Chief Executive Officer Transition

In fiscal 2015, the Company elected Mr. Glenn J. Williams as our new Chief Executive Officer; he took the role from our former Co-Chief Executive Officers who had served since 1999. Mr. G. Williams was our former President and he has been with the Company since 1981. We were pleased that the transition was seamless and was well-received by all constituents.

Continued Alignment of Compensation and Performance

Our compensation philosophy includes a strong commitment to provide compensation programs that link executive pay to company and personal performance. Our Board of Directors spent significant time and resources in 2015 to discuss and review our executive compensation program with independent experts in our continuing effort to achieve an appropriate alignment of compensation with performance.

Leading Corporate Governance Practices

Complementing our financial and distribution performance is our company's commitment to corporate governance, including:

The implementation in early 2016 of majority voting for directors in uncontested elections;

Annual election of directors;

A significant percentage of diversity among our directors;

An independent Lead Director complemented by a non-executive Chairman of the Board; and

Annual outreach to stockholders that own in the aggregate in excess of 72% of our outstanding common stock.

We strongly encourage all of our stockholders to convey their views and vote promptly. We look forward to seeing you at the Annual Meeting. If you cannot attend in person, then you may listen to a live webcast of the Annual Meeting at our investor relations website, <http://investors.primerica.com>. During the year ended December 31, 2015 (fiscal 2015), Primerica, Inc. (the Company) underwent a leadership transition. In January 2015, we announced that after 15 years as Co-Chief Executive Officers,

PROXY SUMMARY

Messrs. D. Richard Williams and John A. Addison, Jr. would step down from that position on April 1, 2015. We also announced that effective April 1, 2015 Mr. Glenn J. Williams, then our President, would be promoted to Chief Executive Officer, and Mr. Peter W. Schneider, then our Executive Vice President and General Counsel, would be promoted to President. Effective April 1, 2015, Mr. R. Williams was appointed non-executive Chairman of the Board and Mr. Addison was appointed non-executive Chairman of Primerica Distribution, and both continued to serve as members of our Board of Directors (the Board or our Board of Directors). As described in this proxy statement, these actions impacted fiscal 2015 executive compensation.

The Compensation Committee (the Compensation Committee) of our Board of Directors structured our executive compensation program to pay for performance and, over the long term, to provide compensation to our executive officers that is market competitive. Further, it is structured so that a meaningful percentage of compensation is tied to the achievement of challenging levels of corporate and personal performance objectives. The Compensation Committee was pleased with management s achievements and the Company s performance in fiscal 2015, particularly the following:

Operating revenues and net operating income in fiscal 2015 improved 5.1% and 4.5%, respectively, compared with the year ended December 31, 2014 (fiscal 2014);

Net operating income return on adjusted stockholders equity (ROAE) improved to 16.9% for fiscal 2015 compared with 15.3% for fiscal 2014; and

The size of our life-licensed sales force increased 8.5% to 106,710 at December 31, 2015 compared with 98,358 at December 31, 2014. Set forth below is a brief description of our fiscal 2015 executive compensation program.

Compensation for our executive officers includes base salary, annual cash incentive awards and long-term equity awards.

Each of our Executive Team members (identified in Executive Compensation Compensation Discussion and Analysis (CD&A)) has a maximum permissible award that is equal to a designated percentage of operating income before income taxes.

The Compensation Committee set cash and equity award targets for each Executive Team member at the beginning of 2015.

Annual cash incentive awards were earned based on the Company s achievement of pre-determined performance goals related to operating revenue, net operating income, ROAE and size of life-licensed sales force at year end. As a result of these metrics, our Executive Team members received a corporate performance award equal to 121.9% of the target award.

Long-term equity awards granted to our Executive Team members consisted of restricted stock units (RSUs), non-qualified stock options and, for the first time, performance stock units (PSUs). These awards were based on personal and team performance. The RSUs and stock options vest in equal installments over three years. The PSUs will be earned based on the Company s ROAE over a three year performance period commencing January 1, 2016 and the executives will receive between 0% and 150% of the awarded shares in early 2019;

Edgar Filing: Primerica, Inc. - Form DEF 14A

Based on the achievement of personal performance objectives, the Compensation Committee determined to pay each of our Executive Team members 120% of his or her target equity award. Mr. William A. Kelly, who appears in this proxy statement for the first time as a named executive officer, received a payout equal to 120% based on his personal performance and also received a discretionary bonus described under the heading Executive Compensation Fiscal 2015 Executive Compensation ; and

Table of Contents**Proposal 1:****Election of Eleven Directors**

See Board of Directors beginning on page 19 for more information.

We ask that our stockholders elect the eleven director nominees named below to our Board of Directors to serve a one-year term commencing at the Annual Meeting. Our Board of Directors implemented majority voting in uncontested elections in early 2016. As a result, each director will be elected by a majority of the votes cast, meaning that each director nominee must receive a greater number of shares voted for such director than the shares voted against such director. If an incumbent director does not receive a greater number of shares voted for such director than shares voted against such director, then such director must tender his or her resignation to the Board. In that situation, the Corporate Governance Committee of the Board (the Corporate Governance Committee) would make a recommendation to the Board about whether to accept or reject the resignation, or whether to take other action. Within 90 days from the date the election results are certified, the Board will act on the Corporate Governance Committee's recommendation and will publicly disclose its decision and rationale behind it. In a contested election a circumstance we do not anticipate at the Annual Meeting director nominees are elected by a plurality vote. Any shares that are not voted (whether by abstention or otherwise) will have no impact on the outcome of the vote. The following table provides summary information about each director nominee, all of whom currently serve on our Board.

MATTERS TO BE VOTED ON

Each director nominee attended at least 75% of the aggregate of all meetings of our Board of Directors and each committee of which he or she was a member during fiscal 2015.

Effective April 1, 2015, our Board of Directors elected Mr. G. Williams to our Board of Directors and promoted him to Chief Executive Officer (Chief Executive Officer or CEO). The remaining ten directors have served at least since the 2014 Annual Meeting of Stockholders. Unless otherwise instructed, the members of the Proxy Committee (as defined in Information About Voting and the Annual Meeting) will vote the proxies held by them **FOR** the election to our Board of Directors of the nominees named above.

Our Board of Directors unanimously recommends a vote FOR the election to our Board of Directors of the nominees named above.

Proposal 2:

Re-approval of the Material Terms of Performance-Based Compensation Under the Amended and Restated Primerica, Inc. 2010 Omnibus Incentive Plan

See Executive Compensation beginning on page 35 for more information.

Background

On March 31, 2010, our Board of Directors and our then sole stockholder adopted the original Primerica, Inc. 2010 Omnibus Incentive Plan, which was amended and restated by the Compensation Committee of the Board (the Compensation Committee) in March 2011 and approved by our stockholders in May 2011. We ask that our stockholders re-approve the material terms of performance-based compensation which may be granted under the Plan. Stockholder approval is necessary so that certain incentive awards granted under the Plan may qualify as exempt performance-based compensation under Section 162(m) of the Internal Revenue Code (the Code). No amendments or alterations to the Plan are being proposed.

The purposes of the Plan are to align the long-term financial interests of employees, directors, members of our sales force and other service providers of Primerica with those of our stockholders, to attract and retain those individuals by providing compensation opportunities that are competitive with other companies, and to provide incentives to those individuals who contribute significantly to the long-term performance and growth of the Company.

The Plan permits the grant of cash awards as well as stock options, RSUs, restricted stock, deferred stock, stock appreciation rights (SARs), performance awards and other stock-based awards (collectively, stock awards). Individuals eligible to receive awards under the Plan include employees, directors, consultants and advisors of the Company and its subsidiaries as well as independent sales representatives. As of December 31, 2015, there were ten non-employee directors, eight executive officers, approximately 300 employees other than executive officers and approximately 4,000 independent sales representatives who were eligible to receive awards under the Plan.

Plan Benefits

We expect to issue annual RSUs to our employees, including the executive officers named in this Proxy Statement (referred to as our continuing named executive officers). In addition, members of our Executive Team may receive annual awards of non-qualified stock options and PSUs. Provided that the recipient of the awards remains employed by us, the RSUs and nonqualified stock options typically vest in equal annual installments over three years, subject to accelerated vesting in the event of the participant's involuntary termination of employment other than due to disability or for cause. PSUs are paid out after the end of a three-year performance period.

We expect to continue to offer members of our sales force the opportunity to earn deferred stock awards through our quarterly incentive compensation program. Deferred stock awards

MATTERS TO BE VOTED ON

will vest immediately but will generally be subject to sale restrictions that will lapse over three years. All members of the sales force at the level of regional vice president (RVP) or above are eligible to participate in the quarterly incentive compensation program.

