In this proxy statement, the terms *you*, *your* and similar terms refer to the shareholder receiving it. The terms *we*, *us*, *our* and similar terms refer to First Citizens BancShares, Inc. and, as the context may require, collectively to us and First-Citizens Bank & Trust Company, our bank subsidiary. *FCB* refers to First-Citizens Bank & Trust Company. *IronStone Bank* refers to our former bank subsidiary which was merged into FCB during 2011.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR

THE SHAREHOLDER MEETING TO BE HELD ON APRIL 28, 2015

The notice of meeting, proxy statement and annual report to security holders are available at:

www.proxyvote.com

Proposals to be Voted on at the Annual Meeting

At the Annual Meeting, record holders of our common stock will:

elect 13 directors for one-year terms (see *PROPOSAL 1: ELECTION OF DIRECTORS* on page 5);
vote on a proposal to approve a non-binding advisory resolution (a say-on-pay resolution) to approve compensation paid or provided to our executive officers as disclosed in this proxy statement (see *PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION* on page 53);
vote on a proposal to ratify the appointment of Dixon Hughes Goodman LLP as our independent accountants for 2015 (see *PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS* on page 55);
vote on a proposal submitted by a shareholder regarding the voting rights of a class of our stock (see *PROPOSAL 4: SHAREHOLDER PROPOSAL REGARDING VOTING RIGHTS* on page 57); and
transact any other business properly presented for action at the Annual Meeting.

Our Board of Directors unanimously recommends that you vote FOR the election of each of the 13 nominees for director named in this proxy statement, FOR Proposals 2 and 3, and AGAINST Proposal 4.

How You Can Vote at the Annual Meeting

Record Holders. If your shares of our common stock are held of record in your name, you can vote at the Annual Meeting in any of the following ways.

You can attend the Annual Meeting and vote in person.

You can mark your voting instructions on the proxy card enclosed with this proxy statement, and sign, date and return it, to appoint the Proxies named below to vote your shares for you at the meeting, or you can validly appoint another person to vote your shares for you. If you are the record holder of shares of both classes of our common stock, you may have received two proxy cards with this proxy statement. In that case you should mark, sign and return **both** proxy cards.

You can appoint the Proxies to vote your shares for you by going to the Internet voting website www.proxyvote.com. Have your enclosed proxy card in hand when you access the website. When you are prompted for your control number, enter the 16-digit number that is printed in the box on your proxy card, and then follow the instructions you will be provided to create an electronic voting instruction form. If you have received two proxy cards, each card contains a different control number and you will need to vote your shares of each class separately. You may appoint the Proxies by Internet up until 11:59 p.m. EDT on April 27, 2015, which is the day before the Annual Meeting date.

If you appoint the Proxies by Internet, you need not sign and return a proxy card. You will be appointing the Proxies to vote your shares on the same terms and with the same authority as if you marked, signed and returned a proxy card. The authority you will be giving the Proxies is described below and in the proxy card enclosed with this proxy statement.

Shares Held in Street Name. Only the record holders of shares of our common stock or their appointed proxies may vote those shares. As a result, if your shares of our common stock are held for you in street name by a broker or other nominee (such as a bank or custodian), then:

your broker or nominee (*i.e.*, the record holder) must vote them for you, or appoint the Proxies to vote them for you, unless you make arrangements for your broker or nominee to assign its voting rights to you or for you to be recognized as the person entitled to vote your shares; and you will need to follow the directions your broker or nominee provides you and give it instructions as to how it should vote your shares by completing and returning to it the voting instruction sheet you received from your broker or nominee with this proxy statement, or by giving voting instructions electronically as directed by your broker or nominee.

Brokers and other such nominees typically have the discretionary authority to vote shares they hold for their clients on routine matters, such as proposals to ratify the appointment of independent accountants, when no instructions are received from beneficial owners of the shares. However, rules generally prohibit brokers from voting their customers shares on matters designated by the rules as non-routine unless the beneficial owners of the shares provide voting instructions. As a result, if your shares are held by a broker, it may not vote your shares at the Annual Meeting in the election of our directors or on Proposals 2 or 4 unless you provide voting instructions. To ensure that your shares held by a broker are represented at the Annual Meeting and voted in the manner you desire, ***it is important that you instruct your broker as to how it should vote your shares.***

Solicitation and Voting of Proxy Cards

If you are the record holder of your shares of our common stock, a proxy card is included with this proxy statement that provides for you to name four of our directors (Hope H. Bryant, H. Lee Durham, Jr., Frank B. Holding, Jr. and Lucius S. Jones), or any substitutes appointed by them, individually and as a group, to act as your Proxies and vote your shares at the Annual Meeting. We ask that you mark your proxy card to indicate how your shares should be voted, sign and date it, and return it in the enclosed envelope, or follow the instructions above for appointing the Proxies by Internet, so that your shares will be represented and voted at the meeting. If you own shares of both classes of our common stock and received two proxy cards with this proxy statement, please mark, sign and return both cards.

In voting by proxy, you should be aware of the following things.

If you sign a proxy card and return it so that we receive it before the Annual Meeting, or you appoint the Proxies by Internet, you will be appointing the Proxies to vote your shares for you, and they will vote, or abstain from voting, according to the instructions you give them in your proxy card or, if you vote by Internet, in your electronic voting instruction form.

If you sign and return a proxy card or appoint the Proxies by Internet, but you do not give any voting instructions, then the Proxies will vote your shares **FOR** the election of each of the 13 nominees for director named in Proposal 1 below, **FOR** Proposals 2 and 3, and **AGAINST** Proposal 4.

If before the Annual Meeting any nominee named in Proposal 1 becomes unable or unwilling to serve as a director for any reason, your proxy card or electronic voting instruction form will give the Proxies discretion to vote your shares for a substitute nominee named by our Board of Directors. If no substitute nominee is named by our Board of Directors, then the number of directors to be elected at the Annual Meeting will be reduced accordingly.

We are not aware of any other business that will be brought before the Annual Meeting other than the election of directors and the proposals described in this proxy statement. However, if any other matter is properly presented for action by our shareholders, your proxy card or electronic voting instruction form will authorize the Proxies to vote your shares according to their best judgment. The Proxies also will be authorized to vote your shares according to their best judgment on matters incident to the conduct of the meeting, including motions to adjourn the meeting.

If you are the record holder of your shares and you do not return a proxy card or appoint the Proxies by Internet, the Proxies will not have authority to vote for you and your shares will not be represented or voted at the Annual Meeting unless you attend the meeting in person or validly appoint another person to vote your shares for you.

Revocation of Proxy Cards; How You Can Change Your Voting Instructions

Record Holders. If you are the record holder of your shares and you sign and return a proxy card or appoint the Proxies by Internet, and you later wish to change the voting instructions or revoke the authority you gave the Proxies, you can do so before the Annual Meeting by taking the appropriate action described below.

To change the voting instructions you gave the Proxies, whether by returning a proxy card or appointing the Proxies by Internet, you can:

sign a proxy card, dated after the date of your original proxy card or after you appointed the Proxies by Internet, which contains your new voting instructions, and submit it to our proxy tabulator, Broadridge Corporate Issuer Solutions, Inc., at Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717, or deliver it to our Corporate Secretary at the Annual Meeting, so that your new proxy card is received before the voting takes place at the Annual Meeting; or
before 11:59 p.m. EDT on April 27, 2015 (the day before the Annual Meeting), go to the same voting website (www.proxyvote.com) that you used to appoint the Proxies by Internet, enter your 16-digit control number (printed in the box on the enclosed proxy card), and then create a new electronic voting instruction form and enter your new voting instructions.

You may obtain another proxy card by calling Broadridge Corporate Issuer Solutions, Inc. at 855-449-0981. Whether you return a proxy card or vote by Internet, the Proxies will follow the last voting instructions received from you before the voting takes place at the Annual Meeting.

To revoke your proxy card or your appointment of the Proxies by Internet, you can:

give Broadridge Corporate Issuer Solutions, Inc. a written notice at its address listed above, which must be received before the voting takes place at the Annual Meeting, that you want to revoke your proxy card or Internet appointment; or
attend the Annual Meeting and either vote your shares in person or notify our Corporate Secretary at the meeting that you want to revoke your proxy card or Internet appointment. Simply attending the Annual Meeting alone, without voting in person or notifying our Corporate Secretary, will not revoke your proxy card or Internet appointment.

Shares Held in Street Name. If your shares are held in street name and you want to revoke or change voting instructions you have given to your broker or other nominee, you must contact your broker or nominee and follow its directions.

Expenses and Method of Solicitation

We will pay all costs of our solicitation of proxy cards for the Annual Meeting, including costs of preparing and mailing this proxy statement. We are requesting banks, brokers, custodians and other nominees and fiduciaries to forward copies of our proxy solicitation materials to their principals and request their voting instructions, and we will reimburse those persons for their expenses in doing so. In addition to solicitation by mail, our and FCB's directors, officers and employees may solicit proxy cards, personally or by telephone, electronic mail or other methods of communication, but they will not receive any additional compensation from us for doing so.

In connection with the solicitation of proxy cards for the Annual Meeting, we have not authorized anyone to give you any information, or make any representation, that is not contained in this proxy statement. If anyone gives you any other information or makes any other representation, you should not rely on it as having been authorized by us.

Record Date and Voting Securities

The close of business on March 2, 2015, is the Record Date we are using to determine which shareholders are entitled to receive notice of and to vote at the Annual Meeting and how many shares they are entitled to vote. Our voting securities are the 11,005,220 shares of Class A Common Stock (Class A Common) and 1,005,185 shares of Class B Common Stock (Class B Common) that were outstanding on the Record Date. You must have been a record holder of our stock on that date in order to vote in person or by proxy at the meeting.

Quorum and Voting Procedures

A quorum must be present for business to be conducted at the Annual Meeting. For all matters to be voted on at the meeting, a quorum will consist of shares representing a majority of the aggregate votes entitled to be cast by holders of outstanding shares of Class A Common and Class B Common that may be voted at the meeting. Shares represented in person or by proxy at the meeting will be counted for the purpose of determining whether a quorum exists. Once a share is represented for any purpose at the meeting, it will be treated as present for quorum purposes for the remainder of the meeting and for any adjournments. If you return a valid proxy card, appoint the Proxies by Internet, or attend the meeting in person, your shares will be counted for purposes of determining whether there is a quorum, even if you abstain or instruct the Proxies to abstain from voting on one or more matters voted on. Broker non-votes also will be counted in determining whether there is a quorum. Broker non-votes will occur if your shares are held by a broker and are voted by the broker on one or more matters at the meeting but are not voted by the broker on a non-routine matter because you have not given the broker voting instructions on that matter. If your shares are represented at the meeting with respect to any matter voted on, they will be treated as present with respect to all matters voted on, even if they are not voted on all matters.

You may cast one vote for each share of Class A Common, and 16 votes for each share of Class B Common, that you held of record on the Record Date on each director to be elected and on each other matter voted on by shareholders at the Annual Meeting. Votes may not be cumulated in the election of directors.

Vote Required for Approval

Our directors are elected by a plurality of the votes cast in elections. In the election of directors at the Annual Meeting, the 13 nominees receiving the highest numbers of votes will be elected. For each of Proposals 2, 3 and 4 to be approved, a majority of the votes entitled to be cast on each Proposal with respect to shares present in person or

represented by proxy at the Annual Meeting must be cast in favor of the proposal. Abstentions and broker non-votes will have no effect in the voting for directors. Abstentions will have the same effect as votes against Proposals 2, 3 and 4 and any other matter voted on by our shareholders at the Annual Meeting, but broker non-votes will have no effect in the voting on those matters.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Board of Directors recommends that you vote FOR each of the 13 nominees named below.

CORPORATE GOVERNANCE

Our Board of Directors has adopted Corporate Governance Guidelines that describe principles and practices that our Board will follow in carrying out its responsibilities. Together with our Bylaws, those Guidelines establish various processes related to the structure and leadership of our Board and the governance of our organization, including certain of the matters described below.

Director Independence

Determination of Independent Directors. Each year our Board of Directors reviews transactions, relationships and other arrangements involving our directors and determines which of the directors the Board considers to be independent. In making those determinations, the Board applies the independence criteria contained in the listing requirements of The NASDAQ Stock Market (Nasdaq). The Board has directed our Compensation, Nominations and Governance Committee to assess each outside director's independence and report its findings to the Board in connection with the Board's annual determination, and, between those annual determinations, to monitor the status of each director on an ongoing basis and inform the Board of changes in factors or circumstances that may affect a director's ability to exercise independent judgment. The following table lists our current directors, persons who served as directors during 2014, and nominees for election as directors at the Annual Meeting, whom our Board believes were during their terms of office, and will be if elected, independent directors under Nasdaq's criteria.

John M. Alexander, Jr.
Victor E. Bell III
Hubert M. Craig III (1)
H. Lee Durham, Jr.

Daniel L. Heavner
Robert R. Hoppe
Lucius S. Jones

Floyd L. Keels
Robert E. Mason IV
Robert T. Newcomb
Ralph K. Shelton (1)

(1) Mr. Craig and Mr. Shelton served as directors during 2014 until their resignations effective September 18, 2014. In addition to the specific Nasdaq criteria, in assessing each director's or nominee's independence, the Compensation, Nominations and Governance Committee and the Board consider whether they believe transactions that are disclosable in our proxy statements as related person transactions, as well as any other transactions, relationships, arrangements or other factors known to the Committee or the Board, could impair that director's ability to exercise independent judgment. In its determination that the directors named above are or were independent, the Committee and the Board considered those transactions and relationships described below under the heading *TRANSACTION WITH*

RELATED PERSONS, as well as: (1) FCB's lending relationships with directors who are loan customers and whose loans are subject to laws and regulations pertaining to loans to directors (including the requirement that those loans be approved by a majority of the full Board); (2) Mr. Heavner's and his family's interest, and his position as a general partner, in a real estate partnership in which a company owned by our former Executive Vice Chairman, Frank B. Holding, and his family members also is a partner and holds an interest; and (3) services provided from time to time by Mr. Newcomb's mechanical contracting firm, directly and on a competitive bid basis as a contractor or subcontractor, in connection with the maintenance, construction or renovation of facilities owned, leased or managed by FCB.

Executive Sessions of Independent Directors. Our independent directors meet separately, without management or non-independent directors, in conjunction with each regular quarterly meeting of our Board. At their discretion, they may hold separate meetings other than in conjunction with Board meetings, and such a meeting will be held at the request of any independent director. During 2014, the independent directors met in executive session following each of the Board's quarterly meetings and once in a special meeting.

Lead Independent Director. Under our Corporate Governance Guidelines, if the Chairman elected by our Board is not an independent director, then each year our independent directors will designate a separate Lead Independent Director. Even if the Chairman is an independent director, our independent directors still may, at their option, designate a Lead Independent Director. Lucius S. Jones, who currently serves as Chairman of our Compensation, Nominations and Governance Committee, has been designated and currently serves as our Lead Independent Director.

Under the Guidelines, the duties of our Lead Independent Director include:

- convening and presiding at executive sessions and separate meetings of our independent directors, and serving as the liaison between the independent directors and our Chairman and management;
- consulting with the Chairman regarding concerns of our independent directors and matters discussed, decisions reached, or suggestions made, at executive sessions and separate meetings of independent directors;
- consulting with the Chairman regarding the schedule, agenda, and information for Board meetings;
- consulting with the Chairman with respect to consultants who may report directly to the Board;
- consulting with the Chairman and management as to the quality, quantity, and timeliness of information provided to the Board by management;
- being available, as appropriate, for communications with our shareholders; and
- performing such other duties and exercising such other authority as is described elsewhere in the Guidelines and as the Board may from time to time determine.

A special meeting of the Board or any committee of the Board will be called at the Lead Independent Director's request. Also, while our Chairman sets the agenda for each Board meeting, and any director may propose agenda items, a matter will be placed on the agenda for any regular or special Board or committee meeting at the Lead Independent Director's request.

Board Leadership Structure

Our Board performs its oversight role through various committees which are appointed by the Board after consideration of the recommendations of our independent Compensation, Nominations and Governance Committee. Those committees may be established as separate committees of our Board or as joint committees of our and FCB's Boards. The Boards annually elect a Chairman whose duties are described in our Bylaws and, currently, our Chief Executive Officer also serves as Chairman of our and FCB's Boards. Although our Bylaws contemplate that our Chairman will be considered an officer, our Board may select any of its members as its Chairman and has no formal policy as to whether our Chief Executive Officer will or may serve as Chairman or whether any other director, including an independent director, may be elected to serve as Chairman.

Because our Chief Executive Officer currently serves as Chairman and members of our management beneficially own large percentages of our voting stock, our Board recognizes the potential for management's influence over the Boards and the Boards' processes to diminish the effectiveness of our independent directors and the independent directors' ability to influence our policies and the Boards' decisions. As a result, and as required by our Corporate Governance Guidelines, our independent directors have designated a separate Lead Independent Director who has the duties and authority described above under the caption Lead Independent Director, including the calling of meetings of the Boards and placement of matters on the agenda for Board meetings.

As described below under the heading *COMMITTEES OF OUR BOARDS*, all matters pertaining to executive compensation, the selection of nominees for election as directors, the appointment of members of Board committees, the approval of transactions with related persons, and various other governance matters, are subject to the review and approval or recommendation of Board committees made up entirely of independent directors. Our Corporate Governance Guidelines also provide that:

all outside directors have full access to any member of management and to our and FCB's independent accountants and internal auditors for the purpose of understanding issues relating to our business;

upon request, our management will arrange for our outside advisors to be made available for discussions with the Board, any Board committee, our independent directors as a group, or individual directors; and the Board, each Board committee, and our independent directors as a group, in each case by a majority vote, have the authority to retain independent advisors from time to time, at our expense, who are separate from and unrelated to our regular advisors.

Our Board believes that the provisions described above enhance the effectiveness of our independent directors and provide for a leadership structure that is appropriate for our company, without regard to whether our Chairman is an independent director.

Boards Role in Risk Management

Risk is inherent in any business and, as is the case with other management functions, our senior management has primary responsibility for day-to-day management of the risks we face. However, as a financial institution, our business involves financial risks that do not exist, or that are more extensive than the risks that exist, in some other types of businesses. We are subject to extensive regulation specific to the banking industry that requires us to assess and manage those risks, and during their periodic examinations our banking regulators assess our and the Boards performance in that regard. Our Boards understand that risk is inherent in our business, and they strive to ensure that risk management is a part of our business culture and that our policies and procedures for assessing, monitoring and limiting risk are part of our daily decision-making process. The Boards role in risk oversight is an integral part of our overall enterprise risk management framework. The Boards administer their risk oversight function primarily through committees which may be established as separate or joint committees of our and/or FCB s Boards, including a joint Risk Committee that oversees our enterprise-wide risk management and enhances the Boards ability to fulfill their responsibility to oversee our enterprise-wide risk management framework.

