BRYN MAWR BANK CORPORATION

Bryn Mawr Bank Corporation (the Corporation) is a Pennsylvania corporation incorporated in 1986 and registered as a bank holding company under the Bank Holding Company Act of 1956, as amended. The Corporation is the sole stockholder of The Bryn Mawr Trust Company (the Bank), a Pennsylvania chartered bank. As of December 31, 2014, we had consolidated total assets of \$2.25 billion, deposits of \$1.69 billion and shareholders' equity of \$245.5 million. As of December 31, 2014, we had 424 full time equivalent staff.

The Bank is the Corporation's sole bank subsidiary. The Bank operates primarily in the greater Philadelphia region including in Montgomery, Delaware and Chester counties and northern Delaware and is engaged in commercial and retail banking business, providing basic banking services, including the acceptance of demand, time and savings deposits and the origination of commercial, real estate and consumer loans and other extensions of credit including leases. The Bank also provides a full range of wealth management services including trust administration and other related fiduciary services, custody services, investment management and advisory services, employee benefit account and IRA administration, estate settlement, tax services, financial planning and brokerage services.

The Corporation has two operating subsidiaries in Delaware, The Bryn Mawr Trust Company of Delaware (Bryn Mawr Trust of Delaware) and Lau Associates LLC (Lau Associates). Bryn Mawr Trust of Delaware began operations as a limited purpose trust company in the fourth quarter of 2008. Bryn Mawr Trust of Delaware is located in Greenville, Delaware and has the ability to be named and serve as a corporate fiduciary under Delaware law. Being able to serve as a corporate fiduciary under Delaware law is advantageous as Delaware statutes are widely recognized as being favorable with respect to the creation of tax-advantaged trust structures, LLCs and related wealth transfer vehicles for families and individuals throughout the United States. The Corporation acquired Lau Associates, a nationally recognized independent, family office serving high net worth individuals and families, with special expertise in planning intergenerational inherited wealth, in July of 2008.

Our common stock is traded on the NASDAQ Stock Market under the symbol BMTC. Our principal executive offices are located at 801 Lancaster Avenue, Bryn Mawr, Pennsylvania 19010, our general telephone number is (610) 525-1700, and our website address is <http://www.bmtc.com>. The information on our website is not a part of this prospectus or any prospectus supplement.

Table of Contents**RISK FACTORS**

Investing in our securities involves risk. Before making an investment decision, you should carefully consider the risks and other information we describe or incorporate by reference in this prospectus and any prospectus supplement, including the risk factors set forth under the heading "Risk Factors" in our most recent Annual Report on Form 10-K and in each subsequently filed Quarterly Report on Form 10-Q, in each case as those risk factors are amended or supplemented by our subsequent filings with the SEC. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The value of our securities could decline due to any of these risks, and you may lose all or part of your investment.

USE OF PROCEEDS

Unless we state otherwise in the applicable prospectus supplement, we expect to use the net proceeds from the sale of the securities for working capital and general corporate purposes, which may include, but not be limited to, investments in the Bank and our other subsidiaries.

Pending such use, we may temporarily invest the net proceeds of any offering. The precise amounts and timing of the application of proceeds will depend upon our funding requirements and the availability of other funds. Except as indicated in a prospectus supplement, allocations of the proceeds to specific purposes will not have been made at the date of that prospectus supplement.

RATIO OF EARNINGS TO FIXED CHARGES

The following unaudited table presents the consolidated ratio of earnings to fixed charges as defined in Item 503(d) of Regulation S-K for Bryn Mawr Bank Corporation. You should read these ratios in conjunction with Exhibit 12.1 filed as an exhibit to the registration statement of which this prospectus is a part.

DESCRIPTION OF THE SECURITIES

This prospectus contains summaries of the common stock, debt securities, purchase contracts, warrants and units. These summaries are not meant to be a complete description of each of these securities. The material terms for each security we offer will be described in the prospectus supplement relating to a specific offering and other offering material we may use in connection therewith. The applicable prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus. You should read these documents as well as the documents filed as exhibits to or incorporated by reference into this registration statement, including our amended and restated articles of incorporation and amended and restated bylaws. Capitalized terms used in this prospectus that are not defined will have the meanings given them in these documents.

DESCRIPTION OF COMMON STOCK

Authorized Common Stock

As of March 5, 2015 our authorized common stock, \$1.00 stated value per share, was 100,000,000 shares, of which 17,707,987 shares were issued and outstanding. Shares of our common stock, when issued against full payment of the purchase price, and shares of our common stock issuable upon conversion, exchange or exercise of any of the other securities offered by this prospectus, will be validly issued, fully paid and non-assessable.

General

The holders of our common stock are entitled to:

one vote for each share of common stock held;

elect our board of directors;

act on such matters as are required by law or our governing documents to be presented to them;

receive dividends if and when declared by our board of directors from the Corporation's unreserved and unrestricted earned surplus or the Corporation's unreserved and unrestricted net earnings for the current fiscal year, subject to any restrictions imposed by federal and Pennsylvania banking laws and rules;
and

share ratably in our net assets legally available to our shareholders in the event of our liquidation, dissolution or winding up, after payment in full of all amounts required to be paid to creditors and preferred shareholders, if any, or provision for such payment.

