INTRODUCTION

The 2015 Annual Meeting of Stockholders (the Annual Meeting) of Premier, Inc., a Delaware corporation (Premier, we, us, our or the Company), will be held on Friday, December 4, 2015, beginning at 10:00 a.m., Eastern Standard Time, at our principal executive offices located at 13034 Ballantyne Corporate Place, Charlotte, North Carolina 28277. FREQUENTLY ASKED QUESTIONS

What is the purpose of this proxy statement?

Our Board of Directors (the Board of Directors or Board) is (i) soliciting a proxy from each holder of our Class A common stock to vote on and (ii) requesting that voting instructions be provided to Wells Fargo Delaware Trust Company, N.A., the trustee (the Trustee) of the voting trust (the Class B Voting Trust) under the Voting Trust Agreement (the VTA) by and among Premier, Premier Healthcare Alliance, L.P. f/k/a Premier Purchasing Partners, L.P. (Premier LP), the holders of our Class B common stock and the Trustee with respect to, the items to be considered at the Annual Meeting, which will be held on December 4, 2015. References herein to holders of our Class B common stock or similar phrases, are to the beneficial owners of the Class B common stock held by the Trustee pursuant to the VTA. The Trustee is the sole record holder of our Class B common stock.

This proxy statement and related materials are first being sent to our stockholders on or about October 21, 2015.

Why did I receive a notice regarding the availability of proxy materials on the Internet?

Pursuant to the rules adopted by the U.S. Securities and Exchange Commission (the SEC), we are furnishing proxy materials to our stockholders primarily via the Internet, rather than mailing paper copies of these materials to each stockholder. We believe that this process expedites stockholders receipt of the proxy materials, lowers the costs of the Annual Meeting and helps conserve natural resources. On or about October 21, 2015, we will mail to each stockholder (other than those stockholders who had previously requested electronic or paper delivery of the proxy materials) a Notice of Internet Availability of Proxy Materials containing instructions on how to access and review the proxy materials, including our proxy statement and annual report, on the Internet and how to access a proxy card (or voting instruction card in the case of holders of our Class B common stock) to vote on the Internet or by telephone. The Notice of Internet Availability of Proxy Materials also contains instructions on how to request a paper copy of the proxy materials. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a paper copy of the proxy materials unless you request one. If you would like to receive a paper copy of the proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. We may at our discretion voluntarily choose to mail or deliver a paper copy of the proxy materials, including our proxy statement and annual report, to one or more stockholders.

What items of business will be voted on at the Annual Meeting?

At the Annual Meeting, we will consider and act upon the following proposals:

1. The election of six Class II Directors to the Board of Directors to serve until our 2018 annual meeting of stockholders;

Table of Contents

2. The ratification of the appointment of Ernst & Young LLP (EY) to serve as our independent registered public accounting firm for our fiscal year 2016;
3. The approval of an amendment to our Bylaws naming the Delaware Court of Chancery as the exclusive forum for certain types of legal actions;
4. The approval of the Amended and Restated Premier, Inc. 2013 Equity Incentive Plan;
5. The approval, on an advisory basis, of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC;
6. The vote, on an advisory basis, as to whether future say-on-pay advisory votes on executive compensation should occur every one, two or three years; and
7. The transaction of such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

Who is entitled to vote at the Annual Meeting?

Holders of Class A common stock . Holders of our Class A common stock as of the record date of October 5, 2015 (the Record Date) are entitled to notice of and to vote at the Annual Meeting and any postponement or adjournment of the meeting.

Holders of Class B common stock . The Trustee, as the record holder of the Class B common stock on the Record Date, is entitled to vote the Class B common stock at the Annual Meeting and any postponement or adjournment of the meeting. However, as provided in the VTA, beneficial owners of Class B common stock as of the Record Date are eligible to provide voting instructions to the Trustee with respect to their shares of Class B common stock. Beneficial owners of Class B common stock must provide voting instructions not later than 11:59 p.m. Eastern Standard Time, December 1, 2015 in order to be counted.

How will the Trustee vote the Class B common stock held in the Class B Voting Trust?

Based on the instructions of the beneficial owners of the Class B common stock and pursuant to the VTA, the Trustee will vote all of the Class B common stock as a block in the manner determined by the plurality of the votes timely received by the Trustee from the beneficial owners of Class B common stock for the election of directors to serve on our Board of Directors, and by a majority of the votes timely received by the Trustee from the beneficial owners of the Class B common stock for all other matters. In the event that the voting instructions provided by the beneficial owners of the Class B common stock result in a tie, the Trustee shall vote all Class B common shares held in the Class B Voting Trust based upon written direction of the Company. In such case, the Company intends to instruct the Trustee to vote the Class B common shares in accordance with the recommendations of the Board of Directors on each matter as set forth in this proxy statement.

How does the Board of Directors recommend stockholders vote on the business of the Annual Meeting?

The Board of Directors recommends that stockholders vote their shares:

1. **FOR** the election of each of the six Class II Director nominees identified in this proxy statement.
2. **FOR** the ratification of the appointment of EY to serve as our independent registered public accounting firm for our fiscal year 2016.
3. **FOR** the approval of the amendment to our Bylaws naming the Delaware Court of Chancery as the exclusive forum for certain types of legal actions.
4. **FOR** the approval of the Amended and Restated Premier, Inc. 2013 Equity Incentive Plan.
5. **FOR** the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Table of Contents

6. **1 YEAR** for the frequency with which stockholders are provided an advisory vote on executive compensation, as disclosed pursuant to the compensation disclosure rules of the SEC.

With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote in accordance with their judgment on such matter.

How many shares can be voted at the Annual Meeting?

At the close of business on October 5, 2015, we had [] shares of Class A common stock outstanding and 105,981,156 shares of Class B common stock outstanding. Each share of Class A common stock and each share of Class B common stock is entitled to one vote. However, the Trustee of the Class B Voting Trust will vote all shares of Class B common stock as a block based on voting instructions from the beneficial holders of the Class B common stock (or pursuant to the Company's written directions, in the event such instructions result in a tie), as described above.

How many shares must be present or represented at the Annual Meeting to constitute a quorum to conduct business?

Under our Bylaws, the holders of a majority of the voting power of our stock (Class A common stock and Class B common stock combined) issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy at the Annual Meeting, constitute a quorum to conduct business at the Annual Meeting. Abstentions will be treated as present for purposes of determining a quorum. Regardless of how the beneficial holders of Class B common stock instruct the Trustee to vote their shares, under the VTA, all of the shares of Class B common stock held in the Class B Voting Trust will be counted as present for the purposes of establishing a quorum. Accordingly, regardless of the number of shares of Class A common stock voted, we expect to have a quorum established for the Annual Meeting.

What vote is required to approve each of the items of business?

Item 1 Election of directors. Directors will be elected by the holders of a plurality of the votes cast by the holders of Class A common stock and Class B common stock, voting together as one class, whether present in person or represented by proxy at the Annual Meeting, outstanding at the close of business on our Record Date and entitled to vote on the election of directors.

Item 2 Ratification of independent registered public accounting firm. The affirmative vote of the holders of a majority of the votes cast by the holders of Class A common stock and Class B common stock, voting together as one class, whether present in person or represented by proxy at the Annual Meeting, outstanding at the close of business on our Record Date and entitled to vote, is required to ratify EY as our independent registered public accounting firm.

Item 3 Exclusive forum Bylaw amendment. The affirmative vote of the holders of at least 66 2/3% of the holders of Class A common stock and Class B common stock, voting together as one class, whether present in person or represented by proxy at the Annual Meeting, outstanding at the close of business on our Record Date and entitled to vote, is required to approve the amendment of our Bylaws naming the Delaware Court of Chancery as the exclusive forum for certain types of legal actions.

Item 4 Amended and Restated Premier, Inc. 2013 Equity Incentive Plan. The affirmative vote of the holders of a majority of the votes cast by the holders of Class A common stock and Class B common stock, voting together as one class, whether present in person or represented by proxy at the Annual Meeting, outstanding at the close of business on our Record Date and entitled to vote, is required to approve the Amended and Restated Premier, Inc. 2013 Equity Incentive Plan.

Table of Contents

Item 5 and Item 6 Say-on-pay and say-on-pay frequency. Please note that say-on-pay, Item 5, and say-on-pay frequency, Item 6, votes are only advisory in nature and have no binding effect on us or our Board of Directors. Our Board of Directors will consider Item 5 approved if the votes cast in favor of such proposal exceed the votes cast against such proposal. With respect to Item 6, our Board of Directors will consider the frequency option that receives the highest number of votes to be the option recommended by stockholders.

Can Class B holders determine the outcome of the proposals?

As of the Record Date, our outstanding Class B common stock represented approximately 74% of our total outstanding shares of Class A common stock and Class B common stock combined. Accordingly, sufficient shares of Class B common stock are held in the Class B Voting Trust to determine the outcome of each item under consideration. Although the beneficial holders of our Class B common stock have not indicated how they will instruct the Trustee to vote their shares of Class B common stock, under the VTA, so long as we are a controlled company under the NASDAQ stock market (NASDAQ) rules, Class B common stockholders are required to use reasonable efforts to cause (i) the appointment or nomination of directors necessary to constitute the full Board of Directors; (ii) the election of at least three independent directors, including one of whom is an audit committee financial expert under the federal securities laws and (iii) Premier to be in compliance with NASDAQ listing requirements. In the event that the voting instructions provided by the beneficial holders of the Class B common stock result in a tie, the Trustee shall vote all shares of Class B common stock held in the Class B Voting Trust based upon written direction of the Company. In such case, the Company intends to instruct the Trustee to vote the shares of Class B common stock in accordance with the recommendations of the Board of Directors on each matter as set forth in this proxy statement.

See What effect do abstentions and broker non-votes have on the items of business? for the effect of abstentions and broker non-votes on the required votes above.

What is the Class B common unit exchange process? Will it impact the Annual Meeting?

In connection with our reorganization and initial public offering (IPO), our member owners were issued Class B common units in Premier LP and an equivalent number of shares of our Class B common stock. Subject to the terms of the Exchange Agreement entered into as of September 25, 2013, and effective as of October 1, 2013, by and among us, Premier LP and its limited partners (the Exchange Agreement), each member owner has the cumulative right, subject to certain restrictions, commencing on October 31, 2014, and during each year thereafter, to exchange up to one-seventh of its initial allocation of Premier LP Class B common units, as well as any additional Premier LP Class B common units purchased by such member owner pursuant to certain rights of first refusal set forth in the Exchange Agreement, on a quarterly basis, for shares of our Class A common stock (on a one-for-one basis), cash or a combination of both, the form of consideration to be at the discretion of the Audit and Compliance Committee of our Board of Directors. For each Premier LP Class B common unit that is exchanged pursuant to the Exchange Agreement, the member owner will also surrender one corresponding share of Premier Class B common stock, which will automatically be retired.

As of the Record Date there were 105,981,156 Class B common units of Premier LP outstanding. On November 2, 2015, the next quarterly exchange date under the Exchange Agreement, 26,572,413 Class B common units of Premier LP will be eligible for exchange under the Exchange Agreement. As of the Record Date and based on participation in the Class B common unit exchange process and our expected settlement of exchanged Class B common units for shares of our Class A common stock, we currently expect 5,830,458 shares of Class A common stock to be issued on or about November 2, 2015, and correspondingly, an equal number of shares of Class B common stock to be removed from the Class B Voting Trust, surrendered to us and retired.

Edgar Filing: Premier, Inc. - Form PRE 14A

Since the exchange date does not occur until November 2, 2015, which is after the Record Date, any shares of our Class A common stock issued in exchange for Class B common units will not be entitled to be voted at the Annual Meeting and, accordingly, will not have any impact on the outcome of the matters presented for approval.

Table of Contents

Upon surrender and retirement of shares of Class B common stock in connection with any Class B common unit exchange, the number of Class B common shares held in the Class B Voting Trust will also be reduced, and, since such Class B common shares will no longer be eligible to be voted by the Trustee, the Trustee will not include those ineligible shares in its determination of the vote to be made on behalf of the holders of Class B common stock at the Annual Meeting.

As previously noted, as of the Record Date, our outstanding Class B common stock represented approximately 74% of our total outstanding shares of Class A common stock and Class B common stock combined and, thus, can determine the outcome of each item under consideration. However, following the completion of the exchange process, based on the discussion above, we expect the percentage of voting power represented by the then-outstanding Class B common stock to decrease to approximately 70%. While we do not currently expect the Class B common unit exchange process to materially impact the Annual Meeting or the matters to be voted upon thereat, in the event that is not the case, we will provide updated soliciting material to our stockholders prior to the Annual Meeting.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most of our Class A common stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of record. If your shares are registered directly in your name with our transfer agent, Wells Fargo Bank, N.A., you are considered, with respect to those shares, the stockholder of record, and we have made these proxy materials available to you over the Internet or have delivered paper copies of these materials to you by mail, in connection with the solicitation of proxies for the Annual Meeting. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting. We have enclosed a proxy card for you to use.

Beneficial owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee on how to vote and are also invited to attend the meeting. However, because you are not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. Your broker, bank or nominee has enclosed or provided a voting instruction card for you to use in directing the broker, bank or nominee how to vote your shares. If you do not provide the stockholder of record with voting instructions, your shares will constitute broker non-votes. The effect of broker non-votes is more specifically described in *What effect do abstentions and broker non-votes have on the items of business?* below.

All of the Class B common stockholders are beneficial owners of the Class B common stock held in the Class B Voting Trust. The Trustee is the record holder of all of the shares of Class B common stock. Beneficial owners of Class B common stock will receive a voting instruction card that should be used to provide voting instructions to the Trustee.

How can I have my shares represented at the Annual Meeting?

Voting by Proxy or Returning Voting Instruction Card

Holders of Class A common stock may submit a proxy by:

following the instructions on your proxy card to vote by telephone or the Internet. These instructions can also be found at www.proxyvote.com. Your telephone or Internet proxy must be received no later than 11:59 p.m., Eastern Standard Time, on December 3, 2015; or

Table of Contents

completing, signing, dating and returning the proxy card so that it is received prior to the Annual Meeting. Jeffrey W. Lemkin and Michael J. Alkire (the proxy holders) have been designated by our Board of Directors to vote the shares represented by proxy at the Annual Meeting. Mr. Lemkin is the General Counsel of Premier, and Mr. Alkire is the Chief Operating Officer of Premier.

The proxy holders will vote the shares represented by your valid and timely received proxy in accordance with your instructions.

If you do not specify instructions on your proxy when you submit it, the proxy holders will vote the shares represented by the proxy in accordance with the recommendations of the Board of Directors on each item of business listed above.

If any other matter properly comes before the Annual Meeting, the proxy holders will vote the shares represented by proxy on that matter in their discretion.

Holders of Class B common stock may submit voting instructions by:

following the instructions on your voting instruction card to vote by telephone or the Internet. These instructions can also be found at www.proxyvote.com. Your telephone or Internet voting instructions must be received no later than 11:59 p.m., Eastern Standard Time, on December 1, 2015; or

completing, signing, dating and returning your voting instruction card so that it is received no later than 11:59 p.m., Eastern Standard Time, on December 1, 2015.

Holders of Class B common stock must vote their shares in accordance with the VTA. Holders of Class B common stock must return their voting instructions as indicated above in order to have their voting instructions considered by the Trustee. Pursuant to the VTA, the Trustee, as the record holder, will vote all of the Class B common stock as a block in the manner determined by the plurality of the votes timely received by the Trustee for the election of directors to serve on our Board of Directors, and by a majority of the votes timely received by the Trustee for all other matters. The Trustee may vote the Class B common stock in person or by proxy in a manner similar to the holders of our Class A common stock.

Attending the Meeting

While we encourage voting in advance by proxy, holders of Class A common stock also have the option of voting their shares in person at the Annual Meeting. Beneficial owners of Class B common stock may only vote their shares in accordance with the terms of the VTA and cannot vote their shares in person at the Annual Meeting (although they are invited and welcome to attend the Annual Meeting in person).

Shares of Class A common stock held directly in your name as the stockholder of record may be voted in person at the Annual Meeting. Submitting your proxy by telephone, by Internet or by mail will in no way limit your right to vote at the Annual Meeting if you later decide to attend in person.

Edgar Filing: Premier, Inc. - Form PRE 14A

Shares of Class A common stock held beneficially in street name may be voted in person by you only if you obtain a signed proxy from the record holder giving you the right to vote the shares. Owners of shares of Class A common stock held in street name that expect to attend and vote at the meeting should contact their broker, bank or nominee as soon as possible to obtain the necessary proxy.

Even if you currently plan to attend the Annual Meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Table of Contents

Can I change my vote or voting instructions, or revoke my proxy, after I return my proxy or voting instruction card?

Holders of Class A common stock. You may change your vote or revoke your proxy before your proxy is voted at the Annual Meeting by:

sending written notice to Anna-Marie Forrest, Corporate Secretary, Premier, Inc., 13034 Ballantyne Corporate Place, Charlotte, North Carolina, 28277, so long as your revocation is received by 11:59 p.m., Eastern Standard Time, on December 3, 2015;

submitting a proxy bearing a later date than the proxy being revoked to Vote Processing c/o Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, NY 11717, so long as your later dated proxy is received by 11:59 p.m., Eastern Standard Time, on December 3, 2015;

voting again by telephone or the Internet by 11:59 p.m., Eastern Standard Time, on December 3, 2015; or

attending the Annual Meeting and voting in person.

Holders of Class B common stock. You may change your voting instructions before the Trustee votes on your behalf at the Annual Meeting by:

submitting voting instructions bearing a later date than the voting instructions being revoked to Vote Processing c/o Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, NY 11717, so long as your later dated voting instructions are received by 11:59 p.m., Eastern Standard Time, on December 1, 2015; or

submitting your voting instructions again by telephone or the Internet by 11:59 p.m., Eastern Standard Time, on December 1, 2015.

What effect do abstentions and broker non-votes have on the items of business?

A broker non-vote occurs when a bank, broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. If you are a beneficial owner of Class A common stock, your bank, broker or other nominee holder of record is permitted to vote your shares on the ratification of the independent registered public accounting firm even if the record holder does not receive voting instructions from you. Absent instructions from you, the record holder may not vote on any nondiscretionary matter, including a director election, an equity compensation plan, a matter relating to executive compensation, certain corporate governance or bylaw changes or any stockholder proposal. In that case, without your voting instructions, a broker non-vote will occur. For all other matters, including the ratification of our independent registered public accounting firm, the record holder may vote at its discretion. You should consult your bank, broker or other nominee holder if you have questions about this. As indicated above, our Board of Directors will consider Item 5 approved if the votes cast in favor of such

proposal exceed the votes cast against such proposal and, with respect to Item 6, our Board of Directors will consider the frequency option that receives the highest number of votes to be the option recommended by stockholders. Accordingly, broker non-votes will not be counted as votes cast for or against Item 5 (say-on-pay) or in favor of any say-when-on-pay frequency option provided in Item 6.

An abstention will occur at the Annual Meeting if your shares of Class A common stock are deemed to be present at the Annual Meeting, either because you attend the Annual Meeting or because you have properly completed and returned a proxy, but you do not vote on any proposal or other matter which is required to be voted on by our stockholders at the Annual Meeting. An abstention on any of the items listed above will have the effect of a vote against that item, except for (i) the election of directors, (ii) Item 5 (say-on-pay) and (iii) any say-on-pay frequency provided in Item 6, for which abstentions will not be counted.

Table of Contents

The affirmative vote of at least a majority of our issued and outstanding shares present, in person or by proxy, and entitled to vote at the Annual Meeting will be required to approve any stockholder proposal validly presented at a meeting of stockholders. Under applicable Delaware law, in determining whether any stockholder proposal has received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a vote against any stockholder proposal, except for the election of any director nominee. Abstentions will have no effect on a vote to elect a director nominee, and broker non-votes will be ignored for all votes. There are no dissenters' rights of appraisal in connection with any stockholder vote to be taken at the Annual Meeting.

Shares of Class B common stock will be voted in accordance with the VTA. We do not expect any broker non-votes or abstentions at the Annual Meeting with respect to our Class B common stock.

What does it mean if I receive more than one proxy or voting instruction card?

Can I access the proxy statement and annual report on the Internet?

Yes. As noted above, we are furnishing our proxy materials to our stockholders via the Internet, except for those stockholders who have elected to receive paper copies. We highly recommend that you receive electronic delivery of Premier, Inc. proxy statements, annual reports and other stockholder communications. This helps reduce the use of paper and lowers our printing, postage and other costs. If you have previously requested paper copies of such materials, you can elect to receive electronic copies when you vote on the Internet.

This proxy statement, the form of proxy and voting instruction card and our Annual Report on Form 10-K for the fiscal year ended June 30, 2015 (the 2015 Form 10-K) are available at www.proxyvote.com. If you are a stockholder of record who has requested to receive paper copies of the proxy materials and would like to access future Company proxy statements and annual reports electronically instead of receiving paper copies in the mail, there are several ways to do this. You can mark the appropriate box on your proxy card or follow the instructions if you vote by telephone or the Internet. If you choose to access future proxy statements and annual reports on the Internet, you will receive a proxy card in the mail next year with instructions containing the Internet address for those materials. Your choice will remain in effect until you advise us otherwise. If you have Internet access, we hope you make this choice.

What is householding and how does it affect me?

Pursuant to SEC rules, we are permitted to deliver one copy of our Notice of Internet Availability of Proxy Materials, and our proxy materials for those who have elected paper copies, in a single envelope addressed to all stockholders who share a single address unless they have notified us they wish to opt out of the program known as householding. Under this procedure, stockholders of record who have the same address and last name receive only one copy of the Notice of Internet Availability of Proxy Materials or proxy materials. Householding is intended to reduce our printing and postage costs and material waste. WE WILL DELIVER A SEPARATE COPY OF THE NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS, AND PROXY MATERIALS IF APPLICABLE, PROMPTLY UPON WRITTEN OR ORAL REQUEST. You may request a separate copy by contacting our Corporate Secretary at 13034 Ballantyne Corporate Place, Charlotte, North Carolina, 28277, or by calling 1-704-816-4662.

If you are a beneficial stockholder and you choose not to have the aforementioned disclosure documents sent to a single household address as described above, you must opt-out by writing to: Broadridge Financial Solutions, Inc., Household Department, 51 Mercedes Way, Edgewood, New York 11717, or by calling 1-866-540-7095, and we will cease householding all such disclosure documents within 30 days. If we do not receive instructions to remove your account(s) from this service, your account(s) will continue to be householded until we notify you otherwise. If you are a beneficial stockholder and other stockholders with whom you share an address currently receive multiple copies of the aforementioned disclosure documents, or if you hold stock in more than one account and, in either case, you wish to receive only a single copy of the disclosure documents, please contact Broadridge Financial Solutions at the address or phone number above. The Board is divided into three classes, each containing as nearly as possible an equal number of directors. The current term of office of our Class II Directors expires at the Annual Meeting, while the term for our Class III Directors expires at the 2016 annual meeting and the term for our Class I Directors expires at the 2017 annual meeting. Upon unanimous recommendation by the Nominating and Governance Committee of the Board of Directors, the Board proposes that the following nominees: Barclay Berdan, William E. Mayer, Scott Reiner, Terry Shaw, Richard J. Statuto and Ellen C. Wolf, be elected for new terms of three years and until their successors are duly elected and qualified as Class II Directors. Each of the nominees has consented to serve if elected. Messrs. Mayer, Shaw and Statuto and Ms. Wolf are current members of our Board of Directors. In that case, the persons named as proxy holders will vote for the substitute nominee designated by the Board.

Current Class II directors Robert Issai and Keith Pitts were not nominated for re-election at the Annual Meeting, and their service on the Board of Directors and its committees is expected to end effective as of the opening of the Annual Meeting. There are no disagreements between the Company's management or Board of Directors and either of Messrs. Issai or Pitts.