Future equity grants under the Plan (as well as any performance-based cash bonuses granted under the Plan) will be made to eligible participants (including our continuing named executive officers and other employees, directors, consultants, advisors and members of our sales force) at the discretion of the Compensation Committee and, accordingly, are not yet determinable. In addition, benefits under the Plan will depend on a number of factors, including the fair market value of the Company's common stock on future dates. Consequently, it is not possible to determine the benefits that might be received by participants receiving discretionary cash awards or equity grants under the Plan. The Company is not obligated to make any future grants of awards under the Plan.

Performance Criteria

Awards granted under the Plan may be subject to specified performance criteria (the Performance Criteria), which are based on the attainment by the Company, or any subsidiary or business unit of the Company, of performance measures pre-established by the Compensation Committee in its sole discretion, based on one or more of the following:

Return on total stockholder equity;

Earnings per share of our common stock;

Net income (before or after taxes);

Earnings before any or all of interest, taxes, minority interest, depreciation and amortization;

Sales or revenues;

Return on assets, capital or investment;

Market share;

Cost reduction goals;

Implementation or completion of critical projects or processes;

Cash flow;

Gross or net profit margin;

Achievement of strategic goals;

Growth and/or performance of the Company's sales force;

Operating service levels; and

Any combination of, or a specified increase in, any of the foregoing.

The Performance Criteria may be based upon the attainment of specified levels of performance under one or more of the measures described above relative to the performance of other entities. To the extent permitted under Section 162(m) of the Code (including, without limitation, compliance with any requirements for stockholder approval) or to the extent that an award is not intended to qualify as performance-based compensation under Section 162(m) of the Code, the Compensation Committee in its sole discretion may designate additional business criteria on which the Performance Criteria may be based or adjust, modify or amend the aforementioned business criteria. Performance Criteria may include a threshold level of performance below which no award will be earned, a level of performance at which the target amount of an award will be earned and a level of performance at which the maximum amount of the award will be earned. The Compensation Committee, in its sole discretion, shall make equitable adjustments to the Performance Criteria in recognition of unusual or non-recurring events affecting the Company, any subsidiary of the Company or the financial statements of the Company or any such subsidiary, in response to changes in applicable laws or regulations, including changes in generally accepted accounting principles, or to account for items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principles, as applicable.

Table of Contents

MATTERS TO BE VOTED ON

A summary of the principal features of the Plan is provided below, but is qualified in its entirety by reference to the full text of the Plan that is included as Exhibit 10.22 to our Annual Report on Form 10-K for the year ended December 31, 2011.

Shares Available for Issuance

There are 10,800,000 shares reserved for issuance under the Plan. As of February 29, 2016, 1,157,690 shares were available for future grant under the Plan. If any stock award granted under the Plan expires or is cancelled, forfeited or otherwise terminated, without having been delivered in full, or if any stock award is reacquired or repurchased by the Company prior to vesting, the shares covered by such stock award would again be available for use under the Plan.

Administration and Eligibility

The Plan is administered by our Compensation Committee. To the extent required for employees subject to Section 162(m) of the Code, the plan administrator consists of an independent committee of the Board that complies with the applicable requirements of Section 162(m) of the Code and Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee determines which employees, directors, consultants, advisors, and members of our sales force are eligible to receive awards under the Plan. In addition, the Compensation Committee interprets the Plan and may adopt any administrative rules, regulations, procedures and guidelines governing the Plan or any awards granted under the Plan as it deems appropriate.

Award Limits

In any calendar year, no more than one million shares may be granted in stock awards to any one participant.

Types of Awards

All of the awards described below are subject to the conditions, limitations, restrictions, vesting and forfeiture provisions determined by the Compensation Committee, in its sole discretion, subject to such limitations as provided in the Plan. The following types of awards may be made under the Plan.

Restricted Stock. A restricted stock award is an award of outstanding shares of the Company's common stock that does not vest until after a specified period of time, or satisfaction of other vesting conditions as determined by the Compensation Committee, and which may be forfeited if conditions to vesting are not met. Participants generally receive dividend payments on the shares subject to their award during the vesting period (unless the awards are subject to performance-vesting criteria) and are also generally entitled to indicate a voting preference with respect to the shares underlying their awards.

Deferred Stock. A deferred stock award is an unfunded, unsecured promise to deliver shares of the Company's common stock to the participant in the future, if the participant satisfies the conditions to vesting, as determined by the Compensation Committee. Participants do not have voting rights, but generally receive dividend equivalent payments during the vesting period (unless the awards are subject to performance-vesting criteria).

Stock Units. A stock unit is an award denominated in shares of the Company's common stock that may be settled either in shares or cash, subject to terms and conditions determined by the Compensation Committee.

Nonqualified Stock Options. A nonqualified stock option is a stock option that does not meet the requirements of Section 422 of the Code as described below or with respect to which the grant agreement provides that the stock option is not to be treated as an incentive stock option. A stock option grants a participant the right to purchase, upon satisfaction of the applicable conditions relating to vesting and exercisability determined by the Compensation Committee, a specified number of shares of the Company's common stock at a stated exercise price for a specified period of time.

4 Freedom Lives Here

Table of Contents

MATTERS TO BE VOTED ON

Incentive Stock Options. An incentive stock option is a stock option that meets the requirements of Section 422 of the Code, which include (among other requirements) an exercise price of no less than 100% of fair market value of the Company's common stock on the grant date, a term of no more than 10 years, and the grant is from a plan that has been approved by stockholders. A stock option will not constitute an incentive stock option if its terms provide that it will not be treated as an incentive stock option.

Stock Appreciation Rights. A SAR entitles the participant to receive an amount equal to the difference between the fair market value of a share of the Company's common stock on the exercise date and the exercise price of the SAR (which may not be less than 100% of the fair market value of a share of the Company's common stock on the grant date), multiplied by the number of shares subject to the SAR. A SAR may be granted in substitution for a previously granted option, and if so, the exercise price of any such SAR may not be less than 100% of the fair market value of a share of the Company's common stock as determined at the time the option for which it is being substituted was granted. Payment to a participant upon the exercise of a SAR may be in cash or shares of the Company's common stock.

Stock Payments. Subject to limits in the Plan, the Compensation Committee may issue unrestricted shares of the Company's common stock, alone or in tandem with other awards, in such amounts and subject to such terms and conditions as the Committee determines. A stock payment may be granted as, or in payment of, a bonus (including, without limitation, any compensation that is intended to qualify as performance-based compensation for purposes of Section 162(m) of the Code), or to provide incentives or recognize special achievements or contributions.

Cash Awards. The Compensation Committee may issue awards that are payable in cash, as deemed by the Committee to be consistent with the purposes of the Plan. These cash awards will be subject to the terms, conditions, restrictions and limitations determined by the Compensation Committee from time to time. The payment of cash awards may be subject to the achievement of specified performance criteria. The Plan provides that the maximum amount of a cash award that may be granted during any annual performance period to any employee subject to Section 162(m) of the Code may not exceed \$10 million.

Reimbursement or Cancellation of Certain Awards

Awards granted under the Plan may be subject to forfeiture if, after a termination of employment or service, the participant engages in certain activities that are materially injurious to or in competition with Primerica. Certain awards may be subject to forfeiture or repayment if they were based on performance metrics that are later determined to be materially inaccurate. In addition, the Compensation Committee may require the reimbursement of cash or forfeiture of equity awards if it determines that an award that was granted, vested or paid based on the achievement of performance criteria would have not been granted, vested or paid absent fraud or misconduct, an event giving rise to a restatement of the Company's financial statements or a significant write-off not in the ordinary course affecting the Company's financial statements.

Deferrals

The Compensation Committee may postpone the exercise of awards, or the issuance or delivery of shares or cash pursuant to any award for such periods and upon such terms and conditions as such Committee determines in its sole discretion. In addition, the Compensation Committee may determine that all or a portion of a payment to a participant, whether in cash and/or shares, will be deferred in order to prevent Primerica or any subsidiary from being denied a federal income tax deduction with respect to an award granted under the Plan. Notwithstanding this authority, the Compensation Committee will not postpone the

exercise or delivery of shares or cash payable in respect of awards constituting deferred compensation under Section 409A of the Code, where such postponement would cause the imposition of additional taxes under Section 409A of the Code. Section 409A of the Code provides rules that govern the manner in which various types of compensation may be deferred and imposes taxes upon compensation that is improperly deferred or accelerated.

