Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of Hecla Mining Company, which will be held at the Elks Temple BPOE No. 331 located at 419 Cedar, Wallace, Idaho, on Friday, May 6, 2005, at 9 a.m., Pacific Daylight Time. Driving directions to the Elks Temple can be found on the inside of the back cover of this document.

In addition to the election of one director, common shareholders will be asked to consider and approve an amendment to the Corporation's existing Stock Plan for Nonemployee Directors. The preferred shareholders will be asked to elect two directors. In addition, reports of the Corporation's operations and other matters of interest will be made at the meeting. For information with respect to these matters, please refer to the Notice of Meeting and Proxy Statement.

It is important that your shares be represented at the meeting whether or not you are personally able to attend. You may vote over the Internet, by telephone or by mail. If voting by mail, please complete the enclosed appropriate proxy card for either common shareholders or preferred shareholders, and mail it in the enclosed postage-paid envelope as promptly as possible. Voting over the Internet, by telephone or by written proxy will ensure your representation at the Annual Meeting of Shareholders if you do not attend in person. Please review the instructions on the proxy card regarding each of these voting options.

Sincerely,

Phillips S. Baker, Jr.
President and Chief Executive Officer

You may elect to receive future notices of meetings, proxy materials and annual reports electronically via the Internet. If you have previously consented to electronic delivery, your consent will remain in effect until withdrawn. If you have not yet enrolled in Hecla's Internet delivery program, we strongly encourage you to do so as it is a cost-effective way for Hecla to send your proxy statement and annual report materials. Participation instructions are set forth in the enclosed flyer. When next year's proxy statement and annual report materials are available, you will be sent an e-mail telling you how to access them electronically.

PROXY STATEMENT
Relating to
ANNUAL MEETING OF SHAREHOLDERS
to be held on May 6, 2005

INTRODUCTION

This Proxy Statement is being furnished by the Board of Directors (the "Board") of Hecla Mining Company, a Delaware corporation (the "Corporation"), to holders of shares of the Corporation's common stock, par value \$0.25 per share (the "Common Stock"), and to holders of shares of Series B Cumulative Convertible Preferred Stock (the "Preferred Stock") in connection with the solicitation by the Board of proxies to be voted at the Annual Meeting of Shareholders of the Corporation to be held on Friday, May 6, 2005, and any postponements or adjournments thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

These proxy solicitation materials, together with the Corporation's 2004 Annual Report to Shareholders, were mailed on or about March 29, 2005, to all common and preferred shareholders entitled to vote at the Annual Meeting.

VOTING AT ANNUAL MEETING

Record Date

The Corporation's Board has fixed the close of business on March 10, 2005, as the record date (the Record Date) for determination of the shareholders entitled to notice of, and to vote at, the Annual Meeting. You will be entitled to vote your shares of the Corporation's Common Stock and Preferred Stock at the Annual Meeting if you were a shareholder of record on the Record Date. As of the Record Date, there were 118,393,842 shares of Common Stock (which number does not include shares held by us as treasury shares) issued and outstanding entitled to vote, and 157,816 shares of Preferred Stock issued and outstanding entitled to vote.

How to Vote Your Shares

You can vote your shares either by attending the Annual Meeting and voting in person, by Internet, by telephone or by returning the enclosed proxy card. If you choose to vote by proxy, please complete, date, sign and return the enclosed appropriate proxy card for either common shareholders or preferred shareholders. The proxies named in the enclosed proxy card (Arthur Brown and Michael B. White) will vote your shares as you have instructed. You may authorize the proxies to vote your shares in favor of each of the proposals contained in this Proxy Statement by simply signing and returning the enclosed appropriate proxy card without indicating how your votes should be cast. If you vote by Internet or by telephone, please follow the directions on the proxy card regarding each of these voting options.

Quorum; Abstentions; Broker Non-votes

A majority of the outstanding shares of Common Stock will constitute a quorum for the transaction of business by common shareholders. A majority of the outstanding shares of Preferred Stock will constitute a quorum for the transaction of business by preferred shareholders. The shareholders of record on the Record

Date of the shares of Common Stock and Preferred Stock entitled to vote at the Annual Meeting are entitled to cast one vote per share on each matter submitted to a vote of that class of shares at the Annual Meeting. Directors are elected by a majority of the votes cast by the holders of the Common Stock or Preferred Stock, as the case may be, at a meeting at which a quorum is present. Consequently, any shares not voted (whether by abstentions, broker non-votes or otherwise) have the same impact as a vote to withhold authority in the election of directors.

For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked Abstain with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the same effect as a vote against that matter.

If you hold your shares in street name through a broker or other nominee, under New York Stock Exchange rules, your broker may vote your shares, even without your action, for uncontested elections of directors, but may not vote your shares on the proposal relating to the Stock Plan for Nonemployee Directors without action by you. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on that matter and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum. The number of nominees for Directors to be elected by holders of Preferred Stock exceeds the number of such directorships. If there is a solicitation in opposition to this proxy solicitation, your broker may be unable to vote your shares of Preferred Stock on the election of directors by holders of Preferred Stock without your instruction.

Discretionary Voting by Proxies on Other Matters

Aside from the election of one director and the amendment to the Stock Plan for Nonemployee Directors by common shareholders, and the election of two directors by preferred shareholders, we do not know of any other proposal that may be presented at the Annual Meeting. However, if another matter is properly presented at the Annual Meeting, the persons named in the accompanying proxy card will exercise their discretion in voting on the matter.

Voting Results

Edgar Filing: HECLA MINING CO/DE/ - Form DEF 14A

Votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Expenses of Solicitation

The Corporation will bear all the costs and expenses relating to the solicitation of proxies, including the costs of preparing, printing and mailing this Proxy Statement and accompanying material to common and preferred shareholders. In addition to the solicitation of proxies by use of the mail, the directors, officers and employees of the Corporation, without additional compensation, may solicit proxies personally or by telephone or otherwise. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for forwarding solicitation materials to the beneficial owners of the shares of Common Stock and Preferred Stock held by such persons, and the Corporation will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection with such activities.

In addition, the Corporation has retained Georgeson Shareholder Communications Inc. to assist in the solicitation of votes for directors elected by preferred shareholders and the solicitation of votes for the amendment to the Stock Plan for Nonemployee Directors by common shareholders for a fee of \$7,500, plus expenses.

2

Shareholders Sharing the Same Surname and Address

In some cases, shareholders holding their shares in a brokerage or bank account who share the same surname and address and have not given contrary instructions, receive only one copy of our annual report and Proxy Statement. This practice is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources. If you would like to have additional copies of our annual report and/or Proxy Statement mailed to you, please call or write us at our corporate offices, 6500 N. Mineral Drive, Suite 200, Coeur d'Alene, Idaho 83815-9408, Attn: Investor Relations, telephone number: (208) 769-4100. If you want to receive separate copies of the Proxy Statement or annual report to shareholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder.

Common Shareholder Proxies

Shares of Common Stock which are entitled to be voted at the Annual Meeting and which are represented by properly executed proxies will be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated on any proxy, the shares represented by such proxy will be voted: (1) FOR the election of one nominee for election as director; (2) FOR the approval of the amendment to the Stock Plan for Nonemployee Directors; and (3) in the discretion of the proxy holders as to any other matters which may properly come before the Annual Meeting. A common shareholder who has executed and returned a proxy may revoke it at any time before it is voted at the Annual Meeting by executing and returning a proxy bearing a later date, by giving written notice of revocation to the Secretary of the Corporation or by attending the Annual Meeting and voting in person. Attendance in person at the Annual Meeting will not, in itself, be sufficient to revoke a proxy.

