Item 2.05 Costs Associated with Exit or Disposal Activities.

On February 21, 2006, RadioShack Corporation (the "Company") filed a Form 8-K announcing its turnaround plan, which includes streamlining the Company's overhead infrastructure. The Company announced on August 10, 2006 that it plans to reduce its workforce by approximately 400 to 450 positions across its various support functions. Most of the reductions will affect positions at the Company's headquarters operation. These reductions are anticipated to take place during the third quarter of 2006. A copy of the press release announcing these planned reductions is attached as Exhibit 99.1.

The ultimate costs associated with these reductions have not been determined and will vary depending on the individuals involved. The Company anticipates that the process of identifying the restructuring charges will continue over the next several weeks. The Company will record charges for termination benefits and related costs in the third quarter of 2006 in accordance with the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 146, "Accounting for Costs Associated with Exit or Disposal Activities."

At this time, the Company is unable in good faith to make a determination of an estimate or range of estimates required by paragraphs (b), (c) and (d) of Item 2.05 of Form 8-K with respect to the reductions. As permitted by Item 2.05 of Form 8-K, the Company will file an amendment to this report under Item 2.05 within four business days after the Company's definitive determination of such estimates or range of estimates.

Item 9.01 Financial Statements and Exhibits.
