Board Meetings and Committees

Independent Directors

Our Board of Directors has adopted a Corporate Governance Committee Charter, copy of which is available at our website at www.sunopta.com, Investor Relations, Corporate Governance. Under the Company's Corporate Governance Committee Charter, which adopts the current standards for independence in accordance with the Nasdaq listing standards and the Securities and Exchange Commission rules, a majority of the members of the Board of Directors must be independent as determined by the Board of Directors. The Board of Directors has determined that Steven Townsend, James Riftenbergh, Katrina Houde, Robert Fetherstonhaugh, and Cyril Ing are independent and, accordingly, a majority of our Board of Directors is independent. Additionally, all current members of our Audit Committee, Compensation Committee and Corporate Governance Committee are independent. The Board of Directors has further determined that Messrs. Greene and Hepburn are independent.

The Company presently has three Committees (1) Audit Committee; (2) Corporate Governance Committee which also serves as the Nominating Committee and (3) Compensation Committee. The Board has appointed individuals from its members to serve on these Committees. The membership of these three Committees is composed entirely of independent directors. During 2007 four directors attended the Company's annual meeting. During 2007, the Board of Directors held five regularly scheduled meetings and eight special telephonic meetings. All board members attended 75% of the meetings of the Board and Committees in which they served, with the exception of Mr. Stephen Bronfman who resigned from the Board on December 20, 2007. We encourage our directors to attend shareholder meetings.

Audit Committee

The following three independent directors were members of the Audit Committee during 2007: Steven Townsend (Chairman), Jim Riftenbergh and Katrina Houde. All three members are financially literate, and Steven Townsend is considered the Audit Committee financial expert. Mr. Riftenbergh and Mr. Townsend will not be standing for re-election. The Company has not made a final decision on Audit Committee membership but currently intends to replace directors not standing for re-election with Robert Fetherstonhaugh and Victor Hepburn, both who are considered financially literate.

The Audit Committee's duties and responsibilities are documented in a formal Audit Committee Charter a copy of which is available on our website at www.sunopta.com, Investor Relations, Corporate Governance. These duties include (a) providing oversight of the financial reporting process and management's responsibility for the integrity, accuracy and objectivity of financial reports and related financial reporting practices; (b) recommending to the Board of Directors the appointment of the Company's auditors; (c) providing oversight of the adequacy of the Company's system of internal and related disclosure controls; and (d) providing oversight of management practices relating to ethical considerations and business conduct, including compliance with laws and regulations. The Audit Committee normally meets four times a year, once to review the Form 10-K and annual Audited Consolidated Financial Statements and before each quarter's earnings are filed to review interim financial statements and Form 10-Q which is filed with the Securities and Exchange Commission in the U.S. and the Ontario Securities Commission in Canada. Other meetings may be held at the discretion of the Chair of the Audit Committee. During 2007, the Audit Committee met four times. The Audit Committee has free and unfettered access to PricewaterhouseCoopers LLP, the Company's

auditors and also meets and has direct access to the Company's internal counsel and external legal advisors.

During 2007 the Audit Committee maintained a company wide whistle-blower policy related to reporting of concerns in accounting or internal controls. This policy gives all employees of the Company direct access to the Audit Committee for concerns dealing with accounting practices, internal controls or other matters affecting the Company's well being.

Corporate Governance Committee

The Nominating Committee evaluates prospective nominees identified on its own initiative or referred to it by other Board members, management, stockholders or external sources and all self-nominated candidates. The Nominating Committee uses the same criteria for evaluating candidates nominated by stockholders and self-nominated candidates as it does for those proposed by other Board members, management and search companies. To be considered for membership on the Board, the Nominating Committee will consider certain necessary criteria that a candidate should meet, which would include the following: (a) be of proven integrity with a record of substantial achievement, (b) have demonstrated ability and sound judgment that usually will be based on broad experience but, particularly, industry experience; (c) be able and willing to devote the required amount of time to the Company's affairs, including attendance at Board meetings, Board Committee meetings and annual stockholder meetings; (d) possess a judicious and critical temperament that will enable objective appraisal of management's plans and programs; and (e) be committed to building sound, long-term Company growth. Evaluation of candidates occurs on the basis of materials submitted by or on behalf of the candidate. If a candidate continues to be of interest, additional information about her/him is obtained through inquiries to various sources and, if warranted, interviews.

A stockholder may recommend a person as a nominee for director by writing to the Secretary of the Company. Recommendations must be received by November 1, 2008 in order for a candidate to be considered for election at the 2009 Annual Meeting. Each notice of nomination should contain the following information: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission had each nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Company if so elected.

The Governance Committee met formally three times during 2007. In addition, several telephonic meetings were held during the year for administrative matters connected to the responsibilities of this Committee.

