1. Matters Related to Summary Information (Notes)

(1) Changes in Accounting Policies and Accounting Estimates / Restatements (Changes in accounting policies)

Mizuho Financial Group has applied Accounting Standard for Retirement Benefits (ASBJ Statement No. 26, May 17, 2012) (hereinafter, the Accounting Standard) and Guidance on Accounting Standard for Retirement Benefits (ASBJ Guidance No. 25, May 17, 2012) (hereinafter, the Guidance), in terms of regulations stipulated in the text of the Accounting Standard, Paragraph 35 and the Guidance, Paragraph 67, beginning with this interim period ended September 30, 2014. We have reviewed the calculation methods of retirement benefit obligations and service cost, changed the method of attributing the expected retirement benefits to periods of service from a straight-line basis to a benefit formula basis, and changed the method of determining the discount rate from the method using the discount rate based on the average period up to the estimated timing of the benefit payment and another period to the method using different discount rates according to the estimated timing of each benefit payment.

The Accounting Standard and the Guidance have been applied in accordance with the transitional treatment stipulated in the Accounting Standard, Paragraph 37, and the amount of financial impact resulting from the change in the calculation method of retirement benefit obligations and service cost was added to or deducted from retained earnings at the beginning of this interim period ended September 30, 2014.

As a result of this, Net Defined Benefit Asset increased by ¥19,795 million, Net Defined Benefit Liability decreased by ¥2,787 million, Retained Earnings increased by ¥16,107 million and Minority Interests increased by ¥573 million at the beginning of this interim period ended September 30, 2014. Ordinary Profits and Income before Income Taxes and Minority Interests for the six months ended September 30, 2014 increased by ¥4,108 million, respectively.

* In addition to Securities on the consolidated balance sheets, NCDs in Cash and Due from Banks, certain items in Other Debt Purchased and certain items in Other Assets are also included.

* Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date. Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date.

* The book values of Other Securities which have readily determinable fair value are stated at fair value, so Unrealized Gains/Losses indicate the difference between book values on the consolidated balance sheets and the acquisition costs.

* Unrealized Gains/Losses include ¥45,346 million and ¥37,413 million, which were recognized in the statement of income for September 30, 2014 and March 31, 2014, respectively, by applying the fair-value hedge method and others. As a result, the base amounts to be recorded directly to Net Assets after tax and consolidation adjustments as of September 30, 2014 and March 31, 2014 are ¥1,585,953 million and ¥1,090,266 million, respectively.

* Unrealized Gains (Losses) on Other Securities, net of Taxes (recorded directly to Net Assets after tax and consolidation adjustments, excluding the amount recognized in the statement of income by applying the fair-value hedge method and others, including translation differences regarding securities, the fair values of which are extremely difficult to determine) as of September 30, 2014 and March 31, 2014 are ¥1,075,153 million and ¥733,522 million, respectively.