If elected by stockholders at the Annual Meeting, Messrs. Berdan and Reiner will join the Board of Directors, effective at the close of the Annual Meeting and will fill the board seats previously held by Messrs. Issai and Pitts. In connection with their appointment to the Board, Messrs. Berdan and Reiner are expected to receive the compensation for member-directors set forth herein under the caption Compensation of Directors. There are no arrangements or understandings between either Messrs. Berdan or Reiner and any other person pursuant to which either Messrs. **ITEM 2 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Appointment of Ernst & Young LLP

In accordance with its charter, the Audit and Compliance Committee selected the firm of Ernst & Young LLP (EY) to be our independent registered public accounting firm for the fiscal year 2016 audit period and, with the endorsement of the Board of Directors, recommends to our stockholders that they ratify that appointment. The Audit and Compliance Committee will reconsider the appointment of EY for the next audit period if such appointment is not ratified. Representatives of EY are expected to attend the Annual Meeting, will have the opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions.

The Audit and Compliance Committee recognizes the importance of maintaining the independence of our independent registered public accounting firm, both in fact and appearance. Consistent with its charter, the Audit and Compliance Committee has evaluated EY's qualifications, performance and independence, including that of the lead audit partner. The Audit and Compliance Committee reviews and approves, in advance, the audit scope, the types of non-audit services, if any, and the estimated fees for each category for the coming year. For each category of proposed service, EY is required to confirm that the provision of such services does not impair its independence. Before selecting EY, the Audit and Compliance Committee carefully considered that firm's qualifications as an independent registered public accounting firm for the Company. This included a review of its performance in prior years, as well as its reputation for integrity and competence in the fields of accounting and auditing. The Audit and Compliance Committee has expressed its satisfaction with EY in all of these respects. The Audit and Compliance Committee's review included inquiry concerning any litigation involving EY and any proceedings by the SEC against the firm, if any. In this respect, the Audit and Compliance Committee has concluded that the ability of EY to perform services for Premier is in no way adversely affected by any such investigation or litigation.

Audit and Compliance Committee Pre-Approval of Accounting Services

The Audit and Compliance Committee of our Board of Directors is responsible for the appointment, oversight and evaluation of our independent registered public accounting firm. In accordance with our Audit and Compliance Committee's charter, our Audit and Compliance Committee must approve, in advance of the service, all audit and permissible non-audit services provided by our independent registered public accounting firm. Our independent registered public accounting firm may not be retained to perform the non-audit services specified in Section 10A(g) of the Securities Exchange Act of 1934, as amended (the Exchange Act). The Audit and Compliance Committee has concluded that provision of the non-audit services described in that section is not compatible with maintaining the independence of EY.

The Audit and Compliance Committee has established a policy regarding pre-approval of audit and permissible non-audit services provided by our independent registered public accounting firm, as well as all engagement fees and terms for our independent registered public accounting firm. Under the policy, the Audit and Compliance Committee must approve the services to be rendered and fees to be charged by our independent registered public accounting firm. Typically, the Audit and Compliance Committee approves services up to a specific amount of fees. The Audit and Compliance Committee must then approve, in advance, any services or fees exceeding those pre-approved levels, subject to the *de minimis* exception set forth in Section 10A(i)(1)(B) of the Exchange Act. The Audit and Compliance Committee may delegate general pre-approval authority to a subcommittee of which the chairman of the Audit and Compliance Committee is a member. All requests or applications for services to be provided by our independent registered public accounting firm must be submitted to specified officers who may determine whether such services

Edgar Filing: Premier, Inc. - Form PRE 14A

are included within the list of pre-approved services. All requests for services that have not been pre-approved must be accompanied by a statement that the request is consistent with the independent registered public accounting firm's independence from Premier.

Table of Contents**Principal Accounting Fees and Services**

The following table presents the fees billed by Premier and its subsidiaries for services rendered by EY for the fiscal years ended June 30, 2015 and 2014.

- (2) Represents audit-related fees billed in each of fiscal years 2015 and 2014. - (3) Represents tax fees billed in each of fiscal years 2015 and 2014. Tax fees in fiscal years 2015 and 2014 principally related to domestic tax compliance and other tax-related consulting services.

In fiscal years 2015 and 2014, the Audit and Compliance Committee did not approve any services or fees pursuant to the *de minimis* exception set forth in Section 10A(i)(1)(B) of the Exchange Act.

ITEM 3 APPROVAL OF THE AMENDMENT OF PREMIER S BYLAWS
NAMING THE DELAWARE COURT OF CHANCERY AS THE EXCLUSIVE FORUM
FOR CERTAIN TYPES OF LEGAL ACTIONS

The Board has adopted a resolution approving and recommending to the stockholders for their approval a proposal to add a new Article IX to our Bylaws to provide, with certain exceptions, that the Court of Chancery of the State of Delaware (the Delaware Court of Chancery) be the exclusive forum for certain types of legal actions. Although our Bylaws allow the Board to adopt amendments without stockholder vote, our Board believes it is important for our stockholders to consider and decide whether this amendment is appropriate for our Company.

Background

We are proposing a Bylaw amendment intended to help us avoid wasteful and duplicative lawsuits in multiple jurisdictions on matters relating to the corporate law of Delaware, our state of incorporation. Requiring those types of legal actions to be brought in a single forum provides numerous benefits to us and our stockholders.

Specifically, we and our stockholders benefit from having disputes resolved by the Delaware Court of Chancery, which is widely regarded as the preeminent court for the determination of disputes involving a corporation s internal affairs in terms of precedent, experience and focus. The Delaware Court of Chancery has experienced jurists who have a deep understanding of Delaware corporate law and the duties of directors and officers. Delaware s well-developed body of case law provides stockholders with more certainty about the outcome of intra-corporate disputes. By ensuring that intra-corporate disputes are heard in a Delaware court, we and our stockholders reduce costly and duplicative litigation, the risk that Delaware law would be misapplied by a court in another jurisdiction and the risk of inconsistent outcomes when two similar cases proceed in different courts. Additionally, the Delaware Court of Chancery specializes in corporate law questions and has streamlined procedures and processes that help provide relatively quick decisions. The associated accelerated schedule can limit the time, cost and uncertainty of protracted litigation for all parties.

The proposed Article IX would regulate where certain Delaware law-related suits may be filed, but it has no impact on whether those suits may be filed or the kind of remedy stockholders may obtain on our behalf or on behalf of other stockholders. Proposed Article IX does not deprive stockholders of legitimate claims; rather, it tries to prevent us from being forced to waste corporate assets defending against duplicative suits and to encourage consistent, correct outcomes. At the same time, our Board believes that we should retain the ability to consent to an alternative forum on a case-by-case basis where we determine that our interests and those of our stockholders are best served by permitting a dispute to proceed in a forum other than the Delaware Court of Chancery.

Although our Board believes the proposed Article IX is in the best interests of us and our stockholders, we are aware that certain stockholders and their counsel may take the view that there are disadvantages to it. For example, some stockholder plaintiffs and their counsel may prefer to litigate certain Delaware law matters against directors, officers or other employees in a forum perceived to be more advantageous thereto than Delaware. By potentially limiting the ability of those plaintiffs to file such lawsuits in the forum of their choosing, the proposed Article IX could discourage one or more stockholder plaintiffs from filing such lawsuits. Notwithstanding the jurisdictional limitations provided in Article IX, stockholder plaintiffs may continue to file such lawsuits in Delaware.

Although exclusive forum provisions such as the proposed Article IX are becoming increasingly common, certain proxy advisors and even some institutional holders still appear to oppose exclusive forum clauses unless, in a

particular case, the proponent company can adequately detail how it has already suffered material harm as a result of stockholder suits filed in different jurisdictions regarding the same matter. We feel this position fails to adequately take into account important considerations, including recent trends in lawyer-driven stockholder

Table of Contents

litigation. For example, there have been lawsuits alleging breach of fiduciary duty relating to disclosures in a proxy statement for annual stockholder meetings that threaten to delay or impede the meeting at significant cost to a company unless there is a quick settlement of the matter. These cases have typically been filed in the state court where the company is located rather than the state where it is incorporated, thus requiring a court less familiar with the laws of the jurisdiction in which the company is incorporated to interpret and apply those laws. Therefore, our Board believes that it is prudent and in the best interests of stockholders to take preventive measures before we and the interests of most of our stockholders are materially harmed by the increasing practice of the plaintiffs' bar to file claims in multiple jurisdictions.

It is important to note that this proposal is not being submitted in reaction to any specific litigation confronting us. Rather, this action is being taken to prevent potential future harm to us and our stockholders. We are committed to strong corporate governance practices and believe this proposal is in furtherance of that commitment and the best interests of our stockholders.

The proposed Article IX contemplates that courts in states other than Delaware will be willing to enforce its terms. It cannot be assured that all state courts will enforce such a provision and, in essence, force the transfer of such proceedings to the Delaware courts. However, we believe that if the stockholders approve this proposal to adopt Article IX, a court would be more likely to enforce its terms.

Proposed Amendment

Existing Article IX regarding amendments to the Bylaws would remain unchanged and become new Article X. Accordingly, the Board recommends that our stockholders adopt the following resolution, which sets forth the text of the proposed new Article IX:

RESOLVED, that it is advisable and in the best interests of the Company and its stockholders that the Company's Bylaws be amended by inserting new Article IX thereof, which shall read as set forth below, and restating current Article IX, with no changes, as new Article X:

ARTICLE IX

FORUM FOR ADJUDICATION OF CERTAIN DISPUTES.

Unless the Corporation consents in writing to the selection of an alternative forum (an Alternative Forum Consent), the Court of Chancery of the State of Delaware shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of a fiduciary duty owed by any director, officer, stockholder, employee or agent of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation or any director, officer, stockholder, employee or agent of the Corporation arising out of or relating to any provision of the DGCL* or the Corporation's Certificate of Incorporation or these Bylaws (in each case, as amended from time to time), or (iv) any action asserting a claim against the Corporation or any director, officer, stockholder, employee or agent of the Corporation governed by the internal affairs doctrine of the State of Delaware; provided, however, that (i) in the event the Court of Chancery of the State of Delaware lacks subject matter jurisdiction over any such action or proceeding or personal jurisdiction over an indispensable party named as a defendant therein, the sole and exclusive forum for such action or proceeding shall be another state court located in the State of Delaware and (ii) in the event no state court in the State of Delaware has subject matter jurisdiction over such action or proceeding and personal jurisdiction over the indispensable parties named as defendants therein, the sole and exclusive forum for such action or proceeding shall be a federal court located in the State of Delaware. Any person or entity purchasing or otherwise acquiring any interest in or shares of

capital stock of the Corporation shall be deemed to have notice of and consented to the provisions of this Article IX. The existence of any prior Alternative Forum Consent shall not act as a waiver of the Corporation's ongoing consent right as set forth above in this Article IX with respect to any current or future actions or claims.

* DGCL is defined as the General Corporation Law of the State of Delaware in Article I, Section 6 of our Bylaws. The Bylaw amendment will omit the asterisk above.

Table of Contents

If this proposal is approved by our stockholders, this amendment of our Bylaws to add Article IX will be effective immediately, and we will post our Amended and Restated Bylaws including this new section in the Corporate Governance section of our website as promptly as practicable. If this amendment is not approved by our stockholders, Article IX will not be effective and will not be added to our Bylaws.

Board Recommendation

The Board of Directors unanimously recommends a vote FOR the approval of the Amendment of Premier's Bylaws naming the Delaware Court of Chancery as the exclusive forum for certain types of legal actions.

In accordance with the Board's recommendation, the proxy holders will vote the shares of Class A common stock covered by valid and timely received proxies FOR the approval of the amendment of Premier's Bylaws naming the Delaware Court of Chancery as the exclusive forum for certain types of legal actions, unless instructed otherwise. The Trustee will vote all of the Class B common stock as a block in the matter determined by the majority of the votes timely received by the Trustee.

**ITEM 4 APPROVAL OF THE AMENDED AND RESTATED
PREMIER, INC. 2013 EQUITY INCENTIVE PLAN**

Overview

We maintain the Premier, Inc. 2013 Equity Incentive Plan for the benefit of our eligible employees, non-employee directors and certain other service providers of us, our subsidiaries and our affiliates. Our stockholders are being asked to approve an amendment and restatement of the 2013 Equity Incentive Plan (which we refer to in this Proposal as the Plan), which was approved by the Board of Directors on August 13, 2015 and will become effective as of December 4, 2015, subject to stockholder approval. We are not seeking an increase in the number of shares available under the Plan at this time. Under the Premier, Inc. 2013 Equity Incentive Plan, 11,260,783 shares were initially authorized for issuance. As of June 30, 2015 and September 30, 2015, there were approximately 6,710,054 shares and [] shares, respectively, available for issuance under the Plan.

Dilution and Run Rate

Dilution measures the potential dilutive effect of outstanding equity awards and future equity awards available for grant. Dilution is defined as equity awards outstanding but not exercised or earned, plus equity awards available to be granted (available equity award shares), divided by total outstanding Class A common stock and Class B common stock, plus the available equity award shares. Our dilution, assuming performance shares payout at 100% (target), as of June 30, 2015, was 7.5%. For reference, if performance shares pay out at 150% (stretch, or maximum), our dilution, as of June 30, 2015, was 7.8%.

The following table sets forth information regarding equity awards granted and earned, the run rate for each of the last two fiscal years and the average run rate over the last two years.

	Run Rate (shares in millions)		
	Fiscal 2014 (# shares)	Fiscal 2015 (# shares)	2-Year Average (# shares)(1)
Stock options granted	2.054	0.674	1.364
Time-based restricted stock units granted	0.748	0.160	0.454
Actual performance shares earned	0.000	0.000	0.000
Class A common stock and Class B common stock outstanding	144.886	144.051	144.469
Run Rate(2)	1.93%	0.58%	1.26%

(1) Two-year average provided because our IPO was completed on October 1, 2013.

(2) Run rate was calculated as all stock option awards, time-based restricted stock unit awards and performance shares earned in a fiscal year, divided by the number of shares of our Class A common stock outstanding + the number of shares of our Class B common stock outstanding.

We manage our run rate of awards granted over time to levels we believe are reasonable in light of growth and changes in our business and number of outstanding shares, while ensuring our executive compensation program is externally competitive, motivational and retentive.

Summary of Plan Amendments

The amendment and restatement of the Plan incorporates the provisions of the Plan as currently in effect and includes the following items that require stockholder approval:

the Section 162(m) performance goals under the Plan (as described in further detail below in the section captioned "Performance Goals");

the Section 162(m) annual grant limitations applicable to grants of each type of award under the Plan to individual plan participants (as described in further detail below in the section captioned "162(m) Annual Limits"); and

Table of Contents

the annual limitation on compensation, including grants of awards under the Plan, to non-employee directors (as described in further detail below in the section captioned "Director Compensation").

Approval of the Section 162(m) items described above will allow certain future incentive awards granted under the Plan to our executive officers to qualify as performance-based compensation exempt under Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code"). Unless an exemption is available, Section 162(m) generally disallows a corporate tax deduction for compensation paid in excess of \$1,000,000 annually to the chief executive officer and to certain of the other most highly compensated executive officers of publicly held companies other than the chief financial officer. There is no guarantee that awards granted under the Plan which are intended to qualify for tax deductibility under Section 162(m) will ultimately be viewed as so qualifying by the Internal Revenue Service ("IRS").

To date, we have relied upon an exemption applicable to publicly held companies during a transition period following an initial public offering. During this transition period, we are exempt from the limitations of Section 162(m) of the Code to the extent that compensation is paid pursuant to the Plan. Our transition period will expire not later than the first stockholder meeting held in 2017.

Due to IRS regulations issued in April 2015, no amount is considered paid with respect to a performance share award until shares are issued to the holder. Typically, shares with respect to performance share awards may be delivered three or more years after the grant date. We are now seeking to have performance goals and Section 162(m) annual grant limits approved by our stockholders so that performance share award grants made prior to the first stockholder meeting occurring in 2021 will qualify for the performance-based compensation exemption.

We are also seeking stockholder approval of an annual compensation limit that will specifically apply to only non-employee directors with respect to compensation earned beginning on the date after the Annual Meeting. A \$250,000 limit would apply to non-employee directors in lieu of the higher annual limits described below under the caption "Description of the 2013 Equity Incentive Plan (as amended and restated) 162(m) Annual Limits" which apply to certain awards made to executive officers that are intended to constitute performance-based compensation under Section 162(m). This \$250,000 limit would apply to both equity-based compensation provided under the Plan and cash compensation in the aggregate. We believe that this proposed annual limit on compensation to non-employee directors is reasonable and appropriate. Information about how this \$250,000 limit would be applied is described below under the caption "Description of the 2013 Equity Incentive Plan (as amended and restated) Director Compensation".

The Board of Directors has also adopted the following other modifications to the Plan that do not require stockholder approval:

addition of express language prohibiting the repricing of stock options and stock appreciation rights granted under the Plan without the consent of stockholders;

addition of express language to provide that awards under the Plan will be subject to any clawback policy that we may implement to comply with applicable law, including the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"); and

certain other minor clarifying amendments to the Plan to reflect developments in applicable law and equity compensation market practices.

If the requisite stockholder approval is not obtained, the Plan as amended and restated will not take effect to the extent stockholder approval is required. In that event, we would be allowed to continue granting awards under the Plan to all persons eligible to receive a grant thereunder, but any such grants may or may not qualify for an exemption under Section 162(m) of the Code. In addition, no special limits would apply to cash compensation and equity award grants to non-employee directors.

Table of Contents

The following is a summary of the material terms of the Plan as amended and restated. Such description is qualified by reference to the full text of the Plan as amended and restated, which is appended hereto as **Appendix A**. Changes to the Plan in the amendment and restatement are highlighted in **Appendix A**. The changes reflected in Sections 3.1 and 14.4 are subject to stockholder approval. All other contemplated changes do not require stockholder approval to become effective.

Description of the 2013 Equity Incentive Plan (as amended and restated effective December 4, 2015)

Purpose

The purposes of the Plan are to attract and retain employees, directors and consultants who will provide services to us, our subsidiaries and our affiliates and to provide such persons with incentives and rewards for superior performance. To accomplish these purposes, the Plan provides for the issuance of stock options, stock appreciation rights, restricted stock, restricted stock units, performance share awards, performance units, other equity-based awards and cash-based awards.

Administration

The Plan is administered by the Compensation Committee of the Board of Directors. Our Compensation Committee determines who receives awards under the Plan, the number of shares of stock, share units and/or dollars covered by such award and the terms and conditions of each award. Within the terms of the Plan, our Compensation Committee may accelerate the vesting of any award and modify, cancel or substitute any awards. In addition, our Compensation Committee interprets the Plan and may adopt any administrative rules, regulations, procedures and guidelines governing the Plan or any awards granted under the Plan as it deems to be appropriate. Our Compensation Committee may delegate the authority to make awards to any subcommittee of our Board of Directors or to our Chief Executive Officer the authority to make awards to employees who are not executive officers.

Available Shares

At the time we established the Plan in 2013, we reserved 11,260,783 shares of our Class A common stock for issuance under the Plan. As of June 30, 2015 and September 30, 2015, there were 6,710,054 shares and [] shares, respectively, remaining available for issuance under the Plan. These shares may be shares of original issuance, shares held in treasury or shares that have been reacquired by us. The number of our shares of Class A common stock authorized for grant under the Plan is subject to adjustment, as described below. Awards that are to be settled by issuing shares are only counted against the number of shares available under the Plan to the extent shares are actually issued under those awards. Shares withheld to satisfy tax withholding obligations or tendered to pay the exercise price of an option under the Plan and shares repurchased on the open market with the proceeds of an option exercise shall again be available for grant under the Plan.

Director Compensation

The aggregate value of equity awards granted to, and cash compensation earned by, any individual non-employee director during any calendar year may not exceed \$250,000. The value of equity granted to a non-employee director is determined as of the grant date. With respect to stock options and stock appreciation rights, the equity value is determined based on the pricing model we use to report our financial results and assumptions set forth in the our SEC filings. With respect to other equity awards, the equity value is the fair market value of a share of our Class A common stock as of the grant date.

Eligibility for Participation; Minimum Vesting and Performance Period

Our Compensation Committee may grant awards to employees and consultants; provided, however, only employees shall be eligible to receive incentive stock options, or ISOs. Our Board of Directors may grant awards

Table of Contents

to non-employee directors. As of September 30, 2015, approximately 410 employees and non-employee directors were eligible to receive awards under the Plan; additional employees may receive awards at the discretion of the Chief Executive Officer. In general, awards other than stock options and stock appreciation rights vest no more rapidly than pro rata over a three-year period, and awards that are intended to qualify as performance-based compensation under Section 162(m) of the Code have a minimum performance period of twelve months.

Award Agreement

Awards granted under the Plan will be evidenced by award agreements, which need not be identical, that provide additional terms, conditions, restrictions and/or limitations covering the grant of the award, including, without limitation, additional terms providing for the acceleration of exercisability or vesting of awards in the event of a change of control or conditions regarding the participant's employment, as determined by the Compensation Committee in its sole discretion.

Nonqualified Stock Options

An award of a nonqualified stock option grants a participant the right to purchase a certain number of shares of our Class A common stock during a specified term in the future, after a vesting period, at an exercise price equal to at least 100% of the fair market value of a share of our Class A common stock on the grant date. The term of a nonqualified stock option may not exceed 10 years from the date of grant. The exercise price may be paid, in the Compensation Committee's sole discretion, with cash or check, shares of our Class A common stock already owned by the participant, a reduction in shares issuable upon exercise which have a value equal to the exercise price, to the extent permitted by law, with proceeds from a sale of shares from broker-assisted cashless exercise, any other consideration deemed appropriate by the Compensation Committee or any combination of the foregoing, in each case permitted by the Compensation Committee. A nonqualified stock option is an option that does not meet the qualifications of an incentive stock option (ISO), as provided in Section 422 of the Code and summarized in part below.

Incentive Stock Options

An ISO is a stock option that meets the requirements of Section 422 of the Code, which include that the option have an exercise price of no less than 100% of fair market value of a share of our Class A common stock on the grant date, have a term of no more than 10 years and be granted from a plan that has been approved by stockholders.

Stock Appreciation Rights

A stock appreciation right (SAR) entitles the participant to receive a percentage (up to 100%) of the difference between the fair market value of our Class A common stock on the exercise date and the exercise price of the SAR, multiplied by the number of shares subject to the SAR. Payment to a participant upon the exercise of a SAR may be in cash or shares of our Class A common stock. No SAR may be exercised more than 10 years from the date of grant.

Restricted Stock

A restricted stock award is an award of outstanding shares of our Class A common stock that does not vest until after a specified period of time, or satisfaction of other vesting conditions as determined by our Compensation Committee, and which may be forfeited if conditions to vesting are not met. Participants generally receive dividend payments on the shares subject to their award during the vesting period (unless the awards are subject to performance-vesting criteria) and are also generally entitled to vote the shares underlying their awards.

Table of Contents

Restricted Stock Units

A restricted stock unit is an award denominated and settled in shares of our Class A common stock, subject to terms and conditions determined by our Compensation Committee. Participants do not have voting rights, but our Compensation Committee may authorize the payment of dividend equivalent payments on a current, deferred or contingent basis.

Other Stock-Based Awards

The Plan provides our Compensation Committee the discretion to grant other awards payable in shares, such as deferred stock units and unrestricted shares. In the event of such an award, the Compensation Committee would determine the terms and conditions of such award, including any vesting criteria applicable thereto.

Cash-Based Awards

A cash-based award is a cash-denominated award which the Compensation Committee may grant to participants, subject to conditions determined by the Compensation Committee, which conditions may include the achievement of individual or company performance objectives. Each cash-based award will specify a payment amount, formula or payment ranges as determined by the Compensation Committee. Payment with respect to any cash-based award shall be made in cash.

