The Audit Committee and the Board believe that the continued retention of KPMG, LLP to serve as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2017, is in the best interests of the Company and its stockholders. As a matter of good corporate governance, stockholders are being asked to ratify the Audit Committee's selection of the independent registered public accounting firm. If the stockholders do not ratify the selection by a majority vote of the present and voting shares, we will reconsider whether or not to retain KPMG. Even if the selection is ratified, we may, in our discretion, appoint a different independent registered public accounting firm at any time during the year if we determine that such a change would be in our and our stockholders' best interests.

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND THE ANNUAL MEETING

Why did I receive this Proxy Statement?

You received this Proxy Statement and the enclosed proxy card because we are soliciting your vote at the Annual Meeting. Our Board is providing these proxy materials to you in connection with the Annual Meeting. As a stockholder of record of our common stock, you are invited to attend the Annual Meeting, and are entitled and requested to vote on the proposals described in this Proxy Statement. This Proxy Statement summarizes the information you need to know to cast an informed vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card by mail. You may also vote by telephone or Internet.

We will begin posting this Proxy Statement, notice of the Annual Meeting, and the enclosed proxy card on or about April 7, 2017, to all stockholders entitled to vote. The record date for those entitled to vote is March 28, 2017.

Who is entitled to vote and how many votes do I have?

All stockholders who were stockholders of record of our common stock as of the close of business on March 28, 2017, and only those stockholders will be entitled to vote at the Annual Meeting. You have one vote for each share of our common stock you owned as of the close of business on the record date.

How many shares are eligible to be voted?

As of March 28, 2017, 32,355,668 shares of our common stock were outstanding. Each outstanding share of our common stock will entitle its holder to one vote on each matter to be voted on at the Annual Meeting.

What is the difference between holding shares as a record holder and in street name ?

Record Holders. If your shares of common stock are registered directly in your name on our stock records, you are considered the stockholder of record, or the record holder of those shares. As the record holder, you have the right to vote your shares in person or by proxy at the Annual Meeting.

Street Name Holders. If your shares of common stock are held in an account at a brokerage firm, bank, or other similar entity, then you are the beneficial owner of shares held in street name. The entity holding your account is considered the record holder for purposes of voting at the Annual Meeting. As the beneficial owner you have the right to direct this entity on how to vote the shares held in your account. However, as described below, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from the entity that holds your shares giving you the right to vote the shares at the Annual Meeting.

What is the required quorum at the Annual Meeting?

Quorum for the transaction of business at the Annual Meeting requires the presence, in person or by proxy, of the holders of a majority of all shares entitled to vote at a meeting of stockholders. Abstentions and broker non-votes are treated as being present for purposes of establishing a quorum.

What vote is required to approve each proposal at the Annual Meeting?

1. Election of Directors. Directors are elected by a majority of votes cast, in uncontested elections. In order to be elected to the Board, the votes cast for the nominee must exceed the number of votes cast against the nominee. Abstentions and broker non-votes will have no effect on the election of a director.
2. Advisory Vote on the Compensation of our NEOs. Approval, on an advisory basis, of the compensation of our NEOs requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote.

Table of Contents

3. Advisory Vote on the Frequency of Future Say-on-Pay Votes. Our stockholders will have four options to choose from when voting on the advisory vote on the frequency of future advisory votes regarding NEO compensation: Every **1 YEAR** ; **2 YEARS** ; **3 YEARS** ; or **ABSTAIN**. The option, if any, that receives the vote of a majority of the shares present in person or represented by proxy and entitled to vote will be the option selected by our stockholders.
4. Ratification of Selection of Auditors. Ratification of the selection of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2017, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote.

What is the effect of broker non-votes and abstentions?

Abstentions and broker non-votes will be counted for purposes of determining a quorum. Your broker, however, will not be entitled to vote without your instruction on Proposals 1 through 3 on the election of Directors, and the advisory (non-binding) proposals to approve the compensation of our NEOs and the frequency of future Say-on-Pay votes.

Your broker will be authorized to vote your shares on the ratification of our independent registered public accounting firm even if it does not receive instructions from you, and accordingly, broker non-votes will have no effect on this proposal.

Abstentions will have no effect on the election of Directors in Proposal 1, but will have the effect of a vote AGAINST Proposals 2 through 4 for the advisory (non-binding) votes to approve the compensation of NEOs and the frequency of future Say-on-Pay votes, and the ratification of our independent registered public accounting firm, respectively.

How can I vote my shares?

If you hold your shares of common stock in your own name and not through a broker or another nominee, you may vote your shares of common stock by the following methods, subject to compliance with the applicable cutoff times and deadlines described below:

By Telephone. If you hold your shares of common stock in your own name and not through a broker or another nominee, you can vote by dialing the toll-free telephone number printed on your proxy card. Internet voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 16, 2017. If you vote via the Internet, you do not need to return your proxy card.

If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders FOR each of the Director nominees named in this Proxy Statement, FOR the approval, on an advisory basis, of the compensation of our NEOs, 1 YEAR for frequency of future Say-on-Pay votes,

FOR the ratification of our independent registered public accounting firm, and at the proxy holders discretion on such other matters, if any, as may properly come before the Annual Meeting (including any proposal to adjourn the Annual Meeting).

Table of Contents

Can I change or revoke my vote after I return my proxy card?

You may revoke a proxy at any time before the vote is taken at the Annual Meeting by filing with our Corporate Secretary a properly executed proxy of a later date by mail, telephone or Internet, or by attending the Annual Meeting and voting in person. Any such filing should be made to the attention of Corporate Secretary, Hanmi Financial Corporation, 3660 Wilshire Boulevard, Penthouse Suite A, Los Angeles, California 90010. Attendance at the Annual Meeting will not by itself constitute revocation of a proxy.

How do I vote in person?

