- (1) The final performance stock right payout is 136% of the reported target for the 2/9/2012 award of performance stock rights. On December 17, 2014, 90% of the estimated award was paid out based upon total shareholder return results calculated as of December 15, 2014. A true-up payout is reflected here.
- (2) A portion of the performance share payout was deferred; with 100% of the deferred portion going into Company common stock. Under the terms of the plan, payout deferrals may be deferred into Company common stock or other mutual funds within the Deferred Compensation Plan.
- (3) These phantom stock units convert to common stock on a one-for-one basis.
- (4) Upon retirement or termination of service, distribution of phantom stock units will commence in January of the year that is both (1) following the calendar year in which service terminates with the Company, and (2) at least six months following termination, or later if the participant selected a later date.
- (5) Performance stock rights represent the right to receive shares of common stock of the Company, in the event certain performance goals are satisfied. These goals are based on Company performance against an established industry benchmark, over a three year performance period. The final award of shares issued can be between 0% and 200% of the reported target award.
- (6) Each restricted stock unit represent a contingent right to receive one share of Company common stock. The restricted stock units vest in four equal annual installments beginning on the exercisable date.
