USE OF PROCEEDS

We intend to use the net proceeds we receive from the sale of securities by us as set forth in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, we will not receive any proceeds from the sale of securities by selling securityholders.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated on a consolidated basis and should be read in conjunction with our consolidated financial statements including the accompanying rates thereto, incorporated by reference in this prospectus. As of the date of this prospectus, we have no preferred stock outstanding and, accordingly, the ratio of earnings to combined fixed charges and preferred stock dividends is not disclosed separately.

	Six Months Ended June 30, 2015	2014	Years Ended December 31, 2013	2012	2011	2010
Ratio of earnings to fixed charges	4.7	2.2	(1)	9.1	6.7	13.7

(1) Earnings for 2013 were inadequate to cover fixed charges by \$3,620 million.

The ratio of earnings to fixed charges represents income before income and mining tax expense, noncontrolling interests, equity income (loss) of affiliates, discontinued operations and cumulative effect of changes in accounting principles, divided by interest expense. Interest expense includes amortization of capitalized interest and the portion of rent expense representative of interest. The financial information of all prior periods has been reclassified to reflect discontinued operations.

DIVIDEND POLICY

Dividends of \$0.025 and \$0.025 per share of common stock outstanding were declared and paid in the first and second quarter, respectively, of 2015. Dividends of \$0.150, \$0.025, \$0.025 and \$0.025 per share of common stock outstanding were declared and paid in the first, second, third and fourth quarter, respectively, of 2014 for a total of \$0.225 per share. Dividends of \$0.425, \$0.35, \$0.25 and \$0.20 per share of common stock outstanding were declared in the first, second, third and fourth quarters, respectively, of 2013, for a total of \$1.225 per share.

The quarterly dividend is calculated based upon the average London P.M. Fix gold price (now called the London Bullion Market Association (LBMA) P.M. gold price) for the preceding quarter in accordance with our gold price-linked dividend policy approved by our Board of Directors in March 2011 and amended in September 2011, July 2012 and February 2014. The February 2014 amendment retained the link to the LBMA P.M. gold price and adjusted the annual payout levels. Under the current policy, unless otherwise determined by our Board of Directors, the payout levels are as follows: (i) the first payout level begins between \$1,200 and \$1,299 per ounce, with an annual dividend of \$0.10 per share or \$0.025 per quarter; (ii) the second payout is between \$1,300 and \$1,399 per ounce, with an annual dividend of \$0.20 per share or \$0.05 per quarter; and (iii) for each \$100 per ounce additional increase in the quarterly average LBMA P.M. gold price above \$1,300 per ounce, the annual payout increases at a rate of \$0.20 per share or \$0.05 per quarter (for example, if the quarterly average LBMA P.M. gold price for the preceding quarter was \$1,400 per ounce, the annual dividend would be \$0.40 per share or \$0.10 per quarter). The policy would not pay a dividend out below the \$1,200 per ounce level, unless otherwise determined by our Board of Directors.

This dividend policy is intended as a non-binding guideline which will be periodically reviewed and assessed by the Board of Directors. The declaration and payment of future dividends remains at the discretion of the Board of Directors and will depend on the Company's financial results, cash requirements, future prospects and other factors deemed relevant by the Board of Directors.

DESCRIPTION OF CAPITAL STOCK

The rights of our stockholders are governed by Delaware law, our certificate of incorporation and our by-laws. The following is a summary of the material terms of our capital stock. For additional information regarding our capital stock, please refer to the applicable provisions of Delaware law, our certificate of incorporation and by-laws.

At July 16, 2015, we had 755,000,000 shares of authorized capital stock. Those shares consisted of:

750,000,000 shares of common stock, par value \$1.60 per share, of which 529,054,665 shares were outstanding; and

5,000,000 shares of preferred stock, par value \$5.00 per share.

Common Stock

The following is a summary of the terms of our common stock. For additional information regarding our common stock, please refer to our certificate of incorporation, our by-laws and the applicable provisions of Delaware law.

Dividend Rights

Holders of our common stock may receive dividends when, as and if declared by our Board of Directors out of funds of Newmont legally available for the payment of dividends. Subject to the terms of any outstanding preferred stock, holders of our common stock may not receive dividends until we have satisfied our obligations to any holders of our preferred stock.

As a Delaware corporation, we may pay dividends out of surplus capital or, if there is no surplus capital, out of net profits for the fiscal year in which a dividend is declared and/or the preceding fiscal year. Section 170 of the General Corporation Law of the State of Delaware also provides that dividends may not be paid out of net profits if, after the payment of the dividend, capital is less than the capital represented by the outstanding stock of all classes having a preference upon the distribution of assets.

Currently, we pay dividends on our common stock each quarter. The declaration and payment of future dividends remains at the discretion of the Board of Directors and will depend on the Company's financial results, cash requirements, future prospects and other factors deemed relevant by the Board of Directors.

Voting and Other Rights

Holders of our common stock are entitled to one vote per share and, in general, a majority of votes cast with respect to a matter will be sufficient to authorize action upon routine matters.

The holders of record of a majority of the outstanding shares of our capital stock entitled to vote at the meeting of our stockholders must be present in person or represented by proxy at the meeting in order to constitute a quorum for all matters to come before the meeting.

Special meetings of our stockholders may be called by our Board of Directors or by the chair of the board or by our president, and will be called by the chair of the Board or by our president or secretary upon a written request stating

the purposes of the proposed meeting and signed by a majority of our Board of Directors or stockholders owning at least 25% of our outstanding capital stock entitled to vote at the meeting.