The Risk Committee structure is designed to allow for information flow and escalation of risk related issues and includes Board, executive and management level committees. The Risk Committee provides a report on risk management to the full Boards on at least a quarterly basis. Our Chief Risk Officer, Chief Financial Officer, Chief Legal Officer, Chief Credit Officer, Chief Compliance Officer, and other officers who oversee certain departments or functions within our and FCB s operations make quarterly reports directly to the Risk Committee. In addition, the Risk Committee may coordinate with the Audit Committee for the review of financial statement and related risks and other areas of joint responsibility, and with the Compensation, Nominations and Governance Committee for review of compensation- and corporate governance-related risks. Information regarding the function and responsibilities of these three committees is contained below under the heading *COMMITTEES OF THE BOARD*.

We believe our regulatory environment and our committee structure result in our Boards being more active in risk management oversight than the boards of corporations that are not, or that are not regulated as extensively as, financial institutions. The involvement of our committees in the Boards oversight function enhances our Boards effectiveness and leadership structure by providing opportunities for outside directors to become more familiar with FCB s critical operations and more engaged in the Boards activities with respect to risk management.

Attendance by Directors at Meetings

Board of Directors Meetings. Our Board of Directors met six times during 2014, including four joint meetings with FCB s Board. Our Corporate Governance Guidelines provide that directors are expected to regularly attend meetings of the Boards and of the committees on which they serve (subject to circumstances which make their absence unavoidable), to review materials provided to them in advance of meetings, and to participate actively in discussions at meetings and in the work of the committees on which they serve. Except as described below, each of our current directors attended at least 75% of the aggregate number of meetings of our Board and any committees of our Board on which he or she served. Due to administrative errors in scheduling, Mr. Bristow did not attend one of two meetings of FCB-SC s Board s separate Trust Committee held during the month following the Merger and, as a result, attended two

of a total of three meetings (one Board meeting and two FCB-SC Trust Committee meetings) held after his appointment.

Annual Meetings. Attendance by our directors at Annual Meetings of our shareholders gives directors an opportunity to meet, talk with and hear the concerns of shareholders who attend those meetings, and it gives those shareholders access to our directors that they may not have at any other time. In order to facilitate directors' attendance, we schedule our Annual Meetings on the same dates as regular meetings of the Board of Directors. Our

Board recognizes that our outside directors have their own business interests and are not our employees, and that it is not always possible for them to attend Annual Meetings. However, our Board believes that attendance by directors at our Annual Meetings is beneficial to us and to our shareholders, and our Corporate Governance Guidelines provide that our directors are strongly encouraged to attend each Annual Meeting. Twelve of our 13 directors then in office attended our last Annual Meeting, which was held during April 2014, and one director was unable to attend due to illness.

Communications with Our Board

Our Board of Directors encourages our shareholders to communicate their concerns and other matters related to our business, and the Board has established a process by which you may send written communications to the Board or to one or more individual directors. You may address and mail your communication to:

You also may send communications by email to *fcboardirectors@firstcitizens.com*. You should indicate whether your communication is directed to the entire Board of Directors, to a particular committee of the Board or its Chairman, or to one or more individual directors. All communications will be reviewed by our Corporate Secretary and, with the exception of communications our Corporate Secretary considers to be unrelated to our or FCB's business, forwarded to the intended recipients. Copies of communications from a customer of FCB or one of its subsidiaries relating to a deposit, loan or other financial relationship or transaction will be forwarded to the department or division most closely associated with the subject of the communication, with a copy to the Chairman of the Compensation, Nominations and Governance Committee, and to any particular director named in the communication.

Code of Ethics

Our Board of Directors has adopted three codes of ethics that apply separately to our and FCB's financial officers, directors, and employees, respectively. The code that applies to our financial officers is posted on FCB's Internet website at *www.firstcitizens.com/about/who-we-are/governance*. It covers our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer, Treasurer, and other senior financial officers who have primary responsibility for our financial reporting and accounting functions. Among other things, all three codes are intended to promote:

- honest and ethical conduct;
- the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in reports and documents that we file with the Securities and Exchange Commission and in other public communications we make;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the codes to the Board's Audit Committee; and
- accountability for adherence to the codes.

We have established a means by which officers, employees, customers, suppliers, shareholders or others may submit confidential and anonymous reports regarding ethical or other concerns about our company, FCB, or any of our respective employees. Reports may be submitted online through FCB's Internet website at www.firstcitizens.com/about/who-we-are/report-concerns. Anyone wishing to submit a report also may do so by calling (800) UREPORT (800-873-7678).

COMMITTEES OF OUR BOARDS

General

Our Board of Directors has three standing committees that assist the Board in oversight and governance matters. They are the Audit Committee, the Risk Committee, and the Compensation, Nominations and Governance Committee, each of which operates under a written charter approved by our Board that sets out the committee's composition, authority, duties

and responsibilities. We believe that each member of the Audit Committee and the Compensation, Nominations and Governance Committee is an independent director as that term is defined by Nasdaq's listing standards. A majority of the members of the Risk Committee are independent directors. A copy of the current charter of each of those three committees is posted on FCB's Internet website at www.firstcitizens.com/about/who-we-are/governance.

Our Board also has an Executive Committee, the current membership of which includes the Chairmen of our Audit Committee, Risk Committee, and Compensation, Nominations and Governance Committee. A majority of the members are independent directors. Under North Carolina banking law, FCB's Board of Directors is required to have an executive committee which meets as often as required by the Board, but at least once during each month in which the full Board does not meet. Our Executive Committee is a joint committee of our and FCB's Boards of Directors and meets each month in which there is no regularly scheduled Board meeting and at other times as needs arise. Under our and FCB's Bylaws, the Committee is authorized to exercise all the powers of the Boards in the management of our affairs when the Boards are not in session, subject to certain statutory limitations and the ability of the full Boards to limit the Committee's authority. The Committee met eleven times during 2014.

Members of the Audit Committee and the Compensation, Nominations and Governance Committee must satisfy requirements of Nasdaq's listing standards and other laws and regulations (including banking and securities laws and regulations) applicable to service on those committees, as well as any membership requirements specified in the committees' written charters. The current members of each of the above four committees are listed in the following table, and the functions of and other information regarding the Audit Committee, the Risk Committee, and the Compensation, Nominations, and Governance Committee, are described in the paragraphs below.

Lee Durham, Jr. Robert E. Mason IV Floyd L. Keels	Frank B. Holding, Jr. - Chairman Hope H. Bryant H. Lee Durham, Jr. Lucius S. Jones Robert T. Newcomb

(1) Mr. Hoppe was appointed as a director effective October 1, 2014 and he became a member of the Committee on December 1, 2014. Hubert M. Craig III served on the Committee until his resignation from the Board effective September 18, 2014.

(2) Mr. Keels was appointed as a director effective October 1, 2014 and he became a member of the Committee on October 28, 2014. Ralph K. Shelton served on the Committee until his resignation from the Board effective September 18, 2014.

The Audit Committee, Risk Committee and Compensation, Nominations and Governance Committee are required to meet at least quarterly, and they may meet more frequently as they and/or their Chairmen consider necessary. They also will meet when requested by the Chairman of the Boards or by our Lead Independent Director. In addition to their duties and responsibilities set forth in their charters, each committee is authorized to undertake such other duties and responsibilities within the scope of its primary functions as the committee or the Boards may from time to time deem necessary or appropriate. In discharging its duties, each committee may:

at its discretion and without the prior approval of management or the Boards, retain or obtain the advice of outside consultants or advisors (including legal counsel and other advisors), at our or FCB's expense, in accordance with procedures established from time to time by the committee, and oversee and approve all terms of the engagement of any consultants or advisors, including their fees or other compensation; conduct investigations and request and consider information (from management or otherwise) as the committee considers necessary, relevant, or helpful in its deliberations and the formulation of its recommendations;

seek any information from our or FCB's employees (each of whom is directed to cooperate with the committee's requests), or from external parties, and consult to the extent it deems appropriate with the Chairman of the Boards, the Chief Executive Officer, other officers or employees, the Lead Independent Director, and other directors; and

delegate any of its responsibilities to subcommittees or to individual members to the extent not inconsistent with other sections of its charter (including applicable independence requirements) or applicable laws or regulations.

Each committee member may rely on the advice, expertise and integrity of persons (including our and FCB's officers and employees) and organizations that provide information to the committee, and the accuracy and

completeness of the financial and other information provided to the committee, absent actual knowledge that such reliance is not reasonable or warranted. In the performance of each committee's responsibilities, each committee member (and the committee as a whole) is under a continuing duty to exercise independent judgment on an informed basis, in good faith, and in a manner each considers to be in our and FCB's best interests.

Audit Committee

Function. Our Audit Committee is a joint committee of our and FCB's Boards of Directors and met 15 times during 2014. In addition to being independent directors, under the Committee's charter all members must be able to read and understand fundamental financial statements, and at least two members must have banking or financial management expertise sufficient to comply with applicable regulations of the Federal Deposit Insurance Corporation. At least one member must have past employment experience in finance or accounting, professional certification in accounting, or other comparable experience or background, which results in that person's financial sophistication sufficient to comply with Nasdaq's applicable requirements.

In addition to its other duties and responsibilities under its charter, in general the Committee is responsible for:

- appointing, determining the compensation and terms of engagement of, and monitoring and overseeing the work, independence and performance of, our independent accountants and any other accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services;

- approving all audit and permitted non-audit services proposed to be provided by our independent accountants in accordance with approval policies and procedures adopted by the Committee from time to time;

- monitoring and overseeing the quality and integrity of our accounting and financial reporting process, and reviewing our annual audited and quarterly unaudited financial statements, and any significant accounting and financial reporting issues, with management and our independent accountants;

- monitoring our systems of internal controls regarding finance, accounting and associated legal compliance, and reviewing and discussing any deficiencies or material weaknesses in the design or operation of internal controls that could adversely affect our ability to record, process, summarize and report financial data;

- monitoring and overseeing the work of our internal audit program;

- fostering free and open communication among our independent accountants, management, internal audit department and the Boards; and

- monitoring our and FCB's compliance with laws, rules, regulations or other governmental or regulatory requirements as they affect accounting and financial processes and reporting, internal controls and auditing matters.

The Audit Committee also is responsible for establishing procedures for the receipt, retention and treatment of complaints from employees, customers, suppliers, shareholders or others related to accounting and financial processes and reporting, internal controls, and auditing matters, including procedures for the confidential, anonymous submission by employees of concerns regarding those matters, and for evaluating any fraud, whether or not material, that involves management or other employees who have a significant role in our internal controls. Also, under the Boards' written policy described below under the heading *TRANSACTION WITH RELATED PERSONS*, the Committee is responsible on an ongoing basis for the review and approval of certain transactions, arrangements or relationships with us or FCB in which one of our related persons has a material interest.

The Committee reviews various reports from our independent accountants (including their annual report on our audited consolidated financial statements), financial reports we file under the Securities Exchange Act of 1934, and reports of examinations by our regulatory agencies. Our General Auditor reports directly to our Audit Committee. At

least quarterly, the Committee reviews reports on the work performed by FCB's Corporate Finance Department. Our Chief Compliance Officer reports to the Committee regarding transactions with our related persons as well as all reports of suspicious activity filed by FCB.

Information regarding the process for and factors considered in the Audit Committee's selection of our independent accountants each year is contained under the heading *PROPOSAL 3: RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS*.

Audit Committee Financial Expert. H. Lee Durham, Jr., the Committee Chairman and one of our independent directors, is a retired partner in the accounting firm of PricewaterhouseCoopers LLP. He has 32 years of public accounting and audit experience, much of which involved financial institutions and other public companies. Our Board of Directors has designated Mr. Durham as the Committee's audit committee financial expert, as that term is defined by the rules of the Securities and Exchange Commission.

Audit Committee Report

This report is furnished by the Audit Committee, the members of which are named below.

Our management is responsible for our financial reporting process, including our system of internal controls and disclosure controls and procedures, and for the preparation of our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. Our independent accountants are responsible for auditing those financial statements. The Audit Committee oversees and reviews those processes. In connection with the preparation and audit of our consolidated financial statements for 2014, the Committee has:

reviewed our audited consolidated financial statements for 2014 and discussed them with our management; discussed with our independent accountants the matters required to be discussed by Auditing Standard No. 16 (*Communications with Audit Committees*), as adopted by the Public Company Accounting Oversight Board; received the written disclosures and letter from our independent accountants required by applicable requirements of the Public Company Accounting Oversight Board (PCAOB Rule 3526) regarding the accountants' communications with the Committee concerning independence; and discussed the independence of our independent accountants with the accountants.

Based on the above reviews and discussions, the Committee recommended to our Board of Directors that the audited consolidated financial statements be included in our 2014 Annual Report on Form 10-K as filed with the Securities and Exchange Commission.

The Audit Committee:

H. Lee Durham, Jr.

John M. Alexander, Jr.

Victor E. Bell III

Robert R. Hoppe

Risk Committee

Our Risk Committee is a joint committee of our and FCB's Boards of Directors and met nine times during 2014. Under its charter, and among other duties and responsibilities as may be assigned from time to time by the Boards, the Committee is directed to:

monitor and advise the Boards of Directors regarding our and FCB's risk exposures, including credit, market, liquidity, operational, compliance, legal, strategic and reputational risks;
review, approve and monitor adherence to our and FCB's risk appetite and supporting risk tolerance levels;
evaluate, monitor and oversee the adequacy and effectiveness of our and FCB's risk management framework, within which our management is responsible for defining and executing enterprise-wide risk management programs to ensure appropriate risk identification, measurement, aggregation and reporting;

monitor the work of and receive reports from management and our Enterprise Risk Oversight Committee (a staff committee of the Risk Committee) to ensure that risks are managed within approved risk tolerances; review and approve our and FCB's corporate policies on an annual basis to ensure that they are consistent with approved risk appetite and risk tolerance levels; and review reports of examination by and communications from regulatory agencies, and the results of internal and third party testing, analyses and reviews, related to our and FCB's risks, risk management, and any other matters within the scope of the Committee's oversight responsibilities, and monitor and review management's response to any noted issues.

The Risk Committee also oversees and reviews the results of our annual stress testing which we implemented during 2014 to gauge our capital adequacy under three macroeconomic scenarios set forth by the Federal Reserve Board.

Our Enterprise Risk Oversight Committee (the EROC), which is composed of our executive leadership and chaired by our Chief Executive Officer, reports directly to the Risk Committee. The EROC's function is to oversee our risk management framework, ensure that our business units implement processes to identify, evaluate and monitor their risks, and monitor performance relative to our risk appetite and tolerances approved by the Risk Committee. Subcommittees of the EROC include the Asset/Liability Committee, Compliance Risk Committee, Credit Risk Committee and Operational Risk Committee. Our Chief Risk Officer reports directly to the Risk Committee regarding the work of the Enterprise Risk Management Department and the other departments he oversees, including Corporate Security, Credit Risk Review, and Compliance. Our Chief Financial Officer, Chief Legal Officer, Chief Credit Officer and Chief Compliance Officer also make periodic reports to the Committee.

Certain matters within the scope of the Risk Committee's oversight responsibilities also may fall within the responsibilities of one of the Board's other committees. To minimize duplication of time and effort, the Risk Committee may defer to other committees with respect to any such specific matters, but it will consult with, and may request reports or information from, those other committees to ensure that those matters are adequately addressed within our and FCB's enterprise-wide risk management framework.

Compensation, Nominations and Governance Committee

Our Compensation, Nominations and Governance Committee is a joint committee of our and FCB's Boards of Directors. In addition to being independent directors under Nasdaq's listing standards, members of the Committee also must satisfy Nasdaq's heightened independence requirements for members of compensation committees. The Committee met ten times during 2014.

Nominations Function. In its role as our Board's nominations committee, the Committee makes recommendations to the Board regarding the selection of nominees for election as directors at our Annual Meetings, candidates for appointment to fill vacancies on the Boards, and candidates for appointment as the members and chairmen of the various committees of the Boards. Each year the Committee also makes recommendations to the Boards regarding the election of our and FCB's Chairman, Vice Chairman, Chief Executive Officer and President and a recommendation to our independent directors regarding their selection of a Lead Independent Director.

The Committee seeks to recommend Board candidates who have personal and professional integrity, sound judgment, and business acumen, who have the time, ability and commitment to make a constructive and meaningful contribution to the Boards, and who, with other directors, will effectively serve the long-term interests of our shareholders. Candidates also must satisfy applicable requirements of state and federal laws, rules and regulations (including banking regulations) for service as our directors. While our Corporate Governance Guidelines provide that directors are not restricted in their ability to serve on the boards of other companies, the Guidelines state our expectation that our directors' service as directors of other companies may not interfere with their ability to devote the time and attention required to fulfill their duties and responsibilities to us and our shareholders. Under our Bylaws, to be eligible for election and continued service as a director, a person must own at least 100 shares of our common stock, individually in his or her own name, jointly with his or her spouse, or in an account for his or her direct benefit. From time to time the Committee or our Board may develop other criteria or minimum qualifications for use in identifying and evaluating candidates to serve as directors. Our Board makes all final decisions regarding nominations.

In identifying potential candidates, the Committee considers incumbent directors as well as candidates who may be suggested by our management, other directors or shareholders. The Committee has not used the services of a third-party search firm. Shareholders who wish to recommend candidates to the Committee should send their recommendations in writing to:

Compensation, Nominations and Governance Committee

any additional information regarding the candidate that would be required to be included in our proxy statement pursuant to the Securities and Exchange Commission's Regulation 14A (including information about legal proceedings in which the candidate has been involved within the past ten years).

A shareholder's recommendation of a nominee for election at an Annual Meeting must be received by the Committee not later than the 120th day prior to the first anniversary of the date that our proxy statement was first mailed to our shareholders in conjunction with our preceding year's Annual Meeting. Recommendations submitted by shareholders other than in accordance with these procedures will not be considered by the Committee.

