**NOTICE OF THE 2015
ANNUAL MEETING
AND PROXY STATEMENT**

WEYERHAEUSER COMPANY

Table of Contents

DEAR SHAREHOLDER:

I am pleased to invite you to attend your company's annual meeting of shareholders at 9:00 a.m. on Friday, May 22, 2015 at the Corporate Headquarters building, 33663 Weyerhaeuser Way South, Federal Way, Washington. A map and directions to the Corporate Headquarters building are on the back cover of the proxy statement.

This year we have decided to deliver our proxy materials to the majority of our shareholders using the notice-and-access method permitted by U.S. Securities and Exchange Commission rules. Under notice-and-access, instead of a paper copy of the proxy materials, we are sending to our shareholders a Notice Regarding the Availability of Proxy Materials (the Notice). We first mailed the Notice to the majority of our shareholders on April 8, 2015.

The Notice contains instructions on how to:

- electronically access our proxy statement for our 2015 annual meeting and our 2014 Annual Report to Shareholders and Form 10-K;
- vote via the internet, by telephone or by mail; and
- receive a paper copy of our proxy materials by mail, if desired.

Electronic delivery of our proxy materials will allow us to provide shareholders with the information they need, while at the same time lowering the cost of delivery for the company.

The Notice will serve as an admission ticket to the 2015 annual meeting of shareholders.

On April 8, 2015, we also first mailed the proxy statement and a proxy card to certain shareholders. **If you receive a paper copy of the proxy materials in the mail, the proxy statement includes an admission ticket to the annual meeting of shareholders.**

Each attendee must present a government-issued photo identification (such as a driver's license) and either the Notice or admission ticket to be admitted to the annual meeting. More information can be found in the proxy statement under Information About the Meeting.

Your vote is important. Whether or not you plan to attend the annual meeting in person, I urge you to please vote as soon as possible via the internet, by telephone or by mail.

Sincerely,

Charles R. Williamson

Chairman of the Board

April 8, 2015

PROXY AND VOTING INFORMATION

Weyerhaeuser Company (Weyerhaeuser or the Company) will hold its annual meeting of shareholders at its Corporate Headquarters building in Federal Way, Washington on Friday, May 22, 2015 at 9:00 a.m. (Pacific) to consider the items on the attached notice of shareholder meeting. All items on the attached notice are more fully described in this proxy statement. The enclosed form of proxy is solicited by the board of directors of the Company.

SHAREHOLDERS ENTITLED TO VOTE AT THE ANNUAL MEETING

Only common shareholders of record at the close of business on March 27, 2015 are eligible to vote at the annual meeting. On that date, 518,726,524 common shares were outstanding. Each common share entitles the holder to one vote at the annual meeting. Holders of the Company's 6.375% Mandatory Convertible Preference Shares, Series A are not entitled to vote at the annual meeting.

VOTE REQUIRED

The presence, in person or by proxy, of holders of a majority of Weyerhaeuser's outstanding common shares is required to constitute a quorum for the transaction of business at the annual meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum. Under Washington law and the Company's Articles of Incorporation and Bylaws, if a quorum is present at the meeting:

Item 1 nominees for election as directors will be elected to the board of directors if the votes cast for each such nominee exceed the votes cast against the nominee;

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

Item 2 the advisory vote to approve the compensation of the named executive officers as disclosed in the proxy statement will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal; and

Item 3 ratification of the selection of KPMG LLP as our independent registered public accounting firm will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal.

EFFECT OF ABSTENTIONS AND BROKER NON-VOTES

The following will not be considered votes cast and will not count towards the election of any director nominee or approval of other proposals:

broker non-votes;

a share whose ballot is marked as abstain;

a share otherwise present at the annual meeting but for which there is an abstention; and

a share otherwise present at the annual meeting as to which a shareholder gives no authority or direction.

If your shares are held in street name on your behalf (that is, you own shares in the name of a bank, broker or other holder of record), the broker or other registered holder must receive explicit voting instructions from you to be able to vote on the election of directors and executive compensation, each of which is considered to be non-routine under the applicable rules of the New York Stock Exchange. Brokers do not have discretion to vote on non-routine matters unless the beneficial owner of the shares has given explicit voting instructions. Consequently, if you do not give your broker explicit instructions, your shares will not be voted on the election of directors or the advisory vote on executive compensation and will be considered broker non-votes on such proposals. The ratification of the selection of KPMG LLP as our

Table of Contents

independent registered public accounting firm is considered a routine matter and, as such, your broker is entitled to vote your shares on such proposal even if you do not provide voting instructions on that item.

VOTING INFORMATION

You may vote your shares in one of several ways, depending upon how you own your common shares.

If you are a shareholder of record (that is, if your shares are registered in your own name with our transfer agent), you can vote any one of four ways:

Voting on the Internet. Go to www.envisionreports.com/WY and follow the instructions. You will need to have your control number (from your Notice or proxy card) with you when you go to the website.

Voting by Telephone. Call the toll-free number listed on the voting website (www.envisionreports.com/WY) or your proxy card and follow the instructions. You will need to have your control number with you when you call.

Voting by Mail. Complete, sign, date and return your proxy card in the envelope provided in advance of the meeting.

Voting at the Annual Meeting. If you decide to attend the meeting and vote in person, you may deposit your proxy card in the ballot box at the registration desk at the annual meeting or you may complete a ballot that will be distributed at the meeting.

If you are a beneficial owner of shares held in street name (that is, if you hold your shares through a broker, bank or other holder of record), you should follow the voting instructions you receive from the holder of record to vote your shares.

REVOCAION OF PROXIES

Shareholders who execute proxies retain the right to revoke them at any time before the shares are voted by proxy at the meeting. A shareholder may revoke a proxy by delivering a signed statement to our Corporate Secretary at or prior to the annual meeting or by timely executing and delivering, by internet, telephone, mail or in person at the annual meeting, another proxy dated as of a later date.

INFORMATION ABOUT THE MEETING

Attendance at the annual meeting is limited to holders of the Company's common shares. The meeting will be held at Weyerhaeuser's Corporate Headquarters building located at 33663 Weyerhaeuser Way South, Federal Way, Washington. A map and directions to the Corporate Headquarters building are on the back cover of the proxy statement.

This year, instead of a paper copy of our proxy materials, we are sending to the majority of our shareholders a Notice Regarding the Availability of Proxy Materials (the "Notice"). The Notice contains instructions on how to:

- electronically access our proxy statement and our 2014 Annual Report to Shareholders and Form 10-K;
- vote via the internet, by telephone or by mail; and
- receive a paper copy of our proxy materials by mail, if desired.

The Notice will serve as your admission ticket to attend the meeting. If you received a paper copy of the proxy materials in the mail, the proxy materials will include an admission ticket. You must present the Notice or the admission ticket, together with a government-issued photo identification (such as driver's license), at the registration desk to be allowed into the annual meeting. If you plan to attend the annual meeting in person, please vote your proxy, but keep the Notice or admission ticket and bring it with you to the annual meeting along with your photo identification. If you arrive at the meeting without your Notice or admission ticket, we will admit you only if you have photo identification and we are able to verify that you were a shareholder of record as of March 27, 2015.

If you are a street name shareholder and you plan to attend the annual meeting, you must present proof of your ownership of Weyerhaeuser common shares as of the March 27, 2015 record date. Acceptable proof would be an original bank or brokerage account statement as of that date. You also must present photo identification to be admitted. If you arrive at the meeting without proof of your ownership of common shares as of the record date or photo identification, you will not be admitted to the meeting.

Table of Contents

If you are a street name shareholder and intend to designate a proxy holder, the designee must present:

your original signed form of proxy,
proof of your ownership of common shares (such as a bank or brokerage statement) as of the March 27, 2015 record date, and
photo identification.

If we cannot verify that you are a shareholder, your designee will not be admitted to the meeting.

If you are hearing impaired or require other special accommodations due to disability, please contact our Corporate Secretary prior to the meeting to indicate the accommodations that you will need.

No banners, placards, signs, literature for distribution, cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the annual meeting.

Table of Contents

ITEM 1. ELECTION OF DIRECTORS

All directors elected at this meeting will be elected for a term of one year. Our board of directors currently has 11 members. Pursuant to Weyerhaeuser's Corporate Governance Guidelines, Richard H. Sinkfield will retire effective after the annual meeting because he is age 72 and therefore is not standing for re-election. Under our Bylaws, the board of directors is authorized to fix the number of directors within the range of 9 to 13 members. The 10 persons identified below are nominated to be elected as directors at the 2015 annual meeting for one-year terms expiring at the 2016 annual meeting. All of the nominees were elected by shareholders as directors at the 2014 annual meeting, except David P. Bozeman who was appointed as a director by the board of directors effective February 12, 2015. Under Washington law and the Company's Bylaws, Mr. Bozeman is required to stand for election at the 2015 annual meeting of shareholders.

Unless a shareholder instructs otherwise on the proxy card, it is intended that the shares represented by properly signed proxies will be voted for the persons nominated by the board of directors. The board of directors anticipates that the listed nominees will be able to serve, but if at the time of the meeting any nominee is unable or unwilling to serve, the proxy holders may vote such shares at their discretion for a substitute nominee.

The biography of each of the nominees below contains information regarding the individual's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the Governance and Corporate Responsibility Committee and the board of directors to determine that the person should serve as a director for the Company beginning in 2015.

The board of directors recommends that shareholders vote FOR the election of each of the following directors.

NOMINEES FOR ELECTION

David P. Bozeman, 46, a director of the Company since February 12, 2015, is senior vice president of Caterpillar Inc. (manufacturer of construction, mining and other industrial equipment) with responsibility for the Caterpillar Enterprise System Group. Prior to his current role, he served as vice president of the Integrated Manufacturing Operations Division from 2010 to 2013, vice president of the Core Components Business Unit from 2009 to 2010 and general manager for the Specialty Products Business Unit. He joined Caterpillar in October 2008 from Harley-Davidson Motor Company, where he was vice president of Advanced Manufacturing responsible for developing and overseeing the implementation of advanced manufacturing technology. Mr. Bozeman is a member of the Society of Manufacturing Engineers Education Foundation Board of Directors and the Bradley University Board of Trustees. BOARD OF DIRECTORS AND COMMITTEE INFORMATION

DIRECTOR INDEPENDENCE; BOARD OPERATION AND LEADERSHIP

The Company's board of directors has determined that each of the Company's directors, with the exception of the Company's president and chief executive officer, is independent within the meaning of the listing requirements established by the New York Stock Exchange. The independent directors meet during every board meeting in separate executive session without members of Company management present. The chairman of the board is an independent director and presides over these meetings.

The board of directors has determined that having an independent director serve as chairman of the board is in the best interest of shareholders at this time. This structure has been particularly useful as the board has considered significant changes in the Company's portfolio and strategic direction over the past several years. This structure ensures a greater role for the independent directors in the oversight of the Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of the board. It also allows the board to draw on the leadership skills and business experience of two persons, the chairman of the board and the president and chief executive officer. This leadership structure is preferred by many of the Company's shareholders.

RISK OVERSIGHT

The board is actively involved in the oversight of risks that could affect the Company. This oversight is conducted primarily through committees of the board, as disclosed in the descriptions of each of the committees below, and in the charters of each of the committees. The full board has retained responsibility for general oversight of risks. The board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within the Company. The board believes its administration of its risk oversight function has not affected the board's leadership structure.

The Company employs robust strategic planning and enterprise risk management processes. The Company has an integrated risk management process, conducts a review of risk every year and reports to the board of directors on the results of the review. This review includes an identification of specific risks, ranking of the likelihood and magnitude of effect of those risks, scenario analysis, review of risk appetite, and a review of mitigation plans. The Company analyzes risk areas that have the potential to materially affect its businesses and integrates this information into its planning and its report to the board of directors.

