## Item 8.01. Other Events

### Revolving Credit Facility

On August 10, 2016, Murphy Oil Corporation (the Company) announced that it has received commitments from certain members of its existing bank group and other new tenders to enter into a \$1.2 billion revolving credit facility (the New Revolving Credit Facility). The New Revolving Credit Facility will be a senior unsecured guaranteed facility and will expire in August 2019. The Company presently expects the facility to be undrawn at closing.

The Company expects that borrowings under the New Revolving Credit Facility will initially bear interest at 4.50% above LIBOR and thereafter be subject to stepdowns based on consolidated leverage ratios set forth in the credit agreement for the New Revolving Credit Facility. In addition, facility fees of 0.50% are charged on the full commitments under the New Revolving Credit Facility. Beginning in the quarter ending March 31, 2017, if the Company's total leverage ratio exceeds 3.25 times the Company's trailing twelve month consolidated adjusted EBITDAX (as defined in the credit agreement for the New Revolving Credit Facility), the New Revolving Credit Facility will be required to become secured, subject to limitations set forth in the documents governing the Company's existing notes.

The New Revolving Credit Facility will also contain certain financial and other covenants, including a maximum consolidated debt ratio of 3.75x, and a minimum ratio of Adjusted EBITDAX to interest expense of 2.50x. Furthermore, as a condition to availability, the Company is required to execute at least a \$400 million capital markets offering.

In addition, under the Company's existing 2011 credit facility, the Company will retain a total of \$630 million of commitments until the 2011 credit facility expires in June 2017.

The foregoing is qualified by reference to the press release attached as Exhibit 99.1 to this Current Report on Form 8-K, which is incorporated herein by reference.

### Senior Notes

On August 10, 2016, the Company announced, subject to market conditions, it intends to offer \$500 million of senior notes due 2024 (the Notes) pursuant to an effective shelf registration statement previously filed with the Securities and Exchange Commission.

The foregoing is qualified by reference to the press release attached as Exhibit 99.2 to this Current Report on Form 8-K, which is incorporated herein by reference.

This Current Report on Form 8-K does not constitute an offer to sell or the solicitation of an offer to buy the Notes, nor shall there be any offer, solicitation or sale of the Notes in any state in which such offer, solicitation or sale would be unlawful.