Holders of our common stock have no preemptive, subscription, redemption, conversion or cumulative voting rights. Our outstanding common stock is fully paid and nonassessable.

Our common stock is neither redeemable nor convertible into another security of the Corporation or the Bank. Because the Corporation is a holding company, the Corporation's rights and the rights of the Corporation's creditors and shareholders to participate in the distribution of assets of a subsidiary on its liquidation or recapitalization may be subject to prior claims of our subsidiary's creditors, except to the extent that the Corporation itself may be a creditor having recognized claims against the subsidiary.

Our common stock is listed on the NASDAQ Stock Market under the symbol BMTC. The transfer agent for our common stock is ComputerShare, Inc., 259 Royall Street, Canton, MA 02021.

Table of Contents

The Corporation's board of directors consists of ten (10) directors divided into four classes. The directors in the divided classes each serve staggered four-year terms unless selected to fill a vacancy (in which case, such director serves for a term expiring with the next annual meeting of shareholders), and until their successors are elected and take office.

Anti-Takeover Provisions and Other Shareholder Protections

Pennsylvania Law Considerations.

The Pennsylvania Business Corporation Law of 1988, as amended (PBCL) contains certain provisions applicable to us that may have the effect of deterring or discouraging an attempt to take control of the Corporation. These provisions, among other things:

require that, following any acquisition by any person or group of 20% of a public corporation's voting power, the remaining shareholders have the right to receive payment for their shares, in cash, from such person or group in an amount equal to the fair value of the shares, including an increment representing a proportion of any value payable for control of the corporation (Subchapter 25E of the PBCL);

prohibit for five years, subject to certain exceptions, a business combination (which includes a merger or consolidation of the corporation or a sale, lease or exchange of assets) with a person or group beneficially owning 20% or more of a public corporation's voting power (Subchapter 25F of the PBCL);

expand the factors and groups (including shareholders) which a corporation's board of directors can consider in determining whether an action is in the best interests of the corporation;

eliminates the preemptive right to subscribe to purchase, on a pro rata basis, additional shares of stock issued or sold by the corporation, unless provided for in the corporation's articles of incorporation;

provide that a corporation's board of directors need not consider the interests of any particular group as dominant or controlling;

provide that a corporation's directors, in order to satisfy the presumption that they have acted in the best interests of the corporation, need not satisfy any greater obligation or higher burden of proof with respect to actions relating to an acquisition or potential acquisition of control;

provide that actions relating to acquisitions of control that are approved by a majority of disinterested directors are presumed to satisfy the directors' standard, unless it is proven by clear and convincing evidence that the directors did not assent to such action in good faith after reasonable investigation;

and

provide that the fiduciary duty of a corporation's directors is solely to the corporation and may be enforced by the corporation or by a shareholder in a derivative action, but not by a shareholder directly.

The PBCL explicitly provides that the fiduciary duty of directors does not require them to:

redeem any rights under, or to modify or render inapplicable, any shareholder rights plan;

render inapplicable, or make determinations under, provisions of the PBCL relating to control transactions, business combinations, control-share acquisitions or disgorgement by certain controlling shareholders following attempts to acquire control; or

act as the board of directors, a committee of the board or an individual director, solely because of the effect such action might have on an acquisition or potential acquisition of control of the Corporation or the consideration that might be offered or paid to shareholders in such an acquisition.

Table of Contents

Articles of Incorporation and Bylaws.

Our amended and restated articles of incorporation and amended and restated bylaws contain certain provisions which may have the effect of deterring or discouraging changes in control of the Corporation, including through, among other things, a non-negotiated tender or exchange offer for our common stock, a proxy contest with respect to the election of directors or the removal of our board of directors. These provisions:

divide our board of directors into three classes serving staggered three-year terms;

restrict the ability of shareholders to remove directors;

eliminate cumulative voting in elections of directors; and

require advance notice of nominations for the election of directors and the presentation of shareholder proposals at meetings of shareholders.

DESCRIPTION OF DEBT SECURITIES

The following description summarizes the general provisions of the debt securities we may offer under this prospectus. One or more prospectus supplements relating to a specific offer of debt securities will provide additional information regarding the terms of the debt securities. You should read any prospectus supplement related to the specific debt securities being offered, as well as the provisions of the indenture and the form of debt security relating to such debt securities that provide the specific terms of such debt securities.

The debt securities offered by this prospectus will be unsecured obligations of the Corporation, unless otherwise provided in the applicable prospectus supplement, and will be either senior or subordinated debt. Senior debt securities will be issued under an indenture (the *senior indenture*), between the Corporation and a trustee to be determined prior to the time of issuance, a copy of which is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. Subordinated debt securities will be issued under an indenture (the *subordinated indenture*), between the Corporation and the trustee, a copy of which also is incorporated by reference as an exhibit to the registration statement of which this prospectus forms a part. The senior indenture and the subordinated indenture are referred to in this prospectus collectively as the *indentures* and each individually as an *indenture*.