COMMITTEE MEMBERS; BOARD AND COMMITTEE MEETINGS

The board of directors has a number of committees that perform certain functions for the board. The current committees are the Executive Committee, Audit Committee, Compensation Committee, Governance and Corporate Responsibility Committee and Finance Committee. The board of

COMMITTEES OF THE BOARD

Each committee of the board of directors is described below. Each committee has adopted a charter, which you can find on the Company's website at www.weyerhaeuser.com by clicking on Company at the top of the page, then Investors, then Governance, and then Committee Charters and Composition. If you would like to receive a paper copy of any committee charter, you may request one by writing to Weyerhaeuser Company, Attention: Corporate Secretary, P.O. Box 9777, Federal Way, WA 98063-9777 or by sending an email to CorporateSecretary@weyerhaeuser.com.

Executive Committee

The board of directors has given the Executive Committee the power and authority to act for the board in the interval between board meetings, except to the extent limited by law and the Company's Articles of Incorporation. The chairman of the board, who is an independent director, also serves as the chairman of the Executive Committee.

Audit Committee

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

The Audit Committee is responsible for assisting the board of directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing, and financial reporting practices of the Company, including the Company's compliance with legal and regulatory requirements, and such other duties as directed by the board of directors. The committee has sole authority for the appointment, compensation, and oversight of the Company's independent auditors, including the approval of any significant non-audit relationship. The board of directors has determined that Mr. Steuert is an audit committee financial expert (as such term is defined under applicable rules of the Securities and Exchange Commission).

Independence: The board of directors has determined that each member of the Audit Committee is independent within the meaning of the listing requirements of the New York Stock Exchange.

Table of Contents

Risk Oversight: The Audit Committee is responsible for oversight of Company risks relating to accounting matters, financial reporting and legal and regulatory compliance. To satisfy these oversight responsibilities, the committee separately meets regularly with the Company's chief accounting officer, director of internal audit, general counsel, KPMG LLP and management. The committee chair regularly meets between formal committee meetings with the Company's

chief accounting officer, director of internal audit and KPMG LLP. The committee also receives regular reports regarding issues such as the status and findings of audits being conducted by the internal and independent auditors, the status of material litigation, accounting changes that could affect the Company's financial statements and proposed audit adjustments.

Compensation Committee

The Compensation Committee is responsible for:

- reviewing and approving the strategy and design of the Company's compensation and benefits systems;
- making recommendations to the board for incentive compensation and equity-based plans;
- making recommendations to the board regarding the compensation of the Company's directors and chief executive officer;
- reviewing and approving salaries and incentive compensation of executive officers;
- administering the Company's equity and other cash incentive compensation plans;
- selecting and regularly reviewing the peer group used for benchmarking compensation for executive officers; and
- annually determining the independence of the Compensation Committee's compensation consultant and whether the consultant's work raised any conflicts of interest.

Independence: The board of directors has determined that each member of the Compensation Committee is independent within the meaning of the listing requirements of the New York Stock Exchange.

Risk Oversight: The Compensation Committee is responsible for oversight of risks relating to employment policies and the Company's compensation and benefits systems and for annually reviewing these policies and practices to

determine whether they are reasonably likely to have a material adverse effect on the Company. To assist it in satisfying these oversight responsibilities, the committee has retained its own compensation consultant and meets regularly with management to understand the financial, human resources and shareholder implications of compensation decisions being made. The committee chair also regularly meets between formal committee meetings with management and the committee's consultant.

Governance and Corporate Responsibility Committee

The Governance and Corporate Responsibility Committee takes a leadership role in shaping the governance of the Company. It provides oversight and direction regarding the functioning and operation of the board. It also recommends to the board candidates for nomination and election as directors and director candidates for election as the chairman of the board. The committee manages the processes used by the board in its self-assessment and its evaluation of the chief executive officer. The committee also provides oversight of:

- senior management succession planning;
- the Company's sustainability strategy and performance;
- environmental and safety issues at the Company;
- ethics and business conduct of the Company;
- political activities and governmental issues; and
- human resources practices.

Independence: The board of directors has determined that each member of the Governance and Corporate Responsibility Committee is independent within the meaning of the listing requirements of the New York Stock Exchange.

Risk Oversight: The Governance and Corporate Responsibility Committee is responsible for oversight of risks relating to management and board succession planning, the Company's sustainability and environmental practices and policies, stakeholder responses to the Company's ethics and business practices, the Company's political activities and governmental policy development that could affect Company operations and strategic

reports from officers of the Company responsible for each of these risk areas on matters such as progress against succession planning programs and goals, trends in risk levels, the employee climate, risk management activities, and non-governmental and governmental policies or proposals that could affect Company operations. Because many of these risks could have financial and reporting implications for the Company, the board and the Governance and Corporate Responsibility Committee have determined that at least one member of the committee must serve concurrently on the Audit Committee.

Finance Committee

The Finance Committee monitors and oversees the Company's financial resources and strategies, with emphasis on those issues that are long-term in nature. The committee:

- provides guidance to the board regarding major financial policies of the Company;
- oversees financial matters of importance to the Company;
- reviews and makes recommendations regarding plans to return capital to shareholders through dividends and share repurchase activity;
- reviews and makes recommendations regarding the Company's capital structure;
- reviews and makes recommendations regarding financial forecasts, operating plans and maintenance and capital budgets;
- reviews and makes recommendations regarding the Company's debt and equity programs and other significant financing transactions; and
- reviews and makes recommendations regarding significant mergers, acquisitions, asset sales, purchases and other significant business opportunities.

Independence: The board of directors has determined that each member of the Finance Committee is independent within the meaning of the listing requirements of the New York Stock Exchange.

Risk Oversight: The Finance Committee is responsible for the oversight of risks related to the Company's financial policies, material financial decisions, credit policies and ratings, compliance with the REIT asset and income rules, cash management and investment strategies, debt and equity structures, and significant business

decisions. The committee satisfies this oversight responsibility through regular reports from officers of the Company responsible for each of these risk areas on matters such as the Company's capital structure, debt levels, discussions with credit rating agencies, pension fund returns, insurance policies, cash flows and expected sources and uses of cash, and major business transactions or strategic decisions being considered. The committee also consults periodically with outside financial advisors.

Governance Guidelines

The board of directors has documented the governance practices followed by the Company by adopting Corporate Governance Guidelines. The Corporate Governance Guidelines establish the practices the board of directors follows with respect to board function and operation, Company operations, board organization and composition and board conduct. The Governance Guidelines are available on the Company's website at www.weyerhaeuser.com by clicking on Company at the top of the page, then Investors, then Governance, and then Governance Guidelines. If you would like to receive a paper copy, you may request one by writing to Weyerhaeuser Company, Attention: Corporate Secretary, P.O. Box 9777, Federal Way, WA 98063-9777 or by sending an email to CorporateSecretary@weyerhaeuser.com.

CONSIDERATION OF DIRECTOR NOMINEES

Director Qualifications

The board has codified standards for directors in the board's Corporate Governance Guidelines. The Governance Guidelines provide that the board should encompass a diverse range of talent, skill and expertise sufficient to provide sound and prudent guidance with respect to the Company's operations and interests. The Governance Guidelines also provide that at all times a majority of the board must be independent directors as defined from time to time by the listing requirements of the New York Stock Exchange and any specific requirements established by the board. Each director also is expected to:

- exhibit high standards of integrity, commitment and independence of thought and judgment;

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

use his or her skills and experiences to provide independent oversight to the business of the Company;
participate in a constructive and collegial manner;

Table of Contents

be willing to devote sufficient time to carrying out the duties and responsibilities of a director; devote the time and effort necessary to learn the business of the Company and the board; and represent the long-term interests of all shareholders.

In addition, the board of directors has determined that the board as a whole must have the right diversity, mix of characteristics and skills for the optimal functioning of the board in its oversight of the Company. The board believes it should be comprised of persons with skills in areas such as:

finance;
sales and marketing;
strategic planning;
development of strategies for sustainability;
human resources and diversity;
safety;
relevant industries, especially natural resource companies;
leadership of large, complex organizations;
legal;
manufacturing;
banking;
government and governmental relationships;
international business and international cultures; and
information technology.

In addition to the targeted skill areas, the Governance and Corporate Responsibility Committee looks for a strong record of achievement in key knowledge areas that it believes are critical for directors to add value to a board, including:

Strategy formulation of corporate strategies, knowledge of key competitors and global markets;

Leadership skills in coaching senior executives and the ability to assist the CEO in his or her development;

Organizational Issues understanding of strategy implementation, change management processes, group effectiveness and organizational design;

Relationships understanding how to interact with governments, investors, financial analysts, and communities in which the Company operates;

Finance and Operations understanding of finance matters, financial statements and auditing procedures, technical expertise, legal issues, information technology and marketing; and

Ethics the ability to identify and raise key ethical issues concerning the activities of the Company and senior management as they affect the business community and society.

As part of its self-assessment process, the board annually determines the diversity of specific skills and characteristics necessary for the optimal functioning of the board in its oversight of the Company over both the short- and long-term.

The Governance and Corporate Responsibility Committee has adopted a policy regarding the director selection process. The policy requires the committee to assess the skill areas currently represented on the board and those skill areas represented by directors expected to retire or leave the board in the near future against the target skill areas established annually by the board, as well as recommendations of directors regarding skills that could improve the overall quality and ability of the board to carry out its function. The Governance and Corporate Responsibility Committee then establishes the specific target skill areas or experiences that are to be the focus of a director search, if necessary. Specific qualities or experiences could include matters such as experience in the Company's industry, financial or technological expertise, experience in situations comparable to the Company's (e.g., growth companies, companies that have grown through acquisitions, or companies that have restructured their asset portfolios successfully), leadership experience and relevant geographical experience. The effectiveness of the board's diverse mix of skills and experiences is considered as part of each board self-assessment.

Identifying and Evaluating Nominees for Directors

The Governance and Corporate Responsibility Committee uses a variety of methods for identifying and evaluating nominees for director. The committee regularly assesses the mix of skills and industries currently represented on the board, whether any vacancies on the board are expected due to retirement or otherwise, the skills represented by retiring directors, and additional skills highlighted during the board

self-assessment process that could improve the overall quality and ability of the board to carry out its responsibilities. In the event vacancies are anticipated, or arise, the Governance and Corporate Responsibility

Table of Contents

Committee considers various potential candidates for director. Candidates may come to the attention of the committee through current board members, professional search firms, shareholders or other persons. The committee or a subcommittee may interview potential candidates to further assess the qualifications possessed by the candidates and their ability to serve as a director. The committee then determines the best qualified candidates based on the established criteria and recommends those candidates to the board for election at the next annual meeting of shareholders.

Shareholder Nominees

The Governance and Corporate Responsibility Committee will consider nominees for the board of directors recommended by shareholders. If a shareholder wishes to recommend a nominee, he or she should write to the Governance and Corporate Responsibility Committee, care of the Corporate Secretary, Weyerhaeuser Company, P.O. Box 9777, Federal Way, WA 98063-9777, specifying the name of the nominee and the nominee's qualifications for membership on the board of directors. Recommendations will be brought to the attention of and be considered by the committee.

The Company's Bylaws establish procedures that must be followed for shareholder nominations of directors. See Future Shareholder Proposals and Nominations below for more information.

SHAREHOLDER/INTERESTED PARTY COMMUNICATIONS

Communications to the board of directors may be sent to Weyerhaeuser Company, Attention: Corporate Secretary, P.O. Box 9777, Federal Way, WA 98063-9777 and marked to the attention of the board or any of its committees, the independent directors or individual directors. Communications also may be sent by email to CorporateSecretary@weyerhaeuser.com.

ANNUAL MEETING ATTENDANCE

The directors are expected to attend the Company's annual meetings, if possible. All of the sitting directors attended the 2014 annual meeting.

DIRECTORS' COMPENSATION

The following table shows the annual compensation of our non-employee directors for 2014, which consisted of annual retainer fees paid in cash, including the amounts for serving as chair of a board committee, and restricted stock unit awards. All values are reported in U.S. dollars.

