ABOUT THE ANNUAL MEETING OF STOCKHOLDERS

Who is soliciting my proxy with this Proxy Statement?

Our Board of Directors is soliciting your proxy in connection with our Annual Meeting of Stockholders. The expense of soliciting proxies, including the cost of preparing, assembling and mailing the Notice, Proxy Statement and proxy, will be borne by the Company. The Company may pay persons holding shares for others their expenses for sending proxy materials to their principals. In addition to solicitation of proxies by mail, the Company's directors, officers and employees, without additional compensation, may solicit proxies by telephone, electronic means and personal interview. Also, we have retained Georgeson Inc. as our proxy solicitor for a fee of \$6,500 plus reimbursement of out of pocket expenses.

Where and when will the meeting be held?

This year's meeting will be held on May 6, 2015, at Mayfield Sand Ridge Country Club located at 1545 Sheridan Road, South Euclid, OH 44121. The meeting will begin at 4:00 p.m., Eastern Time.

What will be voted on at the meeting?

At the meeting, stockholders will vote on the election of three directors and the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2015, and transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

What if I wish to attend the meeting?

Attendance at the meeting is limited to our stockholders and invited guests. If you hold shares in your name and you wish to attend the meeting, please be prepared to provide proper identification, such as a driver's license. If you hold your shares through a bank or broker (i.e., in street name) and you wish to attend the meeting, you also will need proof of ownership, such as a recent account statement or letter from your bank or broker, along with proper identification.

Even if you wish to attend the meeting, we urge you to cast your vote using the enclosed proxy card today. If you choose to vote in person at the meeting, it will revoke any previous proxy submitted. If you hold your shares in street name and wish to vote in person at the meeting, you must provide a legal proxy obtained from your bank or broker.

Please note that participants in the Fairmount Santrol Retirement Savings Plan, or 401(k) Plan, may not vote in person at the meeting, as only the Trustees of such Plan are authorized to vote shares held by participants on their behalf.

(Please see "If I am a participant in the 401(k) Plan, how do I vote?" below.)

Who is entitled to vote at the meeting?

The record date for this meeting is March 20, 2015. On that date, we had 160,929,766 shares of common stock outstanding. Each of these shares will be entitled to one vote at the meeting.

If I am a shareholder of record of common stock, how do I vote?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares and you may cast your vote in person at the meeting or by any one of the following ways:

By Telephone: You may call the toll-free number indicated on your proxy card. Follow the simple instructions and use the personalized control number specified on your proxy card to vote your shares. You will be able to confirm that your vote has been properly recorded. Your telephone vote authorizes the named proxies to vote your shares in the same manner as if you had marked, signed and returned a proxy card.

Over the Internet: You may visit the website indicated on your proxy card. Follow the simple instructions and use the personalized control number specified on your proxy card to vote your shares. You will be able to confirm that your vote has been properly recorded. Your Internet vote authorizes the named proxies to vote your shares in the same manner as if you had marked, signed and returned a proxy card.

By Mail: You may mark, sign and date the enclosed proxy card and return it in the postage-paid envelope provided.

Table of Contents

If I am a beneficial owner of shares held in street name, how do I vote?

If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name. The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. If you request printed copies of these proxy materials by mail, you will receive a voting instruction form.

If I am a participant in the 401(k) Plan, how do I vote?

If you are a participant in the 401(k) Plan, you have the right to instruct the Trustees of the Plan, Daniel Schmidt, Kelley Kerns and Robert White Jr., to vote the shares allocated to your 401(k) Plan account. If no instructions are given or if your voting instructions are not received by the deadline shown on the enclosed voting instruction form, the Trustees are not authorized to vote the uninstructed shares.

What if I want to change my vote?

If you want to change your vote, you may revoke your proxy by:

Submitting your vote at a later time online or by telephone;

Submitting a properly signed proxy card with a later date that is received at or prior to the Annual Meeting; or

Attending the Annual Meeting and voting in person (if you do revoke your proxy during the meeting, it will not, of course, affect any vote that has already been taken).

What if I submit a proxy without giving specific voting instructions?

If you properly submit a proxy without giving specific voting instructions, the individuals named as proxies on the proxy card will vote your shares:

FOR the election of the three nominees for Director named on pages 5 and 6.

FOR the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2015.

In accordance with the best judgment of the individuals named as proxies on the proxy card on any other matters properly brought before the Annual Meeting.

Will my shares be voted if I do not provide my proxy?

If you are a registered stockholder and do not submit a proxy, you must attend the meeting in order to vote your shares.

If you hold shares in street name, your shares may be voted even if you do not provide voting instructions to your bank or broker. Banks and brokers have the authority under the rules of the New York Stock Exchange (NYSE) to vote shares for which their customers do not provide voting instructions on certain routine matters. The ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm is considered a routine matter for which banks and brokers may vote without specific instructions from their customers. You must provide voting instructions to your bank or broker for your shares to be voted on all other matters presented at the Annual Meeting.

If you are a participant in the 401(k) Plan and do not instruct the Trustees to vote the shares allocated to your 401(k) Plan account, or if your voting instructions are not received by the deadline shown on the enclosed voting instruction form, the Trustees are not authorized to vote the uninstructed shares.

What should I do if I have questions?

If you have any questions or require any assistance with voting your shares of common stock, please contact our transfer agent, American Stock Transfer & Trust Company, LLC, at info@amstock.com or (718) 921-8200.

Table of Contents

The record date for determination of stockholders entitled to vote at the Annual Meeting was the close of business on March 20, 2015. On that date, the Company had 160,929,766 shares of common stock, par value \$0.01 per share (the Common Stock), outstanding and entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one vote.

At the Annual Meeting, in accordance with the General Corporation Law of the State of Delaware and the Company's Fourth Amended and Restated By-Laws (the By-Laws), the inspectors of election appointed by the Board of Directors for the Annual Meeting will determine the presence of a quorum and will tabulate the results of stockholder voting. As provided by the General Corporation Law of the State of Delaware and the By-Laws, holders of shares entitling them to exercise a majority of the voting power of the Company, present in person or by proxy at the Annual Meeting, will constitute a quorum for such meeting. Under applicable Delaware law, if a broker returns a Proxy and has not voted on a certain proposal (generally referred to as a broker non-vote), such broker non-votes will count for purposes of determining a quorum. The shares represented at the Annual Meeting by Proxies which are marked withheld with respect to the election of directors will be counted as shares present for the purpose of determining whether a quorum is present.

Under the rules of the NYSE, if you are the beneficial owner of shares held in street name and do not provide the bank, broker or other intermediary that holds your shares with specific voting instructions, that bank, broker or other intermediary may generally vote on routine matters but cannot vote on non-routine matters. Proposal One is considered a non-routine matter. Unless you instruct the bank, broker or other intermediary that holds your shares to vote on Proposal One, no votes will be cast on your behalf for Proposal One. Therefore, it is important that you instruct the bank, broker or other intermediary to cast your vote if you want it to count on Proposal One. Proposal Two is considered a routine matter and, therefore, broker non-votes are not expected to exist on Proposal Two.

Nominees for election as directors who receive the greatest number of votes will be elected directors. The General Corporation Law of the State of Delaware provides that stockholders cannot elect directors by cumulative voting unless a company's certificate of incorporation so provides. The Company's Third Amended and Restated Certificate of Incorporation (the Certificate) does not provide for cumulative voting.

Our Corporate Governance Guidelines include a director resignation policy, which sets forth our procedures if a director-nominee is elected, but receives more votes withheld from his or her election than votes for his or her election. In an uncontested election, the Board requires any nominee for director who receives a greater number of votes withheld from his or her election than votes for such election to tender his or her resignation promptly following the Annual Meeting at which he or she was elected. The Board shall nominate for election or re-election as a director only those candidates who agree to tender their resignations in such circumstances. The Nominating and Governance Committee will act on an expedited basis to determine whether to accept a director's resignation tendered in accordance with the policy and will submit its recommendation to the Board for its prompt consideration. For the full details of our director resignation policy, which is part of our Corporate Governance Guidelines, please see our Corporate Governance Guidelines on our website at www.fairmountsanrol.com.