The Committee will evaluate candidates recommended by shareholders in a manner similar to its evaluation of other candidates. In identifying and recommending candidates for election or appointment, the Committee considers the size and composition of the Boards in light of our current and future needs and recommends candidates based on its assessment of, among other things: (1) business, professional, personal and educational background, skills, experience and expertise; (2) community leadership; (3) independence; (4) potential contributions to the Boards that are unusual or unique; (5) knowledge of our organization and our and FCB's respective operations; (6) personal financial interest in our and FCB's long-term growth, stability, and success; (7) the performance and past and future contributions of our current directors, and the value of continuity and prior Board experience; (8) the existence of one or more vacancies on the Boards; (9) our need for directors possessing particular attributes, skills, experience or expertise; (10) the role of directors in FCB's business development activities; (11) diversity; and (12) other factors that it or our Boards consider relevant, including any specific qualifications that may be adopted from time to time.

While the Committee and our Boards recognize the benefits derived from boards composed of individuals who bring different attributes, experiences, and perspectives to the Boards' deliberations, they do not consider diversity for the sake of diversity to be a basis for the nomination, election or appointment of a director, and they have not adopted any

written or mandatory diversity policy or criteria applicable to the director nominations process. Accordingly, in evaluating and selecting nominees, diversity is but one of the multiple factors considered by the Committee and the Board. For these purposes, they consider diversity to encompass a variety of characteristics of candidates, including, by way of example, academic background, business experience, geographic location within our banking markets, gender and race.

For 2015, the Committee recommended to our Board of Directors that our current directors listed above under the caption "Nominees" be nominated for re-election for new terms of office.

Governance Function. In its role as our Board's governance committee, and among its other governance-related responsibilities, the Committee:

- evaluates and makes recommendations to the Boards concerning our governance structure, the number, size, composition and responsibilities of committees of the Board, and committee membership rotation practices; annually reviews our Corporate Governance Guidelines and recommends for our Board's approval any changes that it considers necessary or advisable;

- establishes the knowledge, skills, experience, qualifications and performance criteria for members and committees of the Boards in accordance with our strategic needs, our Corporate Governance Guidelines, applicable laws, regulations and standards, and other criteria or minimum qualifications as the Committee may recommend;

- annually reviews our Directors Code of Ethics (the "Director Code"), reviews directors' compliance with the Director Code, evaluates and makes recommendations to the Boards concerning any request for a waiver from the Director Code, and oversees our management's processes and procedures for enforcement of the Director Code;

- coordinates and facilitates an annual self-evaluation by the Boards of their performance, and reports the results of the self-evaluations to the Boards;

- with the Chairman of the Boards and our Corporate Secretary, develops an orientation program for new directors and continuing education opportunities for incumbent directors;

- oversees our efforts to effectively communicate with shareholders, including communications in connection with our Annual Meetings; and

- makes recommendations to the Boards as appropriate regarding succession planning for key Board positions, our Chief Executive Officer and President, and other key positions as the Boards may request.

As provided in our Corporate Governance Guidelines and described above under the caption "CORPORATE GOVERNANCE Director Independence," our Board also has directed the Committee to assess each outside director's independence and report its findings in connection with the Board's annual review of transactions, relationships and other arrangements involving our directors and determination of which of the directors the Board considers to be independent. Between those annual determinations, on an ongoing basis the Committee is directed to monitor the status of each director and inform the Board of changes or events that may affect a director's ability to exercise independent judgment.

Compensation Function. In its role as the joint compensation committee of the Boards, the Committee reviews and provides overall guidance to the Boards regarding our executive compensation and benefit programs. Under its charter, the Committee is directed to establish our overall compensation philosophy and determine the overall risk profile of our compensation program and practices, and to review, at least annually, all of our and FCB's compensation plans, including all incentive and variable pay plans within specific divisions of FCB, to (1) determine whether there are potential areas of risk that reasonably could be expected to have a material adverse effect on our business and financial results, and (2) ensure continuing oversight and mitigation of risk within our and FCB's compensation practices. Among its other duties, the Committee administers and approves all grants and payments of awards under FCB's Long-Term Incentive Plan (the "LTIP"), and it makes recommendations to the Boards regarding all other executive compensation matters, including:

- amounts of cash and other compensation paid or provided to, and the adoption of or revisions to compensation, incentive, retirement, or other benefit plans that affect, our and FCB's Chief Executive Officer

and other executive officers; and

at the request of the Boards, amounts of cash and other compensation paid or provided to, and the adoption of or revisions to compensation, incentive, retirement, or other benefit plans that affect, other individually named officers or employees.

After receiving the Committee's recommendations, the Boards make all final decisions on those other compensation matters. The Committee also reviews and makes recommendations to the Boards regarding amounts of compensation paid or provided to our directors.

In its review and consideration of compensation matters, the Committee works closely with our Chief Human Resources Officer and her staff. In considering compensation to be paid to our directors and our executive officers named in the Summary Compensation Table below, the Committee considers information provided by our Chairman and Chief Executive Officer, including, in the case of officers other than himself, information about those officers individual performance and his recommendations as to their compensation.

The Committee may retain the services of consultants or other advisors at our or FCB's expense, and under its charter the Committee is directly responsible for the appointment, compensation, terms of engagement and oversight of the work of its consultants and advisors. Since 2013, the Committee has retained the services of Pay Governance, LLC, which is a national executive compensation consulting firm.

Following its initial engagement by the Committee, Pay Governance met with members of executive management to assess our compensation philosophies and environment, conducted market and peer analyses relating to our executive officer positions, and met with the Committee to share its findings and discuss our compensation policies and structure. The Committee asked Pay Governance to prepare suggestions for executive compensation structures, including incentive compensation, aligned with the interests of our shareholders and which would provide competitive compensation levels and permit us to attract and retain talented management. Following discussions with our Chief Executive Officer and other members of executive management, Pay Governance met with the Committee and presented its market and peer analyses of our executive officer compensation, by positions, and our director compensation, and its initial recommendations for a revised compensation structure for executive officers that included an element of incentive compensation. Pay Governance participated in a later meeting during early 2014 at which the Committee approved recommendations to our Boards for 2014 executive salary levels and 2014 director compensation, and at which the Committee discussed implementation of a long-term incentive program for executive officers. Pay Governance also participated in a meeting at which the Committee approved a recommendation that the Boards approve FCB's Long-Term Incentive Plan (the LTIP, which is described in this proxy statement under the caption *EXECUTIVE COMPENSATION* Incentive Compensation) and approved the initial grant of staggered awards under the LTIP, subject to approval of the Plan by the Boards and shareholders. Our Board approved the LTIP and submitted it for approval by our shareholders at the 2014 Annual Meeting.

With respect to the Committee's executive compensation decisions for 2015, after discussions with the Chairman and Chief Executive Officer, in early January Pay Governance met with the Committee to share its findings from the 2014 market and peer analyses for executive and director compensation, and it made recommendations for appropriate levels and elements of compensation for our executive officers for 2015, including amounts of executive salaries, and awards ultimately granted by the Committee during 2015 under the LTIP, as well as the compensation of our directors. Pay Governance also consulted with the Committee regarding the Committee's determination of payments during 2015 for LTIP awards granted during 2014 for the 2014 one-year performance period. However, other than in a consulting and advisory capacity as described above, Pay Governance has no role in the Committee's compensation decisions or recommendations made by the Committee to the Boards. Pay Governance has assisted in the preparation and review of the Committee's discussion of our executive compensation program included below under the heading *COMPENSATION DISCUSSION AND ANALYSIS*. Additional information about Pay Governance's work with the Committee is contained under that heading.

Pay Governance was retained as the committee's independent consultant and, during 2014, did not provide other services for us or FCB. In accordance with Nasdaq's listing requirements, each year the Committee reviews various factors (including the factors described in rules of the Securities and Exchange Commission) that may pose a conflict of interest on the part of its consultants and advisors as well as their individual representatives who provide services to the Committee. No conflict of interest was identified in the most recent review regarding Pay Governance.

In the future, the Compensation, Nominations and Governance Committee will review its engagement of Pay Governance each year, and the Committee may, if it chooses, request and consider proposals from other consulting

firms and/or engage different consultants at any time.

Effect of Risk Management on Compensation

The Compensation, Nominations and Governance Committee regularly reviews our compensation philosophy and practices to determine the overall risk profile of our compensation program. As a part of that risk oversight process, on

an annual basis the Committee reviews all of our and FCB's compensation plans, including all incentive and variable pay plans within specific divisions of FCB, to identify any potential risks that reasonably could be expected to have a material adverse effect on our business and financial results, and to ensure continuing oversight and mitigation of risk within our compensation practices. At the request of the Risk Committee, the Compensation, Nominations and Governance Committee will make reports or provide information regarding matters relevant to the Risk Committee's oversight responsibilities for our enterprise risk management framework.

Some of our executive officers participate in FCB's LTIP, and certain business units and divisions within FCB have incentive and variable pay plans that have unique structures, goals and reward levels in which other officers and employees participate. The Committee believes that, as currently administered, the LTIP is focused on performance goals that are aligned with our shareholders' interests, that none of those other plans provide for award levels that are over-weighted to a specific business unit or service, and that a majority of those incentive plans have maximum payments or payout caps that the Committee believes protect our organization. Based on its most recent review, the Committee believes our and FCB's current plans present no material risk elements that reasonably could be expected to have a material adverse effect on our business and financial results.

EXECUTIVE SUMMARY
Business Highlights

For the year ended December 31, 2014, our net income totaled \$138.6 million, or \$13.56 per share, a decrease from \$166.9 million, or \$17.35 per share, during 2013. The \$28.3 million, or 17.0 percent, decrease in net income during 2014 primarily resulted from the continued decline in FDIC-assisted portfolio earnings offset by the net income contribution from the Bancorporation merger, including a \$29.1 million gain on Bancorporation shares of stock we owned, the impact of lower credit costs, improved investment yields, and loan growth within the originated portfolio. Our return on average assets decreased to 0.57 percent during 2014, compared to 0.78 percent during 2013. Our return on average shareholders' equity was 6.14 percent and 8.62 percent for the respective periods.

Bancorporation Merger On October 1, 2014, we completed our merger with Bancorporation and recorded at fair value as of the acquisition date loans of \$4.49 billion, investment securities of \$2.01 billion, assumed deposits of \$7.17 billion, goodwill of \$4.2 million, and \$88.0 million in core deposit intangibles.

Loan Growth Loan growth continued during 2014, as total loans increased \$5.64 billion, reflecting strong originated portfolio growth of \$1.30 billion and the contribution of \$4.49 billion from the Bancorporation merger.

Acquired Loans Decline Loan balances acquired under FDIC-assisted transactions and through the January 1, 2014 1st Financial Services Corporation (1st Financial) merger continue to decline, down \$120.5 million to \$908.9 million at December 31, 2014, due to pay-offs and resolution of problem assets.

Asset Quality Remains Strong As of December 31, 2014, our nonperforming assets, including nonaccrual loans and other real estate owned (OREO), totaled \$170.9 million, or 0.9 percent of total loans and leases plus OREO, compared to \$165.6 million, or 1.3 percent, at December 31, 2013. The improvement in the ratio was due to a \$4.2 million reduction in nonaccrual loans and a \$5.65 billion increase in total loans and leases and OREO from December 31, 2013, primarily resulting from the Bancorporation merger and 1st Financial acquisition. Of the \$170.9 million in nonperforming assets at December 31, 2014, \$30.7 million and \$11.6 million represents OREO from the Bancorporation merger and 1st Financial acquisition, respectively, which were recorded at fair market value at the acquisition date. Net charge-offs on originated loans totaled \$12.3 million and \$25.8 million for the full year of 2014 and 2013, respectively. Net charge-offs on FDIC-assisted loans totaled \$17.3 million in 2014, compared to \$34.9 million for the same period of 2013.

FDIC-assisted Transactions Continue to Impact Earnings Significant acquisition related variances affecting earnings included:

- i Loan accretion income totaled \$95.6 million during 2014 compared to \$224.7 million during 2013, declining due to repayments and resolutions;
- i For 2014, we recorded a \$14.6 million credit to FDIC-assisted loan provision expense, compared to a credit to provision expense of \$51.5 million during 2013; and
- i For 2014 and 2013, FDIC receivable adjustments reduced noninterest income by \$32.2 million and \$72.3 million, respectively.

Liquidity Strength Our liquidity position continues to be very strong. As of December 31, 2014, we had more than \$4.29 billion in cash and securities that could easily be converted to cash.

Well Capitalized We remained well capitalized with a Tier 1 leverage ratio of 8.91 percent, Tier 1 risk-based capital ratio of 13.61 percent, and total risk-based capital ratio of 14.69 percent at December 31, 2014.

On October 1, 2014, we acquired First Citizens Bancorporation, Inc. (Bancorporation), and its bank subsidiary, First Citizens Bank and Trust Company, Inc. (FCB-SC), in a merger transaction (the Merger). On January 1, 2015, FCB and FCB-SC were combined into one bank. The combined FCB now operates more than 570 branches in 18 states and the District of Columbia, adding more than 175 locations in South Carolina and Georgia to our existing branch network. We are currently the largest family-controlled bank in the nation and the sixth-largest bank franchise

headquartered in the Southeast.

Executive Compensation Highlights

The Committee has continued to take significant action to develop performance-based components of executive compensation and improve the overall effectiveness of the program. During 2014, the Committee again engaged Pay Governance LLC to evaluate our executive compensation components and assist the Committee in creating a program

that is both fair and effective. Following this review, the Committee made the following decisions for 2014 and 2015 compensation components:

2014 Base Salaries The Committee recommended no increases in base salaries for the NEOs for 2014, and it approved discretionary cash bonuses for selected executive officers based on 2013 individual and company performance which were paid in 2014.

2015 Base Salaries The Committee recommended minor increases in base salaries averaging less than 1 percent for select NEOs for 2015. Our Chief Executive Officer did not receive an increase for 2015.

2014 Long-Term Incentive Plan Grants During 2014, the Committee and our Board recommended, and our shareholders approved, a performance-based Long-Term Incentive Plan under which cash incentive awards may be granted by the Committee which may be earned over stated performance periods based on the extent to which performance objectives set by the Committee are met; and the Committee granted initial staggered awards under the Plan tied to growth in the tangible book value (TBV) per share of our common stock plus cumulative dividends paid per share on the stock over performance periods of one, two and three years.

2015 Award Payments and Grants During 2015, the Committee approved payment of the one-year initial awards granted during 2014 under the Long-Term Incentive Plan, and it approved the grant of new awards under the Plan.

We continue to not maintain change of control agreements with any of our NEOs, nor provide any equity-based awards.

Consideration of Last Year's Say on Pay Vote

At each Annual Meeting since 2011, our shareholders have voted on a non-binding advisory proposal (a say-on-pay proposal) to approve the compensation of our NEOs as described in the proxy statement for that meeting. In prior years, and at our 2014 Annual Meeting, our shareholders overwhelmingly approved the proposal with over 98% of the votes entitled to be cast on the proposal with respect to shares present in person or represented by proxy at each meeting being cast for approval. Among other factors described in this discussion, the Committee considered the voting results on those proposals in connection with its reviews and decision-making process during 2014 and in the setting of executive officer compensation for 2015.

Another say-on-pay proposal will be submitted for a vote of our shareholders at the 2015 Annual Meeting. At our 2011 Annual Meeting, our shareholders considered a say-on-frequency proposal in which they could indicate whether they preferred that we hold future say-on-pay votes every year, once every two years, or once every three years. The majority of votes cast favored a say-on-pay vote every three years. However, following that meeting, our analysis of the voting indicated that a number of shareholders appeared to prefer that a vote be held every year. As a result, based on the recommendation of the Committee, our Board of Directors has indicated that it intends to submit say-on-pay proposals for a vote of shareholders on an annual basis until the next required say-on-frequency vote by shareholders (the 2017 Annual Meeting), or until the Board determines that a different frequency is appropriate. Going forward, the results of voting on say-on-pay proposals at each Annual Meeting, as well as any feedback received by the Committee from shareholders outside the voting process, will be taken into consideration each year in the Committee's continuing evaluation of our executive compensation plans, policies and practices and in its decisions regarding executive compensation.

Our Executive Compensation Philosophy and Objectives

Our executive compensation program is administered by the Committee. The Committee endeavors to both align our executive officers' compensation with our long-term business philosophy and achieve our objectives of:

rewarding year-over-year performance and long-term loyalty;
balancing business risk with sound financial policy and shareholder safety, and aligning the interests of our executive officers with those of our shareholders;
enabling FCB to attract and retain qualified executive officers; and
providing compensation to our executive officers that is competitive with comparable financial services companies.

Because we do not provide any equity-based compensation to our executive officers, we do not have stock ownership requirements or guidelines for executive officers. However, as discussed elsewhere in this proxy statement,

our Board of Directors, upon the recommendation of our Audit Committee, has adopted a policy that prohibits our executive officers from hedging, or pledging as collateral for any loan, any shares of our common stock they own, subject to exceptions for certain pledges approved by our Audit Committee following a review of relevant factors and for certain grandfathered pledges. For purposes of the policy, a hedge means any financial instrument, derivative transaction or trading strategy designed to hedge or offset any decrease in the market value of our stock, such as a covered call, collar, prepaid variable forward sale contract, equity swap, exchange fund or similar transaction.

The Process of Evaluating Executive Officer Compensation

Each year in January, the Committee reviews total compensation paid or provided to our executive officers, considers changes in the executive officers' base salaries, and makes recommendations to the Boards of Directors for salary increases to our and FCB's executive officers for the year following our next Annual Meeting. Each year the Committee also will approve payments and the grant of new awards under the Long-Term Incentive Plan. After receiving the Committee's recommendations, the Boards approve all executive officer compensation, with the exception of payments and awards under the Long-Term Incentive Plan which are the responsibility of the Committee. In reviewing executive officer compensation, the Committee considers:

- the scope of the officers' responsibilities;
- market analyses provided by the Committee's independent consultant that compare our executive officers' salaries to compensation paid to persons in each officer's position in similar financial services organizations;
- our overall financial and operating performance;
- general individual performance; and
- internal equity of our executive officers' current compensation.

In setting compensation paid to our executive officers for 2014, the Committee retained the services of Pay Governance LLC as its independent compensation consultant. As part of their services Pay Governance prepared market analyses for the Committee comparing our executives' then current compensation rates to the market median compensation paid by similar financial services organizations to their officers in similar positions. The analyses focused on:

- base salary;
- total cash compensation (which included base salary and target annual incentive awards); and
- total direct compensation (which included total cash compensation and the expected value of long-term incentives).

