Item 1.01 Entry into a Material Definitive Agreement

On May 15, 2014, The AES Corporation (the Company or AES) announced an offering of \$775,000,000 aggregate principal amount of its Floating Rate Notes due 2019 (the Notes). Citigroup Global Markets Inc., Barclays Capital Inc., Credit Suisse Securities (USA) LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated were joint book-running managers for the offering of the Notes.

The public offering price of the Notes was 99.75% of the principal amount. AES received net proceeds of approximately \$764.7 million, after deducting underwriting discounts and estimated offering expenses payable by the Company. AES intends to use the net proceeds from the offering of the Notes to repay substantially all of the outstanding term loans under the Company's credit agreement dated May 27, 2011, as amended on February 27, 2013 (the Senior Secured Term Loan Facility) with a group of lenders for whom Citibank, N.A. acts as agent.

The Notes were offered and sold pursuant to an Underwriting Agreement (the Underwriting Agreement), dated May 15, 2014, among AES, Citigroup Global Markets Inc., Barclays Capital Inc., Credit Suisse Securities (USA) LLC and Merrill, Lynch, Pierce, Fenner & Smith, as representatives of the several underwriters, under AES's automatic shelf registration statement (the Registration Statement) on Form S-3 (Registration No. 333-186888), filed with the Securities and Exchange Commission (the SEC) on February 27, 2013. AES has filed with the SEC a prospectus supplement, dated May 15, 2014, together with the accompanying prospectus, dated February 27, 2013, relating to the offer and sale of the Notes.

The Notes were issued on May 20, 2014 pursuant to a Senior Indenture, dated as of December 8, 1998 (the Base Indenture), as amended and supplemented by a ninth supplemental indenture, dated as of April 3, 2003 (the Ninth Supplemental Indenture) and the eighteenth supplemental indenture, dated as of May 20, 2014 (the Eighteenth Supplemental Indenture), and together with the Base Indenture and the Ninth Supplemental Indenture, the Indenture), between AES and Wells Fargo Bank, N.A., as successor to Bank One, National Association (formerly known as The First National Bank of Chicago), as Trustee.

Interest on the Notes accrues at a floating rate equal to three-month LIBOR plus 3.00%, reset quarterly, and interest is payable on March 1, June 1, September 1 and December 1 of each year, beginning September 1, 2014. The Notes will mature on June 1, 2019. The Company may redeem all or a part of the Notes on or after June 1, 2015, on any one or more occasions, as described in the Indenture. In addition, at any time prior to June 1, 2015, the Company may redeem all or a part of the Notes, on any one or more occasions, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed plus a make-whole premium as of, and accrued and unpaid interest, if any, to, but not including, the date of redemption, as described in the Indenture. In addition, at any time and on one or more occasions, prior to June 1, 2015, the Company may redeem, in the aggregate for all such redemptions, up to 35% of the aggregate principal amount of the notes with the net cash proceeds from certain equity offerings at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus a premium equal to the interest rate per annum on the Notes in effect at the date of the notice of redemption, plus accrued and unpaid interest, if any, to, but not including, the date of redemption, as described in the Indenture.

Upon the occurrence of a Change of Control Triggering Event (as defined in the Indenture), the Company must offer to repurchase the Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to, but not including, the date of repurchase. The Indenture also contains covenants, subject to certain exceptions, restricting the ability of the Company to incur debt secured by any Principal Property (as defined in the Indenture) or by the debt or capital stock of any subsidiary held by the Company; to enter into any sale-lease back transactions involving any Principal Property; or to consolidate, merge, convey or transfer substantially all of its assets; as well as other covenants that are customary for debt securities like the Notes. In addition, the Indenture contains customary events of default.

The above description of the Underwriting Agreement, the Indenture and the Notes is qualified in its entirety by reference to the Underwriting Agreement, the Indenture and the form of Notes, each of which is incorporated by reference into the Registration Statement. The Base Indenture has been incorporated by reference as Exhibit 4.3 to the Registration Statement.
