**PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS TO BE HELD MAY 10, 2007**

QUESTIONS & ANSWERS

PROXY STATEMENT

Why am I receiving this Proxy Statement?

The Company's Board of Directors is soliciting proxies for the 2007 Annual Meeting of Shareholders. You are receiving a Proxy Statement because you owned shares of Gentex common stock on March 16, 2007, which entitles you to notice of, to attend, and to vote at the meeting. By use of a Proxy, you can vote whether or not you plan to attend the meeting. The Proxy Statement describes the matters on which the Board would like you to vote and provides information on those matters so that you can make an informed decision.

The Notice of the Annual Meeting, Proxy Statement and Proxy are being mailed to shareholders on or about March 29, 2007.

What will I be voting on?

- Election of four directors (see pages 5-7).
- Ratify the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2007 (see page 30).

The Board of Directors recommends a vote *FOR* each of the nominees to the Board of Directors, and *FOR* ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2007.

1

If you hold your shares in [street name], please refer to the information forwarded by your broker or other nominee to see which options are available to you.

The telephone and Internet voting facilities for shareholders of record will close at 11:59 p.m. EST on May 9, 2007. If you vote over the Internet, you may incur costs, such as telephone and Internet access charges, for which you will be responsible. The telephone and Internet voting procedures are designed to authenticate shareholders by the use of control numbers and to allow you to confirm that instructions have been properly recorded.

Can I change my vote?

Yes. At any time before your Proxy is voted at the meeting, you may change your vote by:

How do I vote?

You can vote either in person at the Annual Meeting or by Proxy without attending the Annual Meeting. *We urge you to vote by Proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting.* If you attend the meeting in person, you may vote at the meeting and your Proxy will not be counted.

Please note that there are separate telephone and Internet arrangements depending upon whether you are a holder of record [that is, if your shares are registered in your own name with our transfer agent and you have possession of your stock certificate(s)] or whether you hold your shares in [street name] (that is, if your shares are held for you by a broker or other nominee).

Shareholders of record voting by Proxy may use one of the following three options:

- Voting by *Internet* (log on to <https://www.proxyvote.com> and follow the directions there). We recommend you vote this way as it is the most cost-effective method; or
- Voting by *toll-free telephone* (instructions are on the Proxy Card or Voting Instruction Form); or
- Filling out the enclosed *Proxy Card*, signing it, and mailing it in the enclosed postage paid envelope.

What if I do not vote for some or all the matters listed on my Proxy Card?

If you return a Proxy Card without indicating your vote for some or all of the matters, your shares will be voted as follows for any matter you did not vote on:

- *For* the approval of the director nominees to the Board listed on the card.
- *For* ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2007.

How many votes are needed for the approval of items upon which the shareholders are being asked to vote?

- The four nominees for director will be elected by a plurality of the votes cast.

- Revoking it by written notice to the Secretary of the Company at the address on the cover of the Proxy Statement;
- Delivering a later-dated Proxy (including a telephone or Internet vote); or
- Voting in person at the meeting.
- Ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2007, is by a majority of the votes cast.

If you hold your shares in "street name," please refer to the information forwarded by your broker or other nominee for procedures on revoking or changing your Proxy.

How many votes do I have?

You will have one vote for every share of common stock that you owned on March 16, 2007.

How many shares are entitled to vote?

There were 142,814,061 shares of the Company common stock outstanding as of March 16, 2007, and entitled to vote at the meeting. Each share is entitled to one vote.

How many votes must be present to hold the meeting?

Under the Company's Bylaws, a majority of all of the voting shares of the capital stock issued and outstanding as of March 16, 2007, must be present in person or by Proxy to hold the Annual Meeting.

What if I vote "abstain"?

A vote to "abstain" on the election of the directors or on the proposal will have no effect on the outcome.

What if I do not return my Proxy Card and do not attend the Annual Meeting?

If you are a holder of record and you do not vote your shares, your shares will not be voted. If you hold your shares in "street name," and you do not give your broker or other nominee specific voting instructions for your shares, your broker or other nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon.