For purposes of the market analyses, Pay Governance used Towers Watson's Financial Services Executive Compensation Database, which includes pay data for nearly 200 financial services industry companies. Our executive positions were compared to similar positions in similarly sized organizations. Statistical regression analyses were also performed to size-adjust the survey data to achieve a close correlation with our total asset scope, providing a more accurate view of the market data.

To further assist the Committee in understanding the compensation marketplace in which we compete, publicly available proxy-reported data were also reviewed for a group of industry peer companies consisting of 19 publicly traded financial institutions that have assets between \$15 billion and \$70 billion and that primarily concentrate on retail and business banking operations headquartered in the United States.

Our peer companies used in making pay decisions for 2014 consisted of the following 19 companies:

Associated Banc-Corp
BOK Financial Corporation
City National Corporation
Commerce Bancshares, Inc.
Cullen/Frost Bankers, Inc.
East West Bancorp, Inc.

First Horizon National Corporation
First Niagara Financial Group, Inc.
FirstMerit Corporation
Fulton Financial Corporation
Hancock Holding Company
Huntington Bancshares, Inc.
Susquehanna Bancshares, Inc.

Synovus Financial Corp.
TCF Financial Corporation
Valley National Bancorp
Webster Financial Corporation
Wintrust Financial Corporation
Zions Bancorporation

The Committee generally compares the compensation of each NEO in relation to the 50th percentile of the peer group for similar positions. In addition, the Committee takes into account various factors such as our performance within the peer group, the unique characteristics of each individual's position, and any succession and retention considerations. In general, compensation levels for an executive officer who is new to a position tend to be at the lower end of the competitive range, while seasoned executive officers with strong performance who are viewed as critical to retain would be positioned at the higher end of the competitive range. Generally, differences in the levels of total direct compensation among the NEOs are driven primarily by the scope of their responsibilities, market data for similar positions, and considerations of internal equity.

EXECUTIVE COMPENSATION COMPONENTS

For 2014, our executive compensation program included the following elements:

Compensation Component	Component Elements	Purpose	Component Risk Profile
Base Salary	Cash	To provide fixed annual compensation that is comparable with other financial institutions and helps attract and retain associates.	Low
Long-Term Incentive Plan	Performance-based cash	To promote a closer identification of the interests of participants with company interests and the interests of shareholders and to stimulate efforts to enhance efficiency, profitability, growth and value.	Low
Retirement Benefits	Defined benefit pension plans	To provide competitive levels of retirement income for all employees.	Low
	Matching and profit-sharing contributions to Section 401(k) defined contribution plans		
Non-qualified Separation from Service Agreements	Cash	To retain and reward the long-term loyalty of certain key decision makers, and to assure their continued loyalty following a separation from service.	Low
	Death Benefit		
Perquisites	Installation and monitoring of home security systems	To provide limited personal benefits to certain executive officers in furtherance of our risk management program and for the officers convenience.	Low
	Staff services for personal affairs		
	Limited other personal benefits provided from time to time		
Base Salaries			

Base salaries have historically represented the primary component of our executive compensation program. In making its recommendations regarding 2014 and 2015 base salaries for our NEOs, the Committee considered various factors, including our 2013 and 2014 financial and operating performance.

Our Chairman and Chief Executive Officer did not receive an adjustment in base salary for 2014 or 2015. Consideration of 2014 and 2015 adjustments in his base salary rate took into account the discretionary cash bonus paid to him for 2013 performance and the new long-term incentive opportunities provided to him under awards granted in 2014 under the new Long-Term Incentive Plan.

In considering its recommendations for increases for 2014 and 2015 in the base salaries of our other NEOs, the Committee took into account their 2013 and 2014 total compensation, the market analyses prepared by Pay Governance, and information provided by our Chairman and Chief Executive Officer, including his assessment of those officers

individual performance and his recommendations as to their compensation. The Committee also considered the discretionary cash bonuses paid to them for 2013 performance and the new long-term incentive opportunities under awards granted to them in 2014 under the Long-Term Incentive Plan.

The following table shows the base salary rates and percentages of salary increases for our Chairman and Chief Executive Officer and certain of our other NEOs for 2013, 2014 and 2015. Mr. McCoy and Mr. F. Holding are not included in the table because they retired during 2014 and are no longer employed. As part of the effort to move to a more performance-based compensation structure, the Committee did not recommend any salary increases for NEOs for 2014, and only minimal increases for certain NEOs other than our Chairman and Chief Executive Officer for 2015, and, as part of this transition, it approved discretionary cash bonuses for 2013 and, beginning in 2014, award grants under the new Long-Term Incentive Plan. Those 2013 discretionary bonuses are listed in the Summary Compensation Table on the 2013 line of the Bonus column, and the long-term incentives are discussed below under the caption Long-Term Incentives. The 2013 and 2014 base salary rates in the table reflect the listed officers' annual base salary rates approved by the Boards that became effective on April 1 of each year. Because those base salary rates did not become effective until April 1, the salary rates for 2013 are higher than the dollar amounts of base salaries the officers actually received during 2013 as listed in the Summary Compensation Table.

	2013 Base Salary Rate	Percentage Increase	2014 Base Salary Rate	Percentage Increase	2015 Base Salary Rate
Frank B. Holding, Jr.					
Chairman and Chief Executive Officer	\$ 955,000	0%	\$ 955,000	0%	\$ 955,000
Craig L. Nix (1)					
Chief Financial Officer	N/A	N/A	500,000	1.00%	505,000
Hope H. Bryant					
Vice Chairman	625,000	0%	625,000	0.80%	630,000
Edward L. Willingham IV					
Chief Operating Officer	625,000	0%	625,000	0.80%	630,000
Peter M. Bristow (1)					
President	N/A	N/A	625,000	0.80%	630,000

(1) Mr. Nix's and Mr. Bristow's 2014 salaries are annualized amounts. They were first employed by FCB on October 1, 2014, upon the completion of the Merger. The actual amounts of salary paid to them by FCB during 2014 following the Merger are reflected in the Salary column of the Summary Compensation Table.

Discretionary Bonuses

In previous years, our Chairman and Chief Executive Officer occasionally has recommended, and the Committee has

considered, payment of a discretionary cash bonus to one or more individual executive officers based on particular performance and achievements or other factors related to the retention of motivated and talented executive officers. With the exception of payments to former officers of Bancorporation and FCB-SC as described below, FCB paid no discretionary bonuses for 2014 performance to any of the NEOs.

As described in this proxy statement under the caption *EXECUTIVE COMPENSATION* Discretionary Bonuses, prior to the Merger FCB-SC had a Long Term Compensation Plan (the LTCP) under which discretionary cash bonuses were awarded each year to selected salaried associates of FCB-SC and Bancorporation for individual and bank-wide performance during the preceding year. The LTCP has been terminated, and no new awards will be made under it for performance for 2014 or any future year. However, during 2012, 2013 and 2014, FCB-SC's board of directors approved awards for performance during 2011, 2012 and 2013 which, subject to continued employment requirements, were payable on a deferred basis in 2015, 2016 and 2017, respectively. In connection with the Merger, FCB agreed to assume FCB-SC's obligation to make those deferred payments to LTCP participants for their previously-approved awards, including awards granted by FCB-SC to Mr. Nix and Mr. Bristow. During February 2015, FCB paid the awards that became payable in 2015. The Committee had no discretion regarding the amounts or timing of the payments. The amounts paid to Mr. Nix and Mr. Bristow are listed on the 2014 line of the Bonus column of the Summary Compensation Table.

Long-Term Incentives

FCB's Long-Term Incentive Plan (LTIP). During 2014, and as part of the effort to move to a more performance-based compensation structure, the Committee and our Board recommended, and our shareholders approved, a performance-based LTIP to reinforce the link between the long-term interests of our executive officers and our shareholders, and to motivate and reward executive officers for their contributions toward achieving our long-term business objectives. Cash incentive awards may be granted by the Committee under the LTIP which may be earned over stated performance periods based on the extent to which performance objectives set by the Committee are met.

During February 2014, the Committee granted three initial awards under the LTIP to each participant, including awards to each of Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham. Mr. Nix, Mr. Bristow and Mr. F. Holding did not receive any awards under the LTIP during 2014. In order to transition into the new LTIP, the initial awards were staggered, with one-year, two-year and three-year performance periods commencing January 1, 2014, with the expectation that, following the transition, future awards likely would cover three-year performance periods. Under the awards, a percentage (the Award Percentage, which could exceed 100%) of the target amount of each award could be earned at the end of its performance period based on the rate of growth in the tangible book value (TBV) of our common stock plus cumulative dividends per share paid over the performance period that applies to that award (the TBV+D Growth Rate). The TBV+D Growth Rate is determined according to the following formula:

$$\frac{\text{(Ending TBV minus Beginning TBV) plus cumulative dividends}}{\text{Beginning TBV}}$$

Beginning TBV

Beginning TBV is established at the beginning of the relevant performance period, while Ending TBV is established at the end of the relevant performance period. The Committee believes that book value per share is a key metric in valuing banks, insurance companies, and investment firms and is closely followed by investors. The threshold, target and maximum performance levels set by the Committee for the one-year awards (2014 performance period) were TBV+D Growth Rates of 3.5%, 7.5% and 12.0%, which would result in Award Percentages of 50%, 100% and 125%, respectively, of the target awards.

During January 2015, the Committee approved payments to Mr. F. Holding, Jr., Mr. McCoy (a *pro rata* amount as a result of his retirement during 2014), Mrs. Bryant and Mr. Willingham for the one-year awards previously granted to them for the 2014 performance period. After the elimination of extraordinary and nonrecurring items during 2014 as contemplated by the terms of the LTIP, the Committee determined that our adjusted TBV+D Growth Rate for the 2014 performance period resulted in an Applicable Percentage of 78.9% of target awards and it approved payments at that level, which are listed on the 2014 line of the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. No payments were made to Mr. Nix, Mr. Bristow or Mr. F. Holding under the LTIP. A listing of the awards granted during 2014, and additional information regarding the LTIP and the payments approved by the Committee for 2014, is provided in the *GRANT OF PLAN-BASED AWARDS* table and the narrative discussion that follows it.

During January 2015, the Committee also approved the grant of new awards to selected executive officers under the LTIP. The awards granted to Mr. F. Holding, Jr., Mrs. Bryant and Mr. Willingham are for a three-year performance period. Mr. Nix and Mr. Bristow had not previously received awards under the Plan. Mr. Nix received transitional awards and a three-year award, while Mr. Bristow received a three-year award. The new awards are expressed as percentages of the officers' salaries and, as was the case with the 2014 awards, may be earned based on our TBV+D Growth Rate during the performance periods in comparison to goals set by the Committee at threshold (i.e. minimum), target and stretch levels corresponding to payout opportunities that range from 50% to 125% of the target awards. In setting the percentages, the Committee attempted to provide the NEOs with aggregate amounts of salary

and incentive opportunity it considered appropriate based on the market analyses of total compensation for officers of other companies in similar positions as our NEOs. The Committee believes that the performance goals set for the awards are reasonably achievable at the threshold level, but that there is a low probability that we will reach the stretch level of performance during any performance period.

The following table lists amounts that could be paid to our listed NEOs at each performance level under awards granted to them during 2015.

Name	Amount of Award Paid at Specified Performance Levels				
	Performance Period		Threshold Level	Target Level	Stretch Level

Edward L. Willingham IV	2015	2017	265,625	531,250	664,062

FCB-SC's Senior Executive Management Incentive Plan (SEMIP). Prior to the Merger, FCB-SC's SEMIP provided annual cash incentive compensation for key officers of Bancorporation and FCB-SC. Under the SEMIP, each participant was eligible to receive an award of up to a stated percentage of his or her base salary as of the last day of the calendar year based on the degree of achievement of a weighted combination of corporate and individual goals established for the year in advance by FCB-SC's compensation committee. Payments of earned awards were made following the end of each plan year upon approval of the committee and Bancorporation's and FCB-SC's boards of directors. In connection with the Merger, FCB assumed FCB-SC's obligation to pay to SEMIP participants (including Mr. Nix and Mr. Bristow) the amounts of awards granted to them by FCB-SC in April 2014, prior to the Merger, which were earned for performance during 2014. The maximum amounts and timing of Mr. Nix's and Mr. Bristow's awards were approved by FCB-SC's compensation committee and board of directors prior to the Merger, and our Committee had no discretion regarding those matters. However, in order to discharge FCB-SC's obligations assumed by FCB in the Merger, after confirming the extent to which corporate goals and Mr. Nix's and Mr. Bristow's individual goals for 2014 had been met, the Committee approved payment to them of 100% of their awards. Mr. Nix's and Mr. Bristow's awards are listed and described in the *GRAND PLAN-BASED AWARDS* table and the narrative discussion regarding the SEMIP that follows it, and the payments FCB made to those officers are listed on the 2014 line of the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Retirement Plans

We provide retirement benefits to our officers and employees under the following qualified plans:

- two defined benefit pension plans, including our plan and a separate plan previously maintained by FCB-SC which, in connection with the Merger, FCB agreed to maintain and administer to provide benefits to FCB-SC's former officer and employees, including those who became FCB's officers and employees;
- a Section 401(k) defined contribution plan; and
- an enhanced Section 401(k) defined contribution plan.

While FCB-SC's pension plan remains in effect, FCB-SC's Section 401(k) plans were merged into FCB's corresponding plans in connection with the Merger, and the plan accounts of FCB-SC's employees became accounts under our plans.

During 2007, our Board approved changes to our retirement plan program. These changes were recommended by a special committee of the Board and were designed to reduce the volatility of our pension plan expense, while preserving the competitive retirement benefits we provide to our associates. FCB-SC's board of directors approved similar changes to FCB-SC's retirement plan program. The changes by both companies included the retention of pension and Section 401(k) plans as they existed at the time the changes were made (now referred to as the legacy plans), and the addition of enhanced Section 401(k) plans. New associates hired after the changes were made would participate only in the enhanced Section 401(k) plans and would not become participants in the pension plans. Eligible associates hired by FCB or FCB-SC on or before specified dates made one-time elections to:

continue to participate in their legacy pension and Section 401(k) plans; or

participate only in the enhanced Section 401(k) plans rather than the legacy Section 401(k) plans, in which case they would continue to be participants in the pension plans, but their pension plan benefit service would be frozen and no further benefits would accrue.

Our former Executive Vice Chairman, Mr. F. Holding (who already had the maximum number of years of service that could be counted under our pension plan and, as indicated below, had begun receiving benefits under that plan) elected to participate in the enhanced Section 401(k) plan. All other NEOs, including Mr. P. Bristow and Mr. C. Nix, elected to remain in the legacy plans.

A brief description of our qualified plans is set forth in the table below.

Benefit	Description
FCB and FCB-SC Defined Benefit Pension Plans Legacy Section 401(k) Defined Contribution Plan <i>(for associates electing to continue participation in the defined benefit pension plans)</i>	Provides a monthly retirement benefit based on a formula that takes into account a participant's compensation covered by the plan and his or her years of service
Enhanced Section 401(k) Defined Contribution Plan <i>(for associates not participating in the defined benefit pension plans)</i>	Provides a matching employer contribution to each participant's account of up to 4.5% of the participant's eligible compensation, but not more than \$11,700
	Provides a matching employer contribution to each participant's account of up to 6% of the participant's eligible compensation (the 2014 maximum matching contribution was \$15,600). In addition, a profit sharing contribution is made to each participant's account equal to 3% of the participant's eligible compensation (the 2014 maximum profit sharing contribution was \$7,800)
Further information about the terms of FCB's and FCB-SC's pension plans (including the calculation of benefits under the plans), as well as our legacy and enhanced Section 401(k) plans (including the calculation of matching contributions), is contained in this proxy statement below under the caption <i>EXECUTIVE COMPENSATION</i> Retirement Benefits and Separation from Service Payments.	

Because Mr. F. Holding beneficially owns more than 5% of our voting stock, federal law required that he begin to receive distributions from the pension plan and Section 401(k) plan when he reached age 70 ½.

Non-Qualified Separation from Service Agreements

FCB has entered into non-qualified separation from service agreements with certain of its executive officers that provide for payments to them for a period of ten years following a separation from service that occurs no earlier than an agreed-upon age. Mr. Nix and Mr. Bristow are parties to substantially similar agreements which were originally entered into between them and FCB-SC and which FCB assumed in connection with the Merger. The agreements are intended to help us retain and reward the long-term loyalty of key officers within our organization, and to assure their continued loyalty following a separation from service. Because payments will be made to the officers only if they continue in FCB's employment until their agreements vest, the Committee believes the agreements are consistent with our objective of encouraging and rewarding long-term loyalty. The Committee also believes the additional long-term benefit provided to these executive officers under the agreements helps to make our compensation program more competitive given that we have not historically provided equity-based compensation under which the executive officers can build wealth, and we have only recently begun paying long-term incentives. No payments are made under the agreements until there is a separation from service and, in return for payments, each officer under FCB's

agreements is obligated to provide limited consultation services to, and not to compete against, FCB during the payment period. Further information about the terms of the agreements is contained in this proxy statement below under the caption *EXECUTIVE COMPENSATION* Retirement Benefits and Separation from Service Payments.

Our Chairman and Chief Executive Officer recommends officers to the Committee to be considered for an agreement, and he recommends the amount of monthly payments for each officer's agreement. The Committee

considers those recommendations in the context of the officers' positions and other compensation and, if it concurs, it recommends approval to the Boards of Directors. The amounts of payments provided for in each agreement generally are calculated as a percentage, ranging from 25% to 60%, of an officer's base salary at the time his or her agreement is approved. From time to time the agreements may be amended to change the amounts and/or percentages used in the calculation of payments in order to reflect increases in officers' base salaries. Those adjustments are recommended by the Chairman and Chief Executive Officer to the Committee for consideration and recommendation to the Boards of Directors. There were no adjustments to agreements with our current executive officers during 2014.

In connection with his retirement on September 2, 2014, Mr. F. Holding became entitled to monthly payments under his separation from service agreement which, as provided in his agreement, will begin six months and one week after his retirement date. During March 2015, he will begin to receive payments of \$49,756 per month under his agreement.