If you plan to attend the Annual Meeting and vote in person, we will give you a ballot form when you arrive. However, if your shares of common stock are held in the name of your broker, bank or other nominee, you must bring a legal proxy from your broker, bank or other nominee to vote your shares of common stock at the Annual Meeting.

How will proxies be solicited?

In addition to soliciting proxies by mail, our officers, directors, and employees, without receiving any additional compensation, may solicit proxies by telephone, fax, in person, or by other means. Arrangements may also be made with brokerage firms and other custodians, nominees, and fiduciaries to forward proxy solicitation materials to the beneficial owners of our common stock held of record by such persons, and we will reimburse such brokerage firms, custodians, nominees, and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Will any other matters be considered at the Annual Meeting?

We are not aware of any matter to be presented at the Annual Meeting other than the proposals discussed in this Proxy Statement. If other matters are properly presented at the Annual Meeting, then the persons named as proxies will have the authority to vote all properly executed proxies in accordance with the direction of our Board, or, if no such direction is given, in accordance with the judgment of the persons holding such proxies on any such matter, including any proposal to adjourn or postpone the Annual Meeting.

Are there any rules regarding admission to the Annual Meeting?

Yes. You are entitled to attend the Annual Meeting only if you were a stockholder as of the record date, or you hold a valid legal proxy naming you to act for one of our stockholders on the record date. Before we admit you to the Annual Meeting, we must be able to confirm:

CORPORATE GOVERNANCE

Hanmi is committed to sound corporate governance principles and adopted formal Corporate Governance Guidelines. Hanmi has also adopted a Code of Business Conduct and Ethics for employees, executive officers and Directors. These Corporate Governance Guidelines, as well as Hanmi's Code of Business Conduct and Ethics and other governance matters of interest to investors, are available through Hanmi's website at www.hanmi.com on the Investor Relations page. Any amendments or waivers applicable to an executive officer or Director to the Code of Business

and Ethics will also be posted on Hanmi's website.

DIRECTOR INDEPENDENCE

Our common stock is listed on the NASDAQ Global Select Market (NASDAQ). Under NASDAQ rules, independent directors must comprise a majority of a listed company's board of directors. In addition, the rules of NASDAQ require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees must be independent. Under these rules, a director is independent only if the board of directors of a company makes an affirmative determination that the director has no material relationship with the company that would impair his or her independence.

Table of Contents

Our Board has undertaken a review of the independence of each director in accordance with NASDAQ rules and requirements of the U.S. Securities and Exchange Commission (the SEC). Based on this review, our Board has determined that all of its Directors are independent under the applicable listing standards of NASDAQ, except for C. G. Kum, who also serves as the President and Chief Executive Officer of Hanmi. In making this determination, our Board considered the relationships that each non-employee director has with us and all other facts and circumstances that the Board deemed relevant in determining their independence. See *Board Meetings and Committees* below for additional information regarding the Board's independence determinations applicable to each of the committees.

BOARD MEETINGS AND COMMITTEES

During the fiscal year ended December 31, 2016, our Board held twelve (12) joint board meetings with the Board of Hanmi Bank (the Bank), the wholly-owned subsidiary of Hanmi and three (3) special board meetings, for a total of fifteen (15) board meetings. All Board members were present for more than 75% of the aggregate number of meetings of our Board and the committees on which he or she served. Hanmi's policy is to encourage all Directors to attend all Annual and Special Meetings of Stockholders. Hanmi's 2016 Annual Meeting of Stockholders was attended by all Directors, other than our new director Thomas J. Williams.

Our Board has four (4) standing committees: the Audit Committee, the Compensation and Human Resources Committee (the CHR Committee), the Nominating and Corporate Governance Committee (the NCG Committee), and the Risk, Compliance and Planning Committee (the RCP Committee). In addition, the CHR Committee also holds special meetings to discuss extraordinary items. At the end of a meeting, the CHR Committee may choose to meet in executive session, when necessary. The CHR Committee is also authorized to retain outside consultants to assist it in determining executive officer compensation.

Table of Contents

Mr. Kum, each member is an outside (or non-employee) Director and meets the independence requirements of the SEC and NASDAQ. The RCP Committee held eleven (11) meetings during the fiscal year ended December 31, 2016.

As outlined in its charter, the RCP Committee is responsible for providing oversight of the Enterprise Risk Management framework, including the strategies, policies, procedures and systems established by management to identify, assess, measure and manage the significant risks facing the Company. It also oversees strategic planning generally and recommends new lines of business, and the budget to our Board.

BOARD LEADERSHIP STRUCTURE

The Board is committed to having a sound governance structure that promotes the best interest of all Hanmi stockholders. Our leadership structure includes the following principles:

We believe that yearly elections hold the Directors of the Board accountable to our stockholders, as each director is subject to re-nomination and re-election each year.

All of the Directors are independent, except for C. G. Kum, our President and Chief Executive Officer. The Board has affirmatively determined that the other seven (7) Directors nominated are independent under the SEC and NASDAQ corporate governance rules, as applicable.

We have separated the positions of the Chairman of the Board and Chief Executive Officer, in the Company's Bylaws, to ensure the independence of the Chairman. The Chairman focuses on board oversight responsibilities, strategic planning and mentoring company officers. The Chairman also periodically represents the Bank at public functions. The Chief Executive Officer focuses on the development and execution of Company strategies.

We believe the Board structure serves the interests of the stockholders by balancing the practicalities of running the Company with the need for director accountability.

BOARD'S ROLE IN RISK OVERSIGHT

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organization objectives in the areas of strategy, operations, reporting, and compliance. The Board recognizes that these objectives are important to improve and sustain long-term organizational performance and stockholder value. A fundamental part of risk management is not only identifying the risks the Company faces and the steps management is taking to manage those risks, but also determining what constitutes the appropriate level of risk based upon the Company's activities and risk appetite.

