assume or substitute for some or all outstanding awards, then all such awards will vest in full and be deemed exercised (as applicable) upon the transaction. Individual award agreements may provide for additional accelerated vesting and payment provisions.

Foreign Participants, Transferability, Repricing and Participant Payments. The plan administrator may modify award terms, establish subplans and/or adjust other terms and conditions of awards, subject to the share limits described above, in order to facilitate grants of awards subject to the laws and/or stock exchange rules of countries outside of the United States. With limited exceptions for estate planning, domestic relations orders, certain beneficiary designations and the laws of descent and distribution, awards under the Amended Plan are generally non-transferable prior to vesting and exercisable only by the participant. The Amended Plan permits the plan administrator to increase or reduce the applicable price per share of an award, or cancel and replace an award with another award without stockholder approval. With regard to tax withholding, exercise price and purchase price obligations arising in connection with awards under the Amended Plan, the plan administrator may, in its discretion, accept cash or check, shares of our common stock that meet specified conditions, a market sell order or such other consideration as it deems suitable.

Plan Amendment and Termination. Our Board may amend or terminate the Amended Plan at any time; however, except in connection with certain changes in our capital structure, stockholder approval will be required for any amendment that increases the number of shares available under the Amended Plan. After the tenth anniversary of September 15, 2011, no ISOs may be granted; however, the Amended Plan does not have a specified expiration and will otherwise continue in effect until terminated by us.

Therefore, it is not possible to determine the future benefits that will be received by these participants under the Amended Plan, or the benefits that would have been received by such participants if the Amended Plan, as proposed to be amended, had been in effect in the year ended December 31, 2013.

Table of Contents**Material U.S. Federal Income Tax Consequences**

The following is a general summary under current law of the principal United States federal income tax consequences related to awards under the Amended Plan. This summary deals with the general federal income tax principles that apply and is provided only for general information. Some kinds of taxes, such as state, local and foreign income taxes and federal employment taxes, are not discussed. **This summary is not intended as tax advice to participants, who should consult their own tax advisors.**

Non-Qualified Stock Options. If an optionee is granted a NSO under the Amended Plan, the optionee should not have taxable income on the grant of the option. Generally, the optionee should recognize ordinary income at the time of exercise in an amount equal to the fair market value of the shares acquired on the date of exercise, less the exercise price paid for the shares. The optionee's basis in the common stock for purposes of determining gain or loss on a subsequent sale or disposition of such shares generally will be the fair market value of our common stock on the date the optionee exercises such option. Any subsequent gain or loss will be taxable as a long-term or short-term capital gain or loss. We or our subsidiaries or affiliates generally should be entitled to a federal income tax deduction at the time and for the same amount as the optionee recognizes ordinary income.

Incentive Stock Options. A participant receiving ISOs should not recognize taxable income upon grant. Additionally, if applicable holding period requirements are met, the participant should not recognize taxable income at the time of exercise. However, the excess of the fair market value of the shares of our common stock received over the option exercise price is an item of tax preference income potentially subject to the alternative minimum tax. If stock acquired upon exercise of an ISO is held for a minimum of two years from the date of grant and one year from the date of exercise and otherwise satisfies the ISO requirements, the gain or loss (in an amount equal to the difference between the fair market value on the date of disposition and the exercise price) upon disposition of the stock will be treated as a long-term capital gain or loss, and we will not be entitled to any deduction. If the holding period requirements are not met, the ISO will be treated as one that does not meet the requirements of the Code for ISOs and the participant will recognize ordinary income at the time of the disposition equal to the excess of the amount realized over the exercise price, but not more than the excess of the fair market value of the shares on the date the ISO is exercised over the exercise price, with any remaining gain or loss being treated as capital gain or capital loss. We are not entitled to a tax deduction upon either the exercise of an ISO or upon disposition of the shares acquired pursuant to such exercise, except to the extent that the participant recognizes ordinary income on disposition of the shares.

Other Awards. The current federal income tax consequences of other awards authorized under the Amended Plan generally follow certain basic patterns: SARs are taxed and deductible in substantially the same manner as NSOs; nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value over the price paid, if any, only at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the date of grant through a Section 83(b) election); RSUs, deferred stock, performance share awards, performance awards, stock payments, dividend equivalents, cash awards and other incentive awards are generally subject to tax at the time of payment.

Section 162(m) of the Code.

Section 162(m) of the Code denies a deduction to any publicly-held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation paid to such covered employee exceeds \$1,000,000. It is possible that compensation attributable to awards under the Amended Plan, when combined with all other types of compensation received by a covered employee from us, may cause this limitation to be exceeded in any particular year.

The Section 162(m) deduction limitation does not apply to qualified performance-based compensation. In order to qualify for the exemption for qualified performance-based compensation, Section 162(m) of the Code requires, among other things, that: (i) the compensation be paid solely upon account of the attainment of one or

more pre-established objective performance goals, (ii) the performance goals must be established by a Compensation Committee comprised of two or more outside directors, (iii) the material terms of the performance goals under which the compensation is to be paid must be disclosed to and approved by the shareholders and (iv) our Compensation Committee of outside directors must certify that the performance goals have indeed been met prior to payment.

Section 162(m) contains a special rule for stock options and SARs which provides that stock options and SARs will satisfy the qualified performance-based compensation exemption if (i) the awards are made by a Compensation Committee comprised of outside directors, (ii) the plan sets the maximum number of shares that can be granted to any person within a specified period, and (iii) the compensation is based solely on an increase in the stock price after the grant date.

