the Securities Exchange Act of 1934.

Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

GOL Receives Approval from ANAC for the Acquisition of VRG

Sao Paulo, April 4, 2007 GOL Linhas Aéreas Inteligentes (NYSE: GOL and Bovespa: GOLL4), Brazil's low-cost, low-fare airline, yesterday received approval from the National Civil Aviation Agency (ANAC) to complete the transfer of VRG to GTI S.A., a wholly-owned subsidiary of GOL Linhas Aéreas Inteligentes. With this authorization, GOL will begin executing the plan developed for VRG, which will operate with its own brand (VARIG) and differentiated services, while incorporating the low-cost business model from GOL Transportes Aéreos S.A.

The Anac's authorization allows us to move forward with the acquisition of VRG and the implementation of our efficient low-cost, low-fare model, says GOL's Chief Executive Officer, Constantino de Oliveira Junior. VARIG will incorporate modern concepts of efficient administration and reduce operating costs to become a competitive company, which we believe will benefit the customer.

About GOL Linhas Aéreas Inteligentes

GOL Linhas Aéreas Inteligentes is one of the most profitable and fastest growing low-cost, low-fare airlines in the industry worldwide. GOL provides frequent service on routes connecting all of Brazil's major cities as well as primary destinations in Argentina, Bolivia, Chile, Paraguay, Peru and Uruguay through its more than 630 daily flights to 57 major airports. GOL offers daily flights to more destinations in Brazil than any other domestic airline while providing customers with the most convenient flight schedules in the country. GOL operates a young, modern fleet of Boeing 737s, the safest and most comfortable aircraft of its class, with low maintenance, fuel and training costs, and high aircraft utilization and efficiency ratios. In addition to safe and reliable service, which stimulates GOL's brand recognition and customer satisfaction, the Company's single class of service is recognized as the best value proposition in the market. GOL's growth plans include increasing frequencies in existing markets and adding service to additional markets in both Brazil and other high-traffic South American travel destinations. GOL shares are listed on the NYSE and the Bovespa. GOL: here everyone can fly!

This release contains forward-looking statements relating to the prospects of the business, estimates for operating and financial results, and those related to growth prospects of GOL. These are merely projections and, as such, are based exclusively on the expectations of GOL's management concerning the future of the business and its continued access to capital to fund the Company's business plan. Such forward-looking statements depend, substantially, on changes in market conditions, government regulations, competitive pressures, the performance of the Brazilian economy and the industry, among other factors and risks disclosed in GOL's filed disclosure documents and are, therefore, subject to change without prior notice.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