The Corporation is a bank holding company and almost all of our operating assets are owned by our subsidiaries, including the Bank. We are a legal entity separate and distinct from the Bank. We rely primarily on dividends from the Bank to meet our obligations. There are regulatory limitations on the payment of dividends directly or indirectly to us from the Bank. Accordingly, the debt securities will be effectively subordinated to all existing and future liabilities of the Bank, and holders of debt securities should look only to the Corporation's assets for payments of the debt securities.

General

The indentures do not limit the aggregate principal amount of debt securities which we may issue and provide that we may issue debt securities under the indentures from time to time in one or more series. We may from time to time, without giving notice to or seeking the consent of the holders of the debt securities of any series,

Table of Contents

issue debt securities having the same ranking and the same terms (other than the public offering price, issue date, payment of interest accruing prior to the issue date and, under some circumstances, the first interest payment date) as the debt securities of a previously issued series. Any additional debt securities having such identical terms, together with the debt securities of the applicable series previously issued, will constitute a single series of debt securities under the indenture. The indentures do not limit the amount of other indebtedness, or debt securities other than secured indebtedness, which we or our subsidiaries may issue.

Unless otherwise provided in a prospectus supplement, senior debt securities will be our unsecured obligations and will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. Subordinated debt securities will be our unsecured obligations and will be subordinated in right of payment to the prior payment in full of all of our senior indebtedness, which term includes senior debt securities, as described below under Subordination. In certain events of insolvency, the subordinated debt securities will also be subordinated to certain other financial obligations, as described below under Subordination.

Because the Corporation is a holding company, our rights and the rights of our creditors, including holders of debt securities, and shareholders to participate in any distribution of assets of any subsidiary upon the subsidiary's liquidation or reorganization or otherwise would be subject to the prior claims of the subsidiary's creditors, except to the extent that the Corporation is a creditor of the subsidiary. The right of our creditors, including holders of debt securities, to participate in the distribution of stock owned by the Corporation in some of our subsidiaries, including our banking subsidiaries, may also be subject to approval by bank regulatory authorities having jurisdiction over these subsidiaries.

Each prospectus supplement will describe the following terms of the offered debt securities:

the title of the series;

any limit on the aggregate principal amount;

the principal payment dates;

the interest rates, if any, which rate may be zero if the debt securities are issued at a discount from the principal amount payable at maturity, or the method by which the interest rates will be determined, including, if applicable, any remarketing option or similar method;

the date or dates from which interest, if any, will accrue or the method by which the date or dates will be determined;

the interest payment dates and regular record dates;

the place or places where the principal of, any premium or interest on any debt securities will be payable, where any of debt securities may be surrendered for registration of transfer or exchange, and where any debt securities may be surrendered for conversion or exchange;

whether any of the debt securities are to be redeemable at our option and, if so, the date or dates on which, the period or periods within which, the price or prices at which and the other terms and conditions upon which they may be redeemed, in whole or in part;

whether we will be obligated to redeem or purchase any of the debt securities pursuant to any sinking fund or analogous provision or at the holder's option, and, if so, the dates or prices and the other terms on which the debt securities must be redeemed or purchased pursuant to this obligation and any provisions for the remarketing of the debt securities so redeemed or purchased;

if other than denominations of \$2,000 and any integral multiple of \$1,000, the denominations in which any debt securities will be issuable;

Table of Contents

whether the debt securities will be convertible into our common stock and/or exchangeable for other securities, whether or not issued by us and, if so, the terms and conditions upon which the debt securities will be convertible or exchangeable;

if other than United States dollars, the currency of payment in which the principal of, any premium or interest on the debt securities will be paid;

if other than the principal amount, the portion of the principal amount, or the method by which the portion will be determined, of the debt securities that will be payable upon declaration of acceleration of the maturity of the debt securities;

whether the principal of, any premium or interest on the debt securities will be payable, at our or the holder's election, in a currency other than that in which the debt securities are stated to be payable, and the dates and the other terms upon which this election may be made;

any index, formula or other method used to determine the amount of principal of, any premium or interest on the debt securities;

whether the debt securities are to be issued in the form of one or more global securities and, if so, the identity of the depository for the global security or securities;

whether the debt securities are senior or subordinated and, if subordinated, the applicable subordination provisions;

in the case of subordinated debt securities, the relative degree, if any, to which the subordinated debt securities will be senior to or be subordinated to other series of subordinated debt securities or other indebtedness of ours in right of payment, whether the other series of subordinated debt securities or other indebtedness is outstanding or not;

any deletions from, modifications of or additions to the events of default or covenants of the Corporation, and any change in the right of the trustee or the holders to declare the principal, premium and interest with respect to the debt securities due and payable;

whether the provisions described below under **Discharge, Defeasance and Covenant Defeasance** will be applicable to the debt securities;

whether any of the debt securities are to be issued upon the exercise of warrants and the time, manner and place for the debt securities to be authenticated and delivered; and

any other terms of the debt securities and any other deletions from or modifications or additions to the applicable indenture.

Unless otherwise set forth in the applicable prospectus supplement, we will only issue the debt securities in fully registered form without coupons.

Unless otherwise set forth in the applicable prospectus supplement, principal of, premium and interest on the debt securities will initially be payable at the corporate trust office of the trustee.

Interest on debt securities may be paid by check mailed to the persons entitled to the payments at their addresses appearing on the security register or by transfer to an account maintained by the payee with a bank located in the United States and will be payable on any interest payment date to the persons in whose names the debt securities are registered at the close of business on the regular record date with respect to the interest payment date.

