(1) These shares were granted as performance share units and vest one hundred percent on May 16, 2019, with an additional one year holding period (4 years total until settlement), subject to acceleration and cancellation upon the occurrence of certain events. Each performance share unit converts into the number of shares of common stock determined by applying the TSR multiplier to the number of units vesting on the third anniversary of the date of grant. The TSR multiplier is based on relative TSR performance versus peers over the three year vesting period. The peer group is the S&P Small Cap 600 Industrial Index, of which EnerSys is a member, and consists of 99 companies. The minimum TSR multiplier is 0% and the maximum TSR multiplier is 200%. These shares represent the performance share units granted, assuming a TSR multiplier of 100%.

(2) This grant was made after markets had closed.

(3) These shares were granted as restricted stock units that vest twenty-five percent on each of May 16, 2017, May 16, 2018, May 16, 2019, and May 16, 2020, subject to acceleration or forfeiture in certain specified circumstances.

(4) The options vest in three equal annual installments beginning on May 16, 2017, subject to acceleration or forfeiture in certain specified circumstances.