Performance Share Awards

The Plan authorizes our Compensation Committee to grant performance share awards, which may be payable in shares, share units or cash. Performance share awards vest and become payable upon the achievement of performance objectives within a period of time specified by our Compensation Committee. No dividend equivalents shall be made with respect to any performance share award. Performance share awards may be subject to the achievement of specified performance objectives. Performance objectives may be described in terms of company-wide objectives or objectives that are related to the performance of the individual participant or a subsidiary, division, department or function within our company or a subsidiary of ours in which the participant is employed. Performance objectives may be measured on an absolute or relative basis, and relative performance may be measured by a group of peer companies or by a financial market index. The Plan provides the Compensation Committee discretion to modify performance goals as it deems appropriate or increase or decrease the amount payable at a given level of performance, other than for awards intended to qualify as performance-based compensation under Section 162(m) of the Code.

Performance-Based Awards

A performance-based award is an award of restricted shares, restricted stock units, performance share awards, other stock-based awards or cash-based awards intended to qualify as performance-based compensation under Section 162(m) of the Code. Performance-based awards are subject to the rules described below under the headings 162(m) Annual Limits and Performance Goals .

162(m) Annual Limits

The maximum number of shares of our Class A common stock with respect to which any stock option or stock appreciation right may be granted under the Plan during any calendar year to any eligible individual is 500,000. The maximum number of shares (other than stock options and stock appreciation rights) that are subject to the attainment of specified performance goals and intended to qualify as performance-based compensation under Section 162(m) of

the Code that may be granted under the Plan during any calendar year to any eligible individual is 500,000, or if the performance-based award is paid in cash or other property, no more than the value of 500,000 shares (calculated on the last day of the performance period to which the award relates). The maximum value of a cash payment made under a performance award is \$3,000,000 if the performance period is 12 months or less and \$6,000,000 if the performance period is more than 12 months.

Table of Contents

Performance Goals

Awards may be subject to the achievement of specified performance objectives. Performance objectives may be described in terms of company-wide objectives or objectives that are related to the performance of the individual participant or a subsidiary, division, department or function within our company or a subsidiary of ours in which the participant is employed. Performance objectives may be measured on an absolute or relative basis, and relative performance may be measured by a group of peer companies or by a financial market index. Any performance objectives applicable to a performance-based award shall be based on one or more of the following:

growth in net sales or revenue;

share price;

return measures;

appreciation in the fair market value or book value of the Class A common stock;

gross profit margin;

economic value added;

operating expense ratios;

debt to equity ratio/debt levels;

operating expense targets;

measures of customer satisfaction (such as member cost, quality and safety improvements);

productivity ratios;

market share;

operating income;

acquisitions or strategic transactions;

gross or operating margins;

quantitative measures of employee satisfaction/engagement;

EBIT, EBITDA or a similar measure (before or after taxes);

employee retention/attrition;

net earnings or net income (before or after taxes);

safety;

earnings per share;

budget achievement;

cash flow;

expense reduction or cost savings;

working capital targets;

productivity improvements; or

funds from operations or similar measures;

inventory control/efficiency.

capital expenditures;

For performance-based awards, our Compensation Committee is authorized at any time during the first 90 days of a performance period (or, if longer or shorter, within the maximum period allowed under Section 162(m) of the Code), to adjust or modify the calculation of a performance goal for a performance period based on changes in accounting principles and by excluding any of the following items if our Compensation Committee so determines: (i) infrequent or unusual events; (ii) exchange rate effects, as applicable, for non-U.S. dollar denominated operating earnings (iii) the effects of any statutory adjustments to corporate tax rates; (iv) the impact of losses from discontinued operations; (v) restatements and other unplanned special charges; (vi) divestitures; (vii) stock offerings or repurchases and (viii) strategic loan loss provisions. The Compensation Committee may reduce or eliminate cash amounts paid under any performance-based award upon satisfaction of performance criteria based on any further considerations that the Compensation Committee may determine in its sole discretion.

Time-based restricted stock, restricted stock units and other awards (other than stock options and stock appreciation rights) are not intended to qualify as performance-based compensation.

Change in Control

Except as otherwise provided in an award agreement, in the event of a Change in Control (as defined in the Plan), our Compensation Committee may, but shall not be obligated to, (i) accelerate, vest or cause the restrictions to lapse with respect to, all or any portion of an award; (ii) cancel awards for a cash payment equal to their fair value (as determined in the sole discretion of our Compensation Committee) which, in the case of options and SARs, shall be deemed to be equal to the excess, if any, of the value of the consideration to be paid in the Change

Table of Contents

in Control transaction to holders of the same number of shares subject to such options or SARs (or, if no consideration is paid in any such transaction, the fair market value of the shares subject to such options or SARs) over the aggregate strike price; (iii) provide for the issuance of substitute awards that will substantially preserve the otherwise applicable terms of any affected awards previously granted hereunder as determined by our Compensation Committee in its sole discretion; (iv) terminate options without providing accelerated vesting or (v) take any other action with respect to awards that the Compensation Committee deems appropriate. The treatment of awards upon a Change in Control may vary among participants in our Compensation Committee's sole discretion. Performance awards will be settled upon a Change in Control as determined by the Compensation Committee in its sole discretion based upon the extent to which the performance goals for any such awards have been achieved after evaluating actual performance over the course of the performance period until the date of the Change in Control and the anticipated level of performance as of the date of the Change in Control.

Repricing

The terms of a stock option or stock appreciation right cannot be amended to lower the strike price, and options and stock appreciation rights may not be cancelled in exchange for cash, other awards or stock options and stock appreciation rights with a strike price lower than the strike price of the cancelled stock options or stock appreciation rights without, in each case, stockholder approval.

Recoupment and Clawback

All awards granted under the Plan are subject to any compensation recovery policy and all awards (and any proceeds) are subject to any clawback policy we may implement, including any policy implemented to comply with legal requirements such as the Dodd-Frank Act.

Amendment and Termination

The Plan may be amended or terminated by our Board of Directors at any time, but no amendment may be made without stockholder approval if it would increase the number of shares issued or available under the Plan, materially expand benefits accruing to plan participants, reduce the minimum exercise price of an option or base price of an SAR granted under the Plan, modify the eligibility criteria for participation in the Plan, increase per-person limits or the number of shares which may be issued, delete or limit the prohibition against repricing or otherwise require approval by stockholders in order to comply with applicable law or the rules of a national stock exchange on which the shares subject to the Plan are listed. Unless required to comply with applicable laws, no termination, suspension or amendment of the Plan may adversely affect the right of any participant with respect to a previously granted award without the participant's written consent.

Transferability

Awards granted under the Plan are generally nontransferable (other than by will or the laws of descent and distribution), except that the committee may provide for the transferability of nonqualified stock options at the time of grant or thereafter to certain family members.

Effective Date; Term

If approved by stockholders at the Annual Meeting, the Plan as amended and restated will be effective as of December 4, 2015. No award will be granted under the amended and restated Plan on or after May 17, 2023.

Table of Contents**Certain U.S. Federal Income Tax Consequences***Federal Income Tax Consequences of Equity Incentive Plan Awards*

The following is a brief summary of the principal U.S. federal income tax consequences of transactions under the Plan, based on current U.S. federal income tax laws. This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences, which may be substantially different.

Nonqualified Stock Options. Generally, a participant will not recognize taxable income on the grant or vesting of a nonqualified stock option. Upon the exercise of a nonqualified stock option, a participant will recognize ordinary income in an amount equal to the difference between the fair market value of our Class A common stock received on the date of exercise and the option cost (number of shares purchased multiplied by the exercise price per share). We will ordinarily be entitled to a deduction on the exercise date equal to the ordinary income recognized by the participant upon exercise.

Incentive Stock Options. No taxable income is recognized by a participant on the grant or vesting of an ISO. If a participant exercises an ISO in accordance with its terms and does not dispose of the shares acquired within two years after the date of the grant of the ISO or within one year after the date of exercise, the participant will not, upon exercise, recognize ordinary income or capital gain or loss, and we will not be entitled to a deduction by reason of the grant or exercise of the ISO; however, the excess of the fair market value over the exercise price of the shares acquired is an item of adjustment in computing alternative minimum tax of the participant. If a participant holds the shares acquired for at least one year from the exercise date and does not sell or otherwise dispose of the shares for at least two years from the grant date, the participant's gain or loss upon a subsequent sale will be long-term capital gain or loss equal to the difference between the amount realized on the sale and the participant's basis in the shares acquired.

If a participant sells or otherwise disposes of the shares acquired without satisfying the required minimum holding period, such disqualifying disposition will give rise to ordinary income equal to the excess of the fair market value of the shares acquired on the exercise date or, if less, the amount realized upon disqualifying disposition over the participant's tax basis in the shares acquired. We will ordinarily be entitled to a deduction equal to the amount of the ordinary income recognized by a participant as a result of a disqualifying disposition.

Stock Appreciation Rights. Generally, a participant will not recognize taxable income upon the grant or vesting of a SAR, but will recognize ordinary income upon the exercise of a SAR in an amount equal to the cash amount received upon exercise (if the SAR is cash-settled) or the difference between the fair market value of our Class A common stock received from the exercise of the SAR and the amount, if any, paid by the participant in connection with the exercise of the SAR. The participant will recognize ordinary income upon the exercise of a SAR regardless of whether the shares of our Class A common stock acquired upon the exercise of the SAR are subject to further restrictions on sale or transferability. The participant's basis in the shares will be equal to the ordinary income attributable to the exercise and the amount, if any, paid in connection with the exercise of the SAR. The participant's holding period for shares acquired pursuant to the exercise of a SAR begins on the exercise date. Upon the exercise of a SAR, we will ordinarily be entitled to a deduction in the amount of the ordinary income recognized by the participant.

Restricted Shares. A participant generally will not be taxed at the time of a restricted stock award but will recognize taxable income when the award vests or otherwise is no longer subject to a substantial risk of forfeiture. The amount of taxable income will be the fair market value of the shares at the time of vesting.

Participants may elect to be taxed at the time of grant by making an election under Section 83(b) of the Code within 30 days of the award date. If a restricted stock award subject to the Section 83(b) election is subsequently canceled, no deduction will be allowed for the amount previously recognized as income, and no tax previously paid will be refunded. Unless a participant makes a Section 83 (b) election, dividends paid to a participant on

Table of Contents

shares of an unvested restricted stock award will be taxable to the participant as ordinary income in compensation for services. If the participant made a Section 83(b) election, the dividends will be taxable to the participant as dividend income.

We will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. Unless a participant has made a Section 83(b) election, we will also be entitled to a deduction, for federal income tax purposes, for dividends paid on unvested restricted stock awards.

Restricted Stock Units and Performance Share Awards. A participant generally will not be subject to income tax at the time of grant of a restricted stock unit award or performance share award or upon vesting but will recognize taxable income upon receiving stock under the award and cash that is attributable to dividend equivalents, if any. Restricted stock units and performance share awards are subject to Federal Insurance Contribution Act tax upon vesting. The amount of taxable income will be the fair market value of the shares at the time of issuance. No Section 83(b) election is available for restricted stock units or performance share awards.

We will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. We will also be entitled to a deduction, for federal income tax purposes, for cash dividend equivalent payments on restricted stock units.

Other Equity-Based Awards. A participant will generally not recognize taxable income on a deferred stock award until shares subject to the award are distributed. A participant will recognize ordinary income in an amount equal to the fair market value of the shares of our Class A common stock on the date of distribution. Any dividend equivalents paid on unvested deferred stock awards are taxable as ordinary income when paid to the participant. We will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. We will also be entitled to a deduction, for federal income tax purposes, on any dividend equivalent payments made to the participant.

A participant will generally recognize taxable income on the grant of unrestricted stock, in an amount equal to the fair market value of the shares on the grant date. We will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant.

Cash Awards. A participant will generally recognize taxable income upon the payment of a cash award, in an amount equal to the amount of the cash received. We will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant.

Withholding. To the extent required by law, we will withhold from any amount paid in settlement of an award amounts of withholding and other taxes due or take other action as we deem advisable to enable ourselves to satisfy withholding and tax obligations related to any awards.

New Plan Benefits; Future Plan Awards

The value, number of units and type of equity to be awarded in the future under the Plan depend on a number of factors, including, but not limited to, our performance, our goals and objectives, individual performance and the discretion of the Compensation Committee. Since no such determinations regarding awards or grants have yet been made, the benefits or amounts that will be received by or allocated to our executive officers or other eligible employees or non-employee directors cannot be determined at this time.

Table of Contents

Although future awards or grants under the Plan, as amended and restated, are not determinable at this time, for illustrative purposes and not necessarily indicative of the equity that might be awarded under Plan, the table below sets forth the awards that were granted under the current Plan during the fiscal year ended June 30, 2015 to the current named executive officers, all executive officers as a group, all non-executive directors as a group and all other non-executive employees as a group:

ITEM 5 ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the Dodd-Frank Act and related SEC rules, we request stockholders to approve, on an advisory basis, our executive compensation program. We ask that you support the compensation of our named executive officers as disclosed under the heading Executive Compensation, including the Executive Summary section, beginning on page 69 and the accompanying tables and related narrative disclosure. This proposal, commonly referred to as a say-on-pay proposal, gives stockholders the opportunity to express their views on the named executive officers compensation as required under Section 14A of the Securities Exchange Act. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named executive officers and the philosophy, policies and practices described in this proxy statement. This is the first time stockholders are voting on the say-on-pay proposal to approve our executive compensation on an advisory basis.

Our executives including our named executive officers, or NEOs are critical to our success. That is why we design our executive compensation program to attract, retain and motivate exceptional executive talent. We structure our executive compensation program to focus on stockholders interests by incentivizing superior sustainable long-term performance. We believe our executive compensation program strikes the appropriate balance between utilizing responsible, measured pay practices and effectively incentivizing the named executive officers to dedicate themselves fully to value creation for our stockholders.

Under our executive compensation program, we align pay and performance by making a significant portion of our NEOs compensation contingent on:

achieving specific and challenging annual and long-term performance goals; and

increasing stockholder value.

We also incorporate rigorous compensation-related design and governance practices to protect our stockholders interests, including the following:

we enforce strong stock ownership guidelines for our executive officers which promotes alignment of their interests with those of our stockholders;

our long-term incentive plan is 100% equity-based;

85% of our CEO s target total compensation is at-risk, incentive-based pay (67% of which is based on our long-term performance);

75% of our other NEOs target total compensation is at-risk, incentive-based pay (56% of which is based on long-term performance);

we do not pay tax gross ups associated with benefits payable in connection with a change in control;

we do not generally offer our executives material perquisites;

we mitigate risk by incorporating limits on incentive awards, the use of multiple performance measures in our incentive plans, stock ownership requirements and a strong incentive compensation recoupment (clawback) policy; and

we prohibit hedging, pledging or short sales of our common stock.

We encourage you to read the Compensation Discussion and Analysis section beginning on page 69 of this proxy statement and the Executive Compensation Tables beginning on page 87 of this proxy statement to better understand the details of our NEOs' compensation for 2015 and their opportunities to realize compensation in the future.

Our Compensation Committee and our Board believe that our executive compensation program for our NEOs serves our stockholders' interests. The Board recommends that stockholders indicate their support for our

Table of Contents

compensation of our NEOs. The vote on this resolution, commonly known as a "say-on-pay" resolution, is not intended to address any specific element of compensation but rather the overall NEO compensation program as described in this proxy statement. Although this vote is advisory and not binding on us, the Board, and the Compensation Committee, which is responsible for developing and administering our executive compensation philosophy and program, will consider the results as part of its ongoing review of our executive compensation program.

Accordingly, we ask you to vote **FOR** the following resolution at our Annual Meeting:

RESOLVED, that Premier's stockholders approve, on an advisory basis, the compensation paid to Premier's NEOs, as disclosed in this Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the SEC's compensation disclosure rules, including the Compensation Discussion and Analysis, Fiscal 2015 Summary Compensation Table and the other related tables and discussion.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.**

In accordance with the Board of Directors' recommendation, the proxy holders will vote the shares of Class A common stock covered by valid and timely received proxies **FOR** the approval of the compensation of our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC, unless instructed otherwise. The Trustee will vote all of the Class B common stock as a block in the matter determined by the majority of the votes timely received by the Trustee.

**ITEM 6 ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON
EXECUTIVE COMPENSATION**

We seek your input with regard to the frequency of future stockholder advisory votes on our executive compensation programs. In particular, we are asking whether the say-on-pay advisory vote should occur every year, every two years or every three years.

After careful consideration of this Proposal, the Board of Directors has determined that a non-binding advisory vote on executive compensation that occurs annually is the most appropriate alternative for us and, therefore, the Board of Directors recommends that you vote for a one-year interval for the advisory vote on executive compensation. While our executive compensation program is designed to promote a long-term connection between pay and performance, our Board of Directors recognizes that executive compensation disclosures are made annually. Accordingly, our Board of Directors believes that an annual advisory say-on-pay vote will allow our stockholders to provide timely, direct input on our executive compensation philosophy, policies and practices as disclosed in the proxy statement each year.

We understand that stockholders may have different views as to what is the best approach for us, and we look forward to hearing from stockholders on this Proposal. You may cast your vote on the say-on-pay advisory voting frequency by choosing the option of one year, two years or three years or abstain from voting when you vote in response to the resolution set forth below.

RESOLVED, that the option of once every one year, two years or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Company is to hold a stockholder advisory vote to approve the compensation of the named executive officers, as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure shall include the Compensation Discussion and Analysis, the Executive Compensation Tables, and other related tabular and narrative discussion).

The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be deemed the frequency for the advisory vote on executive compensation that has been approved by stockholders. While the Board of Directors will take into account the outcome of this non-binding, advisory vote when making future decisions regarding the frequency of the say-on-pay advisory vote, the Board of Directors may decide that it is in the best interests of stockholders and us to hold such an advisory vote more or less frequently than the option selected by a plurality of stockholders at the annual meeting. As a reminder, you are NOT voting for or against the Board of Directors' recommendation itself. Instead, your vote is a selection of one of the three frequency options if you do not abstain.

Board Recommendation

The Board of Directors unanimously recommends a vote for the option of 1 YEAR as the frequency with which stockholders are provided an advisory vote on executive compensation, as disclosed pursuant to the compensation disclosure rules of the SEC.

In accordance with the Board of Directors' recommendation, the proxy holders will vote the shares of Class A common stock covered by valid and timely received proxies for the option of **1 YEAR** as the frequency with which stockholders are provided an advisory vote on executive compensation, as disclosed pursuant to the compensation disclosure rules of the SEC, unless instructed otherwise. The Trustee will vote all of the Class B common stock as a block in the matter determined by the majority of the votes timely received by the Trustee.

Role of the Board in Oversight of the Company's Risks

Our Board of Directors plays an active role in overseeing management of our risks. We have identified five primary areas of enterprise risk across our operations that are monitored and managed by our Board of Directors, management and internal auditors. These areas include risks associated with strategic, operational, financial, legal, and information technology and systems. Our Board of Directors is primarily responsible for oversight of the strategic, operational and information technology and systems risks that we may encounter. The committees of our Board of Directors assist our full Board in risk oversight by addressing specific matters within the purview of each committee. Our Audit and Compliance Committee focuses on oversight of financial, legal and regulatory compliance, as well as ethical risks. Our Finance Committee oversees financial risks related to capital allocation and financial forecasting. Our Compensation Committee, as discussed more detail below, focuses on risks

Table of Contents

relating to executive compensation plans and arrangements, and our Nominating and Governance Committee focuses on reputational and corporate governance risks relating to our company including the independence of our Board of Directors. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our full Board of Directors remains regularly informed regarding such risks through committee reports and otherwise. In addition, our Board and its committees receive regular reports from our Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, General Counsel, Chief Ethics and Compliance Officer, and other members of senior management regarding areas of significant risk to us, including operational, strategic, legal and regulatory, financial and reputational risks. We believe the leadership structure of our Board of Directors supports and promotes effective risk management and oversight.

The Compensation Committee reviews and considers our compensation policies and programs in light of the Board of Directors' risk assessment and management responsibilities on an annual basis. Our human resources department in consultation with Mercer (US) Inc. prepared and presented to the Compensation Committee a risk assessment report that addressed the incentive compensation structure, plans and processes at all levels of our Company. The assessment included, among other things, a review of pay mix (fixed versus variable, cash versus equity and short versus long-term), performance metrics, target setting, performance measurement practices, pay determination, mitigation practices such as the Compensation Recoupment Policy and overall governance and administration of pay programs. After reviewing this report and making inquiries of management, the Compensation Committee determined we have no compensation policies and programs that give rise to risks reasonably likely to have a material adverse effect on us.

Board Structure and Director Nominations

Board Structure and Meetings

The Board's overarching responsibility is to advise and oversee the management and conduct of the Company's business by its Chief Executive Officer and other members of management charged with the long-term health and overall success of Premier's business. To that end, our business, property and affairs are managed under the direction of our Board of Directors. Our Board size may not exceed 18 directors, and is currently comprised of 16

Table of Contents

members, five of whom are independent under the standards discussed below, 10 of whom are member-directors as discussed below and one of whom is our Chief Executive Officer, Ms. DeVore. The Board is divided into three classes (Class I, Class II and Class III) with staggered terms of three years each. The term of one class expires at each annual meeting of stockholders; thus, directors typically stand for election after three years, unless they are filling an unexpired term. Under our Corporate Governance Guidelines, no director may serve for more than two full three-year consecutive terms except for (i) the Chief Executive Officer; (ii) each director who is not a director, officer, employee or agent of, or otherwise affiliated with, any stockholder of the Company and (iii) a Director serving as Chairman of the Board, whose term may be extended at the discretion of the Board.

Our Bylaws and Corporate Governance Guidelines provide that the Chairman of the Board shall not be an officer of the Company. We believe that having a non-executive Chairman of our Board creates an environment that is more conducive to objective evaluation and oversight of management's performance, increasing management accountability and improving the ability of the Board of Directors to monitor whether management's actions are in the best interests of the company and its stockholders. Our Chief Executive Officer, Board Chairman and Board Vice-Chairman work together to set the Board agenda. Board members are invited to make agenda suggestions, and the Board approves the annual schedule of Board and committee items. The Board Chairman presides over Board meetings and coordinates the work of the committees of our Board of Directors and performs other duties delegated to the Chairman by our Board of Directors. Committee assignments and designation of the committee chair are made by the Board based upon recommendations of the Board Chairman and Nominating and Governance Committee. Executive sessions of independent directors, held outside the presence of employee Board members and member-directors, are scheduled at each in-person Board meeting and may be called at any other Board or committee meeting. The Chair of the Audit and Compliance Committee presides over executive sessions.

The Board of Directors adopted the foregoing structure to promote decision-making and governance independent of that of our management and to better perform the Board's monitoring and evaluation functions. Members of our Board of Directors are kept informed of our business through discussions with our Chief Executive Officer and other officers, by reviewing materials provided to them, by visiting our offices and by participating in meetings of the Board of Directors and its committees.

Under our Corporate Governance Guidelines, Board members are expected to prepare for and attend at least 75% of all Board and applicable committee meetings. The Board of Directors met six times during fiscal year 2015. In addition, the independent directors met in executive session three times during fiscal year 2015. Each incumbent member of the Board of Directors attended 75% or more of the meetings of the Board of Directors and of the committees on which he or she served that were held during the period for which he or she was a director or committee member, respectively. In addition, directors are expected to attend the annual meeting of stockholders. All of our directors who were serving as directors at the time of the meeting attended our 2014 Annual Meeting of Stockholders held December 5, 2014, except Peter Fine and Ellen Wolf (both due to prior conflicts). All members of our Board of Directors are expected to attend the Annual Meeting.

Criteria for Board Members

Our Corporate Governance Guidelines provide criteria applicable to both the composition of the Board as a whole and for individual directors. The Board as a whole has been designed to possess all of the following core competencies, with each director contributing knowledge, experience and skills in at least one of the following domains:

senior executive level leadership experience;

group purchasing, value-based purchasing, pharmacy management and supply chain operations;

healthcare transformation, healthcare continuum of care and population management;

performance improvement, clinical quality improvement, patient safety, outcomes management, risk management and healthcare measurement;

Table of Contents

information technology and knowledge management;

outsourcing services;

finance, audit and major transactions/M&A/private equity/public equity;

national perspective on healthcare policy and advocacy;

healthcare insurance and payment systems; or

academic medical experience.