Table of Contents

Unless otherwise set forth in the applicable prospectus supplement, the trustee will act as the paying agent. We may designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

Unless otherwise set forth in the applicable prospectus supplement, holders may present the debt securities for transfer, duly endorsed or accompanied by a written instrument of transfer if so required by us or the security registrar, or exchange for other debt securities of the same series containing identical terms and provisions, in any authorized denominations, and of a like aggregate principal amount, in each case at the office or agency maintained by us for this purpose, which will initially be the corporate trust office of the trustee. Any transfer or exchange will be made without service charge, although we may require payment of a sum sufficient to cover any tax or other governmental charge and any other expenses then payable. We are not required to issue, register the transfer of, or exchange debt securities during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any debt securities and ending at the close of business on the day of mailing or register the transfer of or exchange any debt security selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

The debt securities may be issued as original issue discount securities, which means that they will bear no interest or bear interest at a rate which, at the time of issuance, is below market rates. Debt securities issued as original issue discount securities will be sold at a substantial discount below their principal amount. U.S. Federal income tax and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

If the purchase price, or the principal of, or any premium or interest on, any debt securities is payable in, or if any debt securities are denominated in, one or more foreign currencies or currency units, the restrictions, elections, U.S. Federal income tax considerations, specific terms and other information will be set forth in the applicable prospectus supplement.

Conversion and Exchange

The terms, if any, on which debt securities are convertible into or exchangeable for, either mandatorily or at our or the holder's option, property or cash, common stock or other securities, whether or not issued by us, or a combination of any of these, will be set forth in the applicable prospectus supplement.

Global Securities

The debt securities may be issued, in whole or in part, in the form of one or more global securities that will be deposited with, or on behalf of, a depositary identified in the applicable prospectus supplement and registered in the name of the depositary or its nominee. Interests in any global debt security will be shown on, and transfers of the debt securities will be effected only through, records maintained by the depositary and its participants. The specific terms of the depositary arrangement will be described in the applicable prospectus supplement.

Subordination

Under the subordinated debt indenture, payment of the principal, interest and any premium on the subordinated debt securities will generally be subordinated and junior in right of payment to the prior payment in full of all Senior Indebtedness (as defined below). The subordinated debt indenture provides that no payment of principal, interest or any premium on the subordinated debt securities may be made unless we pay in full the principal, interest, any premium or any other amounts on any Senior Indebtedness then due. Also, no payment of principal, interest or any

premium on the subordinated debt securities may be made if there shall have occurred and be continuing an event of default with respect to any Senior Indebtedness permitting the holders thereof to accelerate the maturity thereof, or if any judicial proceeding shall be pending with respect to any such default.

Table of Contents

If there is any insolvency, bankruptcy, liquidation or other similar proceeding relating to the Corporation, then all Senior Indebtedness must be paid in full before any payment may be made to any holders of subordinated debt securities. If after payment of the Senior Indebtedness there remains any amounts available for distribution and any person entitled to payment pursuant to the terms of Other Financial Obligations (as defined below) has not been paid in full all amounts due or to become due on the Other Financial Obligations, then these remaining amounts shall first be used to pay in full the Other Financial Obligations before any payment may be made to the holders of subordinated debt securities. Holders of subordinated debt securities must deliver any payments received by them to the trustee in bankruptcy or other person making payment or distribution of the assets of the Corporation for application to the payment of all Senior Indebtedness and Other Financial Obligations remaining unpaid until all Senior Indebtedness and Other Financial Obligations are paid in full.

The subordinated debt indenture does not limit the amount of Senior Indebtedness and Other Financial Obligations that we may incur. Senior Indebtedness means any of the following, whether incurred before or after the execution of the subordinated debt indenture:

all obligations of ours for the repayment of borrowed or purchased money;

all obligations of ours for the deferred purchase price of property;

all of our capital lease obligations; and

all obligations of the type referred to in the immediately above of other persons that we have guaranteed or that is otherwise our legal liability.

Senior Indebtedness, however, does not include the subordinated debt securities or indebtedness that by its terms is subordinated to, or ranks on an equal basis with, the subordinated debt securities.

Other Financial Obligations means all obligations of ours to make payment pursuant to the terms of financial instruments, such as:

securities contracts and foreign currency exchange contracts;

derivative instruments, including swap agreements, cap agreements, floor agreements, collar agreements, interest rate agreements, foreign exchange agreements, options, commodity futures contracts and commodity option contracts; and

similar financial instruments.

Other Financial Obligations, however, does not include Senior Indebtedness or indebtedness that by its terms is subordinated to, or ranks on an equal basis with, the subordinated debt securities.

Events of Default, Waiver

An Event of Default with respect to a series of debt securities is defined in the indentures as:

default for 30 days in the payment of interest on any debt securities of that series;

default in payment of principal or other amounts payable on any debt securities of that series when due, at maturity, upon redemption, by declaration of acceleration, or otherwise;

default in the deposit of any sinking fund payment, when due by the terms of a series of debt securities;

Table of Contents

failure by us for 60 days after notice to perform any other covenants or warranties contained in the Indenture applicable to that series;

certain events of bankruptcy or reorganization; and

any other event of default provided in the applicable supplemental indentures or form of security.