Preferred Shareholder Proxies

Shares of Preferred Stock which are entitled to be voted at the Annual Meeting and which are represented by properly executed proxies will be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated on any proxy, the shares represented by such proxy will be voted FOR the election of Mr. David J. Christensen and Dr. Anthony P. Taylor for directors. A preferred shareholder who has executed and returned a proxy may revoke it at any time before it is voted at the Annual Meeting by executing and returning a proxy bearing a later date, by giving written notice of revocation to the Secretary of the Corporation or by attending the Annual Meeting and voting in person. Attendance in person at the Annual Meeting will not, in itself, be sufficient to revoke a proxy.

PURPOSES OF ANNUAL MEETING FOR COMMON SHAREHOLDERS

Election of Director

At the Annual Meeting, common shareholders entitled to vote will be asked to consider and to take action on the election of one director to the Corporation's Board, to serve for a three-year term. See Election of Director by Common Shareholders.

Amendment to Stock Plan for Nonemployee Directors

At the Annual Meeting, common shareholders will be asked to consider and take action on a proposed amendment to the Corporation's Stock Plan for Nonemployee Directors to change the number of shares of Common Stock to be delivered to each nonemployee director annually from the number of shares that results from dividing \$10,000 by the average closing price for the Corporation's Common Stock on the New York Stock Exchange for the prior calendar year, to the number of shares that results from dividing \$24,000 by the average closing price for the Corporation's Common Stock on the New York Stock Exchange for the prior calendar year. See Amendment to Stock Plan for Nonemployee Directors.

PURPOSE OF ANNUAL MEETING FOR PREFERRED SHAREHOLDERS

Election of Directors

At the Annual Meeting, preferred shareholders entitled to vote will be asked to consider and take action on the election of two directors to the Corporation's Board, each to serve for a three-year term or until their term is earlier terminated in accordance with the Certificate of Designations, Preferences and Rights of Series B Cumulative Convertible Preferred Stock. See Election of Directors by Preferred Shareholders.

ELECTION OF DIRECTOR BY COMMON SHAREHOLDERS

The authorized number of directors elected by the common shareholders of the Corporation is currently seven. In addition, two directors are to be elected at this Annual Meeting by the preferred shareholders in accordance with the Certificate of Designations of Preferred Stock. In accordance with the Corporation's Certificate of Incorporation, its Board is divided into three classes. The terms of office of the directors in each of such classes expire at different times. Mr. Baker's term will expire at the Annual Meeting of Shareholders. Mr. Baker has been designated by the Board of the Corporation as a nominee for election as a director of the Corporation for a three-year term expiring in 2008.

Mr. Joe Coors, Jr. resigned from the Board in February 2005. Mr. Coors' term would have expired in 2006. Pursuant to the provisions of the Corporation's By-Laws, the Board is entitled to appoint a replacement director to take the place of Mr. Coors. On February 25, 2005, the Board appointed George R. Nethercutt, Jr. to fill the vacancy created by the resignation of Mr. Coors. Mr. Nethercutt's term will expire at the Annual Meeting of Shareholders in 2006. The terms of Messrs. Arthur Brown and John E. Clute will also expire in 2006. The terms of Messrs. Ted Crumley, Charles L. McAlpine and Jorge E. Ordoñez C. will expire in 2007.

It is intended that the proxies solicited hereby for common shareholders will be voted FOR the election of Mr. Baker, unless authority to do so has been withheld. The Board knows of no reason why Mr. Baker will be unable or unwilling to accept election. However, if Mr. Baker becomes unable to accept election, the Board will either reduce the number of directors to be elected or select a substitute nominee submitted by the Directors Nominating Committee of the Board. If a substitute nominee is selected, proxies will be voted in favor of such nominee.

Nominee

Mr. Baker, who currently serves on the Board, is the nominee for director for a three-year term, which will expire in 2008:

1994

ELECTION OF DIRECTORS BY PREFERRED SHAREHOLDERS

In accordance with the Certificate of Designations of Preferred Stock which provides that if the Corporation fails to declare and pay or set aside for payment the equivalent of six quarterly dividends, whether or not consecutive, holders of the Preferred Stock shall have the right to elect two directors to the Corporation's Board. On January 1, 2005, the equivalent of seventeen quarterly dividends on the Preferred Stock were not declared and paid or set apart for payment by the Corporation. As a result, pursuant to the Certificate of Designations of Preferred Stock, the holders of the Preferred Stock have the right to elect two members to the Corporation's Board at the Annual Meeting. We have included information for each of the nominees we received from the holders of Preferred Stock by the close of business on February 4, 2005. Each director elected by the holders of Preferred Stock will hold office for a period of three years until his successor has been elected and has qualified, or until his term is earlier terminated in accordance with the Certificate of Designations of Preferred Stock.

Holders of the Corporation's Preferred Stock elected Mr. David J. Christensen and Dr. Anthony P. Taylor in May 2002. Messrs. Christensen and Taylor have extensive background in mining, and the financial and geological industries, which has served them in connection with their representation of preferred shareholders on the Board since May 2002.

The Board recommends that holders of Preferred Stock vote FOR the election of David J. Christensen and Dr. Anthony P. Taylor.

Committees of the Board of Directors

The standing committees of the Board are the Executive; Audit; Compensation; Corporate Governance and Directors Nominating; and Technical.

Edgar Filing: HECLA MINING CO/DE/ - Form DEF 14A

During 2004, the Corporation had a Finance Committee, which met once in 2004. The principal functions of the Finance Committee were to develop and set the Corporation's long-term investment policies and to review the performance of the investment managers of the Corporation's pension trusts. In February 2005, the Board terminated the Finance Committee. The Board as a whole or the Executive Committee of the Board will now take on the duties that were previously undertaken by the Finance Committee.

The Board adopted charters for the Audit, Compensation, and Corporate Governance and Directors Nominating Committees. Copies of these charters are available at no charge on the Corporation's website at www.hecla-mining.com under Investor Relations Corporate Governance or by writing to us at Hecla Mining Company, 6500 N. Mineral Drive, Suite 200, Coeur d'Alene, Idaho 83815-9408, Attention: Investor Relations.

Executive Committee. The Executive Committee is empowered with the same authority as the Board in the management of the business of the Corporation, except for certain matters enumerated in the Corporation's By-Laws which are specifically reserved to the full Board. The Executive Committee did not meet in 2004.

Audit Committee. The functions of the Audit Committee are described below under the heading Audit Committee Report. Each member of the Audit Committee satisfies the definition of independent director as established in the New York Stock Exchange listing standards and the Securities and Exchange Commission rules. In addition, each member of the Audit Committee is financially literate and the Board has determined that each member of the Audit Committee qualifies as an audit committee financial expert as defined by Securities and Exchange Commission rules. The Audit Committee met three times in 2004. Additionally, the Chairman of the committee met with the Corporation's independent auditors to review the quarterly financial statements throughout the year.

8

Compensation Committee. The Compensation Committee's principal functions are to recommend compensation levels and programs for the Chief Executive Officer to the independent members of the Board; to recommend compensation levels and programs for all Vice Presidents to the full Board; and to administer the Corporation's stock-based plans. All members of the Compensation Committee are independent within the meaning of the listing standards of the New York Stock Exchange. The Compensation Committee met four times in 2004.

