- Rule 13p-1 under the Securities Exchange Act (17 CFR 240.13p-1) for the reporting period from January 1 to December 31, 2014.

## **Section 1 Conflict Minerals Disclosure**

### **Item 1.01 Conflict Minerals Disclosure and Report**

Teradyne, Inc. ( Teradyne or the Company ) has determined that gold, columbite-tantalite (coltan), cassiterite and wolframite, including their derivatives, tantalum, tin and tungsten ( Conflict Minerals ), are necessary to the functionality or production of products manufactured or contracted to be manufactured by Teradyne.

We conducted a country of origin inquiry regarding the Conflict Minerals in our products which was reasonably designed to determine whether any of the Conflict Minerals originated in the Democratic Republic of the Congo or an adjoining country ( Covered Countries ), or are from recycled or scrap sources.

We conducted a supply-chain survey with all direct suppliers using the Conflict Minerals Reporting Template from the Conflict Free Sourcing Initiative ( CFSI ). We asked suppliers to determine if Conflict Minerals were necessary to the functionality of their products provided to Teradyne and, if yes, to provide information regarding the smelters/refiners/mines for the Conflict Minerals included in those products. Several of our suppliers responded that their products included Conflict Minerals that originated in the Covered Countries.

Based on our reasonable country of origin inquiry, we know or have reason to believe that some of the Conflict Minerals in our products originated in the Covered Countries and are not from recycled or scrap sources.

As a result of our reasonable country of origin inquiry, we engaged in due diligence on the source and chain of custody of the Conflict Minerals in our products that originated or may have originated from the Covered Countries. We have filed a Conflict Minerals Report, describing our reasonable country of origin inquiry and due diligence efforts, as an exhibit to this specialized disclosure report. We have provided that report on the Corporate Governance/Code of Conduct and Corporate Social Responsibility page on our publicly available website at [www.teradyne.com/investors](http://www.teradyne.com/investors).

### **Item 1.02 Exhibit**

Teradyne attaches to this Form SD an Exhibit 1.01, which contains the Conflict Minerals Report required by Items 1.01 and 1.02.

## **Section 2 Exhibits**

### **Item 2.01 Exhibits**

Exhibit 1.01 Conflict Minerals Report as required by Items 1.01 and 1.02 of this Form SD.

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the duly authorized undersigned.

Teradyne, Inc.