With respect to the senior debt securities, if a default in the payment of principal, interest or other amounts payable on the senior debt securities, or in the performance of any covenant or agreement, or in a manner provided in the applicable supplemental indenture or form of security, with respect to one or more series of senior debt securities occurs and is continuing (other than a default arising out of certain events of bankruptcy or reorganization of the Corporation), either the trustee or the holders of at least 25% in principal amount of the senior debt securities of such series then outstanding, treated as one class, may declare the principal of all outstanding senior debt securities of such series to be due and payable immediately. If a default arising out of certain events of bankruptcy or reorganization of the Corporation occurs, the principal of all outstanding senior debt securities and any interest accrued thereon shall become due and payable immediately without any further action on the part of the trustee or the holders of the senior debt securities.

With respect to the subordinated debt securities, if a default arising out of certain events of bankruptcy or reorganization of the Corporation occurs, either the trustee or the holders of at least 25% in principal amount of the subordinated debt securities of such series then outstanding, treated as one class, may declare the principal of all outstanding subordinated debt securities of such series to be due and payable immediately. The subordinated indenture does not provide for any right of acceleration of the payment of the principal of a series of subordinated debt securities upon a default in the payment of principal, premium, if any, or interest or a default in the performance of any covenant or agreement in the subordinated debt securities of that series or in the subordinated indenture. Accordingly, the trustee under the subordinated indenture and the holders will not be entitled to accelerate the maturity of those debt securities upon the occurrence of any of the events of default described above, except for those arising out of certain events of bankruptcy or reorganization of the Corporation. If a default in the payment of principal, premium, if any, or interest or in the performance of any covenant or agreement in the subordinated debt securities of any series or in the subordinated indenture occurs, the trustee under the subordinated indenture may, subject to certain limitations and conditions, seek to enforce payment of such principal, premium, if any, or interest on the subordinated debt securities of that series, or the performance of such covenant or agreement.

In the case of original issue discount securities, only a specified portion of the principal amount may be accelerated.

Subject to certain conditions such declarations may be annulled and past defaults, except for uncured payment defaults on the debt securities, may be waived by the holders of a majority in principal amount of the outstanding debt securities of the series affected. An Event of Default with respect to one series of debt securities does not necessarily constitute an Event of Default with respect to any other series of debt securities. The indentures provide that the trustee may withhold notice to the holders of the debt securities of any default if the trustee considers it in the interest of the holders of the debt securities to do so. The trustee may not withhold notice of a default in the payment of principal of, interest on or any other amounts due under, such debt securities.

The indentures provide that the holders of a majority in principal amount of outstanding debt securities of any series may direct the time, method, and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or other power conferred on the trustee. The trustee may decline to act if the direction is contrary to law and in certain other circumstances set forth in the applicable indenture. The trustee is not obligated to exercise

any of its rights or powers under the applicable indenture at the request or direction of the holders of debt securities unless the holders offer the trustee reasonable indemnity against expenses and liabilities.

No holder of any debt security of any series has the right to institute any action for remedy unless such holder has previously given to the trustee written notice of default, the trustee has failed to take action for 60 days

Table of Contents

after the holders of not less than 25% in principal amount of the debt securities of such series make written request upon the trustee to institute such action and the holders offer the trustee reasonable indemnity against expenses and liabilities.

The indentures require us to file annually with the trustee a written statement of no default, or specifying any default that exists.

Whenever the indentures provide for an action by, or the determination of any of the rights of, or any distribution to, holders of debt securities, in the absence of any provision to the contrary in the form of debt security, any amount in respect of any debt security denominated in a currency or currency unit other than U.S. dollars may be treated for any such action or distribution as the amount of U.S. dollars that could reasonably be exchanged for such non U.S. dollar amount. This amount will be calculated as of a date that we specify to the trustee or, if we fail to specify a date, on a date that the trustee may determine.

Discharge, Defeasance and Covenant Defeasance

Discharge of Indenture.

An indenture will cease to be of further effect with respect to debt securities of any series issued thereunder, except as to rights of registration of transfer and exchange, substitution of mutilated or defaced debt securities, rights of holders to receive principal, interest or other amounts payable under the debt securities, rights and immunities of the trustee and rights of holders with respect to property deposited pursuant to the following provisions and certain obligations of, and payments to, the trustee, if at any time:

we have paid the principal, interest or other amounts payable under the debt securities of such series;

we have delivered to the trustee for cancellation all debt securities of such series; or

the debt securities of such series not delivered to the trustee for cancellation have become due and payable, or will become due and payable within one year, or are to be called for redemption within one year under arrangements satisfactory to the trustee, and we have irrevocably deposited with the trustee as trust funds the entire amount in cash or U.S. government obligations sufficient to pay all amounts due with respect to such debt securities on or after the date of such deposit, including at maturity or upon redemption of all such debt securities, including principal, interest and other amounts.

The trustee, on our demand accompanied by an officer's certificate and an opinion of counsel and at our cost and expense, will execute proper instruments acknowledging such satisfaction of and discharging the Indenture with respect to such series.