Adjustments

The Plan provides that the Compensation Committee will make appropriate equitable adjustments to the maximum number of shares available for issuance under the Plan and other limits stated in the Plan, the number of shares covered by outstanding awards, and the exercise prices and performance measures applicable to outstanding awards. These changes will be made to reflect changes in our capital structure (including a change in the number of shares of the Company's outstanding common stock) on account of any stock dividend, stock split, reverse stock split or any similar equity restructuring, or any combination or exchange of equity securities, merger, consolidation, recapitalization, reorganization or similar event, or to the extent necessary to prevent the enlargement or diminution of participants' rights by reason of any such transaction or event or any extraordinary dividend, divestiture or other distribution (other than ordinary cash dividends) of assets to stockholders. These adjustments will be made only to the extent they conform to the requirements of applicable provisions of the Code and other applicable laws and regulations. The Compensation Committee, in its sole discretion, may decline to adjust an award if it determines that the adjustment would violate applicable law or result in adverse tax consequences to the participant or Primerica.

Change of Control

The Plan provides that, unless otherwise set forth in a participant's award agreement or employment agreement, all awards that are assumed or substituted in connection with a Change of Control transaction (as defined in the Plan) will become fully vested, exercisable and free of restrictions, and any performance conditions on those awards will be deemed to be achieved if the participant's employment or service is terminated by the Company without Cause (as defined in the Plan) within 24 months following the Change of Control. In addition, the Plan provides that, unless otherwise set forth in a participant's award agreement, all awards that are not assumed or substituted in connection with the Change of Control transaction will become fully vested, exercisable and free of restrictions and any performance conditions on those awards will be deemed to be achieved immediately upon the occurrence of the Change of Control transaction.

In addition, in the event of a Change of Control transaction, the Compensation Committee may, in its sole discretion so long as doing so would not result in adverse tax consequences under Section 409A of the Code, provide that each award will, immediately upon the occurrence of the Change of Control, be cancelled in exchange for a payment in an amount equal to the excess of the consideration paid per share of the Company's common stock in the Change of Control over the exercise or purchase price (if any) per share of the Company's common stock subject to the award, multiplied by the number of shares of the Company's common stock subject to the award.

Amendment and Termination

The Plan may be further amended or terminated by the Board at any time, but no amendment may be made without stockholder approval if it would materially increase the number of shares available under the Plan, materially expand the types of awards available under the Plan or the class of persons eligible to participate in the Plan, materially extend the term of the Plan, materially change the method of determining the exercise price of an option or SAR granted under the Plan, delete or limit the prohibition against repricing, or otherwise require approval

by stockholders in order to comply with applicable law or the rules of the New York Stock Exchange (NYSE). Notwithstanding the foregoing, with respect to awards subject to Section 409A of the Code, any termination, suspension or amendment of the Plan must conform to the requirements of Section 409A. Except as may be required to comply with applicable tax law, no termination, suspension or amendment of the Plan may adversely affect the right of any participant with respect to a previously granted award without the participant's written consent.

United States Federal Income Tax Consequences of Plan Awards

The following is a brief summary of the principal United States federal income tax consequences of transactions under the Plan, based on current United States federal income tax laws. This summary is not intended to be exhaustive, does not constitute tax advice and, among other things, does not describe state, local or foreign tax consequences, which may be substantially different.

Restricted Stock. A participant generally will not be taxed at the time of the grant of the restricted stock award but will recognize taxable income when the award vests or otherwise is no longer subject to a substantial risk of forfeiture. The amount of taxable income will be the fair market value of the shares at that time.

Employees may elect to be taxed at the time of grant by making an election under Section 83(b) of the Code within 30 days of the award date. If a restricted stock award subject to the Section 83(b) election is subsequently canceled, no deduction will be allowed for the amount previously recognized as income, and no tax previously paid will be refunded. Unless a participant makes a Section 83(b) election, dividends paid to a participant on shares of an unvested restricted stock award will be taxable to the participant as ordinary income. If the participant made a Section 83(b) election, the dividends will be taxable to the participant as dividend income.

Primerica will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. Unless a participant has made a Section 83(b) election, Primerica will also be entitled to a deduction, for federal income tax purposes, for dividends paid on unvested restricted stock awards.

Deferred Stock. A participant will generally not recognize taxable income on a deferred stock award until shares subject to the award are distributed. Upon distribution, the fair market value of the shares of the Company's common stock will be recognized as ordinary income. Any dividend equivalents paid on unvested deferred stock awards are taxable as ordinary income when paid to the participant.

Primerica will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant. Primerica will also be entitled to a deduction, for federal income tax purposes, on any dividend equivalent payments made to the participant.

Stock Units. Awards of stock units are treated, for federal income tax purposes, in substantially the same manner as deferred stock awards.

Nonqualified Stock Options. Generally, a participant will not recognize taxable income on the grant or vesting of a nonqualified stock option. Upon the exercise of a nonqualified stock option, a participant will recognize ordinary income in an amount equal to the difference between the fair market value of the Company's common stock received on the date of exercise and the option cost (number of shares exercised multiplied by the exercise price per share). Primerica will ordinarily be entitled to a deduction on the exercise date equal to the ordinary income recognized by the participant upon exercise.

Incentive Stock Options. No taxable income is recognized by a participant on the grant or vesting of an incentive stock option. If a participant exercises an incentive stock option in accordance with its terms and does not dispose of the shares acquired within two years after the

Table of Contents

MATTERS TO BE VOTED ON

date of the grant of the incentive stock option or within one year after the date of exercise, the participant will be entitled to treat any gain related to the exercise of the incentive stock option as capital gain (instead of ordinary income). In this case, Primerica will not be entitled to a deduction by reason of the grant or exercise of the incentive stock option. However, the excess of the fair market value over the exercise price of the shares acquired is an item of adjustment in computing alternative minimum tax of the participant. If a participant holds the shares acquired for at least one year from the exercise date and does not sell or otherwise dispose of the shares for at least two years from the grant date, the participant's gain or loss upon a subsequent sale will be long-term capital gain or loss equal to the difference between the amount realized on the sale and the participant's basis in the shares acquired.

If a participant sells or otherwise disposes of the shares acquired without satisfying the required minimum holding period, such disqualifying disposition will give rise to ordinary income equal to the excess of the fair market value of the shares acquired on the exercise date (or, if less, the amount realized upon disqualifying disposition) over the participant's tax basis in the shares acquired. Primerica will ordinarily be entitled to a deduction equal to the amount of the ordinary income resulting from a disqualifying disposition.

Stock Appreciation Rights. Generally, a participant will not recognize taxable income upon the grant or vesting of a SAR, but will recognize ordinary income upon the exercise of a SAR in an amount equal to the cash amount received upon exercise (if the SAR is cash-settled) or the difference between the fair market value of the Company's common stock received from the exercise of the SAR and the amount, if any, paid by the participant in connection with the exercise of the SAR. The participant will recognize ordinary income upon the exercise of a SAR regardless of whether the shares of the Company's common stock acquired upon the exercise of the SAR are subject to further restrictions on sale or transferability. The participant's basis in the shares will be equal to the ordinary income attributable to the exercise and the amount, if any, paid in connection with the exercise of the SAR. The participant's holding period for shares acquired pursuant to the exercise of a SAR begins on the exercise date. Upon the exercise of a SAR, Primerica will ordinarily be entitled to a deduction in the amount of the ordinary income recognized by the participant.

Stock Payments. A participant will generally recognize taxable income on the grant of unrestricted stock in an amount equal to the fair market value of the shares on the grant date. Primerica will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant.

Cash Awards. A participant will generally recognize taxable income upon the payment of a cash award, in an amount equal to the amount of the cash received. Primerica will ordinarily be entitled to a deduction at the same time and in the same amounts as the ordinary income recognized by the participant.

Withholding. To the extent required by law, Primerica will withhold from any amount paid in settlement of an award amounts of withholding and other taxes due or take other action as Primerica deems advisable to enable Primerica and the participant to satisfy withholding and tax obligations related to any awards.

Proposal 3:

Ratification of the Appointment of KPMG LLP as Our Independent Registered Public Accounting Firm

See Audit Matters beginning on page 69 for more information.

We ask that our stockholders ratify the selection of KPMG as our independent registered public accounting firm for fiscal 2016.

The Audit Committee of our Board (the Audit Committee) has authority to retain and terminate the Company's independent registered public accounting firm. The Audit Committee has appointed KPMG as our independent registered public accounting firm to audit the consolidated financial statements of the Company and its subsidiaries for fiscal 2016, as well as the Company's internal control over financial reporting. Although stockholder ratification of the appointment of KPMG is not required, our Board of Directors believes that submitting the appointment to our stockholders for ratification is a matter of good corporate governance. If our stockholders do not ratify the appointment of KPMG, then the Audit Committee will reconsider the appointment. We paid KPMG an aggregate of \$2.6 million in fiscal 2015 and \$2.7 million in fiscal 2014.

One or more representatives of KPMG are expected to be present at the Annual Meeting. The representatives will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Our Board of Directors unanimously recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm.