Name	Fees Earned or Paid in Cash	Stock Awards	Total
	(1)(3) (\$)	(2)(3) (\$)	(\$)
Debra A. Cafaro	110,000	100,015	210,015

Kim Williams	100,000	100,015	200,015
Charles R. Williamson	160,000	160,001	320,001

(1) The amounts in this column reflect director compensation earned and paid in cash. The amounts for each of Mr. Steuert (Audit) and Mr. Murdy (Compensation) include cash compensation of \$15,000 for their service as chair of their respective committees during 2014. The amounts for each of Ms. Cafaro (Finance) and Mr. Sinkfield (Governance and Corporate Responsibility) include cash compensation of \$10,000 for their service as chair of their respective committees during 2014. Of the amounts of cash compensation earned, the following directors elected to defer cash fees into common stock equivalent units under our Fee Deferral Plan for Directors and were credited with the following common stock equivalent units: Mr. Kieckhefer \$100,000, or 3,513 units; Ms. Williams \$100,000, or 3,513 units; and Mr. Williamson \$160,000, or 5,620 units. Amounts deferred into common stock equivalent units will be paid following the director's termination of service.

(2) *The amounts in this column reflect the grant date fair value of director compensation earned and paid in the form of RSUs. The grant date fair value was computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, and for each director is based on a grant date that is the date of the Company's annual meeting. The number of RSUs awarded is based on the amount of the fees to be paid in RSUs divided by the average of the high and the low price of the Company's common stock on the date of grant as reported by The Wall Street Journal for the New York Stock Exchange Composite Transactions. The average of the high and low price on April 10, 2014 was \$28.47. Each of the directors other than the chairman of the board received \$100,015 of RSUs in April 2014, or 3,513 RSUs. Mr. Williamson, as chairman of the board, received \$160,001 of RSUs, or 5,620 RSUs. The following directors chose to defer RSUs into common stock equivalent units under our Fee Deferral Plan for Directors and were credited with the following common stock equivalent units: Ms. Cafaro 3,513 units; Mr. Kieckhefer 3,513 units; Ms. Piasecki 3,513 units; and Mr. Sinkfield 3,513 units. Amounts deferred into common stock equivalent units under our Fee Deferral Plan will be paid following the director's termination of service in the form of shares of the Company's common stock.*

(3) *Directors' fees are paid annually for the period commencing on the date of their election or appointment and ending on the date of the next annual meeting. David P. Bozeman was appointed as a director by the board of directors effective February 12, 2015. Accordingly, on February 12, 2015 Mr. Bozeman received fees pro-rated from the date of his appointment to the date of the 2015 annual meeting. The average of the high and low price on February 12, 2015 was \$35.41 and Mr. Bozeman received \$16,667 of fees paid in cash and \$16,643 of fees paid in RSUs, or 470 RSUs.*

Non-Employee Director Compensation Program for 2014

The board believes that the level of non-employee director compensation should be based on board and committee responsibilities and be competitive with comparable companies. In addition, the board believes that a significant portion of non-employee director compensation should align director interests with the long-term interests of shareholders. As a result, in 2014 continuing non-employee directors, other than the chairman of the board, were compensated by:

a base annual retainer fee of \$200,000, of which \$100,000 (subject to share rounding) was paid in the form of RSUs and \$100,000 was paid in cash; and

an additional cash annual retainer fee of \$15,000 for the chair of the Audit Committee and Compensation Committee and \$10,000 for each other committee chair.

The independent director serving as chairman of the board received an annual retainer of \$320,000 of which \$160,000 (subject to share rounding) was paid in RSUs and \$160,000 was paid in cash.

Directors who are appointed to fill a vacancy on the board are paid a pro rata amount of the annual retainer immediately following the effective date of the director's appointment. Directors who also are employees of the Company do not receive compensation for their service on the board or any committees.

Annual Board Retainer Cash Fees

Each non-employee director that was elected to the board at the 2014 shareholders' meeting received a cash annual board retainer fee of \$100,000. Non-employee directors who serve as chair of the Finance Committee and Governance and Corporate Responsibility Committee received an additional cash retainer fee of \$10,000. Non-employee directors who served as chair of the Audit

Committee and Compensation Committee received an additional cash retainer fee of \$15,000. No additional fees are paid for attending board or committee meetings. All retainer fees are paid annually, immediately following the annual shareholders' meeting. Directors who are appointed to fill a vacancy on the board are paid a pro rata amount of the annual retainer immediately following the effective date of the director's appointment. The Company reimburses non-employee directors for actual travel and out-of-pocket expenses incurred in connection with their service.

Retainer Equity Awards

Each non-employee director that was elected to the board at the 2014 shareholders' meeting received \$100,000 (subject to share rounding) of the annual board retainer fee in the form of RSUs, with the exception of the chairman of the board who received \$160,000 (subject to share rounding). The number of RSUs was determined by dividing the dollar amount of the retainer equity award by the average of the high and the low price of Weyerhaeuser Company common stock on the date of grant as reported by *The Wall Street Journal* for the New York Stock Exchange Composite Transactions. For April 2014 awards, the average of the high and low price of the Company's common stock on the date of grant was \$28.47, which resulted in a grant of 5,620 RSUs for the chairman of the board and 3,513 RSUs for each of the other directors. The RSUs vest over one year and will be settled in shares of the Company's common stock at the one-year anniversary of the date of grant. The RSUs are forfeitable during the one-year vesting period; however, directors that leave the board during the one-year period receive a pro-rata number of shares on the settlement date. RSUs granted to directors are credited with dividends during the one-year vesting period. As the RSUs vest, dividends credited to the RSUs similarly vest. If any RSUs are forfeited, dividends related to the forfeited shares also are forfeited.

The amount reported in the Stock Awards column of the Directors' Compensation table is the dollar value of the RSUs awarded in 2014, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. See Note 17 of Notes to Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Deferral Option for Cash Retainer

Directors may elect to defer all or a portion of the annual cash retainer. A director who elects to defer all or a portion of the cash retainer has the option of deferring the designated amount into common stock equivalent units or into an interest-bearing account, in each case under the Fee Deferral Plan for Directors. The number of common stock equivalent units credited to a director's account will be determined by dividing any cash being deferred into common stock equivalent units by the average of the high and the low price of the Company's common stock on the date such fees would have been paid in cash. Deferred stock equivalent units will be paid in the form of shares of the Company's common stock at the end of the deferral period, but no earlier than the director's separation from service. During the deferral period, stock equivalent units are credited with dividends, which are paid along with the deferred shares at the end of the deferral period in the form of shares of the Company's common stock. Amounts deferred into the interest-bearing account will be paid in cash at the end of the deferral period, but no earlier than the director's separation from service.

Deferral Option for Retainer Equity Awards

Directors may elect to defer receipt of all or a portion of their RSUs. Any deferred RSUs are deferred into common stock equivalent units under the Fee Deferral Plan for Directors. RSUs deferred into common stock equivalent units are paid in the form of shares of the Company's common stock at the end of the deferral period, but no earlier than

the director's separation from service. During the deferral period, stock equivalent units are credited with dividends, which are paid along with the deferred shares at the end of the deferral period in the form of shares of the Company's common stock.

Share Ownership Guidelines for Directors

The board of directors has adopted share ownership guidelines under which directors are required to own shares of Weyerhaeuser Company common stock valued at five times their cash compensation. Until the ownership requirement has been satisfied, a director may sell shares issuable upon vesting of RSUs to pay the taxes due upon vesting, but must otherwise hold 100% of the net shares granted to him or her. RSUs or cash retainer fees deferred into common stock equivalent units under the Fee Deferral Plan for Directors are included for purposes of determining whether a director has satisfied the share ownership requirement. The Compensation Committee annually reviews the compliance of the directors with the share ownership guidelines.

Director Compensation Review Practices

The Compensation Committee is responsible for annually reviewing the Company's non-employee director compensation practices in relation to comparable companies. Any changes to be made to non-employee director compensation practices must be recommended by the Compensation Committee for approval by the board of directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and certain of its officers to file reports of their ownership of Company stock, and of changes in such ownership, with the Securities and Exchange Commission and the New York Stock Exchange. Based solely on the Company's review of the copies of such reports in its possession and written representations from

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

reporting persons, the Company believes that all of its directors and officers filed all such reports on a timely basis with respect to transactions during 2014, except that a Form 4 was inadvertently filed late on behalf of the Company's chief accounting officer relating to an acquisition of share equivalent units in February 2014 resulting from an earlier deferral of compensation (bonus) into share equivalent units.

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

EXECUTIVE SUMMARY

Weyerhaeuser's executive compensation programs are designed to align the interests of our executive officers with those of our shareholders. Our compensation philosophy is to provide market-competitive programs that ensure we attract and retain world-class talent, with pay directly linked to the achievement of short- and long-term business results. The Compensation Committee reviews executive compensation program components, targets and payouts on an annual basis to ensure the strength of our pay-for-performance alignment.

Business Highlights

We grew net sales from continuing operations to \$7.40 billion in 2014, up from \$7.25 billion in 2013.

We increased net earnings from continuing operations in 2014 to \$828 million, up 69% compared to 2013.

Net earnings from continuing operations before special items were \$700 million in 2014, an increase of 22% over 2013.

Cash from operations in 2014 totaled \$1.09 billion, an increase of 8% over 2013.

We completed the divestiture of our homebuilding and real estate development business, which resulted in the retirement of over \$1.95 billion of our common stock, or approximately 58.8 million shares, and the receipt of approximately \$700 million in cash.

We achieved our 2014 operational excellence targets, including exceeding our one-year target to capture synergies from our Longview Timber acquisition, improving the performance of our Engineered Products & Distribution (EP&D) businesses, and reducing SG&A expenses.

We were named to the Dow Jones Sustainability World Index for the fourth year in a row.

Table of Contents

We were named to the 2014 Global 100 Most Sustainable Corporations in the World Index.

We were again named as one of the World's Most Ethical Companies by the Ethisphere Institute.

Shareholder Value Creation

Our annualized three-year and five-year total shareholder return (TSR) was 28% and 20%, respectively. Our performance ranked at the 71st percentile and at the 64th percentile, respectively, compared to the TSR of the S&P 500 for the same periods.

We increased our quarterly dividend to \$0.29 per common share, an increase of 32% since January 1, 2014 and 93% since 2011.

We returned \$607 million to shareholders through dividends in 2014.

We instituted a \$700 million share repurchase program in August 2014 and, as of December 31, 2014, we have returned \$203 million to shareholders through share repurchases.

Governance Highlights

We have stock ownership guidelines for the CEO (6 times salary), executive vice presidents (3 times salary) and senior vice presidents (1.5 times salary), and we require senior officers who have not yet accumulated the required ownership level to hold 75% of the net shares remaining after vesting of restricted stock units (RSUs) and performance share units (PSUs).

We have stock ownership guidelines for directors of 5 times their annual cash fees.

Directors are elected annually and must receive a majority of votes cast.

Supermajority voting provisions have been eliminated.

Nine of our ten directors are independent.

The board of directors has an independent director as chairman.

Shareholders owning at least 25% of the outstanding common shares have the right to call special shareholder meetings.

Our executive compensation program is designed to mitigate undue risk.

We have a clawback policy.

We have a policy prohibiting hedging and pledging of company stock by directors and officers.

The Compensation Committee has engaged Frederic W. Cook & Co., Inc. (Cook & Co.), an independent consultant who does no other work for the Company.

Severance and equity accelerated vesting occur only on a double trigger basis in a change in control.

We have minimal executive perquisites.

Compensation Highlights

Our short-term annual incentive plan is funded based primarily on the absolute financial performance of each individual business and partly based on the performance of the business against certain pre-approved metrics relating to operational excellence, such as financial and competitive performance, cost competitiveness, cash generation and performance against strategic goals such as people development. Based on their absolute financial performance and performance against their business metrics, our businesses funded at the following levels in 2014:

Business Segment	Funding Times Target
Timberlands	1.40
Lumber	1.89
Engineered Products & Distribution (EP&D)	0.49
Cellulose Fibers	1.29
Corporate Staff	1.25

As a result of our improved performance in 2014, the executive officers named in the compensation tables received payments under our annual incentive plan ranging from 125% to 208% of target levels for 2014.