If you do not give your record holder specific voting instructions and your record holder does not vote on any of the proposals, the votes will be "broker non-votes." "Broker non-votes" will have no effect on the vote for the election of directors or the ratification of the independent auditors.

2

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; or
- to facilitate successful Proxy solicitation by our Board.

Occasionally, shareholders provide written comments on their Proxy Cards which are then forwarded to the Company's management.

HOUSEHOLDING INFORMATION

What is "householding"?

The Company has adopted a procedure called "householding," which has been approved by the Securities and Exchange Commission. Under this procedure, a single copy of the Annual Report and Proxy Statement will be sent to any household at which two or more shareholders reside if they appear to be members of the same family, unless one of the shareholders at the address notifies us that they wish to receive additional copies. This procedure reduces our printing costs, mailing costs, and fees.

Shareholders who participate in householding will continue to receive separate Proxy Cards. If a single copy of the Annual Report and Proxy Statement was delivered to an address that you share with another shareholder, at your request we will promptly deliver a separate copy.

How do I withhold my consent to the householding program?

If you are a holder of record and share an address and last name with one or more holders of record, and you wish to continue to receive separate

Annual Reports, Proxy Statements and other disclosure documents, you must withhold your consent by checking the appropriate box on the enclosed Proxy Card and returning it by mail in the enclosed envelope. Even if you vote by telephone or Internet, the enclosed Proxy Card must be returned and marked appropriately to withhold your consent to householding.

Even if you do not return the Proxy Card to withhold your consent to the householding program, you may revoke your consent at a future date. Please contact Automatic Data Processing, Inc. ("ADP"), either by calling toll free at (800) 542-1061 or writing to ADP, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of the receipt of the revocation of your consent.

If you are receiving multiple copies of the Annual Report and Proxy Statement at an address shared with another shareholder, you may also contact ADP to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold shares in "street name," please contact your broker or other nominee to request information about householding.

SOLICITATION OF PROXIES

This Proxy Statement is being furnished by mail, or if shareholders have consented, by electronic delivery, on or about March 29, 2007, to the shareholders of Gentex Corporation as of the record date, in connection with the solicitation by the Board of Directors of the Company of Proxies to be used at the Annual Meeting of Shareholders

to be held on Thursday, May 10, 2007, at 4:30 p.m. EST, at The Pinnacle Center, 3330 Highland Drive, Hudsonville, Michigan.

Each shareholder as of the record date, as an owner of the Company, is entitled to vote on matters to come before the Annual Meeting. The use of Proxies allows a shareholder of the Company to be represented at the Annual Meeting if he or she is unable to attend in person.

There are four ways to vote your shares:

- 1) By Internet at <https://www.proxyvote.com>. *We encourage you to vote this way.*
- 2) By toll-free telephone (refer to your Proxy Card or Voting Instruction Form for the correct number).
- 3) By completing and mailing your Proxy Card or Voting Instruction Form.
- 4) By written ballot at the Annual Meeting.

If the form of Proxy accompanying this Proxy Statement is properly executed using any of the methods described above, the shares represented by the Proxy will be voted at the Annual Meeting of Shareholders and at any adjournment of the meeting. Where shareholders specify a choice, the Proxy will be voted as specified. If no choice is specified, the shares represented by Proxy will be voted for the election of all nominees named in the Proxy and to ratify Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2007. These proposals are described in this Proxy Statement. A Proxy may be revoked prior to its exercise by (1) delivering a written notice of revocation to the Secretary of the Company, (2) delivery of a later-dated Proxy including a telephone or Internet vote, or (3) attending the meeting and voting in person (must provide proof of ownership of shares).

VOTING SECURITIES AND RECORD DATE

March 16, 2007, has been fixed by the Board of Directors as the record date for determining shareholders entitled to vote at the Annual Meeting. On that date, 142,814,061 shares of the Company's common stock, par value \$.06 per share, were issued and outstanding. Shareholders are entitled to one vote for each share of the Company's common stock registered in their names at the close of business on the record date. Abstentions and broker non-votes are counted for the purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions and broker non-votes are not, however, counted in tabulations of votes cast on matters presented to shareholders.