Pursuant to the By-Laws, proposals other than the election of directors and matters brought before the Annual Meeting will be decided, unless otherwise provided by law or by the Certificate, by the vote of the holders of a majority of the shares entitled to vote thereon present in person or by proxy at the Annual Meeting. In voting for other proposals, votes may be cast in favor, against or abstained. Abstentions will count as present for purposes of the items

on which the abstention is noted and will have the effect of a vote against the proposal. Broker non-votes, however, are not counted as present for purposes of determining whether a proposal has been approved and will have no effect on the outcome of any such proposal.

ELECTION OF DIRECTORS

The authorized number of directors of the Company presently is fixed at nine, with the Board of Directors divided into three Classes. Currently, each Class has three directors. The term of office of one Class of directors expires each year, and at each Annual Meeting of Stockholders the successors to the directors of the Class whose term is expiring at that time are elected to hold office for a term of three years.

The term of office of Class I of the Board expires at this year's Annual Meeting. The term of office of the persons elected directors in Class I at this year's Annual Meeting will expire at the time of the Annual Meeting held in 2018. Each director in Class I will serve until the expiration of that term or until his or her successor shall have been duly elected and qualified. The Board's nominees for election as directors in Class I are Jenniffer D. Deckard, William P. Kelly and Michael C. Kearney. Each of Ms. Deckard, Mr. Kelly and Mr. Kearney currently serves as a director in Class I.

The Proxy holders named in the accompanying Proxy or their substitutes will vote such Proxy at the Annual Meeting or any adjournment or postponement thereof for the election as directors of the three nominees unless the stockholder instructs, by marking the appropriate space on the Proxy, that authority to vote is withheld. If any nominee should become unavailable for election (which contingency is not now contemplated or foreseen), it is intended that the shares represented by the Proxy will be voted for such substitute nominee as may be named by the Board. In no event will the accompanying Proxy be voted for more than three nominees or for persons other than those named below and any such substitute nominee for any of them.

In its role as the nominating body for the Board, the Nominating and Governance Committee reviews the credentials of potential director candidates (including potential candidates recommended by stockholders), conducts interviews, and makes formal recommendations to the Board for the annual and any interim election of directors. In making its recommendations, pursuant to the Company's Corporate Governance Guidelines, the Nominating and Governance Committee considers a variety of factors, including past Board committee and shareholder meeting attendance and performance; length of Board service; personal and professional integrity, including commitment to the Company's core values; relevant experience, skills, qualifications and contributions that the existing director brings to the Board; and independence under applicable standards. The Nominating and Governance Committee may also consider such other factors as it deems appropriate in the best interests of the Company and its stockholders. Set forth below are qualifications with respect to each member of the Board.

Table of Contents

Our Board of Directors has an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. The Executive Committee exercises the power and authority of the Board in the interim period between Board meetings. The functions of each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee are governed by charters that have been adopted by our Board. Our Board also has adopted Corporate Governance Guidelines to assist in the exercise of its responsibilities, and a Corporate Code of Business Conduct and Ethics that applies to our directors, officers, and employees (the Code of Ethics).

The charters of the Audit Committee, Compensation Committee and Nominating and Governance Committee and the Corporate Governance Guidelines and the Code of Ethics are available on our website at www.fairmountsanrol.com and in print to any stockholder who requests a copy. Requests for copies should be directed to Secretary, FMSA Holdings Inc., 8834 Mayfield Road, Chesterland, Ohio 44026. We intend to disclose any amendments to the Code of Ethics, and any waiver of the Code of Ethics granted to any director or executive officer, on our website. As of the date of this Proxy Statement, there have been no such waivers.

Board Independence

Our Corporate Governance Guidelines and the NYSE listing standards provide that at least a majority of the members of our Board must be independent, i.e., free of any material relationship with the Company, other than his or her relationship as a director or Board committee member. A director is not independent if he or she fails to satisfy the standards for independence under the NYSE listing standards, the rules of the Securities and Exchange Commission, or the SEC, and any other applicable laws, rules and regulations.

During the Board's annual review of director independence, the Board considers transactions, relationships and arrangements between each director or an immediate family member of the director and the Company. The Board of Directors also considers transactions, relationships and arrangements between each director or an immediate family member of the director and our senior management.

In January 2015, the Board performed its annual director independence review for the fiscal year ending December 31, 2015. As a result of this review, the Board determined that each of William E. Conway, Stephen J. Hadden, Michael C. Kearney, William P. Kelly, Matthew F. LeBaron, Michael E. Sand and Lawrence N. Schultz are independent pursuant to the applicable listing requirements of the NYSE and SEC rules and that all members of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee are independent. Jenniffer D. Deckard is not considered to be independent because of her position as our President and Chief Executive Officer. Charles D. Fowler is not considered to be independent because he had served as our President and Chief Executive Officer until his retirement in 2013.

As part of this review, our Board considered common private and charitable board memberships among our executive officers and directors. Our Board does not believe that any of these common board memberships impairs the independence of the Directors.

Audit Committee

The Audit Committee is designed to assist the Board in fulfilling its oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of our internal audit function and independent auditor, and producing the Audit Committee Report. The specific functions and responsibilities of our Audit Committee are set forth in the Audit Committee Charter which is available on the Company's website.

Our Board has determined that each member of the Audit Committee is financially literate and satisfies the current independence standards of the NYSE listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act). Our Board has also determined that each of Lawrence N. Schultz, Michael C. Kearney, William P. Kelly and Michael E. Sand qualifies as an audit committee financial expert as that term is defined in Item 407(d) of Regulation S-K of the Exchange Act. Each of Lawrence N. Schultz, Michael C. Kearney, William P. Kelly and Michael E. Sand also satisfies the NYSE accounting and financial management expertise requirements.

Compensation Committee

The Compensation Committee assists our Board in discharging its oversight responsibilities relating to, among other things, executive compensation, equity and incentive compensation plans, management succession planning and the Compensation Committee Report. The Compensation Committee administers the Company's equity compensation and incentive compensation plans. The

Table of Contents

Compensation Committee reviews and determines the salary and bonus compensation of the CEO, as well as reviews and recommends to our Board for its approval the compensation of our other executive officers. The Compensation Committee may delegate its authority to a subcommittee or subcommittees. Each member of the Compensation Committee is independent within the meaning of the NYSE listing standards and our Corporate Governance Guidelines.

Our CEO, together with the Compensation Committee, plans to review assessments of executive compensation practices at least annually against our defined comparative framework. Our CEO also makes recommendations to the Compensation Committee with the intent of keeping our executive officer pay practices aligned with our intended pay philosophy. The Compensation Committee must approve any recommended changes before they can be made.

The Compensation Committee has the sole authority to: (i) retain and terminate compensation advisers, including compensation and benefits consultants, independent legal counsel or other related advisers; (ii) to assess any potential conflicts of interest and the independence of any such adviser prior to engagement, and (iii) approve the related fees and other retention terms of any such adviser.

Before selecting any compensation and benefits consultant, independent legal counsel or other adviser, the Compensation Committee takes into account all factors relevant to that adviser's independence from management, including the following six factors:

the provision of other services to the Company by the adviser's employer;

the amount of fees received from the Company by the adviser's employer, as a percentage of total revenues of the employer;

the policies and procedures of the adviser's employer that are designed to prevent conflicts of interest;

any business or personal relationship of the adviser with a member of the Compensation Committee;

any Common Stock of the Company owned by the adviser; and

any business or personal relationship of the adviser or the adviser's employer with an executive officer of the Company.

Nominating and Governance Committee

The Nominating and Governance Committee is responsible for all matters relating to our corporate governance. These responsibilities include the development and recommendation to the Board of a set of corporate governance principles, selection, qualification and nomination of the members of our Board and nominees to our Board, and administration of our Board's evaluation process. Each of the members of the Nominating and Governance Committee is independent within the meaning of the NYSE listing standards and our Corporate Governance Guidelines.

