under no obligation to publicly update any of the forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events. Readers are cautioned not to place undue reliance on these forward-looking statements.

ITEM 1. DESCRIPTION OF BUSINESS

BUSINESS DEVELOPMENT

American Leisure Holdings, Inc. ("AMLH"), through its subsidiaries, manages and distributes travel services, develops luxury vacation home ownership and travel destination properties, and operates affinity-based travel clubs and call centers that provide internal and external commercial and communications services. Our businesses are intended to complement each other and create cross-marketing opportunities within our business. We intend to take advantage of the synergies between the distribution of travel services and the development, marketing, sale and management of luxury vacation home ownership and travel destination properties. We were incorporated in Nevada as Freewillpc.com, Inc. ("Freewill"), and until June 2002, operated as a web-based retailer of built-to-order personal computers and brand name related peripherals, software, accessories and networking products. The Company has been re-designed and structured to own, control and direct a series of companies in the travel and tourism industries so that it can achieve vertical and horizontal integration in the sourcing and delivery of corporate and vacation travel services.

On June 14, 2002, we entered into a Merger Agreement (the "Merger") with American Leisure Corporation and its subsidiaries (collectively referred to herein as "American Leisure"). As consideration for the Merger, we issued to the former American Leisure stockholders 4,893,974 shares of our common stock and 880,000 shares of Series A Preferred Stock having 10 votes per share. As part of this transaction, Vyrtext Limited, a UK company, which owned 3,830,000 shares of our common stock, surrendered 3,791,700 of the 3,830,000 shares owned by them. The transaction was treated as a reverse merger and a re-capitalization of American Leisure. American Leisure was considered the accounting acquirer and the results of its operations carried over. The operations of Freewill prior to the Merger were not carried over and were adjusted to \$0. On July 9, 2002, we changed our name to American Leisure Holdings, Inc.

On October 1, 2003, we acquired a majority interest in Hickory Travel Systems, Inc. ("Hickory"). Hickory is a travel management service organization that primarily serves a network/consortium of approximately 160 well-established travel agency members, comprised of over 3,000 travel agency locations worldwide, that focus primarily on corporate travel. As a group, these members have amassed approximately \$17 billion in travel bookings (or gross sales) per year over the past several years. We intend to utilize Hickory's 24-hour reservation services, international rate desk services, discount hotel programs, preferred supplier discounts, commission enhancement programs, marketing services, professional services, automation and information exchange.

3

On December 31, 2004, we acquired substantially all of the assets of Around The World Travel, Inc. ("AWT") which included the business name "TraveLeaders" and all of the tangible and intangible assets necessary to operate TraveLeaders, a fully integrated travel services distribution business based in Coral Gables, Florida. AWT began doing business in 1963 serving individuals and small corporate clients in Coral Gables, Florida. AWT was incorporated in 1977 and began operating as TraveLeaders in 2001. TraveLeaders provides its clients with a comprehensive range of business and vacation travel services including corporate travel management, leisure sales, and meeting, special event and

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

incentive planning.

Except as expressly indicated or unless the context otherwise requires, the "Company," "we," "our," or "us" means American Leisure Holdings, Inc., a Nevada corporation, and its subsidiaries.

RECENT DEVELOPMENTS

On January 29, 2005, we entered into an operating agreement with Sonesta Orlando, Inc ("Sonesta"), a wholly-owned subsidiary of Sonesta International Hotels Corporation, a luxury resort property management company. Pursuant to the operating agreement, we delegated to Sonesta substantially all of the hospitality responsibilities within our vacation resort development project now known as Sonesta Orlando Resort at Tierra Del Sol ("Sonesta Orlando Resort"). Under the operating agreement, our subsidiary, American Leisure Hospitality Group, Inc., retains primary management control of the resort. See "Vacation Resort Development" for a more detailed description of this project.

On February 1, 2005, our Board of Directors (the "Board") nominated Messrs. David Levine, Thomas Cornish and Carlos Fernandez to serve as members of the Board. While they have accepted their nominations, Messrs. Levine, Cornish and Fernandez have not yet commenced their appointments to the Board of Directors and are considered nominees. The Company has no reason to believe that any of them will be unable to serve or decline to serve as a director. The Company anticipates that the nominees will commence directorship in the near term after the filing of this Form 10-KSB, and that Mr. Levine will serve as Chairman of the Board. The Company anticipates that Messrs. Cornish and Levine will serve on the Compensation Committee being formed in the near future by the Board and that Mr. Fernandez will serve on the Audit Committee being formed in the near future by the Board. L. William Chiles will continue to serve as Chairman of the Board until Mr. Levine is formally inducted to that position, which induction is anticipated by the Company. Mr. Chiles will continue to serve on the Board as a Director and will chair a New Initiatives Committee that our Board is in the process of forming. The Company filed a Form 8-K with the Commission on February 15, 2005, which disclosed that the Company's Board of Directors nominated David Levine, Thomas Cornish and Carlos Fernandez as Directors of the Company to fill vacancies on the Board of Directors created by the resignation of Gillian Wright and an increase in the number of members on the Board of Directors from four (4) to nine (9). This disclosure is being provided to clarify that Messrs. Levine, Cornish and Fernandez have not yet commenced their appointments to the Board of Directors and are considered nominees. The Company has no reason to believe that any nominee will be unable to serve or decline to serve as a director. L. William Chiles continues to serve as Chairman of the Board until Mr. Levine is inducted into such position, which induction is anticipated by the Company. As and when the Company and the director nominees complete the process of their induction, the nominees are expected to be inducted as directors of the Company.

On February 4, 2005, we announced our joint venture with IMA, Ltd., a Barbados company ("IMA"), to open a telecommunications center in Antigua-Barbuda (the "Antigua Call Center"). We expect this call center to serve a variety of large and small corporations by fulfilling customer service to their customers in the United States and the United Kingdom.

On February 16, 2005, we announced the groundbreaking of the Sonesta Orlando Resort, our vacation resort development project located just outside of Orlando, Florida. See the heading entitled "Vacation Homes and Travel Resorts" for a more detailed description of this project.

On March 8, 2005, we consummated the sale of unimproved land in Davenport, Florida that was the sole asset of a subsidiary, Advantage Professional Management Group, Inc. The property had been held for property for commercial

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

development. The land was acquired in 2002 for approximately \$1,975,359 and sold in 2005 for just over \$4,000,000. We received approximately \$2,730,000 in net proceeds from the sale.

BUSINESS INTEGRATION

The Company is on a mission to develop a large, multi-national travel services, travel management and travel distribution organization that has a division that constructs luxury vacation home ownership and travel destination properties. We are in the process of integrating the business operations of Hickory and TraveLeaders to distribute, fulfill and manage our travel services which will serve as the foundation of our business model. We are currently in what we believe to be final negotiations for the financing to construct the Sonesta Orlando Resort, a 972-unit vacation home resort to be located just outside of Orlando, Florida. We will be affiliated with RCI, an international vacation unit exchange facilitator, which will serve as our link to other vacation resort properties. We operate six (6) affinity-based travel clubs. In addition to Hickory's 24-hour call center, IMA, a company with which we have entered into a joint venture, is currently operating our Antigua Call Center and we own the equipment for another call center in Coral Gables, Florida which is currently not being operated. Our planned business model is to use the travel distribution, fulfillment and management services of the combined business operations of Hickory and TraveLeaders to, among their other pursuits, provide bookings for vacation homes and travel resorts under our management and travel services to our affinity-based travel clubs.

4

Hickory is a travel management service organization that primarily serves a network/consortium of approximately 160 well-established travel agency members, comprised of over 3,000 travel agency locations worldwide, that focus primarily on corporate travel. TraveLeaders is a fully integrated travel services distribution business that provides its clients with a comprehensive range of business and vacation travel services including corporate travel management, leisure sales, and meeting, special event and incentive planning. In addition, TraveLeaders currently fulfills travel orders produced by our subsidiary, American Travel & Marketing Group, Inc. (discussed below under the heading "Vacation Homes and Travel Resorts"). Hickory and TraveLeaders are in the processes of negotiating joint arrangements with vendors to provide travel services to their members and clients. We anticipate that the information technology ("IT"), finance, accounting and account management departments of Hickory and TraveLeaders will be the first departments to merge. Once Hickory and TraveLeaders are integrated, we will have both brick-and-mortar and Internet-based distribution capabilities in both corporate and leisure travel planning and distribution.

The integration process has been slowed by factors including, but not limited to, continued due diligence of TraveLeaders, litigation commenced by TraveLeaders regarding its contracts with Seamless, as discussed in "Item 3. Legal Proceedings," and world events such as the terrorist attack in the United States on September 11, 2001, the war in Iraq and other uncertainties in the Middle East that have negatively impacted corporate and leisure travel. We believe that we have highly qualified travel and business professionals at AMLH, Hickory and TraveLeaders who can complete the process of integration. We plan to complete the integration process in time for the completion of the first units of the Sonesta Orlando Resort which we expect to occur in the summer of 2006.

TRAVEL SERVICES

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

Travel Services Industry Overview

The travel services industry is made up of two broad categories, corporate business travel and individual leisure travel. According to the Travel Industry Association of America, Americans spent over \$500 billion on domestic travel in 2004, of which we believe a significant portion was for business travel. TraveLeaders does the majority of their business in the corporate travel management category, while Hickory provides services to a variety of agencies that compete in both business and leisure travel.

Corporate travel management became prevalent largely as a result of the deregulation of the airline industry in 1978. Complex pricing strategies and airline rules and the elimination of previously available commission arrangements created an opportunity for travel management companies to assist client companies in optimizing the value of their travel expenditures.

Travel is generally the second largest controllable expense, behind personnel, for most companies. Corporate travel management companies like TraveLeaders and most of Hickory's members reduce travel expenses for their clients by creating and documenting travel policies, negotiating favorable pricing directly with travel suppliers, and streamlining the reservation process with customized profiles and client-selected technologies including on-line booking tools.

The corporate travel management industry has changed significantly in the last ten years. Elimination of airline commissions drove the industry to fee-for-service arrangements, and rapid enhancements to technology allowed an expansion of service offerings to clients. Successfully servicing those clients requires significant technological, financial and operational resources, meaning that larger corporate travel management companies like TraveLeaders and Hickory may have a competitive advantage. We believe the corporate travel management industry is undergoing a period of consolidation as a result and that significant growth opportunity exists.

The industry's role and capacity as a distribution channel, and its relationship with both clients and suppliers, is also undergoing significant change as a result of the Internet and other technological innovations. We believe these innovations offer opportunities for corporate travel management companies to increase the efficiency of their distribution capacities and enhance services provided to travelers and management.

The industry has faced numerous challenges since the September 11, 2001 terrorist attacks, including the decline in travel, volatility in the U.S. economy and continued geopolitical instability. These challenges, in part, led to bankruptcy filings by several major airlines, and along with more recent phenomena like rising fuel prices continue to cause other airlines to experience adverse economic pressure. These ongoing financial pressures are driving almost daily renovations in travel reservation economics and process, which in turn affects the traditional supplier-intermediary-corporation-traveler relationships.

Our Travel Services

The Company manages and distributes travel services through Hickory, our subsidiary, and TraveLeaders, a fully integrated travel services distribution business based in Coral Gables, Florida. We acquired Hickory in October 2003. On December 31, 2004, our wholly owned subsidiary American Leisure Equities Corporation acquired substantially all of the assets of AWT which included all of the tangible and intangible assets necessary to operate TraveLeaders.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

TravelLeaders

We provide our clients with a comprehensive range of business and vacation travel services, including corporate travel management (including reservations, profiled service levels, financial and statistical reporting and supplier negotiations), leisure sales (including sales to individuals and to travel and vacation clubs), and meeting, special event and incentive planning. We provide integrated solutions for managing corporate travel on a worldwide scale. We also offer corporate travel services on a local and regional level. Our corporate travel services provide corporate clients with a complete suite of travel services that range from completely 'agent free' Internet booking tools to specialized expert travel agent guidance. Our Private Label Web Sites provide our corporate clients with an exclusive portal for corporate and leisure travel planning and booking. Our corporate-clients range in size from companies with as few as two to three travelers to companies with several hundred travelers or more. We develop corporate travel policies, manage corporate travel programs and design and develop information systems tailored for our clients. The benefits derived by our clients typically increase proportionately with the amount of spending, in that we can obtain direct benefits for the clients by negotiating favored terms with suppliers and provide the client with better management information regarding their spending patterns through active, involved account management and customized reporting capabilities.

5

We provide vacation travel services using destination specialists who have first-hand knowledge of various destinations and the capability to handle a client's specific vacation travel needs. We help our clients design and implement vacations suited to their particular needs and try to do this in the most cost-efficient manner. In addition, we focus our attention on servicing the travel requirements of travel and vacation clubs to garner significant group purchasing power. We provide meeting, special event and incentive planning to corporate clients ranging from Fortune 500 companies with thousands of travelers to smaller companies with more modest meeting requirements. We plan events ranging in size from 10 to over 3,000 people. We have the capability to coordinate all aspects of a client's conference or event including servicing general travel needs, booking group airline tickets as well as meeting supervision and the production of all collateral needs. Our meeting, special event and incentive planning services include program development, promotion support, site selection, contract negotiations, registration and on-site management for corporate events in addition to fulfillment of travel service requirements. We also provide discount airline ticket and hotel programs.

Hickory Travel Systems, Inc.

Hickory is a travel management service organization that primarily serves a network/consortium of approximately 160 well-established travel agency members, comprised of over 3,000 travel agency locations worldwide, that focus primarily on corporate travel. We intend to utilize Hickory's 24-hour reservation services, international rate desk services, discount hotel programs, preferred supplier discounts, commission enhancement programs, marketing services, professional services, automation and information exchange.

American Travel & Marketing Group

American Travel & Marketing Group, Inc., our subsidiary, operates six (6) affinity-based travel clubs, as discussed below under the heading "Vacation Homes and Travel Resorts." Highly advantageous travel benefits are the key to

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

distinguishing our affinity club creation and management from the older model of single purpose clubs. In addition to travel benefits, we actively promote cross-marketing strategies to engage non-traditional sponsors to provide significant benefits to the members that would otherwise not be available to them in a traditional affinity club. We utilize TraveLeaders to fulfill the travel service needs of these affinity based clubs.

Distribution of Our Travel Services

We provide our travel services to our clients through several distribution channels, including traditional brick and mortar regional and branch offices, dedicated on-site corporate travel departments, call centers and Internet based technologies.

TraveLeaders has two large customer service operations in Coral Gables, Florida and Irvine, California with eight branch offices as follows:

- Florida - Ft. Lauderdale, Boca Raton, Orlando, Tampa
- Pennsylvania - Philadelphia, Lancaster
- Ohio - Cincinnati
- California - San Francisco

These branch offices provide several corporate and vacation travel services to our clients. These offices are primarily used by small companies as well as vacation travelers seeking expertise in domestic and international destinations. In addition, TraveLeaders has three small primarily leisure offices in Largo, Florida, Mt. Laurel, New Jersey, and Sinking Springs, Pennsylvania.

We operate approximately fourteen (14) on-site offices located at corporate client premises, where we provide customized trip planning, reservation and ticketing services to the employees of such corporate clients.

Hickory operates a 24-hour call center which we plan to use to service our travel clients and provide travel marketing services.

6

We also maintain an online reservation and booking website at www.traveleaders.com. This website permits both corporate and vacation clients to book airline flights, hotel reservations, car rental reservations, cruises and vacation specials. We currently operate over a dozen web sites dedicated to specific types of travel planning.