Personal Benefits

We do not provide an extensive array of perquisites or personal benefits to our executive officers, other than those benefits (including individual and family group insurance coverages) that are available generally to all our employees. However, for the convenience of our officers or under our risk management program, from time to time certain of our executive officers do receive, or are deemed to have received, other non-cash benefits that are not directly related to the performance of their duties as executive officers or that otherwise confer a benefit that has a personal aspect. As part of its review of our executive officers' overall compensation each year, the Committee reviews all personal benefits being provided or proposed to be provided to executive officers, and it recommends to the Boards of Directors whether those benefits should be approved or continued. Such benefits that certain of our NEOs received, or were deemed to have received, during 2014 included:

- maintenance and monitoring of security systems in the residences of certain executive officers under our risk management program;
- services of staff personnel that we attribute to officers' personal affairs; and
- in the case of Mr. Nix and Mr. Bristow only, payment of moving expenses in connection with their employment by FCB following the Merger, and FCB's continued payment of club dues and premiums for supplemental disability insurance that were being paid by FCB-SC before the Merger.

During 2005, and upon the Committee's recommendation, the Boards of Directors first approved a policy (which was reaffirmed during 2014) under which FCB will, as deemed advisable, install, maintain and monitor security systems in the homes of certain executive officers. The Boards concluded that the safety of our key executive officers is a business concern, and they approved the recommended policy as part of our risk management program. Under the policy, each officer in whose home FCB installs a security system agrees to purchase that equipment from FCB, at its depreciated book value, following retirement or other termination of employment. During 2014, FCB maintained and monitored previously installed security systems in the residences of each of Mr. F. Holding, Jr., Mrs. Bryant and Mr. Willingham, and following the Merger, it began monitoring systems at Mr. Nix's and Mr. Bristow's homes.

We monitor our executive officers' use of administrative personnel. To the extent those employees provide services that relate to the officers' personal affairs, we estimate the staff time devoted to those services and treat our compensation and benefits expense related to that time as a personal benefit. Those expenses are treated as taxable income to the officers.

Mr. Nix, Mr. Bristow, and our former Executive Vice Chairman, Mr. F. Holding, are the only named executive officers who received personal benefits during 2014 for which we believe our incremental costs exceeded an aggregate of \$10,000. The amounts of those benefits we consider those officers to have received are included in the amounts listed for them on the 2014 line of the "All Other Compensation" column of the Summary Compensation

Table, and the benefits are listed in the footnotes to that table.

Other Payments

In connection with Mr. McCoy's retirement on November 5, 2014, FCB entered into a Retirement and Consultation Agreement and Release which provided for:

Mr. McCoy to (i) be paid his normal salary through November 5, 2014, plus \$962 for his 2014 unused paid time off; (ii) retain all his vested benefits under FCB's benefit and retirement plans; (iii) remain eligible for a *pro rata* payment of his award under FCB's Long-Term Incentive Plan for 2014, which was calculated and paid following the end of 2014 in accordance with the terms and conditions of the plan; and (iv) provide consulting services to FCB as an independent contractor on an as-requested basis (not to exceed 80 hours per month) for three months (December 1, 2014 until February 28, 2015), for which FCB paid him \$20,000 per calendar month;

various covenants and releases under which Mr. McCoy agreed to (i) not solicit the customers or employees, or disclose confidential or proprietary information, of BancShares or FCB in return for FCB's payment to him of \$333,333, and (ii) a release of claims and a non-disparagement agreement in return for FCB's payment to him of \$166,667; and

in the event that Mr. McCoy's *pro rata* payment for 2014 under the LTIP did not equal or exceed \$100,000, FCB to pay Mr. McCoy a cash bonus for services during 2014 in the amount of \$100,000 minus the amount of any award paid to him under the LTIP. Because Mr. McCoy's *pro rata* payment under the LTIP for 2014 exceeded \$100,000, no additional cash bonus was paid to him.

In connection with Mr. F. Holding's retirement on September 2, 2014, FCB paid him \$57,412 for accrued but unused vacation and other leave time.

Tax and Accounting Implications; Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code and applicable IRS regulations disallow a tax deduction to public corporations for compensation, other than performance-based compensation, over \$1 million paid to their chief executive officers and three other most highly compensated executive officers (other than their chief financial officers). The Committee considers the impact of those regulations in connection with its decisions regarding the compensation of our executive officers. However, we reserve the right to pay compensation to executive officers, including our Chief Executive Officer, which may not be deductible. The Committee has determined that a small portion of our Former Executive Vice Chairman's 2014 compensation will not be deductible under Section 162(m), and, to that extent, will have an effect on our income tax liability.

*EXECUTIVE COMPENSATION***Summary**

The Summary Compensation Table below shows the cash and certain other compensation paid (or proposed to be paid) or provided by FCB to or deferred by the named executive officers listed in the table (our NEOs) for 2014, 2013, and 2012. Our executive officers also serve as executive officers of FCB. They are compensated by FCB for their services as its officers, and they receive no separate salaries or other compensation from us. Executive officers are employed on an at will basis and are subject to re-election as officers each year, and none of them have employment agreements with us or FCB. We do not have any plans under which stock options or grants or other equity awards are made to executive officers.

Effective on October 1, 2014, we acquired First Citizens Bancorporation, Inc. (Bancorporation) and its bank subsidiary, First Citizens Bank and Trust Company, Inc. (FCB-SC), in a merger transaction (the Merger). Following the Merger, many of their officers became our and/or FCB s officers and employees, including Craig L. Nix and Peter M. Bristow who are named executive officers in the table. The Summary Compensation Table and other tables and discussions below include compensation FCB paid to Mr. Nix and Mr. Bristow for 2014 following the Merger, including amounts representing compensation or benefits for 2014 to which they became entitled prior to the Merger as officers and employees of FCB-SC and for which FCB became responsible for payment in connection with the Merger. The tables and discussions exclude compensation Bancorporation or FCB-SC paid to them prior to the Merger.

- (4) Mr. F. Holding served as Executive Vice Chairman until April 29, 2014, and then as Vice President until his retirement effective on September 2, 2014.
- (5) Salary amounts include the portion of each officer's base salary paid by FCB that was deferred at the officer's election under our Section 401(k) plans and, in the case of Mr. Nix and Mr. Bristow only, additional portions of their base salaries deferred at their election after they became our officers under a non-qualified deferred compensation plan that FCB assumed from FCB-SC in the Merger as described in the narrative discussion under the caption Non-Qualified Deferred Compensation.
- (6) In addition to base salary, Mr. McCoy's and Mr. F. Holding's salary amounts also include payments to them (\$962 for Mr. McCoy and \$57,412 for Mr. Holding) in connection with their retirements for accrued but unused vacation and other leave time.
- (7) In addition to base salary paid by FCB following the Merger, Mr. Nix's and Mr. Bristow's salary amounts include (a) relocation allowances FCB paid to them following the Merger (\$60,000 for Mr. Nix, and \$100,000 for Mr. Bristow) in connection with their employment with FCB, and (b) the continuation of automobile allowances (\$800 per month for three months) FCB-SC was paying to them at the time of the Merger.
- (8) No discretionary bonuses were paid to any of the named officers for 2014, with the exception of FCB's payment to Mr. Nix and Mr. Bristow during February 2015 of bonuses originally awarded to them by FCB-SC during 2012, for performance during 2011, subject to their continued employment until December 31, 2014, under FCB-SC's Long-Term Compensation Plan, as described in the narrative discussion under the caption Discretionary Bonuses.
- (9) Reflects amounts paid to Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham with respect to awards for the 2014 performance period under FCB's Long-Term Incentive Plan, and to Mr. Nix and Mr. Bristow for 2014 under FCB-SC's Senior Executive Management Incentive Plan, each as described in the narrative discussion under the caption Incentive Compensation.
- (10) Amounts in this column consist of two components, including: (a) Change in Pension Value, which represents the net aggregate amount of the increase, if any, for each year in (i) the actuarial present value of the officers' accumulated benefits under defined benefit pension plans, and (ii) the present value of monthly payments that would be made to the officers in the future for a period of ten years following their separation from service at agreed upon ages under separation from service agreements between them and FCB; and (b) Nonqualified Deferred Compensation Earnings, which represents amounts of interest paid on nonqualified deferred compensation that is considered to be above market under the Securities and Exchange Commission's disclosure rules. Change in Pension Value amounts do not represent payments actually received by officers. As further described in the narrative discussion under the caption Retirement Benefits and Separation from Service Payments, present values of benefits and payments under the pension plans and separation from service agreements are separately determined each year as of December 31 in order to reflect the amounts of our future obligations to the named officers under the plans and those agreements in our consolidated financial statements. They are calculated based on a number of assumptions, including assumptions regarding future events (including, in the case of the pension plans, mortality assumptions), as well as a rate of interest used to discount future benefits and payments to present values. Under financial and pension accounting principles, those assumptions and the discount rate change from time to time. In general, the present value of an officer's future payments increases as the time before the commencement of those payments decreases, but changes in the assumptions and the discount rate we use also can result in increases or decreases in present values. The discount rates used for calculating the present values for each year covered in the table below were 4.27% for 2014, 4.90% for 2013 and 4.00% for 2012. For each of 2014 and 2012, the net aggregate amount of change in value for each officer reflected an increase resulting, in part, from a decrease in the discount rate used in determining present values and, in the case of the pension plans for 2014, the use of updated mortality tables. For officers other than Mr. Nix and Mr. Bristow for 2013, due primarily to an increase in the discount rate, the net aggregate amount for each officer reflected a decrease that, under the Securities and Exchange Commission's disclosure rules, is included in the Summary Compensation Table as \$0. Present value amounts could increase or decrease in future years if discount rates decrease or increase or there are changes in other assumptions. The separate increases or decreases for each officer under the pension plan and the separation from service agreements for 2014, 2013 and 2012 are listed in the following table.

	F. B. Holding, Jr	G. D. McCoy(b)	C. L. Nix(c)	H. H. Bryant	E. L. Willingham	P. M. Bristow(c)	F. B. Holding

- (a) Mr. F. Holding, Jr., Mrs. Bryant, Mr. Willingham and Mr. F. Holding are participants in and entitled to benefits under our pension plan, and they are parties to separation of service agreements with FCB. Mr. Nix and Mr. Bristow are participants in and entitled to benefits under the

pension plan previously provided by FCB-SC which, following the Merger, remains in effect to provide benefits to its and Bancorporation's former officers and employees. Mr. Nix's and Mr. Bristow's separation from service agreements were originally entered into with FCB-SC and were assumed by FCB in connection with the Merger.

- (b) Mr. McCoy was not a participant in our pension plan, nor was he party to a separation from service agreement.
- (c) Mr. Nix and Mr. Bristow first became officers and employees effective October 1, 2014.
- (d) For 2014 and 2012, the increase in the actuarial present value of Mr. F. Holding's accumulated benefit under the pension plan is a total amount equal to increases of \$89,608 for 2014 and \$9,450 for 2012 plus, for each year, \$220,140 in distributions he received under the plan. For 2013, the increase is a net amount based on a decrease of \$185,384, plus \$220,140 in distributions he received.

In addition to their Changes in Pension Values, the amounts listed in this column of the Summary Compensation Table for Mr. Nix and Mr. Bristow include amounts of Nonqualified Deferred Compensation Earnings. Those amounts represent portions of the interest accrued by FCB on their accounts following the Merger under non-qualified deferred compensation plans it assumed from FCB-SC in the Merger (as described in the narrative discussion under the caption Non-Qualified Deferred Compensation) that is considered to be above market (\$2,711 for Mr. Nix, and \$5,290 for Mr. Bristow). Those amounts equal portions of total interest FCB credited to each officer's accounts following the Merger at the fixed interest rate provided for in the plans that exceed the amounts that would have been accrued at a rate equal to 120% of the Internal Revenue Service's applicable federal rate for the months during which the actual fixed accrual rate was set. None of our other NEOs participate in a nonqualified deferred compensation plan, and no Nonqualified Deferred Compensation Earnings are included in their amounts listed in this column.

(11) The following table describes each officer's Other Compensation for 2014.

Description	F. B. Holding, Jr.	G. D. McCoy	C. L. Nix	H. H. Bryant	E. L. Willingham	P. M. Bristow	F. B. Holding

(a)

From time to time our executive officers, including those named in the table above, receive or may be deemed to have received various non-cash personal benefits from FCB. Mr. Nix, Mr. Bristow, and Mr. F. Holding were the only NEOs who received personal benefits during 2014 for which we believe FCB's aggregate incremental costs exceeded \$10,000. The personal benefits they received during 2014 were as follows: Mr. Nix - reimbursement for moving expenses (\$9,006), payment of club dues (\$1,035) and premiums for supplemental disability insurance (\$306) that were being paid by FCB-SC at the time of the Merger, and security system monitoring (\$242); Mr. Bristow - reimbursement for moving expenses (\$16,305), payment of club dues (\$1,155) and premiums for supplemental disability insurance (\$425) that were being paid by FCB-SC at the time of the Merger, security system monitoring (\$1,136), and services provided by staff personnel that we consider to have been related to Mr. Bristow's personal affairs (\$975); and Mr. F. Holding - services provided by staff personnel that we consider to have been related to Mr. Holding's personal affairs (\$28,400), and a retirement gift of a type that FCB gives to all retirees (\$400). Amounts shown in the table are our estimates of FCB's aggregate incremental cost associated with the personal benefits received by each officer, including, in the case of Mr. Bristow and Mr. F. Holding, our estimates of staff time devoted to their personal affairs and FCB's compensation and benefit expense we attribute to that time. We believe FCB's aggregate incremental cost associated with personal benefits provided during 2014 to each of Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham did not exceed \$10,000 and, for that reason, no amount for personal benefits is included in the "All Other Compensation" column in the Summary Compensation Table. FCB also provides each of our executive officers with group life, health, medical and other insurance coverages for themselves and their spouses and families on the same terms as those coverages are provided to all full-time employees. The cost of that insurance is not included in the table.

- (b) Reflects gross-ups paid to Mr. Nix and Mr. Bristow for their tax liability on moving expense reimbursements, and to Mr. F. Holding for tax liability on his retirement gift.
- (c) Reflects a cash payment of \$500,000 paid to Mr. McCoy during January 2015 pursuant to his retirement agreement, and \$20,000 in consulting fees paid to him for services during December, following his retirement, under a three-month consulting arrangement for a term that commenced December 1, 2014. Those payments and Mr. McCoy's retirement agreement are described in the discussion below under the caption "Potential Payments Upon Termination of Employment."

Incentive Compensation

The following table provides information regarding incentive awards granted during 2014 by our Compensation, Nominations and Governance Committee to Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham under FCB's Long-Term Incentive Plan (LTIP), and awards granted by FCB-SC during 2014 to Mr. Nix and Mr. Bristow under its Senior Executive Management Incentive Plan (the SEMIP).

(1) Awards listed for Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham were granted under FCB's LTIP. Awards listed for Mr. Nix and Mr. Bryant were granted by FCB-SC under its SEMIP.

(2) Payments for awards FCB granted to Mr. F. Holding, Jr., Mr. McCoy, Ms. Bryant and Mr. Willingham under FCB's LTIP with a one-year (2014) performance period, and payments for awards FCB-SC granted to Mr. Nix and Mr. Bristow under FCB-SC's SEMIP, were made by FCB during February 2015 and are listed in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

(3) These awards were cancelled upon Mr. McCoy's retirement during 2014.

(4) No awards were granted to Mr. F. Holding during 2014.

(5) In the case of awards we granted to Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham under FCB's LTIP, if performance exceeds the Threshold Level but not the Target Level, or exceeds the Target Level but not the Maximum Level, the amount earned will be interpolated by the Committee. In the case of awards FCB-SC granted to Mr. Nix and Mr. Bristow under the SEMIP, a percentage (up to 100%) of the listed Target amounts could be paid to them based on the extent to which performance goals were met.

FCB's Long-Term Incentive Plan. During 2014, our shareholders approved FCB's LTIP under which selected salaried employees of FCB and its affiliates may be offered opportunities to earn awards stated as percentages of their base salaries, and payable in cash, based upon attainment of objective performance goals. The LTIP is intended to promote a closer identification of the participants' interests with our corporate interests and the interests of our shareholders, and to encourage participants' efforts to enhance our efficiency, profitability, growth and value.

The LTIP is administered by our Compensation, Nominations and Governance Committee which from time to time, on an annual or other periodic basis, selects employees to whom awards will be granted. All salaried employees (including our and FCB's executive officers) are eligible to participate in the LTIP.

When the Committee grants awards under the LTIP, it establishes a performance period during which performance will be measured, establishes one or more specific written performance objectives and specific goals for each participant and/or for each group of participants for that performance period, and assigns to each participant a target cash bonus award for the performance period. Performance periods are coincident with one or more of our fiscal years, or any portions thereof, and they may be overlapping. Each participant may earn a percentage (which may exceed 100%) of his or her target cash bonus award based on the extent of attainment of the performance goals established by the Committee for the relevant performance period.

The performance objectives may be based on individual, business unit/function, or corporate performance, or any combination thereof. If a participant's performance goals are based on a combination of individual performance, business unit/function performance and/or corporate performance, the Committee may weight the importance of each type of performance that applies to the participant by assigning a percentage to it. The Committee may apply other or non-objective performance criteria for participants who are not covered employees for purposes of Section 162(m) of the Internal Revenue Code. The targeted levels of performance with respect to performance objectives may be established at such levels and on such terms as the Committee in its discretion may determine, including but not limited to on an absolute basis, in relation to performance in a prior performance period, and/or relative to one or more peer group companies or indices, or any combination thereof, and performance objectives may be calculated without regard to extraordinary items.

The Committee may adjust awards as appropriate for partial achievement of goals or other factors, and may interpret and make necessary and appropriate adjustments to performance goals and the manner in which goals are evaluated.

In the case of awards granted to covered employees that are intended to be qualified performance-based compensation under Section 162(m), performance objectives must be established by the Committee (i) while the outcome for the performance period is substantially uncertain, and (ii) no more than 90 days after the commencement of the performance period to which the objectives relate and before 25% of the relevant performance period has elapsed (or otherwise at such time and upon such terms as will, to the extent practicable, qualify the awards as performance-based compensation for purposes of Section 162(m)).

As soon as practicable after the end of a performance period, the Committee will determine whether performance goals for the period are met and, if so, at what level of achievement under specific formulae established for the period. If performance goals were met, the Committee will determine the amount of each participant's target award that has been earned and will be paid. The maximum amount of awards that may be paid under the LTIP to any one participant in any one fiscal year may not exceed \$3,000,000. The Committee has unilateral discretion to reduce or eliminate the amount of an award, including an award otherwise earned and payable under the LTIP.