On June 23, 2008, acting upon the recommendations of the Audit Committee and the Corporate Governance Committee, the Board of Directors of the Company adopted the following changes:

Executive Compensation

Overview and Philosophy

The Compensation Committee of the Board of Directors is responsible for making recommendations concerning salaries and incentive compensation for employees, including the Chief Executive Officer and other executive officers, and administering the Amended and Restated 2002 Stock Option Plan and the Employee Stock Purchase Plan. The Compensation Committee consists entirely of non-employee directors, within the meaning of Rule 16b-3 issued by the Securities and Exchange Commission, and outside directors within the meaning of Section 162(m) of the Internal Revenue Code. During 2007, the Compensation Committee consisted of James Rifenergh (Chairman), Robert Fetherstonhaugh, Cyril Ing and Steven Townsend.

Executive Officers assess and recommend compensation levels based on third party data, changes in responsibility, internal equity and the individual's overall contribution to the Company's success. These recommendations are submitted to the Compensation Committee for decision and final approval.

This report addresses our compensation policies for the fiscal year ended December 31, 2007 as they affected the Chief Executive Officer and the other executive officers. The objectives of our executive compensation program are to:

-

Attract and retain key executive officers critical to our long-term success;

-

Align the executive officers' interests with the interests of stockholders;

-

Promote an ownership mentality among key leadership and the Board of Directors;

-

Enhance the overall performance of SunOpta; and

-

Recognize and reward individual performance and responsibility.

Compensation Program

Our executive compensation program generally consists of base salary, cash incentive compensation (bonuses) and long-term incentive compensation in the form of stock options and restricted stock grants. Executive officers also participate in benefit programs that are generally available to all our employees, including medical benefits, the Employee Stock Purchase Plan and the retirement savings plan (RRSP or 401K).

All compensation decisions are determined following a review of many factors that we believe are relevant, including third-party data, our achievements over the past year, the individual s contributions to our success, any significant changes in role or responsibility, and the internal equity of compensation relationships.

In general, we intend that the overall total compensation opportunities provided to the executive officers should reflect competitive compensation for executive officers with corresponding responsibilities in comparable firms providing similar products and services. To the extent determined to be appropriate, we also consider general economic conditions, our financial performance, including corporate Net Income, Return on Equity and Return on Net Assets, and individual merit in setting compensation policies for our executive officers.

We regularly assess, with the assistance of outside compensation consultants including OCG, Mercer and Towers Perrin, the competitiveness of our total compensation program, including base salaries, annual cash incentives and long-term stock-based incentives. Data for external comparisons are drawn from a number of sources, including the publicly available disclosures of selected comparable firms with similar products and national compensation surveys of companies of similar size or industry.

For the fiscal year ended December 31, 2007, we reviewed the appropriate mix between salary and other forms of compensation and set annual compensation guidelines for our executive officers.

Base Compensation

The Company determines base salary based on a combination of comparable market data, experience and job responsibilities and other relevant factors.

During 2007, the Company commissioned an independent consulting firm to review the compensation levels paid to executive officers. The consultant used the Mercer Executive Compensation Survey (non-durable manufacturing) as well as compensation data for Agricore United, CoolBrands, Humpty Dumpty and Maple Leaf Foods in establishing a comparative set. For fiscal 2007, compensation for executive officers was set within the range of this compensation review for executive officers with comparable qualifications, experience and responsibilities at other companies in the same or similar businesses, based on the determination of management and approved by the Compensation Committee. Base compensation was also determined in light of a particular individual's contribution as a whole, including the ability to motivate others, develop the necessary skills to grow, recognize and pursue new business opportunities and initiate programs to enhance the Company's growth and improve shareholder value.

Steven Bromley was appointed President and Chief Executive Officer in February 2007. Mr. Bromley's base compensation was set at CDN \$400,000 and was subsequently adjusted to CDN \$430,000 effective January 1, 2008. Mr. Bromley was awarded 10,000 common shares of restricted stock to be granted in equal installments over a four year period commencing at the time of his appointment to CEO and thereafter on each anniversary. Mr. Bromley has an employment agreement with the Company commencing February 1, 2007 until February 1, 2012. Mr. Bromley will transition out of that role no later than the end of 2008. In addition, Mr. Bromley will not stand for re-election to the board of directors at the annual shareholder meeting in 2009.

Short Term Incentives

Short term incentives for executives and management are provided through annual bonus plans based on the performance of the business. The objectives of these plans are to align the behavior of executives and management with the overall strategy of the business and shareholder interests. The Company commissioned an independent consulting firm during 2007 to review the bonus levels of executives and management and the eligibility levels for management. Eligible participants could receive an annual bonus based on the actual performance of four criteria: consolidated net income; consolidated return on equity; consolidated return on net assets and Group operating income, all compared to pre-set targets.