The RCP Committee goes through an extensive review of the enterprise risk assessment on a quarterly basis with the guidance of the RCP Committee Chairperson and the Bank's Chief Risk Officer. The quarterly risk assessment is also

reviewed at the Board quarterly. In this process, risk is assessed throughout the Company by focusing on six (6) areas of risk, including risks relating to: credit, liquidity, market, operations, compliance / legal, and reputational. Risks that simultaneously affect different parts of the Company are identified, and an interrelated response is made. The Board provides ongoing oversight of enterprise-wide risks through a periodic enterprise risk assessment update.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the RCP Committee assists the Board in fulfilling its oversight responsibility with respect to regulatory, compliance, operational risk and enterprise risk management issues that affect the Company and works closely with the Company's legal and risk departments. The RCP Committee also oversees risks associated with the planned short- and long-term direction of the Company and ensures ongoing board involvement and oversight of the Company's strategic plan. The Audit Committee helps the Board monitor financial risk and internal controls from a risk-based perspective, oversees compliance and the annual audit plan. Reports from the Company's internal audit department are also reviewed.

Table of Contents

In overseeing compensation, the CHR Committee advocates for incentives that encourage a conservative level of risk-taking behavior consistent with the Company's business strategy and in compliance with all laws and the Interagency Guidance on Incentive Compensation. The NCG Committee oversees the Code of Conduct and Business Ethics policies relating to employees and directors and conducts an annual assessment of corporate governance policies and any potential risk associated with governance and related party matters.

The Bank also has two board committees that oversee risk. The Loan and Credit Policy Committee oversees credit risk by identifying, monitoring, and controlling repayment risk associated with the Bank's lending activities. The Asset Liability Committee oversees the implementation of an effective process for managing the Bank's interest rate, liquidity, and similar market risks relating to the Bank's balance sheet and associated activities.

CONSIDERATION OF DIRECTOR NOMINEES

The NCG Committee believes that the Board as a whole should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to Hanmi's operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of Hanmi's business. Our Board has identified certain core competencies that its Directors should possess, including broad experience in business, finance, accounting, risk management, strategic planning, marketing or administration, familiarity with national and international business matters, familiarity with the Company's industry and ability to understand the Company's business. In addition to possessing one or more of these core competencies, the members of our Board should have and demonstrate personal qualities such as integrity, leadership, community prominence and reputation. The experience, skills and qualifications contributed by each of our Directors should diversify and complement the core competencies of our collective Board.

The NCG Committee seeks directors with strong reputations and experience in areas relevant to the strategy and operations of Hanmi's business, particularly industries and growth segments that Hanmi operates in, such as the banking and financial services industry, as well as key geographic markets and customer segments where Hanmi operates. The NCG Committee annually reviews the individual skills and characteristics of the Directors, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, expertise and industry background in the context of the needs of the Board and Hanmi.

The Board conducts an annual evaluation to determine whether the Board and its committees are functioning effectively. The NCG Committee oversees the evaluation method and criteria for the Board's annual evaluation of the composition, competence and performance of the Board and its committees. The NCG Committee may retain consultants or advisors to assess the performance and effectiveness of the Board as a whole, its committees and each individual director.

The results of any self-evaluations, peer evaluations, or evaluations by any consultant or advisor are submitted to the Board. The Board then takes appropriate action based on the Board's findings regarding the assessment and performance evaluations. The Board and director evaluation process considers the best interests of Hanmi, its Board, its employees, its customers and the stockholders of the Company. The assessment includes director succession planning and expected future needs of the Board and the Company, so as to ensure that Board effectiveness is not diminished during periods of transition.

Board Diversity

The Board's policy with regard to the consideration of diversity in identifying director nominees is contained within the Corporate Governance Guidelines. The Corporate Governance Guidelines require the NCG Committee to consider diversity when reviewing the qualifications of candidates to the board. Board member nominees are identified and considered on the basis of knowledge, experience, integrity, diversity, leadership, community prominence and reputation, and ability to understand the Company's business.

(Equity)

The CHRC, in its discretion, determines equity grants for the NEOs after considering each executive's performance, previous grant history, ownership level, comparison to our peer group, and retention needs. Four NEOs were granted equity in 2016.

Each of Mr. Kum and Ms. Lee received a performance-based restricted stock grant of 99,010 and 49,505 shares, respectively, with annual vesting of up to 25% in each of our 2016, 2017, 2018 and 2019 fiscal years, subject to the Company's TSR performance relative to companies in the KBW Regional Banking Index for each respective year. No shares can be earned in any given year unless the Company's TSR is positioned at or above the 50th percentile.

Mr. Park received 10,000 restricted shares in recognition of his performance in the CCO position since his promotion in 2015 and to more closely reflect the equity ownership of other NEOs. Shares vest in equal installments over three years.

Ms. Lim received 1,000 restricted shares in recognition of significant progress made in areas under her supervision. Shares vest in full in April 2017.

Good Governance

The Company is committed to pay for performance and sound compensation and governance practices, including the following:

A focus on variable compensation, evidenced by the fact that variable, performance-based compensation comprises a majority of our CEO's pay.

Table of Contents

Clawback policy applicable to all executive officers.

No excise tax gross-up payments.

Dividends on unvested shares of Performance Restricted Stock are subject to the same terms and vesting conditions as the Performance Restricted Stock.

No hedging or pledging transactions.

Annual compensation risk assessment.

Compensation Objective and Philosophy

Based on our philosophy, the CHRC has instituted a compensation program for the Company's NEOs which aims to align pay with performance. While the Company does not manage exclusively to market compensation data, market pay practices are considered alongside other factors, such as personal performance and experience. As pay varies with performance, we expect to pay near the 50th percentile of the peer group when performance is near the 50th percentile, near the 75th percentile compensation when performance is near the 75th percentile and below median when performance fails to meet minimum expectations or thresholds. As an example, the target award level associated with the 2016 grant of Performance Restricted Stock is earned when the Company's TSR equals or exceeds the 75th percentile of the KBW Regional Banking Index.