Corporate Governance and Directors Nominating Committee. The Corporate Governance and Directors Nominating Committee considers matters of corporate governance and periodically reviews the Corporation's corporate governance guidelines and procedures consistent with the federal securities laws and New York Stock Exchange regulations. The Corporate Governance and Directors Nominating Committee also reviews any director candidates, including those nominated or recommended by shareholders, identifies individuals qualified to become directors consistent with criteria approved by the Board, and recommends to the Board the director nominees for the next annual meeting of shareholders, any special meeting of shareholders, or to fill any vacancy on the Board. The Corporate Governance and Directors Nominating Committee also reviews the appropriateness of the size of the Board relative to its various responsibilities and recommends committee assignments and committee chairpersons for the standing committees for consideration by the Board. All members of the Corporate Governance and Directors Nominating Committee are independent within the meaning of the listing standards of the New York Stock Exchange. The Corporate Governance and Directors Nominating Committee met two times in 2004.

Technical Committee. The principal function of the Technical Committee is to make recommendations to the Board concerning the advisability of proceeding with the exploration, development, acquisition or divestiture of mineral properties and/or operations. The Technical Committee met once in 2004.

CORPORATE GOVERNANCE

Director Independence

In May 2004, the Board adopted Corporate Governance Guidelines, which, among other things, state that the Board will have a majority of directors who meet the criteria for independence required by the New York Stock Exchange. In determining independence, each year the Board affirmatively determines whether directors have no material relationship with the Corporation. When assessing the materiality of a director's relationship with the Corporation, the Board considers all relevant facts and circumstances, not merely from the director's standpoint, but from that of the persons or organizations with which the director has an affiliation, and the frequency or regularity of the services, whether the services are being carried out at arm's length in the ordinary course of business and whether the services are being provided substantially on the same terms to the Corporation as those prevailing at the time from unrelated parties for comparable transactions. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships. In making these independence determinations, the Board applies the following standards:

Edgar Filing: HECLA MINING CO/DE/ - Form DEF 14A

A director who is, or has been within the last three years, an employee of the Corporation, or whose immediate family member¹ is, or has been within the last three years, an executive officer² of the Corporation may not be deemed independent. Employment as an interim Chairman or Chief Executive

¹ Immediate family member means spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law and anyone (other than employees) sharing a person's home, but excluding any person who is no longer an immediate family member as a result of legal separation or divorce, or death or incapacitation.

² Executive officer means an officer within the meaning of Rule 16a-1(f) under the Securities Exchange Act of 1934.

Officer or other executive officer shall not disqualify a director from being considered independent following that employment.

A director who has received, or who has an immediate family member who has received, during any 12-month period within the last three years, more than \$100,000 in direct compensation from the Corporation, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), may not be deemed independent. Compensation received by a director for former service as an interim Chairman or Chief Executive Officer and compensation received by an immediate family member for service as a non-executive employee of the Corporation will not be considered in determining independence under this test.

(i) A director who is, or whose immediate family member is, a current partner of a firm that is the Corporation's external auditor; (ii) a director who is a current employee of such a firm; (iii) a director who has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (iv) a director who was or whose immediate family member was, within the last three years (but is no longer), a partner or employee of such a firm and personally worked on the Corporation's audit within that time may not be deemed independent.

A director who is, or whose immediate family member is, or has been within the last three years, employed as an executive officer of another company, where any of the Corporation's present executive officers at the time serve or served on that company's compensation committee may not be deemed independent.

A director who is a current employee or general partner, or whose immediate family member is a current executive officer or general partner, of an entity that has made payment to, or received payments from, the Corporation for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other entity's consolidated gross revenues, may not be deemed independent.

Pursuant to the Corporation's Corporate Governance Guidelines, the Board undertook its annual review of director independence in February 2005. During this review, the Board considered transactions and relationships between each director or any member of his immediate family and the Corporation and its subsidiaries and affiliates, including relationships, if any, reported under Certain Relationships and Related Transactions. The Board also examined transactions and relationships between directors or their affiliates and members of the Corporation's senior management or their affiliates. As provided in the Corporate Governance Guidelines, the purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

As a result of this review, the Board affirmatively determined that David J. Christensen, John E. Clute, Ted Crumley, Charles L. McAlpine, George R. Nethercutt, Jr., Jorge E. Ordoñez C. and Dr. Anthony P. Taylor are independent. Mr. Phillips S. Baker, Jr. is considered an inside director because of his employment as President and Chief Executive Officer of the Corporation. Mr. Brown is considered a non-independent outside director as a result of being the father-in-law of Michael H. Callahan, the Corporation's Vice President Corporate Development, and having held the position of Chief Executive Officer within the last three years.

The full text of the Corporate Governance Guidelines can be found in the Investor Relations Corporate Governance section of the Corporation's website at www.hecla-mining.com, or by writing to us at Hecla Mining Company, 6500 N. Selection of Nominees for the Board of Directors

Pursuant to the Corporation's Corporate Governance Guidelines, the Board will have a majority of directors who meet the criteria for independence required by the New York Stock Exchange. The Corporate Governance and Directors Nominating Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics that the Board seeks in board members as well as the composition of the Board as a whole, including an annual evaluation of whether members qualify as independent under applicable standards. This evaluation will include the consideration of independence, diversity, age, skills, experience, and industry backgrounds in the context of the needs of the Board and the Corporation, as well as the ability of members (and candidates for membership) to devote sufficient time to perform their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity and to constructively challenge management through their active participation and questioning. Directors are expected to immediately inform the Board of any material changes in their circumstances or relationships that may impact their designation by the Board as independent.

The Corporate Governance and Directors Nominating Committee believes that nominees for election to the Board should also possess certain minimum qualifications and attributes. The nominee: (1) must exhibit strong personal integrity, character and ethics, and a commitment to ethical business and accounting practices; (2) must not serve on more than two other public company boards; (3) must not be involved in ongoing litigation with the Corporation or be employed by an entity that is engaged in such litigation; and (4) must not be the subject of any ongoing criminal investigations in the jurisdiction of the United States or any state thereof, including investigations for fraud or financial misconduct.

The Corporate Governance and Directors Nominating Committee will consider persons recommended by shareholders as nominees for election as directors. The Corporation's By-Laws provide that any shareholder who is entitled to vote for the election of directors at a meeting called for such purpose may nominate persons for election to the Board by following the procedures set forth below in the section titled, Provisions of the Corporation's By-Laws with Respect to Shareholder Proposals and Nominations for Election as Directors. Shareholders who wish to submit a proposed nominee to the Corporate Governance and Directors Nominating Committee should send written notice to the Corporate Governance and Directors Nominating Committee Chairman, c/o Michael B. White, Corporate Secretary, Hecla Mining Company, 6500 N. Mineral Drive, Suite 200, Coeur d'Alene, Idaho 83815-9408, within the time period set forth below in the section titled, Provisions of the Corporation's By-Laws with Respect to Shareholder Proposals and Nominations for Election as Directors. Such notification should set forth all information relating to such nominee required to be disclosed in solicitations of proxies for elections of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act), including the nominee's written consent to being named in the Proxy Statement as a nominee and to serving as a director if elected; the name and address of the shareholder or beneficial owner making the nomination or on whose behalf the nomination is being made; and the class and number of shares of the Corporation owned beneficially and of record by such shareholder or beneficial owner. The Corporate Governance and Directors Nominating Committee will consider shareholder nominees on the same terms as nominees selected by the Corporate Governance and Directors Nominating Committee.

