CALAMP CORP.

We are a leading provider of wireless communications solutions for a broad array of applications to customers globally. Our business activities are organized into our Wireless DataCom and Satellite business segments.

Wireless DataCom

Our Wireless DataCom segment offers solutions to address the markets for Machine-to-Machine, or M2M, communications, Mobile Resource Management, or MRM, applications and other emerging applications that require anytime and everywhere connectivity. Our M2M and MRM solutions enable customers to optimize their operations by collecting, monitoring and efficiently reporting business-critical data and desired intelligence from high-value remote assets. Our extensive portfolio of intelligent communications devices, scalable cloud services platforms and targeted software applications streamline otherwise complex M2M or MRM deployments for our customers. We are focused on delivering solutions globally in our core vertical markets in Energy, Government and Transportation. In addition, we anticipate significant future opportunities for adoption of our M2M and MRM solutions in Construction, Mining and Usage-Based Automobile Insurance vertical markets, as well as other emerging applications in additional markets.

Our broad portfolio of wireless communications products includes asset tracking devices, targeted telematics platforms, fixed and mobile wireless gateways and full-featured, multi-mode wireless routers. These wireless networking elements underpin a wide range of proprietary and third party M2M and MRM solutions worldwide and are well-suited for applications demanding reliable connectivity. Our portfolio of M2M and MRM devices has been widely deployed with approximately two million devices currently in service around the world. We believe customers select our products based on their performance, optimized feature sets, configurability, long-term support, reliability and value. We believe that our deep understanding of the needs and the dynamics of our customers and their respective vertical markets and applications are key differentiators for CalAmp.

In addition to our comprehensive product portfolio, our cloud-based software platforms facilitate integration of legacy and third party applications through simple Application Protocol Interfaces, or APIs, which enable our partners and customers to quickly bring full-featured M2M and MRM solutions to market. By leveraging our cloud-based device management platform, every device can be remotely managed, configured and upgraded throughout the entire deployment lifecycle. These solutions also easily integrate with wireless telecommunications carriers' network management platforms, allowing our customers access to services that are essential to creating and supporting a comprehensive end-to-end solution.

Our portfolio of connected devices is configured to report data on a user-defined basis seamlessly to new or existing software applications. We have a proven, scalable and targeted Software-as-a-Service, or SaaS, business and core competency. Our SaaS delivery model for our MRM applications enables rapid, cost-effective deployment of high value solutions for our customers and provides an opportunity to incrementally grow our recurring revenues. Over the last several years, we have steadily grown our base of SaaS subscribers. Our acquisition of the Wireless Matrix business, discussed in greater detail below, further expands our SaaS offerings and has increased our subscriber base and recurring revenues.

Satellite

Our Satellite segment develops, manufactures and sells direct-broadcast satellite, or DBS, outdoor customer premise equipment and whole home video networking devices for digital and high definition satellite television services. Our satellite products are sold primarily to EchoStar, an affiliate of Dish Network, for incorporation into complete subscription satellite television systems.

Wireless Matrix Acquisition

On March 4, 2013, we completed the acquisition of all the outstanding capital stock of Wireless Matrix USA, Inc., or Wireless Matrix. Under the terms of the agreement, we acquired Wireless Matrix for a cash payment of \$52.9 million, subject to adjustment. The assets we acquired included cash of approximately \$6 million.

This strategic acquisition is consistent with our long-term growth strategy and strengthens our position as a leading provider of integrated wireless communications devices and software solutions for M2M and MRM deployments within our core industry vertical markets. We expect to leverage Wireless Matrix's mobile workforce management and asset tracking applications to build upon our current product offerings for customers in Energy, Government and Transportation vertical markets. We also believe an opportunity exists to expand our turnkey offerings to global enterprise customers in new vertical markets such as Construction, Agriculture and Mining, among others. We further believe that the Wireless Matrix acquisition will accelerate our development roadmap and enable us to offer higher margin turnkey solutions for new and existing customers and to further increase our relevance with mobile network operators and key channel partners in the global M2M marketplace. The Wireless Matrix transaction has resulted in a meaningful increase in our subscription and SaaS-based revenues on both an absolute basis and as a percent of total revenues.

Corporate Information

We are incorporated under the laws of the State of Delaware. Our principal executive offices are located at 1401 N. Rice Avenue, Oxnard, California 93030, and our telephone number is (805) 987-9000. Our website is www.calamp.com. Except for the documents incorporated by reference in this prospectus as described under the heading "Incorporation by Reference," the information and other content contained on our website are not incorporated by reference and do not constitute part of this prospectus and should not be relied upon in connection with making any investment in our securities.