The Board has adopted a Board Competency and Succession Plan Policy as the guideline for the Nominating and Governance Committee in evaluating and nominating Board candidates. The Board recognizes that criteria change as the membership of the Board changes and takes into account the current make-up and requirements of the Board in its nomination process. To be considered for Board membership, individual directors should possess the following personal traits:

a strong strategic planning orientation, including the ability to view the Company's goals and plans strategically;

ability to effectively oversee risk and innovation thus safeguarding the Company's mission and stockholder interests;

knowledge of effective governance policies and practices;

proven leadership skills as an executive in a successful organization;

ability to listen, engage, reflect and generally work effectively with other directors and management;

willingness to ask management and each other tough questions and challenge traditional thinking;

adeptness at managing change, ambiguity and complexity;

integrity backed by a record of ethical conduct;

understanding of the importance and implications of compliance with regulatory requirements;

interest and ability to serve in a Board leadership position (i.e., Board Chairman, Vice-Chairman, committee Chair, etc.) in the future; and

ability to make a priority commitment to support the needs of the Board and to fully serve out the established Board term.

With respect to member-directors, the Board Competency and Succession Plan Policy requires consideration of the following characteristics:

type of stockholder (i.e., member owner, group affiliate, etc.);

type of organization (i.e., health system, hospital, other);

organization's size and scope of services;

organization's primary markets (i.e., urban, suburban, rural, safety net);

geography;

level of engagement with the Company; and

candidate's gender, ethnic background and age.

Board Diversity

Although there is no formal policy on diversity of nominees, both the Board of Directors and the Nominating and Governance Committee believe that diversity of skills, perspectives and experiences as represented on the Board

Table of Contents

as a whole, in addition to the primary factors, attributes or qualities discussed above, promotes improved monitoring and evaluation of management on behalf of the stockholders and produces more creative thinking and solutions. The Nominating and Governance Committee considers, but does not choose solely based on, the distinctive skills, perspectives and experiences that candidates diverse in gender, ethnic background, geographic origin and professional experience offer. In addition, under our Board Competency and Succession Plan Policy, the Board seeks to have a composition diverse in gender, ethnicity and age. Our Corporate Governance Guidelines do not explicitly provide limitations on Board service due to age.

Resignation Policy; Vacancies

Under our Corporate Governance Guidelines, our non-management directors must submit a letter of resignation upon resignation or retirement from, or termination of, the director's principal current employment, or other similarly material changes in professional occupation or association. The Board is free to accept or reject the letter of resignation based on the best interests of the Board and stockholders and shall promptly notify such director of its decision.

A director appointed by the Board to fill a vacancy, including a vacancy created by a resignation, will serve until the next election of the class for which such director has been appointed and until his or her successor is elected and qualified, or until his or her earlier death, resignation, retirement, disqualification or removal.

Director Nomination Process

The Nominating and Governance Committee, in consultation with the Chairman of the Board and the Chief Executive Officer, is responsible for identifying, considering, recommending, recruiting and selecting, or recommending that the Board select, candidates to fill open positions on the Board consistent with Board-approved criteria and qualifications for membership. It is the Board's expectation that all Board members participate in Board recruitment efforts.

Internal Process for Identifying Candidates

The Board Competency and Succession Plan Policy is the guideline for the Nominating and Governance Committee in evaluating and nominating Board candidates. The Nominating and Governance Committee has two primary methods for identifying director nominees (other than those proposed by stockholders, as discussed below). First, on a periodic basis, the Committee solicits ideas for possible candidates from members of the Board of Directors, senior level executives and other individuals personally known to the members of the Board. Second, the Committee may from time to time use its authority under its charter to retain, at the Company's expense, one or more search firms to identify candidates (and to approve such firms' fees and other retention terms).

Proposals for Director Nominees by Stockholders

The Nominating and Governance Committee will consider written proposals from stockholders for director nominees that are timely and properly noticed. In considering candidates submitted by stockholders, the Nominating and Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. In accordance with Article I, Section 12 of our Bylaws, to be timely, stockholder notice must be delivered to or mailed and received at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 20 days, or delayed by more than 70 days, from such anniversary, proposed nominee(s) and related notice, in order to be timely, must be received not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the

10th day following the day on which public announcement of the

date of such meeting is first made. The Nominating and Governance Committee received no nominee recommendations from stockholders for the Annual Meeting. Stockholder nominations for our 2016 annual meeting of stockholders must be received at our principal executive offices on or after August 6, 2016 and not later than September 5, 2016. A stockholder's notice must be in the form set forth in Article I, Section 12 of our Bylaws and must be addressed to Premier, Inc., 13034 Ballantyne Corporate Place, Charlotte, North Carolina 28277, Attention: Corporate Secretary.

Article I, Section 12 of our Bylaws requires, among other things, that the notice must set forth:

- (1) as to each person whom the stockholder proposes to nominate for election or re-election as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Section 14(a) of the Exchange Act and the rules and regulations promulgated thereunder, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected;
- (2) the name and record address of the stockholder giving notice and the beneficial owner, if any, on whose behalf the nomination is being made;
- (3) the class and number of shares of the Company's stock which are owned beneficially and of record by such stockholder and such beneficial owner;
- (4) a representation that the stockholder intends to appear in person or by proxy at the meeting to propose such nomination;
- (5) a representation whether the stockholder or the beneficial owner, if any, intends or is part of a group which intends (i) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the nominee and/or (ii) otherwise to solicit proxies from stockholders in support of such nominee;
- (6) any other information relating to such stockholder and beneficial owner, if any, required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for, as applicable, the election of directors in an election contest pursuant to and in accordance with Section 14(a) of the Exchange Act and the rules and regulations promulgated thereunder;
- (7) a description of any agreement, arrangement or understanding with respect to the nomination and/or the voting of shares of any class or series of stock of the Company between or among the stockholder giving the notice, the beneficial owner, if any, on whose behalf the nomination is made, any of their respective affiliates or associates and/or any others acting in concert with any of the foregoing (collectively, "proponent persons"); and
- (8) a description of any agreement, arrangement or understanding (including without limitation any contract to purchase or sell, acquisition or grant of any option, right or warrant to purchase or sell, swap or other instrument) the intent or effect of which may be (i) to transfer to or from any proponent person, in whole or in part, any of the economic consequences of ownership of any security of the Company; (ii) to increase or decrease the voting power of any proponent person with respect to shares of any class or series of stock of the Company and/or (iii) to provide any proponent person, directly or indirectly, with the opportunity to profit or share in any profit derived from, or to otherwise benefit economically from, any increase or decrease in the value of any security of the Company.

A stockholder proposing a nominee for the annual meeting must update and supplement the notice required by Article I, Section 12 of our Bylaws so that the information in the notice is true and correct as of the record date for the annual meeting and as of the date that is 15 days prior to the annual meeting or any adjournment or

postponement thereof; such update and supplement shall be delivered in writing to the Corporate Secretary at the principal executive offices of the Company not later than five days after the record date for the meeting (in the case of any update and supplement required to be made as of the record date), and not later than 10 days prior to the date for the meeting or any adjournment or postponement thereof (in the case of any update and supplement required to be made as of 15 days prior to the meeting or any adjournment or postponement thereof). The Company may require any proposed nominee to furnish such other information as it may reasonably require to determine the eligibility of such proposed nominee to serve as a director of the Company. Any stockholder that intends to submit a nominee should read the entirety of the requirements in our Bylaws, particularly Article I, Section 12, which can be found in the Investors section of our website at <http://investors.premierinc.com>.

Evaluation of Candidates

The Nominating and Governance Committee will consider all candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria. The selection process involves rigorous vetting of both independent and non-independent director candidates by the Nominating and Governance Committee, the Chairman of the Board and senior management to ensure the best qualified individuals are appointed to the Board. Ultimately, background and reference checks will be conducted and the Committee will meet to finalize its list of recommended candidates for the Board's consideration. The candidates recommended for the Board's consideration will be those individuals who will create a Board of Directors that is, as a whole, strong in its collective knowledge of, and diverse in skills and experience with respect to, accounting and finance, management and leadership, vision and strategy, business operations, business judgment, crisis management, risk assessment, industry knowledge, corporate governance and global markets.

Director Independence

Status as a Controlled Company

We are currently a controlled company under NASDAQ rules because our member owners, acting as a group pursuant to the terms of the VTA, own more than 50% of the total voting power of our outstanding common stock. As a controlled company, we are not required by NASDAQ for continued listing of Class A common stock to (i) have a majority of independent directors; (ii) maintain an independent compensation committee or (iii) maintain an independent nominating function. We intend to take advantage of all of these exemptions from NASDAQ listing requirements for the foreseeable future. As discussed below, we do maintain an Audit and Compliance Committee comprised entirely of independent directors. Once we cease to qualify as a controlled company, and after any permitted phase-in period, the Board expects to have a majority of independent directors and independent committees as required by NASDAQ.

Review of Director Independence and Standards for Independence

On August 13, 2015, the Board of Directors undertook its review of the independence of its directors and director nominees as independent directors based on our Corporate Governance Guidelines. Independent directors must meet the standards of independence established by NASDAQ. The Board reviews annually the independence of each director, taking into consideration the recommendations of the Nominating and Governance Committee. Directors have an affirmative obligation to inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent.

The Board of Directors assessed whether any director had a relationship which, in the opinion of the Company's Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of such

director. In addition, the Board assessed whether any of the following relationships existed between the

Table of Contents

Company and the director or the director's family members (i.e., spouse, parents, children and siblings or anyone residing in the director's home) that would prohibit a finding of independence under NASDAQ rules:

at any time during the past three years was the director employed by the Company;

has the director or a family member of the director accepted any compensation from the Company in excess of \$120,000 during any period of 12 consecutive months within the three years preceding the determination of independence, other than the following: (i) compensation for Board or Board committee service; (ii) compensation paid to a family member who is an employee (other than an executive officer) of the Company or (iii) benefits under a tax-qualified retirement plan, or non-discretionary compensation;

does the director have a family member who is, or at any time during the past three years was, employed by the Company as an executive officer;

is the director or his family member a partner in, or a controlling stockholder or an executive officer of, any organization to which the Company made, or from which the Company received, payments for property or services in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year, or \$200,000, whichever is more, other than the following: (i) payments arising solely from investments in the Company's securities or (ii) payments under non-discretionary charitable contribution matching programs;

is the director or his family member employed as an executive officer of another entity where at any time during the past three years any of the executive officers of the Company serve on the compensation committee of such other entity; or

is the director or his family member a current partner of the Company's outside auditor, or was a partner or employee of the Company's outside auditor who worked on the Company's audit at any time during any of the past three years.

In connection with this determination, on an annual basis, each director and executive officer is required to complete a questionnaire which requires disclosure of any transactions with the Company in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. There were no such transactions indicated for fiscal year 2015.

Determination of Director Independence

Based on its review, the Board of Directors affirmatively determined that each of Stephen R. D'Arcy, Jody R. Davids, William E. Mayer, Ellen C. Wolf and Susan S. Wang is an independent director in accordance with our Corporate Governance Guidelines. Each of Eric J. Bieber, MD, William B Downey, Peter S. Fine, Philip A. Incarnati, Robert Issai, Mark D. Miller, Marvin R. O'Quinn, Keith B. Pitts, Terry D. Shaw and Richard J. Statuto is a member-director. In addition, director nominees, Barclay E. Berdan and Scott Reiner will also be member-directors, if elected by stockholders. Ms. DeVore, who is our Chief Executive Officer, was not deemed to be independent.

Each of our independent directors satisfies the definition of independent director contained in Rule 5605 of the NASDAQ listing standards. As a result of the review and determination above, the Board determined that:

each member of the Audit and Compliance Committee was an independent director under our Corporate Governance Guidelines and otherwise meets the qualifications for membership on such committee imposed by the NASDAQ and other applicable laws and regulations; and

each member of the Audit and Compliance Committee had accounting or related financial management expertise and was financially literate, and otherwise meets the audit committee membership requirements imposed by the NASDAQ, our Corporate Governance Guidelines and other applicable laws and regulations; and that Ms. Wang qualifies as an audit committee financial expert within the meaning of SEC regulations.

Table of Contents

In addition, there are no arrangements or understandings known to us between any of the directors nominated for election to the Board of Directors and any other person pursuant to which a director was or is to be elected as a director or nominee, other than any arrangements or understandings with directors or officers of the Company acting solely in their capacities as such. None of our directors, nominees or executive officers is a party to any material proceedings adverse to us or any of our subsidiaries or has a material interest adverse to us or any of our subsidiaries. In determining the independence of Ms. Wolf, who is also a member of the board of directors of Airgas, Inc., one of our contracted suppliers, our Board of Directors considered the relationship arising through the ordinary course of business between us and Airgas, Inc., but did not view the relationship as materially impacting its independence determination.

Committees of the Board of Directors**Committee Memberships and Meetings**

The Board reviews and determines the membership of our Board committees at least annually, with input from the Nominating and Governance Committee. Our Board of Directors has the following five standing committees, each of which is governed by a charter and reports its actions and recommendations to the Board of Directors: Audit and Compliance Committee, Compensation Committee, Nominating and Governance Committee, Finance Committee and Member Agreement Review Committee. The following table shows the number of meetings held in fiscal year 2015 and the current membership of each Board committee.

Board Committee Charters

As discussed in more detail in the descriptions of each of our Board committees below, each of our Board committees operates under a written charter adopted by the Board. The charters set forth the purpose, objectives and responsibilities of the respective committee and discuss matters such as committee membership requirements, number of meetings and the setting of meeting agendas. The charters are assessed periodically by the Nominating and Governance Committee and the respective committee and are updated by the Board as needed. The Board committee charters are available under the Investors section of our website at <http://investors.premierinc.com>.

Audit and Compliance Committee

Our Audit and Compliance Committee is intended to meet the requirements of a separately designated standing audit committee as defined under Section 3(a)(58)(A) of the Exchange Act. The Audit and Compliance Committee must consist of at least three members of the Board, with each member satisfying the independence requirements for directors and audit committee members under NASDAQ rules and Rule 10A-3 of the Exchange Act. Each member of the Audit and Compliance Committee must be financially literate, and at least one member of the Audit and Compliance Committee must have past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background demonstrating financial management experience, as each such qualification is interpreted by the Board in its business judgment. Having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities for a public company, for instance, would qualify. In addition, to the extent practicable, at least one member of the Audit and Compliance Committee shall be an audit committee financial expert as such term is defined by the SEC.

The specific responsibilities of the Audit and Compliance Committee set forth under its charter are, among others, to:

review and discuss with management and the independent auditors the annual audited and quarterly financial statements and other related disclosure prior to filing the Company's annual report on Form 10-K and quarterly report on Form 10-Q, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations;

review any significant issues regarding, or proposed changes to, the Company's auditing and accounting principles and practices identified by the independent auditors, the internal auditor or management;

review financial and business risk exposures and the steps management has undertaken to monitor and control such exposures, including the Company's procedures and any related policies with respect to risk assessment and risk management;

have responsibility for the appointment, compensation, retention, termination (when appropriate) and oversight of the work of the independent auditors and the internal auditors;

receive reports from the independent auditors and management regarding, and review the adequacy and effectiveness of, the Company's internal controls, including any significant deficiencies in internal controls and significant changes in such controls reported to the committee by the independent auditors, the internal auditor or management, and any special audit steps adopted in light of material deficiencies; receive reports from management regarding, and review the adequacy and effectiveness of, the Company's disclosure controls and procedures, including Premier's policies and procedures to assess, monitor and manage business risk and other legal and ethical compliance programs;

advise the Board with respect to the Company's policies and procedures for compliance with applicable laws and regulations, as well as oversight of the Company's Corporate Compliance Policy.

For additional information on the Audit and Compliance Committee's role and its oversight of the independent auditors during fiscal year 2015, see Report of the Audit and Compliance Committee.

Table of Contents

In connection with its duties, the Audit and Compliance Committee reviews and evaluates, at least annually, the performance of the committee and its members, may obtain the advice and assistance of outside advisors, including consultants and legal and accounting advisors, and performs all acts reasonably necessary to fulfill its responsibilities and achieve its objectives.

Compensation Committee

We have a separately standing Compensation Committee. The Compensation Committee must consist of no fewer than three members, at least two of whom must be outside directors within the meaning of Section 162(m) of the Code and nonemployee directors within the meaning of SEC Rule 16b-3 under the Exchange Act. As a controlled company under NASDAQ listing rules, we are not required to maintain a Compensation Committee comprised entirely of independent directors. The Conflict Advisory Committee is an advisory committee and its members serve in a non-fiduciary capacity and have no independent authority to act on our behalf.

The specific responsibilities of the Conflict Advisory Committee are, among others, to:

investigate, review and evaluate any potential conflict of interest (as defined below);

The Conflict Advisory Committee may request any of our officers or employees or our outside counsel to attend its meetings or to meet with any members of, or consultants to, the Conflict Advisory Committee.

Compensation of Directors

Director Compensation Policy

The Board of Directors has approved a Director Compensation Policy to provide an inducement to attract and retain the services of qualified persons to serve as directors. The policy applies to each director who is not an employee of, or compensated consultant to, us or any of our affiliates (non-employee director). The policy is designed to achieve the following key objectives:

align the interests of the non-employee directors and stockholders;

support overall organizational objectives and encourage the creation of stockholder value;

attract and retain high quality talent;

reflect the broad spectrum of talent and diverse sources of market data;

target median competitive pay levels; and

be simple to understand and administer.

Table of Contents

Under the policy, each non-employee director will be compensated based on status as either a member-director or an outside director. As stated above, a member-director is a non-employee director who is employed by a Premier stockholder hospital or health system or by a group of hospitals participating in the Company's group purchasing program. Compensation earned on behalf of member-directors is paid directly to the hospital or health system by which the individual is employed. Compensation earned may or may not be paid to the individual as agreed to by the member-director and his or her employer, and such decision is entirely outside our control. An outside director is an independent non-employee director who is not a member-director. Our Director Compensation Policy was established after consulting with the compensation consultant for the Compensation Committee. The Compensation Committee or the Board will review the Policy from time to time to assess whether any adjustments to the type and amount of director compensation should be made in order to fulfill the objectives of the Policy. This Policy may only be amended by the Board.

The following table sets forth the compensation elements and levels for outside directors and member-directors and reflects the compensation for the enhanced responsibilities and time commitment associated with the positions.

Components of Director Compensation

Cash Fees and Retainer The amounts in the Fees Earned or Paid in Cash column under the Director Compensation Table below are retainers and meeting fees earned for serving on our Board, its committees and as committee chairs and Chairman. All annual retainers are paid quarterly. Each outside director receives his or her cash compensation after first being elected or appointed to the Board on a pro-rated basis for the number of days during which he or she provides service. If an outside director dies, resigns or is removed during any quarter, he or she shall be entitled to a cash payment on a pro-rated basis through his or her last day of service.

Equity Awards On January 29, 2015, each outside director then serving on the Board received an award of restricted stock units with a grant date fair value, computed in accordance with Accounting Standards Codification 718, Compensation Stock Compensation, of \$100,000. Grant date fair value assumptions are consistent with those disclosed in Note 19 Stock-Based Compensation to our Consolidated Financial Statements in our 2015 Form 10-K. RSU grants fully vest on the first anniversary date of the grant date. In fiscal year 2015, those outside directors were each awarded 3,049 RSUs, with a grant date fair market value of \$32.80 per share based on the closing price of our common stock on the award date, January 29, 2015.

Expense Reimbursement Each non-employee director will be reimbursed for his or her reasonable out-of-pocket business expenses incurred in connection with attending meetings of the Board and its committees or in connection with other business related to the Board. Each non-employee director will also be reimbursed for his

or her reasonable out-of-pocket business expenses authorized by the Board or one of its committees that are incurred in connection with attendance at meetings with our management.

All Other Compensation Each director is entitled annually to direct an amount of \$250 to his or her selected not-for-profit organization during the holiday season in lieu of receipt of a holiday gift. No compensation or benefits other than those described above are payable to any directors for Board service.

Director Education Policy

In August 2015, we adopted a formal Director Education Policy. We believe that we and our stockholders are best served by a Board of Directors comprised of individuals who are well versed in modern principles and best practices of corporate governance and other subject matters relevant to board service, including matters related to the healthcare industry, and who thoroughly comprehend the role and responsibilities of board membership. To that end, we provide both internal and external educational opportunities and association memberships for our directors. In order to encourage continuing director education, we reimburse directors up to \$7,500.00 annually for attending U.S.-based director education programs under this policy. Amounts reimbursed include all reasonable costs associated with attending each program, including travel, lodging and meals. Directors serving on multiple boards are encouraged to obtain pro rata reimbursement of their director education expenses from each company that they serve, but we will nonetheless reimburse 100% of the costs if this is not practicable.

Director Stock Ownership Guidelines

Our stock ownership guidelines require our outside directors to hold our Class A common stock equal in value to at least three times the annual cash retainer. The outside directors have five years from the later of our IPO date of September 25, 2013 or their date of appointment to the Board to reach the required ownership level.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and NASDAQ. Executive officers, directors and greater than 10% beneficial owners are required by the Exchange Act to furnish us with copies of all Section 16(a) forms they file. As an administrative matter, we assist our executive officers and directors by monitoring transactions and filing Section 16 reports on their behalf. Based on our records, compliance program and review of written representations, we believe that during fiscal year 2015 our executive officers, directors and greater than 10% beneficial owners complied with all applicable Section 16(a) filing requirements.

Table of Contents**RELATED PERSON TRANSACTIONS****Policy on Oversight of Related Person Transactions**

We have several written policies and codes in place that govern, among other things, related party transactions or potential conflicts of interest. In addition, several of the committees of our Board of Directors have oversight responsibility for related party transactions and potential conflicts of interest. Transactions between us and our directors, executive officers and significant stockholders must be approved by our Audit and Compliance Committee, which is comprised of independent members of our Board of Directors, following consultation with the Conflict Advisory Committee. Pursuant to its charter, the Audit and Compliance Committee is responsible for the review and approval, in accordance with our Code of Conduct, of all related party transactions requiring disclosure under SEC Regulation S-K, Item 404 (i.e., those in excess of \$120,000). This obligation is executed primarily through oversight of and collaboration with the Conflict Advisory Committee. The Conflict Advisory Committee Charter authorizes that Committee to oversee all business or personal transactions between officers or directors or their respective affiliates, on the one hand, and us or our affiliates, on the other hand. Additionally, the Conflict Advisory Committee was established in light of our controlled company status, the fact that we have member-directors on our Board of Directors and the need to establish governance around our member owners' health system business development plans as well as our objective to collaborate on potential new business with our member owners. The Conflict Advisory Committee may recommend action ranging from disclosure to recusal or resignation to the Audit and Compliance Committee for their consideration and action. In addition, the Member Agreement Review Committee is responsible for reviewing and approving non-ordinary course transactions between us or our subsidiaries and our member owners and also for assessing risks associated with agreements that we enter into with our member owners.

The above committees are permitted to engage outside advisors and other professionals to assist them with their stated duties, including evaluating and approving any transaction between us and any related party, including our member owners.

For more information regarding the evaluation of related party transactions and potential conflicts of interest, see Corporate Governance and Board Structure, Corporate Governance Code of Ethics, Committees of the Board of Directors, Audit and Compliance Committee, Conflict Advisory Committee and Member Agreement Review Committee above.