Competition in the Travel Industry

The travel services industry is highly competitive. We compete with a large number of other providers of corporate and vacation travel services. Some of our competitors include multi-national corporations that have significantly greater resources than we have. These significantly larger competitors continue to expand their size which may give them access to new products and more competitive pricing than we can offer. We also compete with Internet travel service providers and directly with travel suppliers including, airlines, cruise companies, hotels and car rental companies. We are faced with increasing use of the Internet by both business and vacation travelers to purchase products and services directly from travel suppliers, that could result in bypassing us and travel service providers similarly situated to us. To meet that competition, we have developed and will continue to develop business models to enable TraveLeaders to obtain a growing market share of the 'agent free' travel business. We also compete by bundling our products in competitively priced tour

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

packages.

VACATION HOME AND TRAVEL RESORT OPERATIONS

The Company's vacation home and travel resort operations will be conducted within three business segments. One will acquire tracts of real estate suitable for vacation resort properties, which will be subdivided, improved and sold, typically on a retail basis to our range of clients as vacation home sales. The other operation is planned to develop, market and sell vacation ownership interests in the Company's future resort properties primarily through vacation clubs. The third segment is the ongoing hospitality management of the resorts built by the Company. While our vacation home management is not a condition of a purchase at any of our resorts, the consumer may elect to employ our management subsidiary to handle all aspects of the care and economics of their vacation home, including but not limited to the supervision of the home in a rental arrangement.

Vacation Homes and Travel Resorts

Our first vacation home resort will be conducted through our subsidiary, Tierra Del Sol Resort, Inc. ("TDSR"). We intend to develop high-quality vacation resort properties comprised of vacation homes and other resort amenities. We seek to acquire suitable land for this purpose in locations where the demand for vacation properties is strong throughout the year, including Florida and the Caribbean. We intend to create and promote our vacation and travel clubs to the general public to provide revenue for our vacation home and travel resort properties. In addition, we hope to derive additional revenues from vacation and travel club membership dues, conversion of travel club members to vacation club members, and travel commissions from the fulfillment of services by our travel services division.

We plan to develop our vacation resort properties to enable certain qualifying vacation homeowners to include their homes in voluntary rental arrangements. We plan to provide vacation resort homeowners a comprehensive set of vacation rental and property management and rental services. The services will consist of marketing, reservations, guest services, basic resort services, maintenance, repair and cleaning, management of home owner and condo associations, record keeping and billing, and representation of homeowners' interests with transient guests.

We have finished the planning stage for the Sonesta Orlando Resort, a 972-unit vacation home resort to be located just outside of Orlando, Florida. The Sonesta Orlando Resort will be our first property. On January 29, 2005, we entered an operating agreement with Sonesta, a nationally recognized luxury resort management company. While retaining the primary management responsibility, we delegated substantially all of the hospitality responsibilities within the management of the resort to Sonesta.

7

We plan to construct the Sonesta Orlando Resort in two phases. Phase I is scheduled to include 430 residential units, an 84,000 square foot clubhouse (approximate square footage under air), and one of Central Florida's largest swimming and recreation complexes which includes a combination pool and lazy river swimming feature, an outdoor sports bar and food service, restroom facilities, showers, water slides, beach volleyball and extensive sundecks. Phase II is scheduled to include 542 residential units and additional amenities. The Phase II resort amenities contemplated include miniature golf, a flow rider water attraction, a wave pool, Rapid River, and a children's multilevel interactive water park. Phase II clubhouse improvements will include the

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

finishing, equipping and furnishing of banquet/meeting rooms, casual and fine dining restaurants, a full service spa, a sales center and an owners' club. We estimate that the cost to complete the construction of Phase I will be \$156,500,000, of which \$19,200,000 will be the cost of the horizontal construction, \$24,900,000 will be for the clubhouse and resort amenities, \$67,600,000 will be for vertical construction on 430 units and \$45,400,000 will be for other costs such as contingencies, closing costs and soft costs such as architectural, engineering, and legal costs. We plan to have the first phase of horizontal construction cost of \$19,200,000 funded by the Westridge Community Development District ("District") via the sale by the District of bonds issued on a non-recourse basis to the Company ("CDD Bonds"). The District was initially created by the Company and enabled by an order of the State District Court. The debt service on the CDD Bonds will be paid by all of the owners of real property within the District as a quasi-public cost for the community benefit provided by the infra-structure and green spaces the District will create and preserve. We are currently in the final stages of the negotiations with a national banking institution for the provision of a \$96,600,000 conventional construction loan that we expect to close in May 2005. We have also given the same banking institution the underwriting role in the sale of the CDD Bonds. We expect to close the first offering of the CDD Bonds in May 2005. We plan to begin construction of Phase I upon the closing of the conventional construction loan and the sale of the first offering of the CDD Bonds.

In November 2003, TDSR entered into an exclusive sales and marketing agreement with Xpress Ltd. ("Xpress") to sell the vacation homes in the Sonesta Orlando Resort. Malcolm J. Wright, a director of the Company and the Company's Chief Executive Officer and Chief Financial Officer, and members of his family are the majority shareholders of Xpress. As of March 30, 2005, Xpress has pre-sold 648 vacation homes in a combination of contracts on Town Homes and Reservations on condominiums in the Sonesta Orlando Resort for total sales volume to date of over \$216 million. All deposits required by the contracts and reservations have been received by the Company as detailed elsewhere in this report.

American Travel & Marketing Group, Inc. ("ATMG" and its d/b/a, "American Affinity Clubs" or "AAC"), our subsidiary, operates six (6) affinity-based travel clubs. American Affinity Clubs has developed a travel club system and travel incentive strategy that creates and fulfills the travel and incentive needs of corporations, organizations and associations with significant member bases. Typically, American Affinity Clubs identifies a national retail entity and propose to create a club to be comprised of persons in their target demographic, the purpose of which will be to foster loyalty to their brands. The incentives for membership are a rich assortment of discounted travel opportunities that are tailored to their target demographic as well as a significant array of special membership benefits that are provided by sponsors of nationally known products and services. American Affinity Clubs derives revenues from membership dues, sponsorship premiums and travel commissions. In addition to revenue generation, American Affinity Clubs will also provide traffic to the Company's vacation home and resort properties. We believe that American Affinity Clubs will generate increased travel business through the creation of additional clubs comprised of affinity-based travelers. We believe that AAC is poised to secure a strong market share of the affinity-travel marketing segment. As the proprietor and manager of the clubs it creates, AAC anticipates substantial revenue from annual membership fees and commissions earned on the sale of travel services, once the infrastructure has been finalized to communicate and sell to its affinity-based club databases. We expect that American Affinity Clubs will derive revenue from sales opportunities to Hickory's corporate clients, Hickory's bulk purchasing power and fulfillment capacity, and access to our vacation home and resort properties.

Management of our vacation resorts will be conducted through our

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

subsidiary, American Leisure Hospitality Group, Inc. ("ALHG"). ALHG entered into an operating agreement with Sonesta, which delegates to Sonesta substantially all of the hospitality responsibilities for the Sonesta Orlando Resort. ALHG retains primary responsibility for the management of the resort.

COMMUNICATIONS SERVICES

The Company's subsidiary, American Sterling Corp., ("AS") currently owns the equipment necessary to operate two (2) call centers. In December 2004, we entered into a joint venture with IMA, Ltd., a Barbados company, to open a telecommunications center in Antigua-Barbuda (the "Antigua Call Center"). IMA, Ltd. currently operates the Antigua Call Center. The other center, based in Coral Gables, Florida is not yet operational. The Company is in negotiations with another call center operator for the utilization of that center. The services provided by the Antigua Call Center are both in-bound and out-bound traffic for customer service and accounts receivable management. The clients of the Antigua Call Center are well known national businesses with well-established credit and operational systems. We expect this call center to serve a variety of large and small corporations by contacting customers in the United States and the United Kingdom.

The American Sterling subsidiary, Comtech Fibernet, Inc., specializes in the design, installation and operation of Fiber To The Home Networks, a method of delivering massive bandwidth and other telecommunications and video signals to the home in a revolutionary way.

Almost from the conception of fiber-optic cable, fiber-to-the-home (FTTH), or the passive optical network (PON), has been envisioned as the network of the future. Single-mode fiber combines very low signal loss per kilometer with high carrying capacity. On the surface, these traits make an ideal network with very high bandwidth availability, ultra reliability, and the ultimate in network future-proofing.

After 25 years of being considered the future of access networks, FTTH is now being deployed on a large scale in the United States. For several years, the ever-increasing number of FTTH deployments has been driven mainly by nontraditional carriers such as utility companies, municipalities, and home developers as well as a few competitive local exchange carriers ("CLECs"). Today, however, FTTH also has become the technology of choice for many Independent local exchange carriers ("LECs") and at least one large incumbent, both for new builds and overbuilds. The economic and technical reasons for this change have much to do with outside plant (OSP) innovations that reduce the labor and active electronics costs of an FTTH installation.

The Company expects significant growth from Comtech Fibernet, Inc.

8

Competition in the Communications Services Industry

The Company opened the Antigua Call Center due to the new demand for call centers in the Caribbean.

The call-center business is booming in the Caribbean, as telecom deregulation in the islands slashes costs and U.S. companies spread their growing overseas call-center business to lower-cost sites "near-shore." Persons employed in Caribbean call centers have more than doubled to 25,000 over the past two years and likely will double again by the end of 2006, according to a report from Miami-based researcher Zagada Markets.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

Proximity means U.S. managers can easily visit and troubleshoot. Plus, it means call-center agents tend to be more familiar with U.S. culture than agents in more distant lands such as India. Caribbean nations are pursuing the call-center business, anxious to create jobs and nurture clean industry that complements their vital tourism industry. Many islands offer tax breaks, training programs and other lures.

Competition may be robust but at present the Company believes demand still exceeds the supply. The Company cannot guarantee how long it will experience this favorable market condition.

PATENTS, TRADEMARKS & LICENSES WHAT ABOUT THE NAME TRAVELEADERS

The Company does not own any patents, trademarks, copyrights or other forms of intellectual property. We will register or apply to register our trademarks when we believe registration is warranted, and important, to our ongoing business operations. We have registered and own a number of Internet domain names including americanleisureholdings.com and www.traveleaders.com.

GOVERNMENTAL REGULATION

The travel, real estate development and vacation ownership industries are subject to extensive and complex regulation. We are, and may in the future be, subject to compliance with various federal, state, and local environmental, zoning, consumer protection and other statutes and regulations regarding the acquisition, subdivision and sale of real estate and vacation ownership interests. On a federal level, the Federal Trade Commission has taken an active regulatory role through the Federal Trade Commission Act, which prohibits unfair or deceptive acts or competition in interstate commerce. We are, or may be subject to the Fair Housing Act and various other federal statutes and regulations. In addition, there can be no assurance that in the future, vacation ownership interests will not be deemed to be securities subject to regulation as such, which could have a material adverse effect. We believe that we are in compliance in all-material respects with applicable regulations. However, no assurance can be given that the cost of complying with applicable laws and regulations will not be significant or that we are in fact in compliance with all applicable laws. Any failure to comply with current or future applicable laws or regulations could have a material adverse effect on us.

We are subject to various federal and state laws regarding our tele-service sales and telemarketing activities. We believe we are in compliance in all material respects with all federal and state telemarketing regulations. There can be no assurances, however, that our practices and methods would not be subject to additional regulation or regulatory challenge.

The industries we will serve may also be subject to varying degrees of government regulation. Generally, in these instances, we rely on our clients and their advisors to develop and provide us with the scripts for each campaign. We anticipate that our clients will indemnify us against claims and expenses arising with respect to the scripts provided by our clients.

EMPLOYEES

We have 75 employees, all of which are employed on a full-time basis. There are no collective bargaining contracts covering any of our employees. We believe our relationship with our employees is satisfactory.

ITEM 2. DESCRIPTION OF PROPERTY

Our corporate headquarters are located in Saddlebrook, New Jersey. Our Saddlebrook facility is approximately 5,000 square feet, of which 250 square

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

feet houses AMLH's executive offices. This facility is leased by Hickory Travel Systems for approximately \$178,056 per year and AMLH does not pay any rent to Hickory for the executive office. A reservation service center equipment lease Calls for a monthly base rent of \$6,461 through December 2005.

We leased office space located in Tamarac, Florida. The monthly base rental Was \$17,708. In the Spring of 2004, the Company was able to terminate the lease.

We own the land on which the Sonesta Orlando Resort will be situated. We purchased this land for \$5,560,366. It is currently subject to mortgages in an amount equal to approximately \$12,000,000 that represents approximately a 35% loan to value ratio. As a developer of vacation resort properties, we may also purchase additional parcels of land for resort development.

The Company's Traveleaders assets are located in a building leased by AWT from a partnership comprised of AWT shareholders. TraveLeaders occupies almost all of the 40,000 square feet at 1701 Ponce De Leon Boulevard, Coral Gables, Florida. The Company plans to move various other subsidiaries into the available space. The lease expires in December of 2006. The Company has commenced its search for alternative leaseholds.

ITEM 3. LEGAL PROCEEDINGS

We are a defendant in an action that was filed in Orange County, Florida. In June, 2001, Rock Investment Trust, P.L.C., a British limited liability company, and RIT, L.C., a related Florida limited liability company, filed suit against Malcolm J. Wright, American Vacation Resorts, Inc., American Leisure, Inc., Inversora Tetuan, S.A., Sunstone Golf Resort, Inc., and SunGate Resort Villas, Inc. (the "Defendants"), seeking either the return of an alleged \$500,000 investment or an ownership interest in one or more of the defendant entities equivalent to the alleged investment amount. This lawsuit involves allegations of fraud against Malcolm J. Wright, a director of the Company and the Company's Chief Executive Officer and Chief Financial Officer. The Defendants have denied all claims and have counterclaimed against Rock Investment Trust and its principal, Roger Smee for damages. The Defendants are seeking to recover deposits and costs on two real estate transactions totaling approximately \$440,000 plus damages. seeking damages in excess of \$10 million, assuming success on all aspects of the litigation. The litigation is in the discovery phase and is not currently set for trial. While many depositions and other discovery of facts remain to be done, based on the status of the record developed thus far, our counsel believes that Rock Investment Trust's and RIT's claims are without merit and that the counterclaim will be Successful, although damages are uncertain. This case has been inactive since February 2002, although opposing counsel did file discovery documents in the past year to keep the case from being dismissed for lack of prosecution.

9

In March 2004, Manuel Sanchez and Luis Vanegas as plaintiffs filed a lawsuit against American Leisure Holdings, Inc. American Access Corporation, Hickory Travel Systems, Inc. Malcolm J Wright, L William Chiles, and Walter Kolker, seeking a claim for securities fraud, violation of Florida Securities and Investor Protection Act, breach of their employment contracts, and claims for fraudulent inducement. Defendants have denied all claims and have a counterclaim against Manuel Sanchez and Luis Vanegas for damages. The litigation commenced in March 2004 and will shortly enter the discovery phase and is not currently set for trial. American Leisure believes that Manuel Sanchez and Luis Vanegas claims are without merit and the claim is not material to American Leisure. American Leisure does not believe that Sanchez and Vanegas' claims have merit and intends to vigorously defend the lawsuit.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

In February 2003, American Leisure, Inc. and Malcolm Wright were joined in a lawsuit filed by Howard Warren and captioned as Howard Warren v. Travelbyus, Inc. William Kerby, David Doerge, DCM/Funding III, LLC, Balis Lewittes and Coleman, Inc. We were included under a theory of joint venture liability with the defendants. The plaintiff claims losses of \$1.5 million from an alleged breach of a promissory note as well as punitive damages for willful and gross negligence. The litigation is in the discovery phase and is not currently set for trial. An order was entered on November 1, 2004 following Plaintiff's Motion To Dismiss that dismissed the case against ALI and Mr. Wright without prejudice. The dismissal becomes irrevocable one year from the date that the order was entered.