Long-Term Incentives

Long-term incentives for executive officers and key employees are provided through individual stock ownership, the Employee Stock Purchase Plan and the Amended and Restated 2002 Stock Option Plan. The objectives of these plans are to align executive and shareholder long-term interests by creating a strong and direct link between executive compensation and shareholder return, and to enable executive officers to develop and maintain a significant, long-term stock ownership position in our common stock. Stock options are usually granted annually to our executive officers and certain key employees. In selecting executive officers eligible to receive stock options and determining the amount and frequency of such grants, we evaluate a variety of factors, including the following: (i) the job level of the executive officer; (ii) stock option grants awarded by competitors to executive officers at a comparable job level; and (iii) past, current and prospective service rendered, or to be rendered, by the executive officer.

Limitations on Deductions

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid to our Chief Executive Officer and the four other most highly compensated executive officers to \$1,000,000 per year, but contains an exception for certain performance-based compensation. For the fiscal year ended December 31, 2007, grants of stock options under the Amended and Restated 2002 Stock Option Plan satisfy the requirements for deductible compensation for employees residing in the U.S. While our general policy is to preserve the deductibility of most compensation paid to executive officers, we may authorize payments that may not be deductible if we believe they are in the best interests of SunOpta and its shareholders.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has served as one of our officers or employees at any time over the past year. None of our executive officers serve as a member of the Compensation Committee of any other company that has an executive officer serving as a member of our Board of Directors. None of our executive officers serve as a member of the Board of Directors of any other company that has an executive officer serving as a member of our Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management certain Compensation Discussion and Analysis provisions to be included in the Company's annual report on Form 10-K, filed pursuant to Section 13 and Section 15(d) of the Exchange Act. Based on the reviews and discussions referred to above the Compensation Committee recommends to the Board of Directors that the Compensation Discussion and Analysis referred to above be included in the Company's annual report on Form 10-K.

Payments on Termination or Change in Control

In 2007, the Company entered into Employment Agreements with Mr. Bromley and Mr. Riz. These agreements provide for certain benefits upon an involuntary termination of employment, other than for cause, or after a Triggering Event. In 2007, the Company modified Mr. Dietrich's employment conditions by providing certain benefits upon an involuntary termination of employment, other than for cause, or after a Triggering Event. A Triggering Event includes a merger of the Company with and into an unaffiliated corporation if the Company is not the surviving corporation or the sale of all or substantially all of the Company's assets. The benefits to be received by the executive officers whose employment is terminated after a Triggering Event occurs include: receipt of a lump sum severance payment equal to two years for Mr. Bromley and eighteen months for Mr. Dietrich and Mr. Riz. Also, bonus based upon average bonus over the preceding two (2) years and participation in certain Company wide benefit plans, for the term of the severance period. This also includes immediate vesting of any outstanding stock options granted to such executive officer.

If an involuntary termination of employment, other than for cause, or a Triggering Event and termination of employment had occurred as of December 31, 2007, we estimate that the value of the benefits under the Employment Agreements and termination benefits would have been as follows:

Name

Edgar Filing: SunOpta Inc. - Form DEF 14A

	Lump Sum Severance Payment	Continuation of Insurance Benefit	Accelerated Vesting of Stock Options (1) and Stock Grants
Steven R. Bromley (2)	\$968,000	\$96,000	\$1,018,000
Joseph Riz (3)	\$598,500	\$63,000	\$235,025
John H. Dietrich (2)	\$513,000	\$54,000	\$547,000

- (1) These amounts represent the difference between the exercise price of the stock options and the closing price of the Company's common shares on the last trading day of the year on the NASDAQ Global Select Market. On December 31, 2007, the closing price was U.S. \$13.35.
- (2) The employment of Messrs. Bromley and Dietrich will terminate on or before December 31, 2008. Because the decision with respect to this termination was made in the second quarter of 2008, the Company has accrued the expected costs of such termination in its second quarter 2008 results. The specific terms of each executive's separation are being finalized, and will be disclosed once the final agreements have been completed.
- (3) Mr. Riz resigned from the Company effective May 31, 2008, he will be available to the Company and paid through December 31, 2008. He will receive no additional payment or benefits under his employment agreement.

Abstentions and broker non-votes are counted for purposes of determining whether a quorum exists at the annual meeting, but will have no effect on the results of the vote. The Audit Committee has adopted a policy for the pre-approval of audit and non-audit services that may be provided by the Company's independent registered public accounting firm. The Committee's policy is to pre-approve all audit and permissible non-audit services provided by PwC prior to the engagement with the exception that management is authorized to engage PwC in respect of services to the extent that (a) each individual engagement is not more than \$25,000, and (b) the aggregate for all engagements does not exceed \$75,000.