In identifying and considering possible candidates for election as a director, the Nominating and Governance Committee reviews the credentials of potential director candidates (including potential candidates recommended by stockholders), conducts interviews, and makes formal recommendations to the Board of Directors for the annual and any interim election of directors. In making its recommendations, pursuant to the Company's Corporate Governance Guidelines, the Nominating and Governance Committee considers a variety of factors, including past Board committee and stockholder meeting attendance and performance; length of Board service; personal and professional integrity, including commitment to the Company's core values; relevant experience, skills, qualifications and contributions that the existing director brings to the Board; and independence under applicable standards. The Nominating and Governance Committee may also consider such other factors as it deems appropriate in the best interests of the Company and its shareholders.

The Nominating and Governance Committee and the Board consider a diverse group of experiences, characteristics, attributes, and skills, including diversity in gender, ethnicity, race, cultural background, and age, in determining whether an individual is qualified to serve as a director of the Company. The Board does not maintain a formal policy regarding diversity. However, the Nominating and Governance Committee and the Board also consider the composition of the Board as a whole in evaluating whether a particular individual should serve on the Board, as the Board seeks to comprise itself of members which, collectively, possess a range of relevant skills, experience, and expertise.

The Nominating and Governance Committee will consider potential candidates recommended by stockholders, current directors, our officers, employees, retained search firms and others. The Nominating and Governance Committee will use the above

enumerated factors to consider potential candidates regardless of the source of the recommendation. Stockholder recommendations for director nominations may be submitted to the Secretary of the Company at 8834 Mayfield Road, Chesterland, Ohio 44026, and they will be forwarded to the Nominating and Governance Committee for consideration, provided such recommendations are accompanied by sufficient information to permit the Nominating and Governance Committee to evaluate the qualifications and experience of the potential candidates. Recommendations should include, at a minimum, the following:

the name, age, business address and residence address of the proposed nominee;

the principal occupation or employment of the proposed nominee;

the number of shares of Common Stock which are beneficially owned by such candidate;

a description of all arrangements or understandings between the stockholder(s) making such nomination and each candidate and any other person or persons (naming such person or persons) pursuant to which nominations are to be made by the stockholder;

detailed biographical data and qualifications and information regarding any relationships between the candidate and the Company within the past three years;

any other information relating to the proposed nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder;

any other information the stockholder believes is relevant concerning the proposed nominee;

a written consent of the proposed nominee(s) to being named as a nominee and to serve as a director if elected;

a written agreement of the proposed nominee(s) to comply with the provisions of the Company's majority voting policy;

the name and record address of the stockholder who is submitting the notice; and

the number of shares of Common Stock which are owned of record or beneficially by the stockholder who is submitting the notice and the date such shares were acquired by the stockholder and if such person is not a stockholder of record or if such shares are owned by an entity, reasonable evidence of such person's ownership of such shares or such person's authority to act on behalf of such entity.

Stockholders who desire to nominate a proposed nominee for director at an annual meeting must also comply with the requirements set forth in our By-Laws concerning such nominations.

Fowler, was independent within the meaning of the NYSE listing standards and the Company's Corporate Governance Guidelines during fiscal 2014. The Company's independent directors plan to meet in executive session at each regularly scheduled Board meeting.

Structure of the Board of Directors

Our Board has no policy with respect to the separation of the offices of Chairman and CEO. As set forth in our Corporate Governance Guidelines, our Board believes that this issue is part of the succession planning process and that it is in the best interests of the Company for the Board to make a determination regarding this issue each time it elects a new CEO. Currently, Jenniffer D. Deckard serves as our CEO, and Matthew F. LeBaron serves as our Board Chairman.

Role in Risk Oversight

Risk is inherent in any business and our executive officers are responsible for the day-to-day management of risks that we face. Our Board, on the other hand, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility to evaluate the risk management process to ensure its adequacy and that it is implemented properly by management. Our Board believes that full and open communication between management and the Board is essential for effective risk management and oversight.

Each committee of the Board assists the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee is designed to assist the Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls, and compliance with legal and regulatory requirements. The Compensation Committee is designed to assist the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs, including overseeing our compensation-related risk assessment described further below in this Proxy Statement. The Nominating and Governance Committee is designed to assist our Board in fulfilling its oversight responsibilities with respect to the management of risks associated with the organization of our Board and its membership and structure, succession planning for directors and executive officers, and corporate governance, including the annual monitoring of corporate governance issues, administering regular self-evaluations of the Board and its committees, and reviewing potential conflicts of interest. Each of these committees reports back to the full Board regarding activities and matters discussed and reviewed at the committee's meetings.

Succession Planning

The Company actively engages in succession planning in order to assure that it has sufficient depth and breadth of executive talent.

Compensation-Related Risk Assessment

The Compensation Committee considers risks related to the attraction and retention of talent and risks relating to the design of compensation programs and arrangements affecting executive officers and employees. Our compensation programs reward outstanding performance, and do not encourage excessive risk taking on the part of our executive officers and employees. After considering the Company's compensation program as a whole and receiving the input of the Compensation Committee, we have concluded that risks arising from our compensation policies and practices applicable to our employees are not reasonably likely to have a material adverse effect on the Company. In reaching that conclusion, we considered, among other things, the general performance-based philosophy of our compensation program, the material consistency of our compensation structure throughout all key employee levels of the Company, the balance of long and short term components of compensation, and the Company's risk profile generally.

Compensation Discussion and Analysis

Executive Summary

Introduction

In this Compensation Discussion and Analysis, or CD&A, section, we describe our executive compensation framework, including our philosophy, objectives and design; our compensation setting process; our executive compensation program components; and the decisions made in 2014 with respect to the compensation of each of our named executive officers. The following disclosure also gives context for the data we present in the compensation tables below and the narratives that accompany the compensation tables.

The following five individuals are our named executive officers for 2014, as that term is defined by the SEC:

Jenniffer D. Deckard, our President and CEO;

Christopher L. Nagel, our Executive Vice President and Chief Financial Officer;

Joseph D. Fodo, our Executive Vice President and Chief Operating Officer;

Van T. Smith, our Executive Vice President; and

Gerald L. Clancey, our Executive Vice President.

Compensation Framework

Our executive compensation program is focused on promoting overall performance and maximizing long-term stockholder value. We expect our executive team to possess and demonstrate strong leadership and management capabilities in line with our mission and core principles. To reward and retain our leaders, including our named executive officers, we have designed a total compensation approach that rewards both short-term and long-term success, based on value creation and sustainable corporate growth for our stockholders. Overall, our executive compensation program is structured to align the financial interests of our executive officers and our stockholders by encouraging and rewarding our executive officers for performance that achieves or exceeds significant financial and operational performance goals and by holding them accountable for results.

2014 Executive Compensation Highlights

In 2014, we transitioned from being a privately held company to a publicly traded company. During the transition, we reevaluated our executive compensation programs and the additional responsibilities and duties of our named

executive officers. To ensure our executive compensation is an effective tool to attract, motivate and retain executive talent, the Board restated the Company's compensation philosophy and design so that the targeted compensation to be paid to the named executive officers will fall between the 50th and the 75th percentile of the compensation paid to executives in similar positions of our peer group companies. In light of this objective, the Board made the following changes to our named executive officers' compensation in 2014:

Increased the base salaries of our named executive officers to levels that were closer to the peer group median;

Established annual bonuses for our named executive officers with respect to 2014 performance targeting the 50th to 75th percentile range of our peer group; and

Restructured our equity award program to include a mix of stock options and restricted stock units.

Our named executive officers' annual bonuses were based on the achievement of specified EBITDA (earnings before income, taxes, depreciation and amortization) and sustainable development goals, with 50% of each executive's bonus opportunity tied to results for each performance metric. Our 2014 EBITDA results were 107% of target and our 2014 sustainable development results were 111% of target, resulting in bonus payments of 153% of base salary for Ms. Deckard, 124% of base salary for Mr. Nagel and 113% of base salary for Messrs. Fodo, Smith and Clancey.

Philosophy

We are focused on our mission to exceed all expectations while fulfilling our economic, social, and environmental responsibilities. We rely on these core principles to unite us in our vision of sustainability: ethics, safety, leadership, total quality, environmental stewardship, empowerment, personal excellence, celebrate/fun, continuous improvement, health and wellness, teamwork/shared ownership and social responsibility.

