### **Contracting of the construction and chartering of drilling rigs with EAS and Sete Brasil S.A.**

Rio de Janeiro, February 11<sup>th</sup>, 2011 Petróleo Brasileiro S.A. Petrobras informs that it has approved the construction and chartering of the first package of seven drilling rigs to be built in Brazil, in line with the international market cost.

The winner was *Estaleiro Atlântico Sul* (EAS), located in Pernambuco State. The total amount was US\$ 4,637,000,130.00, which corresponds to a reduction of \$ 13,000,000.00 with respect to its original offer, and a unit price of US\$ 662,428,590.00. The first drilling rig is expected to come into operation in 2015.

This package is part of the bidding process which aims to contract up to 28 (twenty-eight) drilling rigs, to be used mainly in the pre-salt area and to meet Petrobras' demand for its long-term drilling program.

Petrobras will assign the construction contract with EAS to Sete Brasil S.A (Sete BR) with which company it will execute the charter agreements of the rigs. Sete Brasil S.A. is a Brazilian company with 90% participation of a Equity Fund (FIP Sondas), managed by *Caixa Econômica Federal* (CEF) and which will have pension funds and Brazilian investment banks as investors. Petrobras will own 10% of participation in Sete BR.

Sete BR will have some companies with expertise to operate the rigs and provide the services to be hired by Petrobras as partner and co-owners of the rigs. The daily rates, including the service fees, are estimated to be between US\$ 430 thousand and US\$ 475 thousand a day.

The financial funds required by Sete BR will come from equity sources and long-term financing provided by the BNDES (Brazilian Development Bank), which will finance up to 100% of the Brazilian content of goods and services in the construction of each drilling rig. The additional funds will be provided by the international export credit agencies and commercial banks. A performance guarantee to be hired by EAS and a credit guarantee to be hired by Sete BR with the Brazilian Fund for Vessels Constructions - FGCN (Fundo Garantidor de Construção Naval) will give support to the contracts.

Furthermore, the bidding for contracting up to two drilling rigs was cancelled, given that the offers presented was not considered competitive by the Company.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