On March 30, 2004, the Company's President, Malcolm Wright, was individually named as a third-party defendant in the Circuit Court of Cook County, Illinois, Chancery Division, under the caption: Cahnman v. Travelbyus, et. al. Additionally, on July 23, 2004, the primary plaintiffs filed a motion to amend their complaint to add direct claims against the Company's subsidiary, American Leisure, Inc. ("ALI") as well as Mr. Wright. On August 4, 2004, the plaintiffs withdrew that motion and have not asserted or threatened any direct claims against ALI, Mr. Wright or the Company.

In early May 2004, Around The World Travel, Inc. ("AWT"), from which on December 31, 2004 we purchased substantially all of its assets, filed a lawsuit with the clerk of the Miami-Dade Circuit Court against Seamless Technologies, Inc. and e-Travelers, Inc. alleging breach of contract and seeking relief that includes monetary damages and termination of the contracts. We were granted leave to intervene as plaintiffs in the original lawsuits against Seamless and e-Travelers. On June 28, 2004, the above named defendants brought suit against AWT and us in a lawsuit styled Seamless Technologies, Inc. et al v. Keith St. Clair et al. This suit alleges that AWT has breached the contracts and also that we and AWT's Chief Executive Officer were complicit with certain officers and directors of AWT in securing ownership of certain assets for us that were alleged to have been a business opportunity for AWT. This lawsuit involves allegations of fraud against Malcolm J. Wright, a director of the Company and the Company's Chief Executive Officer and Chief Financial Officer. The lawsuit filed by Seamless has been abated and consolidated with the original lawsuit filed by AWT. In a related matter, the attorneys for Seamless brought another action entitled Peter Hairston v. Keith St. Clair et al. This suit mimics the misappropriation of business opportunity claim, but it is framed within a shareholder derivative action. The relief sought against the Company includes monetary damages and litigation costs. All three suits have been brought to the Circuit Court of the 11th Judicial Circuit in and for Miami-Dade County, Florida (the "Seamless Suit"). We have retained legal counsel regarding these matters. We intend to vigorously support the original litigation filed against Seamless and defend the counterclaim and allegations against us.

In the ordinary course of its business, we may from time to time become subject to routine litigation or administrative proceedings which are incidental to our business.

The Company is not aware of any proceeding to which any of its directors, officers, affiliates or security holders are a party adverse to the Company or have a material interest adverse to the Company.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

We did not submit any matters to a vote of security holders during the fourth quarter of 2004.

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Our common stock, \$.001 par value per share, is traded on the over-the-counter Bulletin Board (the "OTCBB") under the trading symbol "AMLH."

10

The following table sets forth the high and low bid prices for our common stock for the periods indicated as reported on the OTCBB, except as otherwise noted. The quotations reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

2004 (1)	HIGH BID	LOW BID
	-----	-----
Fourth Quarter	\$1.50	\$1.25
Third Quarter	\$2.02	\$1.30
Second Quarter	\$2.00	\$0.45
First Quarter	\$0.60	\$0.25
2003	HIGH BID	LOW BID
	-----	-----
Fourth Quarter	\$0.75	\$0.26
Third Quarter	\$0.40	\$0.10
Second Quarter	\$0.27	\$0.08
First Quarter	\$0.20	\$0.10

(1) Our common stock was de-listed from the OTCBB during the period from May 21, 2004 to January 26, 2005, as a result of one delinquent filing with the Commission. The high and low bid prices for our common stock for the second, third and fourth quarter of 2004, as listed above, were reported by Pink Sheets, LLC. Our common stock was cleared for quotation on the OTCBB on January 26, 2005.

As of March 31, 2005, the Company had 331 holders of record of the common stock. The number of holders of the common stock includes nominees of various depository trust accounts for an undeterminable number of individual stockholders.

DIVIDEND POLICY

We have never declared or paid dividends on our common stock. We do not anticipate paying dividend on our common stock in the foreseeable future. We intend to reinvest in our business operations any funds that could be used to pay dividends. Our common stock is junior in priority to our preferred stock with respect to dividends.

Cumulative dividends on our issued and outstanding Series A Preferred Stock, Series B Preferred Stock, Series C Preferred Stock and Series E Preferred (as the same may be amended from time to time) accrue at a rate of \$1.20, \$12.00, \$4.00, and \$4.00, respectively, per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock. We have authorized and agreed to issue Series F Preferred Stock as currency for the purchase of AWT assets valued at \$193,260. The Series F Preferred Stock has cumulative dividends that accrue at a rate of \$1.00 per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock. The Series F Preferred Stock has not been issued as of this filing. Dividends on our preferred stock accrue from the date on which such shares of preferred stock are issued and outstanding and thereafter from day to day whether or not earned or declared and whether or not there exists profits, surplus or other funds legally available for the payment of dividends. We have never paid any cash dividends on our preferred stock. All dividends on preferred

stock accrue without interest until the Company declares a profit.

RECENT SALES OF UNREGISTERED SECURITIES

The Company has issued the following securities without registration under the Securities Act of 1933 (the "Act" or the "Securities Act") during the period covered by this report:

In January 2004, the Company issued warrants to purchase 390,000 shares of the Company's common stock to Arvimex, Inc. ("Arvimex"). The warrants are divided into two classes. The first class, comprised of 120,000 warrants, bears an exercise price of \$0.001 per share of common stock and are exercisable until December 31, 2008. The second class, comprised of 270,000 shares, bears an exercise price of \$2.96 per share of common stock and are exercisable until December 31, 2008. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the warrants for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by the Company.

11

In March 2004, the Company issued 340,000 shares of common stock to GCD Acquisition Corp. as partial consideration for the purchase of \$22,600,000 in secured notes. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts or commissions were paid by the Company. The Company also assumed the seller's liability on a \$5,000,000 promissory note to the Seller of said secured notes to GCD.

In March 2004, the Company issued warrants to purchase 300,000 shares of the Company's common stock to Stanford Venture Capital Holdings, Inc. ("Stanford") and warrants to purchase an aggregate of 300,000 shares of the Company's common stock equally to Daniel T. Bogar, William R. Fusselmann, Osvaldo Pi, and Ronald M. Stein, employees of Stanford (collectively, the "Stanford Employees"). The warrants to purchase an aggregate of 600,000 shares that were issued to Stanford and the Stanford Employees had an exercise price of \$0.001 per share of common stock and were exercised as discussed below. Also in March 2004, the Company issued warrants to purchase 675,000 shares of the Company's common stock to Stanford and warrants to purchase an aggregate of 675,000 shares of the Company's common stock to the Stanford Employees. The warrants to purchase an aggregate of 1,350,000 shares that were issued to Stanford and the Stanford Employees had an exercise price of \$2.96 per share which in June 2004 were subsequently reduced to \$0.001 per share. The warrants discussed in this paragraph, above, were issued as consideration for Stanford providing a \$6,000,000 line of credit to the Company. The exercise price on 1,350,000 warrants was reduced, as discussed above, in connection with \$4,000,000 of additional financing provided by Stanford. In May 2004, the Company issued an aggregate of 600,000 shares of common stock to Stanford and the Stanford Employees upon their exercise of their warrants at \$0.001 per share of common stock (or an aggregate of \$600). In June 2004, the Company also issued warrants to purchase 500,000 shares of the Company's common stock to Stanford in connection with the additional \$4,000,000 of financing. The warrants to purchase 500,000 shares that were issued to Stanford had an exercise price of \$5.00 per share, but the exercise price was reduced to \$0.001 as consideration for additional financing with respect to warrants to purchase 100,000 of the shares in November 2004. The exercise price was reduced in connection with \$1,250,000

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

of additional financing provided by Stanford. In September 2004, the Company issued an aggregate of 1,350,000 shares of common stock to Stanford and the Stanford Employees upon their exercise of their warrants at \$0.001 per share of common stock (or an aggregate of \$1,350). In December 2004, the Company issued an aggregate of 100,000 shares of common stock to Stanford and the Stanford Employees upon their exercise of their warrants at \$0.001 per share of common stock (or an aggregate of \$100). The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients took the warrants and shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company; However, the Company's relationship with Stanford includes the requirement that the Company utilize a certain investment banking firm (US Funding) and in this transaction the Company paid \$150,000 (2.5% is an agreed percentage) to that third party agent for investment banking services.

In March 2004, the Company issued warrants to Bill Chiles, a director of the Company, to purchase 168,672 shares of the Company's common stock at an exercise price of \$2.96 per share of common stock. Also, in March 2004, the Company issued warrants to Malcolm Wright, a director of the Company and the Company's Chief Executive Officer and Chief Financial Officer, to purchase 347,860 shares of the Company's common stock at an exercise price of \$2.96 per share of common stock. The Company issued the warrants to Messrs. Chiles and Wright as consideration for their personal guarantees of the Company's debt and pledges of their shares of the Company's stock to Stanford as part of the security for the financing that Stanford provided to the Company. In addition, Mr. Wright has personally guaranteed the Company's indebtedness of \$6,000,000 to Stanford. The Company is under a continued obligation to issue warrants at \$1.02 to Messrs Chiles and Wright for guarantees they may be required to give on the company's behalf going forward. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients took the warrants for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company.

12

In April 2004, the Company approved the issuance of 24,101 shares of Series E Preferred Stock, par value \$.001 per share, to The Shadmore Trust U/A/D 12/26/89 as part of the Company's acquisition of the majority interest in the preferred stock of AWT. The Series E Convertible Preferred Stock ranks senior to the Company's common stock as to dividends and liquidation preference. Each share of Series E Preferred Stock is convertible, at the option of the holder thereof, at any time and from time to time, into a maximum of 6.666 fully paid and non-assessable shares of Common Stock. The Company also issued an unsecured note in the original amount of \$1,698,340 to Shadmore in connection with the acquisition of debt owed to them by AWT. The note bears interest at a rate of four percent (4%) per annum with weekly payments in the amount of \$5,000 until the note is fully paid or April 1, 2011, whichever is first. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the shares and the note for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by the Company.

In October 2004, the Company issued to Arvimex warrants to purchase 40,000 shares of the Company's common stock at an exercise price of \$0.001 per share of common stock in consideration for an unsecured loan of AWT in the principal

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

amount of \$500,000 that Arvimex made to the Company. Arvimex loaned the money to AWT to provide funds to AWT while the Company conducted due diligence of TraveLeaders and sought to secure an additional \$1,250,000 of financing from Stanford. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the warrants and the note for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by the Company.

In October of 2004, the Company authorized the issuance of warrants to purchase 250,000 shares of the Company's common stock at an exercise price of \$1.02 per share to be issued to persons who serve on both the Company's board of directors and the Company's advisory board to the board of directors at the rate of 50,000 warrants per person. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances will not involve a public offering, the recipients have access to information that would be included in a registration statement, will take the shares for investment and not resale and the Company will take appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts will be paid by the Company.

In November 2004, the Company exchanged 325 shares of its Series B Preferred Stock with American Communications, LLC for equipment valued at \$32,640. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients had access to information that would be included in a registration statement, took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company.

On December 22, 2004, the Company issued 120,000 shares of Series A Preferred Stock, par value \$0.001 per share, to Xpress Ltd. ("Xpress") for \$1,200,000. The Series A Convertible Preferred Stock ranks senior to the Company's common stock as to dividends and liquidation preference. Each share of Series A Preferred Stock is convertible, at the option of the holder thereof, at any time and from time to time, into ten (10) fully paid and non-assessable shares of Common Stock. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company.

In December 2004, the Company issued Steven Parker warrants to purchase 200,000 shares of the Company's common stock at an exercise price of \$1.02 per share of common stock in consideration for Mr. Parker entering into a contract of employment with a subsidiary of the Company. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the warrants for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by the Company.

In December 2004, the Company issued Toni Palatto warrants to purchase 25,000 shares of the Company's common stock at an exercise price of \$1.02 per share of common stock in consideration for Ms. Palatto entering into a contract of employment with a subsidiary of the Company. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuance did not involve a public offering, the recipient took the warrants for

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuance and no underwriting discounts were paid by the Company.

13

On December 31, 2004, the Company issued 120,000 shares of common stock to Xpress Ltd., of which Malcolm J. Wright, the Company's Chief Executive Officer and Chief Financial Officer, is the beneficial owner, 10,000 shares of common stock to James Leaderer, a director of the Company, 20,000 shares of common stock to an entity and 10,000 shares of common stock to an employee of Hickory (or an aggregate of 160,000 shares of common stock) for various services that they provided to the Company. The Company claims an exemption from registration afforded by Section 4(2) of the Act since the foregoing issuances did not involve a public offering, the recipients had access to information that would be included in a registration statement, took the shares for investment and not resale and the Company took appropriate measures to restrict transfer. No underwriters or agents were involved in the foregoing issuances and no underwriting discounts were paid by the Company.

In March 2005, the Company cancelled an aggregate of 3,988,700 shares of common stock, of which 3,791,700 shares had been returned to the Company by Vyrtext Limited in June 2002 in connection with the reverse merger, and 197,000 shares had been authorized for issuance in June 2002, but never cancelled, in connection with the reverse merger.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The information in the following discussion contains forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements are based upon current expectations that involve risks and uncertainties. Any statements contained herein that are not statements of historical fact such as statements that refer to expectations, projections or other characterization of future events or circumstances may be deemed to be forward looking statement. For instance, those statements which include the words "believes," "intends," "estimates," "anticipates," "expects," "plans," or similar words or variations thereof, are likely to be forward-looking statements, and as such, are likely to concern matters involving risk, uncertainty, unpredictability and other factors that could materially and adversely affect the outcome or results indicated by or inferred from the statements themselves. Our actual results and the timing of certain events may differ significantly from the results discussed in the forward-looking statements. Therefore, the reader is advised that the following discussion should be read in conjunction with the consolidated financial statements and related notes contained elsewhere in this report and considered in light of the discussion of risks and other factors contained in this report and in the Company's other filings with the Securities and Exchange Commission, and that no statements contained in the following discussion or in this report should be construed as a guarantee or assurance of future performance or future results. Factors that might cause such a discrepancy include, but are not limited to those discussed below under the heading "Risk Factors." All forward looking statements in this document are based on information available to us as of the date hereof and we assume no obligation to update any such forward looking statements.

OVERVIEW

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

Our results of operation are currently dependent on our travel services business provided by Hickory and TraveLeaders, and pre-sale contracts of units in the Sonesta Orlando Resort at Tierra Del Sol.

KNOWN TRENDS, EVENTS AND UNCERTAINTIES

The Company expects to experience seasonal fluctuations in its gross revenues and net earnings. This seasonality may cause significant fluctuations in the Company's operating results. In addition, other material fluctuations in operating results may occur due to the timing of development of certain projects and the Company's use of the percentage-of-completion method of accounting with respect thereto. Furthermore, costs associated with the acquisition and development of vacation resorts, including carrying costs such as interest and taxes, are capitalized as inventory and will be allocated to cost of real estate sold as the respective revenues are recognized. The Company's management expects that the Company will continue to invest in projects that will require substantial development and significant amounts of capital funding.

The Company believes that the terrorist attacks on September 11, 2001 in the United States, the continuing hostilities in the Middle East including the war in Iraq, and other world events have decreased the amount of vacation and corporate air travel by Americans but have not required the Company to materially change its business plan. There can be no assurances, however, that a long-term decrease in air travel or increase in anxiety regarding actual or possible future terrorist attacks, wars or other world events will not have a material adverse effect on the Company's future results of operations.

