DESCRIPTION OF DEBT SECURITIES

We may issue the debt securities offered by this prospectus under an existing indenture dated as of April 1, 1998, as supplemented as of July 7, 2000, June 23, 2006, May 31, 2013 and February 13, 2014, between the company and The Bank of New York Mellon Trust Company, N.A. (as successor to BNY Midwest Trust Company as successor to The Chase Manhattan Bank), as trustee. We have summarized certain provisions of this indenture below. The summary is not complete and is qualified in its entirety by reference to the indenture. The indenture has been incorporated by reference as an exhibit to the registration statement for these securities that we have filed with the SEC. In addition to our existing indenture described below, we may issue subordinated and/or convertible debt securities, pursuant to another indenture to be entered into after the date of this prospectus, the form of which has been included as an exhibit to the registration statement for the securities that we have filed with the SEC. If we elect to issue debt securities under another indenture, we will describe certain provisions of that indenture in a prospectus supplement. To the extent that debt securities are guaranteed, the guarantees will be set forth in the applicable indenture or supplements thereto.

When we offer to sell a particular series of debt securities, we will describe the specific terms of the securities in a prospectus supplement.

We encourage you to carefully read the summary below, the applicable prospectus supplements and the indenture.

General

Our existing indenture provides that we may issue debt securities in one or more series and does not limit the amount of debt securities that may be issued. Unless we indicate otherwise in the applicable prospectus supplement, the debt securities will be unsecured and will rank equally with all of our other unsecured and unsubordinated indebtedness. We may issue debt securities with terms different from those of debt securities that we have previously issued. We may also issue additional amounts of a series of debt securities without the consent of the holders of that series.

The applicable prospectus supplement will describe the terms of any series of debt securities being offered, including the following:

- the title and principal amount of the series,
- if other than U.S. dollars, the currency or currencies in which the debt securities are denominated or payable and the manner for determining the equivalent amount in U.S. dollars;
- the date or dates on which the principal (and any premium) will be payable, or the method for determining these date(s);
- the interest rate or rates, or the method of determining the rate or rates, at which the debt securities will bear interest;
- the date or dates from which interest will accrue and the date or dates on which interest will be payable;
- the place or places where payments will be made;
- any provisions for redemption of the debt securities at our option;
- any provisions that would obligate us to redeem or purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder;

Edgar Filing: Meritor Heavy Vehicle Systems (Singapore) Pte Ltd - Form S-3ASR

- the portion of the principal amount that will be payable upon acceleration of stated maturity, if other than the entire principal amount;
- whether we will issue the debt securities as registered securities, bearer securities or both, and other terms with respect to bearer securities;
- whether we will issue the debt securities in the form of global securities, the depository for global securities and provisions for depository arrangements and other applicable terms;
- whether we will pay any additional amounts on the debt securities in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay those additional amounts;
- any provision that would determine payments on the debt securities by reference to an index;
- the person to whom we will pay any interest, if other than the record holder on the applicable record date;
- the manner in which we will pay interest on any bearer debt security, if other than upon presentation and surrender of the coupons;
- the manner in which any interest payable on any temporary global security will be paid on an interest payment date;
- any changes in or additions to the events of default or covenants contained in the indenture;
- any defeasance or covenant defeasance provisions;
- the designation of the initial exchange rate agent, if applicable;
- any conversion or exchange features of the debt securities;
- the terms of subordination applicable to any series of subordinated securities;
- the identity of the trustee, authenticating agent, security registrar and/or paying agent, if other than the trustee; and
- any other terms of the debt securities (which will not conflict with the terms of the indenture).

We may sell the debt securities, including original issue discount securities, at a substantial discount below their stated principal amount. If there are any material special U.S. federal income tax considerations or other material special considerations applicable to debt securities we sell at an original issue discount, we will describe them in the applicable prospectus supplement. In addition, we will describe in the applicable prospectus supplement any material special U.S. federal income tax considerations and any other material special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars.

Other than the protections which may otherwise be afforded holders of debt securities as a result of the operation of the covenants described under **Covenants** below or as may be made applicable to the debt securities as described in the applicable prospectus supplement, there are no covenants or other provisions contained in the indenture that may afford holders of debt securities protection if there is a leveraged buyout or other highly leveraged transaction involving us.

Form and Denominations

We may issue a particular series of debt securities as registered securities, bearer securities or as both registered and bearer securities. Unless we indicate otherwise in the applicable prospectus supplement, we will issue registered securities denominated in U.S. dollars in multiples of \$1,000 and bearer securities denominated in U.S. dollars in multiples of \$10,000. The indenture provides that we may issue debt securities in global form and in any denomination. Please see **Global Securities** below. Unless otherwise indicated in the applicable prospectus supplement, bearer securities (other than global securities) will have interest coupons attached.

