**Cautionary Statement Regarding Monthly Operating Report**

The Company cautions investors and potential investors not to place undue reliance upon the information contained in the Monthly Operating Report, which was not prepared for the purpose of providing the basis for an investment decision relating to any of the securities of the Company. The Monthly Operating Report is limited in scope, covers a limited time period and has been prepared solely for the purpose of complying with the monthly reporting requirements applicable in the Chapter 11 Cases and is in a format acceptable to the U.S. Trustee. The forecasts contained in the Monthly Operating Report reflect estimates and assumptions made by management of the Company with respect to cash receipts and disbursements, as well as numerous other factors. These factors are difficult to predict accurately and in many cases are outside of the Company's control. Consequently, it is likely that actual results will differ from those reflected in the Monthly Operating Report and such differences may be significant. The Company has not made and does not make any representation to any person regarding the Company's future results. Furthermore, the Company is not required to publicly update the Monthly Operating Report to reflect more current facts or estimates or the occurrence of future events, including if the facts, estimates and assumptions upon which the Monthly Operating Report is based are erroneous. The Monthly Operating Report was not audited or reviewed by independent accountants, was not prepared in accordance with generally accepted accounting principles in the United States, is in a format prescribed by applicable bankruptcy laws, and is subject to future adjustment (which may be material) and reconciliation. There can be no assurance that, from the perspective of an investor or potential investor in the Company's securities, the Monthly Operating Report is complete. The Monthly Operating Report also contains information for periods which are shorter or otherwise different from those required in the Company's reports pursuant to the Exchange Act and such information might not be indicative of the Company's financial condition or operating results for the period that would be reflected in the Company's financial statements or in its reports pursuant to the Exchange Act. Results set forth in the Monthly Operating Report should not be viewed as indicative of future results.

**Cautionary Statement Regarding Forward Looking Statements**

This document contains forward-looking statements, as referenced in the Private Securities Litigation Reform Act of 1995. These statements can be identified by the fact that they include words like anticipate, believe, estimate, expect, intend, project, guidance, plan, outlook and other words with similar meaning. The Company specifically disclaims any duty to update any of the information set forth in this document, including any forward-looking statements. These statements are based on management's current expectations and assumptions, and as such involve a number of risks, uncertainties and other factors that could cause actual results to differ materially from those anticipated, both in connection with the Chapter 11 Cases and the Company's business and financial prospects. The Company's management believes its judgments about these possible future events are reasonable, but actual results may differ materially due to a variety of important factors. Among other items, such factors might include the Company's ability to (1) complete a sale of a significant portion of its assets pursuant to section 363 of the Bankruptcy Code (2) liquidate or sell assets not sold in a section 363 sale, (3) obtain Court approval with respect to motions in the Chapter 11 Cases and (4) develop and consummate one or more plans of liquidation or reorganization with respect to the Chapter 11 Cases; the effects of the bankruptcy filing on the Company and the interests of various creditors, equity holders and other constituents; Court rulings in the Chapter 11 Cases and the outcome of the cases in general; and risks associated with third-party motions in the Chapter 11 Cases, which may interfere with the Company's ability to develop and consummate one or more plans of liquidation or reorganization once such plans are developed. Additional information regarding these and other factors is included in the Company's filings with the SEC, including its most recent Annual Report on Form 10-K for the year ended December 31, 2013 and Quarterly Reports on Form 10-Q.