Independent Director Sessions

The independent directors meet separately from the other directors in regularly scheduled meetings, without the presence of management directors or executive officers of the Corporation, except to the extent the independent directors request the attendance of any executive officers. In May 2004, the independent members of the Board appointed Mr. David J. Christensen to preside over the meetings of the independent directors. Mr. Christensen is an independent director as defined in the New York Stock Exchange listing standards. As presiding director, Mr. Christensen's duties include chairing independent director sessions of the Board, conferring with the Corporation's Chairman of the Board and Chief Executive Officer on board meeting schedules, agendas and other matters, facilitating the flow of information to the Board and any other duties assigned by the independent members of the Board.

Board Meetings During 2004

It is the Corporation's policy that all directors are expected, absent compelling circumstances, to prepare for, attend and participate in all board and applicable committee meetings and each annual meeting of the shareholders. Our Board held five meetings during fiscal year 2004. Each of our directors attended all of the meetings of our Board and all of the meetings of the committees of the Board upon which each served during our fiscal year 2004, except Mr. Jorge E. Ordoñez C., who did not attend two Board meetings and Mr. Ted Crumley, who was unable to attend one Board meeting.

Code of Business Conduct and Ethics

The Corporation has adopted a Code of Business Conduct and Ethics, which applies to all directors, officers and employees. In addition, the Corporation has adopted a Code of Ethics that applies to its Chief Executive Officer (our principal executive officer), Chief Financial Officer (our principal financial officer) and principal accounting officer or controller. The text of both documents can be found in the Investor Relations section of our website at www.hecla-mining.com under Corporate Governance. A copy of both documents may also be obtained by writing to us at Hecla Mining Company, 6500 N. Mineral Drive, Suite 200, Coeur d'Alene, Idaho 83815-9408, Attn: Investor Relations.

Director Communications

Shareholders or other interested parties wishing to communicate with the presiding director or with the non-management directors as a group, may do so by delivering or mailing the communication in writing to: Presiding Director, c/o Corporate Secretary, Hecla Mining Company, 6500 N. Mineral Drive, Suite 200, Coeur d'Alene, Idaho 83815-9408. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of the Corporation's internal auditor and handled in accordance with procedures established by the Audit Committee with respect to such matters. From time to time, the Board may change the process by means of which shareholders may communicate with the Board or its members. Please refer to the Corporation's website at www.hecla-mining.com for any changes in this process.

AUDIT COMMITTEE REPORT

Membership and Role of the Audit Committee

The Audit Committee consists of Messrs. Charles L. McAlpine (Chairman), David J. Christensen, and Jorge E. Ordoñez C. Mr. Joe Coors, Jr. resigned from the Board on February 4, 2005, to pursue other matters. At the time of Mr. Coors' resignation, he was a member of the Audit Committee. Each member of the Audit Committee satisfies the definition of independent director as established in the New York Stock Exchange listing standards and Securities and Exchange Commission rules. In addition, each member of the Audit Committee is financially literate and the Board has determined that each member of the Audit Committee qualifies as an audit committee financial expert as defined by Securities and Exchange Commission rules.

The Audit Committee's principal functions are to assist the Board in fulfilling its oversight responsibilities, and to specifically review: (i) the integrity of the Corporation's financial statements; (ii) the independent auditor's qualifications and independence; (iii) the performance of the Corporation's system of internal audit function and the independent auditor; and (iv) the Corporation's compliance with laws and regulations, including disclosure controls and procedures. During 2004, the Audit Committee worked with management, the Corporation's internal auditors and the Corporation's independent auditors to address Sarbanes-Oxley Section 404 internal control requirements. The Audit Committee also appoints the Corporation's independent auditors. The Audit Committee met three times in 2004. Additionally, the Chairman met with the Corporation's independent auditors to review the quarterly financial statements throughout the year.

The Board adopted a written charter for the Audit Committee on February 25, 2004, and operated under that charter during the 2004 fiscal year. You can obtain a copy of the charter in the Investor Relations section of www.hecla-mining.com under Corporate Governance or by writing to us at Hecla Mining Company, 6500 N. Mineral Drive, Suite 200, Coeur d'Alene, Idaho 83815-9408, Attention: Investor Relations.

Review of the Corporation's Audited Financial Statements for the Fiscal Year Ended December 31, 2004

The Audit Committee has reviewed and discussed the audited financial statements of the Corporation for the fiscal year ended December 31, 2004, with the Corporation's management. The Audit Committee has discussed with BDO Seidman, LLP, the Corporation's independent auditor, matters required to be discussed by Statement of Auditing Standards No. 61 (Communications with Audit Committees), as amended.

The Audit Committee has also received written disclosures and a letter from BDO Seidman, LLP, required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee has discussed the independence of BDO Seidman, LLP, with that firm.

Based on the Audit Committee's review and discussions noted above, the Audit Committee recommended to the Board that the Corporation's audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

Appointment of Auditors

The Audit Committee has appointed the firm of BDO Seidman, LLP, as the Corporation's independent auditor for fiscal year 2005. BDO Seidman, LLP, has served as the Corporation's independent auditor since 2001. Representatives of BDO Seidman, LLP, are expected to be present at the Annual Meeting with the opportunity to make statements and respond to appropriate questions from shareholders present at the meeting. Under the Sarbanes-Oxley Act of 2002, the Audit Committee has the sole authority to appoint the independent auditors for the Corporation. Therefore, the Corporation is not submitting the selection of BDO Seidman, LLP, to our shareholders for ratification.

AUDIT FEES**Audit and Non-Audit Fees**

The following table represents fees for professional audit services rendered by BDO Seidman, LLP, for the audit of the Corporation's annual financial statements for the years ended December 31, 2004, and December 31, 2003, and fees for other services rendered by BDO Seidman, LLP, during those periods.

	<u>2004</u>	<u>2003</u>
Audit Fees	\$ 513,650	\$ 234,885
Audit Related Fees	77,313	72,050
Tax Fees	41,024	27,503
All Other Fees	-0-	-0-
Total	\$ 631,987	\$ 334,438

Audit Fees. Annual audit fees relate to services rendered in connection with the annual audit of the Corporation's consolidated financial statements, quarterly reviews of financial statements included in the Corporation's quarterly reports on Form 10-Q, and fees for SEC registration statement services. The increase in annual audit fees for 2004 from 2003 resulted from BDO Seidman's review of the Corporation's internal control procedures under the Sarbanes-Oxley rules.

Audit Related Fees. Audit related fees consisted principally of fees for audits of financial statements of employee benefit plans, as well as due diligence services for potential acquisitions and consultation on accounting standards or transactions.

Tax Fees. Tax services consisted of fees for tax consultation and tax compliance services, which included preparation of tax returns for our Venezuelan and Mexican subsidiaries, tax planning and miscellaneous tax research.

All Other Fees. There were no other fees.

The Audit Committee considers whether the provision of these services is compatible with maintaining BDO Seidman's independence, and has determined such services for fiscal years 2004 and 2003 were compatible. All of the fees were pre-approved. None of the fees above were approved pursuant to the *de minimis* exception to the pre-approval requirements. All of the services described above were approved by the Audit Committee pursuant to paragraph (c)(7)(i)(B) of Rule 2-01 of Regulation S-X under the Exchange Act, to the extent that rule was applicable during fiscal years 2004 and 2003.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditor. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent auditor. On an ongoing basis, management communicates specific projects and categories of services for which advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of the independent auditor for specific projects. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts. The Audit Committee may also delegate the ability to pre-approve audit and permitted non-audit services to a subcommittee consisting of one or more Audit Committee members, provided that any such pre-approvals are reported on at a subsequent Audit Committee meeting.

