## PART 1 FINANCIAL INFORMATION

### ITEM 1. FINANCIAL STATEMENTS

Attached hereto and incorporated herein by reference

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following information contains certain forward-looking statements that anticipate future trends or events. These statements are based on certain assumptions that may prove to be erroneous and are subject to certain risks including but not limited to the risks of increased competition in the Company's industry and other risks detailed in the Company's Securities and Exchange Commission filings. Accordingly, actual results may differ, possibly materially, from the predictions contained herein.

#### Overview

-----

Gross sales increased \$904,646 during the first quarter of Fiscal 2003 as compared to the first quarter of Fiscal 2002. The increase was a result of increased production and sales in the Company's swimming pool division as well as the first significant revenue generated by the Water\$avr division. During the first quarter of Fiscal 2003, the Company experienced an increase in net income of \$159,760 as compared to the first quarter of Fiscal 2002. The increase in net income was the result of the increase in revenue mentioned above.

#### Results of Operations

-----

Flexible Solutions is an environmental biotechnology company active in energy and water conservation products. The Company believes that its patented and patent-pending products are effective. All of the Company's products are biodegradable. The Company's corporate headquarters and research facilities are located in Victoria, British Columbia. It has one manufacturing plant situated in Calgary Alberta. The wholly owned Water\$avr subsidiary is based in Yorkville IL.

For the first quarter of the current fiscal year, ending March 31, 2003, sales increased 240% to \$1,281,266 compared to \$376,620 for the same quarter of the previous year. The Company experienced a higher volume of sales during the first quarter Fiscal 2003 as its "Tropical Fish" product continued to gain market share, Heat\$avr sold to the commercial pool sector increased and our new product "Water\$avr (W\$)" had its first significant quarter of revenue. Management expects that these trends will continue in the future.

2

General and administrative expenses for the Company were \$412,994 for the first quarter up from \$155,307 for the first quarter of last year. The increase in operating expenses was the result of the growth in the Company both in its Water\$avr Division and its "Heat\$aver" Division. Notable increases included: wages up to \$138,670 from \$31,755 directly a result of new hires in the W\$ division and increased head count at the factory in Alberta for increased production; office costs up to \$46,022 from \$29,149 a result of the new office cost of the W\$ division; travel, up to \$34,184 from \$7,611 due to world wide sales efforts in the W\$ group; research to \$17,531 from \$0 as a result of

## Edgar Filing: FLEXIBLE SOLUTIONS INTERNATIONAL INC - Form 10QSB

breaking out the category; currency exchange to \$16,167 from \$0 for the same reasons; telephone to \$8,762 from \$2,257 as a result of the general increase in corporate activity and consulting, \$41,684 from \$0 as a result of expensing options granted to consultants (this is a non-cash expense generated for accounting requirements).

Management attributes the increase in general and administrative expenses to the fact that the Company has expanded the manufacturing and sales of its entire product line. Excluding the non-cash option expense, operating costs increased 139% to \$371,310 from \$155,307 while revenue increased 254%.

Net income for the quarter was \$180,781 which represents an 760% increase over the first quarter of last year when net income was \$21,021. As stated earlier, the increase in net income was due to an increase in sales of all product lines and commencement of sales in the Water\$avr division.

Earnings per share were \$0.02 (basic), \$0.01 (fully diluted) for the first quarter of Fiscal 2003 compared to \$0.00 (basic) and \$0.00 (fully diluted) for the first quarter of fiscal 2002.

### Liquidity and Capital Resources

-----

As of March 31st, 2003, the Company had working capital of \$6,344,840, which represented an increase of \$5,810,013 as compared to the working capital position of \$534,827 on March 31st 2002. The increase in working capital was due to net financings of \$5,750,000 in April and July 2002 through private placements of common shares, capital realized from exercise of stock options in the 12 months to March 31st 2003 and the positive cash flow from operations over the 12 month period.

Accounts Receivable and Inventory represented 12.5% of current assets and both continue to turn over at acceptable rates.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS:

The Company does not have any derivative financial instruments as of May 11th 2003. However, the Company is exposed to interest rate risk.

3

The Company's interest income and expense are most sensitive to changes in the general level of U.S. and Canadian interest rates. In this regard, changes in U.S. and Canadian interest rates affect the interest paid on the Company's investments.

### FOREIGN CURRENCY RISK

The Company operates primarily in Canada. Therefore, the Company's business and financial condition is sensitive to currency exchange rates or any other restriction imposed on its currency.

### ITEM 1. LEGAL PROCEEDINGS

In December 2001, the Company filed suit in British Columbia Supreme Court against Equity Trust and John Wells. The Company is claiming that Equity Trust and John Wells did not provide the services for which they were paid 100,000 shares of common stock and loaned \$25,000. The Company is seeking return (and cancellation) of the shares, repayment of the loan, costs and penalties from Equity Trust and John Wells. As of 3/31/2002, the BC Supreme Court has enjoined the defendant against any transaction regarding the shares until trial is complete. The Company has accounted for the loan as un-collectable; the 100,000 shares are included in reported issued/outstanding common stock. The Company will continue to prosecute this case to a final decision by the courts.