The policies and underlying philosophy governing the Company's executive compensation program, as endorsed by the CHRC and the Board of Directors, are designed to accomplish the following:

Maintain a compensation program that is equitable in a competitive marketplace.

Provide opportunities that integrate pay with the Company's annual and long-term performance goals.

Manage the risk profile of the Company by aligning risk mitigation within the performance of individual and Bank-wide goals.

Encourage achievement of strategic objectives and creation of shareholder value.

Recognize and reward individual initiative and achievements while managing risk.

Maintain an appropriate balance between base salary and short- and long-term incentive opportunities.

Allow the Company to compete for, retain, and motivate talented executives critical to its success consistent with its compensation philosophy.

Allow the Company to effectively engage institutional shareholders. Hanmi values our shareholders and works to have open two-way communication on all matters of importance. We proactively seek out our shareholders' opinions, as appropriate.

Establish bonus structures subject to clawback in the event of material misstatement on the part of the participating executives.

Management Say-On-Pay Results

The CHRC evaluates the Company's executive compensation programs in light of market conditions, shareholder views, and governance considerations, and makes changes as appropriate. As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, the Company is required to permit a separate non-binding advisory shareholder vote to approve the compensation of its executives. At the 2016 annual meeting, shareholders approved the compensation of executive, with 97.2% of shareholder vote cast in favor of the advisory say-on-pay proposal. The CHRC considered this result to be a positive endorsement of the Company's pay programs and practices. The Company will continue to monitor the level of support for each say-on-pay proposal.

Compensation Determination Process

Role of CHRC

The CHRC is responsible for the creation, implementation, and administration of the overall compensation program for the CEO and other senior executive officers. The CHRC takes into consideration the recommendations of the CEO for executives other than the CEO, as well as considering and making recommendations concerning compensation, benefit plans, and implementation of sound personnel policies and practices bank wide. The CHRC has responsibilities for, but not limited to, the following:

Review the overall human resource development and compensation strategy for directors, the CEO, and senior officers.

Table of Contents

- Lead the Board in its annual review of executive management’s performance.
- Evaluate CEO performance, set annual goals, and evaluate total compensation.
- Evaluate compensation recommendations from the CEO for other NEOs.
- Evaluate the annual executive incentive compensation plan regarding participation, goals, and budgetary considerations.
- Review broad based incentive compensation plans to ensure compliance with regulations and laws.
- Administer the Company’s long-term incentive program.

The CHRC approves compensation for all NEOs other than the CEO. The CHRC discloses all compensation decisions related to the CEO to the full Board of Directors. The full Board has ultimate responsibility for determining the compensation of our CEO after considering the recommendation from the CHRC.

Role of Compensation Consultant

The Company retained the services of Compensation Advisors and McLagan in 2016 to assist the CHRC in performing its various duties within industry practice. Compensation Advisors helped facilitate the executive officer compensation process, including the creation of a compensation peer group for the purposes of comparing our CEO’s compensation to the market. Later in 2016, the CHRC retained McLagan to further assist in the evaluation of the Company’s compensation structure, which included a review of the peer group and the provision of market compensation information. Compensation Advisors and McLagan reported directly to the CHRC, who has the authority, in its sole discretion, to retain and terminate any adviser to assist in the performance of its duties. The CHRC determined that each of Compensation Advisors and McLagan are independent and that there is no conflict of interest resulting from retaining Compensation Advisors or McLagan during 2016 after taking into account the factors set forth in the SEC rules.

Role of Management

Management assists the CHRC in recommending agenda items for its meetings and by gathering and producing information for these meetings. The CEO and other executives may participate in CHRC meetings to provide background information and other requested items, but are not present during the voting or discussions of their own compensation. The CEO provides recommendations to the CHRC for the other NEOs regarding compensation, performance goals, and other employment related matters, such as hiring, promotions, terminations or severance payments. The CHRC considers the CEO’s recommendations, but retains authority to approve or recommend to the Board of Directors that compensation decisions to be approved.

Peer Group

In April 2016, Compensation Advisors constructed a peer group of banking companies with assets at the time of selection between \$2.1 and \$9.8 billion that compete with Hanmi for executive talent. Although the decisions regarding the compensation levels are guided by the information provided from the peer group and market survey data, the CHRC also takes into account the prevailing economic environment and the current financial condition of Hanmi. The 2016 peer group was as follows:

Banc of California Inc.	HomeStreet Inc.

Columbia Banking System Inc.	Westamerica Bancorp.

Table of Contents***2016 Pay Components and Compensation Decisions*****Base Salary**

Annual base salaries are the fixed portion of our NEOs' cash compensation and are intended to reward the day-to-day aspects of their roles and responsibilities and to reflect the value that they bring to the Company. Our NEOs' annual salaries are established after taking into account several factors including, the executive's experience, responsibilities, management abilities, job performance, and market compensation information. The CHRC believes that 2016 base salaries of Hanmi's NEOs are competitive with companies of similar size, including those in the peer group. Pay adjustments, if any, are generally made annually, after reviewing overall company performance, individual performance and the affordability of the increases.

The CHRC reviewed Mr. Kum's salary for 2016 in the context of total compensation and alongside compensation information from the peer group. After considering Mr. Kum's performance and leadership of the Company as its CEO, the CHRC approved a salary increase to \$610,000 effective March 2016, which was positioned near the 50th percentile of the peer group.

For 2016, Mr. Kum presented his recommendations to the CHRC for annual merit increases for the remaining NEOs. The recommended increases for Ms. Lee, Mr. Santarosa and Ms. Lim were each in line with the merit increases generally given to other employees at the Company and were developed in light of individual performance and responsibilities. Mr. Kum recommended an increase of 12.5% for Mr. Park in recognition of his accomplishments and proven capabilities following his promotion to CCO in 2015. In coordination with Compensation Advisors, the CHRC also conducted a market compensation analysis covering each of the non-CEO NEOs using information from the peer group and banking industry survey data. The proposed 2016 salaries were within a competitive range of the market 50th percentile.

