**NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION**

The condensed unaudited interim financial statements included herein have been prepared, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. The condensed financial statements and notes are presented as permitted on Form 10-QSB and do not contain information included in the Company's annual statements and notes. Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading. It is suggested that these condensed financial statements be read in conjunction with the September 30, 2004 audited financial statements and the accompanying notes thereto. While management believes the procedures followed in preparing these condensed financial statements are reasonable, the accuracy of the amounts are in some respects dependent upon the facts that will exist, and procedures that will be accomplished by the Company later in the year.

These condensed unaudited financial statements reflect all adjustments, including normal recurring adjustments which, in the opinion of management, are necessary to present fairly the operations and cash flows for the periods presented.

The Company was incorporated on May 10, 1998, under the laws of the State of Delaware. The business purpose of the Company was originally to engage in environmental monitoring and testing. However, on December 31, 2001, the Company liquidated its operating assets and currently has no operations. The Company has adopted a fiscal year ending September 30.

The Company filed a Form 8-K with the Securities and Exchange Commission requesting a name change for the Company. The Company has changed its name to Netchoice, Inc., effective February 3, 2005.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

The Company considers all highly liquid debt instruments and other short-term investments with an initial maturity of three months or less to be cash equivalents.

**Income Taxes**

The income tax benefit is computed on the pretax loss based on the current tax law. Deferred income taxes are recognized for the tax consequences in future years of differences between the tax basis of assets and liabilities and their financial reporting amounts at each year-end based on enacted tax laws and statutory tax rates. The Company has not established a provision due to the losses sustained.

**Earnings (Loss) Per Share of Common Stock**

Historical net (loss) per common share is computed using the weighted average number of common shares outstanding. Diluted earnings per share (EPS) include additional dilution from common stock equivalents, such as stock issuable pursuant to the exercise of stock options and warrants. Common stock equivalents were not included in the computation of diluted earnings per share when the Company reported a loss because to do so would be antidilutive for periods presented.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The following is a reconciliation of the computation for basic and diluted EPS:

	<b>For the Six Months Ended March 31, 2005</b>		<b>For the Three Months Ended March 31, 2005</b>		<b>2004</b>
Net Loss	\$	(7,500)	\$	(26,407)	\$
				(3,750)	0
Weighted-average common shares outstanding (Basic)		3,785,183		3,785,183	3,785,183
Weighted-average common stock equivalents:					
Stock options		-		-	-
Warrants		-		-	-
Weighted-average common shares outstanding (Diluted)		3,785,183		3,785,183	3,785,183

Options and warrants outstanding to purchase stock were not included in the computation of diluted EPS because inclusion would have been antidilutive.

There were no options and warrants outstanding to purchase stock at March 31, 2005 and 2004.

**Reclassifications**

Certain amounts for the six and three months ended March 31, 2005 and 2004, respectively have been reclassified to conform to the presentation of the six and three months ended March 31, 2005 and 2004 amounts. The reclassifications have no effect on net income for the six and three months ended March 31, 2005 and 2004, respectively.

**NOTE 3 - STOCKHOLDERS' EQUITY (DEFICIT)**

On December 3, 2004, the Company increased the authorized number of shares of common stock from 30,000,000 shares to 90,000,000 shares and also changing the par value from \$0.01 to \$0.001.

As of December 31, 2004, there were 90,000,000 shares authorized and 6,184,000 shares issued and 3,785,183 shares outstanding of the Company's common stock with a par value of \$0.001.

**Preferred Stock**

On December 3, 2004 the Company changed the number of Preferred Stock from one class of stock consisting of 10,000,000 shares with a par value of \$0.01 to three separate series of preferred stock and changing the par value to \$0.001. They are as follows:

**Preferred Stock Series A**

990,000 shares with a par value of \$0.001 per share, participating, voting and convertible with a liquidation value of \$1,000 each.

**Preferred Stock Series B**

9,000,000 shares with a par value of \$0.001 per share, participating; voting and convertible with a liquidation value of \$3 each.

**Preferred Stock Series C**

10,000 shares with a par value of \$0.001 per share, with a liquidation value of \$10 each.

All preferred stock series A, B and C are convertible to 4,000 common shares as well as 4,000 votes for each share held. In addition, in all cases, the holders of the Preferred Stock C will vote cumulatively at least fifty one percent (51%) of all votes cast regardless of the amount of series C shares issued, at any meeting of shareholders or any major issue put before the Company for voting of shareholders.