GOVERNANCE

Board Structure

Our Board currently consists of eleven directors. The Company’s governance documents provide our Board with flexibility to select the appropriate leadership structure for the Company. Currently, the Company has a non-executive Chairman of the Board and a Lead Director. Our Board believes that this structure is the most appropriate leadership structure for the Company at this time and is in the best interests of our stockholders because it provides decisive and effective leadership and, when combined with the Company’s other governance policies and procedures, provides appropriate opportunities for oversight, discussion and evaluation of decisions and direction by our Board.

Mr. R. Williams has served as non-executive Chairman of the Board since April 2015. He previously served as Chairman of the Board and Co-Chief Executive Officer. Mr. G. Williams has served as Chief Executive Officer since April 2015. He previously served as President since 2005. Mr. Benson, one of our independent directors and Chairman of the Corporate Governance Committee, has served as the Lead Director of our Board since February 2014 and joined our Board in April 2010. As the primary interface between management and our independent directors, the Lead Director provides a valuable supplement to the non-executive Chairman and the Chief Executive Officer roles and serves as a key contact for the non-employee directors, thereby enhancing our Board’s independence from management. The responsibilities of our Chairman of the Board and our Lead Director are set forth below.

Duties and Responsibilities of Chairman of the Board

- Preside over Board meetings and meetings of non-employee directors
- Call special meetings of our Board
- Approve agendas for Board meetings
- Review advance copies of Board meeting materials
- Preside over stockholder meetings
- Facilitate and participate in formal and informal communications with and among directors
- Review interested party communications directed to our Board and take appropriate action

Duties and Responsibilities of Lead Director

- Preside at all Board meetings at which the Chairman of the Board is not present
- Call meetings of independent directors and set the agenda for such meetings
- Review Board meeting agendas, and provide input to the Chairman of the Board
- Preside at all meetings of independent directors and at all executive sessions of independent directors
- Communicate with management on behalf of the independent directors when appropriate
- Liaison between the Chairman of the Board, the CEO and members of the Board on sensitive issues
- Lead the annual Board self-assessment

GOVERNANCE

All directors play an active role in overseeing the Company's business both at our Board and committee levels. In addition, directors have full and free access to members of management, and our Board and each committee has authority to retain independent financial, legal or other advisors as they deem necessary without consulting, or obtaining the approval of, any member of management. Our Board holds separate executive sessions of its non-employee directors and of its independent directors at least annually.

Director Independence

Independence Determinations

Mr. R. Williams, Chairman of the Board, and Mr. Addison, Chairman of Primerica Distribution, are not independent because they were employed by the Company within the past three years. Mr. G. Williams, Chief Executive Officer, is not independent because he is a member of management and an employee of the Company.

Our Board annually assesses the outside affiliations of each director to determine if any of these affiliations could cause a potential conflict of interest or could interfere with the independence of the director. Based on information furnished by all directors regarding their relationships with Primerica and its subsidiaries and research conducted by management and discussed with our Board with respect to outside affiliations, our Board has determined that none of the outside directors who served on our Board during fiscal 2015 has or had a material relationship with Primerica other than through his or her role as director, and, except as set forth above, each is independent because he or she satisfies:

The categorical standards set forth below;

The independence standards set forth in Rule 10A-3 of the Exchange Act; and

The criteria for independence set forth in Section 303A.02(b) of the NYSE Listed Company Manual.

A determination of independence under these standards does not mean that a director is disinterested under Section 144 of the Delaware General Corporation Law. Each director, relevant committee and our full Board may also consider whether any director is interested in any transaction brought before our Board or any of its committees for consideration.

Independence of Committee Members

Throughout fiscal 2015, the Audit, Compensation and Corporate Governance Committees have been fully independent in accordance with the NYSE Listed Company Manual and our Board's director independence standards described above. In fiscal 2015, no member of these committees received any compensation from Primerica other than directors' fees, and no member of the Audit Committee was or is an affiliated person of Primerica (other than by virtue of his or her directorship). Members of the Audit Committee meet the additional standards of audit committee members of publicly traded companies required by the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"). Members of the Compensation Committee meet the additional standards applicable to outside directors under Section 162(m) of the Code, and qualify as non-employee directors as defined in Rule 16b-3 under the Exchange Act.

Categorical Standards of Independence

The Company has established categorical standards of independence for our Board, which are described in our Corporate Governance Guidelines. To be considered independent for purposes of the director qualification standards, (i) the director must meet independence standards under the NYSE Listed Company Manual and (ii) our Board must affirmatively determine that the director otherwise has no material relationship with the Company, directly or as an officer, shareowner or partner of an organization that has a relationship with the Company.

Table of Contents

GOVERNANCE

To assist it in determining each director's independence in accordance with the NYSE's rules, our Board has established guidelines, which provide that a director will be deemed independent unless:

- (a) (1) the director is an employee, or an immediate family member of the director is an executive officer, of the Company or any of its affiliates, or (2) the director was an employee, or the director's immediate family member was an executive officer, of the Company or any of its affiliates during the immediately preceding three years;

- (c) (1) the director is a current partner or employee of a firm that is the Company's internal or independent auditor, (2) an immediate family member of the director is a current partner of such a firm, (3) an immediate family member of the director is a current employee of such a firm and personally works on the Company's audit, or (4) the director or an immediate family member of the director was, within the last three years, a partner or employee of such a firm and personally worked on the Company's audit within that time period;
- (d) (1) an executive officer of the Company serves on the board of directors of a company that, at the same time, employs the director, or an immediate family member of the director, as an executive officer, or (2) Primerica and the company of which the director or his or her immediate family member is an executive officer had such relationship within the immediately preceding three years;
- (e) (1) the director is a current executive officer or employee, or an immediate family member of the director is a current executive officer, of another company that makes payments to or receives payments from the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million, or two percent (2%) of such other company's consolidated gross revenues, or (2) Primerica and the company of which the director is an executive officer or employee or his or her immediate family member is an executive officer had such relationship within the immediately preceding three years;
- (f) the director serves as an executive officer, director or trustee, or his or her immediate family member who shares the director's household serves as an executive officer, director or trustee, of a charitable organization, and within the last three years, discretionary charitable contributions by the Company to such organization, in the aggregate in any one year, exceed the greater of \$1 million or 2% of that organization's total annual charitable receipts;
- (g) the director has any interest in an investment that the director jointly acquired in conjunction with the Company;

GOVERNANCE

Board Diversity

Diversity is very important to us. We strive to offer an inclusive business environment that offers and benefits from diversity of people, thought and experience. This also holds true for our Board. Although we have no formal written policy, pursuant to our Corporate Governance Guidelines our Board annually reviews the appropriate skills and characteristics of its members in light of the current composition of our Board, and diversity is one of the factors used in this review. In addition, in identifying a director candidate, the Corporate Governance Committee and our Board consider and discuss diversity, among the other factors discussed under Director Nomination Process, with a view toward the role and needs of our Board as a whole. The Corporate Governance Committee and our Board generally view diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint and perspective, professional experience, education, skill and other qualities or attributes that together contribute to the successful functioning of our Board.

Director Nomination Process

In discharging its responsibility for director nominations, the Corporate Governance Committee receives input from the Chairman of the Board, other directors and, if applicable, the Corporate Governance Committee's independent professional search firm. It also considers and evaluates any candidates recommended by our stockholders, as described below.

Our Board has determined that its members should bring to the Company a broad range of experience, knowledge and judgment. A successful board candidate must be prepared to represent the interests of the Company and all its stockholders, not the interests of particular constituencies. The Corporate Governance Committee and our Board have not established specific minimum age, education, years of business experience or specific types of skills for potential candidates. The factors considered by the Corporate Governance Committee and our Board in their review of potential candidates include whether:

The candidate has exhibited behavior that indicates he or she is committed to the highest ethical standards;

The candidate has had business, governmental, non-profit or professional experience at the Chairman, Chief Executive Officer, Chief Operating Officer or equivalent policy-making and operational level of a large organization that indicates that the candidate will be able to make a meaningful and immediate contribution to our Board;

The candidate has special skills, expertise and background that would complement the attributes of the existing directors, taking into consideration the diverse communities and geographies in which the Company operates;

The candidate has financial expertise;

The candidate will effectively, consistently and appropriately take into account and balance the legitimate interests and concerns of all of our stockholders and our other stakeholders in reaching decisions, rather than advancing the interests of a particular constituency;

The candidate possesses a willingness to challenge management while working constructively as part of a team in an environment of collegiality and trust; and

The candidate will be able to devote sufficient time and energy to the performance of his or her duties as a director.