Written notice of a meeting of our stockholders is given personally or by mail, not less than 10 days nor more than 60 days before the date on which the meeting is held, to each stockholder of record entitled to vote at the

Table of Contents

meeting. The notice must state the time, place and purposes of the meeting. In the event of a special meeting called upon the written request of our stockholders, the notice will describe any business set forth in the statement of purpose in the written stockholder request, as well as any additional business that our Board of Directors proposes to be conducted at the meeting. If mailed, the notice will be sent to our stockholders at their respective addresses appearing on our stock records or to such other addresses as they may designate in writing, and will be deemed given when mailed. A waiver of any notice, signed by a stockholder before or after the time for the meeting, will be deemed equivalent to that stockholder having received the notice.

Our Board of Directors is not classified. Directors are to be elected by a majority of the votes cast by stockholders entitled to vote thereon at a duly held meeting of stockholders at which a quorum is present, and our stockholders do not have the right to cumulate their votes in the election of directors.

Liquidation

In the event of any liquidation, dissolution or winding up of Newmont, holders of our common stock would be entitled to receive proportionately any assets legally available for distribution to our stockholders with respect to shares held by them, subject to any prior rights of the holders of any of our preferred stock then outstanding.

Redemption

Our common stock is not redeemable or convertible.

Other Provisions

All of the issued and outstanding shares of our common stock are validly issued, fully paid and nonassessable. Holders of our common stock have no preemptive rights with respect to any of our securities.

Listing

Our common stock trades on the New York Stock Exchange under the symbol NEM. Computershare Investor Service Inc. is the registrar, transfer agent and dividend disbursing agent for our common stock.

Preferred Stock General

The applicable prospectus supplement relating to the particular series of preferred stock to be offered will describe the specific terms of that series as fixed by our Board of Directors, including, as applicable:

voting rights,

designations,

dividend rate,

redemption rights,

liquidation rights,

sinking fund or purchase fund provisions,

conversion or exchange rights,

any other preferences, relative participating and option or other special rights, and qualifications, limitations and restrictions that are not inconsistent with the terms of our restated certificate of incorporation, including any restriction on the repurchase or redemption while we are in arrears in the payment of dividends or sinking fund installments.

Anti-Takeover Provisions

Article Ninth of our certificate of incorporation may make it more difficult for various corporations, entities or persons to acquire control of us or to remove management.

Table of Contents

Article Ninth of our certificate of incorporation requires us to get the approval of the holders of 80% of all classes of our capital stock who are entitled to vote in elections of directors, voting together as one class, to enter into the following types of transactions:

a merger or consolidation between us and another corporation that holds 10% or more of our outstanding shares;

the sale or lease of all or a substantial part of our assets to another corporation or entity that holds 10% or more of our outstanding shares; or

any sale or lease to us of assets worth more than \$10 million in exchange for our securities by another corporation or entity that holds 10% or more of our outstanding shares.

However, Article Ninth does not apply to any transaction if:

our Board of Directors approves the transaction before the other corporation, person or entity becomes a holder of 10% or more of our outstanding shares; or

we or our subsidiaries own a majority of the outstanding voting shares of the other corporation.

Article Ninth can be altered or repealed only with the approval of the holders of 80% of all classes of our capital stock who are entitled to vote in elections of directors, voting together as one class.

- (14) if applicable, that such securities, in whole or any specified part, are defeasible pursuant to the provisions of the Indenture described under *Defeasance and Covenant Defeasance* *Defeasance and Discharge* or *Defeasance and Covenant Defeasance* *Covenant Defeasance*, or under both such captions;
- (15) whether any of such securities will be issuable in whole or in part in the form of one or more global securities and, if so, the respective Depositaries for such global securities, the form of any legend or legends to be borne by any such global security in addition to or *in lieu* of the legend referred to under *Form, Exchange and Transfer Global Securities* and, if different from those described under such caption, any circumstances under which any such global security may be exchanged in whole or in part for securities registered, and any transfer of such global security in whole or in part may be registered, in the names of persons other than the depositary for such global security or its nominee;
- (16) any addition to or change in the Events of Default applicable to any of such securities and any change in the right of the Trustee or the holders to declare the principal amount of any of such securities due and payable;

(17) any addition to or change in the covenants in the Indenture applicable to any of such securities;

(18) any other terms of such securities not inconsistent with the provisions of the Indenture; and

(19) if applicable, that such securities are to be guaranteed by Newmont USA Limited.

Securities, including original issue discount securities, may be sold at a substantial discount below their principal amount. Certain special United States federal income tax considerations (if any) applicable to securities sold at an original issue discount may be described in the applicable prospectus supplement. In addition, certain special United States federal income tax or other considerations (if any) applicable to any securities which are denominated in a currency or currency unit other than United States dollars may be described in the applicable prospectus supplement.

Further Issues

Newmont may, without the consent of the then existing holders of the debt securities of any series, re-open a series and issue additional debt securities of that series, which additional debt securities will have the same terms as the debt securities of the same series except for the issue price, issue date and under some circumstances, the first interest payment date. Newmont will not issue any additional debt securities of a series unless the additional debt securities will be fungible with the debt securities of the same series previously issued for U.S. Federal income tax purposes.

Form, Exchange and Transfer

The securities of each series will be issuable only in fully registered form, without coupons, and, unless otherwise specified in the applicable prospectus supplement, only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

At the option of the holder, subject to the terms of the Indenture and the limitations applicable to global securities, securities of each series will be exchangeable for other securities of the same series of any authorized denomination and of a like tenor and aggregate principal amount.

Subject to the terms of the Indenture and the limitations applicable to global securities, securities may be presented for exchange as provided above or for registration of transfer (duly endorsed or with the form of transfer endorsed thereon duly executed) at the office of the security registrar or at the office of any transfer agent designated by the Company for such purpose. No service charge will be made for any registration of transfer or exchange of securities, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. Such transfer or exchange will be effected upon the security registrar or such transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. The Company has appointed the Trustee as security registrar. Any transfer agent (in addition to the security registrar) initially designated by the Company for any securities will be named in the applicable prospectus supplement. The Company may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that the Company will be required to maintain a transfer agent in each place of payment for the securities of each series.