Short-Term Cash Incentives

In accordance with Hanmi's compensation philosophy, a significant portion of the compensation of our NEOs is performance-based and payable only if pre-established Company and individual performance objectives are achieved. For each NEO, target bonuses are stated as a percentage of annual base salary and are capped at the target level. The target annual bonus payable to Mr. Kum, our CEO, is capped at 100% of his annual base salary. The annual bonuses payable to the other NEOs for 2016 performance are capped at the following levels, as a percentage of their respective annual base salary, Ms. Lee 50%, Mr. Santarosa 50%, Mr. Park 30%, and Ms. Lim 30%.

Generally, the CHRC reviews performance against pre-established financial and non-financial goals on an annual basis to determine the short-term cash incentive compensation of our NEOs. The 2016 Annual Incentive Plan (AIP) includes the concept of a minimal acceptable return (MAR). In other words if the requirements of the MAR are not met then no cash bonuses will be paid to the NEOs including the CEO. In 2016, the MAR had two requirements: (1) the Company must meet 85% of the 2016 budgeted net income, which is established and approved by the Board , and (2) the Company must attain certain regulatory threshold results for 2016. The MAR requirements were met in 2016.

Once the MAR requirements are met, each NEO has objective requirements that must be met in order to obtain part or all of their potential cash incentive.

Table of Contents

Awards under the AIP are substantially based on formulaic scorecard results across weighted performance measure categories. The CHRC reviewed and approved scorecards for each NEO to be used for 2016 performance, which are summarized in the exhibits below. The measurements in the 2016 AIP plan for Mr. Kum are based on the approved 2016 budget in the strategic plan. The measurements for other NEOs were customized to reflect each individual's specific area of control and responsibility, while retaining accountability for overall Company profitability, risk management, and regulatory compliance. The plan is designed to allow for objective goal measurement while also allowing for the exercise of judgment by the CHRC and the Board of Directors. If an NEO has met or exceeded the requirements for a specific goal, the NEO is given 100% credit for the weighting of a particular category. However, if a category is not met or partially met, a lesser percentage of the weighted credit, if any, is given based on an evaluation of the degree to which goals were achieved. This is most prevalent where there were multiple objectives within a particular category (i.e., one objective was met, but another objective was not met or only partially met).

Long-Term Incentives			

Long-term incentive awards, such as stock options and restricted stock, are the third key component of our NEOs' total compensation. The members of the CHRC believe that employee stock ownership is a significant incentive for our NEOs to build stockholder wealth, thereby aligning the interests of employees and stockholders. The members of the CHRC also believe that equity-based compensation complements the short-term cash incentive compensation and helps balance short-term decisions with long-term outcomes. This compensation approach limits an executive's ability to reap short-term gains at the expense of Hanmi's long-term success. This is also an important tool in retaining NEOs.

On August 23, 2013 the stockholders approved the Hanmi Financial Corporation 2013 Equity Compensation Plan, as may be amended from time to time (the "2013 Plan"). The CHRC approves all stock option and restricted stock award grants and acts as an administrator of the 2013 Plan. The Company does not have a policy or an exact formula with regard to the allocation of compensation between cash and equity compensation; rather, the size, timing, and other material terms of the long-term incentive awards for our NEOs are made at the discretion of the CHRC. Factors considered by the CHRC include each executive's performance, previous grant history and ownership level, comparison to our peer group, and retention needs. Four NEOs were granted equity in 2016, as described below. Mr. Santarosa was not granted equity in 2016 because he received grants of restricted stock and stock options in 2015 in connection with his appointment to the CFO position in 2015.

Performance Restricted Stock Grant

On February 17, 2016, the CHRC granted each of Mr. Kum and Ms. Lee a performance restricted stock grant consisting of 99,010 and 49,505 shares, respectively, with annual vesting of up to 25% in each of our 2016, 2017, 2018 and 2019 fiscal years, subject to the Company's TSR performance relative to companies in the KBW Regional Banking Index for each respective year. To the extent that the performance requirements are not met for any given year, any unearned shares applicable to that year will be forfeited.

Table of Contents

In determining the number of shares subject to these awards, the CHRC considered many factors, including each executive's skills, competence, leadership, experience, as well as the overall equity value received by the executives for service to the Company in 2016. Shares were also determined in light of 2014 and 2015, during which time, only Mr. Kim received an equity award.

The structure of the 2016 grant is as follows:

Shares were granted in February 2016 and are eligible to be earned and vest in equal installments over each of our 2016, 2017, 2018 and 2019 fiscal years (up to 25% per year, subject to achievement of the performance requirements for each respective year).

The performance measurement in each of the four fiscal years is based on the Company's Total Shareholder Return (TSR) as compared to the TSR of companies in the KBW Regional Banking Index (KBW Index), which incorporates the change in stock value plus dividends for each performance period.

Companies in the KBW Index as of the beginning of each performance period will be compared with the companies in the KBW Index at the end of each performance period. Only those companies that are in the KBW Index at both times will be included in the KBW Index for purposes of the comparison.

No shares will be earned for each performance period if the Company's TSR is below the 50th percentile. Assuming 50th percentile TSR achievement (threshold) for any given year, 50% of the shares scheduled to vest for such year will be earned. Assuming 75th percentile TSR achievement (target) for any given year, 100% of the shares scheduled to vest for such year will be earned. Shares earned for performance between the 50th and 75th percentile for any given year will be determined by linear interpolation.

There is no retesting of the performance-based restricted shares. Any portion of the shares that do not vest as a result of actual TSR performance for any given year shall be forfeited for such year.

Upon a breach of any restrictive covenants by the executive, the Company, in its sole and absolute discretion, may make written demand for forfeiture of any vested or non-vested shares.

Any shares are subject to potential cancellation, recoupment, rescission, payback or other action in accordance with the terms of the Company's clawback policy.