RESULTS OF OPERATIONS

Fiscal Year Ended December 31, 2004 Compared to Fiscal Year Ended December 31,

2003

The Company had revenues of \$6,419,320 for the fiscal year ended December 31, 2004, as compared to \$3,327,483 for the fiscal year ended December 31, 2003, which represents a 93% increase in revenues. The increase in revenues was due to revenue from Hickory from a full year of 2004 as compared to revenue from Hickory for a partial year of 2003.

Loss from operations increased \$2,590,247 to \$4,209,749 for the fiscal year ended December 31, 2004, as compared to loss from operations of \$1,619,502 for the fiscal year ended December 31, 2003. Loss from operations consisted of depreciation and amortization of \$936,874, general and administrative expenses of \$8,192,195 and goodwill impairment loss of \$1,500,000 for the fiscal year ended December 31, 2004, as compared to depreciation and amortization of \$716,175, general and administrative expenses of \$4,227,810 and goodwill impairment loss of \$0 for the fiscal year ended December 31, 2003. The increase in loss from operations was due to the increase in depreciation and amortization and general and administrative expenses. The Company realized goodwill impairment loss during 2004 due to the write-down of its investment in the common and preferred stock of AWT. The Company paid approximately \$17,500,000 for the investment which was valued by an independent third party at approximately \$16,000,000, and the Company wrote off \$1,500,000.

Loss from operations before minority interests was \$7,131,825 for the

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

fiscal year ended December 31, 2004, as compared to loss from operations before minority interests of \$1,616,502 for the fiscal year ended December 31, 2003. The increase in loss from operations before minority interests was directly attributable to the increases in depreciation and amortization and general and administrative expenses as well as the goodwill impairment loss on acquiring Traveleaders and a loss on the write down of acquiring AWT's preferred stock in April 2004.

The Company had \$510,348 attributable to minority interests for the fiscal year ended December 31, 2004 and the fiscal year ended December 31, 2003.

Net loss before income taxes for the fiscal year ended December 31, 2004 was \$6,621,477 as compared to net loss before income taxes of \$2,126,850 for the fiscal year ended December 31, 2003. The increase in net loss before income taxes was directly attributable to the increases in depreciation and amortization and general and administrative expenses as well as the goodwill impairment loss on acquiring Traveleaders and a loss on the write down of acquiring AWT's preferred stock in April 2004.

The Company recorded a provision for income taxes of \$(12,824) for the fiscal year ended December 31, 2004, as compared to a provision for income taxes of \$0 for the fiscal year ended December 31, 2003.

The Company had a net loss of \$6,634,301 for the fiscal year ended December 31, 2004, as compared to a net loss of \$2,126,850 for the fiscal year ended December 31, 2003, which represents an 86% increase in net loss.

Historically, Hickory has had seasonal losses during the first three quarters, and net profits during the fourth quarter of each year.

Basic and diluted net loss per share was \$0.77 for the fiscal year ended December 31, 2004, as compared to basic and diluted net loss per share of \$0.31 for the fiscal year ended December 31, 2003.

LIQUIDITY AND CAPITAL RESOURCES

The Company had total current assets of \$6,000,365 as of December 31, 2004, which consisted of accounts receivable of \$3,539,387, cash of \$2,266,042, note receivable of \$113,000, prepaid expenses and other of \$51,460, and other current assets of \$30,476.

The Company had total current liabilities of \$24,848,570 as of December 31, 2004, which consisted of maturities on long-term debt and notes payable of \$9,605,235, accounts payable and accrued expenses of \$5,618,973, customer deposits of \$2,752,535, other of \$2,332,886, current maturities of notes payable to related parties of \$1,910,629, accrued expenses of officers of \$1,355,000 and shareholder advances of \$273,312.

The Company had negative net working capital of \$18,848,205 as of December 31, 2004. The ratio of total current assets to total current liabilities was approximately 25% as of December 31, 2004.

During the fiscal year ended December 31, 2004, the Company's working capital decreased. This was due to administrative and financing costs incurred as carrying costs of the Company's assets and to maintain its operations. Additionally, the note on the TDSR property in the amount of \$6,000,000 (due in March 2005) is now a current liability. The Company and the lender have verbally agreed to extend the repayment of the loan until such time as the Company closes the construction loan for the Sonesta Orlando Resort which the Company anticipates will occur in May 2005. In March 2005, the Company closed on the sale of the 13.5 acres of commercial property in Polk County, Florida at the

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

corner of U.S. Hwy. 27 and Sand Mine Road. The Company sold the property for a sales price of \$4,020,000, plus the reimbursement of expenses in the amount of \$157,219. After paying certain closing costs, commissions, the first deed of trust on the property, the Company received \$2,474,090 in cash from the sale of the property, which the Company used for working capital and to pay off current maturities of notes payable to related parties of \$1,910,629 and shareholder advances of \$273,312.

The Company has a history of generating net losses. The Company's primary sources of cash have been the acceptance of deposits on presales of its TDSR project, increases in its credit facilities from Stanford, increases in accounts payable and accrued expenses, and increases in shareholder loans to the Company.

Net cash provided by operating activities was \$9,108,807 for the fiscal year ended December 31, 2004, as compared to net cash used in operating activities of \$2,339,445 for the fiscal year ended December 31, 2003. The change from net cash used in to net cash provided by operating activities was primarily due to an increase in deposits of \$16,669,347 associated with deposits from presales of the TDSR project, an increase in accounts payable and accrued expenses of \$2,872,777 and an adjustment for impairment loss of \$3,685,278 that were offset by an increase in prepaid commissions of \$8,355,410, a decrease in receivables of \$382,125, a gain on the sale of AVR common stock of \$145,614 and minority interests of \$510,348.

Net cash used in investing activities was \$14,858,640 for the fiscal year ended December 31, 2004, as compared to net cash used in investing activities of \$4,282,067 for the fiscal year ended December 31, 2003. The increase in net cash used in investing activities was due to the capitalization of real estate carrying costs of \$8,124,587, advances to AWT of \$4,789,463 and the acquisition of fixed assets of \$3,511,881.

Net cash provided by financing activities was \$7,281,023 for the fiscal year ended December 31, 2004, as compared to net cash provided by financing activities of \$7,305,865 for the fiscal year ended December 31, 2004. The increase in net cash provided by financing activities was primarily due to proceeds from debt of \$8,860,943 and proceeds from notes payable to related parties of \$312,377, which were offset by payments of advances of \$757,571, payment of debt of \$316,218 and payments to related parties of \$818,508 for the fiscal year ended December 31, 2004.

Since the year end we have sold our land in Davenport, Florida and used the sale proceeds of approximately \$4,000,000 to repay current debt. The company expects to close on its construction loan for TDSR with a banking institution in May 2005 and repay an additional \$8,100,000 of current debt.

The Company has limited liquidity and limited access to additional capital resources. The Company does not expect to derive the capital to totally fund its ongoing obligations from operating results until the end of 2006. The Company owes certain shareholders and related parties approximately \$2,000,000 of debt that has already matured. These shareholders were repaid their debt in March 2005 from the sale proceeds of the unimproved land in Davenport, Florida. In addition, the Company accrues salary to its chief executive officer and its directors. As of December 31, 2004, the aggregate amount of salaries payable to Malcolm J. Wright, the Company's Chief Executive Officer, was \$1,000,000. The Company accrues interest at a rate of 12% compounded annually on the salaries payable to Mr. Wright. As of December 31, 2004, the aggregate amount of interest accrued on salaries payable to Mr. Wright was \$105,000. In May 2004, we began accruing \$100,000 per year as salaries payable to L. William Chiles, a director of the Company and the President of Hickory, for his services. As of December 31, 2004, the aggregate amount of salaries payable to Mr. Chiles was \$66,400. The Company does not accrue interest on the salaries payable to Mr. Chiles.

We need additional capital for Hickory, TraveLeaders, AMLH, AS and AMTG. Even though the Company has obtained various credit facilities from Stanford (discussed below), the Company will still have to obtain new sources of capital until operations provide sufficient cash flow to finance our business activities. Although obtaining additional capital is not guaranteed, the Company's management believes it will be able to obtain the capital required to meet the Company's current obligations and actively pursue the Company's planned business activities.

15

The Company needs to raise approximately \$4,500,000 to satisfy its cash requirements for the next twelve (12) months. This money will be used for the working capital needs of Hickory during the first three quarters of 2005, TraveLeaders, AMLH, AS and AMTG. Based on Hickory's operating history, we expect them to have sufficient cash flow during the fourth quarter of 2005. In addition, the Company needs approximately \$116 million in third-party capital to begin the construction and development of Phase 1 of the Sonesta Orlando Resort. The Company will have closed commitments for this capital prior to commencing construction. The capital needed is in addition to capital that the Company previously received as discussed below. During the period from December 2003 to December 2004, the Company received an aggregate of \$11.35 million of convertible note financing from Stanford, \$16,669,347 in deposits from the presale of units for the Sonesta Orlando Resort and \$2,050 from the exercise of warrants. In March 2005, the Company received net proceeds of approximately \$2,730,000 from the sale of unimproved land in Davenport, Florida. The Company intends to raise additional capital in one or more private placements of equity or convertible debt financing, or through a sale-leaseback of its equipment. The Company is currently in final negotiations with a banking institution to provide a \$96.6 million conventional construction loan for the Sonesta Orlando Resort which the Company expects to close in May 2005. The Company has also engaged the same banking institution to underwrite and place the sale of \$26,000,000 of CDD Bonds (\$19,200,000 to be used for horizontal construction), the first round of which the Company also expects to close in May 2005. If additional capital is raised by issuing equity and/or convertible debt, the ownership interests of our current stockholders may be diluted. Future investors may be granted rights superior to those of existing stockholders. At this time, the Company does not have any commitments for additional capital from third parties or from its officers, directors or majority shareholders. There can be no assurance that additional capital will be available to the Company from any of the sources discussed in this paragraph, that any additional capital which may be received will be sufficient, or that other arrangements will be available when needed or on terms satisfactory to the Company. If we do not receive a sufficient amount of additional capital on acceptable terms, we will have to delay, curtail or scale back some or all of our operations.

RISK FACTORS

Risks Relating To Our Business

WE NEED \$4,500,000 MILLION OF ADDITIONAL CAPITAL, WHICH MAY NOT BE AVAILABLE TO US ON FAVORABLE TERMS, IF AT ALL, TO FULLY IMPLEMENT OUR BUSINESS PLAN

We need to raise an aggregate of \$4,500,000 million of additional capital for Hickory, TraveLeaders and AMLH, AS and AMTG. If we do not receive a sufficient amount of additional capital on acceptable terms, or at all, we may be unable to fully implement our business plan which includes, but is not limited to, making additional acquisitions for cash, and satisfying on-going

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

cash requirements for our operations and material commitments. We do not have any commitments or identified sources of additional capital from third parties or from our officers, directors or majority shareholders. Additional capital may not be available to us on favorable terms, if at all. If we cannot obtain a sufficient amount of additional capital, we will have to delay, curtail or scale back some or all of our operations, which would have a materially adverse effect upon our business and results of operations.

WE HAVE RECEIVED \$11.355 MILLION OF CONVERTIBLE DEBT FINANCING FROM STANFORD WHICH IMPOSES SUBSTANTIAL OBLIGATIONS ON US.

The Company received an aggregate of \$11.355 million of credit facilities from Stanford in three tranches during the period from September 2003 to December 2004. The first tranche of \$6 million was received during the period from September 2003 to March 2004 in the form of a convertible note with a conversion rate of \$15 per share (the "\$6 million Credit Facility"). The second tranche of \$4 million was received during the period April 2004 to August 2004 in the form of a convertible note for \$3 million and a convertible note for \$1 million, both of which notes have a conversion price of \$10 per share (the "\$4 Million Credit Facility"). The third tranche of \$1.355 million was received during the period October 2004 to December 2004 as an addition to the \$4 Million Credit Facility (the "\$1.355 Million Credit Facility"). The convertible notes and the documents related thereto are collectively referred to herein as the "Credit Facilities." The Credit Facilities impose certain obligations on the Company including, but not limited to, the issuance of warrants, some of which were modified to provide for an exercise price of \$.001 per share to secure the additional \$1.355 million, the registration under the Securities Act of the shares of common stock that may be received upon conversion of the notes and exercise of the warrants, and the issuance of a security interest in the Company's assets including the Company's ownership interest in certain subsidiaries and the requirement to file a Registration Statement with the Commission to register the stock that is issuable upon conversion of the Credit Facilities into common stock as well as the stock to be issued upon the exercise of the warrants granted to Stanford and its associates by dates agreed to in the original loan documents, as amended. If the Company fails to timely file such Registration Statement with the Commission, the Company must issue to each holder of the original warrants, additional warrants to purchase equal to 10% of the warrants originally issuable to the holder, under the same terms and conditions of the original grant of the warrants, for each calendar quarter of the failure to file. In addition, the Company shall be required to issue to the holders an additional 10% of the shares of common stock to which the Credit Facility is convertible for each calendar quarter of the failure to file. As of the filing of this report, the Company has not filed a registration statement required by the Credit Facilities. The Company and Stanford have modified the terms of the Credit Facilities to provide that the Company must file the registration statement before June 30, 2005. The Company can also be found in default of the Credit Facilities if, after registering a class of stock issuable to Stanford et al, it fails to timely file "all reports and other documents required to be filed with the Commission".

OUR CHIEF EXECUTIVE OFFICER, PRESIDENT AND CHIEF FINANCIAL OFFICER IS INVOLVED IN A NUMBER OF OTHER BUSINESSES ENGAGED IN TRAVEL LEISURE AND/OR PROPERTY DEVELOPMENT THAT MAY CONFLICT WITH OUR BUSINESS

Malcolm J. Wright, who serves as the Company's Chief Executive Officer, President and Chief Financial Officer and as a Director of the Company, is the President of, or otherwise involved in, a number of other business that are engaged in travel services distribution and/or property development that may conflict with our business. Mr. Wright is the President of American Leisure Real Estate Group, Inc., a real estate development company with which TDSR, our subsidiary, has contracted for the development of the Sonesta Orlando Resort,

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

Xpress Ltd., with which TDSR has contracted for exclusive sales and marketing for the Sonesta Orlando Resort, Innovative Concepts, Inc., which operates a landscaping business, M J Wright Productions, Inc., which owns our Internet domain names, and Resorts Development Group, LLC, which will engage in real estate development. Mr. Wright is also the President of Osceola Business Managers, Inc., Florida World, Inc. and SunGate Resort Villas, Inc. which do not currently conduct any business operations. From time to time, Mr. Wright pursues real estate development, management, marketing and sales ventures that may be in direct competition with such ventures that the Company pursues or plans to pursue. If Mr. Wright becomes aware of such a venture and the Company does not have adequate capital resources to pursue the venture, Mr. Wright may fund, and otherwise pursue, the venture at the exclusion of the Company.

BECAUSE MALCOLM J. WRIGHT, OUR CHIEF EXECUTIVE OFFICER, PRESIDENT AND CHIEF FINANCIAL OFFICER, IS INVOLVED IN A NUMBER OF OTHER BUSINESSES, HE MAY NOT BE ABLE OR WILLING TO DEVOTE A SUFFICIENT AMOUNT OF TIME TO OUR BUSINESS OPERATIONS

Mr. Wright is the President of American Leisure Real Estate Group, Inc., Xpress Ltd., Innovative Concepts, Inc., Resorts Development Group, LLC, Osceola Business Managers, Inc., Florida World, Inc. and SunGate Resort Villas, Inc. The combined business activities of these companies require approximate 20% of Mr. Wright's time. Mr. Wright spends 80% of his time on our business. It is possible that the demands on Mr. Wright from these other businesses could increase with the result that he may have to devote less time as an executive officer and a director of our company. As a result, Mr. Wright may not possess sufficient time to serve as an executive officer and a director of our company. If Mr. Wright does not have sufficient time to serve our company, it could have a material adverse effect on our business and results of operations.