If the securities of any series (or of any series and specified terms) are to be redeemed in part, the Company will not be required to:

- (i) issue, register the transfer of or exchange any security of that series (or of that series and specified terms, as the case may be) during a period beginning at the opening of business 15 days before the day of mailing of a notice of redemption of any such security that may be selected for redemption and ending at the close of business on the day of such mailing; or
- (ii) register the transfer of or exchange any security so selected for redemption, in whole or in part, except the unredeemed portion of any such security being redeemed in part.

Global Securities

Some or all of the securities of any series may be represented, in whole or in part, by one or more global securities which will have an aggregate principal amount equal to that of the securities represented thereby. Each global security

will be registered in the name of a depositary or a nominee thereof identified in the applicable prospectus supplement, will be deposited with such depositary or nominee or a custodian therefor and will bear a legend regarding the restrictions on exchanges and registration of transfer thereof referred to below and any such other matters as may be provided for pursuant to the Indenture.

Table of Contents

Notwithstanding any provision of the Indenture or any security described herein, no global security may be exchanged in whole or in part for securities registered, and no transfer of a global security in whole or in part may be registered, in the name of any person other than the depositary for such global security or any nominee of such depositary unless (i) the depositary has notified the Company that it is unwilling or unable to continue as depositary for such global security or has ceased to be qualified to act as such as required by the Indenture, (ii) there shall have occurred and be continuing an Event of Default with respect to the securities represented by such global security or (iii) there shall exist such circumstances, if any, in addition to or *in lieu* of those described above as may be described in the applicable prospectus supplement. All securities issued in exchange for a global security or any portion thereof will be registered in such names as the depositary may direct.

As long as the depositary, or its nominee, is the registered holder of a global security, the depositary or such nominee, as the case may be, will be considered the sole owner and holder of such global security and the securities represented thereby for all purposes under the securities and the Indenture. Except in the limited circumstances referred to above, owners of beneficial interests in a global security will not be entitled to have such global security or any securities represented thereby registered in their names, will not receive or be entitled to receive physical delivery of certificated securities in exchange therefor and will not be considered to be the owners or holders of such global security or any securities represented thereby for any purpose under the securities or the Indenture. All payments of principal and any premium and interest on a global security will be made to the depositary or its nominee, as the case may be, as the holder thereof. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. These laws may impair the ability to transfer beneficial interests in a global security.

Ownership of beneficial interests in a global security will be limited to institutions that have accounts with the depositary or its nominee (**participants**) and to persons that may hold beneficial interests through participants. In connection with the issuance of any global security, the depositary will credit, on its book-entry registration and transfer system, the respective principal amounts of securities represented by the global security to the accounts of its participants. Ownership of beneficial interests in a global security will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the depositary (with respect to participants interests) or any such participant (with respect to interests of persons held by such participants on their behalf). Payments, transfers, exchanges and others matters relating to beneficial interests in a global security may be subject to various policies and procedures adopted by the depositary from time to time. None of the Company, the Trustee or any agent of the Company or the Trustee will have any responsibility or liability for any aspect of the depositary's or any participant's records relating to, or for payments made on account of, beneficial interests in a global security, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Secondary trading in notes and debentures of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, beneficial interests in a global security, in some cases, may trade in the depositary's same-day funds settlement system, in which secondary market trading activity in those beneficial interests would be required by the depositary to settle in immediately available funds. There is no assurance as to the effect, if any, that settlement in immediately available funds would have on trading activity in such beneficial interests. Also, settlement for purchases of beneficial interests in a global security upon the original issuance thereof may be required to be made in immediately available funds.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a security on any interest payment date will be made to the person in whose name such security (or one or more predecessor securities) is registered at the close of business on the regular record date for such interest.

Unless otherwise indicated in the applicable prospectus supplement, principal of and any premium and interest on the securities of a particular series will be payable at the office of such paying agent or paying agents as the

Table of Contents

Company may designate for such purpose from time to time, except that at the option of the Company payment of any interest may be made by check mailed to the address of the person entitled thereto as such address appears in the security register. Unless otherwise indicated in the applicable prospectus supplement, the corporate trust office of the Trustee will be designated as the Company's sole paying agent for payments with respect to securities of each series. Any other paying agents initially designated by the Company for the securities of a particular series will be named in the applicable prospectus supplement. The Company may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that the Company will be required to maintain a paying agent in each place of payment for the securities of a particular series.

All moneys paid by the Company to a paying agent for the payment of the principal of or any premium or interest on any security which remain unclaimed at the end of two years after such principal, premium or interest has become due and payable will be repaid to the Company, and the holder of such security thereafter may look only to the Company for payment thereof.

Subordination

The prospectus supplement, if any, relating to any offering of subordinated debt securities will describe the specific subordination provisions, including the extent of subordination of payments by the Company of the principal of, premium, if any, on and interest on such subordinated debt securities.

Restrictive Covenants Required by the Indenture

The Indenture requires us to comply with certain restrictive covenants. Some of the provisions are described below. All series of debt securities issued under the Indenture will be entitled to the benefits of the covenants described below except for any series of debt securities that provides that they are not entitled to the benefits of the covenants described below.

Definition of Attributable Debt

Attributable Debt means, with respect to any lease, the present value of the total net rental payments during the remaining term of the lease. The present value will be determined by using the discount rate implicit in the terms of the lease as determined by two of our officers and will be compounded semiannually. The net amount of rent we may pay under any lease for any period is the amount of rent payable for the period but excluding payments for maintenance, repairs, insurance, taxes, assessments, water rates or similar charges. For any lease which we may terminate by paying a penalty, the net amount of rent will include the penalty, but no rent will be included after the first date that the lease may be terminated.