The Committee has discretion to determine whether awards will be paid or forfeited in the event of a participant's termination of employment before the end of a performance period or prior to payment of such awards. If a participant dies, retires, becomes disabled, is assigned to a different position, is granted a leave of absence, or another similar event occurs, or if the participant's employment is otherwise terminated (except for cause) by us during a performance period, a *pro rata* share of the participant's award based on the period of actual participation may be paid to the participant, at the Committee's discretion, after the end of the performance period if and to the extent that it would have become earned and payable had the participant's employment status not changed.

Our board of directors may amend, discontinue or terminate the LTIP in whole or in part at any time, subject to shareholder approval of any amendments if required by applicable laws, rules or regulations and to participant consent if any such action may adversely affect any award earned and payable under the LTIP at that time. However, the Committee has unilateral authority to amend the LTIP and any award (without participant consent) to the extent necessary to comply with applicable laws, rules or regulations or changes to applicable laws, rules and regulations, as well as to reduce or eliminate an award. The Committee also may adjust or modify the terms of awards or performance objectives (i) in the event of a large, special and non-recurring dividend or distribution, recapitalization, reorganization, merger, consolidation, spin-off, combination, repurchase, share exchange, forward or reverse split, stock dividend, liquidation, dissolution or other similar corporation transaction, or in recognition of any other unusual or nonrecurring event or extraordinary item affecting us or our financial statements, or (ii) in response to changes in applicable laws and regulations, accounting principles and tax rates, or changes in business conditions or the Committee's assessment of our business strategy. In addition, the Committee's authority to grant awards and authorize payments under the LTIP does not restrict its authority, and we reserve the right, to grant compensation under other compensation plans or programs, grant discretionary bonuses, or otherwise pay compensation that does not qualify for

the exception for qualified performance-based compensation under Section 162(m), to any officers and employees if the Committee determines that it is in our best interests to do so.

During February 2014, the Committee approved the grant of three initial awards under the LTIP to each participant, including awards to each of Mr. F. Holding, Jr., Mr. McCoy, Mrs. Bryant and Mr. Willingham as described in the table above. These initial awards were staggered, with one-year, two-year and three-year performance periods commencing January 1, 2014. Under the awards, a percentage (the Award Percentage, which could exceed 100%) of

the target amount of each award could be earned at the end of its performance period based on the rate of growth in the tangible book value (TBV) of our common stock plus cumulative dividends per share paid over the performance period that applies to that award (the TBV+D Growth Rate). The TBV+D Growth Rate is determined according to the following formula: TBV at the end of the relevant performance period minus TBV at the beginning of the relevant performance period, plus cumulative dividends paid on the stock during the relevant performance period, divided by TBV at the beginning of the performance period. The threshold, target and maximum performance levels set by the Committee for one-year awards (2014 performance period) were TBV+D Growth Rates of 3.5%, 7.5% and 12.0%, which would result in Award Percentages of 50%, 100% and 125%, respectively, of the target awards. In the table, the dollar amounts reflect the amounts that could be earned and paid at each performance level set by the Committee.

After the elimination of extraordinary and nonrecurring items during 2014 as contemplated by the terms of the LTIP, the Committee determined that our adjusted TBV+D Growth Rate for the 2014 performance period resulted in an Applicable Percentage of 78.9% of target awards and it approved payments of awards at that level. The amounts of those awards, paid by FCB during February 2015, to Mr. F. Holding, Jr., Mr. McCoy (a *pro rata* amount based on his retirement during 2014), Mrs. Bryant and Mr. Willingham for the 2014 performance period are listed in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. Mr. Nix, Mr. Bristow and Mr. F. Holding were not participants in the LTIP for 2014 and no payments were made to them under the plan.

FCB-SC's Senior Executive Management Incentive Plan. FCB-SC's SEMIP provided annual cash incentive compensation for key officers of Bancorporation and FCB-SC. Under the SEMIP, each participant was eligible to receive an award of up to a stated percentage of his or her base salary as of the last day of the calendar year based on the degree of achievement of a weighted combination of corporate and individual goals established for the year in advance by FCB-SC's compensation committee. Payments of earned awards were made following the end of each plan year upon approval of the committee, and Bancorporation's and FCB-SC's boards of directors. In connection with the Merger, FCB assumed FCB-SC's obligation to pay to SEMIP participants (including Mr. Nix and Mr. Bristow) the amounts of awards granted to them by FCB-SC in April 2014 which were earned for performance during 2014.

For 2014, the component weightings for Mr. Nix were 50% for corporate goals and 50% for individual goals, and for Mr. Bristow, 60% for corporate goals and 40% for individual goals. If 100% of their respective corporate and individual goals were met, Mr. Nix and Mr. Bristow would be entitled to an award equal to 40% and 45%, respectively, of their base salary rates as of December 31, 2014.

The 2014 corporate goals for each officer were: net consolidated income of at least \$45.1 million; net charge-off ratio of not more than 0.27%, average core checking growth of at least 5.0%, average loan growth of at least 6.5%, and non-interest expense of not more than \$259.1 million. Their individual goals focused on performance of their functional duties and special projects assigned to them.

The maximum amounts and timing of Mr. Nix's and Mr. Bristow's awards were approved by FCB-SC's compensation committee and board of directors during April 2014, prior to the Merger; our Compensation, Nominations and Governance Committee had no discretion regarding those matters. However, in order to discharge FCB-SC's obligations assumed by FCB in the Merger, after confirming that corporate goals and Mr. Nix's and Mr. Bristow's individual goals for 2014 had been met, the Committee approved payment to them of 100% of their awards. Those payments are listed in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Discretionary Bonuses

With the exception of payments to former officers of Bancorporation and FCB-SC as described below, FCB paid no discretionary bonuses for 2014 to any of our NEOs. FCB-SC had a Long Term Compensation Plan (the LTCP) under which discretionary bonuses were awarded each year to selected salaried associates of FCB-SC and Bancorporation based on bank-wide and individual performance during the preceding year. The LTCP has been terminated, and no

new awards will be made under it for performance for 2014 or any future year. However, during 2012, 2013 and 2014, FCB-SC's board of directors approved awards for performance during 2011, 2012 and 2013, respectively, which, subject to continued employment requirements as described below, were payable on a deferred basis in 2015, 2016 and 2017, respectively. In connection with the Merger, FCB agreed to assume FCB-SC's obligation to make those deferred payments to LTCP participants for their previously-approved awards, including awards granted by FCB-SC to Mr. Nix and Mr. Bristow.

The amount of each officer's award for each year was fixed at the time the award was approved. However, awards were not payable until the beginning of the third calendar year after the year in which the awards were approved, and payments were conditioned on the officers' continued employment until the December 31 preceding the payment.

On December 31, 2014, the requirement of continued employment was satisfied with respect to awards granted by FCB-SC during 2012, based on performance during 2011, and FCB paid those awards during February 2015. The amounts of the awards were determined by FCB-SC's board of directors during 2012, and our Compensation, Nominations and Governance Committee and Board had no discretion regarding the amounts or timing of the payments. The amounts paid to Mr. Nix and Mr. Bristow are listed in the Bonus column of the Summary Compensation Table. Subject to their continued employment, FCB has an obligation to pay Mr. Nix's and Mr. Bristow's remaining two outstanding awards approved by FCB-SC's board of directors during 2013 for performance during 2012 (\$72,250 for Mr. Nix and \$85,000 for Mr. Bristow, payable in 2016) and during 2014 for performance during 2013 (\$125,000 for Mr. Nix and \$125,000 for Mr. Bristow, payable in 2017).

Retirement Benefits and Separation from Service Payments

We have two separate defined benefit pension plans (including a plan previously maintained by FCB-SC covering its former officers and employees) under which benefits are provided to plan participants following their retirement, and two separate Section 401(k) defined contribution savings plans under which plan participants may defer a pre-tax portion of their compensation for retirement and receive an employer matching contribution equal to a portion of their voluntary deferral. In connection with the Merger, FCB agreed to maintain and administer FCB-SC's pension plan to provide benefits to its former officers and employees, including those who became FCB's officers and employees. FCB-SC's two Section 401(k) plans were merged into our two corresponding plans, and the plan accounts of FCB-SC's employees became accounts under our plans.

In addition, FCB has separation from service agreements with certain of our executive officers, including certain former executive officers of FCB-SC who became officers of FCB in connection with the Merger. Those agreements provide for payments to the officers or their beneficiaries for a period of ten years following their separation from service at specified ages or their deaths.

The following table provides information about benefits under the pension plans and the separation from service agreements for each of our NEOs.

- (1) Mr. F. Holding, Jr., Mrs. Bryant, Mr. Willingham and Mr. F. Holding are participants in and entitled to benefits under FCB's pension plan, and they are parties to separation of service agreements with FCB. Mr. Nix and Mr. Bristow are participants in and entitled to benefits under the pension plan previously provided by FCB-SC which FCB agreed to maintain and administer following the Merger to continue to provide benefits to the former officers and employees of Bancorporation and FCB-SC. Mr. Nix's and Mr. Bristow's separation from service agreements were originally entered into with FCB-SC and were assumed by FCB in connection with the Merger.
- (2) Years of credited service under the pension plans are as of December 31, 2014. Upon his retirement, Mr. F. Holding had 58 actual years of service. However, the maximum years of service that may be counted in calculating benefits under the pension plans is 40 years or, in the case of participants hired after January 1, 2005, 35 years. Payments under the separation from service agreements are not determined on the basis of years of credited service.
- (3) The amounts shown for the pension plans reflect the actuarial present value of each officer's accumulated benefit as of December 31, 2014. Those amounts were determined using the same interest rate and mortality rate assumptions as were used in our consolidated financial statements. We used a discount rate of 4.27% and, except as described below for Mr. F. Holding, we assumed that each officer will remain an active employee until, and will retire at, normal retirement age under the plans (65). We used Mr. F. Holding's actual retirement date of September 2, 2014. We assumed that each officer will elect to receive benefits based on a single life annuity or, in the case of Mr. F. Holding, a joint and survivor annuity (which is the basis on which his benefits are being paid). No pre-retirement decrements were applied.
- (4) The amounts shown for the separation from service agreements reflect the present values, as of December 31, 2014, of future payments to be made under those agreements. Those amounts were determined using the same assumptions as were used in our consolidated financial statements. We used a discount rate of 4.27%, and the monthly payment amounts called for by each officer's agreement (as in effect on December 31, 2014) that would be made to him or her (or his or her beneficiary) in the future over the ten-year payment term that begins six months and one week following separation from service at his or her agreed-upon age or his or her death. Except as described below for Mr. F. Holding, in calculating those amounts, we assumed that each officer will remain an active employee until, and his or her payments will begin after, the age specified in his or her agreement. In Mr. F. Holding's case, we assumed that his payments will begin during March 2015 as provided for in his agreement. As described in the discussion of these agreements under the heading *COMPENSATION DISCUSSION AND ANALYSIS*, amounts of payments generally are calculated as a percentage of each officer's base salary at the time his or her agreement is approved and, from time to time, the agreements may be amended to adjust payment amounts (to reflect the officers' then-current base salary amounts) and the percentages of base salary used in the computation. The monthly payment amounts provided for under the named officers' agreements as of December 31, 2014 were as follows: Mr. F. Holding, Jr. \$33,056; Mr. Nix \$9,240; Mrs. Bryant \$12,875; Mr. Willingham \$14,263; Mr. Bristow \$13,451. Mr. F. Holding retired effective September 2, 2014 and during March 2015 he will begin to receive payments of \$49,756 per month under his agreement.
- (5) Mr. McCoy was not a participant in FCB's pension plan, and he did not have a separation from service agreement with FCB.
- (6)

Mr. F. Holding was employed by FCB until September 2, 2014, but he was required by federal law to begin receiving pension plan distributions after he reached age 70 $\frac{1}{2}$. The aggregate amount of payments he received under the pension plan reflects benefits paid to him for all of 2014. Upon his retirement he became entitled to monthly payments under his separation from service agreement but, as provided in his agreement, those payments will begin six months and one week after his retirement. As a result, he received no payments under his agreement during 2014.

The pension plans, Section 401(k) plans and separation from service agreements are described below, and further information about them is provided in the discussion under the heading *COMPENSATION DISCUSSION AND ANALYSIS*.

Pension Plan. FCB's two defined benefit pension plans include its original plan and the plan previously provided by FCB-SC for its employees. In connection with the Merger, FCB agreed to maintain and administer FCB-SC's plan to continue to provide for pension benefits for FCB-SC's former officers and employees. The terms of the two plans are very similar. Each plan is a non-contributory final average pay plan. Monthly retirement benefits under the pension plans are computed as straight life annuities beginning at age 65 and are not subject to deductions for Social Security benefits or any other offset amounts. Normal retirement age under the plans is the later of age 65 or completion of five years of service. Under FCB's plan, early retirement is permitted for participants who have reached age 50 with at least 20 years of service, or age 55 with at least 15 years of service, while under FCB-SC's plan participants qualify for early retirement when they reach age 50 with at least 15 years of service, or age 55 with at least 10 years of service.

As described under the heading *COMPENSATION DISCUSSION AND ANALYSIS*, participants in FCB's and FCB-SC's pension plans include only those eligible employees who were hired on or before specified dates during 2007 when FCB and FCB-SC restructured their respective pension plans and Section 401(k) plans. Participants in each of the pension plans on those dates could choose to continue to participate in their respective pension plan and legacy Section 401(k) plan, or they could choose to participate in an enhanced Section 401(k) plan. If they chose the enhanced Section 401(k) plan, they would continue to be participants in the pension plan, but their accrued pension plan benefit service was frozen and no further benefits would accrue.

A participant's benefit under both pension plans is based on his or her:

average monthly compensation, which is the participant's highest average monthly covered compensation for any five consecutive plan years of service within the last ten completed years of service prior to retirement; in the case of participants who chose to continue in the pension plans and legacy Section 401(k) plans, years of creditable service, which is the number of calendar years in which the participant completes 1,000 or more hours of service; and

covered compensation, which is the average of the participant's Social Security taxable wage base for each year during the 35-year period ending with the year in which the employee attains Social Security retirement age.

We do not grant extra years of service to participants under either pension plan for purposes of calculating benefits.

A participant's annual compensation covered by the plans includes base salary, overtime, and any regular bonuses. However, under the Internal Revenue Service's regulations, the maximum amount of covered compensation considered for 2014 in determining a participant's benefit was \$260,000.

A participant's normal monthly benefit amount following retirement will be equal to:

1.2% of average monthly compensation multiplied by total plan years of service, not to exceed 35 years if hired on or after January 1, 2005, or 40 years if hired before that date; plus
0.65% of average monthly compensation in excess of one-twelfth of covered compensation multiplied by total plan years of service, not to exceed 35 years.

The maximum annual benefit that could be paid to a retiring participant under either plan during 2014 was \$210,000. Participants may elect to receive retirement benefits in a joint and survivor annuity rather than a single life annuity. In those cases, the amount of the annual retirement benefit will be actuarially reduced. In cases of early retirement, a participant's annual retirement benefit is actuarially reduced by 5.0% for each year of the first twelve years, and 3.0% for each of the next three years, by which the starting date of the early retirement benefit precedes the participant's normal retirement date, unless the participant elects to defer receipt of benefits until he or she reaches age 65. In the case of participants (such as Mr. F. Holding) whose employment continues after age 65, the annual retirement benefit calculated at normal retirement date, as well as the maximum permitted benefit amount, is actuarially increased to reflect the continuing accrual of benefits during their extended employment and the projected reduction in the number of their benefit payments.

On December 31, 2014, Mr. F. Holding, Jr., Mrs. Bryant and Mr. Willingham were eligible for early retirement under our pension plan. Mr. F. Holding's employment continued past his normal retirement age but, as indicated in the table above, he was required by federal law to begin receiving distributions of benefits under FCB's pension plan when he reached age 70 $\frac{1}{2}$.

Non-Qualified Separation from Service Agreements. Under separation from service agreements between FCB and certain of our executive officers, including Mr. F. Holding, Jr., Mrs. Bryant, Mr. Willingham and Mr. F. Holding, payments will be made to each officer for a period of ten years following a separation from service that occurs no earlier than a specified age. Mr. Nix and Mr. Bristow are parties to substantially similar agreements which were originally entered into between them and FCB-SC and which FCB assumed in connection with the Merger. The benefits provided under the agreement with Mr. F. Holding, Jr., Mrs. Bryant, Mr. Willingham and Mr. F. Holding vest at age 65 (or an earlier agreed-upon age). Under the agreements with Mr. Nix and Mr. Bristow, payments will be made following a termination of employment no later than the month in which they reach age 65 or following such

other termination as shall be agreed upon. However, no payments are made until there is a separation from service. In return for payments under the agreements with Mr. F. Holding, Jr., Mrs. Bryant, Mr. Willingham and Mr. F. Holding, each officer is obligated to provide limited consultation services to, and not to compete against, FCB during the payment period.

Payments under each agreement begin six months and one week following separation from service. If an officer dies prior to separation from service, or during the payment period following separation from service, the payments under his or her agreement will be made to the officer's designated beneficiary or estate. Except in the case of death, there are no automatic early vesting rights, and FCB may terminate an officer's agreement at any time prior to the vesting date. If an officer's agreement is terminated, or the officer's employment terminates before the age provided in

his or her agreement, or another date agreed to by FCB, for any reason other than death, all rights under his or her agreement will be forfeited. However, based on facts and circumstances, the Compensation, Nominations and Governance Committee may recommend, and our Board of Directors may approve, an immediate vesting of an officer's rights under his or her agreement. The agreements do not include any change in control or golden parachute provisions or provide for any non-cash benefits.

Amounts of payments provided for in the agreements with our NEOs are described in the footnotes to the *PENSION BENEFITS AND SEPARATION FROM SERVICE AGREEMENTS* table above.

Section 401(k) Plans. As described in the discussion under the heading *COMPENSATION DISCUSSION AND ANALYSIS*, our legacy and enhanced Section 401(k) plans both are voluntary savings plans that provide vehicles for employees to defer a pre-tax portion of their compensation for retirement and receive an employer matching contribution on a portion of the voluntary deferral. Our associates, and FCB-SC's associates who became our employees in connection with the Merger, are participants in one of the two Section 401(k) plans, depending on elections they made when we and FCB-SC restructured our respective pension plans and Section 401(k) plans. In the case of associates who elected to participate in the enhanced Section 401(k) plans, account balances under the legacy plans were transferred to the associates' accounts under our and FCB-SC's enhanced plans. Associates who were hired after the plans were restructured may participate only in the enhanced plan. Currently, newly-hired associates become eligible to participate for purposes of their own voluntary contributions after one full month of employment, and they become eligible to receive employer matching contributions following one full year of employment. In connection with the Merger, FCB-SC's two similar Section 401(k) plans were merged into our corresponding legacy or enhanced plan, and the plan accounts of FCB-SC's employees became accounts under our plans. As often occurs in the case of employees of companies that are acquired, following the Merger FCB-SC's employees (including Mr. Nix and Mr. Bristow) were given credit for their past service with FCB-SC for purposes of their eligibility to participate in, and their entitlement to matching contributions under, our Section 401(k) plans.