ELECTION OF DIRECTORS

The Company's Articles of Incorporation specify that the Board of Directors shall consist of at least six, but not more than nine members, with the exact number to be determined by the Board. The Board has currently fixed the number of directors at nine. The Articles of Incorporation also specify that the Board be divided into three classes, with the classes to hold office for staggered terms of three years each.

5

The majority of the members of the Company's Board of Directors qualify as "independent directors" as determined in accordance with the current listing standards of The NASDAQ Global Select Market ("NASDAQ"). Based on the current NASDAQ listing standards, the Company's Board of Directors has identified and affirmatively determined the following individuals have no material relationships with the Company other than as a director and are independent: Gary Goode, John Mulder, Rande Somma, Frederick Sotok and Wallace Tsuha. J. Terry Moran and Leo Weber, who both served as directors last year, were also considered to be independent. In making its independence determinations, the Board considered Mr. Mulder's consulting arrangement with the Company as described herein, and the fact that Mr. Sotok's son is employed (not as a director or officer) at a vendor of the Company whose business awards are determined by a competitive bidding process.

The terms of current board members Frederick Sotok, John Mulder and Wallace Tsuha expire upon the election of the directors to be elected at the 2007 Annual Meeting. The Board has nominated Frederick Sotok, John Mulder, and Wallace Tsuha for election as directors at the Annual Meeting, each to serve a three-year term expiring in 2010, and Mr. James Wallace for election as a director at the Annual Meeting to serve a term expiring in 2009, replacing J. Terry Moran, who was elected as a director at the 2006 Annual Meeting but passed away unexpectedly in 2006.

- 1) Mr. Sotok has served as a director of the Company since 2000 and was previously elected as a director by the Company's shareholders in 2001 and 2004; Mr. Mulder has served as a director of the Company since 1992 and was previously elected as a director by the Company's shareholders in 1992, 1995, 1998, 2001, 2003, and 2004; and Mr. Tsuha has served as a director of the Company since 2003 and was previously elected as a director by the Company's shareholders in 2004.

- 2) Mr. James Wallace has been nominated for election as a director for the first time to fill the vacancy that was created when Mr. J. Terry Moran unexpectedly passed away. Based on information provided by Mr. Wallace to the Board of Directors, the Board has affirmatively determined that Mr. Wallace has no material relationships with the Company and will qualify as an independent director under the current NASDAQ listing standards, if elected. Mr. Fred Bauer, the Company's Chairman and CEO, recommended Mr. Wallace to the Nominating Committee as a potential candidate for nomination for election as a director.

Unless otherwise specifically directed by a shareholder's marking on the Proxy Card, or in directions given either via the Internet or telephone, the persons named as Proxy voters in the accompanying Proxy will vote for the nominees described above and below. If any of these nominees becomes unavailable, which is not now anticipated, the Board may designate a substitute nominee, under the recommendation of the Nominating Committee, in which case the accompanying Proxy will be voted for the substituted nominee. Proxies cannot be voted for a greater number of persons than the number of nominees named.

A plurality of votes cast by shareholders at the meeting is required to elect directors of the Company under Michigan law. Accordingly, the four nominees who receive the largest number of affirmative votes will be elected, regardless of the number of votes received. Broker non-votes, votes withheld, and votes cast against any nominee will not have a bearing on the outcome of the election. Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board of Directors recommends a vote *FOR* the election of all persons nominated by the Board.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Overview

The primary objective of our compensation program is to create and maintain an entrepreneurial culture where our executives and other employees are motivated to continue technical development and improve customer satisfaction so as to improve Company performance. While each element of our compensation program serves a purpose, we have traditionally emphasized stock-based compensation to focus our executives on long-term performance and to align the interests of our executives and employees with the interests of our shareholders. Current compensation, such as base salary and bonuses, are predicated on competitive circumstances, but also recognize Company and individual performance. To maintain our culture, our compensation program is available to all salaried employees as well as executives and in operation provides for the same method of allocation of benefits between executive and non-executive participants.

Responsibilities

Compensation Committee. The Compensation Committee of our Board of Directors is appointed to assist our Board in discharging its responsibilities relating to the compensation of our executives. The Compensation Committee:

- is comprised of three directors, each of whom has been determined by our Board to be independent in accordance with applicable standards;
- operates under and in accordance with its Charter; and
- has a chair who sets meeting agendas and the calendar for meetings.

