Item 2.05 Costs Associated with Exit or Disposal Activities.

On September 3, 2008, Johnson Controls, Inc. (the "Company") issued a press release announcing that it had committed to a restructuring plan to better align its resources with its growth strategies while reducing the cost structure of its global operations. The restructuring actions relate to cost reduction initiatives, including workforce reductions and plant consolidations, in the Company's automotive experience, building efficiency and power solutions businesses. The restructuring actions, which are expected to be substantially completed by early 2010, are the result of management's ongoing review of the Company's cost structure.

The total estimated costs associated with this action amount to approximately \$450 to \$500 million on a pre-tax basis, which is comprised of employee related costs of approximately \$370 to \$390 million, asset impairment charges of approximately \$60 to \$80 million and other miscellaneous costs of approximately \$20 to \$30 million. Future cash expenditures for these restructuring actions are expected to be approximately \$390 to \$420 million.