Long-term incentive grants for executive officers in 2014 included a mix of forms of equity, with 50% of the value of the award granted as PSUs, 25% of the value granted as stock options, and 25% of the value granted as RSUs, consistent with the long-term incentive grant mix

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

since 2011.

PSUs granted in 2014 are earned based on the Company's performance against cash flow targets for 2014 and relative TSR over a two-year period (2014-2015), with 50% of the earned shares vesting at the end of two years and 50% of the remaining earned shares vesting over an additional two-year period. For PSUs granted in February 2013, which had the same design and structure, the Company exceeded the 2013 cash flow target and ranked at the 31st percentile with regard to relative TSR for 2013 and 2014. As a result, the named executive officers (excluding the chief executive officer) earned 127.5% of

21

their 2013 target grants. Fifty percent of the earned shares vested and were payable to the officers in February 2015 and the remaining 50% will vest and become payable in two equal annual installments in February 2016 and 2017.

With respect to the PSUs granted to the chief executive officer in June 2013 (at the time of his appointment as CEO-elect), the Company exceeded the cash flow target for such grant and ranked at the 58th percentile with regard to total shareholder return for the relevant 18-month performance period. As a result, the chief executive officer earned 137.8% of his 2013 target grant. Fifty percent of the earned shares will vest and be payable to the chief executive officer in June 2015 and the remaining 50% will vest and be payable in two equal annual installments in June 2016 and 2017.

At our 2014 annual meeting, more than 96% of the votes cast supported our executive compensation program.

Shareholder Engagement

Shareholder Communication.

We believe that maintaining an active dialogue with our shareholders is important to our long-term success. We value the opinions of our shareholders and other stakeholders and welcome their views throughout the year on key issues, such as portfolio strategy, capital allocation, corporate governance, transparent public disclosure, sustainability, corporate social responsibility and compensation.

How the Compensation Committee Considered the 2014 Advisory Vote on Our Compensation Program.

We received a 96% level of support in 2014 for our shareholder advisory vote on say-on-pay and a 97% level of support in 2013. In general, we believe our shareholders support our overall compensation philosophy, programs and practices. Our Compensation Committee and board of directors value the opinions of our shareholders and consider those opinions when making compensation decisions. To the extent we receive a significant vote against the compensation of our named executive officers, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

NAMED EXECUTIVE OFFICERS

Our named executive officers (NEOs) for 2014 are:

Executive Officer	Title
Doyle R. Simons	President and Chief Executive Officer
Patricia M. Bedient	Executive Vice President and Chief Financial Officer
Adrian M. Blocker (1)	Senior Vice President, Wood Products
Srinivasan Chandrasekaran (2)	Senior Vice President, Cellulose Fibers
Rhonda D. Hunter	Senior Vice President, Timberlands
Thomas F. Gideon	former Executive Vice President, Timberlands
Sandy D. McDade	former Senior Vice President and General Counsel

(1) Mr. Blocker was named Senior Vice President, Wood Products effective January 1, 2015. Mr. Blocker previously served as Senior Vice President, Lumber.

(2) Mr. Chandrasekaran stepped down as Senior Vice President, Cellulose Fibers as of December 31, 2014 and officially retired from the Company effective February 14, 2015.

COMPENSATION PHILOSOPHY AND PRINCIPLES

Our compensation philosophy is to motivate and reward employees for performance that will result in superior financial results and create long-term value for shareholders. We do this by generally targeting base pay at the competitive median and tying incentive pay to performance. We tie pay to performance by:

- measuring individual, business and company performance;
- using performance to differentiate the amount of incentive compensation; and
- allocating more reward dollars to higher performers.

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

Our goal is to ensure Weyerhaeuser's executive compensation programs are competitive and support key financial, strategic and human resources objectives. These include:

attracting and retaining highly skilled executives;
tying total compensation opportunities to the achievement of the Company's short- and long-term financial and strategic goals; and
enhancing the commonality of interests between management and shareholders by encouraging executives to think and behave like owners.

Table of Contents

The following key compensation principles guide the design and administration of the Company’s compensation program:

- maintain total compensation opportunities at market-competitive levels;
- clearly communicate desired behavior and use incentive pay to reward the achievement of performance goals;
- provide a broad range of payout opportunities based on performance; and
- design simple pay programs to ensure employee understanding.

Total Compensation

To provide a competitive overall compensation and benefits package that is tied to creating shareholder value and that supports the execution of our business strategies, we use a range of compensation components. The combination and the amount of each component are influenced by the role of the executive in the Company, market data, and the total value of all the compensation and benefits and perquisites available to the executive. Our compensation program for executive officers is comprised of:

Element	Objectives and Basis	Form
Base salary	Provide a minimum fixed level of compensation that is competitive for each role	Cash
Annual cash incentives	Annual incentive to drive company, business unit and individual performance	Cash
Long-term incentives	Long-term incentive to drive company performance, align executives’ interests with shareholders’ interests, and retain executives through long-term vesting and potential wealth accumulation	PSUs, stock options and RSUs
Special bonuses	Reward extraordinary performance and attract and retain top talent for key roles within the organization	Cash or equity
Retirement benefits	Provide means to save for retirement	Eligibility to participate in a tax-qualified defined benefit pension plan, a tax-qualified defined contribution 401(k) plan, and a non-qualified supplemental retirement plan
Deferred compensation benefits	Allow executives to defer compensation on a tax-efficient basis	Eligibility to participate in a deferred compensation plan
Medical and other benefits	Provide competitive benefits package that generally includes benefits offered to all employees	Health and welfare plans, and other broad-based employee benefits

Compensation Mix

We seek to accomplish our executive compensation goals through an appropriate mix of short-term and long-term compensation, by providing a larger percentage of our executive officers’ total

compensation opportunity in the form of equity compensation, and by ensuring that a significant portion of our executive officers’ total pay opportunity is in the form of performance-based compensation.

Table of Contents

The following charts illustrate 2014 target compensation for Mr. Simons and on average for all other NEOs by type of compensation. A significant portion (approximately 70% and 60%, respectively) of the total compensation of our CEO and our NEOs is performance-based. In the chart below, Mr. Gideon was not included in the calculation for all NEOs because his separation from service occurred February 14, 2014 and he did not receive an AIP bonus or equity award in 2014.

Fixed vs. performance-based compensation. We believe our mix of fixed (primarily base salary and RSUs) and performance-based compensation (primarily annual incentive plan, PSUs, and stock options), with a significant weighting toward performance-based compensation at the executive officer level, supports the Company's overall pay-for-performance culture and drives superior business performance. The percentage of an employee's compensation opportunity that is performance-based, versus fixed, is based primarily on the employee's role in the Company. In general, employees with more ability to directly influence overall Company and business segment performance have a greater portion of variable, performance-based pay at risk through short- and long-term incentive programs.

Short-term vs. long-term compensation. We believe our mix of short-term (primarily base salary and annual incentive plan) and long-term (primarily PSUs, stock options and RSUs) incentives, with a significant portion of total compensation provided through long-term incentives for our executive officers, encourages focus on both long-term strategic objectives and shorter-term business objectives without introducing excessive risk. In general, employees with more ability to directly influence overall Company and business segment performance have a greater portion of their overall compensation provided through long-term incentives.

Cash vs. equity compensation. We believe our mix of cash (primarily base salary and annual incentive plan) and equity (primarily PSUs, stock options and RSUs) compensation, with a significant portion of each executive officer's total compensation opportunity coming through equity incentive grants, closely aligns the interests of our executive officers with those of our shareholders. In general, employees with more ability to directly influence overall Company and business segment performance have a greater portion of total pay opportunity provided through equity incentive programs.

Performance Management

Our policy is to reward achievement of specific financial, strategic and individual performance goals. We use an annual Performance Management Process (PMP) for our employees to assess individual performance. In the PMP process, each employee, including each of our NEOs, establishes his or her performance goals at the beginning of the year in consultation with the employee's manager. The CEO's performance goals are approved by the board of directors. We assess the employee's performance against these performance goals and we include a broad spectrum of metrics, such as safety results, workforce effectiveness, financial and operating results, people development, governance and corporate responsibility, environment and sustainability, and customer value delivery. At the

Table of Contents

end of the year, the employee's performance is assessed against these multiple goals, which results in an aggregate ranking of exceeds, achieves or below. The employee's individual performance ranking is one important factor in decisions regarding compensation. The Compensation Committee and the board of directors review the CEO's performance against his goals annually.

Key performance goals for our NEOs in 2014 were principally in the areas of: cash flow generation, operational excellence, relative competitive performance, capital effectiveness, strategic priorities, safety, workforce effectiveness, and people development. Mr. Simons' principal individual performance goals for 2014 were based on Company financial performance (RONA), developing key strategic priorities, and driving improved performance through operational excellence and people development. For 2014 compensation decisions, each of our NEOs was determined to have performed at the level of achieves or above in relation to his or her goals.

Forms of Long-Term Incentive Compensation

In 2014, grants under our long-term incentive program for senior officers, including our NEOs, included a mix of forms of equity, with 50% of the value of the award granted as PSUs, 25% of the value granted as stock options and 25% of the value granted as time-vested RSUs. This mix puts more compensation at risk for senior executives and provides for greater rewards if superior performance is generated.

Market Positioning

The Company establishes compensation levels based on reviews of peer company compensation and then designs its pay program to focus executive officers on meeting Company performance objectives. Our objective is to set total target compensation and benefit levels within the median range of market pay and benefit levels. Each component of total compensation and other benefits is intended to be consistent with market practices as established by the peer group outlined below to help the Company attract and retain talented executives and incent them to produce superior long-term shareholder returns.

We review market compensation levels to determine whether total target compensation for our employees remains in the targeted median pay range and make adjustments when needed. This assessment

includes evaluation of base salary, annual incentive opportunities and long-term incentives. In addition, we review other rewards such as health benefits and retirement programs relative to the market. We also review the competitive performance of our peers to help establish performance targets for incentive plans and to assess appropriate payout levels for performance. For 2014, total target compensation for our NEOs relative to similarly situated executive officers in the competitive market was: Mr. Simons, slightly below median; Ms. Bedient and Mr. Gideon, above median; Mr. Chandrasekaran and Mr. McDade, at median; and Mr. Blocker and Ms. Hunter, below median. See Compensation Components below for details.

In addition to reviewing the current pay practices of these peer companies, the Compensation Committee reviews various pay surveys, including surveys of pay practices of forest products companies and comparably-sized manufacturing companies as well as general industry data for similarly-sized companies. The peer group and survey data are generally reviewed separately to understand pay differences, if any, by industry or business segment and to assess whether any changes in pay data from year to year reflect true market trends.

COMPENSATION COMPONENTS DETERMINATION OF COMPENSATION

Base Salary

Base salary is the principal fixed element of executive compensation. In setting base salaries for executives, our Compensation Committee generally targets base salary to be at or near the median level for the applicable role among the peer group companies described above. We also consider other factors to allow us to meet our objective of attracting and retaining critical talent, such as the Company's performance, the executive's individual performance, and his or her experience and potential to assume roles with greater responsibility. The Compensation Committee reviews executive salaries on an annual basis. Increases in salaries generally are based on the market level salary for the role in which the executive serves, individual PMP assessments (performance), overall Company budgets and specific talent needs. In 2014, Mr. Simons' base salary, unchanged from 2013, was below median to reflect the Company's general philosophy to have a greater portion of the CEO's pay at risk through short-and long-term incentive programs versus base pay. Base salary for Ms. Bedient and Mr. Gideon, each unchanged from 2013, was above median. Base salary for Mr. Chandrasekaran and Mr. McDade was within the median range. Base salary for each of Mr. Blocker and Ms. Hunter was below the median range because they were new in their respective roles.