Table of Contents

We need a highly talented team of executives who believe in our mission and principles. In structuring our executive compensation packages, our Board and Compensation Committee considers how each component of compensation promotes retention, motivates executive performance and furthers our mission. We believe that to attract and retain high quality senior executives, we must provide them with a competitive level of compensation that rewards their outstanding contributions and commitment. We also believe that performance- and equity-based compensation play a significant role in aligning the interests of management with the long-term interests of our stockholders.

To ensure our executive compensation is an effective tool to attract, motivate and retain executive talent, our Board restated the Company's philosophy with respect to our named executive officers' pay position relative to executives with similar positions at companies within our peer group. The Board determined that:

Salaries should approximate the 50th percentile;

Annual bonus opportunities, at target, should fall within the 50th to 75th percentile range; and

Target long-term incentive awards, such as stock option and restricted stock units, should fall within the 50th to 75th percentile range.

Currently, the targets for some compensation elements are below the targeted pay positions for some of our named executive officers. The Company intends to make annual adjustments over the next three years in order to obtain the targeted pay positions for each of the executives.

Objectives

Our compensation programs for our named executive officers are built to support the following objectives:

attract, retain and motivate highly qualified executives to deliver the highest level of results;

reward high levels of achievement based performance on indicators that promote value creation and sustainable corporate growth with commensurate levels of compensation;

align the interests of our executives with those of our stockholders through equity-based incentives; and

encourage our executives to fulfill our mission, model our core principles and live by our company motto of "Do good. Do well."

Design

Our executive compensation program has three main components: (1) base salary; (2) annual cash incentive compensation; and (3) long-term incentive awards. Each component is designed to be consistent with the Company's compensation philosophy.

Compensation Component	Key Characteristics	Described Beginning on:
Base Salary	Fixed Compensation	Page 18
Annual Bonus	Variable, performance-based compensation	Page 19
Equity Compensation	Stock options Restricted stock units	Page 21
Employee Benefits	Various	Page 22
Executive Perquisites	Various	Page 22

To align pay with the interests of our stockholders, we strive to create competitive compensation packages that cultivate long-term value creation without taking unnecessary risks. We believe that a combination of both short-term and long-term compensation creates an optimal pay-for-performance environment. We motivate and reward our executive officers for successfully executing our mission and for achieving annual strategic targets. The compensation program for our executives has been designed to emphasize variable pay over fixed pay and to reward long-term achievement.

We support our objectives through an executive compensation program that includes a mix of fixed and at-risk compensation, which is intended to motivate our executives to exceed our goals and reward them in a manner that is commensurate with their levels of achievement. Our short-term incentive plan is designed around clear, concise, effective and measurable performance indicators that we believe are directly linked to value creation and sustainable corporate growth. In addition, our executive compensation program includes a significant equity-based component. We believe that equity compensation offers the best

Table of Contents

vehicle to focus our executive officers on our mission and the achievement of our long-term strategic and financial objectives, and to align our executive officers with the long-term interests of our stockholders. We typically grant equity awards with performance- and service-based vesting conditions where the commencement of vesting is deferred until a date some years in the future.

Role of the Compensation Committee

The Compensation Committee is responsible for overseeing all aspects of our executive compensation programs, including executive salaries, payouts under our annual bonus plan, the size and structure of equity awards, and any executive perquisites. The Compensation Committee is solely responsible for annually reviewing and determining the compensation of our CEO, and reviews and approves compensation of other executive officers.

The Compensation Committee Charter provides for the Compensation Committee to oversee the Company's compensation programs and, in consultation with the Chief Executive Officer, develop and recommend to the Board an appropriate compensation and benefits philosophy and strategy for the Company. The Compensation Committee Charter is available on our website at www.fairmountsantrrol.com.

In 2014, in connection with our initial public offering, the Board adjusted our named executive officers' salaries, established their 2014 annual bonus opportunities and granted equity awards to them. Historically, since we were a smaller, privately held company our Compensation Committee and our Board had approved these executive compensation matters. Going forward, the Compensation Committee will oversee our executive compensation arrangements. The Board's role will generally involve reviewing and approving recommendations made by the Compensation Committee.

Role of Management in Determining Compensation

In setting compensation for 2014, our CEO, CFO and members of our human resources group, worked closely with the Board and the Compensation Committee. These members of management often attended meetings of the Board and the Compensation Committee to provide an analysis of market compensation data. In addition, our General Counsel typically attends meetings of the Board and Compensation Committee to present information, record minutes and answer applicable questions. Our CEO and CFO made recommendations to the Compensation Committee regarding compensation and annual bonus goals for our executive officers (other than themselves) because of their daily involvement with our executive team. No executive officer participated directly in the final deliberations or determinations regarding his or her own compensation package.

Comparative Framework

In 2014 and in light of our transition from a privately held company to a publicly held company, the Compensation Committee retained Pay Governance LLC, an independent compensation consulting firm, to conduct a compensation benchmark study. Pay Governance LLC reviewed and evaluated our compensation packages for our key officers as compared to the levels of compensation being offered by companies that operate businesses similar to that of the Company. These companies were:

Carbo Ceramics Inc.	Martin Marietta Materials, Inc.	Texas Industries, Inc.
Compass Minerals	MDU Resources Group, Inc.	Tronox Limited
Eagle Materials Inc.	Minerals Technologies Inc.	U.S. Concrete, Inc.
Emerge Energy Services LP	OCI Resources LP	U.S. Silica Holdings Inc.
Granite Construction	Olin Corporation	Vulcan Materials Company
HW Headwaters Incorporated	Taminco Corporation	

Each peer group company was:

a public company;

generally within the range of \$500 million to \$3 billion in annual revenues, with the median of the group at around \$1 billion which approximated the Company's revenue size at the time of evaluation; and

in the business of extracting or mining basic materials (other than coal and metal companies).

Pay Governance LLC reviewed both published survey and peer group proxy statement data to determine competitive pay levels for the executives for the following elements of compensation: base salary, bonuses (including actual and target annual bonuses, but excluding bonus payments to executives for one-time, non performance-based awards), long-term incentive opportunity,

Table of Contents

actual total direct compensation (the sum of base salary, actual annual bonuses and long-term incentive opportunity) and target total direct compensation (the sum of base salary, target annual bonuses and long-term incentive opportunity).

Elements of Compensation

Our named executive officer compensation program for fiscal 2014 included three main elements:

Base salary;

Annual performance-based cash incentives; and

Equity-based compensation in the form of stock options and restricted stock unit awards.

Pay Mix

We use these particular elements of compensation because we believe that they provide a balanced mix of fixed compensation and at-risk compensation that produces short-term and long-term performance incentives and rewards. With this balanced portfolio, we provide the executive with a base salary while motivating the executive to focus on the business metrics that will produce a high level of performance and provide the executive with additional compensation through short- and long-term incentives.

Elements of Our Named Executive Officer Compensation Program

Compensation Component	Key Characteristics	Purpose
Base Salary	Fixed compensation, reviewed and adjusted annually if and when appropriate	Compensate named executive officers fairly for the responsibility level of the position held
Annual Bonus	Variable, performance-based compensation	Motivate and reward named executive officers for achieving annual business objectives over which they have some degree of influence and control
Equity Compensation <i>Stock Options</i>	Variable, performance-based compensation, awarded under the 2014 Long-Term Incentive Plan	Retain executives through the vesting period, reward executives for achieving performance objectives (resulting in accelerated vesting), facilitate, shared ownership among the executives,

			and align interests of our executives with those of our stockholders
Equity Compensation <i>Restricted Stock Units</i>	<i>Stock Settled</i>	Variable, performance-based compensation, awarded under the 2014 Long-Term Incentive Plan	Retain executives through the vesting period, reward executives for achieving performance objectives (resulting in accelerated vesting), facilitate shared ownership among the executives, and align interests of our executives with those of our stockholders
Health and Retirement Plans		Fixed compensation	Intended to provide benefits that promote employee health and support employees in attaining financial security; generally, the benefits provided to our named executive officers are the same as for our other employees
Perks and other Personal Benefits		Fixed compensation	Intended to be relatively modest in nature and to provide a business-related benefit to the Company, and to assist in attracting and retaining executive officers

Base Salary

We pay annual base salaries to provide a fixed base of cash compensation to our named executive officers for their services to us during the year. The Compensation Committee believes base salaries are a necessary element of compensation in order to attract and retain highly qualified executive officers. Base salary is further influenced by internal pay equity and market benchmarks and trends.