Registration, Transfer and Exchange

A holder may exchange registered debt securities for other registered debt securities of the same series, in authorized denominations and with the same principal amount and terms. If debt securities of any series may be issued in both registered and bearer form, the holder may, subject to applicable laws, exchange bearer debt securities for registered debt securities of the same series, in authorized denominations and with the same principal amount and terms. All unmatured coupons, and all matured coupons in default, must be surrendered with the bearer debt security, with one exception. If a holder surrenders bearer debt securities in exchange for registered debt securities of the same series after a record date for the payment of interest and before the interest payment date, the bearer debt securities will be surrendered without the coupon relating to the interest payment. Interest will not be payable in respect of the registered debt security issued in exchange for the bearer debt security, and will be payable only to the holder of the coupon when due in accordance with the terms of the indenture. Unless otherwise specified in the prospectus supplement relating to a particular series, bearer debt securities will not be issued in exchange for registered debt securities.

Debt securities may be exchanged, and a transfer of registered debt securities may be registered, at the office of the security registrar. We may also designate a transfer agent for this purpose for any series of debt securities. No service charge will be made for any exchange or transfer, but payment of any taxes or other governmental charges will be required. We may change the place for exchange and registration of transfer, and may rescind any designation of a transfer agent, at any time. If debt securities of a series are issuable in registered form, we will be required to maintain a transfer agent in each place of payment for that series. If debt securities of a series are issuable in bearer form, we will be required to maintain (in addition to the security registrar) a transfer agent in a place of payment for that series located outside the United States. We may at any time designate additional transfer agents with respect to any series of debt securities.

If debt securities of a particular series are to be redeemed, we will not be required to issue, exchange or register the transfer of:

- any debt securities of that series, during a period beginning 15 days before selection of debt securities to be redeemed and ending at the close of business on the day the redemption notice is mailed (in the case of registered debt securities) or the day the notice of redemption is first published (in the case of bearer debt securities);
- any registered debt security selected for redemption, except the unredeemed portion of any debt security being redeemed in part; or
- any bearer debt security selected for redemption unless it is exchanged for a registered debt security of that series and the registered debt security is then surrendered for redemption.

Global Securities

We may issue one or more series of the debt securities in the form of global securities that will be deposited with a depository. This means that we will not issue certificates to each holder of debt securities of that series. Instead, one or more global securities will be issued to the depository, which will keep a computerized record of its participants (for example, your broker) whose clients have purchased these debt securities. The participant will then keep a record of its clients who purchased these debt securities.

Beneficial interests in global securities will be shown on, and transfers of those interests will be made only through, records maintained by the depository and its participants. We will make payments on the debt securities represented by a global security only to the depository, as the registered holder of these debt securities. All payments to the participants are the responsibility of the depository, and all payments to the beneficial holders of the debt securities are the responsibility of the participants.

Certificates for the debt securities of the series in question may be issued to beneficial holders in some circumstances, including termination of the depository arrangements by us or the depository.

If debt securities are to be issued as global securities, the prospectus supplement will name the depository and will describe the depository arrangements and other applicable terms.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payments for registered debt securities will be made at the office of the trustee in New York, New York. However, we may choose instead to pay principal by check to the registered owner against surrender of the debt securities or to pay interest on registered debt securities by (i) check mailed to the address of the registered owner or (ii) transfer to an account located in the United States maintained by the registered owner. Unless otherwise indicated in the applicable prospectus supplement, each interest payment on registered debt securities will be made to the person in whose name the debt security is registered at the close of business on the regular record date for the interest payment.

We may from time to time designate additional offices or agencies for payment with respect to any debt securities, approve a change in the location of any such office or agency and, except as provided above, rescind the designation of any such office or agency.

Payments on any debt securities that are payable in a currency other than dollars may be made in dollars in certain circumstances when that currency is no longer used. The prospectus supplement for any such debt securities will describe the circumstances in which this will occur.

Any moneys we deposit with the trustee or paying agent for the payment of principal (or premium, if any) or interest, if any, on any debt security or coupon that remains unclaimed at the end of two years after the payment is due and payable will be repaid to us upon our request. Thereafter, the holder of the debt security or coupon will look only to us for that payment.