COMPENSATION OF DIRECTORS

Directors who are employees of the Corporation receive no additional compensation for their services as directors. During 2004, each nonemployee member of the Board was paid the following: (i) a retainer of \$3,000 per calendar quarter; (ii) \$2,000 for each director's meeting attended; and (iii) \$1,000 for attending any meeting of any Committee of the Board. The Corporation reimburses all reasonable expenses incurred by both employee and nonemployee directors in connection with such meetings.

In light of the additional duties and responsibilities associated with serving on the Board and each of the committees, effective January 1, 2005, the directors' fees were increased as follows: (i) a retainer of \$5,000 per calendar quarter; (ii) \$3,000 for each director's meeting attended; and (iii) an additional \$1,000 per meeting to the chairman of each committee.

In March 1995, the Corporation adopted the Hecla Mining Company Stock Plan for Nonemployee Directors (the Director's Stock Plan), which became effective following shareholder approval on May 5, 1995. The Director's Stock Plan was amended July 18, 2002, and February 25, 2004. The Director's Stock Plan terminates July 17, 2012, and is subject to termination by the Board at any time. During 2004, each nonemployee member of the Board was credited with 1,950 shares of the Corporation's Common Stock under the terms of the Director's Stock Plan. These shares are held in a grantor trust, the assets of which are subject to the claims of the Corporation's creditors, until delivered under the terms of the plan. Delivery of the shares from the trust occurs upon the earliest of: (i) death or disability; (ii) retirement from the Board; (iii) a cessation of the director's service for any other reason; (iv) a Change in Control of the Corporation (as defined); or (v) at the election of the director at any time, provided, however, that shares must be held in the trust for at least two years prior to delivery. Subject to certain restrictions, directors may elect delivery of the shares on such date or in annual installments thereafter over 5, 10 or 15 years. The maximum number of shares of Common Stock which may be credited pursuant to the Stock Plan for Nonemployee Directors is 1,000,000. See Amendment to Stock Plan for Nonemployee Directors for a description of the Stock Plan for Nonemployee Directors.

COMPENSATION OF EXECUTIVE OFFICERS

Report of the Compensation Committee on Executive Compensation

Overall Policy

The Compensation Committee is charged with considering specific information and making recommendations to the full Board with respect to compensation matters. Only the independent members of the Board approve all compensation matters for the Corporation's Chief Executive Officer. Certain stock-based compensation matters for the Corporation's executive officers rest in the sole discretion of the Compensation Committee. The Compensation Committee is comprised of three independent directors who are appointed annually by the Corporation's Board. The Compensation Committee's consideration and recommendations regarding executive compensation are guided by a number of factors including overall corporate performance and total return to shareholders. The overall objectives of the Corporation's executive compensation package are: to attract and retain the best possible executive talent; to motivate the Corporation's executives to achieve goals consistent with the Corporation's business strategy; to provide an alignment between executive and shareholder interests through stock-based plans; and finally, to provide a compensation package that recognizes an executive's individual contributions in addition to the Corporation's overall business results.

The Compensation Committee periodically reviews the Corporation's executive compensation program. The Compensation Committee met four times in 2004 to consider various components of the executive compensation program. In making recommendations concerning executive compensation, the Committee reviews reports published by independent compensation consultants assessing compensation programs and reviews the Corporation's executive compensation, corporate performance, stock price appreciation and total return to shareholders against a peer group of public corporations made up of the Corporation's competitors for executive talent. Because most executive skills and expertise are transferable between industries and

business segments, the Compensation Committee believes the Corporation's competitors for executive talent are not limited to those companies included in the peer group established for comparing shareholder returns. Thus, the Corporation's peer group used for compensation analysis includes, but is not limited to, the peer group identified in the Performance Graph shown on page 19. The Compensation Committee periodically reviews the correlation between the Corporation's performance and its executive compensation in the context of, and in comparison to, the compensation programs of other companies.

The Compensation Committee recommends compensation levels and programs for the Chief Executive Officer to the independent members of the Board and recommends compensation levels and programs for all Vice Presidents (executive officers as used in this report) to the full Board.

The key elements of the Corporation's executive compensation consist of base salary, annual cash/stock performance payments and long-term performance programs, including stock-based grants. The Compensation Committee's policies with respect to each of these elements, including the basis for the compensation awarded to Mr. Baker, are discussed below. In addition, while the elements of compensation described below are considered separately, the Compensation Committee takes into account the full compensation package afforded by the Corporation to each individual executive, including deferred compensation, pension benefits, supplemental retirement benefits, severance plans, insurance and other benefits, as well as the elements described below. While the Committee takes into consideration all the performance and other factors listed below in setting base salaries, the Committee's deliberations are essentially subjective, and no set quantitative formula determines the base salary level of any of the executive officers. The Corporation adopted a short-term performance payment plan in 1994, which utilizes performance against both quantitative and qualitative targets to determine an executive's eligibility for annual performance payments in addition to base salary. In 2003, the Corporation also adopted a long-term performance plan, which provides for performance payments to executive officers if certain performance targets are met or exceeded over multiple periods.

The Committee analyzed the potential impact on the Corporation's executive compensation program of Section 162(m) of the Internal Revenue Code and the regulations thereunder, which generally disallow deductions for compensation in excess of \$1 million per year to the five most highly compensated executives of a public company. Based upon its analysis, the Committee expects that all compensation payable pursuant to its compensation program now in effect will be deductible.

Base Salaries

Base salaries for new executive officers are initially determined by evaluating the responsibilities of the position held and the experience of the individual, and by reference to the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at other companies including those in the peer group.

Annual salary adjustments, which are made in May of each year for a 12-month period from June 1 to May 31, are determined by evaluating the performance of the Corporation and of each executive officer, and also taking into account new responsibilities for any particular executive officer. In the case of executive officers who are responsible for a particular business unit, such unit's financial, operating, cost containment and productivity results are also considered by the Committee. The Compensation Committee, where appropriate, also considers other corporate performance measures, including changes in productivity, cost control, safety, environmental awareness and improvements in relations with government officials, regulators, suppliers and employees. The Compensation Committee places a premium on cost containment and productivity for gold, silver and other commodities produced by the Corporation, because the prices for these commodities are established by international markets. Base salaries for certain executive officers were increased commencing June 1, 2004, based upon the considerations described above.

Although the Compensation Committee was satisfied with Mr. Baker's individual performance, based upon a comparison of base salaries of chief executive officers of the new peer group companies and the performance of the Common Stock, the Board did not increase Mr. Baker's base salary in 2004. For 2004, Mr. Baker's annual salary was \$325,000.

In May 2003, the Compensation Committee set the compensation for Mr. Brown's continuing services from June 1, 2003, through May 31, 2004, at \$25,000 per month. The monthly payment was paid in shares of the Corporation's Common Stock at the end of each month determined by dividing the average closing price of the Corporation's Common Stock for each month of service into the \$25,000 amount. During 2004, Mr.

Edgar Filing: HECLA MINING CO/DE/ - Form DEF 14A

Brown continued his duties as Chairman of the Board. In May 2004, the Compensation Committee set the compensation for Mr. Brown's continuing services from June 1, 2004, through May 31, 2005, at \$8,333.33 per month. The monthly payment is to be paid in shares of the Corporation's Common Stock at the end of each month determined by dividing the average closing price of the Corporation's Common Stock for each month of service into the \$8,333.33 amount. Mr. Brown was credited with 26,680 shares of the Corporation's Common Stock from January 1, 2004, through December 31, 2004, under the terms of the Key Employee Deferred Compensation Plan.