USE OF PROCEEDS

We will retain broad discretion over the use of the net proceeds from the sale of the securities offered by this prospectus and any applicable prospectus supplement or free writing prospectus. Unless otherwise indicated in the applicable prospectus supplement, the net proceeds from the sale of the securities will be used for pursuing business opportunities, including acquisitions, and for other general corporate purposes including working capital, capital expenditures, stock repurchases and the repayment of debt. We may also invest the proceeds in certificates of deposit, United States government securities or certain other interest-bearing securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratios of earnings to fixed charges for the periods indicated. This information should be read in conjunction with the consolidated financial statements and the accompanying notes incorporated by reference in this prospectus.

	Six Months Ended August 31, 2013	Year Ended February 28, 2013	2012	2011	2010	2009
Ratio of earnings to fixed charges	14.6x	15.6x	4.0x			

We compute the ratio of earnings to fixed charges by dividing (i) earnings, which consists of income from continuing operations before income taxes plus fixed charges, by (ii) fixed charges, which consist of interest expense, amortization of debt issue costs and discount, and the estimated interest component of rent. The ratio of earnings to fixed charges was less than 1:1 for the years ended February 26, 2011, February 27, 2010 and February 28, 2009. In order to achieve a ratio of earnings to fixed charges of 1:1, we would have had to generate an additional \$3.5 million, \$12.2 million and \$45.9 million in pre-tax earnings in 2011, 2010 and 2009, respectively.

Because we have not issued any preferred stock to date, the ratio of earnings to fixed charges and preferred stock dividend requirements is identical to the ratio shown above.

DESCRIPTION OF SECURITIES

Capital Stock

The following descriptions are summaries of the material terms of our Amended and Restated Certificate of Incorporation and Bylaws. Reference is made to the more detailed provisions of, and the descriptions are qualified in their entirety by reference to, our Amended and Restated Certificate of Incorporation and Bylaws, copies of which are filed with the SEC and incorporated by reference as exhibits to the registration statement of which this prospectus forms a part.

Our authorized capital stock consists of 83,000,000 shares, divided into 80,000,000 shares of common stock, par value \$0.01 per share, and 3,000,000 shares of preferred stock, par value \$0.01 per share. Voting Rights. Each holder of our common stock is entitled to one vote for each share on all matters on which stockholders are entitled to vote. Holders of our common stock do not have cumulative voting rights.

Liquidation, Dissolution and Winding-up Rights. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of CalAmp without further action by our stockholders and may adversely affect the voting and other rights of the holders of our common stock.

Anti-Takeover Provisions

We are subject to Section 203 of the Delaware General Corporation Law. Subject to certain exceptions, Section 203 prevents a publicly held Delaware corporation from engaging in a business combination with any interested stockholder for three years following the date that the person became an interested stockholder, unless the interested stockholder attained such status with the approval of our Board of Directors or unless the business combination is approved in a prescribed manner. A business combination includes, among other things, a merger or consolidation involving us, and the interested stockholder and the sale of more than 10% of our assets. In general, an interested stockholder is any entity or person beneficially owning 15% or more of our outstanding voting stock and any entity or person affiliated with or controlling or controlled by such entity or person.

In addition, our Amended and Restated Certificate of Incorporation and Bylaws include a number of provisions that may have the effect of discouraging persons from pursuing non-negotiated takeover attempts. These provisions include advance notice requirements for director nominations and other actions to be taken at stockholder meetings and blank check preferred stock.

Description of Other Securities

We will set forth in the applicable prospectus supplement a description and the particular terms of any debt securities or warrants that may be offered pursuant to this prospectus.

PLAN OF DISTRIBUTION

The securities being offered by this prospectus may be sold by us:

- through agents;
- to or through underwriters;
- to or through broker-dealers (acting as agent or principal);
- in at the market offerings within the meaning of Rule 415(a)(4) of the Securities Act, to or through a market maker or into an existing trading market, on an exchange, or otherwise;
- directly to purchasers, through a specific bidding or auction process or otherwise;
- through a combination of any such methods of sale; or
- through any other methods described in a prospectus supplement.

The distribution of securities may be effected, from time to time, in one or more transactions, including block transactions and transactions on NASDAQ or any other organized market where the securities may be traded. The securities may be sold at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices relating to the prevailing market prices or at negotiated prices. The consideration may be cash or another form negotiated by the parties. Agents, underwriters or broker-dealers may be paid compensation for offering and selling the securities. That compensation may be in the form of discounts, concessions or commissions to be received from us or from the purchasers of the securities. Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and compensation received by them on resale of the securities may be deemed to be underwriting discounts. If such dealers or agents were deemed to be underwriters, they may be subject to statutory liabilities under the Securities Act.