16

WE HAVE AGREED TO PROVIDE THE EXECUTIVE OFFICERS OF OUR SUBSIDIARIES A BONUS OF UP TO 19% OF THE PRE-TAX PROFITS OF THE SUBSIDIARY IN WHICH THEY SERVE AS OUR EXECUTIVE OFFICERS, WHICH WILL REDUCE OUR PROFITS

The Company has generally agreed to provide the executive officers of each of its subsidiaries a bonus of up to 19% of the pre-tax profits, if any, of the subsidiaries in which they serve as our executive officers. The bonus will be paid for the five-year period beginning on the date that the Company enters into such an agreement with the subsidiary. Pursuant to this general agreement, Malcolm J. Wright is entitled to receive up to 19% of the pre-tax profits of Leisuresshare International Ltd, Leisuresshare International Espanola SA, TDSR, American Leisure Homes, Inc., Advantage Professional Management Group, Inc., and American Leisure Hospitality Group, Inc. and any new company formed for the development and sale of vacation homes, hospitality management, and vacation ownership. L. William Chiles is entitled to receive 19% of the profits of Hickory up to a maximum payment of \$2,700,000. Although Mr. Chiles' bonus is limited, it is not subject to the buy-out by the Company as discussed below as it will cease as soon as the \$2,700,000 amount has been paid to him. The executive officers of the Company's other subsidiaries are entitled to share a bonus of up to 19% of the pre-tax profits of the subsidiary in which they serve as our executive officers. The Company has the right, but not that obligation to buy-out of these agreements after a period of five years by issuing such number of shares of its common stock equal to the product of 19% of the average after-tax profits for the five-year period multiplied by one-third (1/3) of the P/E ratio of the Company's common stock at the time of the buyout divided by the greater of the market price of the Company's common stock or \$5.00. We have not paid or accrued any bonus as of the filing of this report. If we pay bonuses in the future, it will reduce our profits and the amount, if any, that we may otherwise have available to pay dividends to our preferred and common stockholders. The Company believes that this program is an effective tool in

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

attracting and retaining qualified executives who will be motivated to enhance earnings for the Company. Further, the Company believes that this program is a viable form of profit sharing that promote long term commitment from its executives.

OUR CONTRACTS WITH SUPPLIERS OF TRAVEL SERVICES GENERALLY RENEW ANNUALLY AND IN SOME CASES MAY BE CANCELED AT WILL BY THE SUPPLIER; THEREFORE, ADVERSE CHANGES OR INTERRUPTIONS IN OUR RELATIONSHIPS WITH THEM COULD REDUCE OUR REVENUE

We derive a portion of our travel division revenue from commissions and fees that we receive pursuant to contracts that we have with suppliers of travel services to provide their services to our customers. These contracts generally renew annually and in some cases may be cancelled at will by the supplier. As such, our ability to maintain or expand these contracts depends in large part on our ability to maintain and expand good relationships with these and other suppliers of travel services including airline, hotel, cruise, tour and car rental suppliers. If we cannot maintain good relationships, our suppliers could contract with us on terms less favorable than the current terms of our contracts or the terms of their contracts with our competitors, exclude us from the products and services that they provide to our competitors, refuse to renew our contracts, or, in some cases, cancel their contracts with us at will. In addition, our suppliers may not continue to sell services and products through global distribution systems on terms satisfactory to us. If we are unable to maintain or expand good relationships, our ability to offer and expand travel service or lower-priced travel inventory could be significantly reduced. Any discontinuance or deterioration in the services provided by third parties, such as global distribution systems providers, could prevent our customers from accessing or purchasing particular travel services through us. If these suppliers cancel or do not renew the contracts, we would not have the range or volume of services it will require to meet demand and its future revenue would decline.

OUR SUPPLIERS OF TRAVEL SERVICES COULD REDUCE OR ELIMINATE OUR COMMISSION RATES ON BOOKINGS MADE THROUGH US OVER THE INTERNET WHICH WOULD LIKELY REDUCE OUR REVENUES

17

We receive commissions paid to us by our travel suppliers such as hotel chains and cruise companies for bookings that our customers make through us over the Internet. Consistent with industry practices, our suppliers are not obligated by regulation to pay any specified commission rates for bookings made through us or to pay commissions at all. Over the last several years, travel suppliers have substantially reduced commission rates. Our travel suppliers have reduced our commission rates in certain instances. Future reductions, if any, in our commission rates that are not offset by lower operating costs from our Internet platforms could have a material adverse effect on our business and results of operations.

FAILURE TO MAINTAIN RELATIONSHIPS WITH TRADITIONAL TRAVEL AGENTS COULD ADVERSELY AFFECT OUR BUSINESS AND RESULTS OF OPERATION

Hickory has historically received, and expects to continue to receive, a significant portion of its revenue through relationships with traditional travel agents. Maintenance of good relationships with these travel agents depends in large part on continued offerings of travel services in demand, and good levels of service and availability. If Hickory does not maintain good relations with its travel agents, these agents could terminate their memberships and use of Hickory's products and services.

DECLINES OR DISRUPTIONS IN THE TRAVEL INDUSTRY COULD SIGNIFICANTLY REDUCE OUR

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

REVENUES

Potential declines or disruptions in the travel industry include:

- price escalation in the airline industry or other travel related industries;
- airline or other travel related strikes;
- political instability, war and hostilities;
- bad weather;
- fuel price escalation;
- increased occurrence of travel-related accidents; and
- economic downturns and recessions.

THE COMPANY MAY NOT IDENTIFY OR COMPLETE ACQUISITIONS IN A TIMELY, COST-EFFECTIVE MANNER IF AT ALL.

In the event of any future acquisitions, the Company could issue additional stock that would further dilute current shareholders' percentage of ownership; incur debt; assume unknown or contingent liabilities; or experience negative effects on reported operating results from acquisition-related charges and amortization of acquired technology, goodwill and other intangibles. In the event that any of these events occur, it could have a material adverse effect on shareholder value, or the Company's results of operation or financial condition.

IF WE DO NOT EFFECTIVELY MANAGE OUR GROWTH, THE QUALITY OF OUR SERVICES MAY SUFFER

The Company plans to grow rapidly and will be subject to related risks, including capacity constraints and pressure on its management, internal systems and controls. The ability of AMLH to manage its growth effectively requires it to continue to implement and improve its operational and financial systems and to expand, train and manage its employee base. The inability of AMLH to manage this growth would have a material adverse effect on its business, operations and prospects.

EXCESSIVE CLAIMS FOR DEVELOPMENT-RELATED DEFECTS COULD ADVERSELY AFFECT OUR FINANCIAL CONDITION AND RESULTS OF OPERATION

We will engage third-party contractors to construct our resorts and to develop our communities. However, our customers may assert claims against us for construction defects or other perceived development defects, including structural integrity, the presence of mold as a result of leaks or other defects, electrical issues, plumbing issues, road construction, water and sewer defects, etcetera. In addition, certain state and local laws may impose liability on property developers with respect to development defects discovered in the future. A significant number of claims for development-related defects could adversely affect our liquidity, financial condition, and operating results.

18

THE COMPANY IS RELIANT ON KEY MANAGEMENT AND IF THE COMPANY LOSSES ANY OF ITS KEY MANAGEMENT, IT COULD HAVE A MATERIAL ADVERSE AFFECT ON THE COMPANY'S BUSINESS AND OPERATIONS

The success of the Company depends upon the personal efforts and abilities of Malcolm J. Wright and L. William Chiles. Mr. Wright is a Director of the Company and the Company's Chief Executive Officer, President and Chief Financial Officer. Mr. Chiles is a Director of the Company and President of Hickory. The Company's ability to operate and implement its business plan is heavily dependent on the continued service of Messrs. Wright and Chiles. The Company has

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

not entered into an written employment agreement with Mr. Wright. Competition in our industry for executive-level personnel such as Messrs. Wright and Chiles is fierce and there can be no assurance that we will be able to motivate and retain them, or that we can do so on economically feasible terms. The loss of Mr. Wright or Mr. Chiles could have a material adverse effect on the Company's business and operations. The Company is not the beneficiary of any life insurance policies on any of its executive officers or directors.

Keith St. Clair is the Chief Executive Officer of AWT and a key person regarding the business operations of TraveLeaders. The Company obtained a \$3,000,000 life insurance policy covering Keith St. Clair in connection with a \$3,000,000 Credit Facility that we received from Stanford. Stanford is the named beneficiary of this insurance policy. \$6,600,000 of our working capital was dedicated to supporting AWT while we conducted due diligence leading to our acquisition of its assets on December 31, 2004.

WE HAVE A VERY LIMITED HISTORY OF OPERATIONS AND CONTINUING OPERATING LOSSES

Since our inception, we have been engaged primarily in planning the development of the Sonesta Orlando Resort, building travel club membership databases, the acquisition of Hickory in 2003, the acquisition of TraveLeaders on December 31, 2004, and the assembly of our management team. We have incurred net operating losses since our inception. As of December 31, 2004, we had an accumulated deficit of \$9,882,989. Such losses have resulted primarily from general and administrative costs associated with our operations since June 2002 and approximately \$3,700,000 from losses incurred in connection with the acquisition of Traveleaders.

UNCERTAINTY OF FUTURE PROFITABILITY

We have incurred losses since our inception and continue to require additional capital to fund operations. Our fixed commitments, including salaries and fees for current employees and consultants, equipment rental, and other contractual commitments, are substantial and will increase if additional agreements are entered into and additional personnel are retained. We intend to generate the necessary capital to operate for the next twelve months by achieving break-even cash flow from operations and subsequent profitability, selling equity and/or debt securities and/or entering into a sale-leaseback of our equipment. There can be no assurances that we will be successful in its efforts. If we are unsuccessful in our efforts to achieve break-even cash flow and subsequent profitability and raise capital through sales of securities and/or entering into a sale-leaseback transaction, we will not be able to continue our operations for the next twelve months, in which case you will lose your entire investment in the Company.

ECONOMIC DOWNTURN

Our ability to enter into new multi-year contracts may be dependent upon the general economic environment in which our clients and their customers operate. A weak United States or global marketplace could cause us to have longer sales cycles, delays in closing contracts for new business, and slower growth under existing contracts. If an economic downturn frustrates our ability to enter into new multi year contracts, it would have a material adverse effect on our business and results of operations.

OUR CONTRACTS

Our contracts do not ensure that we will generate a minimum level of revenues, and the profitability of each client campaign may fluctuate, sometimes significantly, throughout the various stages of our sales campaigns. Although we will seek to enter into multi-year contracts with our clients, our contracts generally enable the client to terminate the contract, or terminate or

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

reduce customer interaction volumes, on relatively short notice. Although some contracts require the client to pay a contractually agreed amount in the event of early termination, there can be no assurance that we will be able to collect such amount or that such amount, if received, will sufficiently compensate us for our investment in the canceled campaign or for the revenues we may lose as a result of the early termination. We are usually not designated as our client's exclusive service provider; however, we believe that meeting our clients' expectations can have a more significant impact on revenues generated by us than the specific terms of our client campaign. If we do not generate minimum levels of revenue from our contracts or our clients terminate our multi-year contracts, it will have a material adverse effect on our business, results of operation and financial condition.

19

COST AND PRICE INCREASES

Only a few of our contracts allow us to increase our service fees if and to the extent certain cost or price indices increase; however, most of our significant contracts do not contain such provisions. Some contracts require us to decrease our service fees if, among other things, we do not achieve certain performance objectives. Increases in our service fees that are based upon increases in cost or price indices may not fully compensate us for increases in labor and other costs incurred in providing services. If our costs increase and we cannot, in turn, increase our service fees or we have to decrease our service fees because we do not achieve defined performance objectives, it will have a material adverse effect on our business, results of operation and financial condition.

CHANGING TECHNOLOGY

Our business is highly dependent on our computer and communications equipment and software capabilities. Our continued growth and future profitability will be highly dependent on a number of factors affected by technology, including our ability to (i) expand our existing service offerings; (ii) achieve cost efficiencies in our existing call centers; and (iii) introduce new services and products that leverage and respond to changing technological developments. There can be no assurance that technologies or services developed by our competitors will not render our products or services non competitive or obsolete, that we can successfully develop and market any new services or products, that any such new services or products will be commercially successful or that our intended integration of automated customer support capabilities will achieve intended cost reductions. Our failure to maintain our technological capabilities or respond effectively to technological changes could have a material adverse effect on our business, results of operations or financial condition.

LABOR FORCES

Our success will be largely dependent on our ability to recruit, hire, train and retain qualified personnel. Our industry is very labor intensive and has experienced high personnel turnover. A significant increase in our personnel turnover rate could increase our recruiting and training costs and decrease operating effectiveness and productivity. Also, if we obtain several significant new clients or implement several new, large-scale campaigns, we may need to recruit, hire and train qualified personnel at an accelerated rate. We may not be able to continue to hire, train and retain sufficient qualified personnel to adequately staff new customer management campaigns or our call centers. Because significant portions of our operating costs relate to labor costs, an increase in wages, costs of employee benefits or employment taxes could have a material adverse effect on our business, results of operations or

financial condition.

COMPETITIVE MARKET

We believe that the market in which we operate is fragmented and highly competitive and that competition is likely to intensify in the future. We compete with small firms offering specific applications, divisions of large entities, large independent firms and the in-house operations of clients or potential clients. A number of competitors have or may develop greater capabilities and resources than us. Similarly, there can be no assurance that additional competitors with greater resources than us will not enter our market. In addition, competitive pressures from current or future competitors also could cause our services to lose market acceptance or result in significant price erosion, which could have a material adverse effect upon our business, results of operations or financial condition.

20

BUSINESS ACQUISITIONS OR JOINT VENTURES MAY DISRUPT OUR BUSINESS, DILUTE SHAREHOLDER VALUE OR DISTRACT MANAGEMENT'S ATTENTION

As part of our business strategy, we may consider acquisition of, or investments in, businesses that offer services and technologies complementary to ours. Such acquisitions could materially adversely affect our operating results and/or the price of our Common Stock. Acquisitions also entail numerous risks, including: (i) difficulty in assimilating the operations, products and personnel of the acquired business; (ii) potential disruption of our ongoing business; (iii) unanticipated costs associated with the acquisition; (iv) inability of management to manage the financial and strategic position of acquired or developed services and technologies; (v) the diversion of management's attention from our core business; (vi) inability to maintain uniform standards, controls, policies and procedures; (vii) impairment of relationships with employees and customers, which may occur as a result of integration of the acquired business; (viii) potential loss of key employees of acquired organizations; (ix) problems integrating the acquired business, including its information systems and personnel; (x) unanticipated costs that may harm operating results; (xi) adverse effects on existing business relationships with customers; and (xii) risks associated with entering an industry in which we have no (or limited) prior experience. Any of these risks could harm the Company's business, operating results or financial condition.

BUSINESS INTERRUPTION

Our operations are dependent upon our ability to protect our call center, computer and telecommunications equipment and software systems against damage from fire, power loss, telecommunications interruption or failure, natural disaster and other similar events. In the event we experience a temporary or permanent interruption at our call center, through casualty, operating malfunction or otherwise, our business could be materially adversely affected and we may be required to pay contractual damages to some clients or allow some clients to terminate or renegotiate their contracts with us. We maintain property and business interruption insurance; however, such insurance may not adequately compensate us for any losses we may incur. In the event that we experience such interruptions and are not adequately compensated by insurance, it would have a material adverse effect on our business, results of operation or financial condition.