Related Person Transactions in Fiscal Years 2015 and 2014*GNHYA*

GNHYA Services, Inc. (GNHYA) converted from a non-owner member to a member owner effective January 1, 2013. GNHYA and its member organizations owned approximately 11% of the outstanding partnership interests in Premier LP as of June 30, 2015. GNHYA is a party to the agreements discussed below under Certain Contractual Arrangements with Our Member Owners. Net administrative fees revenue recorded with GNHYA and its member organizations was \$60.9 million and \$62.0 million for the fiscal years ended June 30, 2015 and 2014, respectively. As a result of the reorganization and IPO, Premier LP has a contractual requirement under the GPO participation agreement to pay each member owner revenue share from Premier LP equal to 30% of all gross administrative fees collected by Premier LP based upon purchases by such member owner's facilities through Premier LP's GPO supplier contracts. As GNHYA also remits to Premier LP all gross administrative fees collected by GNHYA based on purchases by its member organizations through GNHYA's own GPO supplier contracts, GNHYA also receives revenue share from Premier LP equal to 30% of such gross administrative fees remitted to Premier LP. Approximately \$7.1 million and \$6.8 million of our revenue share obligations related to revenue share obligations to GNHYA and its

member organizations at June 30, 2015 and 2014, respectively. For additional information regarding revenue share obligations, see GPO Participation Agreements below.

Table of Contents

We also maintain a group purchasing agreement with an affiliate of GNYHA, GNYHA Alternate Care Purchasing Corporation, d/b/a Essensa (Essensa), under which Essensa utilizes our GPO supplier contracts. Net administrative fees revenue recorded with Essensa was \$2.4 million and \$2.0 million for the fiscal years ended June 30, 2015 and 2014. At each of June 30, 2015 and 2014, we had revenue share obligations to Essensa of \$0.2 million.

Limited partners' distribution payable to GNYHA and its member organizations at June 30, 2015 and 2014 was \$3.0 million and \$3.2 million, respectively. In addition, \$32.6 million and \$14.1 million were recorded during the fiscal years ended June 30, 2015 and 2014, respectively, for services and support revenue earned from GNYHA and its member organizations. Receivables from GNYHA and its member organizations were \$3.0 million and \$0.6 million at June 30, 2015 and 2014, respectively.

Innovatix

Our 50% ownership share of Innovatix, LLC's (Innovatix) net income was \$21.3 million and \$17.0 million for the fiscal years ended June 30, 2015 and 2014, respectively. We maintain a group purchasing agreement with Innovatix under which Innovatix members are permitted to utilize Premier LP's GPO supplier contracts. Gross administrative fees revenue and the corresponding revenue share recorded under the arrangement were \$38.7 million and \$35.0 million for the fiscal years ended June 30, 2015 and 2014, respectively. At each of June 30, 2015 and 2014, we had revenue share obligations to Innovatix of \$3.7 million.

AEIX

We conduct all operational activities for American Excess Insurance Exchange Risk Retention Group (AEIX), a reciprocal risk retention group that provides excess and umbrella healthcare professional and general liability insurance to certain hospital and healthcare system members. We are reimbursed by AEIX for actual costs, plus an annual incentive management fee not to exceed \$500,000 per calendar year. We received cost reimbursement of \$4.7 million and \$4.9 million for the fiscal years ended June 30, 2015 and 2014, respectively, and annual incentive management fees of \$0.5 million and \$0.4 million for the fiscal years ended June 30, 2015 and 2014, respectively. As of June 30, 2015 and June 30, 2014, AEIX had \$0.4 million and \$0.6 million, respectively, in amounts payable to us. Barclay Berdan, a director nominee, is a member of the AEIX board of directors.

Certain Contractual Arrangements with Our Member Owners

In connection with our reorganization and IPO, we entered into several agreements to define and regulate the governance and control relationships among us, Premier LP and the member owners, including GNYHA. While our member owners receive certain rights and benefits under these agreements, we do not believe that these rights and benefits represent a direct or indirect material interest to any of our member-directors or nominee member-directors that are employed by one of our stockholder hospitals or health systems or by a group of hospitals participating in our group purchasing program. The following is a summary of the agreements referenced below and does not purport to be complete, and is subject to, and qualified in its entirety by reference to, the complete text of the agreements which are filed as exhibits to our 2015 Form 10-K.

Premier LP Amended and Restated Limited Partnership Agreement

The member owners are limited partners of Premier LP under Premier LP's Amended and Restated Limited Partnership Agreement, as amended, effective as of October 1, 2013. Our wholly-owned subsidiary, Premier Services, LLC, is the general partner of Premier LP and generally controls the day-to-day business affairs and decision-making of Premier LP. As limited partners of Premier LP, our member owners receive certain financial and other benefits.

The general partner and limited partners have rights to allocations of net income and net losses and to receive quarterly distributions out of Premier LP's estimated taxable net income to facilitate payment by each limited partner of taxes, if required, on its share of taxable income of Premier LP. From time to

Table of Contents

time, Premier LP may also make discretionary distributions to limited partners. Upon certain specified events, the Class B common units held by the limited partners are subject to redemption by Premier LP or mandatory exchange pursuant to the Exchange Agreement.

Exchange Agreement

As described above, we entered into the Exchange Agreement with Premier LP and the member owners effective October 1, 2013. Pursuant to the terms of the Exchange Agreement, subject to certain restrictions, beginning October 31, 2014 and during each year thereafter, each member owner will have the cumulative right to exchange up to one-seventh of its initial allocation of Class B common units, as well as any additional Class B common units purchased by such member owner pursuant to certain rights of first refusal (discussed below), for shares of our Class A common stock (on a one-to-one basis subject to customary adjustments), cash or a combination of both, the form of consideration to be at the discretion of our Audit and Compliance Committee. This exchange right can be exercised on a quarterly basis (subject to certain restrictions contained in the registration rights agreement described below) and is subject to rights of first refusal in favor of the other member owners that hold Class B common units and Premier LP. For each Class B common unit that is exchanged pursuant to the Exchange Agreement, the member owner will also surrender one corresponding share of our Class B common stock, which will automatically be retired. Information regarding the October 31, 2015 exchange can be found in Security Ownership of Certain Beneficial Owners and Management above.

Registration Rights Agreement

We entered into a registration rights agreement with our member owners that became effective on October 1, 2013. Pursuant to the registration rights agreement, we filed a resale shelf registration statement on Form S-3 with the SEC that was declared effective on November 12, 2014. The resale shelf registration statement allows for resales from time to time of our Class A common stock issued to the member owners in exchange for their Class B common units pursuant to the Exchange Agreement, subject to various restrictions. Subject to certain exceptions, we will use reasonable efforts to keep the resale shelf registration statement effective for seven years. In addition, we will undertake to conduct an annual company-directed underwritten public offering to allow the member owners to resell Class A common stock following the first quarterly exchange date of each of the first three years during which the member owners have the right to exchange their Class B common units for shares of Class A common stock. We are not required to conduct a company-directed underwritten public offering unless the number of shares of Class A common stock requested by the member owners (and any third parties) to be registered in the applicable company-directed underwritten public offering constitutes the equivalent of at least 3.5% of the aggregate number of Class A common units and Class B common units outstanding. If the offering minimum has not been met, we may either proceed with the company-directed underwritten public offering (such decision being in our sole discretion) or notify the member owners that we will abandon the offering. After the third year during which member owners have the right to exchange their Class B common units for shares of our Class A common stock, we may elect to conduct a company-directed underwritten public offering in any subsequent year. The registration rights agreement also grants the member owners certain piggyback registration rights with respect to other registrations of Class A common stock and includes certain lock-up restrictions.

Tax Receivable Agreements

We entered into a tax receivable agreements with the member owners which became effective on October 1, 2013. Pursuant to the terms of the tax receivable agreements, we have agreed to pay to the member owners for as long as the member owner remains a limited partner, generally over a 15-year period (under current law), 85% of the amount of cash savings, if any, in U.S. federal, foreign, state and local income and franchise tax that we actually realize (or are

deemed to realize, in the case of payments required to be made upon certain occurrences under such tax receivable agreements) as a result of the increases in tax basis resulting from the initial sale of Class B common units by the member owners in connection with the Reorganization, as well as subsequent

Table of Contents

exchanges by such member owners pursuant to the Exchange Agreement, and of certain other tax benefits related to our execution of the tax receivable agreements, including tax benefits attributable to payments under the tax receivable agreements.

We paid \$11.5 million to the member owners during the fiscal year ended June 30, 2015 in connection with the initial exchanges and reduced the liability by \$2.0 million in connection with departed member owners. Additional amounts payable under the tax receivable agreements for subsequent exchanges of Class B common units made by the member owners during the fiscal year ended June 30, 2015 are \$57.1 million, which resulted in \$235.9 million in tax receivable agreement liabilities as of June 30, 2015. During the fiscal years ended June 30, 2015 and 2014, we made payments to GNYHA of \$1.5 million and \$0, respectively, under the tax receivable agreements.

GPO Participation Agreements

Our member owners entered into GPO participation agreements with Premier LP which became effective on October 1, 2013. Pursuant to the terms of the GPO participation agreements, each member owner will receive cash sharebacks, or revenue share, from Premier LP equal to 30% of all gross administrative fees collected by Premier LP based upon purchasing by such member owner's acute and alternate site providers and other eligible non-healthcare organizations that are owned, leased or managed by, or affiliated with, each such member owner, or member facilities, through our GPO supplier contracts. In addition, our two largest regional GPO member owners will each remit all gross administrative fees collected by such member owner based upon purchasing by such member owner's member facilities through the member owner's own GPO supplier contracts and receive revenue share from Premier LP equal to 30% of such gross administrative fees remitted to Premier LP. Subject to certain termination rights, these GPO participation agreements each have an initial five-year term, although Premier LP's two largest regional GPO member owners have entered into agreements with seven-year terms. The terms of the GPO participation agreements vary as a result of provisions in our existing arrangements with member owners that continue to remain in effect. In certain other instances, Premier LP and member owners have entered into GPO participation agreements with certain terms that vary from the standard form.

Voting Trust Agreement

Premier, Premier LP and the member owners entered into the VTA effective October 1, 2013, pursuant to which the member owners contributed their Class B common stock to the Class B Voting Trust, under which the Trustee acts on behalf of the member owners for purposes of voting their Class B common stock. Additional information about the VTA is available in [Frequently Asked Questions](#) and elsewhere throughout this proxy statement.

EXECUTIVE COMPENSATION

Introduction

This section provides information about our executive compensation program with respect to the fiscal year 2015 compensation of our NEOs. This section is comprised of our Compensation Discussion and Analysis, which discusses how and why the Compensation Committee made compensation decisions for our NEOs for the fiscal year 2015, and is followed by the Report of our Compensation Committee. This section also includes executive compensation information in tabular format as contemplated by the applicable SEC rules, with related narrative disclosure.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

In the Executive Summary section of our Compensation Discussion and Analysis (CD&A), we highlight:

Our Move to Say-On-Pay

Linking Executive Compensation to our Mission, Vision and Values

Highlights of our 2015 performance

Our 2015 Named Executive Officers (NEOs)

In the remainder of our CD&A, we describe:

How our executive compensation principles and governance practices align with our stockholders' interests, i.e., what we do and what we don't do

The design and rationale of our executive compensation program

NEOs' individual compensation program elements

Compensation paid to NEOs in 2015

Our clawback, trading restrictions and anti-hedging, anti-pledging and compensation deductibility policies

Our Move to Say-on-Pay

In 2014, we filed our first proxy statement as an emerging growth company under federal securities laws and therefore were permitted to take advantage of certain reduced public company reporting requirements. As an emerging growth company, we provided in the 2014 proxy statement the scaled disclosure permitted under the JOBS Act of 2012, including some of the compensation disclosures required of a smaller reporting company. As an emerging growth company, we were not required to conduct votes seeking advisory approval of the compensation of our NEOs or the frequency with which such votes must be conducted.

This proxy statement marks the first time Premier is conducting votes seeking approval, on an advisory basis, of the compensation of our NEOs (say-on-pay vote) and the frequency with which such votes must be conducted (say-when-on-pay vote). As such, our executive compensation disclosure in our CD&A provides a detailed discussion of our executive compensation programs for our stockholders.

We are proposing that stockholders conduct their say-on-pay vote annually (see Item 6 Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation). We are interested in receiving stockholder feedback regularly, and will consider this feedback in making future executive compensation decisions.

Linking Executive Compensation to Our Mission, Vision, and Values

We are confident that our executive compensation programs provide a sound linkage between our Mission, Vision and Values and our stockholders' interests, and we encourage you to thoroughly review our CD&A and other information in the Executive Compensation section of this proxy statement to better understand our programs and this linkage. Our Compensation Committee and Board of Directors believe this information demonstrates that our executive compensation program aligns our executives' compensation with Premier's short- and long-term performance and provides compensation and incentives to attract, motivate and retain key executives who are crucial to Premier's long-term success.

Our Mission: To improve the health of communities.

Our Vision: Through the collaborative power of our alliance, we are leading the transformation to high-quality, cost-effective healthcare.

Our Values: Integrity, a passion for performance, innovation and a focus on people.

We strive to accomplish this Mission and endeavor to realize this Vision on a foundation of the highest Values. From serving our members, to improving healthcare in our communities to investing in our people, our Mission, Vision and Values are at the heart of everything we do at Premier.

We design our compensation programs, including our executive compensation program, to accomplish the following:

Hire exceptionally talented people who are passionate about our Mission and Vision and exemplify our Values;

Drive the sustained performance of our people to achieve challenging short- and long-term financial and operational goals that increase stockholder value; and

Retain the people who are critical in achieving our Mission and realizing our Vision.

Our Compensation Committee and Board believe that our executive compensation program firmly supports our Mission, Vision and Values, and serves and protects our stockholders' interests.

Highlights of Our 2015 Performance

Our fiscal year 2015 performance was strong, both financially and operationally, outperforming fiscal year 2014 on several key financial metrics used in making decisions under our executive compensation program during the past fiscal year. Revenue and Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (Adjusted EBITDA) performance results were used to determine annual incentive payments for fiscal year 2015 (see Description of Executive Compensation Elements Our Annual Incentive Plan below), and revenue and Adjusted EBITDA are used as part of the three-year performance cycle under our performance shares (see Description of Executive Compensation Elements Our Equity Plan below).

Table of Contents

- (1) Represents growth in actual net revenue compared to non-GAAP pro forma net revenue and is the sum of Supply Chain Services and Performance Services revenue. Actual net revenue increased 11% from GAAP net revenue of \$910.5 million for the prior year.
- (2) See Description of Executive Compensation Elements Annual Incentive and Equity Plan Financial Metric Definitions for the definition of Revenue and Adjusted EBITDA.
- (3) Represents growth in actual Supply Chain Services segment revenue compared to non-GAAP pro forma Supply Chain Services revenue. Actual Supply Chain Services segment revenue increased 9% from GAAP Supply Chain Services segment revenue of \$678.1 million for the prior year.
- (4) Represents Adjusted EBITDA growth compared to non-GAAP pro forma Adjusted EBITDA. Adjusted EBITDA increased slightly from Adjusted EBITDA of \$392.3 million for the prior year which did not include revenue share to member owners for the first quarter ended September 30, 2014, as it was prior to the Reorganization and IPO.
- (5) Adjusted Fully Distributed Earnings Per Share (EPS) is per share net income defined as net income attributable to PHSI (i) excluding income tax expense, (ii) excluding the effect of non-recurring and non-cash items, (iii) assuming the exchange of all of Premier's Class B common units for shares of Class A common stock, which results in the elimination of non-controlling interest in Premier LP, and (iv) reflecting an adjustment for income tax expense on non-GAAP pro forma fully distributed net income before income taxes at our estimated effective income tax rate.
- (6) Represents Adjusted Fully Distributed EPS growth compared to non-GAAP pro forma Adjusted Fully Distributed EPS. GAAP loss per share was \$24.25 and \$105.85 in fiscal year 2015 and 2014, respectively. GAAP loss includes a non-cash adjustment to account for the change in redemption value of redeemable limited partners capital.

See Appendix B Note Regarding Presentation of non-GAAP Financial Measures for a reconciliation of GAAP and non-GAAP pro forma performance and the non-GAAP performance metrics.

Table of Contents**Our Executive Compensation Principles and Governance Practices**

Our executive compensation principles and governance practices are designed to protect and promote our stockholders interests. The table below outlines the principles used in the design of our executive compensation program and the practices that govern the program.

Our Compensation Practices	
What We Do	What We Don't Do
ü Limit base salary increases for our CEO and other NEOs.	× Incentivize short-term results at the expense of long-term performance.
ü Put pay at-risk-based on short- and long-term company performance. 85% of our CEO's pay and, on average, 75% of our other NEOs' pay is at-risk (assuming target-level performance).	× Allow margining, derivative, or speculative transactions, such as hedges, pledges, and short sales by our NEOs.
ü Incorporate meaningful and challenging short- and long-term performance goals in our incentive programs.	× Take responsibility for our NEOs' taxes. We do not provide our executives with tax gross-ups for perquisites or upon a change in control.
ü Analyze compensation levels and mix relative to a representative and relevant group of peer companies (our peer group).	× Re-price "under water" outstanding stock options.
ü Limit annual incentive compensation to a maximum, notwithstanding performance above maximum levels (i.e., annual incentives and performance shares are capped at 150% of target).	× Provide separate employer paid supplemental pensions for our executives.
ü Consider how we may provide compensation in a manner that qualifies for tax deduction.	× Provide "single-trigger" equity award vesting and severance.
ü Require stock ownership under stock ownership guidelines that are in line with those of our peer group companies.	× Incentivize excessively risky business decisions.
ü Maintain a compensation recoupment (i.e., "clawback") policy to recapture unearned incentive payments upon financial restatements.	
ü Use restrictive covenants including non-compete protections.	
ü Offer very limited perquisites.	

Our Executive Compensation Key Objectives

In setting and overseeing our executive compensation program, our Compensation Committee focuses on the following key objectives:

Attract and retain exceptional executive talent

Support business objectives

Encourage the creation of stockholder value by focusing executive pay more on long-term equity compensation than cash

Recognize our unique business structure and focus

Reflect the broad spectrum of talent and diverse sources of market data

Provide reward opportunity consistent with business performance

Table of Contents

We design our executive compensation program in light of these objectives by using the following compensation principles:

We use a mix of fixed and variable compensation

We heavily weight our NEOs' compensation mix toward variable, at-risk compensation so that our executive compensation program is consistent with behaviors that achieve desired results.

We use a mix of cash and equity incentives

The majority of our NEOs' total pay is variable and tightly linked to our short- and long-term financial and market performance.

We require NEOs to be significant stockholders

We require our NEOs to own specified levels of Premier stock to enhance alignment of executive and stockholder interests.

We pay based on individual performance and potential

We consider individual performance and potential for advancement in making compensation decisions.

We regularly review our compensation program versus representative and relevant comparators

We review our executive compensation program regularly versus our peer group to evaluate competitive compensation levels and alignment with the external market in order to attract and retain exceptional leaders with strong, balanced skill sets. The Compensation Committee reviews annually the composition of our peer group so that it remains a relevant and representative comparator for our executive compensation program.

We pay competitively

Each year, we compare and evaluate our compensation programs with those of our peer group to assess whether our target compensation levels are consistent with market levels and practice. We do not tie any element of our compensation program to being at a certain percentile of our peer group.

Our Peer Group

We use a peer group of companies to analyze external compensation practices. We consider this information when implementing competitive and performance-driving compensation packages for our NEOs. With Mercer and management input, the Compensation Committee reviews the peer group annually so that its composition remains appropriate. Each year, we compare our compensation programs with those of our peer group and assess whether our executive compensation programs and target compensation levels are consistent with market practice.

In constructing our peer group, the Compensation Committee reviews information for and considers U.S.-based, public companies with the following attributes:

Similar business models and industry classifications (healthcare services, technology, distributors, research and consulting)

Similar services (group purchasing, supply chain services, integrated/specialty pharmacy, technology/data, population health, and performance management)

Edgar Filing: Premier, Inc. - Form PRE 14A

Similar revenue size (companies with annual revenue that is approximately one-third to three times that of ours)

Similar market capitalization

Executive positions similar in breadth, complexity and/or scope of responsibility

Competitors for customers and executive talent

Table of Contents

Based on these characteristics and input from Mercer and management, our Compensation Committee selected the following companies for our 2015 peer group:

Advisory Board Company	IMS Health Holdings, Inc.
Allscripts Healthcare Solutions	Magellan Health, Inc.
Athenahealth, Inc.	MedAssets, Inc.
Cerner Corp.	Navigant Consulting, Inc.
HMS Holdings Corp.	Owens & Minor, Inc.
Huron Consulting Group, Inc.	Patterson Companies, Inc.
IHS, Inc.	Quality Systems, Inc.

Compared to the peer group used in 2014, we added IHS Inc., IMS Health Holdings Inc., Magellan Health Inc. and Patterson Companies, Inc. in 2015 to reconfigure our peer group to a more representative group of appropriately sized companies that reflect our market capitalization profile and our diverse and growing business model. As we grow and develop as a public company, and as the companies in our then-current peer group change (e.g., merger, acquisition, delisting, etc.), our Compensation Committee will continue to review and reconfigure our peer group as appropriate.

The table below summarizes and compares our revenue and market capitalization to that of the peer group. The median annual revenue of the peer group is \$1.134 billion, which is slightly higher than our fiscal year 2014 revenue; the median market capitalization of the peer group is \$2.029 billion, which is significantly lower than our market capitalization as of June 30, 2014.

Our Competitive Positioning

Our Compensation Committee's compensation strategy is to review the median peer group data for total direct compensation (at target), including base salary and annual and long-term incentives. Company and individual

performance, and other factors, including potential succession, and, where applicable, compensation levels relative to general industry, ultimately determine whether target compensation is above or below the peer group median.

In determining appropriate compensation levels for our NEOs, our Compensation Committee reviews compensation levels for executives in similarly situated roles at companies in our peer group. Mercer compiles the compensation data for the selected peer group. At the request of the Compensation Committee, management reviews and evaluates Mercer's compensation data.

Our Pay Mix

Our pay mix is an important aspect of our executive compensation program; our use of at-risk pay drives annual and long-term performance, enhances retention, and maintains competitiveness with the external marketplace.

The charts below compare our CEO s and other NEOs total direct compensation mix to the average total direct compensation mix of the CEO and NEOs of our peer group.

Pay mix for our NEOs was determined using NEOs annualized base salary and target annual and equity incentive (assuming target or 100% performance for performance shares under our equity plan) for-fiscal year ended June 30, 2015. Pay mix for our peer group was determined using the annualized base salary, target annual incentive, and annualized grant date fair value opportunity of long-term incentive awards as reported in peer group companies 2014 proxy statements filed with the SEC.

Our CEO s total direct compensation is more heavily weighted to at-risk, annual (target annual bonus) and long-term (equity) compensation than the average target total direct compensation of the CEOs in our peer group. Our NEO pay mix is, on average, slightly more heavily weighted to at-risk pay than our peer group.

Table of Contents**Overview of Primary Executive Compensation Elements**

The table below summarizes the primary elements of our NEOs' 2015 executive compensation program, including a description and purpose of each element. In addition to the elements summarized in the pay element table below, our NEOs are eligible to participate in a voluntary non-qualified deferred compensation plan and a company-wide defined contribution (i.e., 401(k) savings) program. A more detailed description of all of our compensation elements follows this table. A summary of our 2015 compensation decisions for our NEOs is set out under 2015 Compensation Actions for our Named Executive Officers below.

Table of Contents**Description of Executive Compensation Elements***Base Salary*

Base salary is the only fixed pay element of our executive compensation program. The Compensation Committee reviews the base salaries for NEOs in similarly-situated roles in our peer group and determines salaries based on our NEOs' roles, responsibilities, Company and individual performance and potential to assume roles with a higher level of responsibility and experience. Our Compensation Committee reviews each NEO's base salary annually, or more frequently if there is a change in a NEO's responsibilities, and considers whether base salary increases are warranted. Base salary changes are generally effective September 1 for all employees, including NEOs. Our NEOs' fiscal year 2014 and 2015 base salaries are set out in the table below. Based on the Compensation Committee's review of base salaries, including all of the factors outlined above, our NEOs did not receive a base salary increase in 2015. The Compensation Committee's decision to maintain base salary levels was not reflective of our NEOs' performance; rather, our Compensation Committee generally focuses on making compensation adjustments to long-term incentive pay, based on the factors listed above, as opposed to base salary.