The Amended Plan has been designed to permit our Compensation Committee to grant stock options, SARs and other awards which will qualify as qualified performance-based compensation.

If the Amendment is approved by our stockholders, our Compensation Committee may, but is not obligated to, grant awards under the Amended Plan that constitute qualified performance based compensation under Section 162(m). If our stockholders do not approve the Amendment, we will not make any further grants under the Plan to Section 162(m) covered employees or pay any compensation under the Plan to Section 162(m) covered employees (other than pursuant to awards granted prior to the date of our Annual Meeting).

Section 409A of the Code. Certain types of awards under the Amended Plan may constitute, or provide for, a deferral of compensation subject to Section 409A of the Code. Unless certain requirements set forth in Section 409A of the Code are complied with, holders of such awards may be taxed earlier than would otherwise be the case (e.g., at the time of vesting instead of the time of payment) and may be subject to an additional 20% penalty tax (and, potentially, certain interest penalties and additional state taxes). To the extent applicable, the Amended Plan and awards granted under the Amended Plan are intended to be structured and interpreted in a manner intended to either comply with or be exempt from Section 409A of the Code and the Department of Treasury regulations and other interpretive guidance that may be issued under Section 409A of the Code. To the extent determined necessary or appropriate by the plan administrator, the Amended Plan and applicable award agreements may be amended to further comply with Section 409A of the Code or to exempt the applicable awards from Section 409A of the Code.

Board Recommendation

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE 2011 INCENTIVE AWARD PLAN.

Table of Contents**OTHER MATTERS****Policies and Procedures for Review, Approval or Ratification of Transactions with Related Persons**

Under our written Related Party Transactions Policy and Procedures, a related party transaction (as defined below) may be consummated or may continue only if the Audit Committee of our Board approves or ratifies the transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party. If advance Audit Committee approval of a related party transaction requiring the Audit Committee's approval is not practicable, a related party transaction may be preliminarily entered into by management subject to ratification of the transaction by the Audit Committee; provided that if ratification is not forthcoming, management shall make all reasonable efforts to cancel or annul such transaction. Management shall update the Audit Committee as to any material changes to any approved or ratified related party transaction and shall provide a status report at least annually at a regularly scheduled meeting of the Audit Committee of all then current related party transactions.

For the purposes of our policy, a related party transaction is a transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$120,000, and in which any related party (as defined below) had, has or will have a direct or indirect interest. A related party includes (i) any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company; (ii) any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities; (iii) any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner; and (iv) any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and officers, and persons who beneficially own more than ten percent (10%) of our common stock, who are hereinafter collectively referred to as the Reporting Persons, to file with the SEC reports of beneficial ownership and reports of changes in beneficial ownership of our common stock on Forms 3, 4 and 5. Reporting Persons are required by applicable SEC rules to furnish us with copies of all such forms filed with the SEC pursuant to Section 16(a) of the Exchange Act. To our knowledge, based solely on our review of the copies of the Forms 3, 4 and 5 received by us during the fiscal year ended December 31, 2013 and written representations that no other reports were required, we believe that all reports required to be filed by such persons with respect to the Company's fiscal year ended December 31, 2013 were timely filed.

Stockholder Proposals and Nominations

Proposals Pursuant to Rule 14a-8. Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in the proxy statement and for consideration at our next annual meeting of stockholders. To be eligible for inclusion in the 2015 proxy statement, your proposal must be received by us no later than December 31, 2014, and must otherwise comply with Rule 14a-8. While our Board will consider stockholder proposals, we reserve the right to omit from the proxy statement stockholder proposals that we are not required to include under the Exchange Act, including Rule 14a-8.

Other Proposals and Nominations. For proposals not made in accordance with Rule 14a-8, pursuant to Rule 14a-4(c), in order for a stockholder proposal to be presented at our meeting without it being included in our proxy materials, notice of such proposal must be delivered to our Corporate Secretary at our principal offices no

later than March 16, 2015. If notice of any stockholder proposal is received after March 16, 2015, then the notice will be considered untimely and we are not required to present such proposal at the 2015 Annual Meeting, and then the persons named in proxies solicited by our Board for the 2015 Annual Meeting may exercise discretionary voting power with respect to such proposal. You may write to our Corporate Secretary at our principal executive offices, Puma Biotechnology, Inc., 10880 Wilshire Boulevard, Suite 2150, Los Angeles, California 90024, Attention: Corporate Secretary, to deliver the notices discussed above.

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for notices of annual meetings, proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies. This year, a single notice of the annual meeting of stockholders, or copy of the proxy statement and annual report, will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your bank or broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your bank or broker, direct your written request to Puma Biotechnology, Inc., 10880 Wilshire Boulevard, Suite 2150, Los Angeles, California 90024, Attention: Investor Relations, or contact Investor Relations by telephone at (424) 284-6500. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their bank or broker.

Incorporation by Reference

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act or the Exchange Act, which might incorporate future filings made by us under those statutes, the Compensation Committee Report and the Audit Committee Report will not be incorporated by reference into any of those prior filings, nor will the reports be incorporated by reference into any future filings made by us under those statutes. In addition, information on our website, other than our proxy statement, notice and form of proxy, is not part of the proxy soliciting material and is not incorporated herein by reference.

Other Business

As of the date of this proxy statement, the Board knows of no other business that will be presented for consideration at the 2014 annual meeting. If other proper matters are presented at the 2014 annual meeting, however, it is the intention of the proxy holders named in the Company's form of proxy to vote the proxies held by them in accordance with their best judgment.

By Order of the Board of Directors,

Alan H. Auerbach