The Chief Executive Officer and other members of management attend meetings of the Compensation Committee at the request of this Committee. The Compensation Committee does meet in executive session as necessary. The Compensation Committee has the authority to engage outside consultants to advise the Committee with respect to compensation of executives, in its discretion.

Board of Directors. The Board of Directors has responsibility to annually assess our director compensation program. Members of management attend meetings of the Board at the Board's request, but the Board meets in executive session when necessary.

16

Role of Executives in Establishing Compensation

While the Compensation Committee is responsible for recommending CEO and other executive officer compensation to the Board of Directors for approval in accordance with its Charter, the CEO provides input with respect to compensation decisions for other executive officers and is (along with management) primarily responsible for making compensation decisions for our other employees within established guidelines. The Compensation Committee does, however, review and approve all stock-based awards. Since the Compensation Committee and the entire Board recognize that the CEO and other executive officers have the greatest opportunity to influence our performance, they concentrate their efforts on establishing proper rewards and

incentives for executive officers. This structure provides our CEO and executive officers the freedom to influence and motivate our employees to positively impact our Company performance.

Compensation Committee Activity

During fiscal year 2006, the Compensation Committee met seven times and also met in February of 2007 to approve the Compensation Committee Report included in the Proxy Statement. Included in the activities of the Compensation Committee was a review of each element of compensation payable to named executive officers, as well as the total compensation payable to them, by use of an Executive Officer Compensation Tally Sheet and Stock Appreciation Tally Sheet.

Objectives of Compensation Program

Compensation Philosophy. Our compensation program is comprised of three fundamental elements:

- base salary;
- bonuses; and
- stock-based incentives.

These elements are intended to reflect our cultural emphasis on all team members sharing in the financial opportunities and sacrifices at our Company, just as our shareholders do. The compensation program is designed in light of the entrepreneurial, growth rate stage of our development. The elements of compensation are utilized to accomplish several objectives, including:

- provide the means to attract, motivate, and retain management personnel;
- provide long-term success by focusing on continued technical development and improving customer satisfaction;
- provide base salary compensation that is competitive in the market for managerial talent;
- provide bonus compensation reflective of both individual achievement and overall Company performance; and
- provide stock-based compensation that focuses on long-term performance and aligning the interests of executives with the interests of our shareholders.

17

Consistent with our philosophy of maintaining an entrepreneurial culture where our employee interests are aligned with those of our shareholders, the compensation program is available to all of our salaried employees generally and in operation provides for the same method of allocation of benefits between executive and non-executive participants. Our compensation program is reviewed periodically. Ingenuity of our employees, employee turnover, employee morale, and individual and Company performance are important factors in determining whether our compensation program is consistent with our philosophy and is meeting its objectives.

Benchmarking

The Compensation Committee periodically reviews compensation survey information, textual materials regarding executive compensation strategies, and other available data, such as compensation practices of peers in the United States, to assess our compensation of the CEO. The Compensation Committee, however, believes that engaging the best talent in critical functions may also entail individual negotiations with executives and potential executives.

Compensation Elements in General

As noted above, the compensation program is comprised of three fundamental elements: (1) base salary; (2) bonus; and (3) stock-based incentives.

Base Pay. Base compensation for executive officers is predicated primarily on:

- competitive circumstances for managerial talent; and
- positions reflecting comparable responsibility.

Historically, base salaries for our employees have been relatively low, and stock-based compensation has received more emphasis to encourage our entrepreneurial culture. A variety of factors are considered concerning executive officer compensation which are discussed in more detail below.

Bonuses. Bonus compensation is comprised of two elements:

- payments under our Profit Sharing Bonus Plan; and
- discretionary performance bonuses.

All of our full-time employees, including the CEO and other executive officers, are eligible to share in our Profit Sharing Bonus Plan after they have completed one full calendar quarter in the Company's employ. A percentage of pre-tax income, in excess of an established threshold for shareholder return on equity is distributed quarterly to eligible employees under this plan. In addition, discretionary performance bonuses may be awarded to various managerial employees, including named executive officers, based on individual performance and our overall performance during the year.