Guarantees

Certain subsidiaries of ours named as registrants in the registration statement of which this prospectus is a part, or any combination of them, may guarantee any or all of the series of debt securities. Guarantees may be full or limited, senior or subordinated, secured or unsecured, or any combination thereof. In all cases, however, the obligations of each guarantor under its guarantee will be limited as necessary to prevent the guarantee from being rendered voidable under fraudulent conveyance, fraudulent transfer or similar laws affecting the rights of creditors generally. The guarantees will not place a limitation on the amount of additional indebtedness that may be incurred by the guarantors.

Certain Definitions

The following is a summary of certain defined terms used in the restrictive covenants contained in the indenture. We refer you to the indenture for a full description of all of these terms, as well as any other terms used for which no definition is provided.

- **Subsidiary** means a corporation of which we directly or indirectly own sufficient shares of voting stock to elect a majority of the board of directors.

Edgar Filing: Meritor Heavy Vehicle Systems (Singapore) Pte Ltd - Form S-3ASR

- Restricted subsidiary means any subsidiary other than an unrestricted subsidiary. Wholly-owned restricted subsidiary means a restricted subsidiary of which we directly or indirectly own all of the outstanding capital stock and all of the funded debt.
- Unrestricted subsidiary means any subsidiary we designate as such from time to time. We may from time to time designate any restricted subsidiary as an unrestricted subsidiary and any unrestricted subsidiary as a restricted subsidiary; provided that:
- we may not designate a subsidiary as an unrestricted subsidiary unless at the time of the designation the subsidiary does not own, directly or indirectly, any capital stock of any restricted subsidiary or any funded debt or secured debt of ours or any of our restricted subsidiaries; and
- we may not designate a subsidiary as restricted or unrestricted unless, immediately after the designation, no default or event of default under the indenture will exist.

Unrestricted subsidiaries will not be restricted by the various provisions of the indenture applicable to restricted subsidiaries, and the debt of unrestricted subsidiaries will not be consolidated with that of us or our restricted subsidiaries in calculating consolidated funded debt under the indenture.

- Consolidated funded debt means the funded debt of us and our restricted subsidiaries, determined in accordance with generally accepted accounting principles. Funded debt means (a) indebtedness for money borrowed having a maturity of more than 12 months, (b) certain obligations in respect of lease rentals and (c) the higher of the par value or liquidation value of preferred stock of a restricted subsidiary that is not owned by us or a wholly-owned restricted subsidiary, but does not include certain debt subordinate to the debt securities.
- Secured debt means indebtedness for money borrowed (other than indebtedness among us and our restricted subsidiaries), which is secured by a mortgage or other lien on any principal property of ours or a restricted subsidiary or a pledge, lien or other security interest on the stock or indebtedness of a restricted subsidiary.
- Principal property includes any real property (including buildings and other improvements) of ours or a restricted subsidiary, owned at or acquired after April 1, 1998 (other than any pollution control facility, cogeneration facility or small power production facility acquired after April 1, 1998), which (i) has a book value in excess of 2.5% of consolidated net tangible assets and (ii) in the opinion of our board of directors is of material importance to the total business conducted by us and our restricted subsidiaries as a whole.
- Consolidated net tangible assets means, at any date of computation, the total amount of our consolidated assets and our consolidated subsidiaries, less the sum of (a) all current liabilities, except for (i) any short-term debt, (ii) any current portion of long-term debt and (iii) any current portion of obligations under capital leases, and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense (less unamortized debt premium) and other like intangibles as shown on a balance sheet of us and our consolidated subsidiaries prepared not more than 90 days prior to the date of computation, in all cases computed in accordance with generally accepted accounting principles.
- Sale and lease-back transaction means, subject to certain exceptions, sales or transfers of any principal property owned by us or any restricted subsidiary which has been in full operation for more than 180 days prior to the sale or transfer, where we have or the restricted subsidiary has the intention of leasing back the property for more than 36 months but discontinuing the use of the property on or before the expiration of the term of the lease.

Covenants

Limitations on Liens. We and our restricted subsidiaries may not create, incur, assume or suffer to exist any secured debt without equally and ratably securing the outstanding debt securities. These restrictions do not apply to:

- secured debt existing at April 1, 1998;
- liens on property acquired or constructed after April 1, 1998 by us or a restricted subsidiary and created at the time of, or within twelve months after, the acquisition or the completion of the construction to secure all or any part of the purchase price of the property or the cost of the construction;
- mortgages on property of ours or a restricted subsidiary created within twelve months of completion of construction of a new plant or plants on the property to secure all or part of the cost of the construction;
- liens on property existing at the time the property is acquired;
- liens on stock acquired after April 1, 1998 by us or a restricted subsidiary if the aggregate cost of all such stock does not exceed 15% of consolidated net tangible assets;
- liens securing indebtedness of a successor corporation of ours to the extent permitted by the indenture;
- liens securing indebtedness of a restricted subsidiary outstanding at the time it became a restricted subsidiary;
- liens securing indebtedness of any person outstanding at the time it is merged with or substantially all its properties are acquired by us or any restricted subsidiary;
- liens on property or on the outstanding shares or indebtedness of a corporation existing at the time the corporation becomes a restricted subsidiary;
- liens created, incurred or assumed in connection with an industrial revenue bond, pollution control bond or similar financing arrangement between us or any restricted subsidiary and any federal, state or municipal government or other governmental body or agency;
- extensions, renewals or replacements of the foregoing permitted liens to the extent of their original amounts;
- liens in connection with government and certain other contracts;
- certain liens in connection with taxes or legal proceedings;
- certain other liens not related to the borrowing of money; and
- liens in connection with sale and lease-back transactions as described under *Limitations on Sale and Lease-Back* .

In addition, we and our restricted subsidiaries may have secured debt not otherwise permitted without equally and ratably securing the outstanding debt securities if the sum of:

- the amount of such secured debt, plus
- the aggregate value of sale and lease-back transactions (subject to certain exceptions) described below, does not exceed 15% of consolidated net tangible assets.

Limitations on Sale and Lease-Back. Sale and lease-back transactions are prohibited unless:

- we or our restricted subsidiaries are entitled to incur secured debt equal to the amount realizable upon the sale or transfer secured by a mortgage on the property to be leased without equally and ratably securing the outstanding debt securities; or

Edgar Filing: Meritor Heavy Vehicle Systems (Singapore) Pte Ltd - Form S-3ASR

- an amount equal to the greater of net proceeds of the sale or fair value of the property sold as determined by our board of directors is applied within 180 days of the transaction:
- to the retirement of consolidated funded debt or indebtedness of ours or a restricted subsidiary that was funded debt at the time it was created; or
- to the purchase of other principal property having a value at least equal to the greater of such amounts; or
- sale and lease-back transaction involved was an industrial revenue bond, pollution control bond or similar financing arrangement between us or any restricted subsidiary and any federal, state, municipal government or other governmental body or agency.

Limitations on Certain Consolidations, Mergers and Sales of Assets. We may consolidate with or merge into any other corporation, or convey or transfer our properties and assets substantially as an entirety to any other entity, so long as certain specified conditions are met, including:

- the corporation surviving the merger or consolidation, or which acquires the assets, is organized under the laws of the United States, or any state of the United States, and expressly assumes our obligations under the indenture; and
- after giving effect to the transaction, there is no event of default under the indenture (as defined below) or event which, after notice or lapse of time or both, would become an event of default.

If, upon our merger or consolidation or any conveyance or transfer of our properties and assets, any principal property of ours or a restricted subsidiary would become subject to any mortgage, security interest, pledge, lien or encumbrance not otherwise permitted under the indenture, we will, prior to the transaction, secure the outstanding debt securities, equally and ratably with any other indebtedness then entitled to be so secured, by a direct lien on the principal property and certain other properties. The successor corporation formed by the consolidation or merger, or to which the conveyance or transfer is made, shall succeed to and be substituted for us under the indenture and thereafter we will be relieved of all obligations and covenants under the indenture, the debt securities and any coupons.

Defeasance and Covenant Defeasance

Defeasance. The prospectus supplement will state whether the indenture's defeasance provisions apply to the series of debt securities being offered. If these provisions do apply, we will be discharged from our obligations in respect of the debt securities of the series if we irrevocably deposit with the trustee, in trust, sufficient money or U.S. government securities to pay the principal of (and premium, if any) and interest, if any, and any other sums payable on the debt securities when due. We must also deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to the same federal income tax consequences as if the deposit, defeasance and discharge had not occurred. The opinion must be based on a ruling of the Internal Revenue Service or a change in applicable federal income tax law that occurred after April 1, 1998. In the event of the deposit and discharge, the holders of the debt securities would thereafter be entitled to look only to the trust fund for payments on the debt securities.