The maximum 2014 voluntary deferral was \$17,500 for a participant under the age of 50, and \$23,000 for a participant age 50 or older. Under the legacy Section 401(k) plan, FCB makes a matching contribution to each participant's account equal to 100% of the first 3%, and 50% of the next 3%, of the participant's compensation that he or she defers, up to and including a maximum matching contribution of 4.5% of the participant's eligible compensation, but not more than \$11,700. Under the enhanced plan, FCB makes a matching contribution to each participant's account equal to 100% of up to 6% of the participant's compensation that he or she defers. In addition, following the close of each plan year, FCB makes a profit-sharing contribution under the enhanced plan to each eligible participant's account equal to 3% of the participant's eligible compensation, without regard to the amount of the participant's voluntary deferrals. During 2014 the maximum matching contribution under the enhanced Section 401(k) plan was \$15,600, and the maximum profit-sharing contribution was \$7,800.

Eligibility requirements for participation and matching contributions, as well as investment opportunities, are the same in both the legacy and enhanced Section 401(k) plans. As is the case under FCB's pension plan, Mr. F. Holding was required by federal law to begin receiving distributions from his Section 401(k) plan account when he reached age 70½.

FCB's Section 401(k) matching and profit-sharing contributions during 2014 for the accounts of our NEOs are included in the All Other Compensation column of the Summary Compensation Table and are listed for each officer in a footnote to that table.

Non-Qualified Deferred Compensation

With the exception of FCB's qualified Section 401(k) plans discussed above, we and FCB have not previously had any deferred compensation plans under which executive officers could defer receipt of any portion of their salaries and

other compensation. However, FCB-SC maintained two unfunded, nonqualified deferred compensation plans in which various officers of Bancorporation and FCB-SC were participants. In connection with the Merger, FCB agreed to assume, pay interest on and distribute the accounts of plan participants under both plans as they existed when the Merger was completed and in accordance with the plan terms. Participants were permitted to continue to defer salaries and other compensation for 2014, but they otherwise may not make further deferrals under the plans. Mr. Nix and Mr. Bristow are participants in and have accounts under both plans.

The following table provides information regarding Mr. Nix's and Mr. Bristow's accounts under the plans.

NONQUALIFIED DEFERRED COMPENSATION

Name	Plan Name	Executive Contributions in Last Fiscal Year (3)	Our Contributions in Last Fiscal Year (4)	Aggregate Earnings in Last Fiscal Year (5)	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last Fiscal Year End
Craig L. Nix	Deferred					
	Compensation Plan (1)	\$ -0-	\$ -0-	\$ 1,340	\$ -0-	\$ 66,275
	409A Deferred Compensation Plan (2)	45,992	-0-	7,153	-0-	361,028
Peter M. Bristow	Deferred					
	Compensation Plan (1)	-0-	-0-	5,557	-0-	274,800
	409A Deferred Compensation Plan (2)	56,551	-0-	13,353	-0-	669,420

- (1) The Deferred Compensation Plan was frozen effective December 31, 2004, and no new contributions may be made to it.
- (2) The 409A Deferred Compensation Plan replaced the frozen Deferred Compensation Plan, effective January 1, 2005.
- (3) Officers' listed contributions include deferrals from salary they received from FCB-SC before the Merger, as well as from salary FCB paid them after the Merger. Of each officer's listed contributions, \$12,500 for Mr. Nix and \$15,625 for Mr. Bristow was deferred from salary paid by FCB following the Merger and is included in the respective amounts shown for them in the Salary column of the Summary Compensation Table.
- (4) Although the plans, as drafted, permit employer contributions, FCB-SC did not make contributions to the officers' plan accounts prior to the Merger, and FCB does not contemplate making any contributions to their accounts in the future.
- (5) The listed amounts include only the interest credited to the officers' plan accounts by FCB following the Merger. In connection with the Merger, FCB agreed to assume, pay interest on, and distribute the accounts of plan participants as they existed when the Merger was completed and in accordance with the plan terms. Of the total amounts of interest FCB credited to each officer's accounts, \$2,711 for Mr. Nix, and \$5,290 for Mr. Bristow, is considered to be above market, and those amounts are included in their respective amounts listed in the Change in Pension Value and Non-qualified Deferred Compensation Earnings column of the Summary Compensation Table.

Those above-market amounts reflect the portions of total interest FCB credited to the officers' accounts following the Merger that exceed the amounts that would have been accrued at a rate equal to 120% of the applicable federal rates, as set by the Internal Revenue Service, in effect at the time the fixed interest rate at which interest actually is accrued on each account was set.

The two plans include FCB-SC's original Deferred Compensation Plan which was frozen effective December 31, 2004, and a new 409A Deferred Compensation Plan which replaced the frozen plan. The terms of the original plan continue to govern the accounts of participants under that plan as they existed when the plan was frozen. Each of the plans permitted participants to defer up to 10% of their compensation (as defined in the plans) each year. Deferred amounts were credited to unfunded accounts on FCB-SC's books, and interest was accrued on the accounts at a fixed or floating rate, as elected by the participants when they first became participants. Mr. Nix's and Mr. Bristow's accounts under both plans accrue interest at the 8.20% fixed rate provided for by each plan at the time they became participants.

Participants' plan accounts will be paid out upon their retirement, and participants may elect to be paid in a lump sum or in an annuity of five, ten, 15 or 20 years. If a participant dies before or after payments commence, payments will be made to the participant's designated beneficiary in the manner elected by the participant, or if no election is made, in a lump-sum payment. If a participant terminates employment for reasons other than retirement, the participant's retirement account will be paid in a lump sum. In the event of an unforeseen emergency, at a participant's request a distribution of all or part of the participant's account may be made in the discretion of the plan administrator, subject to applicable law.

The portions of the total amounts of interest we credited to each officer's accounts during 2014 which is considered to be above market are quantified in the footnotes to the table above and are included in their respective amounts in the Change in Pension Value and Non-qualified Deferred Compensation Earnings column of the Summary Compensation Table.

Potential Payments upon Termination of Employment

With the exception of arrangements made with Mr. McCoy and Mr. F. Holding in connection with their retirements as described below, the only contracts, agreements, plans or arrangements under which payments or other benefits have been or will be made or provided to any of our NEOs in connection with a termination of their employment or a change in their responsibilities are:

FCB's pension plans and Section 401(k) plans which cover all of our and FCB's eligible officers and employees;

the separation from service agreements under which payments will be made following an officer's separation from service after a stated age or his or her earlier death while still employed;

provisions of the LTIP under which, if a participant dies, retires, becomes disabled, is assigned to a different position, is granted a leave of absence, or another similar event occurs, or if the participant's employment is otherwise terminated (except for cause) by FCB during the performance period of an award previously granted to the participant, a *pro rata* share of the award may be paid, at the Committee's discretion, after the end of the performance period if and to the extent that the award would have become earned and payable had the participant's employment status not changed; and

FCB's group insurance plans under which disability and death benefits are provided to all of our and FCB's eligible officers and employees.

There are no agreements with any of our executive officers under which payments would be made as a result of a change in control of our company or FCB.

Payments and benefits under FCB's pension plans, Section 401(k) plans, and the separation from service agreements are described above under the caption Retirement Benefits and Separation from Service Payments. An employee's death benefit under FCB's group life insurance plans equals the employee's annual base salary rate, with a maximum benefit of \$600,000.

Glenn D. McCoy retired from his position as our Vice President and Chief Financial Officer and FCB's Executive Vice President and Chief Financial Officer effective on November 5, 2014. In connection with his retirement, FCB entered into a Retirement and Consultation Agreement and Release (the Retirement Agreement) with Mr. McCoy that provided for:

Mr. McCoy to: (i) be paid his normal salary through his retirement date, plus \$962 for his 2014 unused paid time off; (ii) retain all his vested benefits under FCB's benefit and retirement plans; (iii) remain eligible for a *pro rata* payment of his award under FCB's LTIP for 2014 which was calculated and paid in accordance with the terms and conditions of the plan; and (iv) provide consulting services to FCB as an independent contractor on an as-requested basis (not to exceed 80 hours per month) for three months (December 1, 2014 until February 28, 2015), for which FCB paid him \$20,000 per month;

various covenants and releases under which Mr. McCoy agreed to: (i) not solicit FCB's customers or employees, or disclose our or FCB's confidential or proprietary information, in return for FCB's payment to him of \$333,333; and (ii) a release of claims and a non-disparagement agreement in return for FCB's payment to him of \$166,667; and

in the event that Mr. McCoy's *pro rata* payment for 2014 under FCB's LTIP did not equal or exceed \$100,000, FCB to pay him an additional cash bonus for services during 2014 in the amount of the difference between \$100,000 and the amount of his LTIP award. Because Mr. McCoy's *pro rata* payment under the LTIP for 2014 exceeded \$100,000, no such additional cash bonus was paid to him.

In connection with Mr. F. Holding's retirement during 2014, FCB paid him \$57,412 for accrued but unused vacation and other leave time and, as described above under the caption Retirement Benefits and Separation from Service Payments, he became entitled to monthly payments under his separation from service agreement which, as provided in his agreement, will begin six months and one week after his retirement date. During March 2015, he will begin to receive payments of \$49,756 per month under his agreement.

DIRECTOR COMPENSATION

The following table describes our standard schedule of fees paid by FCB to non-employee directors during their one-year terms of office following our 2014 Annual Meeting. Our directors also serve as directors of FCB. They are compensated by FCB for their services as its directors, and they receive no separate fees or other compensation from us.

Description	Amount
Annual retainer paid to each of our directors (1)	\$ 45,500
Annual retainer paid to the Chairman of our Compensation, Nominations and Governance Committee (1)	12,500
Annual retainer paid to the Chairman of our Risk Committee (1)	12,500
Annual retainer paid to our Audit Committee Financial Expert (who also serves as Chairman of our Audit Committee)	40,000
Annual retainer paid to our Lead Independent Director	12,500
Fee for attendance in person at meetings of our and FCB's Boards	2,500
Fee for attendance in person at meetings of our and FCB's Board committees	1,500
Fee for attendance via teleconference at meetings of our and FCB's Boards and/or committees	1,000

(1) Under the fee schedule in effect prior to the 2014 Annual Meeting, the annual retainer paid to each non-employee director was \$40,000, and the Chairmen of the Compensation, Nominations and Governance Committee and Risk Committee received annual retainers of \$7,500 and \$5,000, respectively.

The separate annual retainers paid to Chairmen of the various committees, to the audit committee financial expert (who serves as Chairman of our Audit Committee), and to the Lead Independent Director, are in recognition of the additional time, duties and responsibilities required by those positions. Attendance fees are paid for each Board and committee meeting attended by directors, regardless of whether the meeting is held on the same day as other meetings. However, only one meeting fee is paid for attendance at a joint meeting. For example, a director who attends a joint meeting of our and FCB's Boards, or a joint meeting of two separate committees, is paid for one meeting. Directors who serve as our or FCB's officers or employees do not receive any compensation for their service as directors.

The following table summarizes the compensation received by our non-employee directors for 2014.

2014 DIRECTOR COMPENSATION

James M. Parker	85,500	293,190(5)	378,690
Ralph K. Shelton (2)	70,000	-0-	70,000

- (1) Frank B. Holding, Jr., Hope H. Bryant, Peter M. Bristow and Frank B. Holding are not listed in the table. Each of them served as a director for part or all of 2014, but each was compensated as an executive officer of FCB and received no additional compensation for services as a director.
- (2) Mr. Craig and Mr. Shelton resigned from their positions as directors effective September 18, 2014 in order to create vacancies on our Board of Directors that could be filled as provided in our merger agreement with Bancorporation. Mr. Hoppe and Mr. Keels previously served as directors of Bancorporation and FCB-SC and were elected as our directors effective October 1, 2014, in connection with the Merger.
- (3) A *pro rata* annual retainer was paid to Mr. Hoppe and Mr. Keels for their service during the period following their appointment as our directors until our 2015 Annual Meeting.
- (4) Our non-employee directors also are covered under a directors and officers liability insurance policy provided by FCB, and by a travel, accident and kidnapping insurance policy provided by FCB that covers all of our and FCB's officers, employees and directors.
- (5) During January 2011, Mr. Parker retired from active employment as our and FCB's Vice Chairman. As described under the heading *COMPENSATION DISCUSSION AND ANALYSIS*, FCB has non-qualified separation from service agreements with certain of our current and former executive officers which provide for payments to the officers following their separation from service at agreed upon ages. In addition to distributions of benefits under our defined benefit pension plan, following his retirement Mr. Parker began receiving payments aggregating \$24,433 per month for a period of ten years under his separation from service agreements.

TRANSACTIONS WITH RELATED PERSONS

Our Policy

Our Board of Directors has adopted a written policy under which our Audit Committee, on an ongoing basis, reviews and approves transactions, arrangements or relationships in which we or FCB, or any of our or FCB's subsidiaries, are a participant and in which any of our related persons has a material interest. Our related persons include our directors, nominees for election as directors, executive officers, beneficial owners of more than 5% of a class of our voting stock, and members of the immediate family of one of those persons.

Except as described below, the policy covers:

transactions, arrangements or relationships, or series of transactions, arrangements or relationships, in which we or FCB, or any of our or FCB's subsidiaries, are or will be a participant and in which the dollar amount involved exceeds or will exceed an aggregate of \$120,000 (including all periodic installments in the case of any agreement which provides for periodic payments) and in which one of our related persons has or will have a direct or indirect material interest (in general, transactions that are required to be disclosed in our proxy statements under rules of the Securities and Exchange Commission); and charitable contributions or gifts, or series of charitable contributions or gifts (whether in cash or in-kind in the form of property or services), by us or FCB, or any of our or FCB's subsidiaries, to any eleemosynary or other non-profit organization in which a related person is a director or executive officer (other than a non-management director or advisory director) or is known to have some other material relationship and in which the aggregate dollar amount involved exceeds or will exceed (including periodic installments, and all other such contributions made during the same year) the greater of \$200,000 or 5% of that organization's gross revenues for the current year.

The transactions covered by the policy generally include loans, but the policy does not cover loans made by FCB in the ordinary course of its business that are subject to banking regulations relating to insider loans. The policy also does not cover compensation paid to our executive officers, or to an immediate family member of a related person, that has been reviewed and approved, or recommended to our Board of Directors for approval, by our Compensation, Nominations and Governance Committee. Transactions and relationships in the ordinary course of FCB's business involving its provision of services as a depository of funds, or similar banking or financial services or customer relationships, are not required to be approved by the Audit Committee. However, it has directed FCB's Chief Compliance Officer to review and monitor those transactions and relationships with our related persons on an ongoing basis and make periodic reports to the Committee.

Individual transactions under ongoing relationships in which we or FCB regularly obtain products or services from related persons in connection with our business operations are not required to be separately approved. Rather, the Committee approves the entry into any new relationships and then monitors those relationships on an ongoing basis. Similarly, in the case of the ongoing relationships described below under the caption Related Person Transactions During 2014 under which FCB has provided various operations, data processing and other business services to the named banks under multi-year service agreements, the Committee has approved the entry into any new agreement, or the renewal of any existing agreement. However, during the terms of the agreements, the Committee is not required to pre-approve the periodic addition, deletion or modification of services, or pricing or other changes, under the agreements. FCB's Chief Compliance Officer reviews and evaluates all such proposed individual changes and reports those actions to the Committee, and the Committee then may approve, modify or rescind any such change.

In its review of related person transactions or charitable gifts, the policy provides that the Committee should exercise independent judgment and should not approve any proposed transaction or charitable gift unless and until it has

concluded to its satisfaction that the transaction or gift:

has been or will be agreed to or engaged in on an arm's-length basis;
is or will be on terms that are fair and reasonable to us or FCB; and
is in our or FCB's best interests.

Related Person Transactions During 2014

FCB has had, and expects to have in the future, banking transactions in the ordinary course of its business with certain of its and our current directors, nominees for director, executive officers, principal shareholders, and other related persons. All loans included in those transactions during 2014 were made in the ordinary course of FCB's business on substantially the same terms, including interest rates, repayment terms and collateral, as those prevailing at the time the loans were made for comparable transactions with persons not related to us or FCB, and those loans did not involve more than the normal risk of collectibility or present other unfavorable features. On December 31, 2014, the aggregate outstanding balance of loans and leases to our and FCB's directors and officers and business and other entities they control was approximately \$1.05 million, and FCB had an aggregate of approximately \$1.25 million in unfunded loan commitments to those persons (in each case exclusive of outstanding and available balances on credit card lines of \$15,000 or less and overdraft checking lines of \$5,000 or less).

Effective October 1, 2014, we acquired Bancorporation and its bank subsidiary, FCB-SC, in a merger transaction (the Merger) which was approved by our and Bancorporation's shareholders at special meetings of shareholders held during September. The Merger was effected pursuant to an agreement under which each of Bancorporation's shareholders received 4.0 shares of our Class A Common and \$50.00 in cash in exchange for each of their shares of Bancorporation's common stock, unless a shareholder elected to instead receive 3.58 shares of our Class A Common and 0.42 shares of our Class B Common. In total, we issued an aggregate of 2,586,762 shares of our Class A Common, 18,202 shares of our Class B Common, and \$30,393,600 in cash to Bancorporation's shareholders in exchange for all of Bancorporation's outstanding common stock. We considered Bancorporation and FCB-SC to be related persons because our former Executive Vice Chairman, Frank B. Holding and his spouse, and their five adult children (including our Chairman and Chief Executive Officer, Frank B. Holding, Jr., and our Vice Chairman, Hope H. Bryant) and their children, beneficially owned a significant percentage of the outstanding shares of Bancorporation's voting common stock. Also, prior to the Merger, Mr. F. Holding, Jr. served as a director of Bancorporation and FCB-SC, and Peter M. Bristow, Mr. F. Holding's son-in-law, served as a director and executive officer of both companies. Before approving the Merger, our Board of Directors established an evaluation committee consisting of three of our outside, independent directors and authorized that committee to consider and make a recommendation to the Board regarding the advisability of the Merger and, if the Merger was to be pursued, to negotiate its terms. The committee retained independent legal counsel and financial advisors to advise it, and it and our independent directors as a group unanimously recommended that our Board approve the Merger.

