Oil discovery in the Albacora Leste pre-salt layer in

Rio de Janeiro, June 22 2010, Petróleo Brasileiro S.A. - Petrobras announces the discovery of evidence of oil in pre-salt reservoirs in Campos Basin waters depth.

The discovery was the result of the drilling of 6-ABL-57D-RJS well, located in Albacora Leste Field's concession area, below the sandstone layer field's producer. This discovery is situated 130 km off the coast of Rio de Janeiro, in water depth of 1,956 meters and at total depth of 4,536 meters.

Preliminary estimates suggest the accumulation is of light, good-quality oil, but further drilling will be required to assess not only the volumes, extent, and productivity of these reservoirs, but also the possibility of using the existing production and offloading infrastructure in the area.

The Albacora Leste field is operated by Petrobras (90%) and developed in partnership with Repsol (10%).

This announcement is not an offer of Petrobras shares. Petrobras shares may not be offered or sold in the United States absent registration or an exemption from registration, and Petrobras currently intends to register the proposed offering in the United States. Any public offering of Petrobras shares will be made by means of a prospectus containing detailed information about Petrobras and the offering.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