Covenant Defeasance. The prospectus supplement will state whether the indenture's covenant defeasance provisions apply to the series of debt securities being offered. If these provisions apply, (i) we may omit to comply with certain covenants (including the limitations on liens and sale and lease-back transactions) and (ii) the noncompliance will not be deemed to be an event of default under the indenture and the debt securities, if we irrevocably deposit with the trustee, in trust, sufficient money or U.S. government securities to pay the principal of (and premium, if any), interest, if any, and any other sums payable on the debt securities when due. We must also deliver to the trustee an opinion of counsel to the effect that the holders of the debt securities will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and defeasance of certain obligations

and will be subject to the same federal income tax consequences as if the deposit, defeasance and discharge had not occurred. Our obligations under the indenture and debt securities other than with respect to the covenants referred to above and the events of default other than the event of default referred to above will remain in full force and effect.

Modification of Indenture and Waiver of Certain Covenants

Without the consent of the holders of the debt securities of each series affected, we and the trustee may execute a supplemental indenture for limited purposes, including adding to our covenants or events of default, curing ambiguities, appointing a successor trustee and other changes that do not adversely affect the rights of a holder of debt securities.

With the consent of the holders of a majority in principal amount of the outstanding debt securities of each series affected, we and the trustee may also execute a supplemental indenture to change the indenture or modify the rights of the holders of debt securities of any series. However, the consent of the holder of each outstanding debt security affected is required for execution of a supplemental indenture that would (i) change the maturity of principal of or interest, if any, on any debt security, reduce the amount of any principal, premium or interest payment, change the currency in which any debt security is payable or impair the right to bring suit to enforce any payment rights, or (ii) reduce the percentage of holders of debt securities of the series whose consent is required to authorize the supplemental indenture.

The holders of a majority of the outstanding principal amount of the debt securities of any series may waive our compliance with certain covenants in the indenture with respect to that series.

The indenture contains provisions for determining whether the holders of the requisite percentage of outstanding principal amount of a series of debt securities have given any request, demand, authorization, direction, notice, consent or waiver or whether a quorum is present at a meeting of holders of debt securities, in cases where debt securities were issued at a discount, where the principal amount was denominated in a foreign currency, or where the principal amount is determined with reference to an index. In addition, for these purposes, debt securities owned by us or our affiliates are deemed not to be outstanding. The indenture also contains provisions for convening meetings of the holders of a series issuable as bearer debt securities, which may be called by the trustee and also by us or the holders of at least 10% in principal amount of the outstanding debt securities of that series.

Defaults and Certain Rights on Default

An event of default with respect to any series of debt securities is defined in the indenture as any of the following events:

- failure to pay any interest on the debt securities of the series for 30 days after it is due;
- failure to pay principal of (and premium, if any, on) the debt securities of the series when due, whether at maturity, upon acceleration or upon redemption;
- failure to perform any other covenant in the indenture for 90 days after notice;
- certain events of bankruptcy, insolvency, receivership or reorganization relating to us; or
- any other event of default made applicable to a particular series of debt securities and described in the applicable prospectus supplement for that series.

An event of default for a particular series of debt securities does not necessarily constitute an event of default for any other series. We are required to deliver to the trustee annually a written statement as to the fulfillment of our obligations under the indenture.

If an event of default for any series of debt securities occurs and continues, the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of the series may declare the principal amount of all the debt securities of the series to be immediately due and payable. The declaration may, under certain circumstances, be rescinded by the holders of a majority of the outstanding principal amount of the debt securities of the series.

Other than its duties in case of an event of default, the trustee is not obligated to exercise any of its rights or powers under the indenture at the request of any of the holders of debt securities, unless the holders offer to the trustee reasonable security or indemnity. If they provide this reasonable security or indemnity, subject to certain limitations described in the indenture, the holders of a majority of the outstanding principal amount of the debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee. The holders of a majority of the outstanding principal amount of the debt securities of any series may waive any past default with respect to debt securities of the series except a default in payment on any of the debt securities of the series or a default with respect to a covenant that cannot be modified without the consent of the holder of each debt security affected.

Conversion Rights

If applicable, the terms of debt securities of any series that are convertible into or exchangeable for our common stock or other securities or property will be described in an applicable prospectus supplement. These terms will describe whether conversion or exchange is mandatory, at the option of the holder or at our option. These terms may include provisions pursuant to which the number of shares of our common stock or other securities or property to be received by the holders of debt securities would be subject to adjustment.

Governing Law

The indenture and the debt securities will be governed by and construed in accordance with the laws of the State of New York.

Concerning the Trustee

The trustee is an affiliate of one of a number of banks with which we maintain ordinary banking relationships.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock, as amended or superseded by any applicable prospectus supplement, includes a summary of certain provisions of our restated articles of incorporation, as amended, and our amended by-laws. This description is subject to the detailed provisions of, and is qualified by reference to, our restated articles of incorporation, as amended, and our amended by-laws, copies of which have been incorporated by reference as exhibits to the registration statement of which this prospectus is a part.