Definition of Consolidated Net Tangible Assets

Consolidated Net Tangible Assets means the aggregate amount of assets minus the following:

applicable reserves and other properly deductible items;

all current liabilities excluding (1) those that the borrower may extend or renew to a time more than 12 months after the time the amount of the liability is being computed, (2) current maturities of long-term indebtedness, and (3) capital lease obligations; and

all goodwill shown on our balance sheet.

Definition of Funded Debt

Funded Debt means all indebtedness for money borrowed having a maturity of more than 12 months from the determination date or having a maturity of less than 12 months but that the borrower may renew or extend beyond 12 months.

Table of Contents

Definition of Principal Property

Principal Property means any mine, plant or other facility, the land upon which it stands and the fixtures that are a part of it, (1) which is used primarily for mining and processing and is located in the U.S., and (2) the net book value of which exceeds 5% of Consolidated Net Tangible Assets. Principal Property does not include (1) any mine, plant or facility which, in the opinion of our Board of Directors, is not of material importance to our total business, or (2) any portion of a particular mine, plant or facility which is not of material importance to the use or operation of the mine, plant or facility.

Definition of Restricted Subsidiary

Restricted Subsidiary means any Subsidiary (1) with substantially all of its property located, or carrying on substantially all of its business, within the U.S., and (2) which owns a Principal Property. Restricted Subsidiary, however, does not include any Subsidiary whose primary business consists of (1) financing operations in connection with leasing and conditional sales transactions on behalf of us and our Subsidiaries, (2) purchasing accounts receivable or making loans secured by accounts receivable or inventory, or (3) being a finance company.

Definition of Subsidiary

Subsidiary is defined as any corporation or entity in which we or one or more of our Subsidiaries directly or indirectly owns a majority of the voting interests.

Limitation on Liens

The Indenture will prohibit us and any of our Restricted Subsidiaries from incurring, issuing, assuming or guarantying any debt for money borrowed or any debt evidenced by notes, bonds, debentures or other similar documents (**Debt**) secured by any mortgage, security interest or other liens (collectively, **Mortgages**) on any Principal Property or shares of stock or indebtedness of any Restricted Subsidiary, without securing all outstanding series of debt securities under the Indenture (other than any series of debt securities that provide that the debt securities of the series are not entitled to the benefit of this covenant) equally and ratably with (or prior to) the secured Debt to be incurred, issued, assumed or guaranteed. This restriction, however, will not apply if the sum of the following does not exceed 10% of Consolidated Net Tangible Assets:

the aggregate principal amount of such secured Debt;

all secured Debt which would otherwise be prohibited; and

all of our and our Restricted Subsidiary's Attributable Debt in respect of sale and leaseback transactions which would otherwise be prohibited by the covenant limiting sale and leaseback transactions described below.

The restriction described above also will not apply to debt for borrowed money secured by the following:

Mortgages on property, stock or Debt of any entity existing at the time it becomes a Restricted Subsidiary;

Mortgages to secure indebtedness of a Restricted Subsidiary to us or to another Restricted Subsidiary;

Mortgages for taxes, assessments or governmental charges or levies (1) that are not yet due and delinquent, or (2) the validity of which is being contested in good faith;

Mortgages of materialmen, mechanics, carriers, workmen, repairmen, landlords or other similar Mortgages, or deposits to obtain the release of these Mortgages;

Mortgages arising under attachment or restraint or similar legal process and the execution or enforcement of which is stayed and which are being contested in good faith;

Table of Contents

Mortgages (1) to secure public or statutory obligations, (2) to secure payment of workmen's compensation, (3) to secure performance in connection with tenders, leases of real property, bids or contracts or (4) to secure (or *in lieu of*) surety or appeal bonds, and Mortgages made in the ordinary course of business for similar purposes;

Mortgages in favor of the United States, any state in the United States, or any foreign governmental entity to secure payments pursuant to any contract or statute (including Debt of the pollution control or industrial revenue bond type) or to secure any debt incurred to finance the purchase price or the cost of construction of the property subject to the Mortgage;

Mortgages on property (including capitalized leases), stock or Debt of a corporation (1) existing at the time we or our Restricted Subsidiary acquired the entity, (2) that secure the payment of the purchase price, construction cost or improvement cost of the property, stock or Debt or (3) that secure any Debt incurred prior to, at the time of, or within one year after we or our Restricted Subsidiary acquired the property, shares or Debt, completed the construction on or commenced commercial operation of the property for the purpose of financing the purchase price or construction cost;

Mortgages existing at the date of the Indenture; and

any extension, renewal or replacement of any of the Mortgages enumerated above that does not increase the Debt and that is limited to all or a part of the same property, stock or Debt that secured the original mortgage.

The restrictions discussed above also will not apply to (1) any gold-based loan or forward sale arrangement, and (2) Mortgages on property that we or any Restricted Subsidiary own or lease to secure our or a Restricted Subsidiary's proportionate share of any payments required to be made to any Person incurring the expense of developing, exploring or conducting operations for the recovery, processing or sale of the mineral resources of the property.

Limitation on Sales and Leasebacks

The Indenture will prohibit us and any of our Restricted Subsidiaries from entering into any arrangement with any third party lender or investor under which we or any Restricted Subsidiary will lease for a period, including renewals, in excess of three years, any Principal Property if we or the Restricted Subsidiary sold or will sell or transfer the Principal Property more than 270 days after the acquisition of the Principal Property or after completion of construction and commencement of full operation of the Principal Property, to the lender or investor or to any person to whom funds have been or will be advanced by the lender or investor on the security of the Principal Property (herein referred to as a **sale and lease-back transaction**), unless:

we or any Restricted Subsidiary could create Debt secured by a mortgage on the Principal Property to be leased back in an amount equal to the Attributable Debt with respect to such sale and leaseback transaction without equally and ratably securing the debt securities of all series pursuant to the provisions of the covenant on limitation on liens described above; or

we apply within 180 days after the sale or transfer an amount equal to the greater of (1) the net proceeds of the sale of the Principal Property sold and leased back pursuant to the arrangement, or (2) the fair market value of the Principal Property so sold and leased back at the time of entering into the arrangement to:

- (a) the purchase of different property, facilities or equipment which has a value at least equal to the net proceeds of the sale, or
- (b) the retirement of our Funded Debt or that of a Restricted Subsidiary (other than as a result of payment at maturity or pursuant to any mandatory sinking fund or prepayment provision).