Defeasance of a Series of Debt Securities at Any Time.

We also may discharge all of our obligations, other than as to rights of registration of transfer and exchange, substitution of mutilated or defaced debt securities, rights of holders to receive principal, interest or other amounts payable under the debt securities, rights and immunities of the trustee and rights of holders with respect to property deposited pursuant to the following provisions, under any series of debt securities at any time, which is referred to as

defeasance .

The Corporation may be released with respect to any outstanding series of debt securities from the obligations to comply with certain restrictive covenants under the applicable indenture identified in the applicable prospectus supplement, and any omission to comply with such obligations will not constitute an event of default. Discharge under these procedures is called covenant defeasance.

Table of Contents

Defeasance or covenant defeasance may be effected only if, among other things:

we irrevocably deposit with the trustee cash or U.S. government obligations, as trust funds in an amount certified to be sufficient to pay on each date that they become due and payable, the principal of, interest on, other amounts due under, and any mandatory sinking fund payments for, all outstanding debt securities of the series being defeased;

no event of default with respect to such series of debt securities has occurred and is continuing and, with respect to subordinated debt securities, no event of default with respect to Senior Indebtedness has occurred and is continuing and which permits acceleration; and

we deliver to the trustee an opinion of counsel to the effect that:

the beneficial owners of the series of debt securities being defeased will not recognize income, gain or loss for United States federal income tax purposes as a result of the defeasance or covenant defeasance; and

the defeasance or covenant defeasance will not otherwise alter those beneficial owners' United States federal income tax treatment of principal or interest payments or other amounts due under the series of debt securities being defeased; and

in the case of a defeasance, this opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of this prospectus, since that result would not occur under current tax law.

Modification of the Indenture; Waiver of Compliance

Each indenture contain provisions permitting the Corporation and the trustee to modify the indenture or the rights of the holders of debt securities with the consent of the holders of not less than a majority in principal amount of each outstanding series of debt securities affected by the modification. Each holder of an affected debt security must consent to a modification that would:

change the stated maturity date of the principal of, or of any installment of principal of or interest on, any debt security;

reduce the principal amount of, interest on, or any other amounts due under any debt security;

reduce the amount of, or postpone the date fixed for, the payment of any sinking fund payment;

change the currency or currency unit of payment of any debt security;

reduce the portion of the principal amount of an original issue discount security payable upon acceleration of the maturity thereof;

reduce any amount payable upon redemption of any debt security;

impair the right of a holder to institute suit for the payment of or, if the debt securities provide, any right of repayment at the option of the holder of a debt security;

reduce the percentage of debt securities of any series, the consent of the holders of which is required for any waiver or modification; or

with respect to the subordinated indenture only, modify the provisions with respect to the subordination of the subordinated debt securities in a manner adverse to the holders.

Table of Contents

Each indenture also permits the Corporation and the trustee to amend the indenture in certain circumstances without the consent of the holders of debt securities to evidence our merger, the replacement of the trustee, to effect changes that do not affect any outstanding series of debt security, and for certain other purposes.

Consolidations, Mergers and Sales of Assets

The Corporation may not merge or consolidate with any other corporation or sell or convey all or substantially all of our assets to any other corporation, unless either:

we are the continuing corporation or the successor corporation is a corporation that expressly assumes the payment of the principal of, any interest on, or any other amounts due under the debt securities and the performance and observance of all the covenants and conditions of the Indenture binding upon us, and

we or the successor corporation shall not, immediately after the merger or consolidation, sale or conveyance, be in default in the performance of any covenant or condition.

There are no covenants or other provisions in the indentures that would afford holders of debt securities additional protection in the event of a recapitalization transaction, a change of control of the Corporation or a highly leveraged transaction. The merger covenant described above would only apply if the recapitalization transaction, change of control or highly leveraged transaction were structured to include a merger or consolidation of the Corporation, or a sale or conveyance or lease of all or substantially all of our assets. However, we may provide specific protections, such as a put right or increased interest, for particular debt securities, that we would describe in the applicable prospectus supplement.

Governing Law

Unless otherwise specified in an applicable prospectus supplement, the indentures and debt securities will be governed by and construed in accordance with the laws of the State of New York.

DESCRIPTION OF WARRANTS

The following description summarizes the general provisions of the warrants we may offer under this prospectus. One or more prospectus supplements relating to a specific offer of warrants will provide additional information regarding the terms of the warrants. You should read any prospectus supplement related to the specific warrants being offered, as well as the provisions of the warrants, including any warrant agreements or warrant certificates, that provide the specific terms of such warrants.

General

We may issue warrants for the purchase of common stock and/or debt securities. Warrants may be issued separately or together with common stock or debt securities offered by any prospectus supplement and may be attached to or separate from such common stock or debt securities. Each series of warrants may be issued under a separate warrant agreement to be entered into between us and a bank or trust corporation, as warrant agent, all as set forth in the prospectus supplement relating to the particular issue of offered warrants. The warrant agent, if any, will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders of warrants or beneficial owners of warrants.