We are authorized to issue (1) 500,000,000 shares of common stock, with a par value of \$1 per share, of which 97,844,611 shares were outstanding as of November 17, 2014 and (2) 30,000,000 shares of preferred stock, without par value, of which 2,000,000 shares are designated as Series A Junior Participating Preferred Stock. The authorized shares of our common stock and preferred stock are available for issuance without further action by our shareholders, unless the action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. If the approval of our shareholders is not so required, our board of directors may determine not to seek shareowner approval.

Certain of the provisions described below could have the effect of discouraging transactions that might lead to a change of control of us. These provisions:

- establish a classified board of directors whereby our directors are elected for staggered terms in office so that only one-third of our directors stand for election in any one year;
- require shareholders to provide advance notice of any shareowner nominations of directors or any proposal of new business to be considered at any meeting of shareholders;
- require a supermajority vote to remove a director or to amend or repeal certain provisions of our restated articles of incorporation, as amended;
- require that any action by written consent of shareholders without a meeting be unanimous;
- preclude shareholders from amending our by-laws or calling a special meeting of shareholders; and
- include fair price provisions and other restrictions on certain business combinations.

Common Stock

Holders of our common stock are entitled to such dividends as may be declared by our board of directors out of funds legally available for such purpose. Dividends may not be paid on common stock unless all accrued dividends on preferred stock, if any, have been paid or declared and set aside. In the event of our liquidation, dissolution or winding up, the holders of our common stock will be entitled to share pro rata in the assets remaining after payment to creditors and after payment of the liquidation preference plus any unpaid dividends to holders of any outstanding preferred stock.

Each holder of our common stock is entitled to one vote for each share of common stock outstanding in the holder's name. No holder of common stock is entitled to cumulate votes in voting for directors. Our restated articles of incorporation, as amended, provide that, unless otherwise determined by our board of directors, no holder of our common stock has any preemptive right to purchase or subscribe for any stock of any class which we may issue or sell.

Computershare is the transfer agent and registrar for our common stock.

Preferred Stock

General. Our restated articles of incorporation, as amended, permit us to issue up to 30,000,000 shares of our preferred stock in one or more series and with rights and preferences that may be fixed or designated by our board of directors without any further action by our shareholders. The designations and the relative rights, preferences and limitations of the preferred stock of each series will be fixed by an amendment to our restated articles of incorporation, as amended, relating to each series adopted by our board, including:

- the maximum number of shares in the series and the distinctive designation;
- the terms on which dividends, if any, will be paid;
- the terms on which the shares may be redeemed, if at all, including any restrictions on the repurchase or redemption of such shares by us while there is an arrearage in the payment of dividends or sinking fund installments if applicable;
- the terms of any sinking fund for the purchase or redemption of the shares of the series;
- the amounts payable on shares in the event of liquidation, dissolution or winding up;
- the terms and conditions, if any, on which the shares of the series shall be convertible into our shares of any other class or series or any other securities of ours or of any other corporation;
- the restrictions on the issuance of shares of the same series or any other class or series; and
- the voting rights, if any, of the shares of the series.

Although our board of directors has no intention at the present time of doing so, it could issue a series of preferred stock that could, depending on the terms of the series, impede the completion of a merger, tender offer or other takeover attempt.

Series A Junior Participating Preferred Stock

Our restated articles of incorporation, as amended, authorize us to issue up to 2,000,000 shares designated as Series A Junior Participating Preferred Stock, none of which are outstanding as of the date hereof. The Series A Junior Participating Preferred Stock was created in connection with our shareholder rights plan which is now expired.

Holders of Series A Junior Participating Preferred Stock are entitled, in preference to holders of common stock, to such dividends as the board of directors may declare out of funds legally available for the purpose. Each share of Series A Junior Participating Preferred Stock is entitled to a minimum preferential quarterly dividend payment of \$1 per share but is entitled to an aggregate dividend of 100 times the dividend declared per share of common stock whenever such dividend is declared. In the event of liquidation, the holders of Series A Junior Participating Preferred Stock will be entitled to a minimum preferential liquidation payment of \$100 per share but will be entitled to an aggregate payment of 100 times the payment made per share of common stock. Each share of Series A Junior Participating Preferred Stock will have 100 votes, voting together with common stock. In the event of any merger, consolidation or other transaction in which shares of common stock are exchanged, each share of Series A Junior Participating Preferred Stock will be entitled to receive 100 times the amount received per share of common stock. These rights will be protected by customary antidilution provisions. Series A Junior Participating Preferred Stock is not redeemable.