Edgar Filing: Primerica, Inc. - Form DEF 14A

The Corporate Governance Committee carefully reviews all current directors and director candidates in light of these factors based on the context of the current and anticipated composition of our Board, the current and anticipated operating requirements of the Company and the long-term interests of our stockholders. In reviewing a candidate, the

Table of Contents

GOVERNANCE

Corporate Governance Committee considers the integrity of the candidate and whether the candidate would be independent as defined in the Corporate Governance Guidelines and the NYSE Listed Company Manual. The Corporate Governance Committee expects a high level of involvement from our directors and, if applicable, reviews a candidate's service on other boards to assess whether the candidate has sufficient time to devote to Board duties.

The Corporate Governance Committee decides whether to further evaluate each candidate, which would include a thorough reference check, interviews, and discussions about the candidate's qualifications, availability and commitment. The Corporate Governance Committee reviews the results of all interviews and makes a recommendation to our Board with respect to the election of a potential candidate to our Board. Our Board expects that all candidates recommended to our Board will have received the approval of all members of the Corporate Governance Committee.

Any stockholder who wishes to have the Corporate Governance Committee consider a candidate for election to our Board is required to give written notice of his or her intention to make such a nomination. For a description of the procedures required to be followed for a stockholder to nominate a director, see [Other Stockholder Information](#) [Procedures for Business Matters and Director Nominations for Consideration at the 2017 Annual Meeting of Stockholders](#) [Notice Requirements for Nomination of Directors](#). A proposed nomination that does not comply with these requirements will not be considered by the Corporate Governance Committee. There are no differences in the manner in which the Corporate Governance Committee considers or evaluates director candidates it identifies and director candidates who are recommended by our stockholders.

Board Evaluation Process

The Company's Corporate Governance Guidelines require that the Corporate Governance Committee conduct an annual review of Board performance and further requires that each standing committee conduct an annual evaluation of its own performance. To facilitate those evaluations, each independent committee prepares a written self-assessment questionnaire that is completed by the members of the committee. In addition, the Corporate Governance Committee prepares a written Board-assessment questionnaire that is completed by all of the members the Board. The questions are designed to gather suggestions to improve board and committee effectiveness and solicit additional feedback. The Board self-assessment is conducted at a different time during the year than the committee self-assessments, so that the directors have more time to reflect on the functioning of the Board as a whole. The Corporate Secretary compiles the results of each self-assessment and shares those results with all directors. The committee chairs lead discussions during their committee meetings of the results of the self-assessments, highlighting areas that require additional attention. The Corporate Governance Committee discusses the Board self-assessment and the Lead Director leads a discussion of the self-assessment among the full Board. Management then discusses with the Lead Director specific items that require additional attention and a plan is developed to address the key takeaways.

Board's Role in Risk Oversight

Our Board is ultimately responsible for the establishment of our risk management framework, and responsibility for significant risk management policies resides with the Audit Committee under powers delegated by our Board. Our Board believes that having a former Co-Chief Executive Officer serve as non-executive Chairman of the Board provides our Board with a unique perspective on risk oversight. Our senior executives are responsible for collaborating with the Audit Committee to provide oversight with respect to the risk management process, as well as to prioritize and validate key risks. Management is responsible for implementing the Board-approved risk management strategy and developing policies,

controls, processes and procedures to identify and manage risks. Management periodically reports to the Audit Committee on the effectiveness of its management of key business risks.

Each Board committee is responsible for monitoring and reporting on the material risks associated with its respective subject matter areas:

Board Committee	Risk Management Oversight
Audit Committee	Responsible for the oversight of our accounting and financial reporting processes, the integrity of our financial statements, and potential conflicts of interest
Compensation Committee	Responsible for the oversight of risks associated with our compensation practices
Corporate Governance Committee	Responsible for the oversight of our corporate governance risks, including director independence and succession planning

In terms of overseeing the broader company-wide risk management program, the Audit Committee is responsible for ensuring that all risk areas are being monitored by senior management and that all risk management matters are being reported to our Board or appropriate Board committee and are being addressed as needed. Additionally, our Board collectively reviews, and is responsible for, risks associated with our strategic plans.

In fiscal 2015, management’s Business Risk and Control Committee regularly monitored the major risks facing the Company and presented a risk profile and quarterly status updates to the Audit Committee. The Company’s General Counsel regularly briefs our Board, and our Chief Internal Auditor regularly briefs, and meets in Executive Session with, the Audit Committee. The Audit Committee uses the results of its discussions with the Company’s Chief Internal Auditor to monitor the audit schedule for the internal audit group.

Our stockholders and other interested persons may communicate with our directors by addressing such communications to them in care of the Company’s Corporate Secretary, at the Company’s principal executive office located at One Primerica Parkway, Duluth, Georgia 30099. Stockholder Engagement

Consistent with the process we followed in 2013 and 2014, late in fiscal 2015, we invited the Company's top stockholders, which together represented over 72% of our outstanding shares, to speak with management about topics important to them. We were pleased with the stockholder feedback, which indicated that our top stockholders are generally satisfied with the Company's corporate governance and executive compensation practices. This feedback was reviewed by our Board of Directors and the relevant committees and our Board has made certain changes to disclosure as well as company practices in response to these discussions. Specifically, in this Proxy Statement we have disclosed the target amounts for each corporate metric pursuant to which our executives can receive awards under our short-term incentive plan and the Compensation Committee has revised our executive compensation program for fiscal 2016 as described below under the heading "Executive Compensation - Compensation Discussion and Analysis (CD&A)" Fiscal 2016 Executive Compensation. In addition, in early 2016 our Board of Directors implemented majority voting in uncontested elections.

Role of Compensation Consultant

The Compensation Committee retained Pearl Meyer & Partners (Pearl Meyer) as its independent consultant for fiscal 2015 and determined that the Company would not retain Pearl Meyer for any projects without the prior consideration and consent of the Compensation Committee. Pearl Meyer's responsibilities for fiscal 2015 included:

Reviewing drafts of meeting agendas, materials, and minutes, as requested;

Reviewing major management proposals;

Bringing any concerns or issues to the attention of the Compensation Committee Chair;

BOARD OF DIRECTORS

Director Compensation

The Compensation Committee is responsible for reviewing and considering any revisions to director compensation. The Compensation Committee reviews director compensation paid by peer companies at least biannually as part of its process of evaluating and setting compensation for non-employee directors. The Compensation Committee does not seek to benchmark or set compensation at any specific level relative to the peer data. Instead, the Compensation Committee uses this information primarily as background with respect to compensation plan design decisions and as a general reference point for pay levels. For a list of the peers and a description of how they were selected, see Executive Compensation Compensation Discussion and Analysis (CD&A) Fiscal 2015 Executive Compensation The Compensation Setting Process Use of a Peer Group.

Our Board reviews the Compensation Committee's recommendations and determines the amount of director compensation annually. Executive officers have no role in determining or recommending director compensation. Our Board has determined that compensation for non-employee directors should be a mix of cash and equity-based compensation. Directors who are employees of Primerica do not receive any fees or additional compensation for their service on our Board. The interests of our non-employee directors are aligned with the interests of our stockholders by linking a portion of their compensation to stock performance.

Annual Retainer

The Board believes that a significant portion of non-employee director compensation should align director interests with the interests of our stockholders. As a result, the Board has approved the following compensation program for directors in fiscal 2015:

Board/Committee	2015 Non-Employee Director Compensation ⁽¹⁾		
Board			\$75,000
	Annual Cash Retainer	\$75,000	Annual RSU Award ⁽²⁾ ⁽³⁾
Audit	Annual Chair Fee	\$25,000	Annual Member Fee
Compensation	Annual Chair Fee	\$15,000	Annual Member Fee
Corporate Governance	Annual Chair Fee	\$15,000	Annual Member Fee

(1) All cash fees are paid in quarterly installments.

(2) The RSUs vest in four quarterly installments. Delivery of the shares underlying the RSUs are deferred until such date as the director no longer serves as a member of our Board.

(3) For fiscal 2016, the Board has increased the annual RSU award to \$100,000.

In addition, the Lead Director receives a cash fee of \$25,000 and the Chairman of the Board and the Chairman of Primerica Distribution each receive a cash fee of \$100,000. The Company reimburses all directors for travel and other related expenses in connection with attending Board and committee meetings and Board-related activities.

(1) Includes the cash portion of the annual retainer as well as fees for Lead Director and committee service.

(2) Each non-employee director was granted 1,639 RSUs, representing the number of whole shares of our common stock (or, at the director's election, deferred stock units) equal to \$75,000 divided by \$45.74 (the closing market price per share of our common stock on the NYSE on the trading day immediately preceding the grant date of May 20, 2015).

(3) Represents dividends paid on unvested equity awards.

(4) Messrs. Benson, Crittenden and McCullough, Ms. Day and Ms. Yastine elected to receive their equity compensation in the form of deferred stock units under the Nonemployee Directors' Deferred Compensation Plan. See **Deferred Compensation**.