VARYING QUARTERLY RESULTS

We have experienced and could continue to experience quarterly variations in operating results because of a variety of factors, many of which are outside

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

our control. Such factors may include, but not be limited to, the timing of new contracts; reductions or other modifications in our clients' marketing and sales strategies; the timing of new product or service offerings; the expiration or termination of existing contracts or the reduction in existing programs; the timing of increased expenses incurred to obtain and support new business; changes in the revenue mix among our various service offerings; labor strikes and slowdowns; and the seasonal pattern of certain businesses serviced by us. In addition, we make decisions regarding staffing levels, investments and other operating expenditures based on our revenue forecasts. If our revenues are below expectations in any given quarter, our operating results for that quarter would likely be materially adversely affected.

Risks Relating To Our Common Stock

RE-PRICING WARRANTS MAY CAUSE SUBSTANTIAL DILUTION TO OUR EXISTING SHAREHOLDERS

In the past, to obtain additional financing, we have modified the terms of our warrant agreements to lower the exercise price per share from \$5.00 and \$2.96 to \$.001. We are currently in need of additional financing and may be required to lower the exercise price of other warrants. The modified warrants are valued at the market price at the date of modification and recorded as deferred financing costs, which is included in other assets. The deferred financing costs will be amortized over the life of the debt using the effective interest method. Re-pricing of our warrant agreements may cause substantial dilution to our existing shareholders.

OUR COMMON STOCK PRICE COULD AND HAS FLUCTUATED SIGNIFICANTLY, AND SHAREHOLDERS MAY BE UNABLE TO RESELL THEIR SHARES AT A PROFIT

21

The price of our common stock has fluctuated substantially since it began trading. The trading prices for small capitalization companies like ours often fluctuate significantly. Market prices and trading volume for stocks of these types of companies including ours have also been volatile. The market price of our common stock is likely to continue to be highly volatile. If revenue or earnings are less than expected for any quarter, the market price of our common stock could significantly decline, whether or not there is a decline in the Company's consolidated revenue or earnings that are reflective of long-term problems with the Company's business. Other factors such as our issued and outstanding common stock becoming eligible for sale under Rule 144, terms of any equity and/or debt financing, and market conditions could have a significant impact on the future price of our common stock and could have a depressive effect on the then market price of our common stock.

ACTIVE TRADING MARKETS FOR OUR COMMON STOCK MAY NOT DEVELOP

An active and liquid trading market for our common stock may not develop or be sustained. In addition, we cannot predict the price at which our common stock will trade.

OUR COMMON STOCK IS SUBJECT TO THE "PENNY STOCK" RULES OF THE SECURITIES AND EXCHANGE COMMISSION WHICH LIMITS THE TRADING MARKET IN OUR COMMON STOCK, MAKES TRANSACTIONS IN OUR COMMON STOCK CUMBERSOME, AND MAY REDUCE THE VALUE OF AN INVESTMENT IN OUR COMMON STOCK

Our common stock is considered a "penny stock" as defined in Rule 3a51-1 promulgated by the Securities and Exchange Commission (the "Commission" or the "SEC") under the Exchange Act. In general, a security which is not quoted on NASDAQ or has a market price of less than \$5 per share where the issuer does not

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

have in excess of \$2,000,000 in net tangible assets (none of which conditions the Company meets) is considered a penny stock. The Commission's Rule 15g-9 regarding penny stocks impose additional sales practice requirements on broker-dealers who sell such securities to persons other than established customers and accredited investors (generally persons with net worth in excess of \$1,000,000 or an annual income exceeding \$200,000 or \$300,000 jointly with their spouse). For transactions covered by the rules, the broker-dealer must make a special suitability determination for the purchaser and receive the purchaser's written agreement to the transaction prior to the sale. Thus, the rules affect the ability of broker-dealers to sell our common stock should they wish to do so because of the adverse effect that the rules have upon liquidity of penny stocks. Unless the transaction is exempt under the rules, under the Securities Enforcement Remedies and Penny Stock Reform Act of 1990, broker-dealers effecting customer transactions in penny stocks are required to provide their customers with (i) a risk disclosure document; (ii) disclosure of current bid and ask quotations if any; (iii) disclosure of the compensation of the broker-dealer and its sales personnel in the transaction; and (iv) monthly account statements showing the market value of each penny stock held in the customer's account. As a result of the penny stock rules the market liquidity for our common stock may be adversely affected by limiting the ability of broker-dealers to sell our common stock and the ability of purchasers to resell our common stock.

In addition, various state securities laws impose restrictions on transferring "penny stocks" and as a result, investors in our common stock may have their ability to sell their shares of the common stock impaired.

THE COMPANY HAS AND MAY ISSUE PREFERRED STOCK THAT MAY ADVERSELY AFFECT THE RIGHTS OF HOLDERS OF ITS COMMON STOCK.

The Company's Articles of Incorporation authorize its Board of Directors to issue "blank check" preferred stock, the relative rights, powers, preferences, limitations, and restrictions of which may be fixed or altered from time to time by the Board of Directors or the majority of the preferred stockholders. Accordingly, the Board of Directors may, without approval from the shareholders of common stock, issue preferred stock with dividend, liquidation, conversion, voting, or other rights that could adversely affect the voting power and other rights of the holders of common stock. The preferred stock could be utilized, under certain circumstances, as a method of discouraging, delaying, or preventing a change in ownership and management of the Company that shareholders might not consider to be in their best interests. We have issued various series of preferred stock which have rights and preferences over our common stock.

22

WE DO NOT EXPECT TO PAY DIVIDENDS FOR THE FORESEEABLE FUTURE

We have not declared or paid dividends on our common stock in the last two fiscal years. We do not anticipate paying dividend on our common in the foreseeable future. Our ability to pay dividends is dependent upon, among other things, our future earnings, if any, as well as our operating and financial condition, capital requirements, general business conditions and other pertinent factors. Furthermore, any payment of dividends by us is subject to the discretion of our board of directors. Accordingly, dividends may not ever be paid on our common stock. We intend to reinvest in our business operations any funds that could be used to pay dividends. Our common stock is junior in priority to our preferred stock with respect to dividends.

Cumulative dividends on our issued and outstanding Series A Preferred Stock, Series B Preferred Stock, Series C Preferred Stock and Series E Preferred (as the same may be amended from time to time) accrue at a rate of \$1.20,

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

\$12.00, \$4.00, and \$4.00, respectively, per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock. We have authorized, but have not issued, Series F Preferred Stock with cumulative dividends that accrue at a rate of \$1.00 per share per annum, payable in preference and priority to any payment of any cash dividend on our common stock. Dividends on our preferred stock accrue from the date on which such shares of preferred stock are issued and outstanding and thereafter from day to day whether or not earned or declared and whether or not there exists profits, surplus or other funds legally available for the payment of dividends. We have never paid any cash dividends on our preferred stock.

BECAUSE OF THE SIGNIFICANT NUMBER OF SHARES OWNED BY OUR DIRECTORS, OFFICERS AND PRINCIPAL SHAREHOLDERS, OTHER SHAREHOLDERS MAY NOT BE ABLE TO SIGNIFICANTLY INFLUENCE THE MANAGEMENT OF AMLH.

Our directors, officers, and principal shareholders beneficially own a substantial portion of our outstanding common and preferred stock. Malcolm J. Wright, our President, Chief Executive Officer and Chief Financial Officer, and Roger Maddock, one of our majority shareholders, have a mutual understanding pursuant to which each of them vote their shares with the other. As a result, these persons control the affairs and management of the Company, as well as all matters requiring shareholder approval, including election and removal of members of the board of directors, transactions with directors, officers or affiliated entities, the sale or merger of the Company, and changes in dividend policy. This concentration of ownership and control could have the effect of delaying, deferring, or preventing a change in ownership and management of the Company, even when a change would be in the best interest of other shareholders.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our discussion and analysis of our financial condition and results of operations is based upon our audited financial statements, which have been prepared in accordance with accounting principals generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of any contingent assets and liabilities. On an on-going basis, we evaluate our estimates. We base our estimates on various assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. For a detailed discussion of our significant accounting policies, see Note 1, Summary of Significant Accounting Policies to the Notes to Consolidated Financial Statements.

We believe the following critical accounting policies affect our more significant judgments and estimates used in the preparation of our financial statements:

Going Concern Considerations. The Company has incurred substantial losses since inception, and has negative working capital. These factors among others indicate that the Company may be unable to continue as a going concern, particularly in the event that it cannot obtain additional debt and/or equity financing to continue its operations or achieve profitable operations, as discussed above under the headings "Liquidity and Capital Resources" and "Risk Factors." The Company's continuation as a going concern depends upon its ability to generate sufficient cash flow to conduct its operations and its ability to obtain additional sources of capital and financing. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. Management recognizes that we must generate capital and revenue resources to enable us to achieve profitable operations. We are planning on obtaining additional capital by achieving break-even cash flow from

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

operations, selling equity and/or debt securities, and/or a sale-leaseback transaction on our equipment. The realization of assets and satisfaction of liabilities in the normal course of business is dependent upon us obtaining additional revenues, additional equity or debt capital and ultimately achieving profitable operations. However, no assurances can be made that we will be successful in these activities. Should any of these events not occur, our financial statements will be materially affected.

The Company recognizes revenues on the accrual method of accounting. For the sales of units in the Sonesta Orlando Resort, revenues will be recognized upon the close of escrow for the sales of its real estate. Operating revenues earned will be recognized upon the completion of the earning process. Revenues from the Company's call center are recognized upon the completion of the earning process from the completion of the travel of the customer, the trip to the properties for the potential purchase, or the appropriate event based on the agreement with the Company's client as to the ability to be paid for the service. Revenues from Hickory are recognized as earned, which is primarily at the time of delivery of the related service, publication or promotional material. Costs associated with the current period are expensed as incurred; those costs associated with future periods are deferred. One of the Company's principal sources of revenue is associated with access to the travel portal that provides a database of discounted travel services. Annual renewals occur at various times during the year. Costs related to site changes are incurred in the months prior to annual billing renewals. Customers are charged additional fees for hard copies of the site access information. Occasionally these items are printed and shipped at a later date, at which time both revenue and expenses are recognized.

OFF BALANCE SHEET ARRANGEMENTS

The Company does not have any off balance sheet arrangements that have or are reasonably likely to have a current or future effect on the Company's financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures, or capital resources that is material to investors.

INDEPENDENT AUDITORS' REPORT

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

To the Board of Directors
American Leisure Holdings, Inc. and Subsidiaries
Orlando, Florida

We have audited the accompanying consolidated balance sheets of American Leisure Holdings, Inc. and Subsidiaries as of December 31, 2004 and 2003, and the related consolidated statements of operations, stockholders' equity and cash flows for the years ended December 31, 2004 and 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of American Leisure Holdings, Inc. and Subsidiaries as of December 31, 2004 and 2003, and the results of its operations and its cash flows for the years ended December 31, 2004 and 2003, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 3 to the financial statements, the Company's recurring losses from operations and the need to raise additional financing in order to satisfy its vendors and other creditors and execute its Business Plan raise substantial doubt about its ability to continue as a going concern. Management's plans as to these matters are also described in Note 3. The 2004 consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

AMERICAN LEISURE HOLDINGS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

NOTE 1 - THE COMPANY

American Leisure Holdings, Inc. ("American Leisure" or "the Company"), a Nevada corporation, was incorporated in May 2002. On June 14, 2002, Freewillpc.com, Inc., a Nevada corporation, acquired American Leisure Holdings, Inc., a Nevada corporation ("American Leisure") in exchange for the issuance of 880,000 shares of Series A preferred stock and 4,893,974 shares of common stock, and changed its name to American Leisure Holdings, Inc. This transaction was treated as an acquisition of Freewill and a recapitalization of American Leisure.

On October 1, 2003, American Leisure acquired controlling interest in Hickory Travel Systems, Inc. ("HTS"). American Leisure has consolidated HTS and is included in its Statement of Operations and the Statement of Cash Flows the activities of HTS for the calendar year 2004 and the period October 1, 2003 through December 31, 2003.

On December 31, 2004, American Leisure Equities Corporation (the "Purchaser") a wholly-owned subsidiary of American Leisure, entered into an Asset Purchase Agreement (hereinafter, referred to as "APA") with Around The World Travel, Inc. (the "Seller"), pursuant to which the Seller agreed to sell substantially all of its assets to the Purchaser. Under the terms of the APA, the Seller conveyed to the Purchaser all of the assets necessary to operate the Business, including substantially all of the Seller's tangible and intangible assets and certain agreed liabilities. The assets and liabilities of the Purchaser have been included in the consolidated balance sheet at December 31, 2004. There are no operating results and net cash flow activity since the purchase occurred on December 31, 2004.

The purchase price for the assets transferred under the APA was 17,500,000 based upon an independent appraisal. The parties agreed that the purchase price will be an amount equal to the fair value of the Business (calculated on a going concern basis), plus \$1,500,000, but in no event more than \$29,000,000. The fair value was determined to be \$16,000,000 pursuant to a valuation from an unaffiliated investment-banking firm.

American Leisure through its subsidiaries is involved in the development of vacation real estate and the supplying of products related to the travel and leisure business.

PRINCIPLES OF CONSOLIDATION

In determining whether American Leisure has a direct or indirect controlling financial interest in affiliates, consideration is given to various factors, including common stock ownership, possession of securities convertible into common stock and the related conversion terms, voting rights, representation on the board of directors, rights or obligations to purchase additional ownership interests as well as the existence of contracts or agreements that provide control features. Generally, when American Leisure determines that its ownership, direct or indirect, exceeds fifty percent of the outstanding voting shares of an affiliate, American Leisure will consolidate the affiliate. Furthermore, when American Leisure determines that it has the ability to control the financial or operating policies through its voting rights, board representation or other similar rights, American Leisure will consolidate the affiliate.

F-6

For those affiliates that American Leisure does not have the ability to control the operating and financial policies thereof, the investments are accounted for under the equity or cost method, as appropriate. American Leisure

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

applies the equity method of accounting when it has the ability to exercise significant influence over operating and financial policies of an investee in accordance with APB Opinion No. 18, "The Equity Method of Accounting for Investments in Common Stock." In determining whether American Leisure has the ability to exercise significant influence, consideration is given to various factors including the nature and significance of the investment, the capitalization structure of the investee, representation on the board of directors, voting rights, veto rights and other protective and participating rights held by investors and contractual arrangements.

Additionally, American Leisure applies accounting principles generally accepted in the United States of America and interpretations when evaluating whether it should consolidate entities. Typically, if American Leisure does not retain both control of the assets transferred to the entities, as well as the risks and rewards of those assets, American Leisure will not consolidate such entities. In determining whether the securitization entity should be consolidated, American Leisure considers whether the entity is a qualifying special purpose entity, as defined by Statement of Financial Accounting Standards ("SFAS") No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities—a replacement of FASB Statement No. 125."

All significant inter-company accounts and transactions have been eliminated in the consolidation.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of American Leisure Holdings, Inc. (American Leisure) is presented to assist in understanding American Leisure's financial statements. The financial statements and notes are representations of American Leisure's management, which is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CONCENTRATION OF RISK

American Leisure places its cash and temporary cash investments with established financial institutions. At various times during the year, the Company maintained cash balances in excess of FDIC insurable limits. Management feels this risk is mitigated due to the longstanding reputation of these banks.