NEO	2014 Base Salary	2015 Base Salary	Change
Ms. DeVore	\$ 977,800	\$ 977,800	0%
Mr. Alkire	\$ 797,500	\$ 797,500	0%

Our Annual Incentive Plan

Our annual incentive plan is a one-year cash-based incentive designed to drive and reward NEOs for delivering annual financial results relative to pre-established performance thresholds during a fiscal year. Our Compensation Committee determines the annual incentive structure, performance metrics and goals and each NEO's threshold, target and maximum award opportunity at the beginning of the fiscal year. At the end of the fiscal year, the Compensation Committee then determines the actual payment amount for each NEO on our fiscal year financial performance.

In fiscal year 2015, the annual incentive plan for our NEOs was based on two equally weighted financial performance metrics: Revenue and Adjusted EBITDA, the details of which are provided below. The Compensation Committee chose these metrics and weightings for all of the NEOs for the following reasons:

Drive top- and bottom-line financial growth in the support of our Mission and Vision;

Revenue and Adjusted EBITDA are important indicators of the operational strength and performance of the business, including the ability to provide cash flows necessary to execute upon our business and growth strategies and to fund capital expenditures;

Weighting of Revenue and Adjusted EBITDA is equal to drive a balance between top- and bottom-line performance so that increasing revenues does not come at the expense of declining margins;

Align all NEOs to incentivize and unify a singular company-wide focus and to drive collaboration. Goals under each metric were set so that if we meet our performance targets for Revenue and Adjusted EBITDA, the payout percentage would be 100% (target).

The Compensation Committee used the calculation below to determine awards made to NEOs under the 2015 annual incentive plan.

The charts below discuss the details of our annual incentive plan elements and their applicable provisions and calculations for 2015.

Plan Element	Description / Provisions

In early FY2015, the Compensation Committee approved the following performance metrics, weightings, performance goals and payout ranges for our annual incentive plan.

Performance Metric ²	Weighting (%)	Performance Goals ¹			Payout Range ⁴
		Threshold ³ (\$)	Target ³ (\$)	Stretch ³ (\$)	
Revenue	50%	969.0	995.0	1094.5	0% - 150%

(2) See Description of Executive Compensation Elements Annual Incentive and Equity Plan Financial Metric Definitions for the descriptions of these performance metrics.

(3) The payout range for each metric is 50% at Threshold, 100% at Target, and 150% at or above stretch performance. The payout percentage for performance below Threshold is 0%.

(4) The total annual incentive award is capped at 150% of target.

Total Payout Percentage**(0% - 150%)**

The Compensation Committee evaluated performance against the pre-determined performance goals and approved the achievement and payout percentages for each of the metrics, as set out in the following table:

Performance Metric	Performance Results ¹	
	2015 Actual Performance (\$) ²	Payout Percentage (%) ³
Revenue	1,007.0	53.03%
Adjusted EBITDA	393.2	52.02%
	Total Payout Percentage	105.05%

(1) The Compensation Committee retained discretionary authority to adjust actual Performance and Payout Percentages up or down based on subjective performance criteria, such as the quality of our results, macro-economic conditions, extraordinary or unforeseen events, etc. The Compensation Committee did not exercise this discretion in determining performance under the 2015 annual incentive plan.

(2) In millions.

(3) Calculated as 50% multiplied by the percentage achievement based on the performance goal table. Percentages reflect interpolation between target and maximum achievement and have been rounded.

Our Equity Plan

For 2015, the Compensation Committee granted a mix of equity awards as a long-term incentive (LTI), including 40% of the annual LTI value in performance shares, 40% of the annual LTI value in nonqualified stock options (NQSOs), and 20% of the annual LTI value in Restricted Stock Units (RSUs) as outlined in the chart below. The Compensation Committee determines the type of awards to be granted and the amount of individual awards granted to NEOs, based on an analysis of competitive long-term incentive market practices within our peer group generally and across the healthcare supply chain and informatics industry (based on compensation surveys) for the executive s position. The Compensation Committee believes this mix of equity vehicles supports our long-term objectives by emphasizing performance-based equity (performance shares and NQSOs) over time-based equity awards (RSUs).

The annual grant date for performance shares, NQSOs and RSUs is typically the last trading day of the second month of the first quarter of the fiscal year; fiscal year 2015 equity awards were granted on August 29, 2014.

Table of Contents**2015 Grant Calculations**

The Compensation Committee uses the following calculation to determine the (i) target number of performance shares, NQSOs and RSUs awarded to each NEO and (ii) actual number of shares to be issued to each NEO on settlement of the performance shares at the end of the performance cycle.

2015 Equity Grants

The 2015 equity grants for our NEOs are summarized in the table below:

NEO	Annualized Base Salary (\$)	Target % of Base Salary	Target Award ² (\$)	Performance Share Grant		RSU Grant Value (\$)	Target Number of Performance Shares ³		Number of NQSOs ⁴ (#)	Number of RSUs ⁵ (#)
				Value (\$)	40% Value (\$)		20% Shares ³ (#)			
Ms. DeVore	977,800	450%	4,400,100	1,760,040	1,760,040	880,020	55,733	131,446	27,867

- 1) Annualized base salary as of August 29, 2014.
- 2) Target award opportunity equals the NEO's Annualized Base Salary multiplied by the NEO's Target Award Opportunity percentage. See the Summary Compensation Table below for the grant date accounting value of the equity award for our NEOs.
- 3) Target number of performance shares equals the performance share grant value divided by \$31.58, the closing price of our Class A common stock on August 29, 2014, rounded up to the next highest share.
- 4) Number of NQSOs equals the NQSO grant value divided by \$13.39, the Black-Scholes estimated cost of a stock option granted as of August, 29, 2014.
- 5) Number of RSUs equals the RSU grant value divided by \$31.58, the closing price of our Class A common stock on August 29, 2014, rounded up to the next highest share.

Target Award

Each NEO's equity target award is expressed as a percentage of her/his annualized base salary as of the grant date, and is determined by the Compensation Committee based on each NEO's role, responsibilities, external market information (including the long-term incentive practices of our peer group) and long-term NEO potential and performance.

Performance Shares

Performance shares are designed to focus on and drive achievement of long-term financial objectives, and to maximize stockholder return. The target number of performance shares granted is based on the closing price of our Class A common stock as of the grant date, August 29, 2014. The 2015 performance share grants are for the fiscal three-year performance cycle beginning on July 1, 2014 and ending June 30, 2017.

Table of Contents

At the beginning of the performance cycle, the Compensation Committee sets goals based on our long-term growth strategy. Following the end of the performance cycle, the number of performance shares actually awarded will range from 0% to 150% of the target number of performance shares granted, based on the achievement of the performance metrics discussed above during the performance period. The actual number of shares that will be issued pursuant to the 2014 performance share grants to our NEOs is based on the following metrics and weightings:

Performance Shares Metric¹	Weighting (%)	Performance Range (%)
Revenue	50%	0% - 150%
Adjusted EBITDA	50%	0% - 150%

(1) See Annual Incentive and Equity Plan Financial Metrics Definitions for the description of these metrics. The Compensation Committee uses long-term Revenue growth and Adjusted EBITDA for performance shares because it believes:

Revenue and Adjusted EBITDA drive a balance of long-term top- and bottom-line growth;

Revenue and Adjusted EBITDA are critical indicators of the long-term operational strength of our business, including the ability to provide cash flows necessary to execute upon our business and growth strategies and fund strategic capital expenditures; and

Long-term Revenue and Adjusted EBITDA performance are aligned with long-term stockholder value creation.

For each metric, the Compensation Committee establishes a threshold, target and stretch performance level. For performance at threshold, the number of performance shares awarded would be 50% of target; at target, the number of performance shares awarded would be 100%; at stretch, the number of performance shares awarded would be 150% of target. For performance between threshold and target and target and stretch, the Compensation Committee will use straight-line interpolation to determine awards. Provided the Compensation Committee certifies performance above the established threshold level, shares will generally be awarded in the first fiscal quarter following the end of the performance cycle. See the Grants of Plan-Based Awards table in this proxy statement for potential performance share awards based on threshold, target and stretch performance.

For performance shares, we do not publicly disclose specific performance targets on a prospective basis. We believe that revealing these specific targets prospectively would provide competitors and other third parties with insights into our confidential planning and strategies, thus potentially harming us competitively. Our performance targets are designed based on probability of attainment and historical and potential future achievement analyses and are designed to be challenging. There is a risk that awards will not be made at all, or will be made at below target levels.

Our annual cash incentive and performance shares are based on the same metrics: Revenue and Adjusted EBITDA growth. Given the stage of our life-cycle, i.e., our recent initial public offering, the Compensation Committee believes that Revenue and Adjusted EBITDA growth are the most appropriate performance metrics for both plans at this time.

For the annual incentive plan, the Compensation Committee determines performance targets for Revenue and Adjusted EBITDA growth based on annual financial and operating targets. For performance shares under the equity plan, the Compensation Committee determines three-year Revenue and Adjusted EBITDA performance targets based on our long-term growth strategy. The Compensation Committee believes that using these different time-frames provides NEOs with an appropriate balance of annual and long-term incentives and drives performance that creates long-term stockholder value.

Table of Contents**Non-Qualified Stock Options and Restricted Stock Units**

In 2015, in addition to performance shares as discussed above, we granted 40% of our NEOs' total target award opportunity in NQSOs and 20% in RSUs. This equity mix balances the performance value of NQSOs with the retention reinforcement of RSUs. NQSOs vest ratably, or 1/3 on each anniversary of the grant date. The number of NQSOs granted is based on the Black-Scholes estimated value as of the grant approval date, and the exercise price for NQSOs is the closing price of our Class A common stock on the grant date. RSUs vest 100% on the third anniversary of the grant date. The number of RSUs granted is based on the same closing price as the exercise price outlined above for NQSOs. Actual 2015 equity grants for our NEOs are presented in the 2015 Equity Grants table above and in the Grants of Plan-Based Awards table under Executive Compensation Tables.

Requiring Stock Ownership

To further align our NEOs' and stockholders' interests, the Compensation Committee requires each executive to accumulate and hold a significant amount of our Class A common stock. The following chart summarizes our stock ownership and holding requirements. We believe our stock ownership requirements are comparable to those of our peer group. The table below summarizes our ownership and holding requirement provisions.

Provisions	Description of Provisions
Ownership requirement	Five times base salary for our CEO
	Three times base salary for our COO, CFO and SVP, Healthcare Informatics
	One times base salary for our other NEOs
Time to meet requirement (phase-in period)	Five years from (i) NEO's employment date, or (ii) promotion to applicable executive level, or (iii) the date of our initial public offering, September 26, 2013, whichever is later
Equity included as ownership	Vested shares underlying RSUs
	Earned performance shares
	Shares owned directly
	Shares owned indirectly (by a spouse or a trust for an immediate family member)
Holding requirements	Shares held in our benefit plans
	Until the ownership requirement is met, NEOs must hold shares acquired under our equity program (including stock after restrictions have lapsed, shares awarded for our performance shares and shares acquired upon the exercise of a NQSO), net shares withheld for taxes or payment of exercise price as follows:
	CEO must hold 50% of net after tax value of shares
	All other NEOs must hold 35% of net after tax value of shares

As of June 30, 2015, all of our NEOs are within the five-year phase-in period and have until September 26, 2018 to comply with our stock ownership requirements.

Annual Incentive and Equity Plan Financial Metric Definitions

We report our financial results in accordance with U.S. GAAP; however, for fiscal year 2014, we used a non-GAAP pro forma presentation with respect to Revenue prior to October 1, 2013, the effective date of the reorganization and IPO and Adjusted EBITDA, a non-GAAP financial metric, in our incentive plans because the Compensation Committee believes that elements of Revenue and Adjusted EBITDA reflect the items that management has under its control through operational performance and that other expenses reflect decisions from

Table of Contents

prior years. In addition to the use of revenue measures, we believe Adjusted EBITDA, as defined in the table below, assists our Compensation Committee and management in making financial, operating and strategic decisions and in evaluating our performance on a consistent basis from period to period by removing the impact of our asset base (primarily depreciation and amortization) and items outside the control of management (taxes), as well as other non-cash (impairment of intangible assets, purchase accounting adjustments and stock-based compensation) and non-recurring items (strategic and financial restructuring expenses) from operating results. See Appendix B to this proxy statement and our 2015 Form 10-K for additional information on our use of non-GAAP pro forma presentation, non-GAAP financial metrics, and definitions of terms used in the table below.

Metric	Definitions (Including Adjustment to GAAP Measure)	Rationale
Revenue	Revenue is net revenue and includes net administrative fees plus revenue from Specialty Pharmacy, Direct Sourcing Revenue (S2S), Informatics and Technology Services, Premier Performance Partners, Premier Insurance Management Services and net revenue from partnerships, acquisitions, joint ventures and/or investments closed during the fiscal year under which revenue is consolidated for reporting purposes.	Revenue measures the top-line growth of the business through our diversification of offerings and core business growth with new and existing members. Inclusions and exclusions eliminate the impact of certain disclosed one-time factors, facilitating comparisons to prior years.
Adjusted Earnings Before Interest, Taxes, Depreciation, and Amortization (Adjusted EBITDA)	EBITDA is defined as net income before interest and investment income, net, income tax expense, depreciation and amortization of purchased intangible assets. Adjusted EBITDA is defined as EBITDA before merger and acquisition related expenses and non-recurring, non-cash, or non-operating items, and including equity in net income of unconsolidated affiliates. Non-recurring items include expenses and other items that have not been incurred within the prior two years and are not expected to recur within the next two years. Such expenses include certain strategic and financial restructuring expenses. Non-operating items include gain or loss on disposal of assets.	Adjusted EBITDA is an indicator of the operational strength and performance of the business. Adjusted EBITDA allows the Committee and management to assess performance without regard to financing methods and capital structure and without the impact of other matters that management does not consider indicative of the operating performance of the business.

Non-Qualified Deferred Compensation Plan

NEOs are eligible to participate in our voluntary, non-qualified executive Deferred Compensation Plan, which is provided for recruitment purposes and to assist executives in managing their future cash flow. The program allows NEOs to defer, on a pre-tax basis, up to 30% of their base salary and annual incentive plan award, and receive a company matching contribution of 100% of the first 3% deferred and 50% of the next 2% deferred. We provide this match for eligible compensation above the annual IRS compensation limit. Distributions are generally not allowed while NEOs are actively employed. The investment choices are similar to those offered to eligible employees in our 401(k) plan, and the plan does not offer above-market earnings. NEOs elect to receive post-separation distributions in either a lump sum or in annual installments over five years. Our NEOs were previously eligible to receive an additional contribution in this plan whereby we made contributions equaling 5% of eligible compensation earnings above the annual IRS compensation limit. We discontinued the funding of this additional contribution effective December 31, 2014. For additional information on this program, see the Summary Compensation Table and

Nonqualified Deferred Compensation Benefits table in this proxy statement.

Table of Contents

Defined Contribution (401(k) Savings) Program

Our NEOs are eligible to participate in our qualified defined contribution 401(k) Plan, under which NEOs have the opportunity to defer a portion of their eligible compensation, up to tax code limitations, and receive a company matching contribution of 100% of the first 3% of contributions and 50% of the next 2% of contributions. We provide this match for eligible compensation below the annual IRS compensation limit.

Employment Agreements

We extend employment agreements to our NEOs, which provide severance protection before and after a change in control event and also provide a minimum level of benefits to our NEOs during the term of the agreement. Each NEO's employment agreement also includes certain restrictive covenants including a non-compete provision that supports the enforceability of non-competes under the laws of North Carolina, where our corporate headquarters are located. For additional details, see [Employment Agreements](#).

Change in Control Protection

We provide our NEOs with change in control protection which includes severance benefits and defined treatment of cash and performance-based equity compensation in the event of a change in control event. We structure separation payments to help assure that key personnel, including our NEOs, would be available to assist in the successful transition following a change in control and provide a competitive level of severance protection if the executive officer is involuntarily terminated without cause or resigns for good reason within two years following a change in control. We do not provide automatic vesting of benefits upon a change in control transaction irrespective of performance. In the event that payments in connection with a change in control would trigger an excise tax under Code Section 4999, we will limit payments to an amount that will not trigger this tax unless paying all the benefits would provide a larger after-tax benefit to the NEO. We do not provide any tax gross-ups for taxes payable on change in control benefits. We describe the severance arrangements and other benefits provided to NEOs on a change in control (as well as the equity treatment upon certain separations in the event of a change in control) under [Potential Payments Upon Termination](#).

Executive Perquisites

We do not offer our NEOs the executive perquisites that many of our peer group companies offer, such as personal usage of company aircraft, company vehicles or auto allowances, personal drivers, health/country club memberships, etc. We offer our CEO reimbursement for her out-of-pocket medical expenses (see [Employment Agreements](#) for details). Our CEO is solely responsible for all taxes related to this perquisite. We do not provide tax gross-ups. We do not offer any other executive perquisites to our NEOs.

Clawback Policy

We have adopted compensation recoupment or clawback policies with respect to all incentive compensation awards, including amounts payable under our annual incentive plan and the equity awards granted under our equity plan that may be earned by our current and former executive officers.

If we are required to restate our financial statements due to NEOs' material noncompliance with any financial reporting requirements under the federal securities laws, our NEOs who received incentive compensation based on erroneous

data in a materially noncompliant financial statement must repay the amount in excess of what they would have received based on that restatement. The repayment obligation extends to any incentive compensation a NEO receives during the three-year period preceding a restatement.

The Board has the sole discretion and authority to: (i) determine the amount of any incentive-based compensation owed by any current or former executive officer; (ii) determine the means, timing (which in all circumstances will be prompt) and any other requirements by which reimbursement is required to occur, which may include, without limitation, forfeiture of any outstanding incentive award; and (iii) impose any other terms, conditions or procedures (e.g., the imposition of interest charges on un-repaid amounts) to govern the current or former executive officer's repayment of any incentive-based compensation.

The Board has discretion to take such actions it deems necessary to address the events that gave rise to the restatement and to prevent its recurrence, including, to the extent permitted under applicable law:

Dismissing the executive;

Adjusting the future compensation of the executive; or

Authorizing legal action or taking other action to enforce the executive's obligations to us.

Trading Restrictions, Anti-Hedging, and Anti-Pledging Policy

Our insider trading policy limits the timing and types of transactions in our securities by our insiders, including our NEOs. Among other restrictions, the policy:

Allows insiders to trade our securities only during open trading window periods (following earnings releases) and only after they have obtained pre-clearance for transactions; and

Prohibits insiders from trading in options, entering into transactions in warrants, puts, or calls and/or any other derivative or hedging transactions on our securities.

Additionally, our insider trading policy prohibits our insiders from holding our securities in margin accounts or pledging our securities as collateral for a loan.

Qualifying Compensation for Tax Deductibility

Code Section 162(m) generally limits the deduction that public companies may take for annual compensation paid to their CEOs and three other most highly compensated officers (excluding the CFO) to \$1 million each. There are several important exemptions to the deduction limit, including (i) an exemption for performance-based compensation awards, provided certain conditions are satisfied, and (ii) compensation (whether or not performance-based) that is payable during a transition period (IPO transition period) for newly public companies under an arrangement that was in effect before we became public and disclosed as part of our initial public offering. Under the Code, the IPO transition period for us, as a newly public company, expires no later than the first annual meeting of stockholders following the end of the third calendar year after the year in which our IPO occurred (2013). Thus, our 162(m) IPO transition period will expire no later than our annual meeting of stockholders at the end of 2017.

The IRS recently issued final regulations under Section 162(m) clarifying when the IPO transition exemption is available for performance shares and RSUs. In response to these regulations, we have decided to seek stockholder approval of an amendment to our equity plan so that certain types of cash and equity-based compensation can be structured to qualify under the performance-based compensation exemption (see Item 4 Approval of the Amended and Restated Premier, Inc. 2013 Equity Incentive Plan).

Salary (Column (c))

Reflects the salary earned in fiscal year 2015 from July 1, 2014, through June 30, 2015.

Bonus (Column (d))

Reflects discretionary amounts that were awarded under our fiscal year 2013 cash-based Annual Incentive Plan and our cash-based Long-Term Incentive Plan with respect to our performance during the 2011-2013 fiscal years. Upon becoming a public company in 2013, the cash-based LTIP was replaced by the 2013 Equity Incentive Plan. The NEOs did not receive any opportunity to earn an award under the LTIP for fiscal years 2014 or 2015.

Stock Awards (Column (e))

The amount in the Stock Awards column is the grant date fair value of stock awards determined pursuant to ASC Topic 718. Amounts reflect the aggregate grant date fair value of the performance shares and time-based restricted stock units granted to the NEOs on August 29, 2014, and the September 2013 awards granted immediately prior to our initial public offering. No stock awards were granted by us to the NEOs during the 2013 fiscal year or any prior period.

Performance shares provide an opportunity for employees to receive Class A common stock if a specified performance measure is met for a specified performance period, which is typically three years. If a performance share's minimum performance measure is not met, no award is earned. If at least the minimum performance measure is attained, awards range from 50% to 150% of the target number of shares. The amount reported in this table for performance shares is based on the probable outcome (as of the grant date) of the performance conditions applicable to those grants, and reflect the program at the target (or 100%) level. Details regarding the performance share maximum values can be found in the Grants of Plan-Based Awards table below.

Time-based RSUs provide an opportunity for employees to receive Class A common stock if the executive remains employed through a specified date, typically three years from grant. The time-based restricted stock units reported above are based on the fair value of our Class A common stock on the grant date.

There can be no assurance that the performance shares or the time-based RSUs granted to our NEOs will ever be earned or that the value of these awards as earned will equal the amounts disclosed in the Summary Compensation Table. The stock price assumption used to calculate the compensation cost is disclosed in Note 19 Stock-Based Compensation to our consolidated financial statements included in our 2015 Form 10-K.

Table of Contents**Options Awards (Column (f))**

The amounts reported in the Option Awards column represent the grant date fair value of stock option awards granted to each of the NEOs, calculated in accordance with ASC Topic 718. Reflects the aggregate grant date fair value of the stock options granted to the NEOs on August 29, 2014, and granted immediately prior to our initial public offering during the 2014 fiscal year under the 2013 Equity Incentive Plan. No stock options were granted by us to the NEOs during 2013 fiscal year or any prior period. The assumptions used to calculate the fair value for this purpose are disclosed in Note 19 Stock-Based Compensation to our consolidated financial statements included in our 2015 Form 10-K. There can be no assurance that the options will ever be exercised (in which case no value will be realized by the executive) or that the value on exercise will equal the fair value.

To see the value actually received upon exercise of options by the NEOs in 2015, refer to the Option Exercises and Stock Vested table below. Additional information on all outstanding option awards is reflected in the Outstanding Equity Awards at June 30, 2015 table below.

Non-Equity Incentive Plan (Column (g))

Reflects for (a) fiscal years 2015 and 2014, the amounts earned by our NEOs under our Annual Incentive Plan, and (b) for fiscal year 2013, the amounts earned by our NEOs under the non-discretionary portions of the Annual Incentive Plan and Long-Term Incentive Plan.

All Other Compensation (Column (h))

The amounts reported in the All Other Compensation column reflect the following costs incurred by us for the benefit of the NEOs under our 401(k) plan and Deferred Compensation Plan: \$10,800, \$10,800, \$10,200, \$10,400 and \$10,400 for Ms. DeVore and Messrs. Alkire, McKasson, Figlioli and Champion, respectively, with respect to the 401(k) plan and \$260,021, \$115,960, \$70,286, \$46,953 and \$44,800 for Ms. DeVore and Messrs. Alkire, McKasson, Figlioli and Champion, respectively, with respect to the Deferred Compensation Plan.

