Supplemental Disclosure Relating to Proposal 2 (Approval of the Reverse Stock Split)

At the Special Meeting, BioAmber stockholders will be asked to approve an amendment to our Amended and Restated Certificate of Incorporation authorizing a reverse stock split of the issued and outstanding shares of our common stock, at a ratio within a range of not less than fifty-to-one and not more than three-hundred-to-one, such ratio and the implementation and timing of such reverse stock split to be determined in the discretion of our Board of Directors.

If this proposal is approved, and our Board of Directors elects to implement a reverse stock split, then upon implementation of the reverse stock split, the number of authorized shares of common stock will be reduced proportionately based on the reverse stock split ratio.