**NOTE 4 - INCOME TAXES**

There was no income tax benefit recognized at March 31, 2005 and 2004.

The net deferred tax assets in the accompanying balance sheet include benefit of utilizing net operating losses of approximately \$2,071,000 (at March 31, 2005), however due to the uncertainty of utilizing the net operating losses, an offsetting valuation allowance has been established.

**NOTE 5 - COMMITMENT AND CONTINGENCY**

Included in the accounts payable and accrued expenses is an accrual of \$3,000 representing the fair market of value of stock to be issued to former directors of the Company.

**NOTE 6 - GOING CONCERN**

As shown in the accompanying condensed financial statements, the Company incurred substantial net losses for the six and three months ended March 31, 2005 and 2004 and for the years ended September 30, 2004 and 2003, respectively. There is no guarantee whether the Company will be able to generate enough revenue and/or raise capital to support those operations. This raises substantial doubt about the Company's ability to continue as a going concern. Management believes the Company's capital requirement will depend on many factors, including the success of the Company to raise money. The Company continues to search for acquisition candidates to fund operations. The condensed financial statements do not include any adjustments that might result from the outcome of these uncertainties.

Item 2. MANAGEMENT DISCUSSION AND ANALYSIS OR PLAN OF OPERATIONS

The following discussion with regard to our financial condition and operating results should be read in conjunction with our financial statements and attached footnotes that are included elsewhere in this Report. Except for the historical information contained in this Report, the discussion contained in this Report contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on our current plans and expectations and involve risks and uncertainties that could cause actual future activities and results of operations to be materially different from those set forth in the forward-looking statements. These statements may be identified by the use of forward-looking terminology such as "believes", "expects", "may", "will", "should" or "anticipates" or the negative of these words or similar expressions or by discussions of strategy. Our actual results could differ materially from those discussed in this Report. Important factors that could cause actual results to differ include, among other things, our inability to consummate an acquisition of an operating business on terms favorable to us or, in the event we do consummate the transaction contemplated, our inability to successfully manage and operate the combined business.

The Company had no sales, operations or income for the quarter ending March 31, 2005. The Company is in the process of reorganizing at the present moment and there are no plans to operate until the reorganization is completed. Management said it is expected that the reorganization will be completed this year.

INCORPORATION

The Company was incorporated on May 10, 1998, under the laws of the State of Delaware under the original name Environmental Monitoring & Testing Corporation. ## PLAN OF OPERATION

In the event we identify an acceptable merger or acquisition candidate, we intend to effect the transaction utilizing any combination of our common stock, cash on hand, or marketable securities, or other funding sources available to us. Until we identify a suitable merger or acquisition candidate, we intend to offer consulting services to businesses engaged in or otherwise servicing the environmental industry.

LIQUIDITY AND CAPITAL RESOURCES

The Company continues to experience losses from operations and is primarily dependent on outside sources of funding to continue its operations.

At March 31, 2005, the Company's cash and cash equivalents on hand were \$0 compared to \$0 at September 30, 2004. Management recognizes that the Company has a continuing need to raise capital to fund its daily operations and research and development activities.

Obligations are being met on a month-to-month basis as cash becomes available. There can be no assurances that the Company's present flow of cash will be sufficient to meet current and future obligations. The Company has incurred losses since its inception, and continues to require additional capital to fund operations and development. As such, the Company's ability to pay its already incurred obligations is mostly dependent on the Company achieving its sales goal or raising additional capital in the form of equity or debt.

The Company's short-term and long-term liquidity requirements are expected to result from working capital needs to retire existing trade liabilities and to pay other operating expenses. Although the Company cannot accurately predict the precise timing of its future capital expenditures, the Company estimates that it will need to expend over \$25,000, primarily for general and administrative and operating expenses, within the next twelve months.

#### Fiscal 2005 PLAN OF OPERATION

The company's strategy to satisfy its cash requirements currently include a plan to borrow funds from its director and officer. The Company believes that it can borrow sufficient funds to meet its current cash needs. The Company currently has no plans to conduct any research and development, to purchase or sell any significant equipment or to make any significant changes in its number of employees.

#### ITEM 3. CONTROLS AND PROCEDURES

The Company carried out an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of March 31, 2005. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective in ensuring that information required to be disclosed in the reports the Company files under the Exchange Act are recorded, processed and reported as required.