18

Stock Based Compensation. Stock-based compensation is intended to align the interests of shareholders and executives by making our executives shareholders in a significant amount, thereby providing them appropriate incentives to improve long-term performance and is also intended as a retention tool. Stock-based compensation includes:

- stock options; and
- restricted stock.

Stock options are granted under our Employee Stock Option Plan and restricted stock is granted under our Second Restricted Stock Plan, each of which has been approved by our shareholders.

Details of Compensation Program Design

The fundamental elements of our compensation program allow compensation to be impacted by our overall performance and by individual performance as well.

Impact of Performance on Compensation

Each year, the Compensation Committee undertakes a CEO performance review which involves a multi-step process. First, the entire Board of Directors evaluates CEO performance on a variety of factors including:

- leadership;
- strategic planning;
- financial results;
- succession planning;
- recruitment, training, retention, and morale of personnel;
- communications with the Board, management, employees, and shareholders;
- contributions to our communities and industries in furthering business goals; and
- Board relations.

The Compensation Committee gathers the results of this evaluation. The Compensation Committee then considers these evaluations and discusses the same with the CEO. Based on the foregoing, the Compensation Committee then makes compensation recommendations to the entire Board and objectives for the CEO for the next year are established. Based on this process, the CEO's base salary, discretionary performance bonus, and stock-based awards are determined and approved by the Board of Directors. Evaluations are also undertaken for non-CEO executive officers. Evaluations of all our employees take place on or about the employee's anniversary

date of employment. Through these evaluation processes, the Compensation Committee and the Board can exercise positive or negative discretion concerning compensation decisions.

Specifics on Elements of Compensation for 2006

Tables. The "Summary Compensation Table for 2006" shows the base salary, bonuses, stock awards, stock option awards and other compensation for each of our named executive officers. Total Compensation for each named executive officer is also reflected in that Table. The "Grants of Plan-Based Awards for 2006" Table demonstrates our emphasis on stock-based compensation. The "Outstanding Equity Awards at Fiscal Year-End December 31, 2006," Table and the "Option Exercises and Stock Vested for 2006" Table further demonstrate the aligning of our executive officers' interests with those of our shareholders. We continue to believe these compensation elements and the mix of these elements are appropriate for the Company given its culture, performance, industry, and current challenges.

Base Salary. The base salaries for our named executive officers are set forth in the "Summary Compensation Table for 2006." The Company has approved guidelines that salaried employees, including executive officers, are eligible for an increase in base salary of up to 5% per year for performance alone and up to 10% per year total if increased responsibilities are undertaken. During 2006, the CEO received a 3% increase in base pay based on the CEO evaluation procedure described above. Our other named executive officers received base pay increases ranging from 5% to 6% based on their evaluations and increased responsibilities, except that Mr. Jen received a 25% increase in base pay in connection with his promotion to Senior Vice President as disclosed in a Form 8-K dated June 14, 2006.

Bonuses. Profit Sharing Bonuses, in accordance with the above-described formula, and discretionary performance bonuses for named executive officers are also set forth in the "Summary Compensation Table for 2006." The Company has approved a guideline such that employees, including executive officers, are eligible for discretionary performance bonuses of up to 20% of base salary, based on individual and Company performance as determined in the evaluation process. For 2006, the CEO received a discretionary performance bonus of 0% of base salary and the other named executive officers received discretionary performance bonuses ranging from 8% to 11% of base salary.

Stock-Based Compensation. Our named executive officers are also eligible to receive grants of stock options under our Employee Stock Option Plan and restricted stock under our Second Restricted Stock Plan. The Company has approved guidelines so that stock option awards up to an established percentage (adjusted post-stock dividend) may be made under our Employee Stock Option Plan and restricted stock awards of up to an established percentage (adjusted post-stock dividend) may be made under our Second Restricted Stock Plan, which guidelines in operation provide for the same method of allocation of benefits between executive and non-executive participants. During 2006, our CEO received a grant of 98,000 stock options and the other named executive officers received grants of stock options ranging from 17,870 shares to 18,020 shares, except that Mr. Jen received a 25,000 share stock option grant in connection with his promotion to Senior Vice President. Only John Carter received a grant of restricted stock in 2006 of 14,030 shares, as set forth in the "Grants of Plan-Based Awards for 2006" Table.