The disclosed amount reflects a 100% payout (target achievement) based on the probable achievement of the performance objectives under this grant at the grant date. The threshold payment reflects 50% payout based on each performance goal achieving threshold achievement; however, no payout will occur for performance below threshold. The maximum payout is 150% of the target amount shown.

All Other Option Awards (Stock Options) (Columns (i))

The awards represent time-based restricted stock units granted in August 2014 under the 2013 Equity Incentive Plan. These RSUs generally vest 100% on the third anniversary of the grant date.

Executive Contributions in Last Fiscal Year (Column (b))

These amounts were contributed by the executives to a nonqualified deferred compensation plan in 2015.

Registrant Contributions in Last Fiscal Year (Column (c))

All matching contributions shown are included in the All Other Compensation column of the Summary Compensation Table.

Table of Contents**Aggregate Earnings in Last Fiscal Year (Column (d))**

The earnings reflected in column (d) represent deemed investment earnings or losses from voluntary deferrals and our contributions, as applicable. The Deferred Compensation Plan and the 401(k) Plan do not guarantee a return on deferred amounts. For these plans, no amounts included in column (d) are reported in the Summary Compensation Table because the plans do not provide for above-market or preferential earnings.

Aggregate Withdrawals/Distributions (Column (e))

Active employees are not able to make withdrawals or receive distributions from the Nonqualified Deferred Compensation Plan.

Aggregate Balance at Last Fiscal Year End (Column (f))

The amounts shown reflect each participant's total account balance in the nonqualified deferred compensation plan as of the end of fiscal year 2014 (June 30, 2014). Our NEOs are eligible to participate in our voluntary, non-qualified executive Deferred Compensation Plan, which is provided for recruitment purposes and to assist executives in managing their future cash flow. The program allows NEOs to defer, on a pre-tax basis, up to 30% of their base salary and annual incentive plan award, and receive a company matching contribution of 100% of the first 3% deferred and 50% of the next 2% deferred. We provide this match for eligible compensation above the annual IRS compensation limit. Distributions are generally not allowed while NEOs are actively employed. The investment choices are similar to those offered to eligible employees in our 401(k) plan, and the plan does not offer above-market earnings. NEOs elect to receive post-separation distributions in either a lump sum or in annual installments over five years. Our NEOs were previously eligible to receive an additional contribution from us into this plan whereby we made contributions equaling 5% of eligible compensation earnings above the annual IRS compensation limit. We discontinued funding this additional contribution effective December 31, 2014.

Employment Agreements

The material terms of the compensation provided to our NEOs pursuant to employment agreements and restrictive covenant agreements between us and each executive are described below. See 2015 Compensation Actions for Our Named Executive Officers for a discussion of 2015 compensation determinations and Potential Payments Upon Termination for a description of the payments and benefits that would be provided to our NEOs in connection with a termination of their employment or a change in control of our Company.

Effective October 1, 2013, we and each of Ms. DeVore, Mr. Alkire and Mr. McKasson entered into new employment agreements. The term of the employment agreements for each of Ms. DeVore, Mr. Alkire and Mr. McKasson is three years from the effective date, after which the employment agreement will be automatically extended by adding a one-year term upon each anniversary of the effective date, unless either party timely provides written notice to the contrary.

Additionally, effective October 1, 2013, we and each of Mr. Figlioli and Mr. Champion entered into new restrictive covenant agreements. There is no stated employment term under these agreements (i.e., employment is at-will whereby Messrs. Figlioli and Champion may resign at any time for any reason and we may terminate their respective employment at any time for any reason). The agreements provide for certain restrictive covenant protections for us, and extend minimum compensation and severance benefits for Messrs. Figlioli and Champion.

The employment agreements, and restrictive covenant agreements, between us and the NEOs, provide for the following:

Minimum base salaries for Ms. DeVore, Mr. Alkire, Mr. McKasson, Mr. Figlioli and Mr. Champion of \$977,800, \$797,500, \$510,000, \$481,530 and \$488,470, respectively.

Participation in the 2013 Equity Incentive Plan.

Table of Contents

Participation in our benefits plans and programs.

Incentive-based compensation forfeiture and clawback provisions subject to one or both of our compensation recoupment policies as in effect from time to time (see Clawback Policy for a discussion of these policies)

Restrictive covenants, including confidentiality, non-compete and non-solicitation provisions that apply during and after the term of employment.

For Ms. Devore, Mr. Alkire and Mr. McKasson, if employment terminates, confidentiality covenant survives for 60 months; non-compete and non-solicitation covenants survive for 24 months.

For Mr. Figlioli and Mr. Champion, confidentiality covenant survives 60 months; non-compete covenant survives for 12 months; non-solicitation covenant survives for 18 months.

In addition to the above, the employment agreement for Ms. DeVore provides her with insurance coverage for purposes of providing supplemental coverage of out-of-pocket expenses, including deductibles, co-insurance, uncovered benefits, etc., and administrative fees for medical and dental care in accordance with the terms and conditions of the plan, subject to our sole discretion.

Potential Payments upon Termination

As noted under Employment Agreements above, the employment agreements and restrictive covenant agreements for each NEO provide for certain payments and benefits upon their respective separation from our Company. These provisions are summarized below.

Involuntary Termination without Cause or Resignation for Good Reason Non-Change in Control Event

Severance benefits in the event the NEO is terminated without cause or resigns for good reason are as follows:

For Ms. DeVore, Mr. Alkire and Mr. McKasson, if terminated without cause or for resignation for good reason, we will pay 1.9 times the respective executive's annual base salary in cash over 24 months following termination. Good reason applies only under the employment agreements for Ms. DeVore, Mr. Alkire and Mr. McKasson and means a resignation due to (i) a reduction in position, responsibilities, or status or a change in title resulting in material reduction in responsibilities or position; (ii) change in reporting responsibility; (iii) reduction in base salary; (iv) relocation to a location outside a 50-mile radius of the executive's primary office location; (v) our failure to make any material non-forfeited payments earned or (vi) failure of a successor to assume obligations under executives' employment agreements. A termination without cause under our employment agreements and restrictive covenant agreements means an involuntary termination of the executive officer's employment for any reason other than death, disability, cause, or for Mr. DeVore, Mr. Alkire and Mr. McKasson, good reason.

Edgar Filing: Premier, Inc. - Form PRE 14A

For Ms. DeVore, Mr. Alkire and Mr. McKasson, if terminated without cause or for resignation for good reason within 24 months following a change in control (as defined in the 2013 Equity Incentive Plan), we will pay 2.4 times the respective executive's total annual compensation in cash over 30 months following termination. Total annual compensation for this purpose means the sum of the executive's then annualized base salary, plus the greater of (i) their target annual incentive plan bonus as of termination, or (ii) the average annual incentive plan bonuses paid during the 36 months preceding employment termination.

Per the terms of the agreements for Mr. Figlioli and Mr. Champion, if terminated without cause, or due to a change in control, we will pay the respective executive's annual base salary in cash for 12 months following termination.

The NEOs' rights to receive severance benefits upon termination are conditioned upon the execution of a release of claims against us. Additionally, severance benefits may be reduced or terminated and equity awards may be forfeited if the executive breaches applicable restrictive covenant terms.

Severance payments may be delayed to the extent necessary for compliance with Section 409A of the Code governing nonqualified deferred compensation.

In the event of a termination for cause, or a voluntary resignation, the executives would not receive any of the severance payments outlined above and summarized in the tables below.

In the event of a termination without cause (other than after a change in control, which is covered below), the executives would receive the severance payments summarized in the Employment Agreements section above. Outstanding equity awards for NEOs for an involuntary termination without cause, or for resignation for good reason, as applicable, would be treated as follows:

Performance shares pro rata portion of the performance shares will be paid out upon certification of the actual results under each respective grant, based on the following formula: total number of performance shares (based on actual performance results) multiplied by the number of days of active service following the beginning of the respective performance cycle divided by 1,095 days.

RSUs pro rata portion of shares underlying RSUs equal to number of days of active service since the grant date divided by 1,095 days.

NQSOs the portion of the option that would have otherwise vested over the 12-month period following the date of termination will vest. Any vested NQSOs would be exercisable for the time periods set forth in the respective award agreements, generally one year thereafter (but not beyond the original expiration date).

The following table sets forth quantitative information with respect to potential payments to each NEO or her/his beneficiaries upon termination in various circumstances as described above, assuming termination on June 30, 2015. Table of Contents**Involuntary Termination without Cause or Resignation for Good Reason Change in Control Event**

A termination upon a change in control (as defined in the 2013 Equity Incentive Plan), is a termination without cause or a resignation for good reason as applicable within 24 months following a change in control. We do not provide our NEOs a gross-up of any golden parachute excise taxes under the Code. Our award agreements for stock options, time-based restricted stock units and performance shares include a modified cutback provision. Benefits under these equity awards, the employment agreements, and other plans and arrangements covering our NEOs are paid out in full or reduced so that the golden parachute excise tax is avoided, whichever produces a better after-tax result for the NEO. Outstanding equity awards for NEOs for an involuntary termination or resignation for good reason as applicable, within 24 months following a change in control, would be treated as follows:

Performance shares all performance shares will be paid out upon certification of the anticipated performance relative to performance goals from the start of the respective performance cycle to the date of the change in control.

RSUs all unvested RSUs will vest upon termination within 12 months following a change in control.

NQSOs all NQSOs will vest upon termination within 12 months following a change in control. Any vested NQSOs would be exercisable for the time periods set forth in the respective award agreements, generally one year thereafter (but not beyond the original expiration date).

COMPENSATION COMMITTEE REPORT

The Compensation Committee oversees our compensation programs on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Following that review and discussion, the Compensation Committee recommended that the Board include the Compensation Discussion and Analysis in our proxy statement to be filed with the SEC in connection with our Annual Meeting and incorporate it by reference in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015, filed with the SEC on August 26, 2015.

Compensation Committee*:

William E. Mayer (Chair)

Stephen R. D Arcy

Lloyd H. Dean

Keith B. Pitts

Richard J. Statuto

* Dr. Charles E. Hart served as a member of the Compensation Committee through May 2, 2015, and participated in the compensation actions described under Compensation Discussion and Analysis included in this proxy statement.

Executive Compensation Role of the Compensation Consultant

During our fiscal year 2015, the Compensation Committee directly retained the services of Mercer LLC to provide advice and recommendations to the Compensation Committee on executive officer and Board of Director compensation programs. Mercer's fees for executive compensation consulting to the Compensation Committee for fiscal year 2015 were approximately \$497,000.

During fiscal year 2015, Mercer provided the following services to the Compensation Committee related to executive officer compensation:

Attended meetings of the Compensation Committee as the Committee's advisor;

Evaluated the competitive positioning of our executive officers' base salaries, annual incentive and long-term incentive compensation relative to our peer companies;

Advised on target award levels within the annual and long-term incentive plans and, as needed, on actual compensation actions;

Edgar Filing: Premier, Inc. - Form PRE 14A

Assessed the alignment of executive officer compensation levels relative to our performance against our peer companies and relative to the Compensation Committee's articulated compensation philosophy;

Provided advice on the design of our annual and long-term incentive plans;

Advised on the performance measures and performance targets for the annual and long-term incentive programs; and

Assessed the potential for material risk within our compensation policies and practices for all employees, including executive officers.

During fiscal year 2015, management retained the services of Mercer to provide compensation and health and welfare consulting, and affiliated companies Marsh and National Economic Research Associates, Inc. to provide insurance services and economic consulting services, respectively. The aggregate fees paid for these services for fiscal year 2015 were approximately \$557,127.

Table of Contents

Based in part on the policies and procedures Mercer and the Compensation Committee have in place, the Compensation Committee believes that the advice it receives from the executive compensation consultant, a Mercer representative, is objective and not influenced by Mercer's or its affiliates' relationships with Premier. These policies and procedures include:

The executive compensation consultant receives no incentive or other compensation based on the fees charged to us for other services provided by Mercer or any of its affiliates;

The executive compensation consultant is not responsible for selling other Mercer or affiliate services to us;

Mercer's professional standards prohibit the executive compensation consultant from considering any other relationships Mercer or any of its affiliates may have with us in rendering his or her advice and recommendations;

The Compensation Committee has the sole authority to retain and terminate the executive compensation consultant;

The executive compensation consultant has direct access to the Compensation Committee without management intervention;

The Compensation Committee evaluates the quality and objectivity of the services provided by the executive compensation consultant each year and determines whether to continue to retain the consultant; and

The protocols for the engagement (described below) limit how the executive compensation consultant may interact with management.

While it is necessary for the executive compensation consultant to interact with management to gather information, the Compensation Committee has adopted protocols governing if and when the executive compensation consultant's advice and recommendations can be shared with management. These protocols are included in the Compensation Committee's engagement letter with Mercer. The Compensation Committee also determines the appropriate forum for receiving the executive compensation consultant's recommendations. Where appropriate, management invitees are present to provide context for the recommendations.

REPORT OF THE AUDIT AND COMPLIANCE COMMITTEE

The following Report of the Audit and Compliance Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent Premier specifically incorporates such information by reference.

The Board of Directors has the ultimate authority for effective corporate governance, including the role of oversight of Premier's management. The Audit and Compliance Committee's purpose is to assist the Board of Directors in fulfilling its responsibilities to Premier and its stockholders by overseeing the accounting and financial reporting processes, the qualifications and selection of the independent registered public accounting firm engaged by the Company, the Company's Ethics & Compliance Program as directed by the Chief Ethics and Compliance Officer, and the performance of the internal auditors and independent registered public accounting firm. The Audit and Compliance Committee members' functions are not intended to duplicate or to certify the activities of Premier's management or Premier's independent registered public accounting firm.

In its oversight role, the Audit and Compliance Committee relies on the expertise, knowledge and assurances of management, the internal auditors, and the independent registered public accounting firm. Management has the primary responsibility for establishing and maintaining effective systems of internal and disclosure controls (including internal control over financial reporting), for preparing financial statements, and for the public reporting process. Ernst & Young LLP (EY), Premier's independent registered public accounting firm, is responsible for performing an independent audit of Premier's consolidated financial statements and for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles in the United States. In this context, the Audit and Compliance Committee:

reviewed and discussed with management and EY the fair and complete presentation of Premier's consolidated financial statements and related periodic reports filed with the SEC (including the audited consolidated financial statements for the fiscal year ended June 30, 2015);

discussed with EY the matters required to be discussed by the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), including PCAOB Auditing Standard No. 16 (Communications with Audit Committees); and

received the written disclosures and the letter from EY required by PCAOB Rule 3526 (Communication with Audit Committees Concerning Independence) and discussed with EY its independence from the Company and its management.

The Audit and Compliance Committee also discussed with Premier's internal auditors and EY the overall scope and plans for their respective audits; reviewed and discussed with management, the internal auditors and EY the effectiveness of the Company's internal control over financial reporting, the significant accounting policies applied by Premier in its financial statements, as well as alternative treatments and risk assessment; and met periodically in executive sessions with each of management, the internal auditors and EY.

The Audit and Compliance Committee was kept apprised of the progress of management's assessment of Premier's internal control over financial reporting and provided oversight to management during the process.

Based on the reviews and discussions described above, the Audit and Compliance Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited consolidated financial statements for the fiscal year ended June 30, 2015 be included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015 for filing with the SEC. The Audit and Compliance Committee has selected EY as the Company's independent registered public accounting firm for fiscal year 2016.

The Committee shall also have the right in its sole discretion to increase or decrease the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Cycle. 12. Adjustments. The Committee shall make or provide for such adjustments in the (a) limitations specified in Section 3, (b) number of Shares covered by outstanding Awards, (c) Option Price or Base Price applicable to outstanding Options and Stock Appreciation Rights and (d) kind of shares available for grant and covered by outstanding Awards (including shares of another issuer), as the Committee in its sole discretion may in good faith determine to be equitably required in order to prevent dilution or enlargement of the rights of Participants that otherwise would result from (x) any stock dividend, stock split, reverse stock split, combination or exchange of Shares, recapitalization, extraordinary cash dividend, or other change in the capital structure of the Company, (y) any merger, consolidation, spin off, spin out, split off, split up, reorganization, partial or complete liquidation or other distribution of assets (other than a normal cash dividend), issuance of rights or warrants to purchase securities or (z) any other corporate transaction or event having an effect similar to any of the foregoing. In addition, in the event of any such transaction or event, the Committee may provide in substitution for any or all outstanding Awards under the Plan such alternative consideration as it may in good faith determine to be equitable under the circumstances and may

require in connection therewith the cancellation or surrender of all Awards so replaced. In the case of Substitute Awards, the Committee may make such adjustments, not inconsistent with the terms of the Plan, in the terms of Awards as it shall deem appropriate in order to achieve reasonable comparability or other equitable relationship between the assumed awards and the Awards granted under the Plan as so adjusted.

Table of Contents**13. *Change in Control.***

13.1 **General Rule.** Except as otherwise provided in an Award Agreement, in the event of a Change in Control, the Committee may, but shall not be obligated to do any one or more of the following, in each case without Participant consent: (a) accelerate, vest or cause the restrictions to lapse with respect to, all or any portion of an Award, (b) cancel Awards for a cash payment equal to their fair value (as determined in the sole discretion of the Committee) which, in the case of Options and Stock Appreciation Rights, shall be deemed to be equal to the excess, if any, of the consideration to be paid in connection with the Change in Control to holders of the same number of Shares subject to such Options or Stock Appreciation Rights (or, if no consideration is paid in any such transaction, the Fair Market Value of the Shares subject to such Options or Stock Appreciation Rights) over the aggregate Option Price (in the case of Options) or Base Price (in the case of Stock Appreciation Rights), (c) provide for the issuance of replacement awards that will substantially preserve the otherwise applicable terms of any affected Awards previously granted hereunder as determined by the Committee in its sole discretion, (d) terminate Options without providing accelerated vesting or (e) take any other action with respect to the Awards the Committee deems appropriate. For avoidance of doubt, the treatment of Awards upon a Change in Control may vary among Participants and Types of Awards in the Committee's sole discretion.

13.2 **Settlement of Awards Subject to Performance Goals Upon a Change in Control.** Awards subject to satisfying a Performance Goal or Goals shall be settled upon a Change in Control. The settlement amount shall be determined by the Committee in its sole discretion based upon the extent to which the Performance Goals for any such Awards have been achieved after evaluating actual performance from the start of the Performance Cycle until the date of the Change in Control and the level of performance anticipated with respect to such Performance Goals as of the date of the Change in Control.

13.3 **Change in Control** shall mean the earliest to occur of the following events, provided that such event is not also a Management Buyout (as defined below):

(a) Any Person (as defined below) is or becomes the Beneficial Owner, directly or indirectly, of securities of the Company representing 35% or more of the combined voting power of the Company's then outstanding voting securities generally entitled to vote in the election of directors of the Company, provided, however, that for avoidance of doubt, the shareholders owning the Company's Class B common stock shall be treated as the Beneficial Owner with voting control for purposes of this definition, and not any Persons voting the shares subject to a voting trust or other similar arrangement, and further provided that no Change in Control will be deemed to have occurred as a result of a change in ownership percentage resulting solely from an acquisition of securities by the Company or a transaction described in clause (i) of paragraph (b) below;

(b) There is consummated a Merger of the Company with any other business entity other than (i) a Merger which would result in the securities of the Company generally entitled to vote in the election of directors of the Company outstanding immediately prior to such Merger continuing to represent (either by remaining outstanding or by being converted into such securities of the surviving entity or any parent thereof), in combination with the ownership of any trustee or other fiduciary holding such securities under an employee benefit plan of the Company or any Subsidiary at least 50% of the combined voting power of the voting securities of the Company or such surviving entity or any parent thereof outstanding immediately after such Merger, generally entitled to vote in the election of directors of the Company or such surviving entity or any parent thereof and, in the case of such surviving entity or any parent thereof, of a class registered under Section 12 of the Act, or (ii) a Merger effected to implement a recapitalization of the Company (or similar transaction) in which no Person is or becomes a Beneficial Owner, directly or indirectly, of securities of the Company's then outstanding voting securities of the Company generally entitled to vote in the election of directors of the Company;

(c) The stockholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is consummated the sale or disposition by the Company of all or substantially all of the Company's assets, other than a sale or disposition by the Company of all or substantially all of the Company's assets to an entity where the outstanding securities generally entitled to vote in the election

of directors of the Company immediately prior to the transaction continue to represent (either by remaining outstanding or by being converted into such securities of the surviving entity or any parent thereof) 50% or more of the combined voting power of the outstanding voting securities of any such entity generally entitled to vote in such entity's election of directors immediately after such sale and of a class registered under Section 12 of the Act.

(d) As used in this Section 13:

- i. **Management Buyout** means any event or transaction which would otherwise constitute a Change in Control (a Transaction) if, in connection with the Transaction, the Participant, Family Members and/or the Participant's Affiliates participate, directly or beneficially, as an equity investor in, or have the option or right to acquire, whether vested or not vested, equity interests of, the acquiring entity or any of its Affiliates (as defined in Rule 12b-2 under the Act) (the Acquiror) having a percentage interest therein greater than 1%. For purposes of the preceding sentence, a party shall not be deemed to have participated as an equity investor in the Acquiror by virtue of (i) obtaining Beneficial Ownership of any equity interest in the Acquiror as a result of the grant to the party of an incentive compensation award under one or more incentive plans of the Acquiror (including, but not limited to, the conversion in connection with the Transaction of incentive compensation awards of the Company into incentive compensation awards of the Acquiror), on terms and conditions substantially equivalent to those applicable to other employees of the Company at a comparable level as such party immediately before the Transaction, after taking into account normal differences attributable to job responsibilities, title and the like, (ii) obtaining beneficial interest of any equity interest in the Acquiror on terms and conditions substantially equivalent to those obtained in the Transaction by all other shareholders of the Company or (iii) the party's interests in any tax-qualified defined benefit or defined contribution pension or retirement plan in which such party or any Family Member is a participant or beneficiary.
- ii. **Merger** means a merger, share exchange, consolidation or similar business consolidation under applicable law.
- iii. **Participant's Affiliates** at any time consist of any entity in which the Participant and/or members of the Participant's Family Members then own, directly or beneficially, or have the option or right to acquire, whether or not vested, greater than 10% of such entity's equity interests, and all then current directors and Executive Officers of the Company who are members of any group that also includes the Participant, a Family Member and/or any such entity in which the members have agreed to act together for the purpose of participating in the Transaction.
- iv. **Person** shall have the meaning given in Section 3(a)(9) of the Act, as modified and used in Sections 13(d) and 14(d) thereof, except that such term shall not include (i) the Company or any of its Subsidiaries, (ii) a trustee or other fiduciary holding securities under an employee benefit plan of the Company, and (iii) a corporation owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions and with substantially the same voting rights as their ownership and voting rights with respect to the Company.

14. Requirements for Performance-Based Awards.

14.1 In General. Any Executive Officer or other key employee providing services to the Company and/or its Subsidiaries and Affiliates and who is selected by the Committee (hereinafter referred to as a Covered Employee) may be granted one or more Performance-Based Awards in the form of a Restricted Stock Award, Restricted Stock Units, Performance Share Awards, Other Equity Awards and/or Cash-Based Awards payable upon the attainment of Performance Goals that are established by the Committee and relate to one or more of the Performance Criteria, in each case on a specified date or dates or over any period or periods determined by the Committee, as permitted under this Section 14. Notwithstanding anything to the contrary in the Plan, the Committee shall have no obligation to grant any Award, whether settled in Shares or cash, in the form of performance-based compensation under Section 162(m) of the Code. For the avoidance of doubt, a Covered Employee may receive as Performance-Based Awards a

Cash-Based Award

A-11

subject to Performance Cycle that is twelve months and a Cash-Based Award subject to a Performance Cycle that is more than twelve months in the same calendar year. The Committee shall define in an objective fashion the manner of calculating the Performance Criteria it selects to use for any Performance Cycle. Depending on the Performance Criteria used to establish such Performance Goals, the Performance Goals may be expressed in terms of overall Company performance or the performance of a division, business unit, or an individual. Each Performance-Based Award shall also comply with the provisions set forth below.