Base salaries for our NEOs in 2014 were:

Named Executive Officer	Percentage Increase	
	Over 2013	2014 Base Salary
Doyle R. Simons	0.0%	\$ 950,000
Patricia M. Bedient	0.0%	\$ 610,000
Adrian M. Blocker (1)	12.5%	\$ 450,000
Srinivasan Chandrasekaran	5.6%	\$ 570,000
Rhonda D. Hunter (2)	57.9%	\$ 500,000
Thomas F. Gideon (3)	0.0%	\$ 608,000
Sandy D. McDade (4)	2.3%	\$ 530,000

(1) Mr. Blocker was named Senior Vice President, Wood Products effective January 1, 2015. Mr. Blocker previously served as Senior Vice President, Lumber.

(2) Ms. Hunter was named Senior Vice President, Timberlands effective January 1, 2014. Ms. Hunter previously served as Vice President, Southern Timberlands.

(3) Mr. Gideon's separation from service with the Company was effective February 14, 2014. His annualized base salary was \$608,000.

(4) Mr. McDade's separation from service with the Company was effective July 10, 2014. His annualized base salary was \$530,000.

Short-Term Incentive Plan

Our Annual Incentive Plan (AIP) is an annual cash bonus plan designed to:

- motivate our executive officers, including our NEOs, and other participants to generate strong financial performance and achieve our strategic goals;
- link pay to performance; and
- attract and retain top talent employees.

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

Each AIP participant is assigned a target bonus opportunity that reflects competitive practices in the market for similar positions. The AIP is funded based on achieving the pre-established financial performance and business scorecard metrics described below. The actual bonus amounts awarded to individual employees are based on the level of plan funding and the individual employee's performance against his or her PMP goals. Executives with a PMP rating of "achieves" will generally receive an award at or near the target bonus level funded by financial and business performance.

Table of Contents

AIP Performance Measures and Plan Mechanics

The AIP focuses on the performance of the Company's business segments, including Timberlands, Wood Products (consisting of the Lumber and the OSB, Engineered Products & Distribution (EP&D) businesses) and Cellulose Fibers. The Company's businesses tend to be cyclical and influenced by separate factors, highlighting the need to view each of the Company's businesses separately. The AIP is designed to be easy for employees to understand and give them a clear view of the effect of their business improvement efforts on their compensation.

AIP funding is calculated using financial performance metrics and business scorecard metrics, with the financial performance metrics weighted 80% and the business scorecard metrics weighted 20%.

Financial performance metrics.

The financial performance metrics for AIP funding in 2014:

for the Timberlands business, were based 80% on the funds from operations (FFO) achieved by the business;

for the Wood Products and Cellulose Fibers businesses, were based 80% on the return on net assets (RONA) achieved by the respective business; and

for the CEO, were based 80% on the achievement of Company RONA targets.

FFO is defined as earnings before interest and taxes (EBIT), less Section 1031 exchanges and gains on large asset sales, plus depletion, depreciation and amortization, plus the net book value of cash from sales of land, and less fertilizer spending. We use FFO as a performance measure for the Timberlands business because it is a commonly used metric by real estate investment trusts (REITs) to measure operating performance. FFO is intended to focus participants on generating cash flow, which supports the Company's focus on a growing and sustainable dividend for shareholders.

RONA is defined as EBIT divided by average net assets. We define net assets as total assets less cash and short-term investments, deferred tax assets, consolidated assets from special purpose entities, capitalized interest, and current liabilities. We use RONA as the principal performance measure for our CEO and the Wood Products and Cellulose Fibers businesses because of its strong link over time to total shareholder return in the basic materials sector and for Weyerhaeuser. The use of this measure is intended to focus participants on generating profitability, both through increasing revenues and controlling costs. In addition, use of this measure reinforces the importance of making capital investments that will improve the Company's overall returns.

The Compensation Committee has discretion to adjust the FFO or RONA calculations for special items as appropriate. For AIP purposes in 2014, we excluded gains on changes to our retirement plans and sales of property, charges for impairments and restructurings, and income and expenses relating to the disposition of the WRECO business.

While we report our financial results in accordance with U.S. GAAP, for the reasons described above we base our incentive programs' financial targets, including the AIP, on non-GAAP financial measures such as FFO and RONA.

AIP Performance Target Setting

Financial performance metrics. Targets for the financial performance metrics required to be met by the businesses to fund 80% of their AIP are established by the Compensation Committee at the beginning of each plan year and are not subject to adjustment by management. The Compensation Committee determines the level of FFO and RONA performance necessary for funding the threshold, target and maximum levels, which represent funding at 20%, 100% and 200% of target levels, respectively. If the applicable FFO result (for Timberlands) or RONA result (for Wood Products, Cellulose Fibers and the CEO) is below the threshold, the funding level for this portion of the AIP is 0%.

Table of Contents

The targets for the AIP's financial performance metrics are established based on a variety of factors:

The near-term outlook, prior year performance as well as competitive position influences the performance goal set for target funding for the Timberlands business.

The cost of capital as well as competitive position influences the performance goal set for target funding for each of the manufacturing businesses.

Internal benchmarks of outstanding performance influence the performance goal set for maximum funding.

For 2014, the Compensation Committee set RONA and FFO funding targets for the businesses and the Company at the following levels:

	Metric	Threshold (20% Target Funding)	Target (100% Target Funding)	Maximum (200% Target Funding)
Timberlands	FFO	\$ 553M	\$ 692M	\$ 865M
Wood Products (Lumber and EP&D)	RONA	6%	12%	20%
Cellulose Fibers	RONA	6%	12%	20%
Overall Company (for CEO)	RONA	6%	10%	17%

Business scorecard metrics. The remainder of the AIP funding (20%) is based on the performance of each business against certain business metrics approved in advance by the Compensation Committee (the business scorecard). The business scorecard metrics are in areas such as financial and competitive performance, cost competitiveness, cash generation and performance against strategic goals such as operational excellence and people development.

Employees of each business segment, including the executive officer leading a segment, receive bonuses based on the performance of the business against its FFO (for Timberlands) and RONA (for Wood Products and Cellulose Fibers) targets and business scorecard metrics, modified by the performance of the individual employee against his or her performance goals.

Staff function employees receive annual bonuses based on the actual funding of the AIP for the three businesses (Timberlands, Wood Products and Cellulose Fibers (based one-third on each business segment's funding)) modified by the performance of the individual employee against his or her performance goals. This funding mechanism is designed to focus support staff efforts on helping the businesses be successful.

Bonus Opportunities Under the AIP

At the beginning of the year, each AIP participant, including each of our NEOs, was assigned a target

bonus opportunity that reflected competitive practices in the market for similar positions. Target bonus opportunities for our NEOs in 2014 ranged from 65% to 130% of base salary. Under the AIP, the bonus for each executive officer can range from 0% to 300% of the target incentive value. Funding based on the financial performance and business scorecard metrics ranges from 0% to 200% of target. Based on individual performance, such funded amounts may be decreased by up to 100% (i.e., to 0% of target) or increased up to a maximum of 300% of target value. Targets set for the CEO and the other NEOs were based on competitive market practices and designed to focus the executive on financial performance, operational excellence and people development.

AIP Bonus Allocation Process

After the end of each plan year, the Compensation Committee approves the funding for the AIP based on the performance of each business against its pre-determined financial performance metrics and business scorecard metrics. The bonus opportunities for executive officers are adjusted up or down from each officer's target opportunity based on the level of funding achieved (e.g., 50% funding would reduce an officer's target opportunity by half). Funded awards are allocated to executive officers based on each officer's PMP rating, or individual performance

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

against his or her pre-established performance goals, based on a qualitative and quantitative assessment of performance (see Compensation Philosophy and

Table of Contents

Principles Performance Management) and other individual performance criteria. In general, an executive officer with a PMP rating of achieves receives an annual incentive award at or near his or her funding-adjusted individual target level. Similarly, an executive officer with an exceeds rating may receive an annual incentive award greater than his or her individual funding-adjusted target level and an executive officer with a below rating will typically receive less than the individual funding-adjusted target incentive opportunity.

The board of directors determines the bonus to be paid to the Company s CEO based on the recommendation of the Compensation Committee. The Compensation Committee determines the bonuses to be paid to executive officers based on recommendations by the CEO and chief human resources officer.

AIP Funding and Allocation Illustration

Individual AIP awards are calculated as follows (the bracketed items correlate to Mr. Simons 2014 AIP funding calculations):

For 2014, AIP funding multiples were as follows:

Business (Financial Measure)	Financial Performance Metrics		Business Scorecard Metrics		2014 Total Funding Multiple [A+B]
	2014 Financial Results	Funding Multiple [A]	2014 Scorecard Results	Funding Multiple [B]	
Chief Executive Officer	11.7%(1)	0.94	High Achieves	0.32	1.26
Timberlands	\$ 779MM(2)	1.05	Exceeds	0.35	1.40
Wood Products Lumber	57.8%(3)	1.60	Achieves/High Achieves	0.29	1.89
Wood Products EP&D	6.4%(3)	0.20	Achieves/High Achieves	0.29	0.49
Cellulose Fibers	14.1%(3)	0.97	High Achieves	0.32	1.29
Staff functions (4)	n/a	0.93	n/a	0.32	1.25

(1)Based on Company RONA.

(2)Based on segment FFO.

(3)Based on segment/business RONA.

(4)Based on performance of Timberlands, Wood Products and Cellulose Fibers (one-third for each business segment).

Sandy D. McDade (3)	75%	\$ 397,500	1.25	\$ n/a	\$ 260,000	n/a

(1) See Compensation Philosophy and Principles Performance Management and Short-Term Incentive Plan AIP Bonus Allocation Process above for more information on how this adjustment is made.

(2) Mr. Gideon's separation from service with the Company was effective February 14, 2014 and he did not receive an AIP bonus for 2014.

(3) Mr. McDade's separation from service with the Company was effective July 10, 2014. His actual bonus amount was \$260,000 in 2014 when prorated for his time in service during the year.

Mr. Simons' bonus under the AIP was above target because Company RONA was above target and was further increased in recognition of his strong leadership in driving operational excellence throughout the organization and on people development. Ms. Bedient's bonus was above target because the pool for staff positions funded above target and was further increased based on Ms. Bedient's outstanding leadership of the divestiture of the Company's homebuilding business through a tax-efficient Reverse Morris Trust transaction and the associated split-off transaction. Mr. Blocker's bonus was above target because the bonus pool for the Lumber business funded well above target and was further increased due to Mr. Blocker's work on achieving operational excellence goals in 2014 as well as his performance on people development matters. Mr. Chandrasekaran's bonus was above target because the bonus pool for the Cellulose Fibers business funded above target and was further increased due to his continued leadership in delivering on operational excellence objectives as well as strengthening customer relationships both domestically and internationally. Ms. Hunter's bonus was above target because the bonus pool for the Timberlands business funded well above target and was further increased as a result of her role in the integration of the Longview Timber acquisition and capturing the targeted synergies as well as Timberlands' performance against operational

excellence targets. Mr. Gideon, whose separation from service with the Company was effective February 14, 2014, did not receive an AIP bonus in 2014. Mr. McDade's bonus was prorated for his time in service during the year.

Long-Term Incentive Compensation

Each year, target long-term incentive award opportunities are set for each of the Company's executives, including our NEOs. Target award opportunities generally are set at the median of peer companies. Grants of long-term incentives are not guaranteed. These opportunities may be increased or decreased based on the executive officer's PMP rating, using the criteria described in Compensation Philosophy and Principles Performance Management. Participants do not receive an equity grant if performance against their PMP performance goals does not meet minimum standards. The Compensation Committee also considers competitive market conditions, expected future contributions to the Company and retention concerns in determining the final grants to executive officers.

