Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F:  Form 20-F  Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934:  Yes  No

If "Yes" is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): n/a

## Edgar Filing: Mechel OAO - Form 6-K

MECHEL, VNESHECONOMBANK SIGN AGREEMENTS FOR SECOND AND THIRD CREDIT LINES TO FINANCE ELGA COAL COMPLEX DEVELOPMENT

Moscow, Russia – March 14, 2014 – Mechel OAO (NYSE: MTL), one of the leading Russian mining and metals companies, announces that project company Elgaugol OOO, which is part of Mechel Group, and State Corporation “Bank for Development and Foreign Economic Affairs (Vnesheconombank)” signed agreements for the second and third credit lines of project financing for developing Elga Coal Complex’s first phase, for 2.085 billion US dollars and 418.7 million US dollars respectively.

The second credit line, totaling 2.085 billion US dollars, will be used to finance construction of Elga Coal Complex’s facilities until the complex’s coal mining and processing capacity reaches 11.7 million tonnes of run-of-mine coal a year, as well as completion of works aimed at increasing the Ulak-Elga railway’s capacity.

The third credit line totaling 418.7 million US dollars will be used to fund expenses on paying Vnesheconombank’s interest and fees for the second credit line until Elga Coal Complex’s first-phase facilities are launched, as well as to repay the 150-million-dollar bridge loan – the first credit line granted Elgaugol OOO in October 2013.

49% of Elgaugol OOO’s shares, as well as the project company’s movable and real property will be offered as security on these credit lines. Vnesheconombank will also acquire 0.01% of Elgaugol OOO’s equity capital with following repurchase. Vnesheconombank’s (VEB) Supervisory Board approved the agreement granting Mechel OAO project financing totaling 2.5 billion US dollars in September 2013. The loan has a tenor of 13.5 years.

“We highly value our cooperation with Vnesheconombank, which lends support to our company in a fairly volatile period for the industry and the global financial market. Thanks to this loan we have fully resolved the issue of financing for the Elga project, which will be developed regardless of volatility in commodity markets,” Mechel OAO’s Chief Financial Officer Stanislav Ploschenko said.

Note to editors:

State Corporation “Bank for Development and Foreign Economic Affairs (Vnesheconombank)” is a key instrument for the state economic policy aimed at eliminating infrastructure limitations for economic growth, improving the efficiency of developing natural resources, developing high-tech industries, realizing innovative and production potential of small and medium-sized businesses, providing support for exports of Russian products, works and services.

Elga, located in southern Yakutia, is Russia’s largest and one of the world’s largest deposits of high-quality coking coal. Its reserves are estimated at 2.2 billion tonnes according to JORC standards.