The amount to be applied to the retirement of Funded Debt, however, will be reduced by:

the principal amount of any debt securities of any series delivered within 180 days after such sale to the trustee for retirement and cancellation;

Table of Contents

if the debt securities of any series are original issue discount debt securities or provide that an amount other than the face value is payable upon maturity or a declaration of acceleration, the amount that is due and payable with respect to such series pursuant to the Indenture delivered within 180 days after such sale to the trustee for retirement and cancellation; and

the principal amount of Funded Debt, other than the debt securities, voluntarily retired within 180 days after such sale.

Consolidation, Merger and Sale of Assets

The Company may not consolidate with or merge into, or convey, transfer or lease its properties and assets substantially as an entirety to, any person (a **successor person**), and may not permit any person to merge into, or convey, transfer or lease its properties and assets substantially as an entirety to, the Company, unless:

- (i) the successor person (if any) is a corporation, partnership, trust or other entity organized and validly existing under the laws of any domestic jurisdiction and assumes the Company's obligations on the securities and under the Indenture;
- (ii) immediately after giving effect to the transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; and
- (iii) certain other conditions are met.

Events of Default

Unless otherwise provided in the applicable prospectus supplement, each of the following will constitute an Event of Default under the Indenture with respect to securities of any series:

- (a) failure to pay principal of or any premium on any security of that series when due, whether or not such payment is prohibited by the subordination provisions of the Indenture;
- (b) failure to pay any interest on any securities of that series when due, continued for 30 days, whether or not such payment is prohibited by the subordination provisions of the Indenture;
- (c) failure to deposit any sinking fund payment, when due, in respect of any security of that series, whether or not such deposit is prohibited by the subordination provisions of the Indenture;
- (d) failure to perform any other covenant of the Company in the Indenture (other than a covenant included in the Indenture solely for the benefit of a series other than that series), continued for 90 days after written notice has been given by the Trustee, or the holders of at least 25% in principal amount of the outstanding securities of that

series, as provided in the Indenture;

(e) acceleration of any indebtedness (other than indebtedness under the securities) of any one or both of the Company and Newmont USA Limited in an aggregate principal amount exceeding \$75,000,000, if such indebtedness has not been discharged, or such acceleration has not been rescinded or annulled;

(f) certain events in bankruptcy, insolvency or reorganization; and

(g) except as permitted by the Indenture, (i) the Subsidiary Guarantee of Newmont USA Limited shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason to be in full force and effect, or (ii) Newmont USA Limited shall deny or disaffirm its obligation under the Subsidiary Guarantee.

If an Event of Default (other than an Event of Default described in clause (f) above) with respect to the securities of any series at the time outstanding shall occur and be continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding securities of that series by notice as provided in the Indenture may declare the principal amount of the securities of that series (or, in the case of any security that is an original issue discount security or the principal amount of which is not then determinable, such portion of the

Table of Contents

principal amount of such security, or such other amount *in lieu* of such principal amount, as may be specified in the terms of such security) to be due and payable immediately.

If an Event of Default described in clause (f) above with respect to the securities of any series at the time outstanding shall occur, the principal amount of all the securities of that series (or, in the case of any such original issue discount security or other security, such specified amount) will automatically, and without any action by the Trustee or any holder, become immediately due and payable. After any such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding securities of that series may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal (or other specified amount), have been cured or waived as provided in the Indenture. For information as to waiver of defaults, see *Modification and Waiver*.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default shall occur and be continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders, unless such holders shall have offered to the Trustee indemnity satisfactory to the Trustee. Subject to such provisions for the indemnification of the Trustee, the holders of a majority in aggregate principal amount of the outstanding securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the securities of that series.

No holder of a security of any series will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless:

- (i) such holder has previously given to the Trustee written notice of a continuing Event of Default with respect to the securities of that series;
- (ii) the holders of at least 25% in aggregate principal amount of the outstanding securities of that series have made written request, and such holder or holders have offered indemnity satisfactory, to the Trustee to institute such proceeding as trustee; and
- (iii) the Trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer.

However, such limitations do not apply to a suit instituted by a holder of a security for the enforcement of payment of the principal of or any premium or interest on such security on or after the applicable due date specified in such security.

The Company will be required to furnish to the Trustee annually a statement by certain of its officers as to whether or not the Company, to their knowledge, is in default in the performance or observance of any of the terms, provisions and conditions of the Indenture and, if so, specifying all such known defaults.

Modification and Waiver

Modifications and amendments of the Indenture may be made by the Company and the Trustee with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding securities of each series affected by such modification or amendment; *provided, however, that* no such modification or amendment may, without the consent of the holder of each outstanding security affected thereby:

- (i) change the stated maturity of the principal of, or any installment of principal of or interest on, any security, or
- (ii) reduce the principal amount thereof or the rate of interest thereon or any premium payable upon the redemption thereof, or

Table of Contents

- (iii) reduce the amount of the principal of an original issue discount security or any other security which would be due and payable upon a declaration of acceleration of the maturity thereof, or
- (iv) change any place of payment where, or the coin or currency in which, any Security or any premium or interest thereon is payable, or
- (v) impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof (or, in the case of redemption, on or after the redemption date), or
- (vi) reduce the percentage in principal amount of the outstanding securities of any series, the consent of whose holders is required for any such supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the Indenture or certain defaults thereunder and their consequences) provided for in the Indenture, or
- (vii) modify any such provisions with respect to modification and waiver, except to increase any such percentage or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each outstanding security affected thereby.