Agents may, from time to time, solicit offers to purchase the securities. If required, we will name in the applicable prospectus supplement any agent involved in the offer or sale of the securities and set forth any compensation payable to the agent. Unless otherwise indicated in the prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment. Any agent selling the securities covered by this prospectus may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities.

If underwriters are used in a sale, securities will be acquired by the underwriters for their own account and may be resold, from time to time, in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale, or under delayed delivery contracts or other contractual commitments. Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. If an underwriter or underwriters are used in the sale of securities, an underwriting agreement will be executed with the underwriter or underwriters at the time an agreement for the sale is reached. The applicable prospectus supplement will set forth the managing underwriter or underwriters, as well as any other underwriter or underwriters, with respect to a particular underwritten offering of securities, and will set forth the terms of the transactions, including compensation of the underwriters and dealers and the public offering price, if applicable. The prospectus and the applicable prospectus supplement will be used by the underwriters to resell the securities.

If a dealer is used in the sale of the securities, we or an underwriter will sell the securities to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale. To the extent required, we will set forth in the prospectus supplement the name of the dealer and the terms of the transactions.

We may directly solicit offers to purchase the securities and we may make sales of securities directly to institutional investors or others. These persons may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. To the extent required, the prospectus supplement will describe the terms of any such sales, including the terms of any bidding or auction process, if used.

Agents, underwriters and dealers may be entitled under agreements which may be entered into with us to indemnification by us against specified liabilities, including liabilities incurred under the Securities Act, or to contribution by us to payments they may be required to make in respect of such liabilities. If required, the prospectus supplement will describe the terms and conditions of such indemnification or contribution. Some of the agents, underwriters or dealers, or their affiliates may be customers of, engage in transactions with or perform services for us or our subsidiaries in the ordinary course of business.

Under the securities laws of some states, the securities offered by this prospectus may be sold in those states only through registered or licensed brokers or dealers.

Any person participating in the distribution of common stock registered under the registration statement of which this prospectus forms a part will be subject to applicable provisions of the Exchange Act, and the applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of any of our common stock by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of our common stock to engage in market-making activities with respect to our common stock. These restrictions may affect the marketability of our common stock and the ability of any person or entity to engage in market-making activities with respect to our common stock.

Certain persons participating in an offering may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act that stabilize, maintain or otherwise affect the price of the offered securities. If any such activities will occur, they will be described in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers.

Section 102(b)(7) of the Delaware General Corporation Law, as amended (the "DGCL"), allows a corporation to include a provision in its certificate of incorporation limiting or eliminating the personal liability of directors of the corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except for (a) any breach of the director's duty of loyalty to the corporation or its stockholders; (b) acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (c) willfully or negligently authorizing the payment of a dividend or approving a stock repurchase or redemption in violation of the DGCL or (d) any transaction from which the director derived an improper personal benefit.

Article VII of the registrant's Amended and Restated Certificate of Incorporation and Article VII of its Bylaws provide for the indemnification by the Company of each director, officer and employee of the Company to the fullest extent permitted by the DGCL, as the same exists or may hereafter be amended. Section 145 of the DGCL provides in relevant part that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful.

In addition, Section 145 of the DGCL provides that a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Delaware Court of Chancery or such other court shall deem proper. Delaware law further provides that nothing in the above-described provisions shall be deemed exclusive of any other rights to indemnification or advancement of expenses to which any person may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

The registrant has entered into indemnification agreements with its directors and officers containing provisions that require the registrant to indemnify its directors and officers against liabilities that may arise by reason of their status or service as directors and/or officers and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Should Section 2115 of the California Corporations Code apply to the registrant, the registrant's ability to indemnify its directors, officers, employees and agents pursuant to its Amended and Restated Certificate of Incorporation, Bylaws, Indemnity Agreements or otherwise may be further limited in accordance with the provisions of the California Corporations Code made applicable by Section 2115.

The registrant maintains an insurance policy that indemnifies directors and officers against certain liabilities under certain circumstances.

Item 16. Exhibits

See the Exhibit Index attached to this registration statement and incorporated herein by reference.

Item 17. Undertakings.

A. The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (A)(1)(i), (A)(1)(ii) and (A)(1)(iii) do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

Edgar Filing: CalAmp Corp. - Form S-3ASR

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered that remain unsold at the termination of the offering.

(4) For purposes of determining any liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

B. The undersigned registrant hereby undertakes that, for the purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

C. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