Because of the nature of the Series A Junior Participating Preferred Stock's dividend, liquidation and voting rights, the value of a one one-hundredth interest in a share of Series A Junior Participating Preferred Stock should approximate the value of one share of common stock.

Certain Provisions in our Restated Articles of Incorporation, as amended, and Amended By-Laws

Our restated articles of incorporation, as amended, and amended by-laws contain various provisions intended to (1) promote the stability of our shareowner base and (2) render more difficult certain unsolicited or hostile attempts to take us over which could disrupt us, divert the attention of our directors, officers and employees and adversely affect the independence and integrity of our business.

Pursuant to our restated articles of incorporation, as amended, the number of directors is fixed by our board of directors. Our restated articles of incorporation, as amended, provide that other than directors elected by the holders of any series of preferred stock or any other series or class of stock except common stock, our directors are divided into three classes, each class to consist as nearly as possible of one-third of the directors. As an Indiana corporation that has a class of voting shares registered with the SEC under Section 12 of the Exchange Act, we are required by the Indiana Business Corporation Law to maintain a classified board structure whereby directors are elected for staggered terms in office. Our amended by-laws provide that directors elected by shareholders at an annual meeting of shareholders will be elected by a plurality of all votes cast. Under our majority voting policy (which is not part of our by-laws), any nominee for director who is elected but who receives a greater number of withheld votes than for votes in an uncontested election is required to tender his or her resignation after the certification of the shareowner vote. Our Corporate Governance and Nominating Committee considers the resignation and recommends to our board of directors what action should be taken. Under our majority voting policy, our board of directors is required to take action and publicly disclose the decision and its underlying rationale within 90 days of the shareowner vote. Currently, the terms of office of the three classes of directors expire, respectively, at our annual meetings in 2015, 2016 and 2017. The term of the successors of each such class of directors expires three years from the year of election.

Our restated articles of incorporation, as amended, contains a fair price provision pursuant to which a business combination (as defined in our restated articles of incorporation, as amended) between us or one of our subsidiaries and an interested shareholder (as defined in our restated articles of incorporation, as amended) requires approval by the affirmative vote of the holders of not less than 80 percent of the voting power of all of our outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class, unless the business combination is approved by at least two-thirds of the continuing directors (as defined in our restated articles of incorporation, as amended) or certain fair price criteria and procedural requirements specified in the fair price provision are met.

Any amendment or repeal of the fair price provision, or the adoption of provisions inconsistent therewith, must be approved by the affirmative vote of the holders of not less than 80 percent of the voting power of all of our outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class, unless the amendment, repeal or adoption were approved by at least two-thirds of the continuing directors.

Our restated articles of incorporation, as amended, and amended by-laws provide that a special meeting of shareholders may be called only by a resolution adopted by a majority of the total number of directors which we would have if there were no vacancies. Shareholders are not permitted to call, or to require that the board of directors call, a special meeting of shareholders. Moreover, the business permitted to be conducted at any special meeting of shareholders is limited to the business brought before the meeting pursuant to the notice of the meeting given by us. Our amended by-laws establish an advance notice procedure for shareholders to nominate candidates for election as directors or to bring other business before meetings of our shareholders.

Our restated articles of incorporation, as amended, provide that the affirmative vote of at least 80 percent of the voting power of all of our outstanding capital stock entitled to vote generally in the election of directors, voting together as a single class, would be required to amend or repeal the provisions of our articles with respect to the election or removal of directors, the right to call a special shareholders meeting, business combinations, or the right to adopt any provision inconsistent with the preceding provisions. In addition, our restated articles of incorporation, as amended, provide that our board of directors has exclusive authority to make, alter, amend and repeal our by-laws and that our shareholders have no power to do so.

The foregoing summary is qualified in its entirety by the provisions of our restated articles of incorporation, as amended, and amended by-laws, copies of which have been filed with the SEC.