The holders of not less than a majority in principal amount of the outstanding securities of any series may waive compliance by the Company with certain restrictive provisions of the Indenture. The holders of a majority in principal amount of the outstanding securities of any series may waive any past default under the Indenture, except a default in the payment of principal, premium or interest and certain covenants and provisions of the Indenture which cannot be amended without the consent of the holder of each outstanding security of such series affected.

The Indenture will provide that in determining whether the holders of the requisite principal amount of the outstanding securities have given or taken any direction, notice, consent, waiver or other action under the Indenture as of any date:

- (i) the principal amount of an original issue discount security that will be deemed to be outstanding will be the amount of the principal thereof that would be due and payable as of such date upon acceleration of the maturity thereof to such date;
- (ii) if, as of such date, the principal amount payable at the stated maturity of a security is not determinable (for example, because it is based on an index), the principal amount of such security deemed to be outstanding as of such date will be an amount determined in the manner prescribed for such security; and
- (iii) the principal amount of a security denominated in one or more foreign currencies or currency units that will be deemed to be outstanding will be the U.S. dollar equivalent, determined as of such date in the manner prescribed for such security, of the principal amount of such security (or, in the case of a security described in clause (i) or (ii) above, of the amount described in such clause).

Certain securities, including those for whose payment or redemption money has been deposited or set aside in trust for the holders and those that have been fully defeased pursuant to Section 1302 of the Trust Indenture Act of 1939, will

not be deemed to be outstanding.

Except in certain limited circumstances, the Company will be entitled to set any day as a record date for the purpose of determining the holders of outstanding securities of any series entitled to give or take any direction, notice, consent, waiver or other action under the Indenture, in the manner and subject to the limitations provided in the Indenture. If a record date is set for any action to be taken by holders of a particular series, such action may be taken only by persons who are holders of outstanding securities of that series on the record date. To be effective, such action must be taken by holders of the requisite principal amount of such securities within a specified period following the record date. For any particular record date, this period will be 180 days or such other period as may be specified by the Company, and may be shortened or lengthened from time to time.

Table of Contents

Defeasance and Covenant Defeasance

If and to the extent indicated in the applicable prospectus supplement, the Company may elect, at its option at any time, to have the provisions of Section 1302, relating to defeasance and discharge of indebtedness, or Section 1303, relating to defeasance of certain restrictive covenants in the Indenture, of the Trust Indenture Act of 1939 applied to the securities of any series, or to any specified part of a series.

Defeasance and Discharge

The Indenture will provide that, upon the Company's exercise of its option (if any) to have Section 1302 of the Trust Indenture Act of 1939 applied to any securities, the Company will be discharged from all its obligations with respect to such securities (except for certain obligations to exchange or register the transfer of securities, to replace stolen, lost or mutilated securities, to maintain paying agencies and to hold moneys for payment in trust) upon the deposit in trust for the benefit of the holders of such securities of money or U.S. Government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on such securities on their respective stated maturities in accordance with the terms of the Indenture and such securities. Such defeasance or discharge may occur only if, among other things, the Company has delivered to the Trustee an opinion of counsel to the effect that the Company has received from, or there has been published by, the United States Internal Revenue Service a ruling, or there has been a change in tax law, in either case to the effect that holders of such securities will not recognize gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge were not to occur.

Defeasance of Certain Covenants

The Indenture will provide that, upon the Company's exercise of its option (if any) to have Section 1303 of the Trust Indenture Act of 1939 applied to any securities, the Company may omit to comply with certain restrictive covenants, including any that may be described in the applicable prospectus supplement, and the occurrence of certain Events of Default, which are described above in clause (e) under *Events of Default* and any that may be described in the applicable prospectus supplement, will be deemed not to be or result in an Event of Default with respect to such securities. The Company, in order to exercise such option, will be required to deposit, in trust for the benefit of the holders of such securities, money or U.S. Government obligations, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on such securities on the respective stated maturities in accordance with the terms of the Indenture and such securities. The Company will also be required, among other things, to deliver to the Trustee an opinion of counsel to the effect that holders of such securities will not recognize gain or loss for federal income tax purposes as a result of such deposit and defeasance of certain obligations and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and defeasance were not to occur. In the event the Company exercised this option with respect to any securities and such securities were declared due and payable because of the occurrence of any Event of Default, the amount of money and U.S. Government obligations so deposited in trust would be sufficient to pay amounts due on such securities at the time of their respective stated maturities but may not be sufficient to pay amounts due on such securities upon any acceleration resulting from such Event of Default. In such case, the Company would remain liable for such payments.

Notices

Notices to holders of securities will be given by mail to the addresses of such holders as they may appear in the security register.

Table of Contents

Title

The Company, the Trustee and any agent of the Company or the Trustee may treat the person in whose name a security is registered as the absolute owner thereof (whether or not such security may be overdue) for the purpose of making payment and for all other purposes.

Governing Law

The Indenture and the securities will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Trustee

The Trustee also serves as trustee under other indentures between it, the Company and Newmont USA Limited with respect to other series of debt securities. Upon the occurrence of an Event of Default or an event which, after notice or lapse of time or both, would become an Event of Default, or upon the occurrence of a default under one or more of such other indentures, the Trustee may be deemed to have a conflicting interest with respect to the securities or one or more of such other indentures for purposes of the Trust Indenture Act of 1939 and, accordingly, may be required to resign as Trustee under the Indenture. In that event, the Company would be required to appoint a successor Trustee.