(5) Mr. Crittenden and Ms. Yastine elected to receive their cash compensation in the form of deferred stock units under the Nonemployee Directors' Deferred Compensation Plan. See **Deferred Compensation**.

All directors own shares of our common stock. At December 31, 2015, our non-employee directors each held 820 unvested equity awards that had been granted on May 20, 2015 and, as of December 31, 2015, had a market value of \$38,729 based on the closing price per share of our common stock on the NYSE on that date of \$47.23. All RSUs and deferred stock units granted in 2015 vest in equal installments on the three month, six month, nine month and twelve month anniversary of the grant date.

Deferred Compensation

Our Board adopted the Primerica, Inc. Nonemployee Directors' Deferred Compensation Plan in November 2010, under which non-employee directors may elect to defer all or a portion of their directors' fees. At the director's option, we convert all or a portion of his or her cash fees otherwise payable during a calendar quarter to deferred stock units equal in number to the maximum number of shares of our common stock, or fraction thereof (to the nearest one hundredth (1/100) of one share), which could be purchased with the dollar amount of such fees at the closing market price of our common stock on the last trading day of the calendar quarter. These deferred stock units will be fully vested on such date.

At the director's option, we credit his or her deferral account with deferred stock units equal in number to the number of equity awards to which the director was otherwise entitled. Any deferred stock units that are issued upon deferral of equity awards are subject to the same vesting provisions as the equity awards themselves. We also credit the deferral account with deferred stock units equal in number to the maximum number of shares of our common stock, or fraction thereof (to the nearest one hundredth (1/100) of one share), which could have been purchased with the cash dividend, if any, which would have been payable had the participant received restricted stock awards to

Table of Contents

BOARD OF DIRECTORS

which he or she was otherwise entitled. The deferred stock units credited in lieu of the payment of dividends on equity awards are fully vested on the dividend payment date.

We pay all deferred compensation in the form of our common stock, at the director's election, within 60 days of termination of Board service or, in the case of an installment election, within 60 days of termination of Board service and up to five anniversaries of such date.

During fiscal 2015, Messrs. Benson, Crittenden and McCullough, Ms. Day and Ms. Yastine participated in the Nonemployee Directors' Deferred Compensation Plan.

Director Stock Ownership Guidelines

Our non-employee directors are required to own shares valued at three times their annual cash retainer. In determining compliance with these guidelines, stock ownership includes shares beneficially owned by the director (or by immediate family members) and unvested restricted shares, RSUs and deferred stock units. The participants have five years from the date of their initial election to our Board to achieve the targeted level of stock ownership.

Other Director Matters

Mr. Crittenden served as the Chief Financial Officer of Citigroup from March 2007 to March 2009. In July 2010, Mr. Crittenden entered into an order with the SEC in which it found that he should have known that certain statements made by Citigroup, while he was the Chief Financial Officer of Citigroup, were materially misleading and he paid a civil monetary penalty of \$100,000. Mr. Crittenden did not admit any wrongdoing in connection with the matter or disgorge any amount to Citigroup, and he did not face a ban from any future activities. In considering Mr. Crittenden's nomination to our Board, our Corporate Governance Committee reviewed the SEC Order and related matters and concluded that they do not raise any concerns about his qualification to serve on our Board.

Entered into Transition Agreements with each of Messrs. R. Williams and Addison, our former Co-Chief Executive Officers, to specify their non-employee roles with the Company and compensation subsequent to April 1, 2015.

In addition, the Compensation Committee made the following changes to our 2015 executive compensation program:

Awarded PSUs to members of the Executive Team in February 2016 for fiscal 2015 performance with a grant value equal to the amount of the equity award value that exceeded target amounts (See Fiscal 2015 Compensation Compensation Elements Incentive Awards below for more detail on the PSUs);

Amended the Company's stock ownership guidelines to increase the ownership level required by the President and require that members of the Executive Team hold at least 75% of all net shares received in connection with the Company's equity plans until the ownership guidelines are met (See Compensation Policies Stock Ownership Stock Ownership Guidelines); and

In November 2015, amended the Employment Agreements for our Executive Team members other than our Chief Executive Officer to maintain the severance benefits resulting from termination following a change of control at the level currently in effect (rather than reducing those severance benefits as of June 2016).

We Do	We Do Not
ü Base a majority of total compensation on performance	ò Permit hedging transactions or short sales by executive officers or directors
ü Set annual corporate performance targets based on objective performance measures	ò Provide significant perquisites
ü Vest equity awards over time to promote retention	ò Provide tax gross-ups for perquisites
ü Vest certain equity awards only upon the achievement of objective performance measures	ò Offer a pension or supplemental executive retirement plan (SERP)
ü Require executive officers and non-employee directors to hold our common stock through published stock ownership guidelines	ò Provide single trigger payments upon change of control
ü Provide only double trigger change-of-control equity acceleration to executives who have change-of-control provisions	ò Provide excise tax gross-ups upon change of control
ü Prohibit pledging of our common stock	
ü Make equity awards broadly throughout the organization, including on a performance basis to members of our independent contractor sales force	
ü Mitigate potential dilutive effect of equity awards through a share repurchase program	

Pay-for-Performance

The Compensation Committee structured our 2015 executive compensation program so that a meaningful percentage of compensation is tied to the achievement of challenging levels of both corporate performance and personal objectives. Because our Chief Executive Officer had greater

Edgar Filing: Primerica, Inc. - Form DEF 14A

responsibilities than our other named executive officers, and because he was ultimately responsible for the Company's strategic direction and overall results, our pay-for-performance approach provides for a larger portion of the Chief Executive Officers' total compensation to be at-risk in the form of performance-based awards.

EXECUTIVE COMPENSATION

Corporate Performance Objectives

Corporate performance for fiscal 2015 was measured based on four separate objectives, which were derived from the Company's 2015 business plan. The Compensation Committee intended for all of the corporate target goals to be challenging but achievable, and the maximum goals were intended to be reachable only as a result of exceptional performance. The weighting of each objective was intended to emphasize areas on which our Board wanted the management team to focus its attention. Specifically, the size of the life-licensed sales force was given the highest weighting because the Compensation Committee believes that this metric ultimately drives the success of the business and it wanted to incentivize management to focus on initiatives to grow the sales force.

Corporate Objective	Rationale	Weighting	Performance Level Range ⁽¹⁾	Fiscal 2015 Result
Operating Revenue	Reflects life and securities sales as well as the performance of our insurance in force and assets under management	20%	Threshold: 85% of the target level Target: 100% Maximum: 115% of the target level	\$1,407.1 million, representing a 94.7% payout based on a target of \$1,429.7 million
Net Operating Income	Reflects the overall success of our company, our ability to manage expenses, our business mix and our achievement of pricing objectives	25%	Threshold: 85% of the target level Target: 100% Maximum: 115% of the target level	\$191.1 million, representing a 104.0% payout based on a target of \$189.9 million
Net Operating Income Return on Adjusted Stockholders' Equity (ROAE)	Reflects net operating income performance, as well as the effectiveness of capital management strategies	25%	Threshold: 85% of the target level Target: 100% Maximum: 115% of the target level	16.9%, representing a 137.5% payout based on a target of 16.0%
		30%	Maximum: 115% of the target level	

Edgar Filing: Primerica, Inc. - Form DEF 14A

Size of Life-Licensed Sales Force at Fiscal Year End	Represents recruiting, licensing efficiency, turnover rates and long-term sustainability	Threshold: 90% of the target level	106,710, representing a 141.9% payout based on a target of 102,420
		Target: 100%	
		Maximum: 110% of the target level	
	Total 2015 Payout Factor		121.9%

- (1) For all corporate performance metrics, performance at target pays out at 100% of target levels; a threshold level of performance pays out at 50% of target levels and a maximum level of performance pays out at 200% of target levels. For results between threshold and maximum levels, the actual payout factor is extrapolated. No payout is made for any metric for which performance is lower than the threshold level. The Compensation Committee intentionally narrowed the payout band for the size of the life-licensed sales force metric compared to the other metrics because it believes that performance in only the narrower band would justify an incentive payout.

Personal Performance Objectives

Each member of the Executive Team had personal performance objectives for fiscal 2015 that were approved by our Board of Directors, and Mr. Kelly had personal performance objectives that were approved by the Chief Executive Officer. These goals focused on professional development, business enhancements that support the effectiveness of the organization, and certain non-financial objectives tied to the needs of the business, including matters such as management of key regulatory issues, the leadership transition, the introduction of new products and technology initiatives, development of a long-term strategic plan and capital deployment.

Because of the importance of the Executive Team's ability to work together following the leadership transition, the Compensation Committee determined to set their personal performance payout factor for fiscal 2015 as a group. Each Executive Team member's payout factor was 120%. The payout factor for Mr. Kelly was also set at 120%. As disclosed in the Summary Compensation Table, Mr. Kelly also received a discretionary bonus.