Annual Performance Payment

In 1994, the Corporation adopted a short-term performance payment plan based on the recommendation of the Compensation Committee. Under the plan, executive officers (seven in 2004) were eligible for annual cash payments based upon a formula established in the plan covering the calendar year 2004 and generally described below. The Compensation Committee, based on recommendations of the Corporation's senior management, established targeted quantitative and qualitative goals for corporate performance. For 2004, corporate performance quantitative goals included total gold and silver production, production costs per ounce for silver and gold, cost containment, environmental costs, capital expenditures and resource development goals. Corporate qualitative goals included, among other goals, a successful investor relations program, acquisitions, positive stock performance and completion of a preferred stock exchange.

The Chief Executive Officer's performance payment for 2004 was based solely on corporate performance. The other executive officers' performance payments were based 60% upon corporate performance with 40% based upon individual performance. A performance payment pool was targeted based on the annual cash and stock-based salary equal to 60% for the Chief Executive Officer and 40% for each Vice President.

The Board reviews with management performance on a quarterly basis. At the Compensation Committee meeting following the performance year, the actual performance results are compared against the targeted quantitative and qualitative performance goals. The Compensation Committee reviews and recommends individual performance payments for all eligible executives to the Board, and in case of the Chief Executive Officer, to the independent members of the Board. For 2004, the Compensation Committee recommended to the Board and the Board approved the payment of annual performance bonuses in cash to all non-CEO executives. Some executives elected to defer their bonus compensation pursuant to the Key Employee Deferred Compensation Plan. For 2004, Mr. Phillips S. Baker, Jr., the Corporation's President and Chief Executive Officer, the independent members of the Board approved a bonus payment comprised of \$102,000 in cash. For the named executive officers, the amounts are set forth in the Summary Compensation Table under Annual Compensation Bonus.

Long-Term Performance Plan

The Corporation's long-term performance payment plan is comprised of successive multiple year plans, which are established annually. The plans establish certain performance targets, which include increased production levels, increased mineral reserves and resources and cash flow with metals prices being fixed for the period. At the end of each period, performance is reviewed against the plan targets. The first performance period set at three-years under the long-term performance payment plan will end in 2005, and thus no payments were made to executive officers under this plan in 2004.

17

Stock-Based Grants

The Corporation uses two current stock-based compensation plans, which are intended to give the Corporation a competitive advantage in attracting, retaining and motivating its officers and key employees, and provide incentives more directly linked to the performance of the Corporation's businesses and increases in shareholder value.

In May 1995, the shareholders of the Corporation approved the Corporation's 1995 Stock Incentive Plan, which provides for a variety of stock-based grants to the Corporation's officers and key employees, including the individuals whose compensation is detailed in this Proxy Statement. Stock options granted in 2004 to the five named executive officers are also summarized in the Summary Compensation Table under Long-Term Compensation Awards Securities Underlying Options.

In 2004, Mr. Baker was granted nonstatutory stock options to purchase 120,000 shares of Common Stock at the market price of the Common Stock on the date of the grant under the 1995 Stock Incentive Plan. As of December 31, 2004, Mr. Baker owned 128,609 shares of Common Stock and held options to purchase an additional 420,000 shares under the 1995 Stock Incentive Plan. In addition, as of December 31, 2004, Mr. Baker held 306,327 stock options under the Corporation's Key Employee Deferred Compensation Plan.

Edgar Filing: HECLA MINING CO/DE/ - Form DEF 14A

The Key Employee Deferred Compensation Plan (Plan) was approved by the shareholders in July 2002 and permits each participant to defer eligible compensation and/or cash incentive compensation that is payable in the form of shares of the Corporation's Common Stock, in cash, or in the form of discounted stock options, to the date or dates selected by the participant or on such other date or dates specified in the Plan. Amounts deferred by the five named executives in 2004 are summarized in the Deferred 2004 Compensation Table and under Long-Term Compensation Awards Securities Underlying Options in the Summary Compensation Table.

During 2004, the Corporation had the 1987 Nonstatutory Stock Option Plan (the 1987 Plan) which was approved by the shareholders in 1987 and provided that stock options may be granted to the Corporation's officers and key employees, including the individuals whose compensation is detailed in this Proxy Statement. The right to grant options under this plan expired in February 1997. All options previously granted under the 1987 Plan were granted at the fair market value of the stock on the date of the grant. All outstanding options granted under the 1987 Plan expired on February 11, 2005.

Conclusion

The Corporation's executive compensation is comprised of base salary, annual cash/stock performance payments and long-term performance programs, including stock-based grants. The Compensation Committee intends to continue the policy of relating a portion of executive compensation to corporate performance, including stock-based remuneration, which aligns the executive officers with shareholders, recognizing that the ups and downs of the business cycle, from time to time, may result in an imbalance for a particular period. The Compensation Committee adjusts for factors such as these, which are beyond an executive's control, by exercising its qualitative judgment rather than employing strict quantitative formulas.

(1) Security ownership information for the beneficial owner is taken from statements filed with the Securities and Exchange Commission pursuant to Sections 13(d), (f) and (g) of the Exchange Act, and information made known to the Corporation.

The following table presents certain information regarding the number and percentage of the shares of Common Stock and Preferred Stock beneficially owned by each current director, director nominee and executive officer of the Corporation and by all current directors and executive officers as a group, as of March 10, 2005. On that date, all of such persons together beneficially owned an aggregate of approximately 2.1% of the outstanding shares of the Corporation's Common Stock and less than 1% of the outstanding shares of the Corporation's Preferred Stock. Except as otherwise indicated, the directors, nominees and officers have sole voting and investment power with respect to the shares beneficially owned by them.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Edgar Filing: HECLA MINING CO/DE/ - Form DEF 14A

Section 16(a) of the Exchange Act requires the Corporation's directors, executive officers and holders of more than 10% of the Corporation's Common Stock to file with the Securities and Exchange Commission reports regarding their ownership and changes in their ownership of the Corporation's stock. These persons are required by the Securities and Exchange Commission to furnish the Corporation with copies of all Section 16(a) forms they file.

Based solely on the Corporation's review of copies of such forms, or written representations from certain reporting persons that no such forms were required, we believe that during the fiscal year ended December 31, 2004, all filing requirements applicable to the Corporation's officers, directors and greater than 10% owners of the Corporation's Common Stock were satisfied.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Corporation is not aware of any related party transactions that would require disclosure.

The Board assigns performance units at the beginning of each multi-year plan period. Such units are initially assigned a nominal dollar value of \$100 each. The ultimate dollar value of each unit upon payment to an officer (the terminal dollar value) is dependent upon the Corporation attaining certain corporate performance targets approved by the Board. Performance unit terminal dollar value can range from \$0 to \$200 depending upon the percentage of targets actually achieved. Plan participation eligibility requirements are established by the Compensation Committee and is restricted to those officers and senior managers who can directly affect the Corporation's achievement of the targeted corporate performance.