F-8

In the normal course of business, the Company extends unsecured credit to the majority of its customers. Management periodically reviews its outstanding accounts receivable and establishes an allowance for doubtful accounts based on historical collection trends and other criteria.

LONG-LIVED ASSETS

Long-lived assets are stated at cost. Maintenance and repairs are expensed as incurred. Depreciation is determined using the straight-line method over the estimated useful lives of the assets, which is between three to seven years.

Where an impairment of a property's value is determined to be other than temporary, an allowance for the estimated potential loss is established to record the property at its net realizable value.

When items of land, building or equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the results of operations. The Company does not have any long-lived tangible assets that are considered to be impaired as of December 31, 2004.

INTANGIBLES WITH FINITE LIVES

In June 2001, the Financial Accounting Standards Board issued "Statement of Financial Accounting Standards, ("FAS") No. 142 "Goodwill and Other Intangible Assets", effective for fiscal years beginning after December 15, 2001. FAS No. 142 addressed the recognition and measurement of intangible assets acquired

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

individually or with a group of other assets and the recognition and measurement of goodwill and other intangible assets subsequent to their acquisition. Under these rules, goodwill and intangible assets with indefinite lives are no longer amortized, but are subject to annual or more frequent impairment testing. Other intangible assets deemed to have a finite life continue to be amortized over their useful lives. The Company adopted the new rules on accounting for goodwill and other intangible assets as of January 1, 2002.

The Company amortizes the following intangible assets with finite lives using straight-line method.

Trademarks	20 Years
Customer List	5 Years

These intangible assets with finite lives are reviewed for potential impairment whenever events or circumstances indicate that their carrying amounts may not be recoverable. During 2004 management determined that no impairment adjustment related to these intangibles was necessary.

INCOME TAXES

American Leisure accounts for income taxes using the asset and liability method. The differences between the financial statement and tax basis of assets and liabilities are determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the period in which they are expected to affect taxable income. Valuation allowances are established, if necessary, to reduce deferred tax asset accounts to the amounts that will more likely than not be realized. Income tax expense is the current tax payable or refundable for the period, plus or minus the net change in the deferred tax asset and liability accounts.

F-9

GOODWILL

American Leisure adopted the provisions of SFAS No. 142, "Goodwill and Other Intangible Assets". This statement requires that goodwill and intangible assets deemed to have indefinite lives not be amortized, but rather be tested for impairment on an annual basis. Finite-lived intangible assets are required to be amortized over their useful lives and are subject to impairment evaluation under the provisions of SFAS No. 144. The intangible assets relate to 1) the acquisition goodwill for the controlling interest of HTS, and 2) the net assets purchased from Around The World Travel, Inc. pursuant to the Asset Purchase Agreement between Around The World Travel, Inc. and American Leisure Equities Corporation.

CASH

American Leisure considers (if and when they have any) all highly liquid investments with maturities of three months or less to be cash equivalents.

SHARES FOR SERVICES AND OTHER ASSETS

American Leisure accounts for non-cash stock-based compensation issued to employees in accordance with the provisions of Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees, and complies with the disclosure provisions of SFAS No. 123, Accounting for Stock-Based Compensation, issued by the Financial Accounting Standards Board and EITF No. 96-18, Accounting for Equity (deficit) Investments That Are Issued to Non-Employees for Acquiring, or in Conjunction with Selling, Goods or Services.

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

Under APB No. 25, compensation cost is recognized over the vesting period based on the difference, if any, on the date of grant between the fair value of American Leisure's stock and the amount an employee must pay to acquire the stock. Common stock issued to non-employees and consultants is based upon the value of the services received or the quoted market price, whichever value is more readily determinable. Accordingly, no compensation expense has been recognized for grants of options to employees with the exercise prices at or above market price of the Company's common stock on the measurement dates.

Had compensation expense been determined based on the estimated fair value at the measurement dates of awards under those plans consistent with the method prescribed by SFAS No. 123, the Company's December 31, 2004 and 2003, net loss would have been changed to the pro forma amounts indicated below.

	December 31, 2004	December 31, 2003
	-----	-----
Net loss:		
As reported	(6,634,301)	\$(2,126,850)

Stock based compensation under fair value method	(0.08)	(0.00)

	-----	-----

F-10

The fair value of each option grant was estimated on the date of grant using the Black-Scholes option pricing model with the following assumptions: risk free rate of 3.5%; volatility of 161% for 2004 and 2003 with no assumed dividend yield; and expected lives of five years.

REVENUE RECOGNITION

American Leisure recognizes revenues on the accrual method of accounting. For the sales of units on the Orlando property, revenues will be recognized upon the close of escrow for the sales of its real estate. Operating revenues earned will be recognized upon the completion of the earning process.

Revenues from American Leisure's call center are recognized upon the completion of the earning process from the completion of the travel of the customer, the trip to the properties for the potential purchase, or the appropriate event based on the agreement with American Leisure's client as to the ability to be paid for the service.

Revenues from Hickory Travel Systems, Inc. are recognized as earned, which is primarily at the time of delivery of the related service, publication or promotional material. Costs associated with the current period are expensed as incurred; those costs associated with future periods are deferred.

One of American Leisure's principal sources of revenue is associated with access to the travel portal that provides a database of discounted travel services. Annual renewals occur at various times during the year. Costs related

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

to site changes are incurred in the months prior to annual billing renewals. Customers are charged additional fees for hard copies of the site access information. Occasionally these items are printed and shipped at a later date, at which time both revenue and expenses are recognized.

LOSS PER SHARE

American Leisure is required to provide basic and dilutive earnings (loss) per common share information.

The basic net loss per common share is computed by dividing the net loss applicable to common stockholders by the weighted average number of common shares outstanding.

Diluted net loss per common share is computed by dividing the net loss applicable to common stockholders, adjusted on an "as if converted" basis, by the weighted average number of common shares outstanding plus potential dilutive securities.

For the period ended December 31, 2004, potential dilutive securities had an anti-dilutive effect and were not included in the calculation of diluted net loss per common share.

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2003, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard No. 150 "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" (the "Statement"). The Statement establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. The Statement is generally effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The adoption of this Statement had no effect on our consolidated financial statements.

F-11

In January 2003, the FASB issued Interpretation No. 46 ("FIN 46") Consolidation of Variable Interest Entities, which addresses the consolidation of variable interest entities ("VIEs") by business enterprises that are the primary beneficiaries. A VIE is an entity that does not have sufficient equity investment at risk to permit it to finance its activities without additional subordinated financial support, or whose equity investors lack the characteristics of a controlling financial interest. The primary beneficiary of a VIE is the enterprise that has the majority of the risks or rewards associated with the VIE. In December 2003, the FASB issued a revision to FIN 46, Interpretation No. 46R ("FIN 46R"), to clarify some of the provisions of FIN 46, and to defer certain entities from adopting until the end of the first interim or annual reporting period ending after March 15, 2004. Application of FIN 46R is required in financial statements of public entities that have interests in structures that are commonly referred to as special-purpose entities for periods ending after December 15, 2003. Application for all other types of VIEs is required in financial statements for periods ending after March 15, 2004. We believe we have no arrangements that would require the application of FIN 46R. We have no material off-balance sheet arrangements.

American Leisure adopted FASB Interpretation No. 46 and 46R, "Consolidation of Variable Interest Entities," effective December 31, 2002. Interpretation 46, as revised in December 2003, changes the accounting model for consolidation from one based on control through voting interests to one based on control through

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

economic interests. Whether to consolidate an entity now considers whether that entity has sufficient equity at risk to enable it to operate without additional subordinated financial support, whether the equity owners in that entity lack the obligation to absorb expected losses or the right to receive residual returns of the entity, or whether voting rights in the entity are not proportional to the equity interest and substantially all of the entity's activities are conducted for an investor with few voting rights. This interpretation requires a Company to consolidate variable interest entities ("VIE's") if the enterprise is a primary beneficiary of the VIE and the VIE possesses specific characteristics. It also requires additional disclosure for parties involved with VIE's. The adoption of this statement did not have a material impact on the American Leisure's consolidated results of operations or financial position because American Leisure does not invest or participate in any entities, which would be considered VIE's under Interpretation 46.

The FASB issued Statement of Financial Accounting Standards ("SFAS") No. 123 (Revised 2004), Share-Based Payments. The new FASB rule requires that the compensation cost relating to share-based payment transactions be recognized in financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. The adoption of this statement did not have a material impact on the American Leisure's consolidated results of operations or financial position because American Leisure has not incurred share-based payments.

RECLASSIFICATIONS

Certain amounts in the December 31, 2003 financial statements have been reclassified to conform to the December 31, 2004 financial statement presentation.

NOTE 3 - FINANCIAL CONDITION AND GOING CONCERN

American Leisure's financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. American Leisure incurred a net loss of \$6,634,301 during 2004 and has negative working capital of \$18,848,205. These factors raise substantial doubt as to American Leisure's ability to obtain debt and/or equity financing and achieve profitable operations.

F-12

American Leisure's management intends to raise additional operating funds through equity and/or debt offerings. However, there can be no assurance management will be successful in its endeavors. Ultimately, American Leisure will need to achieve profitable operations in order to continue as a going concern.

The Company expects that with the proceeds from the sale of its' Davenport, Florida land, the cash received from the pre-sales of its' Orlando Resort units, and positive cash flows from its' travel and leisure business through the first five months of 2005, it will have adequate capital to maintain its operations until the construction and permanent financing is obtained on the Orlando Resort property.

The Company may need additional financing to support these operations beyond the above expected and received cash flows and is currently preparing a Board approved SB-2 filing to be submitted to the SEC for approval by June 30, 2005.

There are no assurances that American Leisure will be able to either (1)

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

achieve a level of revenues adequate to generate sufficient cash flow from operations; or (2) obtain additional financing through either private placement, public offerings and/or bank financing necessary to support American Leisure's working capital requirements. To the extent that funds generated from operations and any private placements, public offerings and/or bank financing are insufficient, American Leisure will have to raise additional working capital. No assurance can be given that additional financing will be available, or if available, will be on terms acceptable to American Leisure. If adequate working capital is not available, American Leisure may be required to curtail its operations.

NOTE 4 - ACQUISITIONS

On December 31, 2004, American Leisure Equities Corporation (the "Purchaser") a wholly-owned subsidiary of American Leisure, entered into an Asset Purchase Agreement (hereinafter referred to as "APA") with Around The World Travel, Inc. (the "Seller"), pursuant to which the Seller agreed to sell substantially all of its assets to the Purchaser. Under the terms of the APA, the Seller conveyed to the Purchaser all of the assets necessary to operate the Business, including substantially all of the Seller's tangible and intangible assets and certain agreed liabilities.

The purchase price for the assets transferred under the APA is \$17,500,000 or the fair value plus \$1,500,000. The fair value was determined by an independent investment-banking firm.

The Purchaser has paid the Seller through a combination of the assumption of certain liabilities of the Seller, and the reduction of certain amounts owed by the Seller to AMLH; and the issuance of Series F preferred shares. Pursuant to the terms of the APA, the Seller and the Purchaser have entered into a Management Agreement, under which the Seller will manage the Business on behalf of the Purchaser. The Seller and the Purchaser have also entered into a License Agreement, under which the Purchaser will grant the Seller a non-exclusive license to use certain trade names and related intellectual property in connection with the performance of its duties under the Management Agreement. The License Agreement will expire simultaneously with the Management Agreement.

NOTE 6 - LAND HELD FOR FUTURE DEVELOPMENT

American Leisure is planning to construct a 972-unit resort in Orlando, Florida on 122 of its 163 acres of undeveloped land. Development is scheduled to commence in the summer of 2005. Presales commenced in February 2004.

American Leisure owned 13.67 acres of commercial property in Polk County Florida at the corner of U.S. Hwy. 27 and Sand Mine Road. In late 2003, American Leisure received a letter of intent for the sale of the property and closed on the sale March 8, 2005. American Leisure recorded an impairment charge of \$100,000 to record the property at its anticipated selling price for the year ended December 31, 2002. No impairment was recorded at December 31, 2003 based on an independent appraisal. The Company sold the property for a sales price of \$4,020,000, plus the reimbursement of expenses in the amount of \$157,219.

In November 2003 the Company and Mr. & Mrs. Wright entered into an agreement with a Mr. Frederick Pauzar to sell their ownership interests in the stock of American Vacation Resorts Inc. ("AVR") for \$1,500,000. In April 2004 the sale was completed by the transfer of the ownership from Mr. Pauzar of a company AAH Kissimmee LLC. which owned 17 Condo's in Kissimmee, Florida. Upon the completion of the sale to Mr. Pauzar, the Company held 4 units in trust for account of Mrs. Wright, 4 units in trust for the account of Mr. Wright and 9 units in trust for the account of Arvimex in return for a reduction of \$800,000 of debt due to Arvimex. The company made a profit of \$145,614 upon the sale of its share of the stock in AVR to Mr. Pauzar. The Company will receive no additional benefit from the sale or management of these units.

NOTE 9 - 1913 MERCEDES BENZ

I-Drive Limos is a wholly owned subsidiary of ALI as of December 31, 2003. I-Drive Limos sole asset, acquired in December 1998, was an antique motor vehicle, a 1913 Mercedes Benz. The asset was a one of a kind vehicle and was shown at its cost of \$500,000. The vehicle was originally purchased at auction in May of 1990 for \$434,732 and subsequently restored increasing its total cost to \$500,000. Antique Mercedes-Benz vehicles sold in the last seven years range widely in price, from \$1,700,000 to \$22,500 for a 1928 Brevette and for a 1938 Sedan, respectively. Most of the antique Mercedes-Benz sold are dated from the 1930s are sold for approximately \$200,000. The car was insured for \$500,000. Per FASB 93, paragraph 6 ("Consistent with the accepted practice for land used as a building site, depreciation need not be recognized on individual works or art of historical treasures whose economic benefit or service potential is used up so slowly that their estimated useful lives are extraordinarily long") no depreciation expense is assessed.

This asset was exchanged for a payable to Xpress, Ltd, a related party, for \$500,000 owed to it under a sales and marketing contract for the sales of its Orlando property units.

NOTE 14 - INCOME TAXES

Deferred taxes are determined based on the temporary differences between the financial statement and income tax bases of assets and liabilities as measured by the enacted tax rates which will be in effect when these differences reverse.

The components of deferred income tax assets (liabilities) at December 31, 2004 and 2003, were as follows:

	2004	2003
Net operating loss carryforwards	\$ 2,200,000	\$ 661,000
Valuation allowance	(2,200,000)	(661,000)
	-----	-----
Net deferred tax assets	\$ -	\$ -
	=====	=====

At December 31, 2004, American Leisure had a net operating loss carryforward for Federal income tax purposes totaling approximately \$6,500,000 which, if not utilized, will expire in the year 2024.

At December 31, 2003, American Leisure had a net operating loss carryforward for federal income tax purposes totaling approximately \$2,556,000 which, if not utilized, will expire in the year 2023.

In June 2002, American Leisure had a change in ownership, as defined by Internal Revenue Code Section 382, which has resulted in American Leisure's net operating loss carryforward being subject to certain utilization limitations in the future.

NOTE 15 - COMMITMENTS AND CONTINGENCIES

Lease Commitments

American Leisure had leased office space located in Tamarac, Florida through November 2007. The monthly base rental payment was \$17,708. In June of 2004, the Company was able to terminate the lease.

American Leisure leases office facilities and reservation service center equipment under non-cancelable operating lease agreements for a monthly base rent of \$14,838 through April 2008, and the reservation service center equipment leases call for a monthly base rent of \$6,461 through December 2005. Future minimum rental payments are as follows:

December 31,

2005	255,588
2006	178,056
2007	178,056
2008	59,352

F-19

Rent expense totaled \$382,316 and \$293,728 for 2004 and 2003, respectively.