The variability of these compensation decisions among our executive officers demonstrates the discretion with respect thereto.

Our Employee Stock Option Plan makes stock options generally available to all of our salaried employees. All options, including those granted to named executive officers, are granted to employees around the end of the quarter in which their anniversary date of employment occurs at scheduled meetings of the Compensation Committee. Stock options are only granted at their fair market value on the date of Compensation Committee meetings with all such grants being reviewed and approved by the Compensation Committee. Generally, stock option awards to executive officers have a seven-year term and become exercisable, as long as employment continues, for 20% of the shares on each anniversary of the grant date commencing on the first anniversary of the grant date. Restricted stock awards are granted at the discretion of the Compensation Committee at scheduled

meetings of the Compensation Committee. Generally, grants of restricted stock to employees, including executive officers, are considered once every three years for each employee. Generally, these share grants are restricted for five years from the date of grant, and as such are viewed as an important retention tool. Dividends are paid on such shares if, and to the extent, we pay dividends on our common stock.

Other Compensation. All other compensation for named executive officers set forth in the Summary Compensation Table for 2006 includes "matching" contributions by the Company pursuant to our 401(k) plan, restricted stock dividends, and the personal use of automobiles by certain executive officers as detailed in the notes to the Summary Compensation Table. Finally, membership fees at local country clubs are paid for certain executive officers as detailed in the notes to the Summary Compensation Table. We also make available to our executives Company aircraft for personal use provided it does not conflict with any business purpose for the aircraft. All executives are required to reimburse us for the incremental costs for such use. The incremental cost to the Company of personal use of Company aircraft is calculated using our average variable operating costs. Those average variable operating costs include fuel, maintenance, use tax and other miscellaneous variable costs.

Again, the fundamental elements of our compensation program are available to all salaried employees and in operation provide for the same method of allocation of benefits between executive and non-executive participants. This is in keeping with our philosophy that all team members share in the financial opportunities and sacrifices of our Company and our shareholders. As such, other than personal use of automobiles, country club dues, and availability of Company aircraft (which requires reimbursement of incremental costs) set forth above, no distinction is made between executive and non-executive employees. In fact, we do not generally utilize any employment agreements as it has been our practice that all employees serve the Company on an at-will basis. Similarly, we do not generally utilize any termination of employment (e.g., severance) or change in control agreements with our executives or other employees.

21

During 2006, however, we did enter into a severance agreement with Garth Deur, our former Executive Vice President. The severance agreement provided that Mr. Deur would continue to receive his salary, health, dental and long-term disability insurance, and certain other regular employment benefits, including the use of a Company automobile, until the earlier of December 22, 2006, or the date on which Mr. Deur began employment with another entity. Under the severance agreement, Mr. Deur was also entitled to exercise any stock options which become vested until the severance date. In exchange for these benefits, however, Mr. Deur executed a waiver of any and all potential claims of any kind or type against us and agreed to make himself reasonably available to us with respect to transitioning information and responsibilities. Mr. Deur also has in place an agreement not to compete with us for a period of time following his termination which was acknowledged in connection with the severance arrangement.

Director Compensation

Our Board of Directors has responsibility for periodically assessing our director compensation program.

During 2006, our directors who are not employees of the Company received:

- \$9,000 annual directors' retainer fee;
- \$1,200 per each Board meeting attended;
- \$900 for each Committee meeting attended; and
- options to purchase 6,000 shares of our common stock.

The Chairmen of our Compensation and Audit Committees also received an annual retainer in the amount of \$3,000. The non-employee directors annual option to purchase 6,000 shares of our common stock is at a price per share equal to the closing price of our stock on the NASDAQ on the date of each annual meeting of shareholders in accordance with our shareholder approved Nonemployee Director Stock Option Plan. See the Director Compensation Table for 2006. Like executives, Board members may make personal use of Company aircraft if such use does not conflict with any business purpose for the aircraft and provided the director reimburses us for the incremental cost of such use. We believe this director compensation to be reasonable and appropriate.