Say-on-Pay

In 2011, our stockholders approved a triennial Say-on-Pay vote. The Company's most recent advisory vote on executive compensation occurred at the 2014 Annual Meeting of Stockholders. Approximately 99.5% of votes cast approved our executive compensation program as described in our 2014 proxy statement, and the Compensation Committee has not taken any action in response to that say-on-pay vote. The Company will submit for stockholder approval its next Say-on-Pay vote and Say-When-on-Pay vote at its annual meeting of stockholders to be held in 2017.

Tax Implications

The Compensation Committee typically structures incentive compensation in order to comply with the provisions of Section 162(m) of the Code. Compliance with Section 162(m) allows incentive awards to qualify as performance-based compensation and allows the awards granted to our executives (other than Ms. Rand, the Chief Financial Officer, whose compensation is not subject to the deduction limitations of Section 162(m)) to be tax deductible by us if the compensation to any executive exceeds \$1 million for any fiscal year. While the Compensation Committee believes that tax deductibility of compensation is an important consideration, the ultimate goal of the Compensation Committee is to provide compensation that is in the best interests of the Company. Therefore, to maintain flexibility to compensate our executives in a manner designed to promote long-term corporate goals and objectives, the Compensation Committee has not adopted a policy that all compensation must be deductible or have the most favorable accounting treatment to the Company.

Fiscal 2015 Executive Compensation

Compensation Program Objectives

Our executive compensation program was designed to achieve the following four primary objectives:

Compensation Program Objective

Motivate and reward executives when they deliver desired business results and stockholder value

Align executive and stockholder interests over the long-term

Avoid pay programs that may encourage excessive or unreasonable risk-taking, misalign the timing of rewards and performance, or otherwise fail to promote the creation of long-term stockholder value

Attract and retain the very best executive talent

How Objective is Achieved

Incentive compensation is tied directly to corporate and personal performance.

Equity-based incentive awards are tied to performance and their value increases with stock price appreciation. For Executive Team members, a significant portion of the value of equity grants has been awarded in non-qualified stock options and PSUs to further link executive performance with stockholder interests.

The range of performance and payout levels is linear, so that management is not encouraged to take excessive risk to reach a higher level of achievement. In addition, there is a cap for the maximum performance at each level.

Executive pay is designed to be competitive and performance-based. Executives are held accountable for results and rewarded above target levels when goals are exceeded. When goals are not met, compensation awards are below target levels.

Compensation Elements

The elements of our executive compensation program are described below.

Element	Key Features
Base Salary	Each executive's base salary is a fixed dollar amount. The Compensation Committee generally reviews these amounts in February of each year and intends for them to provide a competitive fixed rate of pay recognizing different levels of responsibility. In connection with our leadership transition, the Compensation Committee set 2015 base salaries for our Executive Team members in January 2015.
Incentive Awards	Incentive awards are granted to reward employees for achieving critical corporate and personal goals. A portion of the incentive awards are equity-based to motivate executives to create long-term stockholder value.

Each Executive Team member's maximum permissible award is equal to a designated percentage of operating income before income taxes.

Cash and equity award targets were set by the Compensation Committee in January 2015 in connection with our leadership transition.

In February 2016, the Compensation Committee determined the actual cash and equity awards to Executive Team members for fiscal 2015 performance based on the achievement of corporate and personal objectives.

ⁱ A portion of the equity grant value was awarded in the form of RSUs in order to align the interests of the executives and our stockholders.

ⁱ A portion of the equity grant value was awarded in the form of non-qualified stock options because it represents true pay for performance: option holders are rewarded only if the market price of our common stock rises, and the awards have no value if the price does not rise.

ⁱ A portion of the equity grant value was awarded in the form of PSUs because the value of these awards will only be recognized if the Company achieves specified levels of ROAE over the years 2016 through 2018. The Compensation Committee selected ROAE as the performance metric because it measures the profitability of capital deployment. The use of this metric allows our stockholders to evaluate our financial achievements relative to other organizations. We believe this metric has a significant influence on the value our stockholders place on the Company.

Benefit Programs
Perquisites
Our executives participate in the same benefit programs that are offered to other salaried employees.

Edgar Filing: Primerica, Inc. - Form DEF 14A

Limited perquisites are provided to executives primarily to enhance their personal health and to encourage spousal attendance at Company events.

Elements of Compensation: Base Salary

Base salary is a fixed amount based on an individual's skills, responsibilities and experience. The annual salaries of our continuing named executive officers were increased as of April 1, 2015 to reflect their increasing responsibilities as a result of the Company's leadership transition. See Fiscal 2015 Executive Compensation.

Elements of Compensation: Performance Based Awards

Cash and equity incentive awards combined represent the majority of the compensation paid to our continuing named executive officers. The Company utilizes a plan within a plan structure for Executive Team members. The Compensation Committee established a maximum permissible award for each Executive Team member that is equal to a designated percentage of operating income before income taxes².

In addition, the program is divided into a short-term cash incentive program and a long-term equity incentive program. For the Executive Team, the short-term cash incentive award was determined solely based on the achievement of the Company's previously established annual corporate performance objectives. The long-term equity incentive award was determined based on the achievement of personal performance objectives and the performance of the Executive Team working together, which had a long-term strategic component and was limited to a payout range of between 90% and 125% of the target level. For Mr. Kelly, 55% of incentive compensation is tied to corporate performance and 45% of incentive compensation is tied to personal performance, and the award is delivered 50% in cash and 50% in RSUs.

A visual depiction of the Executive Team incentive award formula is set forth below (with the Chief Executive Officer's awards for fiscal 2015 performance in italics as an example):

Further, we do not accelerate or delay equity grants in response to material information, nor does the Company delay the release of material information for any reason related to the granting of equity awards.

All incentive compensation awards were made under the Plan, which was approved by our stockholders on May 18, 2011.

Elements of Compensation: Benefits

As with other employees, our continuing named executive officers are eligible to participate in our employee health benefit programs, including health and dental insurance plans and a life insurance program, on the same terms as regular employees. In addition, all employees receive dividends on unvested restricted stock and RSUs, and regular employees are entitled to a Company match of employee contributions to our 401(k) plan.

Elements of Compensation: Perquisites

The Compensation Committee provides only limited perquisites to our executive officers. In fiscal 2015, those perquisites consisted of executive physicals, spousal travel and legal costs associated with the amendment of employment agreements.

The Compensation Setting Process

Tally Sheets

The Compensation Committee reviews tally sheets for the named executive officers at least annually. These tally sheets set forth all components of compensation, a summary of the equity granted to each continuing named executive officer since the IPO and the value of such holdings under various assumed share prices, as well as the value of benefit plans and programs and perquisites. The tally sheets also set forth the estimated value that each of our continuing named executive officers would realize upon separation from the Company under various scenarios. The Compensation Committee uses the tally sheet information as a basis for understanding the potential impact of recommended changes to the elements of our executive compensation program and to evaluate the degree by which unvested shares held by a named executive officer encouraged retention.

Use of a Peer Group

The Compensation Committee reviews executive compensation at peer companies as part of its process of evaluating and setting compensation for members of our Executive Team. The Compensation Committee does not seek to benchmark or set compensation at any specific level relative to the peer data. Instead, the Compensation Committee uses this information primarily as background with respect to compensation plan decisions and as a general reference point for pay levels.

In selecting peer companies, the Compensation Committee sought companies operating in similar industries (life insurance, financial services), with a similar business model (target customer, independent sales force and profitability) and similar size (revenue and market capitalization) as well as the marketplace for certain skills needed by our executives (direct marketing). This approach reflects the uniqueness and complexity of Primerica's product and service mix, as opposed to focusing on a more narrow view of Primerica as a traditional life insurance company, and it enables the Compensation Committee to make judgments based on the type of business in which the Company is engaged. Because of the unique nature of our business model, not all selected peer companies fit all identified criteria. The peer group for fiscal 2015 executive compensation was unchanged from that used in fiscal 2014. StanCorp Financial Group Inc. and Symetra Financial Corporation each announced during fiscal 2015 that they will be sold, with the transactions expected to close in early 2016. As a result, they have been excluded from calculations of peer group total stockholder return and we expect to remove them from our compensation peer group during fiscal 2016.

Compensation Consultant

The Compensation Committee retained Pearl Meyer as its independent compensation consultant for fiscal 2015. Pearl Meyer reviewed management recommendations regarding compensation programs, provided competitive market data and information regarding peer companies, assessed proposed plan designs, provided periodic updates on trends and developments in executive compensation and made recommendations with respect to executive compensation. Pearl Meyer does not provide services to management or the Company, but management works closely with Pearl Meyer as requested by and on behalf of the Compensation Committee.