Weyerhaeuser makes its annual long-term incentive grants to employees in February of each year at the regular meeting of the Compensation Committee, which typically is within one to two weeks after the Company publicly releases earnings. The Compensation Committee meeting date was the effective grant date for the annual equity grants to

Table of Contents

all participants in 2014, other than grants made to the CEO which were granted the following day at the meeting of the full board of directors. For executive officers who are hired or promoted during the year, the Compensation Committee considers compensation levels in connection with the board's appointment of the executive and may approve equity grants for the executive that are effective upon the later of (i) the officer's start date or the effective date of the promotion or (ii) the date the grant is approved by the Compensation Committee.

Total Long-Term Incentive Compensation Grants

The Compensation Committee established a target level of long-term incentives for each executive officer position based on the median of competitive market long-term incentive levels. For 2014, the target long-term incentive values for the NEOs were:

Executive Officer	2014 Target
	Long-Term Incentive Value (1)
Doyle R. Simons	\$ 5,315,000
Patricia M. Bedient	\$ 1,592,000
Adrian M. Blocker	\$ 756,000
Srinivasan Chandrasekaran	\$ 1,326,000
Rhonda D. Hunter	\$ 826,000
Thomas F. Gideon	n/a
Sandy D. McDade	\$ 847,000

(1) These amounts reflect the approved target value of long-term incentive compensation granted to each NEO in 2014. The actual grant-date fair values of these grants, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, are shown in the Summary Compensation Table on page 41 and the Grants of Plan-Based Awards For 2014 table on page 43.

The long-term incentive awards were granted in the form of PSUs, stock options, and time-vested RSUs, with approximately 50% of the value of the award granted in the form of PSUs, approximately 25% of the value in the form of stock options, and approximately 25% of the value in the form of RSUs.

The target values for long-term incentive awards granted to our NEOs in 2014 (measured at target performance with respect to the PSUs) were: Mr. Simons, slightly above median in recognition of his leadership in driving operational excellence performance and achievement of strategic initiatives throughout the organization; Ms. Bedient, above median due to her leadership on two major corporate transactions, the acquisition of Longview Timber and the divestiture of our homebuilding and real estate development business; Mr. Chandrasekaran, slightly above median due to

his operational excellence performance and increased responsibilities for research and development; Mr. McDade, at median in recognition of his support on two major corporate transactions; Mr. Blocker, somewhat below median, having been appointed as senior vice president, Lumber effective January 1, 2014; and Ms. Hunter, slightly below median, having been appointed as senior vice president, Timberlands effective January 1, 2014. Mr. Gideon did not receive a long-term incentive grant for 2014.

Table of Contents**Performance Share Unit Awards**

Weyerhaeuser granted PSUs to executive officers in 2014 to incent their achievement of strategic business goals and production of superior long-term shareholder returns, as well as continue to align pay and performance. A target number of PSUs were granted to the NEOs in 2014. The initial number of PSUs actually earned was based on the Company's performance against cash flow metrics for 2014. Cash flow is defined as the Company's net change in cash and cash equivalents excluding payments for dividends, share repurchases and debt including any use of cash for early prepayment of debt; cash received from the exercise of stock options, debt issuance and issuance of stock; acquisitions and dispositions beyond those identified as non-strategic in the annual plan; and adjusted for changes in book overdrafts and collateral posted for letters of credit. In 2014, the cash flow excluded transaction costs and expenses associated with the disposition of the WRECO business as well as the cash proceeds from the disposition.

The initial number of PSUs earned, calculated as described above, will be adjusted up or down by up to 20% based on the Company's two-year TSR relative to the S&P 500 during 2014 and 2015. This mix of performance measures aligns with shareholder interests by focusing the executive officer on the Company's strategic business goal of shareholder return performance compared to a broad index of companies. Use of these measures balances operational and market performance and ensures that performance against each measure has a significant effect on earned compensation. At the end of the two-year performance period, 50% of the earned PSUs will be vested and payable to the participant, with the remaining earned PSUs vesting 25% a year over the subsequent two-year period to further align management's and shareholders' interests.

For grants in 2014, the cash flow target was \$750 to \$800 million. This target was substantially higher than the target for 2013. Achievement of the cash flow target determines the initial number of PSUs earned as shown below.

	Cash Flow	
	Performance \$ Mil.	% of Target Award
2014 grants	<\$ 550	0%
	\$ 600	25%
	\$ 650	50%
	\$ 700	75%
Target performance	\$ 750-800	100%
	\$ 875	125%
	\$ 925	150%

Full year 2014 cash flow (calculated for purposes of the PSUs) was \$843 million, resulting in an initial number of PSUs earned equal to 114% of target. These PSUs will be adjusted based on the Company's TSR relative to the S&P 500 during 2014 and 2015. PSUs will be decreased by 20% if the Company's relative TSR ranking over the two-year period is in the 25th percentile or lower. No modification will occur if the Company's relative TSR ranking is in the 50th percentile. The number of PSUs earned will be increased by 20% if the Company's relative TSR ranking is in the 75th percentile or greater. Payout for performance between points will be linearly interpolated. The maximum number of PSUs that can be earned is capped at 150% of the target number of shares.

If the Company declares and pays dividends on the Company's common stock during the time period when PSUs are outstanding, the PSUs will be credited with the dividends, which will be reinvested in additional units to be paid out in shares if and when the PSUs vest. To the extent the PSUs vest and are paid to participants, the dividends credited to the PSUs will also vest and be paid.

Table of Contents

The following table shows the target number of PSUs granted to each of the NEOs and the initial number of PSUs earned based on the Company's performance against the cash flow target for 2014. The initial number of PSUs earned will be adjusted up or down by up to 20% at the end of 2015 based on the Company's two-year TSR ranking relative to the S&P 500 during 2014 and 2015 (subject to the 150% cap described above).

Executive Officer	Target 2014 Performance Share Units	Initial Number of Performance Share Units Earned
Doyle R. Simons	85,837	97,854
Patricia M. Bedient	25,806	29,418
Adrian M. Blocker	12,255	13,970
Srinivasan Chandrasekaran	21,494	24,503
Rhonda D. Hunter	13,389	15,263
Thomas F. Gideon (1)	n/a	n/a
Sandy D. McDade (2)	13,730	15,652

(1) Mr. Gideon did not receive a PSU grant for 2014.

(2) Mr. McDade's target PSU grant was prorated to 6,865 per the Terms and Conditions of the grant (under the applicable separation from service provision). Initial earned PSUs under the 2014 grant, based on 2014 cash flow, were 7,826.

For 2013 grants of PSUs, the cash flow targets were the following:

2013 Grants	Cash Flow	
	Performance \$ Mil.	% of Target Award
	<\$ 400	0%
	\$ 400	25%
	\$ 450	50%
	\$ 500	75%
Target performance	\$ 535-565	100%
	\$ 600	125%
	\$ 635	150%

The Company's cash flow (calculated for purposes of the PSUs) was \$737 million for 2013, resulting in an initial number of PSUs from the 2013 grant being earned at 150% of target. The Company's two-year TSR ranking for 2013-2014 was at the 31st percentile, which resulted in the initial number of PSUs earned under such grants being decreased by 15%.

(1) *Mr. Simons' PSU grant was made on June 17, 2013 at the time he was appointed CEO-elect and was prorated for his time in service during 2013. Mr. Simons' initial performance goal for this grant was based on cash flow targets for the third and fourth quarters of 2013 (selected to equal the full year projected cash flow amount at the time of Mr. Simons' grant less actual cash flow achieved during the first and second quarters of 2013). The relative TSR was measured over the period June 17, 2013 to December 31, 2014, and was at the 58th percentile, resulting in the initial number of PSUs earned being increased by 6%.*

(2) *Mr. Blocker joined the Company after the 2013 annual equity grants were made and therefore did not receive a PSU grant for 2013. The end of the two-year performance period for the 2013 grant was December 31, 2014. Fifty percent of the earned 2013 PSUs were vested and payable to the participants as of the second anniversary of the grant date. Of the remaining 2013 PSUs, half will vest and be payable to the participant as of the third anniversary of the grant date and half will vest and be payable as of the fourth anniversary of the grant date, assuming the participant remains an employee of the Company.*

Table of Contents

The vesting provisions for PSUs granted in 2013, to the extent earned, were as follows:

PSUs vest 50%, 25% and 25% on the second, third and fourth anniversaries of the grant date, respectively, as long as the individual remains employed by the Company;

PSUs fully vest in the event of disability or death while employed;

PSUs continue to vest upon retirement at an age of at least 62, but a portion of the grant is forfeited if retirement occurs before the one-year anniversary of the grant, depending on the number of months employed after grant date;

PSUs continue vesting for one year in the event of involuntary termination due to job elimination when the retirement criteria have not been met; and

PSUs will be forfeited upon termination of employment in all other situations including early retirement prior to age 62.

Stock Options

We grant stock options to reward executives only when the Company's stock price increases. Stock options have an exercise price equal to 100% of the fair market value of one share of stock on the grant date. The value of the stock options granted to our NEOs in 2014 was approximately 25% of the value of the long-term incentive grant, with the specific value of the long-term incentive grant based on the factors described above under Long-Term Incentive Grants. The number of stock options granted to each executive is calculated by dividing the intended grant value of the stock options by the Black-Scholes option value (as described in Note 17 of Notes to Consolidated Financial Statements in the Company's Annual Report on Form 10-K). In 2014, the following awards of stock options were granted to the NEOs:

Executive Officer	Stock Options
Doyle R. Simons	199,578
Patricia M. Bedient	59,987
Adrian M. Blocker	28,486
Srinivasan Chandrasekaran	49,964
Rhonda D. Hunter	31,124
Thomas F. Gideon (1)	n/a
Sandy D. McDade (2)	31,915

(1) Mr. Gideon did not receive a stock option grant for 2014.

(2) Mr. McDade's 2014 stock option grant was prorated to 15,958 per the Terms and Conditions of the grant (under the applicable separation from service provision).

The vesting and post-termination vesting terms for stock options granted in 2014 were as follows:

stock options vest ratably over 4 years with 25% vesting on each of the first, second, third and fourth anniversaries of the grant date;

stock options vest immediately in the event of disability or death while employed;

stock options continue to vest upon retirement at an age of at least 62, but a portion of the grant is forfeited if retirement occurs before the one-year anniversary of the grant depending on the number of months employed after grant date;

stock options continue vesting for one year in the event of involuntary termination due to job elimination when the retirement criterion has not been met; and

stock options stop vesting and are forfeited for all other situations including early retirement prior to age 62.

Stock options generally have a term of 10 years from the date of grant.

Restricted Stock Unit Awards

The Company grants RSU awards to align the interests of executive officers with those of our shareholders by creating a strong incentive to create and preserve long-term shareholder value. Through RSUs, executives officers, like our shareholders, share both the risks and rewards of

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

stock ownership. In addition, RSUs reward total shareholder return, whether delivered through share price appreciation or dividends. The Company believes this is appropriate since, as a REIT, our dividend distribution requirements lead to a significant portion of our total shareholder return being delivered through dividends. Through multi-year vesting, the RSU grants also serve as a strong retention vehicle.

Table of Contents

The value of the RSUs granted in 2014 to the NEOs was approximately 25% of the value of the long-term incentive grant, with the specific value of the long-term incentive grant based on the factors described above under Long-Term Incentive Grants. In 2014, the following RSU awards were granted to the NEOs.

Executive Officer	Restricted Stock Units
Doyle R. Simons	43,902
Patricia M. Bedient	13,198
Adrian M. Blocker	6,267
Srinivasan Chandrasekaran	10,993
Rhonda D. Hunter	6,848
Thomas F. Gideon (1)	n/a
Sandy D. McDade (2)	7,022

(1) Mr. Gideon did not receive a RSU grant for 2014.

(2) Mr. McDade's RSU grant was prorated to 3,511 per the Terms and Conditions of the grant (under the applicable separation from service provision). The vesting provisions for RSUs granted in 2014 were as follows:

- RSUs vest ratably over 4 years with 25% vesting on each of the first, second, third and fourth anniversaries of the grant date;
- RSUs vest immediately in the event of disability or death while employed;
- RSUs continue to vest upon retirement at an age of at least 62, but a portion of the grant is forfeited if retirement occurs before the one year anniversary of the grant depending on the number of months employed after grant date;
- RSUs continue vesting for one year in the event of involuntary termination due to job elimination when the retirement criteria has not been met; and
- RSUs will be forfeited upon termination of employment in all other situations including early retirement prior to age 62.