The Trustee is entitled, subject to its duty when a default has occurred and is continuing to act with the required standard of care, to be indemnified by the holders of the debt securities before proceeding to exercise any right or power under the Indenture at the request of those holders.

The Indenture provides that the holders of not less than 25% in principal amount of the debt securities of a series may direct, with regard to that series, the Trustee to institute proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the debt securities, although the Trustee may decline to act if the Trustee received from the holders of a majority in principal amount of Debt Securities of this series a direction inconsistent with such direction.

In addition to the arrangements with the Trustee pursuant to the Indenture, we may maintain bank accounts, borrow money and have other commercial banking, investment banking and other business relationships with the Trustee and its affiliates in the ordinary course of our business.

Subsidiary Guarantees of Newmont USA Limited

Unless otherwise specified in the applicable prospectus supplement, Newmont USA Limited will guarantee our payment obligations under the securities. Newmont USA Limited's subsidiary guarantees will be general unsecured obligations of Newmont USA Limited that will rank senior in right of payment to any of its future indebtedness that is expressly subordinated in right of payment to the subsidiary guarantees, and equally in right of payment with all existing and future unsecured indebtedness and liabilities of Newmont USA Limited that are not so subordinated. Financial information for Newmont USA Limited can be found in the Newmont SEC filings (File No. 001-31240) as listed in *Where You Can Find More Information*. As of June 30, 2015, Newmont USA Limited had approximately \$6.4 billion of consolidated indebtedness (including guaranteed debt), which consisted of approximately \$5.9 billion of guarantees of indebtedness of Newmont, and approximately \$12 million of its own debt, which is secured. In the event of bankruptcy, liquidation, reorganization or other winding up of Newmont USA Limited, the assets of Newmont USA Limited that secure secured debt will be available to pay obligations under the subsidiary guarantees only after all indebtedness under such secured debt has been repaid in full from such assets. In addition to the holders

of the securities, the holders of Newmont USA Limited's other equally ranking unsecured indebtedness and liabilities will have claims against any assets remaining after the payment of all such secured debt. We advise you that there may not be sufficient assets remaining to pay amounts due under either of Newmont USA Limited's subsidiary guarantees.

Table of Contents

Under the terms of Newmont USA Limited's guarantees, holders of the securities will not be required to exercise their remedies against us before they proceed directly against Newmont USA Limited.

Newmont USA Limited will be released and relieved from all its obligations under its subsidiary guarantees in the following circumstances, each of which is permitted by the Indenture:

upon the sale or other disposition (including by way of consolidation or merger), in one transaction or a series of related transactions, of a majority of the total voting power of the capital stock or other interests of Newmont USA Limited (other than to us or any of our affiliates);

upon the sale or disposition of all or substantially all the assets of Newmont USA Limited (other than to us or any of our affiliates); or

upon such time as Newmont USA Limited ceases to guaranty any of our indebtedness other than (i) indebtedness not exceeding \$75,000,000 in the aggregate (it being understood that indebtedness of Newmont that is guaranteed by Newmont USA Limited and that also provides that the guarantee of Newmont USA Limited under such indebtedness shall be released and relieved upon such time as Newmont USA Limited ceases to guaranty any of our indebtedness other than indebtedness not exceeding \$75,000,000 or more in the aggregate shall not be considered in calculating the amount of indebtedness under this clause (i)) and (ii) indebtedness under the securities.

The subsidiary guarantee for each series of the securities will contain a provision intended to limit Newmont USA Limited's liability to the maximum amount that it could incur without causing the incurrence of obligations under the subsidiary guarantee to be a fraudulent transfer. This provision may not be effective to protect the subsidiary guarantees from being voided under fraudulent transfer law.

DESCRIPTION OF WARRANTS

We will set forth in the applicable prospectus supplement a description of any warrants that may be offered pursuant to this prospectus.

Table of Contents

DESCRIPTION OF UNITS

We may issue units comprised of one or more shares of common stock, shares of preferred stock, debt securities and warrants in any combination. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time or at any time before a specified date.

The applicable prospectus supplement may describe:

the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;

any provisions of the governing unit agreement;

any provisions for the issuance, payment, settlement, transfer or exchange of the units or of the securities comprising the units; and

any other terms of the units offered thereunder.

PLAN OF DISTRIBUTION

The securities being offered by this prospectus may be sold by us or by a selling securityholder:

through agents;

to or through underwriters;

through broker-dealers (acting as agent or principal);

directly by us or a selling securityholder to one or more purchasers, through a specific bidding or auction process or otherwise;

through a combination of any such methods of sale; or

through any other methods described in a prospectus supplement.

The distribution of securities may be effected from time to time in one or more transactions, including block transactions and transactions on the New York Stock Exchange or any other organized market where the securities may be traded. The securities may be sold at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices relating to the prevailing market prices or at negotiated prices. The consideration may be cash or another form negotiated by the parties. Agents, underwriters or broker-dealers may be paid compensation for offering and selling the securities.

That compensation may be in the form of discounts, concessions or commissions to be received from us or from the purchasers of the securities. Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and compensation, any discounts or commissions received by them on resale of the securities and any profits on their resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. If such dealers or agents were deemed to be underwriters, they may be subject to statutory liabilities under the Securities Act.

Agents may from time to time solicit offers to purchase the securities. If required, we will name in the applicable prospectus supplement any agent involved in the offer or sale of the securities and set forth any compensation payable to the agent. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment. Any agent selling the securities covered by this prospectus may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities.