OTHER BENEFITS

Retirement Plan

The officers of the Corporation participate in the Hecla Mining Company Qualified Retirement Plan (the Retirement Plan), which covers substantially all employees of the Corporation, except for certain hourly employees who are covered by separate plans. Contributions to the Retirement Plan, and the related expense or income, are based on general actuarial calculations and, accordingly, no portion of the Corporation's contributions, and related expenses or income, is specifically attributable to the Corporation's officers. The Corporation was not required to make a contribution for 2004. The Corporation also has an unfunded Supplemental Retirement Benefit Plan adopted in November 1985 (the

Supplemental Plan) under which the amount of any benefits not payable under the Retirement Plan by reason of the limitations imposed by the Internal Revenue Code and/or the Employee Retirement Income Security Act, as amended (the Acts), and the loss, if any, due to a deferral of salary made under the Corporation's Executive Deferral Plan and/or the Capital Accumulation Plan will be paid out of the general funds of the Corporation to any employee who may be adversely affected. Under the Acts, the current maximum annual pension benefit payable by the Retirement Plan to any employee is \$165,000 subject to specified adjustments and is calculated using earnings not in excess of \$205,000. Upon reaching the normal retirement age of 65, each participant is eligible to receive annual retirement benefits in monthly installments for life equal to, for each year of credited service, 1% of final average annual earnings (defined as the highest average earnings of such employee for any 36 consecutive calendar months during the final 120 calendar months of service) up to the applicable covered compensation level (which level is based on the Social Security maximum taxable wage base) and 1.75% of the difference, if any, between final average annual earnings and the applicable covered compensation level. The Retirement Plan and Supplemental Plan define earnings for purposes of the plans to be a wage or salary for services of employees inclusive of any bonus or special pay including gain sharing programs, contract miners' bonus pay and the equivalent.

26

The following table shows estimated aggregate annual benefits under the Retirement Plan and the Supplemental Plan payable upon retirement to a participant who retires in 2004 at age 65 having the years of service and final average annual earnings as specified. The table assumes Social Security covered compensation levels as in effect on January 1, 2004.

Benefits listed in the pension table are not subject to any deduction for Social Security or other offset amounts. As of December 31, 2004, the following executive officers have completed the indicated number of full years of credited service: P. Baker, 3 years; M. Callahan, 12 years; R. Clayton, 15 years; T. Fudge, 11 years; and L. Walde, 13 years.

Employment Agreements, Termination of Employment Arrangement and Other Management Arrangements

The Corporation has employment agreements (collectively, the *Agreements*) with Messrs. Baker, Callahan, Clayton, Fudge and Walde (collectively, the *Executives*, and individually, an *Executive*).

The *Agreements* were recommended to the Board by the Compensation Committee and were approved by the Board on the basis of such recommendation. The *Agreements*, which are substantially identical except for compensation provisions, provide that each of the *Executives* shall serve in such executive position as the Board may direct. The *Agreements* become effective only upon a *Change of Control* of the Corporation (the *Effective Date*). The term of employment under the *Agreements* is two years from the *Effective Date*. The *Agreements* have a *Change in Control* period of three years, and this period is automatically renewed for an additional year in June of each year unless the Corporation gives notice of nonrenewal 60 days prior to the renewal date. Under the *Agreements*, a *Change of Control* of the Corporation is deemed to occur if a person (including a *group* under Section 13d-3 of the Exchange Act becomes the beneficial owner of 20% or more of the voting power of the Corporation or if, as the result of a tender offer, merger, proxy fight or similar transaction, the persons who were previously directors of the Corporation cease to constitute a majority of the Board. The *Agreements* are intended to ensure that, in the event of a *Change of Control*, each *Executive* will continue to receive payments and other benefits equivalent to those he was receiving at the time of a *Change of Control* for the duration of the term of the *Agreement*. The *Agreements* also provide, among other things, that should an *Executive's* employment be terminated either (a) by the *Executive* for good reason or (b) by the Corporation (other than for cause or disability) after the *Effective Date* of the *Agreement*, he would receive

from the Corporation a lump-sum defined amount generally equivalent to two times the aggregate of his then annual base salary rate and his highest annual bonus for the three years prior to the *Effective Date*. The *Executives* would also be entitled to lump-sum payments representing the difference in pension and supplemental retirement benefits to which they would be entitled on: (i) the date of actual termination, and (ii) the end of the two-year employment period under the *Agreements*. The Corporation would also maintain such *Executive's* participation in all benefit plans and programs (or provide equivalent benefits if such continued participation was not possible under the terms of such plans and programs). An *Executive* whose employment has terminated would not be required to seek other employment in order to receive the defined benefits. The *Agreements* also provide that under certain circumstances the Corporation will make an additional gross-up payment if necessary to place the *Executive* in the same after-tax position as if no excise tax were imposed by the Internal Revenue Code. Pursuant to the *Agreements* between the Corporation and each of its named executive officers, if a *Change of Control* occurred and the named executive officers were each terminated as of December 31, 2004, the *Executives* would be entitled to the

following estimated cash payments pursuant to the Agreements: Mr. Baker, \$1,450,000; Mr. Callahan, \$518,000; Mr. Clayton, \$437,000; Mr. Fudge, \$580,000 and Mr. Walde, \$486,000. These dollar amounts do not include amounts which would have otherwise been payable to each Executive if the Executive had terminated employment on the day prior to a Change of Control.

AMENDMENT TO STOCK PLAN FOR NONEMPLOYEE DIRECTORS

Introduction

Common shareholders are being asked to consider and vote on a proposal to amend the Corporation's Stock Plan for Nonemployee Directors (the Directors Stock Plan) to change the number of shares of Common Stock to be credited to each nonemployee director annually from the number of shares that results from dividing \$10,000 by the average closing price for the Corporation's Common Stock on the New York Stock Exchange for the prior calendar year, to the number of shares that results from dividing \$24,000 by the average closing price for the Corporation's Common Stock on the New York Stock Exchange for the prior calendar year. The amendment to the Directors Stock Plan was approved by the Board on December 13, 2004, subject to shareholder approval. The Board believes it is in the best interest of the Corporation to have a determinable value to the credited shares so that the Corporation can continue to attract and retain qualified persons to serve as directors. The Directors Stock Plan was originally adopted in March 1995 and became effective following shareholder approval on May 5, 1995.

Description of the Directors Stock Plan

The following is a summary of the principal features of the Directors Stock Plan, as amended as described above. The summary, however, does not purport to be a complete description of all the provisions of the Directors Stock Plan. Any shareholder who wishes to obtain a copy of the plan may do so by written request to the Secretary of the Corporation.

The Directors Stock Plan, as amended, provides that each nonemployee member of the Board will be credited annually on May 30 with shares of the Corporation's Common Stock (the Stock Retainer) in addition to the current annual cash retainer paid to such directors. It is anticipated that following the shareholders meeting, there will be seven nonemployee directors on the Corporation's Board. Nonemployee directors are members of the Corporation's Board who are not full-time employees of the Corporation or any subsidiary. Under the amended plan, on May 30 in each year, each nonemployee director will be credited a number of shares of the Corporation's Common Stock determined by dividing \$24,000 by the average closing price for the Corporation's Common Stock on the New York Stock Exchange for the prior calendar year. Prior to the amendment, nonemployee directors were credited a number of shares of the Corporation's Common Stock determined by dividing \$10,000 by the average closing price for the Corporation's Common Stock on the New York Stock Exchange for the prior calendar year. Nonemployee directors who join the Board after

28

May 30 of any year will be credited with a pro rata grant of shares when they join the Board. Stock Retainer shares may not be sold until at least six months following the date they are credited.

The maximum number of shares of Common Stock which may be granted pursuant to the Directors Stock Plan is 1,000,000, subject to adjustment. In the event of any change in the Common Stock by reason of any stock dividend, split, combination of shares, exchange of shares, warrants or rights offering to purchase Common Stock at a price below its fair market value, reclassification, recapitalization, merger, consolidation or other change in capitalization, appropriate adjustment shall be made by the Plan Committee (as defined below) in the number and kind of shares subject to the plan and any other relevant provisions of the plan, whose determination shall be binding and conclusive on all persons.