The Compensation Committee reviews base salaries for our executive officers at least annually and may adjust them from time to time. Adjustments to salaries may be made taking into consideration the specific roles and responsibilities and individual performance of our named executive officers on a day-to-day basis during the year as well as market pay levels and trends

Table of Contents

around merit increases. Accordingly, in January 2014, our Compensation Committee approved increases to the base salaries of Ms. Deckard and Mr. Nagel. In September 2014, in light of the Board's restatement of the Company's pay philosophy and objectives, Ms. Deckard's base salary was increased to \$450,000 (which is less than the 2nd percentile of our peer group), Mr. Nagel's base salary was increased to \$360,000 (which is at the 3rd percentile of our peer group), and our Executive Vice Presidents' base salaries were increased to \$310,000 (which ranges between the 4th percentile and the 70th percentile of our peer group companies for executives in similar positions). As we have grown, we have gradually increased base salaries for our executive officers with the goal of bringing salaries closer to the median of the companies listed in our peer group over time.

Annual Bonus

The goal of our annual bonus program is to incentivize our employees and executives to achieve certain performance objectives. Our Compensation Committee works with our CEO to establish a target bonus for each of our named executive officers. Our Compensation Committee establishes the target bonus level for our CEO. For fiscal 2014, the target annual bonuses established by our Compensation Committee for our named executive officers with respect to 2014 performance for Ms. Deckard was 100% of her base salary and for Messrs. Fodo, Smith and Clancey 75% of their base salaries. Mr. Nagel's target annual bonus for 2014 was pro-rated such that it equaled 75% of his base salary for the portion of the year prior to September 16, 2014 and 100% of base salary for the portion of the year following September 16, 2014. This arrangement was intended to reflect the substantial increase in his duties as the chief financial officer of a publicly traded company. The amount of that target bonus actually paid to each named executive officer in any given year is dependent upon the extent to which we achieve the performance objectives established under the annual bonus program for that year. In October 2014, Messrs. Nagel and Smith received a discretionary cash payment in recognition of their leadership and support in our initial public offering and their increased responsibilities.

In an effort to create a set of clear, concise, effective and measurable performance indicators that are linked to value creation and sustainable corporate growth, we carefully selected two performance metric categories to make up the annual cash bonus program for 2014: (i) earnings before interest, taxes, depreciation and amortization, or EBITDA¹, and (ii) sustainable development. The relative weighting of these performance metrics is established by the Compensation Committee after reviewing recommendations from the management team. In 2014, each was weighted equally. We used EBITDA as a financial metric and sustainable development goals as an operational metric. We believe the use of EBITDA as a performance metric helps to improve shareholder value because it focuses our management on profitable growth. In addition, we believe that our sustainable development goals improve both stockholder value as well as relations with our other stakeholders, such as our employees, business partners and the communities in which we do business. Our dedication to the safety and wellness of our employees and our communities as well as to our environmental stewardship is reflected by the fact that a portion of our named executive officers' annual bonuses are tied to company-wide sustainable development goals.

Before the beginning of each year, the Board works with our management team to establish a budget for our Company for the next year. Once the budget has been approved, our Compensation Committee approves the threshold level of EBITDA that will result in any payment with respect to the EBITDA performance metric as well as the performance percentage applicable to varying levels of EBITDA performance above and below that threshold level for the upcoming year. At the end of each year the Compensation Committee works with management to approve their

determination of the performance percentage achieved based on our actual EBITDA performance as compared to the established metrics. The chart below outlines the levels of EBITDA achievement and the related performance percentages established by the Compensation Committee for 2014. Performance between the levels outlined below will be calculated using straight line interpolation.

* Reflects actual EBITDA results achieved.

In order to calculate the amount of the annual bonus payable to each of our named executive officers under the annual bonus plan, the performance percentage for EBITDA and the average of the performance percentage for sustainable development is multiplied by one-half of each named executive officer's target bonus. The sum of these two amounts is equivalent to the actual bonus earned. Notwithstanding the above, the Compensation Committee retains the authority to increase or decrease the amount of the actual bonuses paid under the annual bonus program. The named executive officers must generally be employed on the last day of the applicable year in order to receive payment.

In 2014, our target goal for EBITDA was \$373.7 million and our Adjusted EBITDA results were \$398.5 million, or 107% of the target goal. The 107% level of achievement resulted in each named executive officer earning 181% of the EBITDA component of their annual bonus.

The remaining balance of the annual bonuses for our named executive officers was tied to the achievement of thirteen company-wide sustainable development goals. Sustainable development objectives are set at the beginning of the year by each of our thirteen sustainable development teams and approved by the Sustainable Development Advisory Committee. Following the end of the year, each of those teams calculates the percentage of their sustainable development objective that was achieved during the year and submits that analysis to our Sustainable Development Advisory Committee, which reviews and analyzes the performance of the company against each goal. Once the performance percentages have been reviewed and approved, all thirteen team performance percentages are averaged to calculate the total sustainable development performance percentage. For 2014, each of the thirteen sustainable development performance percentages were capped at 125% of objective, with a floor of 0% of each objective, as is

the overall sustainable development performance percentage. The overall sustainable development performance percentage is then presented to and approved by the Compensation Committee. The achievement levels were measured across all thirteen goals and 50% of each named executive officer's annual bonus was based on the average level of achievement among the goals. The following table lists our sustainable development teams. The average level of achievement for goals established across the thirteen teams was 111% of the target amount of the sustainable development component of our annual bonus.

(4) Reflects a prorated bonus of 75% of base salary until September 16, 2014 and 100% of base salary for the remainder of the year.

For the 2015 annual bonus year, the Compensation Committee added a third performance measure, the Company's Change in Net Debt, which will provide certain liquidity goals for management. The weighting of the performance measures in 2015 will be 40% EBITDA, 40% sustainable development goals and 20% Change in Net Debt.

Equity Compensation

The Company uses equity incentive awards available under the 2014 Long-Term Incentive Plan to retain executives and other key employees and achieve the following additional goals:

to reward past performance;

to incentivize future performance (both short-term and long-term);

to align executives' long-term interest with that of the stockholders;

to enhance the longer-term performance and profitability of the Company; and

to facilitate share ownership for our executives.

The Company's current intention is to achieve these goals by making annual awards to the Company's executive officers and other key employees, using a combination of stock options and stock settled restricted stock units.

Stock Options. Stock option awards are intended to retain and reward executives for stock performance and achievement of specified performance goals. Stock options are granted with an exercise price of no less than the fair market value of our common stock as of the date of grant and have a ten-year term. The options fully vest on the fifth anniversary of the grant date, but one-third of the option may accelerate in vesting each year of the period if annual/cumulative performance goals are met, based on EBITDA targets. If the performance goals are not met, then the options will fully vest at the end of the five-year period as long as the executive is an employee of the Company.

Restricted Stock Units. Awards of restricted stock units also help the Company in retaining and rewarding our named executive officers. Each restricted stock unit entitles the holder to receive one share of our common stock upon the unit's vesting. The restricted stock units will fully vest on the sixth anniversary of the grant date. If certain cumulative EBITDA targets are achieved by year four or year five, then the restricted stock units will accelerate and fully vest upon such achievement.

Table of Contents

In October 2014, in connection with our restated compensation philosophy, our Board granted an award of non-qualified stock options and stock settled restricted stock units to our named executive officers. Ms. Deckard, Mr. Fodo and Mr. Clancey each received options to purchase 35,700 shares of stock and 4,386 restricted stock units. Mr. Nagel and Mr. Smith each received options to purchase 59,500 shares of stock and 7,276 restricted stock units, recognizing their efforts in the initial public offering and increased responsibilities.