Other Benefits

All U.S. and Canadian salaried employees, including executive officers, are eligible for:

- a tax-qualified defined benefit pension plan, if hired before January 1, 2014;
- in lieu of participation in a defined benefit pension plan, if hired on or after January 1, 2014 a non-elective employer contribution in a tax-qualified defined contribution 401(k) or savings plan;
- a tax-qualified defined contribution 401(k) or savings plan;
- health and dental coverage,
- Company-paid term life insurance,
- disability insurance,
- paid time off, and
- paid holidays.

These rewards are designed to be competitive with overall market practices and are in place to attract and retain high-level talent. In addition, officers may be eligible to participate in a non-qualified supplemental retirement plan if hired before January 1, 2014, or a supplemental defined contribution retirement plan if hired on or after January 1, 2014, a deferred compensation plan, and to receive other benefits described below.

Supplemental Retirement Plan

Executives and other highly-paid officers in the U.S. are eligible to participate in the Supplemental Retirement Plan (the Supplemental Plan), if hired before January 1, 2014. The Supplemental Plan provides the benefits that would otherwise be provided under the qualified defined benefit

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

plan but are not due to compensation limits imposed by the Internal Revenue Code. We provide the Supplemental Plan to our executives because it was a competitive practice within the basic materials industry and the Compensation Committee believed that the Company should provide competitive retirement benefits linked to overall Company performance through the Supplemental Plan. Supplemental Plan benefits are paid outside the tax-qualified Weyerhaeuser Pension Plan (the Pension Plan) from the general funds of the Company. Consistent with general market practices, these benefits are determined based on compensation paid in the five consecutive years when the officer was paid the highest total compensation during the 10 calendar years before his or her retirement. Total compensation means base salary plus any award under the Company's eligible annual incentive compensation plans, limited to one times base pay. This amount is multiplied by the formula for determining salaried plan benefits under the Pension Plan. Details of the Supplemental Plan benefits and the amounts accrued to each NEO are found in the Pension Benefits Table. Executives and other highly-paid employees hired on or after January 1, 2014 are eligible to participate in the Weyerhaeuser Supplemental Defined Contribution Plan (the

Table of Contents

Supplemental DC Plan). The Supplemental DC Plan provides for inclusion of eligible bonuses and deferred compensation in the definition of pay and provides for non-elective contributions that would otherwise be provided under the qualified defined contribution 401(k) plan but are not due to compensation limits imposed by the Internal Revenue Code.

Deferred Compensation

Selected high-level employees, including executive officers, also are eligible to participate in a deferred compensation plan. This deferral plan provides the opportunity to defer up to 50% of base salary and up to 100% of cash bonuses into an interest-bearing account for payment at a future date. This plan is provided to be competitive in the market for executive talent, and to provide executives with tax planning flexibility at a nominal cost to the Company. The interest earned for deferred compensation is determined each year by the Compensation Committee. The current interest rate formula is the average of 90-day Treasury bill rates over the prior year plus 3%. The 2014 rate of 3.05% is not considered to be a preferential return when compared to the applicable long-term federal rate.

In addition, under the deferred compensation plan, eligible participants, including executive officers, can choose to defer all or a portion of any cash bonus into a deferral account denominated in Weyerhaeuser common stock equivalent units. The Company applies a 15% premium to the deferred amounts if payment is delayed for at least five years. The value of the deferred account grows or declines based on the performance of Weyerhaeuser stock (plus dividends). The purpose of the program is to further align executive interests with those of shareholders by providing an incentive linked to the performance of Weyerhaeuser common stock. Contributions during 2014 and year-end account balances can be found in the Non-Qualified Deferred Compensation table.

Additional Benefits

Certain employees, including our executive officers, are eligible to receive additional company-paid life insurance. There are no additional significant benefits, as we provide limited perquisites. We do not provide vehicles for personal use, personal travel for executives on Company aircraft or significant tax-gross ups.

Changes for 2015

At its December 2014 meeting, the Compensation Committee approved certain changes to the Company's Annual Incentive Plan, the terms of PSU awards and the Deferred Compensation Plan. These changes will be effective and apply to awards starting in 2015. For more information on these changes, see the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on December 22, 2014. These changes are summarized as follows:

Annual Incentive Plan revised to (i) base 70% of AIP funding on achievement of financial performance metrics (from 80% in 2014) and 30% on performance against business scorecard metrics (from 20% in 2014) and (ii) conform the CEO's financial performance metrics to other corporate staff, i.e, based on the combined performance of each of the Company's business segments.

PSU terms revised to provide that PSU awards (i) will be earned only if the Company achieves specified TSR targets relative to both the S&P 500 and an industry peer group over a defined 3-year period, and (ii) will be earned and vest on the third anniversary of the grant date (provided the Compensation Committee certifies achievement of the specified business targets).

Deferred Compensation Plan revised to define when distributions under the plan may commence and set the maximum number of annual installments that may be paid to participants.

OTHER FACTORS AFFECTING COMPENSATION

Limitations on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits our ability to deduct compensation paid to certain of our NEOs (the covered employees) for tax purposes to \$1 million annually. Covered employees include our CEO and our next three highest paid executive officers, other than our chief financial officer. However, the Section 162(m) limitation does not apply to performance-based compensation provided certain requirements are met.

In establishing total compensation for the CEO and the NEOs, the Compensation Committee considers the effect of Section 162(m). Because the Company believes that it is important to preserve flexibility in administering compensation programs in a manner designed to attract, retain and reward

Table of Contents

high-performing executives or promote varying corporate goals, we did not adopt a policy for 2014 that all compensation must qualify as deductible under Section 162(m). Therefore, certain amounts paid for 2014 under the Company's compensation programs, including salaries, AIP bonuses and long-term incentive plan grants, may not qualify under the IRS rules as compensation excluded from the limitation on deductibility. For such compensation to be deductible the various requirements of Section 162(m) must be satisfied. The Compensation Committee will have discretion to award compensation that may not qualify as tax-deductible. Weyerhaeuser has a salary and bonus deferral plan that permits compensation deferred under the plan to be exempt from the limit on tax deductibility.

Change in Control Agreements

The Company has entered into change in control agreements with each of its executive officers. The Compensation Committee believes that change in control policies are an important element of the executive compensation program, support shareholder value creation and are necessary to attract and retain senior talent in a competitive market. Because the agreements give the executive officers reasonable assurance of transitional employment support, the Compensation Committee believes executive officers are able to maintain a more balanced, shareholder-focused approach to change in control situations. The Compensation Committee believes it is appropriate to have such agreements provided the agreements are subject to periodic review. The Compensation Committee periodically reviews the benefits provided under the agreements to ensure that they serve the Company's interests in retaining these key executives, are consistent with market practice and are reasonable.

These agreements provide for specified payments and other benefits if the officer's employment was terminated by the Company or its successor during the period beginning on the effective date of a change in control of the Company and ending 24 months after a change in control. Change in control payments are not made if the termination is for cause, retirement, disability or death. Change in control payments also may be required if the officer leaves voluntarily because of significant changes in the officer's circumstances following the change in control. See the description of the specific factors

that would result in a change in control payment and the amounts that can be received in connection with a change in control in [Potential Payments Upon Termination or Change in Control](#) below. The changes triggering a change in control payment and the amounts paid are intended to enable executive officers to have a balanced perspective in making overall business decisions and to be competitive within overall market practices.

In addition, the Company's long-term incentive plans provide that in the event the officer is terminated, other than for cause, during the period beginning the effective date of a change in control and ending 24 months after a change in control of the Company, all outstanding options held by the officer become exercisable, RSUs are vested and PSUs will vest and pay out at target. The accelerated vesting and payout of equity grants in the event of a change in control are intended to allow the executives to recognize the value of their contributions to the Company and encourage executive officers to take a balanced perspective in making overall business decisions in the context of a change in control scenario. The agreements do not provide for payment of "golden parachute" excise taxes, if any.

Severance Agreements

The Company has severance agreements with each of its executive officers. Under these agreements, the executive receives severance benefits upon termination unless the termination is for cause, is a result of the Company's mandatory retirement policy, is because of the death or disability of the executive or is because the executive leaves or retires voluntarily. The specific amounts that executive officers would receive as severance payments are described in [Potential Payments Upon Termination or Change in Control](#) below. The Compensation Committee believes that severance policies are an essential component of the executive compensation program and are necessary to attract and retain senior talent in a competitive market. The Compensation Committee believes it is appropriate to have such agreements provided the agreements are subject to periodic review. The Compensation Committee periodically reviews the benefits provided under the agreements to ensure that they serve the Company's interests in retaining these key executives, are consistent with market practice and are reasonable.

RELATIONSHIP WITH COMPENSATION COMMITTEE CONSULTANT

Cook & Co. has been engaged by the Compensation Committee to act as its compensation consultant and to assist the committee with its responsibilities related to the Company's executive and board of director compensation programs. A representative of Cook & Co. attends Compensation Committee meetings, as requested, and communicates with the Chair of the Compensation Committee between meetings.

The Compensation Committee has the sole authority from the board of directors for the appointment, compensation and oversight of the Company's independent compensation consultant.

Cook & Co. reports directly to the Compensation Committee and all work conducted by Cook & Co. for Weyerhaeuser is on behalf of the committee. Cook & Co. provides no services to the Company other than these executive and board of director compensation consulting services, and has no other direct or indirect business relationships with the Company or any of its affiliates. All executive compensation services provided by Cook & Co. are conducted under the direction and authority of the Compensation Committee.

In addition, in its engagement agreement with the committee, Cook & Co. agrees to advise the Chair of the Compensation Committee if any potential conflicts of interest arise that could cause Cook & Co.'s independence to be questioned, and to undertake no projects for Weyerhaeuser management except at the request of the Compensation Committee Chair and as agent for the Compensation Committee. The Compensation Committee has reviewed the independence of Cook & Co. and has concluded that Cook & Co.'s work has not raised any conflict of interest.

MANAGEMENT'S ROLE IN THE EXECUTIVE COMPENSATION PROCESS

The Company's CEO and chief human resources officer each played an important role in the Compensation Committee's executive compensation process for 2014 and regularly attended committee meetings. The CEO provided his opinions to the committee regarding executive

compensation matters generally and the performance of the executives reporting to him. The chief human resources officer presented recommendations to the committee on the full range of annual executive compensation decisions. At the committee's February 2014 meeting, human resources executives presented the committee with specific compensation recommendations for all executives other than the CEO. These recommendations were developed in consultation with the CEO and accompanied by market data provided by the Compensation Committee's compensation consultant. The committee exercised its independent discretion whether to accept management's recommendations and made final decisions about each executive officer's compensation. Decisions related to the CEO's compensation were made independently by the committee, in consultation with its consultant, and recommended to the full board of directors. Wayne Murdy, the committee's chair, also met periodically with human resources executives to confer on current and upcoming topics likely to be brought before the committee.

COMPENSATION COMMITTEE REPORT

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

The Compensation Committee acts on behalf of the board of directors to establish and oversee the Company's executive compensation program in a manner that serves the interests of Weyerhaeuser and its shareholders. For a discussion of the Compensation Committee's policies and procedures, see Committees of the Board Compensation Committee above.

The Company's management has prepared the CD&A for the NEOs set forth in the Summary Compensation Table. The Compensation Committee has reviewed and discussed with management the CD&A included in this proxy statement. Based on this review and discussions, the committee recommended to the board of directors that the CD&A be included in the proxy statement for the Company's 2015 annual meeting of shareholders.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Ms. Cafaro, Mr. Kieckhefer, Mr. Murdy and Ms. Williams served as members of the Compensation Committee during 2014. None of the members of the Compensation Committee was an officer of the Company or any of its subsidiaries during 2014 or any prior period. No executive officer of the Company served as a member of the Compensation Committee or as a director of any company where an executive officer of such company is a member of the Compensation Committee or is a director of the Company.