14.2 *Grant Procedure.* With respect to each Performance-Based Award, the Committee shall select, within the first 90 days of a Performance Cycle, the Performance Criteria for such grant and the Performance Goals with respect to each Performance Criterion (including a threshold level of performance below which no amount will become payable with respect to such Award). Each Performance-Based Award will specify the amount payable, or the formula for determining the amount payable, upon achievement of the various applicable performance targets. The Performance Criteria established by the Committee may be (but need not be) different for each Performance Cycle and different Performance Goals may be applicable to Performance-Based Awards to different Covered Employees. The Committee shall designate whether an Award granted to an Executive Officer or key employee is intended to be a Performance-Based Award at the time of grant.

14.3 *Permissible Performance Criteria.* Only one or a combination of the following may be used as Performance Criteria for a Performance-Based Award: growth in net sales or revenue, return measures (including, but not limited to, return on invested capital, assets, capital, equity and sales), gross profit margin; operating expense ratios; operating expense targets; productivity ratios; operating income, gross or operating margins; earnings before or after taxes, interest, depreciation and/or amortization, net earnings or net income (before or after taxes); earnings per share; cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment), working capital targets, funds from operations or similar measure, capital expenditures, share price (including, but not limited to, growth measures and total stockholder return), appreciation in the fair market value or book value of the common stock, economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of the capital), debt to equity ratio / debt levels, quantitative measures of customer satisfaction, market share, acquisitions or strategic transactions, quantitative measures of employee satisfaction / engagement, employee retention / attrition, safety, budget achievement, expense reduction or cost savings, productivity improvements and inventory control / efficiency.

14.4 *Permitted Adjustments.* The Committee, in its discretion, may measure performance against Performance Goals under a Performance-Based Award by taking one or more of the following actions: (a) excluding each of ~~the~~ following items: ~~(i) any unusual or extraordinary corporate item, transaction or development restructuring and/or other nonrecurring and/or extraordinary charges~~ events of an unusual nature or of a type that indicates infrequency of occurrence, both as described in Accounting Standards Codification Topic 225-20 or any successor pronouncement thereto (as reported in the Corporation's financial statements for the Performance Cycle), (ii) exchange rate effects, as applicable, for non-U.S. dollar denominated operating earnings, (iii) the effects to any statutory adjustments to corporate tax rates, (iv) the impact of discontinued operations, (v) losses from discontinued operations, (vi) restatements and other unplanned special charges such as acquisitions, acquisition expenses (including, without limitation, expenses relating to goodwill and other intangible assets), (vi) divestitures, (vii) stock offerings, (viii) stock repurchases, (ix) strategic loan loss provisions and (b) not adjusting for changes in accounting principles. Any such action with respect to a Performance-Based Award must be taken by the Committee within the first ninety (90) days applicable to the Performance Cycle or such later time as may be permitted under Section 162(m) of the Code or as would not cause any deduction arising from such Award to be disallowed under Section 162(m) of the Code.

14.5 *Certification of Performance Goals and Payment.* Following the completion of a Performance Cycle, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the

Performance Cycle have been achieved and, if so, to also calculate and certify in

A-12

Table of Contents

writing the amount of the Performance-Based Awards earned for the Performance Cycle. The Committee shall then determine the actual size of each Covered Employee's Performance-Based Award, and, in doing so with respect to a Cash-Based Award, may reduce or eliminate the amount of such Award if, in its sole judgment, such reduction or elimination is appropriate.

14.6 Interpretation. All Performance-Based Awards and the provisions hereunder applicable to such Awards shall be interpreted consistent with the requirements of Section 162(m).

14.7 Transition Period. Notwithstanding this Section 14, no restrictions imposed to qualify payments under the Plan as qualified performance-based compensation within the meaning of Treas. Reg. §1.162-27(e) shall apply until the expiration of the reliance period described in Treas. Reg. §1.162-27(f)(2).

15. Withholding.

15.1 Tax Withholding. The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan prior to making any payments hereunder.

15.2 Share Withholding. With respect to withholding required upon the exercise of Options or Stock Appreciation Rights, upon the lapse of restrictions on Restricted Shares and Restricted Stock Units, or upon the achievement of performance goals related to Performance Share Awards, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing or electronically, and signed or acknowledged electronically by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

16. Certain Terminations of Employment, Hardship and Approved Leaves of Absence. Notwithstanding any other provision of the Plan to the contrary, in the event of a Participant's termination of employment (including by reason of death, disability or retirement) or in the event of hardship or other special circumstances, the Committee may in its sole discretion take any action that it deems to be equitable under the circumstances or in the best interests of the Company, including, without limitation, waiving or modifying any limitation or requirement with respect to any Award under the Plan. The Committee shall have the discretion to determine whether and to what extent the vesting of Awards shall be tolled during any leave of absence, paid or unpaid; provided however, that in the event of military leave, vesting shall toll during any unpaid portion of such leave, provided that, upon a Participant's returning from military leave (under conditions that would entitle him or her to protection upon such return under the Uniform Services Employment and Reemployment Rights Act), he or she shall be given vesting credit with respect to the Award to the same extent as would have applied had the Participant continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave. Any actions taken by the Committee shall be taken consistent with the requirements of Section 409A of the Code and, with respect to Performance-Based Awards, Section 162(m) of the Code.

17. Authorization of Sub-Plans. The Committee may from time to time establish one or more sub-plans under the Plan for purposes of satisfying applicable blue sky, securities, and/or tax laws of various jurisdictions. The Committee shall establish such sub-plans by adopting supplements to the Plan containing (a) such limitations as the Committee deems necessary or desirable, and (b) such additional terms and conditions not otherwise inconsistent with the Plan as

the Committee shall deem necessary or desirable. All sub-plans adopted by the Committee shall be deemed to be part of the Plan, but each sub-plan shall apply only to Participants within the affected jurisdiction and the Company shall not be required to provide copies of any sub-plans to Participants in any jurisdiction which is not the subject of such sub-plan.

A-13

Table of Contents**18. Amendments and Other Matters.**

18.1 Plan Amendments. The Board may amend, suspend or terminate the Plan or the Committee's authority to grant Awards under the Plan at any time. Notwithstanding the foregoing, no amendments shall be effective without approval of the Company's stockholders if (a) stockholder approval of the amendment is then required pursuant to the Code, the rules of the primary stock exchange or stock market on which the Shares are then traded, applicable U.S. state corporate laws or regulations, applicable U.S. federal laws or regulations, and the applicable laws of any foreign country or jurisdiction where Awards are, or shall be, granted under the Plan, or (b) such amendment would (i) modify Section 18.4, (ii) materially increase benefits accruing to Participants, (iii) increase the aggregate number of Shares issued or issuable under the Plan, (iv) increase any limitation set forth on the number of Shares which may be issued or the aggregate value of Awards or the per-person limits under Section 3 except as provided in Section 12, (v) modify the eligibility requirements for Participants in the Plan, or (vi) reduce the minimum Option Price and Base Price as set forth in Sections 5 and 6, respectively. Notwithstanding any other provision of the Plan to the contrary, except as provided in Section 18.8, no termination, suspension or amendment of the Plan may adversely affect any outstanding Award without the consent of the affected Participant.

18.2 Award Deferrals. The Committee may permit Participants to elect to defer the issuance of Shares or the settlement of Awards in cash under the Plan pursuant to such rules, procedures or programs as it may establish for purposes of the Plan. However, any Award deferrals which the Committee permits must comply with the provisions of Section 22 and the requirements of Section 409A of the Code.

18.3 Conditional Awards. The Committee may condition the grant of any award or combination of Awards under the Plan on the surrender or deferral by the Participant of his or her right to receive a cash bonus or other compensation otherwise payable by the Company or any Affiliate to the Participant, provided that any such grant must comply with the provisions of Section 22 and the requirements of Section 409A of the Code.

18.4 Repricing Prohibited. The terms of outstanding Awards may not be amended to reduce the Option Price of outstanding Options or Base Price of outstanding Stock Appreciation Rights or cancel outstanding Options or Stock Appreciation Rights in exchange for cash, other Awards or Options or Stock Appreciation Rights with an Option Price or Base Price that is less than the Option Price or Base Price of the original Options or Stock Appreciation Rights, and the Committee may not take any other action that is considered a repricing for purposes of the stockholder approval rules of the applicable securities exchange or inter-dealer quotation system on which Shares are listed or quoted, without stockholder approval, provided that nothing herein shall prevent the Committee from taking any action provided for in Section 12 above.

18.5 No Employment Rights. Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Affiliates, and/or its Subsidiaries to terminate any Participant's employment or service on the Board or to the Company at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his employment or service as a director for any specified period of time. Neither an Award nor any benefits arising under the Plan shall constitute an employment contract with the Company, its Affiliates, and/or its Subsidiaries and, accordingly, subject to Section 18.1, the Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company, its Affiliates, and/or its Subsidiaries.

18.6 Tax Qualification. To the extent that any provision of the Plan would prevent any Award that was intended to qualify under particular provisions of the Code from so qualifying, such provision of the Plan shall be null and void with respect to such Award, provided that such provision shall remain in effect with respect to other Awards, and there shall be no further effect on any provision of the Plan.

18.7 *Leave of Absence or Transfer.* A transfer between the Company and any Affiliate or between Affiliates, or a leave of absence duly authorized by the Company, shall not be deemed to be a termination of employment. Periods of time while on a duly authorized leave of absence shall be disregarded for purposes of determining whether a Participant has satisfied a Restricted Period or Performance Cycle under an Award.

Table of Contents

18.8 *Amendments to Comply with Laws, Regulations or Rules.* Notwithstanding any other provision of the Plan or any Award Agreement to the contrary, in its sole and absolute discretion and without the consent of any Participant, the Board may amend the Plan, and the Committee may amend any Award Agreement, to take effect retroactively or otherwise as it deems necessary or advisable for the purpose of conforming the Plan or such Award Agreement to any present or future law, regulation or rule applicable to the Plan, including, but not limited to, Section 409A of the Code.

18.9 *Tolling.* In the event a Participant is prevented from exercising an Option or the Company is unable to settle an Award due to either any trading restrictions applicable to the Company's Shares, the Participant's physical infirmity or administrative error by the Company relied upon and not caused by the Participant, then unless otherwise determined by the Committee, the length of time applicable to any such restriction, condition or event shall toll any exercise period (i) until such restriction lapses, (ii) until the Participant (or his representative) is able to exercise the Award or (iii) until such error is corrected, as applicable.

18.10 *No Duty to Inform Regarding Exercise Rights.* Neither the Company, any Affiliate, the Committee nor the Board shall have any duty to inform a Participant of the pending expiration of the period in which a Stock Appreciation right may be exercised or in which an Option may be exercised.

19. *Issuance of Shares; Fractional Shares.*

19.1 *Form for Issuing Shares; Legends.* Shares may be issued on a certificated or uncertificated basis. Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

19.2 *Delivery of Title.* The Company shall have no obligation to issue or deliver evidence of title for Shares issued under the Plan prior to: (i) obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and (ii) completing any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

19.3 *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

19.4 *Investment Representations.* The Committee may require any individual receiving Shares pursuant to an Award under the Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares,

19.5 *Fractional Shares.* The Company shall not be required to issue any fractional Shares pursuant to the Plan. The Committee may provide for the elimination of fractions or for the settlement thereof in cash.

20. *Limitations Period.* Any person who believes he or she is being denied any benefit or right under the Plan may file a written claim with the Committee. Any claim must be delivered to the Committee within forty-five (45) days of the specific event giving rise to the claim. Untimely claims will not be processed and shall be deemed denied. The Committee, or its designated agent, will notify the Participant of its decision in writing as soon as administratively practicable. Claims not responded to by the Committee in writing within ninety (90) days of the date the written claim is delivered to the Committee shall be deemed denied. The Committee's decision shall be final, conclusive and binding on all persons. No lawsuit relating to the Plan may be filed before a written claim is filed with the Committee and is denied or deemed denied, and any lawsuit must be filed within one year of such denial or deemed denial or be forever barred. The venue for any lawsuit shall be Charlotte, North Carolina.

21. **Governing Law.** The validity, construction and effect of the Plan and any Award hereunder will be determined in accordance with the State of Delaware except to the extent governed by applicable federal law.

22. **Compliance with Section 409A.**

22.1 **In General.** The Plan is intended to be administered in a manner consistent with the requirements, where applicable, of Section 409A. For avoidance of doubt, Stock Options and Stock Appreciation Rights are intended to qualify for the stock rights exemptions from Section 409A. Where reasonably possible and practicable, the Plan shall be administered in a manner to avoid the imposition on Participants of immediate tax recognition and additional taxes pursuant to such Section 409A. Notwithstanding the foregoing, neither the Company nor the Committee shall have any liability to any person in the event Section 409A applies to any such Award in a manner that results in adverse tax consequences for the Participant or any of his or her transferees.

22.2 **Elective Deferrals.** No elective deferrals or re-deferrals other than in regard to Restricted Stock Units are permitted under the Plan.

22.3 **Applicable Requirements.** To the extent any of the Awards granted under the Plan are deemed deferred compensation and hence subject to Section 409A, the following rules shall apply to such Awards:

(a) **Mandatory Deferrals.** If the Company decides that the payment of compensation under the Plan shall be deferred within the meaning of Section 409A, then, except as provided under Treas. Reg. Section 1.409A-1(b)(4)(ii), on granting of the Award to which such compensation payment relates, the Company shall specify the date(s) at which such compensation will be paid in the Award Agreement.

(b) **Initial Deferral Elections.** For Awards of RSUs where the Committee provides the opportunity to elect the timing and form of the payment of the underlying Shares at some future time once any requirements have been satisfied, the Participant must make his or her initial deferral election for such Award in accordance with the requirements of Section 409A, i.e., within thirty (30) days of first becoming eligible to receive such award or prior to the start of the year in which the Award is granted to the Participant, in each case pursuant to the requirements of Section 409A and Treas. Reg. Section 1.409A-2.

(c) **Subsequent Deferral Elections.** To the extent the Company or Committee decides to permit compensation subject to Section 409A to be re-deferred pursuant to Treas. Reg. Section 1.409A-2(b), then the following conditions must be met: (i) such election will not take effect until at least 12 months after the date on which it is made; (ii) in the case of an election not related to a payment on account of disability, death or an unforeseeable emergency, the payment with respect to which such election is made must be deferred for a period of not less than five years from the date such payment would otherwise have been paid; and (iii) any election related to a payment at a specified time or pursuant to a fixed schedule (within the meaning of Treas. Reg. Section 1.409A-3(a)(4)) must be made not less than 12 months before the date the payment is scheduled to be paid.

(d) **Timing of Payments.** Payment(s) of compensation that is subject to Section 409A shall only be made upon an event or at a time set forth in Treas. Reg. Section 1.409A-3, i.e., the Participant's separation from service, the Participant's becoming disabled, the Participant's death, at a time or a fixed schedule specified in the Plan or an Award Agreement, a change in the ownership or effective control of the Company, or in the ownership of a substantial portion of the assets of the Company, or the occurrence of an unforeseeable emergency.

(e) **Certain Delayed Payments.** Notwithstanding the foregoing, to the extent an amount was intended to be paid such that it would have qualified as a short-term deferral under Section 409A and the applicable regulations, then such

payment is or could be delayed if the requirements of Treas. Reg. 1.409A-1(b)(4)(ii) are met.

A-16

Table of Contents

(f) **Acceleration of Payment.** Any payment made under the Plan to which Section 409A applies may not be accelerated, except in accordance with Treas. Reg. 1.409A-3(j)(4).

(g) **Payments upon a Change in Control.** Notwithstanding any provision of the Plan to the contrary, to the extent an Award subject to Section 409A shall be deemed to be vested or restrictions lapse, expire or terminate upon the occurrence of a Change in Control and such Change in Control does not constitute a change in the ownership or effective control or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Section 409A (a)(2)(A)(v), then even though such Award may be deemed to be vested or restrictions lapse, expire or terminate upon the occurrence of the Change in Control or any other provision of the Plan, payment will be made, to the extent necessary to comply with the provisions of Section 409A, to the Participant on the earliest of (i) the Participant's separation from service with the Company (determined in accordance with Section 409A), (ii) the date payment otherwise would have been made pursuant to the regular payment terms of the Award in the absence of any provisions in the Plan to the contrary (provided such date is permissible under Section 409A) or (iii) the Participant's death.

(h) **Payments to Specified Employees.** Payments due to a Participant who is a specified employee within the meaning of Section 409A on account of the Participant's separation from service with the Company (determined in accordance with Section 409A) shall be made on the date that is six months after the date of the Participant's separation from service or, if earlier, the Participant's date of death.

22.4 Deferrals to Preserve Deductibility under Section 162(m). The Committee may postpone the exercising of Awards, the issuance or delivery of Shares under any Award or any action permitted under the Plan to prevent the Company, a Subsidiary or any Affiliate from being denied a Federal income tax deduction with respect to any Award other than an ISO as a result of Section 162(m) in accordance with IRS regulations. In such case, payment of such deferred amounts must be made as soon as reasonably practicable following the first date on which the Company, a Subsidiary and/or Affiliate anticipates or reasonably should anticipate that, if the payment were made on such date, the Company's, Subsidiary's and/or Affiliate's deduction with respect to such payment would no longer be restricted due to the application of Section 162(m).

22.5 Determining Controlled Group. In order to determine for purposes of Section 409A whether a Participant or eligible individual is employed by a member of the Company's controlled group of corporations under Section 414(b) of the Code (or by a member of a group of trades or businesses under common control with the Company under Section 414(c) of the Code) and, therefore, whether the Shares that are or have been purchased by or awarded under the Plan to the Participant are shares of service recipient stock within the meaning of Section 409A, a Participant or eligible employee of Premier Healthcare Alliance, L.P. shall be considered employed by the Company's controlled group (or by a member of a group of trades or businesses under common control with the Company, as applicable).

23. Transferability.

23.1 Transfer Restrictions. Except as provided in Sections 23.2 and 23.4, no Award granted under the Plan shall be transferable by a Participant other than upon death by will or the laws of descent and distribution, and Options and Stock Appreciation Rights shall be exercisable during a Participant's lifetime only by the Participant or, in the event of the Participant's legal incapacity, by his guardian or legal representative acting in a fiduciary capacity on behalf of the Participant under state law. Any attempt to transfer an Award in violation of the Plan shall render such Award null and void.

23.2 Limited Transfer Rights. The Committee may expressly provide in an Award Agreement that a Participant may transfer such Award (other than an Incentive Stock Option), in whole or in part, to a Family Member, a trust for the

exclusive benefit of the Participant and Family Members, a partnership or other entity in which all the beneficial owners are the Participant and Family Members, or any other entity affiliated with the Participant that may be approved by the Committee. Subsequent transfers of Awards shall

be prohibited except in accordance with this Section 23.2. All terms and conditions of the Award, including provisions relating to the termination of the Participant's covered employment or service shall continue to apply following a transfer made in accordance with this Section 23.2.

23.4 *Domestic Relations Orders.* Notwithstanding the foregoing provisions of this Section 23, any Award made under the Plan may be transferred as necessary to fulfill any domestic relations order as defined in Section 414(p)(1)(B) of the Code.

24. *Forfeiture and, Recoupment and Clawback.* Without limiting in any way the generality of the Committee's power to specify any terms and conditions of an Award consistent with law, and for greater clarity, the Committee may specify in an Award Agreement that the Participant's rights, payments and benefits with respect to an Award, including any payment of Shares received upon exercise or in satisfaction of an Award under the Plan shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions, without limit as to time. Such events shall include, but not be limited to, failure to accept the terms of the Award Agreement, termination of service under certain or all circumstances, violation of material Company policies, misstatement of financial or other material information about the Company, fraud, misconduct, breach of noncompetition, confidentiality, nonsolicitation, noninterference, corporate property protection, or other agreements that may apply to the Participant, or other conduct by the Participant that the Committee determines is detrimental to the business or reputation of the Company and its Affiliates, including facts and circumstances discovered after termination of service. If the Committee takes no special action with respect to any disposition of a facility or an operating unit, then the Participant shall be deemed to have terminated his or her employment with the Company and its Subsidiaries and Affiliates and the terms and conditions of the Award Agreement and the other terms and conditions of the Plan shall control.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company's Certificate of Incorporation or by-laws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

28. *Nonexclusivity of the Plan.* The adoption of the Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

Table of Contents**APPENDIX B****Fiscal Year 2015 Performance GAAP to non-GAAP Pro Forma and GAAP to non-GAAP Reconciliations**

As set forth below under Net Revenue Reconciliation, we use a non-GAAP pro forma presentation with respect to net revenues prior to October 1, 2013, the effective date of the reorganization and initial public offering (IPO). We believe this presentation is useful because our net revenues prior to the reorganization and IPO are not indicative of our results for periods after the reorganization and IPO. This non-GAAP pro forma presentation is for informational purposes only and does not purport to reflect our historical results or operations or financial position. This non-GAAP pro forma presentation should not be relied upon as being indicative of our financial condition or results of operations had the reorganization and IPO occurred on the dates assumed. Further, this presentation does not project our revenues, results of operations or financial position for any future period or date. More information regarding our use of non-GAAP pro forma presentations is provided in our 2015 Annual Report. In addition, you should carefully review our historical actual results presented in our 2015 Annual Report.

We also the following non-GAAP financial measures: EBITDA, Adjusted EBITDA, Segment Adjusted EBITDA, Adjusted Fully Distributed Net Income, and Adjusted Fully Distributed Earnings Per Share.

We define EBITDA as net income before interest and investment income, net, income tax expense, depreciation and amortization and amortization of purchased intangible assets. We define Adjusted EBITDA as EBITDA before merger and acquisition related expenses and non-recurring, non-cash or non-operating items, and including equity in net income of unconsolidated affiliates. For all non-GAAP financial measures, we consider non-recurring items to be expenses and other items that have not been incurred within the prior two years and are not expected to recur within the next two years. Such expenses include certain strategic and financial restructuring expenses. Non-operating items include gain or loss on disposal of assets.

We define Segment Adjusted EBITDA as the segment's net revenue less operating expenses directly attributable to the segment excluding depreciation and amortization, amortization of purchased intangible assets, merger and acquisition related expenses and non-recurring or non-cash items, and including equity in net income of unconsolidated affiliates. Operating expenses directly attributable to the segment include expenses associated with sales and marketing, general and administrative and product development activities specific to the operation of each segment. General and administrative corporate expenses that are not specific to a particular segment are not included in the calculation of Segment Adjusted EBITDA.

We define Adjusted Fully Distributed Net Income as net income attributable to Premier (i) excluding income tax expense, (ii) excluding the effect of non-recurring and non-cash items, (iii) assuming the exchange of all the Class B common units into shares of Class A common stock, which results in the elimination of non-controlling interest in Premier LP and (iv) reflecting an adjustment for income tax expense on non-GAAP pro forma fully distributed net income before income taxes at our estimated effective income tax rate. Adjusted Fully Distributed Net Income is a non-GAAP financial measure because it represents net income attributable to Premier before merger and acquisition related expenses and non-recurring or non-cash items and the effects of non-controlling interests in Premier LP.

We define Adjusted Fully Distributed Earnings Per Share as earnings per share attributable to Premier (i) excluding income tax expense, (ii) excluding impact of adjustment of redeemable limited partners' capital to redemption amount, (iii) excluding the effect of non-recurring and non-cash items, (iv) assuming the exchange of all the Class B common units into shares of Class A common stock, which results in the elimination of non-controlling interest in Premier LP and (v) reflecting an adjustment for income tax expense on non-GAAP pro forma fully distributed net income before income taxes at our estimated effective income tax rate. Adjusted Fully Distributed Earnings Per Share is a