In addition to its primary business of providing traditional loan, deposit and other banking services to individuals and businesses, for a number of years FCB regularly provided a variety of business, data processing, bank operations, corporate trust, stock transfer and other services to other banks and financial institutions and their parent holding companies. FCB engaged in that line of business for more than 20 years and, in past years, provided certain of those services in the ordinary course of its business pursuant to service agreements with as many as 60 different Client Banks at any one time. The Client Banks have included FCB-SC (which we acquired with Bancorporation in the Merger), The Fidelity Bank, Fuquay-Varina, North Carolina (Fidelity), and Southern Bank and Trust Company, Mount Olive, North Carolina (Southern). Under FCB's service agreements with those banks, services were added and deleted or were narrowed or expanded from time to time, and have included, among others, some or all of the following: item and account processing services, statement rendering, clearing of incoming and outgoing items, maintenance of loan and deposit systems, securities portfolio management services, network-related support services, stock transfer and registrar services, management consulting services, and services as trustee for Southern's and Fidelity's pension plans and Section 401(k) plans.

During 2012, FCB began a transition away from this line of business. It continued to provide account and item processing services and a number of other services to FCB-SC until the Merger, but it ceased providing those services to Fidelity in late 2012, and, during the last half of 2013, it transferred the provision of those services to other Client Banks, including Southern, to another provider. As a result of these changes, FCB currently provides no account and

item processing services to Fidelity or Southern, but it does provide each of them with access to systems and limited support services that it continues to provide to all former Client Banks to facilitate their research and retrieval of electronically stored records, account statements, reports and documents. FCB also provides Fidelity and Southern with various correspondent banking services and serves as trustee of their pension and Section 401(k) plans. It provides Southern with loss-share accounting services and operational services for leasing activities, and it issues credit cards for Southern's customers.

Aggregate fees billed by FCB to FCB-SC for all services provided to it during 2014 prior to the Merger totaled approximately \$29,266,000. Fees billed to Fidelity and Southern for services provided to them during 2014 totaled approximately \$101,000 and \$623,000, respectively. In each case, the above amounts included FCB's reimbursable out-of-pocket costs for telecommunications, postage and courier services related to the services provided.

We historically have considered FCB-SC, Fidelity and Southern to be related persons for purposes of the Board's transaction approval policy. Our Audit Committee has reviewed and approved FCB's service agreements and monitored FCB's ongoing relationships with each of those banks. However, under our policy, individual transactions under or changes (such as changes in services or pricing) in those agreements have been reviewed and evaluated by FCB's Chief Compliance Officer and reported to the Committee. The Committee's normal review and approval process will continue to apply to any relationships or transactions with Southern or Fidelity. FCB-SC now has been merged into FCB and no longer exists as a separate bank.

Hope H. Bryant, our Vice Chairman and executive officer, serves as a director of Southern and Fidelity. Olivia B. Holding, who is the sister of Hope H. Bryant and Frank B. Holding, Jr. and one of our principal shareholders, also is a director of Southern.

During 2014, our investment securities available for sale included an equity investment in Bancorporation's common stock which we had held for over 20 years and which had a carrying value (based on the per share price of the stock quoted on the OTC Bulletin Board) of \$29,551,000 at September 30, 2014, immediately before the Merger, as compared to approximately \$21,628,350 at December 31, 2013 and \$16,069,000 at December 31, 2012.

Calvin B. Koonce, Jr., who is a relative of our director, Victor E. Bell III, is employed by FCB in a non-executive officer position. During 2014, his aggregate compensation amounted to \$122,437 (including FCB's contributions to our Section 401(k) plan for his account, but excluding other normal benefits provided to all employees). Our Audit Committee has reviewed and approved the terms of his employment relationship for 2014 and will continue to do so annually.

BENEFICIAL OWNERSHIP OF OUR COMMON STOCK**Directors and Executive Officers**

The following table describes the beneficial ownership of our Class A Common and Class B Common on the Record Date by our current directors, nominees for election as directors, and our current and former executive officers named in the Summary Compensation Table, individually, and by all of our current directors and executive officers as a group. For purposes of the table, we consider a director or executive officer to beneficially own shares held in his or her name, or in the name of any other person, if the director or officer either directly, or indirectly through some agreement, arrangement, understanding or relationship, has or shares the right to vote or dispose of the shares, or to direct the voting or disposition of the shares. As a result, the same shares may be beneficially owned by more than one person. As described in footnotes to the table, portions of the shares listed as beneficially owned by certain of the directors and executive officers in the table also are listed as beneficially owned by others named in the table. However, those shares are only counted once in the total numbers of shares beneficially owned by all directors and executive officers as a group.

(1) Percentage of class reflects each individual's and the group's listed shares as a percentage of the total number of outstanding shares of that class of stock. Percentage of total votes reflects the aggregate votes represented by each individual's and the group's listed shares of both classes as a percentage of the aggregate votes represented by all outstanding shares of our voting securities. An asterisk indicates less than .01%.

- (2) Includes an aggregate of 14,867 shares of Class A Common and 4,925 shares of Class B Common held by various entities and as to which shares Mr. Bell may be considered to exercise shared voting and investment power. Mr. Bell disclaims beneficial ownership of 884 of the listed shares of Class A Common which are held by a family trust.
- (3) Mr. Bristow's beneficial ownership is described in the table and footnotes below under the caption Principal Shareholders.
- (4) Mrs. Bryant's beneficial ownership is described in the table and footnotes below under the caption Principal Shareholders.
- (5) Mr. F. Holding's beneficial ownership is described in the table and footnotes below under the caption Principal Shareholders.
- (6) Mr. F. Holding Jr.'s beneficial ownership is described in the table and footnotes below under the caption Principal Shareholders.
- (7) Includes 10 shares of Class A Common as to which Mr. Willingham may be considered to exercise shared voting and investment power.
- (8) Mr. F. Holding and Mr. McCoy are listed in the table because they are included in the Summary Compensation Table as named executive officers for 2014. However, they retired during 2014 and no longer serve as executive officers, and they are not included in the group of all current directors and executive officers.
- (9) In the aggregate, individuals included in the group may be considered to exercise shared voting and investment power as to 2,005,329 shares of Class A Common and 174,110 shares of Class B Common. As described in the table and footnotes below under the caption Principal Shareholders, certain shares are included in the numbers of shares listed in the table above for each of Mrs. Bryant and Mr. F. Holding, Jr., but they are included only once in the total shares listed for the group.

Hedging and Pledging Policies

During 2014, our Board of Directors, upon the recommendation of our Audit Committee, adopted policies regarding the hedging and pledging of our common stock by our directors and executive officers.

Hedging Policy. The hedging policy adopted by the Board prohibits our directors and executive officers from hedging any shares of our common stock. For purposes of the prohibition, a *hedge* means any financial instrument, derivative transaction or trading strategy designed to hedge or offset any decrease in the market value of our stock, such as a covered call, collar, prepaid variable forward sale contract, equity swap, exchange fund or similar transaction.

Pledging Policy. The pledging policy adopted by the Board prohibits any director or executive officer from pledging as collateral for a loan any shares of our common stock that he or she directly or indirectly owns and controls. Pledges that existed on the date the policy was adopted are excluded from the prohibition. The only such pledges by any then-current director or executive officer on that date were by Frank B. Holding, Jr., Hope H. Bryant, and our former Executive Vice Chairman, Frank B. Holding. Those shares may continue to be pledged pursuant to those pledge arrangements.

Our Audit Committee may grant an exception to the pledging policy if a director or executive officer who desires to pledge shares of our common stock demonstrates to the Committee's satisfaction that he or she has the financial capacity to repay the loan without liquidation of the pledged stock. In its decision, the Audit Committee also will consider other relevant factors, such as:

- the total amount of pledged shares outstanding at any time in relation to the total number of outstanding shares of our common stock and the market value and trading volume of our common stock; and
- the terms of the proposed pledge arrangement, including the loan-to-value ratio, the nature of any other collateral that would secure the loan, and the borrower's ability to substitute collateral.

We currently have no equity-based compensation plans or arrangements under which directors or executive officers may receive compensation in the form of shares of our common stock. However, if we were to adopt any such plans or arrangements in the future, no exception could be issued for a pledge of shares granted to a director or executive officer as compensation.

The Audit Committee engaged independent outside legal counsel to assist it in connection with the creation of the policies. In forming its recommendation to the Board, the Audit Committee reviewed the historical and then-current pledge arrangements of Mr. F. Holding, Jr., Mrs. Bryant and Mr. F. Holding, and considered the ownership structure of our company, including the fact that members of the Holding family own shares which, in the aggregate, amount to more than 50% of the outstanding voting power of our stock. As a result of our ownership structure, FCB is the largest family-controlled bank in the United States. As described in this proxy statement under the headings *CORPORATE GOVERNANCE* and *COMMITTEES OF OUR BOARDS*, despite our ownership structure we adhere to the governance requirements under Nasdaq rules for non-controlled companies, including having a board consisting of a majority of independent directors, independent compensation and nominating committees, and approval of all related person transactions by our Audit Committee which consists solely of independent directors. We previously have solicited the views of certain of our institutional shareholders. Based on discussions with those institutional holders, we believe our shareholders understand our family-controlled ownership structure and are not concerned about pledging by our directors or executive officers, or specifically by members of the Holding family.

We do not provide any equity-based compensation to our directors and executive officers. As a result, our directors and executive officers, other than Mr. F. Holding, Jr., Mrs. Bryant and Mr. Bristow, do not own significant amounts of our common stock. We believe that our shareholders appreciate and support our perspective on equity compensation.

Our Corporate Governance Guidelines provide that our directors are encouraged to own an amount of our stock that is significant in relation to their individual financial means. However, because we do not provide equity-based compensation, we do not maintain formal stock ownership guidelines (although our Bylaws do require that directors hold a minimum of 100 shares of our common stock).

Based on its reviews and the considerations described above, the Audit Committee believes the policy strikes an appropriate balance, respecting our ownership structure while mitigating any real or perceived risks associated with pledging by directors and executive officers, including those who are members of the Holding family.

The following table lists the numbers of shares of our Class A Common and Class B Common that may be considered to be beneficially owned by Frank B. Holding, Jr., Hope H. Bryant and Peter M. Bristow, and by our former Executive Vice Chairman, Frank B. Holding, that were pledged as of the Record Date for the 2015 Annual Meeting. The number of shares of Class A Common beneficially owned by Mr. F. Holding which are pledged has decreased by 44% during the past year. In the case of Mr. F. Holding, Jr. and Mrs. Bryant, their aggregate numbers of pledged shares of Class A Common have increased as compared to their numbers when our pledging policy was adopted. However, neither of them has entered into any new pledge arrangements, and their numbers of pledged shares as percentages of the total numbers of shares they beneficially own have actually decreased. The increases in their numbers resulted from the conversion of previously pledged shares of Bancorporation's common stock into our Class A Common in connection with the Merger. The pledged shares of Bancorporation common stock were not subject to our pledging policy because they were shares of another company. Our Audit Committee has reviewed these pledging arrangements and concluded that, as the pledges of Bancorporation stock existed before our Board of Directors adopted our pledging policy, and as the increased numbers did not result from any new pledges by them, the increase in numbers of shares did not require the Committee's approval. The Audit Committee determined that the increased number of pledged shares by Mr. F. Holding, Jr. and Mrs. Bryant do not pose any additional risk to us, recognizing that the current numbers represent decreases in the percentages of their respective beneficially owned shares that are pledged.

Name of Beneficial Owner	Number of Class A Common shares pledged as of 03/02/15	Number of Class B Common shares pledged as of 03/02/15
Frank B. Holding	325,089	-0-
Frank B. Holding, Jr.	171,548	105,961
Hope H. Bryant	134,362	16,447
Peter M. Bristow (1)	30,000	-0-

(1) Mr. Bristow served as Executive Vice President and Chief Operating Officer of Bancorporation and President and Chief Operating Officer of FCB-SC, and he became our director and President as a result of the Merger on October 1, 2014. The pledged shares listed for him (which are owned by his spouse) were pledged before he became our director and officer and became subject to our pledging policy when he took office following the Merger. The Audit Committee has reviewed this pre-existing pledge arrangement and concluded that it does not pose any risk to us and is within the intent of the exception to the policy for pledges in existence at the time the policy was adopted and, therefore, is not prohibited by the policy.

Principal Shareholders

The following table lists persons who we believe owned, beneficially or of record, 5% or more of our Class A Common or Class B Common on the Record Date for the Annual Meeting. Similar to the director and executive officer table above, we consider a person to beneficially own shares held in the person's name, or in the name of any other shareholder, if the person either directly, or indirectly through some agreement, arrangement, understanding or relationship, has or shares the right to vote or dispose of the shares, or to direct the voting or disposition of the shares. As a result, the same shares may be beneficially owned by more than one person. As described in footnotes to the table, portions of the shares listed as beneficially owned by certain of the individuals in the table also are listed as beneficially owned by other individuals named in the table.

- (10) FMR LLC's Schedule 13G filed with the SEC, as amended, indicates that (a) the listed shares are held by various investment companies registered under the Investment Company Act of 1940 (including FMR Co., Inc. which itself beneficially owns more than 5% of the outstanding shares of Class A common) for which FMR LLC's wholly-owned subsidiary, Fidelity Management & Research Company (FMRC), acts as investment advisor, (b) FMR LLC may be deemed to have sole voting power with respect to 100,410 of the shares, and the company and its Chairman, Edward C. Johnson 3d, and Vice Chairman and Chief Executive Officer, Abigail P. Johnson, may be deemed to have sole investment power with respect to all of the listed shares, and (c) while FMRC carries out the voting of all shares held by the various investment companies it advises, the power to vote those shares resides with those companies' boards of directors and FMRC votes the shares under written guidelines established by those boards. The percentage of total votes is based on only the shares over which FMR LLC's Schedule 13G indicates that it has voting power.

Section 16(a) Beneficial Ownership Reporting Compliance

Our directors, executive officers and principal shareholders are required by federal law to file reports with the Securities and Exchange Commission regarding the amounts of and changes in their beneficial ownership of our Class A Common and Class B Common. Based on our review of copies of those reports, our proxy statements are

required to disclose failures to report shares beneficially owned or changes in beneficial ownership, and failures to timely file required reports, during previous years. We are currently not aware of any required reports which were not filed, or which were filed late, during 2014, with the exception of the initial reports of beneficial ownership for two of our officers (Toby W. Goodlett and Blake R. Coules, neither of whom beneficially owns any of our common stock) which, due to administrative error, were filed beyond the due dates following their designation by the Board as executive officers.

PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our Board of Directors unanimously recommends that you vote FOR Proposal 2.

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act) enacted during July 2010, and rules adopted by the Securities and Exchange Commission under the Act, at least once every three years we are required to give our shareholders an opportunity to vote, on a non-binding advisory basis, on a proposal (a say-on-pay proposal) to approve the compensation of our named executive officers whose compensation we are required by the SEC's rules to disclose in our Annual Meeting proxy statements. At each of our Annual Meetings since 2011, our shareholders overwhelmingly approved say-on-pay proposals voted on at those meetings, with over 98% of the votes entitled to be cast on the proposal with respect to shares present in person or represented by proxy at each meeting being cast for approval.

Another say-on-pay proposal will be submitted for voting by our shareholders at the 2015 Annual Meeting. At our 2011 Annual Meeting, our shareholders considered a say-on-frequency proposal in which they could indicate whether

they preferred that we hold future say-on-pay votes every year, once every two years, or once every three years. The majority of votes cast by shareholders favored a say-on-pay vote once every three years. However, following that meeting, our analysis of the voting indicated that a number of shareholders appeared to prefer that a vote be held every year. As a result, our Board of Directors concluded that it would conduct a say-on-pay vote each year until the next required say-on-frequency vote by our shareholders or until the Board determines that a different frequency is appropriate. As a result, our Board will submit a say-on-pay proposal for voting at the Annual Meeting.

The following resolution will be voted on at the Annual Meeting:

RESOLVED, that the shareholders of First Citizens BancShares, Inc. (BancShares) hereby approve, on a non-binding advisory basis, the compensation paid or provided to BancShares named executive officers, as such compensation has been disclosed in BancShares proxy statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including BancShares Compensation Discussion and Analysis, compensation tables, and the narrative discussion contained in the proxy statement.

The vote on the resolution is not intended to address any specific element of executive compensation. Rather, the vote relates generally to the compensation described in this proxy statement that we paid or provided for 2014 to our named executive officers listed in the Summary Compensation Table above under the heading *EXECUTIVE COMPENSATION*. Under the Act and the SEC's rules, the vote will be advisory in nature and will not be binding on our Board of Directors or Compensation, Nominations and Governance Committee, and it will not overrule or affect any previous action or decision by the Board or the Committee or any compensation previously paid or awarded. Neither will it obligate the Board or Committee to any particular course of future action, nor create or imply any additional duty on the part of the Board or Committee. However, our Board and the Committee will consider the voting results on the resolution and will evaluate whether any actions are necessary to address any shareholder concerns.

Our executive compensation philosophy and components are described in more detail in this proxy statement under the headings *COMPENSATION DISCUSSION AND ANALYSIS* and *EXECUTIVE COMPENSATION*. As discussed in those sections, our Board and Compensation, Nominations and Governance Committee attempt to align our executive officers compensation with our long-term business philosophy and to achieve our objectives of:

- rewarding year-over-year performance and long-term loyalty;
- balancing business risk with sound financial policy and shareholder value;
- enabling FCB to attract and retain qualified executive officers; and
- providing compensation to our executive officers that is competitive with comparable financial services companies.

Consistent with that philosophy, our current executive compensation program is primarily composed of the following elements:

- competitive base salaries;
- performance-based long-term incentive awards payable in cash which may be earned based on the extent of growth in the tangible book value per share of our common stock plus cumulative dividends paid on the stock during stated performance periods;
- annual incentives paid in cash to selected officers from time to time to motivate and reward them for company and individual performance;
- retirement benefits in the form of defined benefit pension plans (for officers hired on or before specified dates during 2007), and matching contributions to Section 401(k) defined contribution plans;

individual non-qualified separation from service agreements with certain of our executive officers; and limited personal benefits (or perquisites) for certain of our executive officers. We do not provide any equity-based compensation (such as stock options or sto
