On September 22, 2006, Harris Corporation ("Harris" or the "Company") issued a press release announcing, among other things, increased earnings per share guidance for fiscal 2007 to reflect the lower expected fiscal 2007 tax rate. The full text of the press release is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

Non-GAAP Financial Measures

The press release contains non-GAAP financial measures within the meaning of Regulation G promulgated by the SEC, including fiscal 2007 earnings-per-share guidance excluding the impact of the potential impairment of our equity investment in Terion, Inc. Harris management believes that these non-GAAP financial measures, when considered together with the GAAP financial measures, provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionately positive or negative impact on results in any particular period. Management also believes that these non-GAAP financial measures enhance the ability of investors to analyze Harris business trends and to better understand the company's performance. In addition, the company may utilize non-GAAP financial measures as a guide in its forecasting, budgeting, and long-term planning process and to measure operating performance for some management compensation purposes. Any analysis of non-GAAP financial measures should be used only in conjunction with results presented in accordance with GAAP.