The exhibit below summarizes the structure of the grant and the performance required to earn awards for Mr. Kum and Ms. Lee.

Table of Contents

In March, 2017, the CHRC determined that the Company's TSR during fiscal year 2016 was 51.30%, which placed it at the 76th percentile when compared against the 46 companies that were in the KBW Index at both the beginning and end of the 2016 performance period. As a result, the CHRC certified the level of achievement of this award at target for the Company's 2016 fiscal year, resulting in twenty five percent (25%) of the total number of shares subject to this award becoming earned and vested

Restricted Stock Grant

On March 23, 2016, the CHRC granted 10,000 restricted shares to Mr. Park at which time our closing price was \$20.09 per share. The shares vest in equal annual installments over three years. The CHRC approved the award based on a recommendation from Mr. Kum after reviewing Mr. Park's performance in his position as the CCO since 2015. The award size was determined based in part on Mr. Park's existing equity ownership level, along with the ownership levels of similarly situated executives at the Company.

On April 27, 2016, the CHRC granted 1,000 restricted shares to Ms. Lim at which time our closing price was \$23.62 per share, which vests in full on April 27, 2017. The award was recommended by Mr. Kum and approved by the CHRC in recognition of significant progress made on areas under her supervision.

Additional Compensation Elements

Employment Agreements

Mr. Kum joined Hanmi and Hanmi Bank as our President and Chief Executive Officer effective June 12, 2013. The terms of his employment agreement are described below.

TERM: dated as of May 24, 2013, has a four-year term, which expires on the earlier of (i) June 12, 2017 or (ii) the effective date of termination of his employment pursuant to the terms of his employment agreement.

COMPENSATION: annual base salary of \$450,000, which may be increased, but not decreased, in the sole discretion of the CHRC, and under the terms of his employment agreement, Mr. Kum is eligible to receive an annual bonus capped at 100% of his annual base salary. Mr. Kum's annual bonus, which is to be paid in cash and/or equity, is generally dependent on the attainment of certain financial goals set by the CHRC. See *Short-Term Cash Incentive Compensation*, above for a description of the 2016 goals. Under Mr. Kum's employment agreement, he is entitled to the use of a company car, a bank issued cellular telephone, membership in a golf country club, Company provided welfare benefit costs for Mr. Kum and payment of reasonable business related expenses. In addition, the Company provides for Mr. Kum's term life insurance coverage premium for One Million Dollars (\$1,000,000) during the term of the employment agreement.

Table of Contents

TERMINATION WITHOUT CAUSE: if Mr. Kum's employment is terminated by Hanmi and Hanmi Bank without cause (as defined in the employment agreement), then, subject to his execution of an effective general release of claims, Mr. Kum is entitled to receive (i) continuation of his then annual base salary for one year, (ii) the pro-rated portion of his bonus for the prior year based on the number of days worked during the year of termination, and (iii) reimbursement of health insurance premiums for 18 months following his termination date, subject to certain limitations. In addition, all outstanding and then unvested stock options, restricted stock and other equity awards granted to Mr. Kum under any of the Company's equity incentive plans will be deemed to have vested as if Mr. Kum's employment has continued for one year following his termination date.

TERMINATION FOLLOWING A CHANGE IN CONTROL: if within 18 months following a change in control (as defined in the employment agreement) of the Company, if Hanmi and Hanmi Bank terminates Mr. Kum's employment without cause or he terminates his employment for good reason (as defined in the employment agreement), then, subject to his execution of an effective general release of claims and certain limitations, Mr. Kum is entitled to receive a lump-sum payment in an amount equal to two times the sum of (a) his then current annual base salary and (b) the then maximum annual bonus amount.

TERMINATION DUE TO DEATH OR DISABILITY: if Mr. Kum's employment is terminated due to his death or disability, Mr. Kum or his estate, as applicable, will receive the pro-rated portion of his bonus for the prior year based on the number of days worked during the year of termination.

CHANGE IN CONTROL: In the event of any change in control of the Company, all of Mr. Kum's equity awards will fully and automatically vest.

Other Executives

Hanmi does not have an employment agreement with any other executives. All other executives are employed at-will, and Hanmi does not provide any right to additional payments or benefits in the event of a termination of employment or a change in control of Hanmi, except that the stock awards, other than those held by Mr. Kum and Ms. Lee granted in February 2016 (see *Performance Restricted Stock Grant* in the CD&A), held by executives will automatically vest upon a change in control as defined in the grant agreement.

Executive Perquisites

Our NEOs and other senior management employees receive the following benefits in addition to their other compensation: 401(k) matching contributions, cellular phone allowance, automobile allowance, gas allowance, bank-owned life insurance (BOLI) and gift cards for the holidays or graduation of a dependent. Mr. Kum also receives a membership in a golf country club, company provided welfare benefits, the use of a company car and cell phone, in lieu of an auto and cell phone allowance, and One Million Dollars (\$1,000,000) in additional term life insurance. These benefits are detailed in the Summary Compensation Table.

Broad-Based Benefits Programs

Our NEOs participate in the benefit programs that are available to all full-time employees. These benefits include health, dental, vision, life insurance, short-term and long-term disability insurance, healthcare reimbursement accounts, paid vacation, contributions to a 401(k) profit sharing retirement plan, and a year of service award

consisting of a grant of fully vested shares of Company stock upon achieving certain years of service milestones with the Company.

Other Compensation Considerations

Pledging and Hedging Policies

Directors and NEOs are not allowed to enter into hedging and pledging transactions, including the use of margin accounts with the Company's common stock held individually or in a trust controlled by such individual.