The applicable prospectus supplement will describe the terms of the warrants and applicable warrant agreement, including the following, where applicable:

the title of the warrants;

the offering price for the warrants, if any;

the aggregate number of warrants offered and the aggregate number of warrants outstanding as of the most practicable date;

the designation and terms of the debt securities or common stock, if any, purchasable upon exercise of the warrants;

the designation and terms of the debt securities or common stock, if any, with which the warrants are issued and the number of warrants issued with each of these securities;

the date after which the warrants and any debt securities or common stock, if any, issued with the warrants will be separately transferable;

the principal amount of debt securities purchasable upon exercise of a warrant and the purchase price;

Table of Contents

the dates on which the right to exercise the warrants begins and expires;

the minimum or maximum amount of the warrants that may be exercised at any one time;

whether the warrants represented by warrant certificates or debt securities that may be issued upon exercise of the warrants will be issued in registered or bearer form; information with respect to any book-entry procedures;

the currency, currencies or currency units in which the offering price, if any, and the exercise price are payable;

a discussion of certain United States federal income tax considerations;

any anti-dilution provisions of the warrants;

any redemption or call provisions applicable to the warrants; and

any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for registration of transfer, and may be exercised at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement. Prior to the exercise of any warrants to purchase common stock, holders of such warrants will not have any rights of holders of the common stock purchasable upon such exercise, including the right to receive payments of dividends, if any, on the common stock purchasable upon such exercise or to exercise any applicable right to vote. Prior to the exercise of any warrant to purchase debt securities, holders of such warrants will not have any of the rights of holders of the debt securities purchasable upon such exercise, including the right to receive payments of principal of, premium, if any, or interest, if any, on the debt securities purchasable upon such exercise or to enforce covenants in the applicable indenture.

Exercise of Warrants

Each warrant will entitle the holder to purchase such shares of common stock or principal amount of debt securities, as the case may be, at such exercise price as shall in each case be set forth in, or calculable from, the prospectus supplement relating to the offered warrants. After the close of business on the expiration date of the warrants (or such later date to which such expiration date may be extended by us), unexercised warrants will become void.

Warrants may be exercised by delivering to the warrant agent payment as provided in the applicable prospectus supplement of the amount required to purchase the common stock or debt securities, as the case may be, purchasable upon such exercise together with certain information set forth on the warrant certificate. Warrants will be deemed to have been exercised upon receipt of payment of the exercise price, subject to the receipt, within five business days, of the warrant certificate evidencing such warrants. Upon receipt of such payment and the warrant certificate properly

completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, issue and deliver the common stock or debt securities, as the case may be, purchasable upon such exercise. If fewer than all of the warrants represented by the warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

Table of Contents

Amendments and Supplements to Warrant Agreements

The warrant agreements may be amended or supplemented without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not adversely affect the interests of the holders of the warrants.

DESCRIPTION OF UNITS

The following description summarizes the general provisions of the units that we may offer under this prospectus. One or more prospectus supplements relating to a specific offer of units will provide additional information regarding the terms of the units. You should read any prospectus supplement related to the specific units being offered, as well as the provisions of any units agreements that provide the specific terms of such units.

We may issue units comprised of two or more of the other securities described in this prospectus in any combination and in one or more series. We may evidence each series of units by unit certificates that we will issue under a separate agreement. We may enter into unit agreements with a unit agent. Each unit agent will be a bank or trust company that we select. We will indicate the name and address of the unit agent in the applicable prospectus supplement relating to a particular series of units.

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units;

whether the units will be issued in fully registered or global form.

PLAN OF DISTRIBUTION

We may sell the securities:

through underwriters or dealers, whether individually or through an underwriting syndicate led by one or more managing underwriters;

directly to one or more purchasers;

through agents; or

in any combination of the above.

The distribution of the securities may be effected from time to time in one or more transactions:

at a fixed price, or prices which may be changed from time to time;

at market prices prevailing at the time of sale;

at prices related to those prevailing market prices; or

at negotiated prices.

Table of Contents

Each time that we use this prospectus to sell our securities, we will also provide a prospectus supplement that contains the specific terms of the offering. The applicable prospectus supplement will include the names of underwriters, dealers or agents retained and the type and amount of securities underwritten or purchased by them. The applicable prospectus supplement will also include the purchase price of the securities, our proceeds from the sale, any underwriting discounts or commissions and other items constituting underwriters' compensation, and will identify any securities exchanges on which the securities are to be listed. Any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

If underwriters are used in the sale of any securities, the underwriters will acquire the securities for their own account. They may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Generally, the obligations of the underwriters to purchase the securities will be subject to certain conditions precedent. The underwriters will be obligated to purchase all the securities offered if any of the securities are purchased.

We may sell the securities through agents from time to time. The prospectus supplement will name any agent involved in the offer or sale of our securities and any commissions we pay to them. Generally, any agent will be acting on a best efforts basis for the period of its appointment.

Until the distribution of the securities is completed, rules of the SEC may limit the ability of any underwriters and selling group members to bid for and purchase the securities. As an exception to these rules, underwriters are permitted to engage in some transactions that stabilize the price of the securities. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities, so long as stabilizing bids do not exceed a specified maximum.