If underwriters are used in a sale, securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, or under delayed delivery contracts or other contractual commitments. Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. If an underwriter or underwriters

are used in the sale of securities, an underwriting agreement will be executed with the underwriter or underwriters at the time an agreement for the sale is reached. The underwriters will be obligated to purchase all the securities offered if any of those securities are purchased. The applicable prospectus supplement will set forth the managing underwriter or underwriters, as well as any other underwriter or underwriters, with respect to a particular underwritten offering of securities, and will set forth the terms of the transactions, including compensation of the underwriters and dealers and the public offering price, and any discounts or concessions allowed or re-allowed or paid to dealers, if applicable. The prospectus and the applicable prospectus supplement will be used by the underwriters to resell the securities.

If a dealer is used in the sale of the securities, we, a selling securityholder, or an underwriter will sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. To the extent required, we will set forth in the prospectus supplement the name of the dealer and the terms of the transactions.

Table of Contents

We or a selling securityholder may directly solicit offers to purchase the securities and we or a selling securityholder may make sales of securities directly to institutional investors or others. These persons may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. To the extent required, the prospectus supplement will describe the terms of any such sales, including the terms of any bidding or auction process, if used.

Agents, underwriters and dealers may be entitled under agreements which may be entered into with us to indemnification by us against specified liabilities, including liabilities incurred under the Securities Act, or to contribution by us to payments they may be required to make in respect of such liabilities. If required, the prospectus supplement will describe the terms and conditions of such indemnification or contribution. Some of the agents, underwriters or dealers, or their affiliates may be customers of, engage in transactions with or perform services for us or our subsidiaries in the ordinary course of business.

Under the securities laws of some states, the securities offered by this prospectus may be sold in those states only through registered or licensed brokers or dealers.

Unless otherwise specified in the applicable prospectus supplement, each class or series of securities will be a new issue with no established trading market, other than the common stock, which is listed on the New York Stock Exchange. We may elect to list any other class or series of securities on any exchange, but we are not obligated to do so. It is possible that one or more underwriters may make a market in a class or series of securities, but the underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot give any assurance as to the liquidity of the trading market for any of the securities.

Any person participating in the distribution of common stock registered under the registration statement that includes this prospectus will be subject to applicable provisions of the Exchange Act, and the applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of any of our common stock by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of our common stock to engage in market-making activities with respect to our common stock. These restrictions may affect the marketability of our common stock and the ability of any person or entity to engage in market-making activities with respect to our common stock.

Certain persons participating in an offering may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act that stabilize, maintain or otherwise affect the price of the offered securities. If any such activities will occur, they will be described in the applicable prospectus supplement.

Item 15. *Indemnification of Directors and Officers*

Each of Article Tenth of the Certificate of Incorporation of Newmont Mining Corporation (**Newmont Mining**) and Article VIII of the Restated Certificate of Incorporation of Newmont USA Limited (**Newmont USA**) provides that its directors shall be protected from personal liability, through indemnification or otherwise, to the fullest extent permitted under the General Corporation Law of the State of Delaware as from time to time in effect.

The By-Laws of Newmont Mining provide that each person who at any time is or shall have been a director or officer of Newmont Mining, or is or shall have been serving another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity at the request of Newmont Mining and his or her heirs, executors and administrators, shall be indemnified by Newmont Mining in accordance with and to the full extent permitted by the General Corporation Law of the State of Delaware. Article VI of the By-Laws of Newmont Mining facilitates enforcement of the right of directors and owners to be indemnified by establishing such right as a contract right pursuant to which the person entitled thereto may bring suit as if the indemnification provisions of the By-Laws were set forth in a separate written contract between Newmont Mining and the director or officer.

Section 145 of the General Corporation Law of the State of Delaware authorizes and empowers each Delaware corporation to indemnify its directors, officers, employees and agents against liabilities incurred in connection with, and related expenses resulting from, any claim, action or suit brought against any such person as a result of his or her relationship with the corporation, *provided that* such persons acted in good faith and in a manner such person reasonably believed to be in, and not opposed to, the best interests of the corporation and with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful in connection with the acts or events on which such claim, action or suit is based. The finding of either civil or criminal liability on the part of such person in connection with such acts or events is not necessarily

determinative of the question of whether such person has met the required standard of conduct and is, accordingly, entitled to be indemnified. The foregoing statements are subject to the detailed provisions of Section 145 of the General Corporation Law of the State of Delaware.

In addition, Newmont Mining has obtained a directors' and officers' liability and company reimbursement policy that insures against certain liabilities under the Securities Act of 1933, as amended, subject to applicable retentions.

Item 17. Undertakings

(a) The undersigned Registrants hereby undertake:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the *Calculation of Registration Fee* table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however, that* paragraphs (i), (ii) and (iii) above do not apply if the registration statement is on Form S-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by one of the Registrants pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933, as amended, to any purchaser:
 - (i)

Each prospectus filed by the Registrants pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933, as amended, shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however, that* no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or

deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

- (5) That, for the purpose of determining liability of the Registrants under the Securities Act of 1933, as amended, to any purchaser in the initial distribution of the securities, the undersigned Registrants undertake that in a primary offering of securities of the undersigned Registrants pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, each of the undersigned Registrants will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned Registrants relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrants or used or referred to by the undersigned Registrants;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrants or their respective securities provided by or on behalf of the undersigned Registrants; and
 - (iv) Any other communication that is an offer in the offering made by either of the undersigned Registrants to the purchaser.
- (b) The undersigned Registrants hereby further undertake that, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of Newmont Mining's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934, as amended (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934, as amended), that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (c) The undersigned Registrants hereby further undertake to file an application for the purpose of determining the eligibility of the applicable trustee to act under subsection (a) of Section 310 of the Trust Indenture Act of 1939 in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Trust Indenture Act of 1939.

- (d) Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers and controlling persons of the Registrants pursuant to the foregoing provisions, or otherwise, the Registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by one of the Registrants of expenses incurred or paid by a director, officer or controlling person of such Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, such Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933, as amended, and will be governed by the final adjudication of such issue.