Under the Directors Stock Plan, the Stock Retainers will be delivered to a director on or beginning on the earlier to occur of: (i) the death of the director; (ii) the disability of the director preventing continued service on the Board; (iii) the retirement of the director from service; (iv) a cessation of a director's service to the Corporation for any reason other than (i) through (iii) above; (v) a Change in Control in the Corporation (as defined in the Directors Stock Plan); or (vi) at anytime upon the election of any director, provided that the amount credited to the director under the Directors Stock Plan is held at least 24 months prior to delivery. Subject to certain restrictions, directors may elect to receive the Stock Retainers on such date or in annual installments thereafter over 5, 10 or 15 years. Upon delivery, a director will receive the Stock Retainers plus dividends or other distributions with respect to the Stock Retainers, plus interest at a rate equal to the Corporation's cost of funds on all such distributions other than stock of the Corporation.

The Corporation may contribute all Stock Retainers to a trust, to be held together with any dividends and distributions with respect thereto, until they are delivered in accordance with the terms of the Directors Stock Plan and the nonemployee directors' elections thereunder. The assets of the trust will remain subject to the claims of the Corporation's creditors.

The Directors Stock Plan shall be administered by a committee consisting of the Chief Executive Officer, the Treasurer, the Controller and the General Counsel of the Corporation (the Plan Committee), which will have full authority to construe and interpret the Directors Stock Plan, to establish, amend and rescind rules and regulations relating to the Directors Stock Plan, and to take all such actions and make all such determinations in connection with the Directors Stock Plan as the Plan Committee may deem necessary or desirable.

The Board may from time to time make such amendments to the Directors Stock Plan as it may deem proper and in the best interest of the Corporation without further approval of the Corporation's shareholders, provided that, to the extent required to qualify transactions under the Directors Stock Plan for exemption under Rule 16b-3, no amendment to the Directors Stock Plan will be adopted without further approval of the Corporation's shareholders in the manner prescribed in the Directors Stock Plan. In addition, the Directors Stock Plan may not be amended without shareholder approval to the extent such approval is otherwise required by law or agreement. In addition, the Board may terminate the Directors Stock Plan at any time.

Receipt of Plan Benefits

If the amendment is approved, on May 30, 2005, each of the seven nonemployee directors could receive 3,599 shares of Common Stock under the plan (calculated by dividing \$24,000 by \$6.6685, the average closing price for the Common Stock in 2004), which aggregates to 25,193 shares for the group of nonemployee directors. None of the executive officers named in the chart under the heading Summary Compensation Table is eligible to participate in the Directors Stock Plan, nor are other officers or employees.

Federal Income Tax Consequences

The following discussion is intended only as a brief summary of the federal income tax rules relevant to the Stock Retainer. The laws governing the tax aspects of awards are highly technical, and such laws are subject to change.

29

A nonemployee director will not recognize taxable income upon the crediting of a Stock Retainer, but will recognize taxable compensation income upon the later of: (i) receipt of a Stock Retainer; and, (ii) if the nonemployee director is then subject to the six-month, short-swing profit recovery provisions of Section 16(b) of the Exchange Act, six months thereafter, unless such nonemployee director elects to be taxed upon receipt. Any such election (a Section 83(b) election) must be made and filed with the IRS within 30 days after grant in accordance with the regulations under Section 83(b) of the Internal Revenue Code. The amount of income will equal the fair market value of the Common Stock received, measured on the date the nonemployee director recognizes the compensation income. Dividends and other distributions that are made with respect to Stock Retainers prior to delivery will also be taxed as compensation income to the nonemployee directors when received by them, as will any interest paid thereon. The Corporation, in computing its federal income tax, will generally be entitled to compensation deductions at the same times and in the same amounts as the nonemployee directors recognize taxable compensation income.

Vote Required for Approval

Adoption of the proposed amendment to the Stock Plan for Nonemployee Directors will require the affirmative vote of the holders of a majority of the shares of Common Stock present at the meeting.

The Board of Directors recommends the shareholders vote FOR the amendment to the Stock Plan for Nonemployee Directors.

PROVISIONS OF THE CORPORATION'S BY-LAWS WITH RESPECT TO SHAREHOLDER PROPOSALS AND NOMINATIONS FOR ELECTION AS DIRECTORS

The Corporation's By-Laws establish procedures governing the eligibility of nominees for election to the Board of the Corporation and the proposal of business to be considered by the shareholders at an Annual Meeting of Shareholders. For nominations or other business to be properly brought before an Annual Meeting of Shareholders by a shareholder, the shareholder must have given timely notice thereof in writing to the Corporate Secretary of the Corporation. To be timely, a shareholder's notice shall be delivered to the Corporate Secretary of the Corporation at the principal executive offices of the Corporation not less than 90 days nor more than 120 days prior to the first anniversary of the

preceding year's Annual Meeting of Shareholders; *provided, however*, that in the event the date of the Annual Meeting of Shareholders is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, notice by the shareholder to be timely must be so delivered not earlier than the 120th day prior to such Annual Meeting of Shareholders and not later than the close of business on the later of the 90th day prior to such Annual Meeting of Shareholders or the 10th day following the day on which public announcement of the date of such meeting is first made. Adjournment of a meeting shall not commence a new time period for giving a shareholder's notice as described above. Such shareholder's notice shall set forth: (a) as to each person whom the shareholder proposes to nominate for election or re-election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, as amended, and Rule 14a-11 thereunder, including such person's written consent to being named in the Proxy Statement as a nominee and to serve as a director if elected; (b) as to any other business that the shareholder proposes to bring before the meeting, who has not otherwise complied with the rules and regulations under the Exchange Act for the inclusion of a shareholder proposal in the Corporation's proxy materials, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made; and, (c) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made: (1) the name and address of such shareholder, as they appear on the Corporation's books, and of such beneficial owner; and, (2) the class and number of shares of the Corporation which are owned beneficially and of record by such shareholder and such beneficial owner. The chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the procedures set forth in

30

the By-Laws and, if any proposed nomination or business is not in compliance with the By-Laws, to declare that such defective proposal shall be disregarded. The foregoing time limits also apply in determining whether notice is timely for purposes of rules adopted by the Securities and Exchange Commission relating to the exercise of discretionary voting authority.

SHAREHOLDER PROPOSALS FOR 2006 ANNUAL MEETING

The Corporation will review shareholder proposals intended to be included in the Corporation's proxy materials for the 2006 Annual Meeting of Shareholders which are received by the Corporation at its principal executive offices no later than December 2, 2005, subject to the By-Law provision discussed above. Such proposals must be submitted in writing and should be sent to the attention of the Corporate Secretary of the Corporation. The Corporation will comply with Rule 14a-8 of the Exchange Act with respect to any proposal that meets its requirements.

ANNUAL REPORT

The Corporation's Annual Report to Shareholders, consisting of the Corporation's Form 10-K for the year ended December 31, 2004, and other information, is being mailed to shareholders with this Proxy Statement. Shareholders of record may obtain a copy of the Corporation's Annual Report on Form 10-K for the fiscal year ended December 31, 2004 (the Form 10-K), without cost by: (i) written request to Attn: Investor Relations; or (ii) requesting a copy through the Corporation's website at www.hecla-mining.com under Investor Relations and then selecting Information Request. In addition, a shareholder may also view the Annual Report on the Corporation's website. The Annual Report on Form 10-K is not part of the proxy solicitation materials for the Annual Meeting.

OTHER BUSINESS

As of the date of this Proxy Statement, the Board is not aware of any matters that will be presented for action at the Annual Meeting other than those described above. However, should other business properly be brought before the Annual Meeting, the proxies will be voted thereon at the discretion of the persons acting thereunder.