Stock Ownership

The Company has adopted Stock Ownership Guidelines (*) providing that executive officers should own three times their annual salaries in Company common stock and directors should own two times their annual director fees in Company common stock.

Impact of Regulatory Requirements

In making compensation design and award decisions, we have considered the ability to deduct compensation in accordance with Internal Revenue Code Section 162(m). We have also considered the impact of Section 16 of the Securities and Exchange Act of 1934 and rules promulgated thereunder. Since we do not have a deferred compensation plan, it has not been necessary for us to consider the impact of Internal Revenue Code Section 409A in compensation design and award decisions. We have also undertaken certain actions disclosed in our SEC filings with respect to the impact of expensing stock-based awards (including stock options) under Statement of Financial Account Standards (SFAS) 123 (revised), "Share-Based Payment" [SFAS 123(R)]. The new executive compensation disclosure rules applicable to annual reports and proxy statements after December 15, 2006, have had no material impact on our decisions regarding compensation.

Conclusion

We have reached the conclusion that each individual element of compensation, as well as the total compensation, delivered to our named executive officers and to our directors are reasonable, appropriate, and in the best interests of our Company and our shareholders. That determination is based on our compensation philosophy and practices which we believe align both the short-term and long-term interests of our employees with those of our shareholders. Each element of our compensation program is important to accomplishing the Company's goals of creating an entrepreneurial environment so that our employees are motivated to remain with us, individually perform to the best of their abilities, and focus on our long-term success.

(1) These options become exercisable, as long as employment with the Company continues, for twenty percent of the shares on each anniversary of the grant date commencing with the first anniversary of the grant date. On March 30, 2005, in response to the required implementation of SFAS No. 123(R), the Company accelerated the vesting of current "under water" stock options. As a result of the

vesting acceleration, stock option grants with an expiration date of 8/12/10, 9/24/10, 3/26/11, 6/30/11, 8/12/11 and 9/29/11 became immediately exercisable.

- (2) The exercise price is the closing price of the stock on the date the Compensation Committee meets to approve the option grants. The exercise price may be paid in cash, in shares of the Company's common stock, and/or by the surrender of the exercisable options valued at the difference between the exercise price and the market value of the underlying shares.
- (3) Assuming continued employment with the Company, restrictions on shares lapse upon the expiration of five years from the date of grant. Dividends are and will be paid on these shares if, and to the same extent, paid on the Company's common stock.
- (4) Represents the aggregate market value as of 12/31/06 for shares of common stock awarded under the Company's Second Restricted Stock Plan.

(1) Directors who are employees of the Company receive no compensation for services as directors. Directors who are not employees of the Company receive a director's retainer in the amount of \$9,000 per year plus \$1,200 for each meeting of the Board attended and \$900 for each committee meeting attended. Directors who are chairman of the Compensation and Audit Committees receive a retainer in the amount of \$3,000 per year.

(2) Nonemployee directors who are directors immediately following each Annual Meeting of Shareholders are entitled to receive an option to purchase 6,000 shares of the Company's common stock at a price per share equal to the closing price of the Company's stock on NASDAQ on that date. Each option has a term of ten years and becomes exercisable in full six months after the date of grant. For each outstanding stock option award, the value shown is what is also included in the Company's financial statements per SFAS 123(R). See the Company's Annual Report for the year ended December 31, 2006, for a complete description of the SFAS 123(R) valuation.

(3) The Company also makes Company aircraft available to directors for personal use if such use does not conflict with any business purpose for the aircraft. Reimbursement of the Company's incremental cost is required for personal use of Company aircraft, which is calculated using average variable operating cost (including fuel, maintenance, use tax and other miscellaneous variable costs).

(4) The Company has entered into consulting agreements with John Mulder and Ken La Grand, subsequent to each gentlemen's retirement in June 2002 and January 2003, respectively. During 2006, the Company paid Mr. Mulder \$9,000 in consulting fees, plus reimbursement of business expenses. Mr. La Grand did not provide,

and was not paid for, any consulting services or business expenses during 2006.