Indiana Restrictions on Business Combinations

The Indiana Business Corporation Law contains a statutory antitakeover defense that restricts the ability of a resident domestic corporation to engage in any business combination with an interested shareholder for five years after the interested shareholder's date of acquiring shares unless the business combination or the purchase of shares by the interested shareholder on the interested shareholder's share acquisition date is approved by the board of directors of the resident domestic corporation before that date. If the combination was not previously approved, the interested shareholder may effect a combination after the five-year period only if the shareholder receives approval from a majority of the disinterested shares or the offer meets certain fair price criteria. For purposes of these provisions, resident domestic corporation means an Indiana corporation that has 100 or more shareholders. Interested shareholder means any person, other than the resident domestic corporation or its subsidiaries, who is (1) the beneficial owner, directly or indirectly, of 10% or more of the voting power of the outstanding voting shares of the resident domestic corporation or (2) an affiliate or associate of the resident domestic corporation and at any time within the five-year period immediately before the date in question was the beneficial owner of 10% or more of the voting power of the then outstanding shares of the resident domestic corporation. These provisions do not apply to a corporation that so elects in its original articles of incorporation or in an amendment to its articles of incorporation approved by a majority of the disinterested shares. Such an amendment, however, would not become effective for 18 months after its passage and would apply only to stock acquisitions occurring after its effective date. Our restated articles of incorporation, as amended, do not exclude us from these provisions.

- the identity of the warrant agent for the warrants; and
- if applicable, the antidilution provisions of the warrants.

Rights as Holders of Debt Securities

Debt warrant holders, as such, will not have any of the rights of holders of debt securities, except to the extent that the consent of debt warrant holders may be required for certain modifications of the terms of an indenture or form of the debt security, as the case may be, and the series of debt securities issuable upon exercise of the debt warrants. In addition, debt warrant holders will not be entitled to payments of principal of and interest, if any, on the debt securities.

Item 15. Liability and Indemnification of Directors and Officers.

Chapter 37 of the Indiana Business Corporation Law (the "IBCL") requires a corporation, unless its articles of incorporation provide otherwise, to indemnify a director or an officer of the corporation who is wholly successful, on the merits or otherwise, in the defense of any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal, against reasonable expenses, including counsel fees, incurred in connection with the proceeding.

The IBCL also permits a corporation to indemnify a director, officer, employee or agent who is made a party to a proceeding because the person was a director, officer, employee or agent of the corporation or its subsidiary against liability incurred in the proceeding if (i) the individual's conduct was in good faith and (ii) the individual reasonably believed (A) in the case of conduct in the individual's official capacity with the corporation that the conduct was in the corporation's best interests and (B) in all other cases that the individual's conduct was at least not opposed to the corporation's best interests and (iii) in the case of a criminal proceeding, the individual either (A) had reasonable cause to believe the individual's conduct was lawful or (B) had no reasonable cause to believe the individual's conduct was unlawful. The IBCL also permits a corporation, under certain circumstances, to pay for or reimburse reasonable expenses incurred before the final disposition of the proceeding and permits a court of competent jurisdiction to order a corporation to indemnify a director or officer if the court determines that the person is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the person met the standards for indemnification otherwise provided in the IBCL.

Edgar Filing: Meritor Heavy Vehicle Systems (Singapore) Pte Ltd - Form S-3ASR

Section 8.06 of Meritor's Restated Articles of Incorporation, as amended, contains provisions authorizing, to the extent permitted under the IBCL and Meritor's Amended By-Laws, indemnification of directors and officers, including payment in advance of expenses in defending an action and maintaining liability insurance on such directors and officers. Specifically, Meritor's Amended By-Laws provide that Meritor will indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil or criminal, administrative or investigative, formal or informal, by reason of the fact that such person is or was a director, officer, employee or agent of Meritor, or is or was serving at the request of Meritor as a director, officer, employee, agent, partner, trustee or member or in another authorized capacity of or for another corporation, unincorporated association, business trust, estate, partnership, trust, joint venture, individual or other legal entity, whether or not organized or formed for profit, against expenses (including attorney's fees) and judgments, penalties, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action. Meritor will pay, in advance of the final disposition of an action, the expenses reasonably incurred in defending such action by a person who may be entitled to indemnification. Meritor's Amended By-Laws also set forth particular procedures for submission and determination of claims for indemnification.

Meritor's directors and officers are insured against certain liabilities for actions taken in such capacities, including liabilities under the Securities Act of 1933, as amended.

Meritor and certain other persons may be entitled under agreements entered into with agents or underwriters to indemnification by such agents or underwriters against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that Meritor or such persons may be required to make in respect of such liabilities.

Item 17. Undertakings.

A. Each of the undersigned co-registrants hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) To include any prospectus required by Section 10(a)(3) of the Securities Act;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
 - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part

Edgar Filing: Meritor Heavy Vehicle Systems (Singapore) Pte Ltd - Form S-3ASR

of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities in a primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the registrant or its securities provided by or on behalf of the registrant; and
 - (iv) Any other communication that is an offer in the offering made by the registrant to the purchaser.
- (6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (7) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
- (8) That, for purposes of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (9) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Securities and Exchange Commission under section 305(b)2 of the Trust Indenture Act.