Timing of Equity Grants

Equity grants to the named executive officers are made at regularly scheduled meetings of the Compensation Committee. Board and Compensation Committee meetings are generally scheduled at least a year in advance. Scheduling decisions are made without regard to anticipated earnings or other major announcements by the Company.

Other Benefits

Our named executive officers participate in various employee benefit plans that are generally available to all employees and on the same terms and conditions as with respect to other similarly situated employees. These include normal and customary programs for life insurance, health insurance, prescription drug insurance, dental insurance, short and long term disability insurance and matching gifts for charitable contributions. While these benefits are considered to be an important and appropriate employment benefit for all employees, they are not considered to be a material component of a named executive officer's annual compensation program. Because the named executive officers receive these benefits on the same basis as other employees, these benefits are not established or determined by the Compensation Committee separately for each named executive officer as part of the named executive officer's annual compensation package.

Executive Perquisites

We provide minimal perquisites to our named executive officers, which may include a car allowance and club dues. Details regarding these perquisites and the value of all such benefits provided during 2014 are available in the notes to the column of the Summary Compensation Table entitled "All Other Compensation".

Retirement Plans

We currently maintain a retirement plan intended to provide benefits under Section 401(k) of the Internal Revenue Code (the "Code") where employees, including our named executive officers, are allowed to contribute portions of their base compensation and bonus payments to a tax-qualified retirement account. In 2014, we also maintained a defined contribution profit sharing plan for the benefit of all of our employees as well as a separate retirement restoration plan, which provides employees with non-qualified deferred compensation benefits that restore benefits that are reduced under our 401(K) Plan due to limitations imposed under the Internal Revenue Code (the "Code"). See "Additional Narrative Disclosure - Retirement Benefits" for more information.

Tax Considerations

In the course of fulfilling its responsibilities, the Compensation Committee routinely reviews the impact of Section 162(m) of the Code, which disallows a tax deduction for certain compensation paid in excess of \$1,000,000 to

the CEO and the next three highest paid executive officers of the Company, excluding the CFO. The regulations under Section 162(m), however, except from this \$1,000,000 limit various forms of compensation, including performance-based compensation. Although the Compensation Committee considers the impact of Section 162(m) when administering the Company's compensation programs, the Compensation Committee does not make decisions regarding executive compensation solely based on the expected tax treatment of such compensation.

In order to maintain flexibility in designing compensation programs that retain key leaders, reward past performance, incentivize strong future performance and align executives' long-term interests with stockholders, the Compensation Committee may deem it appropriate at times to forgo Section 162(m) qualified awards in favor of awards that may not be fully tax-deductible.

Anti-Hedging and Anti-Pledging Policy

We prohibit our directors and executive officers from hedging their ownership of our common stock, including trading in options, puts, calls, or other derivative instruments related to our common stock or debt. Directors and executive officers are prohibited from purchasing our common stock on margin, borrowing against our common stock held in a margin account, or pledging our common stock as collateral for a loan. This policy helps to assure that our named executive officers and other senior officers remain subject to the risks, as well as the rewards, of stock ownership.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management and legal counsel. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and in the Company's definitive proxy statement prepared in connection with its 2015 Annual Meeting of Stockholders.

(1) Amounts reported as Bonus for Messrs. Nagel and Smith reflect a one-time discretionary cash payment for the integral role they played in our initial public offering and their increased responsibilities.

(2) The dollar value of restricted stock units and stock options set forth in these columns is equal to the fair market value as of the date of the respective grant calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation – Stock Compensation (FASB ASC Topic 718). (3) Information regarding the non-qualified stock options and stock settled restricted stock units granted to our named executive officers in 2014 is set forth in the Grants of Plan-Based Awards for Fiscal 2014 table. The Grants of Plan-Based Awards for Fiscal 2014 table also sets forth the aggregate grant date fair value of the non-qualified

(1) For a better understanding of this table, we have included a column identifying the type of each plan based award. Pursuant to our 2014 Long Term Incentive Plan, STIP amounts represent our non-equity incentive plan bonus

opportunities for 2014, while Option (stock options) and RSU (restricted stock units) amounts represent grants made in 2014.

- (2) Amounts represent cash incentive bonus opportunities for 2014 under our 2014 Long Term Incentive Plan. There are no threshold or maximum amounts for such payments. Target awards for 2014 are expressed as a specified percentage of an individual's salary. The targeted opportunity represents the targeted annual bonus based on benchmarking of the named executives' compensation. For more information on STIP payments made in 2014, see the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table and the general description in the Compensation Discussion & Analysis section.
- (3) Represents the number of stock options and restricted stock units granted during 2014 pursuant to our 2014 Long Term Incentive Plan. The stock options fully vest on the fifth anniversary of the grant date, but one-third of the option may vest each year of the period if annual/cumulative performance goals are met, based on EBITDA targets.
- (4) The amounts in this column represent the grant date fair value of 2014 equity awards of stock options and restricted stock units, determined in accordance with FASB ASC Topic 718. See Note 15 of our Consolidated Financial Statements contains in our Annual Report on Form 10-K for the year ended December 31, 2014. As so calculated, the options granted to our named executive officers on October 2, 2014 had a fair market value of \$8.01 per share. The fair value of the restricted stock units granted on October 9, 2014 was computed based on the \$13.12 per share, closing market price of our common stock on the NYSE on that date.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

Salary. Salaries paid to our named executive officers are set forth in the Summary Compensation Table.

Annual Bonus. Annual bonuses paid to our named executive officers are set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Safety Bonus. Our named executive officers are eligible for a safety bonus payment of up to \$1,800 per year. Such bonus payments are payable in equal monthly installments and calculated based on three equally weighted categories: (i) individual safety, (ii) facility safety, and (iii) overall safety record of the Company. Each monthly installment is decreased if an incident/accident occurs. The amount of the decrease is dependent on how many of the aforementioned categories are applicable to the accident, with each category reducing the payment by one-third.

Table of Contents

Safety bonuses paid to our named executive officers are set forth in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Stock Awards. The amounts in the Stock Awards column of the Grants of Plan-Based Awards for Fiscal 2014 table consist of stock settled restricted stock units granted under our 2014 Long Term Incentive Plan. These grants are described in further detail under the heading Compensation Discussion and Analysis Equity Compensation. The amounts included in the Stock Awards column of the Summary Compensation Table represent the grant date fair value of grants made in accordance with ASC 718.

Option Awards. Pursuant to our 2014 Long Term Incentive Plan, we awarded non-qualified stock options to our named executive officers. The stock options granted to our named executive officers are set forth in the table Grants of Plan-Based Awards for Fiscal 2014. These grants are described in further detail under the heading Compensation Discussion and Analysis Equity Compensation Stock Options. The amounts included in the Option Awards column of the Summary Compensation Table represent the grant date fair value of grants made in accordance with ASC 718.

Non-Equity Incentive Plan Compensation. The non-equity incentive plan compensation set forth in the Summary Compensation Table reflects annual cash incentive compensation under our 2014 Long Term Incentive Plan. Annual cash incentive compensation is earned based upon the achievement of performance objectives as described under the heading Compensation Discussion and Analysis Annual Cash Incentive Compensation.

Retirement Plans

The Company currently maintains two defined benefit pension plans, but our named executive officers are not eligible to participate in such plans. Additionally, the Company maintains a retirement plan intended to provide benefits under Section 401(k) of the Code, which allows employees, including our named executive officers, to contribute portions of their base compensation and bonus payments to a tax-qualified retirement account. In 2014, the Company provided matching contributions equal to 50% of the first 5% of employees' eligible compensation contributed to the 401(k) Plan. Amounts deposited in our 401(k) Plan, including matching amounts, are fully vested upon deposit. Because of their higher compensation levels, our named executive officers are generally prevented from receiving what would otherwise be their full employer match under the 401(k) Plan. Once the full employer match allowable under the 401(k) Plan has been made, the remainder of the match is contributed on behalf of the executive to the supplemental executive retirement plan (if the executive elected to participate in that plan).