- (5) Mr. Moran was elected as a director at the Company's 2006 annual meeting of shareholders, but passed away unexpectedly on November 12, 2006. Mr. Weber was a director of the Company whose term expired on the election of the directors at the Company's 2006 annual meeting of shareholders.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised solely of members of the Company's Board of Directors who are independent under the applicable NASDAQ listing standards. For the fiscal year ended December 31, 2006, that Committee was responsible for supervising the Company's executive compensation arrangements, including the making of decisions with respect to the award of stock-based incentives for executive officers during that year.

CERTAIN TRANSACTIONS

Since 1978, prior to the time the Company became a publicly held corporation, the Company has leased a building that previously housed its main office, manufacturing and warehouse facilities, and currently houses production operations for the Company's fire protection products. The lessor for that building is G & C Associates, a general partnership, and nearly all of the partnership interests in G & C Associates are held by persons related to Fred Bauer. The lease is a "net" lease, obligating the Company to pay all expenses for maintenance, taxes, and insurance, in addition to rent. During 2006, the rent paid to this partnership was \$52,153, and the rent for the current fiscal year is the same. The Board of Directors believes that the terms of this lease are at least as favorable to the Company as could have been obtained from unrelated parties. The Audit Committee reviews and approves all related party transactions in accordance with its Charter.

Jeremy Fogg, Director of Advanced Mechanical Engineering, is the son-in-law of Fred Bauer, the Company's Chairman of the Board and Chief Executive Officer. In 2006, Jeremy Fogg earned \$130,451, including profit-sharing and performance-based bonuses. Jeremy Fogg also received options to purchase 6,020 shares of Gentex common stock at an exercise price of \$14.36. All of Mr. Fogg's compensation is determined under and in accordance with the Company's existing compensation plans and policies applicable to all salaried employees.

The Company is highly selective, and hires new employees based upon merit. Employees may also be eligible for certain other benefits which are similarly available on no less favorable terms to other employees of the Company at the same level and pay rate. Family members of any employee are not discouraged from seeking employment. It is, however, the Company's practice that no family member is directly managed by another member of the same family.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS - PRINCIPAL ACCOUNTING FEES AND SERVICES

The Audit Committee and Board of Directors have selected, and submits to shareholders for ratification, Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2007. The following fees were billed by Ernst & Young LLP, the Company's independent auditors, for the services provided to the Company during the fiscal years ended December 31:

	2006	2005
Audit Fees	\$203,900	\$182,700
Audit-Related	--	--
Tax Services	57,000	57,370
All Other	--	--
Total	\$260,900	\$240,070

Audit fees include the annual audit of the Company's consolidated financial statements, the audit of internal control over financial reporting, timely quarterly reviews, foreign statutory audits and consultations concerning accounting matters associated with the annual audit. Tax services primarily include amounts billed for assistance with the calculation of the extra-territorial exclusion and consultations on other tax matters. All non-audit services were pre-approved by the Audit Committee pursuant to the Revised Audit Committee Procedures for Approval of Audit and Non-audit Services by Independent Auditors, which is attached as Appendix A to this Proxy Statement.

Although ratification of the independent auditors by the Company's shareholders is not legally required, our Audit Committee and Board of Directors believes that submission of this matter to the shareholders follows sound business practice and is in the best interest of shareholders in the current environment. If the shareholders do not approve the selection of Ernst & Young LLP, the selection of such firm as our independent auditors will be reconsidered by the Audit Committee.

Representatives of Ernst & Young are expected to be present at the Annual Meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based upon a review of Forms 3, 4, and 5 furnished to the Company during or with respect to the preceding fiscal year and written representations from certain reporting persons, the Company is not aware of any failure by any reporting person to make timely filings of those Forms as required by Section 16(a) of the Securities Exchange Act of 1934, except that Rande Somma was late in reporting the purchase of 13 shares in January of 2006, pursuant to a dividend reinvestment plan (which purchase was reported in February of 2006).

Shareholders are urged to promptly vote your shares either on the Internet (preferred method), via telephone, or by dating, signing, and returning the accompanying Proxy in the enclosed envelope.