The underwriters may create a short position in the securities by selling more securities than are set forth on the cover page of the applicable prospectus supplement. A prospectus supplement will be delivered to each purchaser of securities in these short sales, and we understand that each such purchaser will be entitled to the same remedies under the Securities Act as if the purchaser purchased securities in this offering in a transaction that is not a short sale. If a short position is created in connection with the offering, the underwriters may engage in syndicate covering transactions by purchasing securities in the open market. The underwriters may also elect to reduce any short position by exercising all or part of the over-allotment option, if any.

The lead underwriters may also impose a penalty bid on other underwriters and selling group members participating in an offering. This means that if the lead underwriters purchase securities in the open market to reduce the underwriters' short position or to stabilize the price of the securities, they may reclaim the amount of any selling concession from the underwriters and selling group members who sold those securities as part of the offering.

In general, purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The imposition of a penalty bid might also have an effect on the price of a security to the extent that it were to discourage resales of the security before the distribution is completed.

We do not make any representation or prediction as to the direction or magnitude of any effect that the transactions described above might have on the price of the securities. In addition, we do not make any representation that underwriters will engage in such transaction or that such transactions, once commenced, will not be discontinued without notice.

Table of Contents

Underwriters, dealers, and agents that participate in the distribution of the securities may be underwriters as defined in the Securities Act, and any discounts or commissions received by them from us and any profit on the resale of the securities by them may be treated as underwriting discounts and commissions under the Securities Act.

We may have agreements with the underwriters, dealers, and agents to indemnify them against some civil liabilities, including liabilities under the Securities Act, or to contribute to payments which the underwriters, dealers or agents may be required to make.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us or our subsidiaries in the ordinary course of their businesses.

We may authorize underwriters, dealers and agents to solicit offers by some specified institutions to purchase securities from us at the public offering price stated in the applicable prospectus supplement under delayed delivery contracts providing for payment and delivery on a specified date in the future. These contracts will be subject only to those conditions included in the applicable prospectus supplement, and the applicable prospectus supplement will state the commission payable for solicitation of these contracts.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in such sale transactions will be underwriters as defined in the Securities Act and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment).

Unless the applicable prospectus supplement states otherwise, all securities, except for our common stock, will be new issues of securities with no established trading market. We may elect to list other securities we may issue on an exchange, but we are not obligated to do so. Any underwriters who purchase securities from us for public offering and sale may make a market in those securities, but these underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot assure you that there will be a trading market for any securities, and, if a trading market for any securities does develop, we cannot assure you that such market will be liquid.

This prospectus may also be used in connection with any issuance of shares of common stock or other securities of ours upon exercise of a warrant if such issuance is not exempt from the registration requirements of the Securities Act.

ITEM 15. Indemnification of Directors and Officers.

Pursuant to Sections 1741-1743 of the Pennsylvania Business Corporation Law of 1988 (Act of December 21, 1988, P.L. 1444) ("PBCL"), the Registrant has the power to indemnify its directors and officers against liabilities they may incur in such capacities provided certain standards are met, including good faith and the belief that the particular action is in, or not opposed to, the best interests of the Registrant and, with respect to a criminal proceeding, that the director or officer had no reasonable cause to believe his or her conduct was unlawful. In general, this power to indemnify does not exist in the case of actions against a director or officer by or in the right of the Registrant if the person entitled to indemnification shall have been adjudged to be liable to the Registrant unless and to the extent that the person is adjudged to be fairly and reasonably entitled to indemnity. A corporation is required to indemnify directors and officers against expenses they may incur in defending actions against them in such capacities if they are successful on the merits or otherwise in the defense of such actions. Pursuant to Section 1745 of the PBCL, the Registrant has the power to pay expenses (including attorneys' fees) incurred by a director or officer in a proceeding in advance of the final disposition of the proceeding upon receipt of an undertaking by or on behalf of the director or officer to repay the amount if it is ultimately determined that he or she is not entitled to be indemnified by the Registrant.

Section 1746 of the PBCL provides that the foregoing provisions shall not be deemed exclusive of any other rights to which a person seeking indemnification may be entitled under, among other things, any by-law provision, provided that no indemnification may be made in any case where the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted willful misconduct or recklessness.

The Registrant's amended and restated articles of incorporation and amended and restated bylaws provide for the mandatory indemnification of directors and officers in accordance with and to the full extent permitted by the laws of the Commonwealth of Pennsylvania as in effect at the time of such indemnification unless the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted willful misconduct or recklessness.

The Registrant's amended and restated bylaws also eliminate, to the full extent permitted by the laws of the Commonwealth of Pennsylvania, the personal liability of directors for monetary damages for any action taken, or any failure to take any action as a director, except in any case such elimination is not permitted by law. Liability insurance covering certain liabilities that may be incurred by the Registrant's and the Bank's directors and officers in connection with the performance of their duties has been purchased by the Bank.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling the Registrant under the foregoing provisions, the Registrant has been informed that, in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

ITEM 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in this registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) [Intentionally omitted].

(5) That, for the purpose of determining liability under the Securities Act to any purchaser:

i. Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

ii. Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract or sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering

thereof.

provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract or sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(6) That, for the purpose of determining liability of a registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of an undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

i. Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

ii. Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

iii. The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

iv. Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Exchange Act and (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("TIA") in accordance with the rules and regulations prescribed by the SEC under section 305(b)(2) of the TIA.