In 2014, the Company also maintained and contributed to a defined contribution stock bonus plan on behalf of all eligible employees, including our named executive officers. The Compensation Committee held discretion over the annual contribution rate, which was consistent for every eligible participant, and such amounts were subject to the limits established in the Code. In connection with the initial public offering, the Company merged the stock bonus plan with the 401(k) Plan, effective as of January 1, 2015, and all accounts transferred from the stock bonus plan to the 401(k) Plan. In connection with the merger of the plans, participants in the 401(k) Plan were allocated shares of the Company's Common Stock that was transferred from the stock bonus plan into an employer stock fund provided under the 401(k) Plan.

Additionally, under the Company's supplemental executive retirement plan, certain employees, including the named executive officers, may elect to defer up to 15% of their base compensation and bonus compensation. The deferral

amount under such plan is equal to the base compensation and bonus deferral elected by the employee minus salary and bonus deferrals credited to their 401(k) Plan. The Company provides contributions under this plan equal to the excess of the full contribution that would have been made to the 401(k) Plan, if not for the limitations under the Code, over what was actually contributed to the 401(k) plan. Any amount that would have been contributed under the 401(k) plan but could not be contributed due to limitations under the Code, and is instead contributed to the supplemental executive retirement plan on the named executive officers behalf, is fully vested on deposit.

All Other Compensation. All other compensation of our named executive officers is set forth in the Summary Compensation Table and described in detail in footnote 3 of the table. These benefits are discussed in further detail under the heading Compensation Discussion and Analysis Perks and Other Benefits.

Additional Information. We have provided additional information regarding the compensation we pay to our named executive officers under the headings Compensation Discussion and Analysis and Other Potential Post-Employment Compensation.

(1) The amounts set forth in the Executive Contributions in last FYE column for Ms. Deckard and Mr. Clancey represent the deferral of a portion of their respective base salaries earned in 2014. The base salary amounts are also included in the Salary column of the Summary Compensation Table for 2014.

(2) Employer contributions deposited in 2014 were earned in the 2013 plan year.

(3) The amounts set forth in the Aggregate Earnings in last FYE column include above-market earnings, which have also been reported in the Summary Compensation Table, as follows: Ms. Deckard: \$24,034; Mr. Nagel: \$345; Mr. Fodo \$13,803; Mr. Clancey \$9,901; and Mr. Smith \$1,729. December 2014 long term Applicable Federal Rate, compounded monthly, was 3.24%. The 2014 Plan earnings was 10.65%. The excess amount over 3.24% is 7.41%. The preceding table provides information on the non-qualified deferred compensation of the named executive officers in 2014. Participants in our supplemental executive retirement plan, including the named executive officers, may defer up to 15% of their base salary and bonus compensation.

The deferral amount under such plan is equal to the base compensation and bonus deferral elected by the employee minus salary and bonus deferrals credited to their 401(k) Plan. We provide contributions under this plan, as well, equal to the excess, if any, of the full intended stock bonus contribution, without regard to limitations under the Internal Revenue Code (the Code), and the actual stock bonus contribution credited to the named executive officer's stock bonus plan account. Any amount that would have been contributed under the 401(k) Plan but could not be contributed due to limitations under the Code, and is instead contributed to the supplemental executive retirement plan on the named executive officer's behalf, is fully vested on deposit.

Table of Contents**Other Potential Post-Employment Compensation**

The following table illustrates the amounts our named executive officers would have received if a change in control occurred as of December 31, 2014 and our Compensation Committee used its discretion to accelerate the vesting of any outstanding stock options or restricted stock units held by the executives as of that date. The estimates are considered forward-looking information that falls within the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may differ materially. Factors that could affect these amounts include the timing during the year of such change in control and the amount of future non-equity incentive compensation. Employment, Severance or Change in Control Agreements

None of our named executive officers has entered into an employment, severance or change in control agreement with the Company or any affiliate that provides for severance or change in control benefits.

Equity Awards Termination of Employment

As summarized above in Outstanding Equity Awards at Fiscal Year-End for 2014, certain named executive officers have been granted stock options under our 2006 Long Term Incentive Plan, our 2010 Stock Option Plan and our 2014

Long Term Incentive Plan, which we refer to collectively as the Equity Plans, and restricted stock units under our 2014 Long Term Incentive Plan.

Pursuant to the applicable award agreement, and except as provided below, our named executive officers will forfeit any stock option granted under any of the Equity Plans that is not vested and exercisable as of the date they cease performing services for us, for any reason. If the named executive officer's employment is terminated for cause (as defined in the applicable plan or award agreement) then the executive will forfeit any outstanding stock options, whether vested or unvested, as of the date of his or her termination of employment. The named executive officer or his or her beneficiary, as applicable, will generally be able to exercise all outstanding and vested stock options until the earlier of (i) the expiration of the option term and (ii) (a) the 12 month anniversary of the executive's termination of employment due to death or disability (as defined in the applicable plan) or (b) the three month anniversary of the date of termination for any reason other than cause, death, or disability.

Any unvested restricted stock unit granted under the 2014 Long Term Incentive Plan and held by a named executive officer will be automatically forfeited upon a termination of employment for any reason.

Equity Awards Change in Control

2014 Long Term Incentive Plan

Upon a change in control (as defined in the 2014 Long Term Incentive Plan) the Compensation Committee, may do one of the following with respect to restricted stock units and/or stock options granted under the 2014 Long Term Incentive Plan: (i) accelerate the time at which stock options may be exercised so that stock options may be exercised in full for a limited period of time on or before a specified date (before or after the change in control), after which specified date all unexercised options will terminate; (ii) require the mandatory surrender to the company by selected holders of some or all of the outstanding awards held by such holders (irrespective of whether such awards are then vested or exercisable) as of a date, before or after such change in control, in which event the Compensation Committee will cancel the surrendered awards in exchange for, in the case of vested restricted stock units, a cash payment equal to the per share purchase price paid in connection with the change in control event or, in the case of vested stock options, the difference between the per share purchase price and the exercise price of the stock option; (iii) provide for the assumption or substitution or continuation of awards by the successor company or a parent or subsidiary of the successor company; or (iv) make such adjustments to outstanding awards as the Compensation Committee deems appropriate to reflect the change in control.

2010 Stock Option Plan

The 2010 Stock Option Plan provides that, in the event of a change in control (defined as a Transaction in the plan), we may, in our sole discretion and without the consent of the participants, provide for (i) the assumption of the 2010 Plan by the surviving company, (ii) substitute new options at the surviving company with substantially the same terms for options in us, (iii) require the exercise of outstanding options and terminate all unexercised or unexercisable options, or (iv) settle outstanding vested stock options in cash or equity and cancel all such stock options. Unless otherwise provided in the option agreement or another agreement between the individual and us, the plan provides that, in the event a payment or right accruing to the recipient would constitute a parachute payment (as defined in Section 280G of the Code and the regulations issued thereunder), such payment or right will be reduced to the largest amount or greatest right that will result in no portion of the amount payable or right accruing under the plan to be subject to an excise tax under Section 4999 of the Code or being disallowed as a deduction under Section 280G of the Code.

2006 Long Term Incentive Plan

All options granted under the 2006 Long Term Incentive Plan are fully vested. Accordingly, no accelerated vesting would occur upon a change in control transaction.

ANNUAL BONUS AWARDS

Our named executive officers forfeit their annual bonuses if their employment terminates for any reason prior to the end of the performance period. In addition, the annual bonuses do not accelerate upon a change in control or automatically pay out if a named executive officer's employment is terminated after the change in control.

RELATED PARTY TRANSACTIONS

The Related Party Transactions Policy of the Board of Directors ensures that the Company's transactions with certain persons are not inconsistent with the best interests of the Company. A Related Party Transaction is a transaction with the Company or a subsidiary of the Company in an amount exceeding \$120,000 in which a Related Party has a direct or indirect material interest. A Related Party includes the executive officers, directors, nominees for director, and five percent stockholders of the Company, and any immediate family member of such a person. Under the Related Party Transaction Policy, Company management screens for any potential Related Party Transactions. If Company management identifies a potential Related Party Transaction, such transaction is brought to the attention of the Audit Committee for its approval, ratification, revision, or rejection in consideration of all of the relevant facts and circumstances. The Audit Committee shall approve each such Related Party Transaction if it is consistent with the Related Party Transaction Policy and is on terms, taken as a whole, which the Audit Committee believes are no less favorable to the Company than could be obtained in an arms-length transaction with an unrelated third party, unless the Audit Committee otherwise determines that the transaction is not in the best interests of the Company.