CODE OF ETHICS

The Company's Code of Ethics was first adopted in 1976. The Code of Ethics currently is in its eighth edition and is issued to all directors and employees. It also is available to customers, contractors, suppliers and the public. The current edition of the Code of Ethics is available on the Company's web site at www.weyerhaeuser.com under Company at the top of the page, Investors, then Operating Ethically, and then by clicking the Code of Ethics icon. Paper copies may be obtained by written request to Weyerhaeuser Company, Attention: Corporate Secretary, P.O. Box 9777, Federal Way, WA 98063-9777 or by email to CorporateSecretary@Weyerhaeuser.com. If a listed company's board of directors or a board committee grants a waiver under the Code of Ethics for an executive officer or director, NYSE rules require that the waiver be disclosed to shareholders. If we grant such a waiver, we will provide notice of the waiver on the Company's website at www.weyerhaeuser.com. We did not grant any such waivers for executive officers or directors in 2014.

ANTI-HEDGING POLICY AND TRADING RESTRICTIONS

The Company has a policy that prohibits our directors and executive officers from hedging their ownership of the Company's stock, including trading in options, puts, calls, or other derivative instruments related to Company stock or debt. The policy also prohibits directors and executive officers from pledging Company stock and trading Company stock on margin. A copy of the Company's policy is available on the Company's website at www.weyerhaeuser.com under Company at the top of the page, Investors, then under the Governance link, and then under Governance Guidelines. Paper copies may be obtained by written request to Weyerhaeuser Company, Attention: Corporate Secretary, P.O. Box 9777, Federal Way, WA 98063-9777 or by email to CorporateSecretary@Weyerhaeuser.com.

CLAWBACK POLICY

The Company has an incentive compensation clawback policy to ensure that incentive compensation is paid based on accurate financial and operating data, and the correct calculation of performance against incentive targets. It provides that in the event of a restatement of the financial or operating results of the Company or one of its business segments, the Company may seek recovery of incentive compensation that would not

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

otherwise have been paid if the correct performance data had been used to determine the amount payable. A copy of the Company's clawback policy is available on the Company's website at www.weyerhaeuser.com under "Company" at the top of the page, "Investors," then under the "Governance" link, and then under "Governance Guidelines." Paper copies may be obtained by written request to Weyerhaeuser Company, Attention: Corporate Secretary, P.O. Box 9777, Federal Way, WA 98063-9777 or by email to CorporateSecretary@Weyerhaeuser.com.

Table of Contents**STOCK OWNERSHIP REQUIREMENTS**

Stock ownership requirements for executive officers have been in place since 1996, and were most recently amended in 2014. Under the current requirements, each executive officer must acquire

and hold a multiple of his or her base salary in shares of Weyerhaeuser stock. Minimum ownership levels are based on the executive's salary grade and range from one to five times base salary as follows:

Position	Holding Requirement	Sources Included
CEO	6X base salary value	direct ownership of common shares
EVPs	3X base salary value	
SVPs	1.5 – 2X base salary value	the value of amounts deferred into a stock equivalent account (through the voluntary deferral program described above)
Sr. Officers	1X base salary value	shares of Company stock held in the Company's 401(k) plan

Until the required ownership levels are achieved, executives must retain 75% of the net profit shares acquired when RSUs and PSUs vest. Net profit shares are shares remaining after payment of taxes upon vesting.

SHAREHOLDER ADVISORY VOTE

The Company annually seeks a shareholder vote on a proposal to approve on an advisory basis the compensation of our NEOs. This proposal, commonly known as a "say-on-pay" proposal, was supported by more than 96% of the votes cast at last year's annual meeting. Our board of directors and our Compensation Committee value the opinions of our shareholders and consider the results of the say-on-pay vote. To the extent there are significant votes against our NEO compensation as disclosed in this proxy statement we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns in making future compensation decisions.

RISK ANALYSIS OF OUR COMPENSATION PROGRAMS

The Compensation Committee reviews our compensation plans and policies to ensure that

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

they do not encourage unnecessary risk taking and instead encourage behaviors that support sustainable value creation. In 2014, the committee, with the assistance of Cook & Co., reviewed the Company's compensation policies and practices for employees, including NEOs, and believes that our compensation programs are not reasonably likely to have a material adverse effect on the Company. We believe the following factors reduce the likelihood of excessive risk-taking:

- the program design provides a balanced mix of cash and equity, short-term and long-term incentives, fixed and performance-based pay, and performance metrics;
- maximum payout levels for bonuses are capped;
- the Compensation Committee has downward discretion over incentive program payouts;
- executive officers are subject to share ownership guidelines;
- compliance and ethical behaviors are integral factors considered in all performance assessments;
- the Company has adopted policies prohibiting hedging and pledging by executives and directors; and
- the Company has adopted a clawback policy.

(1) The amount reported in this column for each executive officer reflects the dollar amount paid in cash of base salary in the fiscal year.

Edgar Filing: WEYERHAEUSER CO - Form DEF 14A

- (2) Amounts in this column for all grants of RSUs and PSUs to all officers included in the table and for all periods reflect the grant date fair value of awards granted under the Company's long-term incentive plans computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. Details regarding 2014 stock awards can be found in the table *Grants of Plan-Based Awards*. Details regarding outstanding stock awards can be found in the table *Outstanding Equity Awards At Fiscal Year End*. The grant date fair value for PSUs is reported based upon the probable outcome of the performance conditions on the grant date. The value of the 2014 and 2013 PSU grants assuming achievement of the maximum performance levels would have been: Mr. Simons \$3,942,493 (2014) and \$1,874,371 (2013); Ms. Bedient \$1,185,270 (2014) and \$1,239,213 (2013); Mr. Blocker \$562,857 (2014); Mr. Chandrasekaran \$987,219 (2014) and \$804,171 (2013); Ms. Hunter \$614,941 (2014); Mr. Gideon \$1,307,400 (2013); and Mr. McDade \$630,619 (2013). Mr. McDade's separation from service was effective July 2014. Consequently, upon application of the applicable provisions under the respective PSU grants, the maximum value that Mr. McDade may receive assuming achievement of maximum performance levels would be \$315,619 (2014).
- (3) Amounts in this column for all grants of stock options to all officers included in the table and for all periods reflect the grant date fair value of awards granted under the Company's long-term incentive plans computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. See Note 17 of *Notes to Consolidated Financial Statements* in the Company's Annual Report on Form 10-K. Details regarding 2013 stock option awards can be found in the table *Grants of Plan-Based Awards*. Details regarding outstanding stock option awards can be found in the table *Outstanding Equity Awards At Fiscal Year End*.
- (4) Amounts for Mr. Simons, Ms. Bedient, Mr. Blocker, Mr. Chandrasekaran, Ms. Hunter, Mr. Gideon, and Mr. McDade represent the value of the incentive awards earned in fiscal year 2014, 2013 and 2012 based on the Company's performance and the performance of the Company's businesses against performance levels set by the Compensation Committee of the board of directors. The measures are described in *Compensation Discussion and Analysis Compensation Components Determination of Compensation Short-Term Incentive Plan AIP Performance Measures and Plan Mechanics* above.
- (5) Amounts represent annual changes in the actuarial present value of accumulated pension benefits. There were no preferential earnings on nonqualified deferred compensation in 2014.
- (6) Amounts reported for 2014, 2013 and 2012 that represent All Other Compensation for each of the named executive officers are described in the following table:

Table of Contents

NON-EQUITY INCENTIVE PLAN COMPENSATION

Amounts for non-equity incentive plan compensation set out in the Summary Compensation Table and Grants of Plan-Based Awards are annual cash incentives under the Company's AIP. In 2014, the AIP was funded based 80% on FFO performance (for our Timberlands business) and RONA performance (for our Wood Products (Lumber and EP&D) and Cellulose Fibers businesses and for our CEO), and 20% based on the performance of each business segment against its business scorecard metrics approved in advance by the Compensation Committee, such as competitive performance, financial measures and performance against strategic goals. FFO and RONA are defined in Compensation Discussion and Analysis Compensation Components Determination of Compensation Short-Term Incentive Plan AIP Performance Measures and Plan Mechanics above. For staff functions, including the chief financial officer, AIP is funded based on the performance of each of the business segments (weighted one-third for each business segment). For each year a threshold, target and maximum goal is established by the Compensation Committee that represents 20%, 100% and 200% target funding levels for that portion of the funding.

For 2014, the Compensation Committee set the threshold, target and maximum goals as follows:

- for the Timberlands business, the FFO threshold for funding was set at \$553 million, target funding was set at \$692 million and maximum was set at \$865 million;
- for the Wood Products (Lumber and EP&D) and Cellulose Fibers businesses, the RONA threshold for funding was set at 6%, target funding was set at 12% and maximum was set at 20%; and
- for the CEO, the Company RONA threshold for funding was set at 6%, target funding level was 10% and maximum funding level was 17% RONA.

At the end of 2014, the Compensation Committee approved funding for the incentive pool based on performance against the pre-determined FFO and RONA targets and business scorecard metrics.

EQUITY AWARDS

Equity awards in the summary compensation table and the grants of plan-based awards table relate to

PSUs, RSUs and stock options granted to the NEOs under the Company's 2004 Long-Term Incentive Plan (the 2004 Plan) and the Weyerhaeuser Company 2013 Long-Term Incentive Plan (the 2013 Plan), which was approved by our shareholders at the 2013 annual meeting. Each of the 2004 Plan and 2013 Plan provide for the award of stock options, stock appreciation rights, restricted stock and RSUs, and performance shares and PSUs. The 2004 Plan and 2013 Plan provide that stock options must be granted at fair market value and prohibit the repricing of outstanding options without shareholder approval. Each of the 2004 Plan and 2013 Plan is administered by the Compensation Committee, which has retained the exclusive authority to make awards under the plans. After adoption of the 2013 Plan, no further awards have been granted under the 2004 Plan (or any other prior equity incentive plan). The Compensation Committee approves all long-term incentive grants to executive officers other than the CEO, whose grants are approved by the board of directors. The committee also approves the overall grant pool and individual grants for all other participants. The primary purpose of our long-term incentive plans is to link compensation with the long-term interests of shareholders and align pay with performance by focusing NEOs on long-term total shareholder return (TSR) achievements.

2014 Performance Share Unit Awards

PSUs granted to each of the NEOs in 2014 are earned based on the Company's performance against cash flow targets during 2014 and adjusted based on the Company's relative TSR during 2014 and 2015. A target number of PSUs were granted to the NEOs in 2014. The initial number of PSUs actually earned was based on the Company's performance against cash flow metrics during 2014. This number will be adjusted up or down by up to 20% based on the Company's two-year TSR relative to the S&P 500 during 2014 and 2015. On the second anniversary of the grant, 50% of the final number of PSUs earned will be vested and released to the participant, with an additional 25% vesting and being released on the third anniversary and the fourth anniversary of the grant date. During the vesting period, unvested awards are credited with dividend equivalents, which are subject to the same vesting and release schedule as the original PSU awards.

2014 Stock Options

Stock options granted to each of the NEOs in 2014 as long-term incentive compensation are exercisable beginning 12 months after the grant date, with 25% of the shares in the grant becoming exercisable at that time and with an additional 25% of the shares becoming exercisable on each successive anniversary of the grant date. Full vesting occurs on the fourth anniversary of the grant date. The options were granted for a term of 10 years.

2014 Restricted Stock Unit Awards

RSUs granted to each of the NEOs in 2014 vest over four years beginning 12 months following the grant date, with 25% of the shares becoming vested and available for release at that time, and an additional 25% vesting and becoming available for release on each successive anniversary of the grant date. Full vesting occurs on the fourth anniversary of the grant date. During the vesting period, unvested awards are credited with dividend equivalents, which are subject to the same vesting and release schedule as the original RSU awards.