Table of Contents

Clawback Policy

We have implemented a clawback policy consistent with the requirements of Section 304 of the Sarbanes-Oxley Act which mandates the recovery of incentive awards that would not have otherwise been paid in the event we are required to restate our financial statements due to noncompliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse us for: (1) any bonus or other incentive, or equity-based compensation received during the twelve (12) months following the first public issuance or filing with the SEC (whichever first occurs) of the non-complying document; and (2) any profits realized from the sale of our securities during those twelve (12) months. Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) requires the Securities and Exchange Commission to direct national securities exchanges to prohibit the listing of any security that fails to adopt a compliant clawback policy for any current or former executive officer if the Company is required to file a financial restatement as a result of material noncompliance with applicable securities laws. This clawback applies to incentive-based compensation during the 3-year period preceding the date on which the issuer is required to prepare an accounting restatement, based on the erroneous data, in excess of what would have been paid to the executive officer under the accounting restatement. The Nasdaq Stock Market has not yet promulgated final rules implementing Section 954 of the Dodd-Frank Act.

Compensation Policy Risk Assessment

The CHRC reviews the compensation of our NEOs, as well as the overall compensation practices for the organization. Performance incentive programs and the budgeting for annual salary adjustments are reviewed and approved by the CHRC for all NEOs, with the exception of the CEO, whose compensation is reviewed and approved by the CHRC and subsequently presented to our full Board for ratification. An important aspect of the review is an assessment of whether the programs in any way encourage our NEOs or any other employee of Hanmi to take unacceptable risk, in the short or long term.

Upon due consideration of these items, the CHRC believes that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on its business or operations.

TAX DEDUCTIBILITY OF EXECUTIVE OFFICER COMPENSATION

Section 162(m) of the Code generally precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer and any of its three highest paid executive officers other than the chief financial officer, unless the compensation qualifies as performance-based compensation within the meaning of Section 162(m). The CHRC considers the impact of Section 162(m) in determining the appropriate pay mix and compensation levels for our NEOs. While the CHRC generally seeks to structure performance-based compensation with the intent that it satisfy the deduction requirements of Section 162(m), the CHRC may determine to award compensation that exceeds the deductibility limit under Section 162(m) or otherwise pay non-deductible compensation when it believes that other considerations outweigh the tax deductibility of compensation.

The Company accounts for stock-based compensation in accordance with FASB ASC Topic 718, which requires the Company to recognize compensation expense for share-based payments (including restricted stock and stock options). The CHRC takes into account the impact of FASB ASC Topic 718 in connection with grants of long-term incentive awards.

(1) Amounts represent the aggregate grant date fair values of stock awards for the year indicated in accordance with FASB ASC Topic 718. The grant date fair value of time-based restricted stock awards is calculated using the closing market price of our Common Stock on the grant date. The per-share grant date fair value for Performance Restricted Shares granted to Mr. Kum and Ms. Lee in 2016 with market-based performance conditions (TSR) is estimated based on the use of a Monte Carlo valuation methodology and the probable outcome of the achievement of the performance conditions as determined in accordance with FASB ASC Topic 718, which resulted in a per-share grant date fair value of \$9.25. For additional information on the valuation assumptions for 2016, see Note 17 (Share-based Compensation) to our Consolidated Financial Statements included in our Form 10-K for the year-ended December 31, 2016.

(2) Amounts represent the aggregate grant date fair values of option awards for the year indicated in accordance with FASB ASC Topic 718.

(3) Amounts represent performance-based cash bonuses earned under the AIP during the year indicated. For a more complete description of the bonuses earned by the NEOs for 2016, see *Compensation Discussion and Analysis Short-Term Cash Incentive Compensation* section above. The amounts of cash bonuses earned during 2014 and 2015 under the AIP were previously reported in the Bonus column in the proxy statements for the Company's 2016 and 2015 annual meetings and instead should have been reported in the Non-Equity Incentive Plan Compensation column. These amounts are now properly reported in the Non-Equity Incentive Plan Compensation column as shown in the table above. In addition, the amount shown for Ms. Lee in 2014 was corrected to reflect the cash bonus earned by her during 2014 as the 2014 bonus amount shown in the proxy statements for the Company's 2016

and 2015 annual meetings had included a portion of the bonus that was earned and paid in 2013.

PROPOSAL NO. 2

NON-BINDING ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

(SAY-ON-PAY VOTE)

The Company believes that our overall executive compensation program, as described in this proxy statement, is designed to pay for performance and directly aligns the interest of our executive officers with the long-term interests of our stockholders. Our stockholders have the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our NEOs as disclosed in this Proxy Statement in accordance with the SEC's rules

VOTING AND EFFECT OF VOTE

Because your vote is advisory, it will not be binding upon the Board. In the event this nonbinding proposal is not approved by our stockholders, then such a vote shall neither be construed as overruling a decision by our Board or our CHR Committee, nor create or imply any additional fiduciary duty by our Board or our CHR Committee, nor further shall such a vote be construed to restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. Notwithstanding the foregoing, the Board of Directors and the CHR Committee will consider the nonbinding vote of our stockholders on this proposal when reviewing compensation policies and practices in the future.

BOARD RECOMMENDATION

Our overall executive compensation policies and procedures are described in the Compensation Discussion and Analysis and the tabular disclosure regarding NEO compensation (together with the accompanying narrative disclosure) in this Proxy Statement. We believe that our compensation policies and procedures, going forward will be centered on a pay-for-performance culture and are aligned with the long-term interests of our stockholders, as described in the Compensation Discussion and Analysis. The CHR Committee, which is comprised entirely of independent directors, oversees our executive compensation program and continually monitors our policies to ensure they continue to emphasize programs that reward executives for results that are consistent with stockholder interests.