American Securities

American Securities is a leading U.S. middle-market private equity firm that currently has over \$10 billion of assets under management. In August 2010, affiliated funds managed by American Securities acquired control over ASP FML. As of March 20, 2015, ASP FML owns approximately 44.2% of our outstanding common stock.

We paid American Securities \$1 million annually for management and consulting fees provided pursuant to a management consulting agreement, in addition to approximately \$0.1 million, \$0.3 million and \$1.9 million in separate transaction fees for mergers and acquisitions by the Company and out of pocket expenses for the years ended 2011, 2012 and 2013, respectively. In connection with the completion of the initial public offering, the management consulting agreement, and any obligation to pay transaction fees, were terminated.

Stockholders Agreement

In connection with the investment in our common stock by ASP FML, certain of our stockholders, including ASP FML entered into an amended and restated stockholders agreement on April 28, 2009 between certain stockholders and previous equity sponsors. The stockholders agreement provided, among other things, that ASP FML was entitled to elect (or cause to be elected) three of our directors. The stockholders agreement was amended and restated (the Fourth Amended and Restated Stockholders Agreement) and removed ASP FML's right to elect (or cause to be elected) three of our directors and to revise certain registration rights:

Registration Rights

Pursuant to the Fourth Amended and Restated Stockholders Agreement, we are obligated to register the sale of shares of our common stock under certain circumstances.

Demand Rights. Subject to the limitations set forth below, certain major stockholders (or their permitted transferees), including ASP FML, have the right to require us by written notice to prepare and file a registration statement registering the offer and sale of a number of their shares of common stock. Generally, we are required to provide

notice of a request by such a major stockholder within one business day following the receipt of such demand request to all other such major stockholders, who may, in certain circumstances, participate in the registration.

We are also not obligated to effect any demand registration in which a notice is received within 90 days after the closing of an underwritten offering, during a Company blackout period, or in which the anticipated aggregate offering price included in such offering is less than \$50 million. Once we are eligible to effect a registration on Form S-3, any such demand registration may be for a shelf registration statement. Any demand for an underwritten offering pursuant to an effective shelf registration statement shall constitute a demand request subject to the limitations set forth above. We are required to maintain the effectiveness of any such registration statement until the consummation of the distribution by the participating holders.

Piggy-back Rights. If, at any time, subject to certain customary limitations we propose to register an offering of common stock (subject to certain exceptions) for our own account or for the account of any third party (including a demand registration), then we must give written notice to all holders who own registrable securities, the gross offering price of which is anticipated to be at least \$5 million to allow them to include a specified number of their shares in that registration statement.

Conditions and Limitations; Expenses. These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration and our right to delay or withdraw a registration statement under certain circumstances. We will generally pay all registration expenses in connection with our obligations under the registration rights agreement, regardless of whether a registration statement is filed or becomes effective.

officer of the Company. We acquired Black Lab in 2011. In 2014, Mr. Deckard earned less than \$175,000 in base salary and bonus, and also received an equity award under our long-term incentive plan. His compensation was established in accordance with our customary employment and compensation practices applicable to employees with equivalent qualifications, experience and responsibilities, and is intentionally below the compensation paid to his peers within the company. This employment relationship was approved by the Audit Committee of our Board consistent with our Related Party Transaction Policy.

Some of the amounts set forth in this Proxy Statement in the disclosure regarding executive and director compensation are forward-looking statements within the meaning of the federal securities laws. These amounts include estimates of future amounts payable under awards, plans and agreements or the present value of such future amounts, as well as the estimated value at December 31, 2014 of awards. Estimating future payments of this nature is necessarily subject to contingencies and uncertainties, many of which are difficult to predict. In order to estimate amounts that may be paid in the future, we had to make assumptions as to a number of variables, which may, and in many cases will, differ from future actual conditions. These variables include the price of our Common Stock, the date of termination of employment, applicable tax rates and other assumptions. In estimating the year-end values of unvested awards, we were required to make certain assumptions about the extent to which the performance or other conditions will be satisfied and, accordingly, the rate at which those awards will ultimately vest and/or payout. Accordingly, amounts and awards paid out in future periods may vary from the related estimates and values set forth in this Proxy Statement.

Table of Contents**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has reappointed PricewaterhouseCoopers LLP as our independent registered public accounting firm to audit our financial statements for the current year. The Board of Directors recommends ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP.

The selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required to be submitted to a vote of our stockholders for ratification. The Sarbanes-Oxley Act of 2002 requires that the Audit Committee be directly responsible for the appointment, compensation and oversight of our independent auditors. If our stockholders fail to vote on an advisory basis in favor of the selection, the Audit Committee will reconsider whether to retain PricewaterhouseCoopers LLP, and may retain that firm or another firm without re-submitting the matter to our stockholders. Even if our stockholders ratify the appointment, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and the interests of our stockholders. The affirmative vote of a majority of the shares voting on this proposal is required for ratification.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting of Stockholders. The representative will be given an opportunity to make a statement if desired and to respond to questions regarding PricewaterhouseCoopers LLP's examination of our consolidated financial statements and records for the year ended December 31, 2014.

Our Board of Directors unanimously recommends a vote **FOR** Proposal Two to ratify the Audit Committee's appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ended December 31, 2015.

The decision to engage PricewaterhouseCoopers LLP was made by the Company's Audit Committee.

In accordance with the SEC's rules issued pursuant to the Sarbanes-Oxley Act of 2002, which require, among other things, that the Audit Committee pre-approve all audit and non-audit services provided by our independent registered public accounting firm, the Audit Committee has adopted a formal policy on auditor independence requiring the approval by the Audit Committee of all professional services rendered by our independent registered public accounting firm. The policy specifically pre-approves certain services up to a budgeted amount to be determined annually by the Audit Committee. All other services require Audit Committee approval on a case-by-case basis.

Table of Contents

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent registered public accounting firm's qualifications and independence, and the performance of the Company's internal audit function and independent registered public accounting firm. The Audit Committee's activities are governed by a written charter adopted by the Board of Directors. Among other responsibilities specified in the charter, the Audit Committee has the sole authority to appoint, retain and where appropriate, terminate, the Company's independent registered public accounting firm. The Audit Committee is also directly responsible for, among other things, the evaluation, compensation and oversight of the work of the Company's independent registered public accounting firm for the purpose of preparing or issuing an audit report or for any related work. In addition, the Audit Committee must pre-approve all audit and permitted non-audit services performed by the Company's independent registered public accounting firm. It is not the duty of the Audit Committee to plan or conduct audits or determine that the Company's financial statements and disclosures are complete and accurate and in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent registered public accounting firm.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited financial statements contained in the 2014 Annual Report on Securities and Exchange Commission Form 10-K with the Company's management and PricewaterhouseCoopers LLP, the Company's independent registered public accounting firm for the fiscal year ended December 31, 2014.

The Audit Committee has discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees as adopted by the Public Company Accounting Oversight Board (PCAOB). In addition, the Audit Committee has discussed with PricewaterhouseCoopers LLP the auditor's independence from the Company and its management, including matters in written disclosures and a letter from PricewaterhouseCoopers LLP pursuant to the applicable requirements of the PCAOB regarding the independent registered public accounting firm's related communications with the Audit Committee, which the Company has received.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Company's Annual Report on Securities and Exchange Commission Form 10-K for the fiscal year ended December 31, 2014, for filing with the Securities and Exchange Commission.

The Audit Committee has determined that the rendering of non-audit services by PricewaterhouseCoopers LLP during the 2014 fiscal year was compatible with maintaining the auditor's independence.

As described above under the heading Proposal Two Ratification of Appointment of Independent Registered Public Accounting Firm, the Audit Committee has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015 and is seeking ratification of the appointment at the Annual Meeting.

Submitted by the Audit Committee of the Board of Directors as of March 17, 2015.