Employment Agreements

The Company has various employment agreements with select members of their management. These agreements provide for a base salary plus bonuses of up to 19% of the profits of each subsidiary company based upon the Company's operating earnings as defined in each agreement. These are currently verbal agreements and will be documented in the near future.

LITIGATION

In the ordinary course of its business, the Company may from time to time become subject to claims or proceedings relating to the purchase, subdivision, sale and/or financing of its real estate or its operations. The Company believes that substantially all of the above are incidental to its business.

In June 2001, Rock Investment Trust, P.L.C., a British limited liability company, and RIT, L.C., a related Florida limited liability company, filed suit against Malcolm J. Wright, American Vacation Resorts, Inc., Inversora Tetuan, S.A., Sunstone Golf Resort, Inc., and Sun Gate Resort Villas, Inc., seeking either the return of an alleged \$500,000 investment or ownership interest in one or more of the defendant entities equivalent to the alleged investment amount. Defendants have denied all claims and Mr. Wright, American Leisure and Inversora Tetuan have a counterclaim against Rock Investment Trust and its principal, Roger Smee for damages. American Leisure is seeking to recover deposits and costs on two real estate transactions totaling approximately \$440,000 plus damages. The litigation is in the discovery phase and is not currently set for trial. American Leisure believes that Rock Investment Trust's and RITs claims are without merit and the claim is not material to American Leisure.

In March 2004, Manuel Sanchez and Luis Vanegas, filed suit against American Leisure Holdings, Inc. American Access Corporation, Hickory Travel Systems, Inc. Malcolm J Wright, L William Chiles, and Walter Kolker, seeking a claim for securities fraud, violation of Florida Securities and Investor Protection Act, breach of their employment contracts, and claims for fraudulent inducement. Defendants have denied all claims and have a counterclaim against Manuel Sanchez and Luis Vanegas for damages. The litigation commenced in March 2004 and will shortly enter the discovery phase and is not currently set for trial. American Leisure believes that Manuel Sanchez and Luis Vanegas claims are without merit and the claim is not material to American Leisure.

employee's contribution. There were no matching contributions made for the year ended December 31, 2004.

NOTE 17 - SELF-INSURED HEALTH INSURANCE

The Company's subsidiary, HTS, is partially self-insured for benefits provided under an employee health insurance plan through Great West Life Insurance Company. Benefits include medical, prescription drug, dental and group term life insurance. The plan provides for self-insurance up to \$25,000 per employee per year. Accordingly, there exists a contingent liability for unprocessed claims in excess of those reflected in the accompanying consolidated financial statements.

NOTE 18 - OPERATING SEGMENTS

The Company has adopted the provisions of SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information". At December 31, 2003, the Company's three business units have separate management teams and infrastructures that offer different products and services. The business units have been aggregated into three reportable segments.

As noted in Note 6, American Leisure is planning to construct a 971-unit resort in Orlando, Florida on 122 of its 163 acres of undeveloped land. Development is scheduled to commence in the summer of 2005. Presales commenced in February 2004.

American Leisure's operates a call center and revenues are recognized upon the completion of the earning process from the completion of the travel of the customer, the trip to the properties for the potential purchase, or the appropriate event based on the agreement with American Leisure's client as to the ability to be paid for the service.

Hickory Travel Systems, Inc. ("HTS") provides travel related services.

Note 19 - RELATED PARTY TRANSACTIONS

We accrue salaries payable to our Chief Executive Officer, President and Chief Financial Officer, Malcolm J. Wright. As of December 31, 2004, the aggregate amount of unpaid salaries payable to Mr. Wright was \$1,000,000. The Company accrues interest at a rate of 12% compounded annually on the salaries payable to Mr. Wright. As of December 31, 2004, the aggregate amount of interest accrued on salaries payable to Mr. Wright was \$105,000.

In May 2004, we began accruing \$100,000 per year as salaries payable to L. William Chiles, the President of Hickory, for his services. Mr. Chiles also receives paid compensation for his services from Hickory. As of December 31, 2004, the aggregate amount of salaries payable to Mr. Chiles was \$66,400. The Company does not accrue interest on the salaries payable to Mr. Chiles.

We pay or accrue directors' fees to each of our directors in an amount of \$18,000 per year for their services as directors. During the last two fiscal years the Company paid an aggregate of \$66,000 to directors and accrued an aggregate of \$114,000.

The Company entered into an agreement with Mr. Wright and Mr. Chiles whereby the Company agreed to indemnify Mr. Wright and Mr. Chiles against all losses, costs or expenses relating to the incursion of or the collection of the Company's indebtedness against Mr. Wright or Mr. Chiles or their collateral. This indemnity extends to the cost of legal defense or other such reasonably incurred expenses charged to or assessed against Mr. Wright or Mr. Chiles. In the event that Mr. Wright or Mr. Chiles make a personal guarantee for the Company's benefit in conjunction with any third-party financing, and Mr. Wright or Mr. Chiles elect to provide such guarantee, then Mr. Wright and/or Mr. Chiles shall earn a fee for such guarantee equal to three per cent (3%) of the total original indebtedness and two per cent (2%) of any collateral posted as security. This fee is to be paid by the issuance of warrants to purchase the Company's common stock at a fixed strike price of \$1.02 per share, when the debt is incurred. Mr. Wright personally guaranteed (the "Guarantees") the Company's \$6,000,000 Credit Facility from Stanford. In addition, Mr. Wright pledged to Stanford 845,733 shares of the Company's common stock held by Mr. Wright. L. William Chiles had personally guaranteed \$2,000,000 of the \$6,000,000 Credit Facility and pledged to Stanford 850,000 shares of the Company's common stock held by Mr. Chiles. Stanford released Mr. Chiles from the personal guarantee and released his common stock from the pledge when the Company closed the \$6,000,000 Credit Facility. In March 2004, the Company authorized the issuance of warrants to Mr. Wright and Mr. Chiles to purchase 347,860 shares and 168,672 shares, respectively, of our common stock at an exercise price of \$2.96 per share, which was subsequently reduced to \$1.02 per share of common stock.

The Company has generally agreed to provide the executive officers of each of its subsidiaries a bonus of up to 19% of the profits, if any, of the subsidiary in which they serve as our executive officers. The bonus will be paid for the five-year period beginning on the date that the Company enters into such an agreement with the subsidiary. Pursuant to this general agreement, Malcolm J. Wright is entitled to receive up to 19% of the profits of Leisureshare International Ltd, Leisureshare International Espanola SA, TDSR, American

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

Leisure Homes, Inc., Advantage Professional Management Group, Inc., and American Leisure Hospitality Group Inc. and any new company formed for the development and sale of vacation homes, hospitality management, and vacation ownership. L. William Chiles is entitled to receive 19% of the profits of Hickory up to a maximum payment of \$2,700,000. Although Mr. Chiles' bonus is limited, it is not subject to the buy-out by the Company as discussed below as it will cease as soon as the \$2,700,000 amount has been paid to him. The executive officers of other the Company's other subsidiaries are entitled to share a bonus of up to 19% of the profits of the subsidiary in which they serve as our executive officers. The Company has the right to buy-out of these agreements after a period of five years by issuing such number of shares of its common stock equal to the product of 10% of the average after-tax profits for the five-year period multiplied by one-third (1/3) of the P/E ratio of the Company's common stock at the time of the buyout divided by the greater of the market price of the Company's common stock or \$5.0. The Company has not paid or accrued any bonus as of the filing of this report.

Malcolm J. Wright is the President and 81% majority shareholder of American Leisure Real Estate Group, Inc. (ALRG). On November 3, 2003 TDSR, entered into an exclusive development agreement with ALRG to provide development services for the development of the Sonesta Orlando Resort. Pursuant to this development agreement, ALRG is responsible for all development logistics and TDSR is obligated to reimburse ALRG for all of ALRG's costs and to pay ALRG a development fee in the amount of 4% of the total costs of the project paid by ALRG. During the fiscal year ended December 31, 2004, ALRG administered operations and paid bills in the amount of \$3,543,784 and received a fee of 4% (or approximately \$141,751) under the development agreement.

Malcolm J. Wright and members of his family are the majority shareholders of Xpress. On November 3, 2003, TDSR entered into an exclusive sales and marketing agreement with Xpress to sell the units being developed by TDSR. This agreement provides for a sales fee in the amount of 3% of the total sales prices received by TDSR plus a marketing fee of 1.5%. During the period since the contract was entered into and ended December 31, 2004 the total sales made by Xpress amounted to approximately \$173,979,572. As a result of the sales, TDSR is obligated to pay Xpress a total sales fee of \$5,219,387 and a marketing fee of \$2,609,693. As of December 31, 2004, the Company has paid Xpress \$2,103,534 of cash, issued Xpress 120,000 shares of Series A Preferred Stock valued at \$1,200,000, and transferred to Xpress a 1913 Mercedes Benz valued at \$500,000. In February 2004, Malcolm J. Wright, individually and on behalf of Xpress, and Roger Maddock, individually and on behalf of Arvimex, entered into contracts with TDSR to purchase an aggregate of 32 townhomes for \$8,925,120 and paid a deposit of \$892,512.

M J Wright Productions, Inc., of which Mr. Wright is the President, owns our Internet domain names.

The Company and Mr. Wright have agreed to terms in principle of an employment agreement pursuant to which Mr. Wright will serve as our Chief Executive Officer and Chief Financial Officer. The Company will provide the terms of a definitive employment agreement in a future filing with the Commission.

Thomas Cornish, a director nominee, is the President of the Seitlin Insurance Company. The Board of Directors has authorized Seitlin to place a competitive bid to provide insurance for the Sonesta Orlando Resort. Mr. Cornish has provided consulting services to the Company valued at \$1,500.

David Levine, a director nominee, has provided consulting services to the Company valued at \$3,000.

Malcolm Wright and members of his family are the majority shareholders of

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

Effective August 25, 2004, the client auditor relationship between the Company and Bateman & Co., Inc., P.C. ("Bateman") ceased as the former principal independent accountant was dismissed. On that date, the Company's Board of Directors approved a change of accountants and the Company's management engaged Lopez, Blevins, Bork & Associates, LLP ("Lopez") as its principal independent public accountant for the fiscal year ended December 31, 2004. Bateman had been engaged on August 16, 2004, when the audit partner in charge of the Company's account left Malone & Bailey, PPLC ("Malone") who was the Company's principal independent accountant prior to Bateman. The Company reported the change of

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

auditors from Malone to Bateman on Form 8-K filed with the Commission on August 18, 2004. The audit partner left Bateman and joined Lopez. The Company reported the change of auditors from Bateman to Lopez on Form 8-K filed with the Commission on March 28, 2005.

Lopez is succeeding Bateman who succeeded Malone. Bateman reviewed the Company's interim financial statements included in the Form 10-QSB filed with the Commission on August 20, 2004.

During the interim period beginning August 16, 2004 (the date that the Company engaged Bateman) up to and including the date that the relationship with Bateman ceased, there were no disagreements with Bateman on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Bateman would have caused Bateman to make reference to the subject matter of the disagreement(s) in connection with its report on the Company's financial statements. There have been no reportable events as defined in Item 304(a)(1)(iv)(B) of Regulation S-B during the interim period up to and including the date the relationship with Bateman ceased.

Malone audited the balance sheet of the Company as of December 31, 2002 and December 31, 2003, and the related consolidated statements of operations, stockholders' equity and cash flows for the period from June 14, 2002 (Inception) through December 31, 2002, and the fiscal year ended December 31, 2003. Malone's report on the Company's financial statements for the period from June 14, 2002 (Inception) through December 31, 2002, and the fiscal year ended December 31, 2003, and any later interim period, including the interim period up to and including the date the relationship with Malone ceased, did not contain any adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles except for concerns about the Company's ability to continue as a going concern.

In connection with the audit of the Company's financial statements for the period from June 14, 2002 (Inception) through December 31, 2002, and the fiscal year ended December 31, 2003, and any later interim period, including the interim period up to and including the date the relationship with Malone ceased, there were no disagreements with Malone on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Malone would have caused Malone to make reference to the subject matter of the disagreement(s) in connection with its report on the Company's financial statements. There were no reportable events as defined in Item 304(a)(1)(iv)(B) of Regulation S-B during the period from June 14, 2002 (Inception) through December 31, 2002, and the fiscal year ended December 31, 2003, and any later interim period, including the interim period up to and including the date the relationship with Malone ceased.

The Company authorized Bateman to respond fully to any inquiries of any new auditors hired by the Company relating to their engagement as the Company's principal independent accountant. The Company requested that Bateman review the disclosure and Bateman was given an opportunity to furnish the Company with a letter addressed to the Commission containing any new information, clarification of the Company's expression of its views, or the respect in which it did not agree with the statements made by the Company in the Form 8-K filed with the Commission on March 28, 2005. Such letter was filed as an exhibit to such report.

The Company did not previously consult with Lopez regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or (ii) the type of audit opinion that might be rendered

Edgar Filing: AMERICAN LEISURE HOLDINGS INC - Form 10KSB/A

on the Company's financial statements; or (iii) any matter that was either the subject matter of a disagreement (as defined in Item 304(a)(1)(iv)(A) of Regulation S-B) between the Company and Bateman or Malone, the Company's previous principal independent accountants, as there were no such disagreements, or an other reportable event (as defined in Item 304(a)(1)(iv)(B) of Regulation S-B) during the interim period up to an including the date the relationship with Bateman ceased, or the period from June 14, 2002 (Inception) through December 31, 2002, and the fiscal year ended December 31, 2003, and any later interim period, including the interim period up to and including the date the relationship with Malone ceased. The Company did not receive any written or oral advice concluding there was an important factor to be considered by the Company in reaching a decision as to an accounting, auditing, or financial reporting issue.

Lopez reviewed the disclosure in the Form 8-K filed with the Commission on March 28, 2005, before it was filed with the Commission and was provided an opportunity to furnish the Company with a letter addressed to the Commission containing any new information, clarification of the Company's expression of its views, or the respects in which it did not agree with the statements made by the Company in response to Item 304 of Regulation S-B. Lopez did not furnish a letter to the Commission.

ITEM 8A. CONTROLS AND PROCEDURES.

Evaluation of disclosure controls and procedures. Our Chief Executive Officer and Chief Financial Officer, after evaluating the effectiveness of the Company's "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by this annual report (the "Evaluation Date"), has concluded that as of the Evaluation Date, our disclosure controls and procedures are effective.

Changes in internal control over financial reporting. There were no significant changes in the Company's internal control over financial reporting during the fourth fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

ITEM 8B. OTHER INFORMATION.

Form 8-K, Item 5.03, Departure of Directors or Principal Officers; Election of

Directors; Appointment of Principal Officers.

The Company filed a Form 8-K with the Commission on February 15, 2005, which disclosed that the Company's Board of Directors nominated David Levine, Thomas Cornish and Carlos Fernandez as Directors of the Company to fill vacancies on the Board of Directors created by the resignation of Gillian Wright and an increase in the number of members on the Board of Directors from four (4) to nine (9). This disclosure under Item 8B is being provided to clarify that Messrs. Levine, Cornish and Fernandez have not yet commenced their appointments to the Board of Directors and are considered nominees. The Company has no reason to believe that any nominee will be unable to serve or decline to serve as a director. L. William Chiles continues to serve as Chairman of the Board until Mr. Levine is inducted into such position, which induction is anticipated by the Company. As and when the Company and the director nominees complete the process of compliance with Sarbanes-Oxley, the nominees are expected to be inducted as directors of the Company.