Stockholders are encouraged to carefully review the Compensation Discussion and Analysis section of this Proxy Statement for a detailed discussion of the Company's executive compensation program. Our Board and our CHR Committee believe that our commitment to these responsible compensation practices justifies a vote by stockholders FOR the following resolution approving the compensation of our executive:

Resolved, that the stockholders of Hanmi Financial Corporation (Hanmi) hereby approve the compensation of our Named Executive Officers as reflected in the Summary Compensation Table, pursuant to Item 402 of Regulation S-K, of the Hanmi Proxy Statement for the 2017 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion contained in the Proxy Statement.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE

NON-BINDING RESOLUTION APPROVING THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

PROPOSAL NO. 3

NON-BINDING ADVISORY VOTE TO APPROVE FREQUENCY OF FUTURE

SAY-ON-PAY VOTES

In Proposal No. 2 above, the Company's stockholders are asked to cast an advisory Say-on-Pay vote. Pursuant to the Dodd-Frank Act and recent SEC rulemaking, at least once every six years the Company is required to ask stockholders to cast an advisory vote on how often the Company should include in its proxy materials for future stockholder meetings the Say-on-Pay vote similar to Proposal No. 2. Under this Proposal No. 3, stockholders may vote to have the Say-on-Pay vote every 1 year, every 2 years or every 3 years or abstain from voting.

VOTING AND EFFECT OF VOTE

The Board values the opinions of the Company's stockholders as expressed through their votes on this Proposal. Although the vote is advisory and not binding on the Board, it will carefully consider the outcome of this vote when making future decisions regarding the frequency of Say-on-Pay votes.

BOARD RECOMMENDATION

After careful consideration of the most appropriate frequency for the Say-on-Pay vote, the Board has determined that an advisory vote on executive compensation that occurs every year is the best alternative for the Company and its stockholders. In formulating its recommendation, the Board considered that an annual Say-on-Pay vote will allow our stockholders to provide their input on NEO compensation on the most frequent basis, which the Board believes is the optimum method for utilizing the important Say-on-Pay communication. If the Say-on-Pay vote is held less frequently than annually, the compensation being voted upon and the results of the vote may be confusing and less clear to both stockholders and the Board. Further, an annual Say-on-Pay vote aligns with the Board's annual decision-making on NEO compensation as described in this Proxy Statement. Therefore our Board recommends that you vote to hold an advisory vote on executive compensation annually.

***OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE THE OPTION OF
1 YEAR AS THE FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED A SAY-ON-PAY VOTE***

PROPOSAL NO. 4

RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify the appointment by the Audit Committee of KPMG LLP (KPMG) as our independent registered public accounting firm for the fiscal year ending December 31, 2017. KPMG served as our independent registered public accounting firm for the fiscal year ended December 31, 2016, and has served as our independent registered public accounting firm since 2001. KPMG has advised us that it has no direct or indirect financial interest in us. Representatives of KPMG are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions. If this proposal is not approved at the Annual Meeting, the Audit Committee will reconsider this appointment.

VOTING AND EFFECT OF VOTE

Under applicable SEC regulations, the selection of our independent registered public accounting firm is solely the responsibility of the Audit Committee. Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of KPMG as the Company's independent registered public accounting firm. However, we are submitting the selection of KPMG to our stockholders for ratification to obtain our stockholders' views. If our stockholders fail to ratify the selection of KPMG, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection of KPMG is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our and our stockholders' best interests.

BOARD RECOMMENDATION

The Board considers the selection of KPMG as our independent registered public accounting firm to be in the best interests of Hanmi and our stockholders.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG, LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In performing its functions, the Audit Committee in 2016 met and held discussions with management and with KPMG, the independent auditor for the Company and its wholly-owned subsidiary, Hanmi Bank. Management represented to the Audit Committee that all financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has:

Reviewed and discussed the audited financial statements with management;

Discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard 1301 of the Public Company Accounting Oversight Board (the PCAOB);

Received a statement of the registered public accounting firm's independence required by the PCAOB. The Audit Committee discussed any relationships that may impact the objectivity and independence of KPMG, and satisfied itself as to their independence; and

Reviewed and discussed KPMG's assistance related to loan review, alternative audit procedures and general audit support.

Based on these discussions and reviews, the Company's Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016, for filing with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Review, Approval or Ratification of Transactions with Related Persons

Hanmi has adopted a Code of Business Conduct and Ethics, which governs the review and approval of transactions with related person. This policy requires that executive officers, Directors, five-percent (5%) stockholders, and their family members and entities for which any of those persons serve as officers or partners or in which they have a ten percent (10%) or greater interest, must notify Hanmi's Corporate Secretary before entering into transactions or other arrangements with Hanmi or any of its affiliates (other than loans subject to Regulation O promulgated by the Board of Governors of the Federal Reserve System such as loans exceeding \$25,000). Hanmi's Corporate Secretary will determine whether, under these guidelines, the transaction or arrangement should be submitted to the Audit Committee for review and approval. In determining whether to submit proposed transactions to the Audit Committee for consideration, Hanmi's Corporate Secretary will consider, among other things, the aggregate value of the proposed transaction and whether the related person has an indirect or direct material interest in the transaction. The Audit Committee will review all relevant material information and consider, among other things, the benefits to Hanmi of the proposed transaction, and whether the terms of the proposed transaction are comparable to the terms available to an unrelated third party and employees generally. These policies also include provisions for the review and possible ratification of transactions and arrangements that are entered into without prior review.

None of our other affiliates entered into any related-party transactions that required review, approval, or ratification under these policies in 2016.

Transactions with Related Persons

Some of Hanmi's Directors and executive officers and their immediate families, as well as the companies with which they are associated, are customers of, or have had banking transactions with, Hanmi or Hanmi Bank in the ordinary course of Hanmi's business, and Hanmi expects to have banking transactions with such persons in the future. There is no amount of indebtedness owed to Hanmi or Hanmi Bank by the principal officers (considered Regulation O Officers) and current Directors of Hanmi (including associated companies) as of December 31, 2016, other than an SBA loan made to Christie K. Chu and a family member in 2008 which was a term loan to business, made on arms-length terms before her 2015 appointment to our Boards. If credit was to be extended to a Regulation O Officer or a Director, in management's opinion, all loans and commitments to lend included in such transactions would be made in the ordinary course of business, in compliance with applicable laws on substantially the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness and would not involve more than a normal risk of repayment or present other unfavorable features.