In accordance with the requirements of Item 407(e)(3)(iv) of Regulation S-K, the Company has affirmatively determined that no conflicts of interest exist between the Company and Pearl Meyer (or any individuals working on the Company's account on Pearl Meyer's behalf). In reaching such determination, the Company considered the following enumerated factors, all of which were attested to or affirmed by Pearl Meyer:

During fiscal 2015, Pearl Meyer provided no services to, and received no fees from, the Company other than in connection with the engagement;

The amount of fees paid or payable by the Company to Pearl Meyer in respect of the engagement represented (or are reasonably certain to represent) less than 0.5% of Pearl Meyer's total revenue for fiscal 2015;

Pearl Meyer has adopted and put in place adequate policies and procedures designed to prevent conflicts of interest, which policies and procedures were provided to the Company;

Management's Role in Setting Executive Compensation

Our Chief Executive Officer participated in setting the compensation of our other Executive Team members for fiscal 2015 by providing detailed reports on personal performance and making recommendations to the Compensation Committee and he set the compensation for Mr. Kelly. Our named executive officers do not directly participate in determining their compensation, although they provided the Compensation Committee, in the case of the Executive Team members, and the Chief Executive Officer with detailed reports on their achievement of personal performance goals. In making his recommendations, our Chief Executive Officer considered the individual's performance and past contributions to the Company, the potential future contribution of the individual to the Company, and achievement of the Company's business and financial goals, including the potential for the individual to make even greater contributions to the Company in the future than he or she has in the past, the risk that the individual may be recruited by a competitor, and market compensation data. With respect to the Executive Team members, the Compensation Committee discussed these recommendations with our Chief Executive Officer and in executive session with its independent compensation consultant.

Fiscal 2016 Executive Compensation

Subsequent to the end of fiscal 2015, the Compensation Committee determined the extent to which the Company achieved the fiscal 2015 performance objectives required to earn incentive awards. Based on the peer review completed in fiscal 2015 and the Company's performance in fiscal 2015 and outlook for fiscal 2016, the Compensation Committee approved the following actions with respect to our continuing named executive officers for incentive awards to be granted in February 2017:

Determined that equity grant values for Executive Team members would represent fixed amounts and would not reflect personal performance;

Increased the fixed equity grant values for the Executive Team members to continue to reflect the leadership transition and to more closely align our executive compensation with peer group compensation;

Determined that equity awards to Executive Team members would consist of RSUs (50% of total award value) and PSUs (50% of total award value), and the award of stock options would be discontinued; and

Determined that individual performance by Executive Team members could result in an increase or decrease in the short-term incentive award of up to 20%, all of which will be paid in cash.

Post-Employment Compensation

The Company has no executive deferred compensation plan or defined pension plan and has no agreements that trigger payouts solely due to a change in control of the Company. The Compensation Committee has approved employment agreements with each member of the Executive Team that provide for severance and, in some cases, change of control benefits if the officer's employment terminates upon a qualifying event or circumstance, such as being terminated without cause or leaving employment for good reason. Additional information regarding the employment agreements is found under [Employment Agreements with Executive Team Members](#) below, and a quantification of benefits that would have been received by our continuing named executive officers had termination occurred on December 31, 2015 is found under [Potential Payments and Other Benefits Upon Termination or Change of Control](#).

The Compensation Committee believes that severance benefits are an important part of a competitive overall compensation arrangement for our Executive Team members and are consistent with the objective of attracting, motivating and retaining highly talented executives. The Compensation Committee also believes that such benefits will help to secure the continued employment and dedication of our Executive Team members, mitigate concern that they might have regarding their continued employment prior to or following a change of control, and encourage independence and objectivity when considering possible transactions that may be in the best interests of our stockholders but may possibly result in the termination of their employment. Finally, the Compensation Committee believes that post-employment non-disclosure, non-competition and non-solicitation covenants to which our Executive Team members have agreed in consideration for the Company providing these severance benefits are highly beneficial to the Company.

Compensation Policies

Compensation Clawbacks

The Plan provides that the Compensation Committee may require the reimbursement of cash or forfeiture of equity awards if it determines that an award that was granted, vested or paid based on the achievement of performance criteria that would not have been granted, vested or paid absent fraud or misconduct, an event giving rise to a restatement of the Company's financial statements or a significant write-off not in the ordinary course affecting the Company's financial statements. The clawback language will

be expanded as required by the SEC in a manner consistent with final rules expected to be adopted in connection with the Dodd-Frank Act.

Stock Ownership*Stock Ownership Guidelines*

The Compensation Committee recognizes the critical role that executive stock ownership has in aligning the interests of management with those of our stockholders. As such, we maintain stock ownership guidelines under which our Executive Team members are required to acquire and hold our common stock in an amount representing a multiple of base salary. In determining compliance with these guidelines, stock ownership includes shares beneficially owned by the participant (or by immediate family members) as well as unvested RSUs. Stock options and PSUs do not count towards satisfaction of the guidelines. Until the ownership guidelines are satisfied, our Executive Team members are required to hold 75% of the net shares received under the Company's equity-based incentive compensation program (after having shares withheld to satisfy taxes). To monitor compliance with these guidelines, the Compensation Committee reviews the stock ownership of our Executive Team members at least annually. During 2015, the Compensation Committee amended the Company's stock ownership guidelines to increase the ownership level required by our President to 3.5 times base salary. The following table sets forth the stock ownership requirements and current holdings as of March 1, 2016.

	Ownership Guideline (as a multiple of base salary)	Status as of March 1, 2016
Glenn J. Williams	5.0x	5.8x
Peter W. Schneider	3.5x	3.5x
Alison S. Rand	2.5x	5.1x
Gregory C. Pitts	2.5x	3.8x

Hedging, Pledging and Insider Trading Policy

Our insider trading policy expressly bars ownership of financial instruments or participation in investment strategies that hedge the economic risk of owning our common stock. We also prohibit officers and directors from pledging Primerica securities as collateral for loans. In addition, we prohibit our officers, directors and employees from purchasing or selling Primerica securities while in possession of material, non-public information, or otherwise using such information for their personal benefit.

Pre-Set Trading Plans

Our executives and directors are permitted to enter into trading plans that are intended to comply with the requirements of Rule 10b5-1 of the Exchange Act so that they can prudently diversify their asset portfolios and exercise their stock options before their scheduled expiration dates. During fiscal 2015, many of our named executive officers were parties to Rule 10b5-1 trading plans that provided for the sale of shares at certain designated prices or on certain designated dates. The purpose of such plans was to enable our executive officers to recognize the value of their compensation and diversify their holdings of our common stock during periods in which they would otherwise be unable to buy or sell such stock because important information about Primerica had not been publicly released. All of such 10b5-1 trading plans terminated or were cancelled during 2015.

Equity Awards to Sales Representatives

Edgar Filing: Primerica, Inc. - Form DEF 14A

The Compensation Committee approves widespread performance-based grants to members of the sales force, who are independent contractors of the Company. The sales force awards are determined based on specific formulas that are intended to motivate performance. The following chart details all equity awards, including awards to our sales force, granted by the Compensation Committee in fiscal 2015.

Risks Related to Compensation Policies and Practices

The Company has in place a risk management discipline that is designed to capture, monitor, and control the risks created by its business activities, and the Compensation Committee considers risk in developing the compensation policies and practices for all employees, including our named executive officers. Although our compensation programs are generally designed to pay for performance and provide incentive-based compensation, the programs contain various mitigating factors to ensure our employees are not encouraged to take unnecessary risks in managing our business.

These factors include:

Oversight of programs (or components of programs) by committees of our Board, including the Compensation Committee;

Internal controls that are designed to keep our financial and operating results from being susceptible to manipulation by any employee, including our named executive officers;

Discretion provided to our Board and the Compensation Committee to set targets, monitor performance and determine final payouts;

Oversight of Company activities by a broad-based group of functions within the organization, including Human Resources, Finance and Legal and at multiple levels within the organization (both corporate and business unit/region);

Edgar Filing: Primerica, Inc. - Form DEF 14A

A mixture of programs that provide focus on both short- and long-term goals and that provide a mixture of cash and stock-based compensation;

Caps on the maximum incentive payouts available to our Executive Team members;

Incentive awards focused primarily on the use of reportable and broad-based financial metrics, with no one factor receiving an excessive weighting;

Time-based and performance-based vesting conditions with respect to equity awards;

Clawback provisions in the Plan; and

The long-term ownership interests in the Company held by certain of our key executive officers. The Compensation Committee has determined that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks and Insider Participation

Each of Mr. McCullough, Ms. Perez and Ms. Yastine has served as a member of the Compensation Committee during all of fiscal 2015. Mr. Mason has served as a member of the Compensation Committee since May 20, 2015.
