OCEAN RIG UDW INC. REPORTS FINANCIAL AND OPERATING RESULTS FOR THE SECOND QUARTER 2015

August 6, 2015, Nicosia, Cyprus. Ocean Rig UDW Inc. (NASDAQ:ORIG), or Ocean Rig or the Company, an international contractor of offshore deepwater drilling services today announced its unaudited financial and operating results for the second quarter ended June 30, 2015.

Second Quarter 2015 Financial Highlights

Ø

For the second quarter of 2015, the Company reported a net income of \$74.9 million, or \$0.54 basic and diluted earnings per share.

Ø

The Company reported Adjusted EBITDA⁽¹⁾ of \$262.2 million for the second quarter of 2015, as compared to \$231.8 million for the second quarter of 2014.

Recent Highlights

-

On July 30, 2015, the Company reached an agreement with DryShips to exchange the remaining outstanding balance of \$80.0 million owed to the Company under the \$120.0 million Exchangeable Promissory Note, for 17,777,778 shares of the Company owned by DryShips.

-

On July 30, 2015, the Company's Board of Directors decided to suspend its quarterly dividend until market conditions improve.

George Economou, Chairman and Chief Executive Officer of the Company, commented:

We are pleased to report another solid quarter with high fleet utilization of approximately 98% and further reductions in operating and corporate expenses. Our performance is a testament to the superior operating results associated with modern assets and the collective efforts of our team.

In July, we came to an agreement to exchange the remaining \$80 million owed to us by DryShips for approximately 17.8 million of our shares owned by DryShips. Once consummated, this transaction settles for good the intercompany loan to our parent DryShips and is immediately accretive to our shareholders.

We still believe in the long-term market recovery and in the solid fundamentals of our industry but currently the market remains challenging and we are in the midst of a significant downturn in offshore drilling. The recent volatility in the price of oil and increased availability of drilling units, do not allow for a short-term market improvement. As such, our Board has decided to suspend our quarterly dividend until market conditions improve.

Our \$4.3 billion of contracted backlog (best in class 93% and 69% of our calendar days under contract in 2015 and 2016 respectively) and approximately \$821 million of free cash enables us to not only weather this storm but also to pursue distressed asset opportunities as they arise.

Financial Review: 2015 Second Quarter

The Company recorded net income of \$74.9 million, or \$0.54 basic and diluted earnings per share, for the three-month period ended June 30, 2015, as compared to a net income of \$69.6 million, or \$0.53 basic and diluted earnings per share, for the three-month period ended June 30, 2014. Adjusted EBITDA⁽¹⁾ was \$262.2 million for the second quarter of 2015, as compared to \$231.8 million for the same period in 2014.

Revenues from drilling contracts decreased by \$8.2 million to \$433.2 million for the three-month period ended June 30, 2015, as compared to \$441.4 million for the same period in 2014.

Drilling rigs and drillships operating expenses decreased to \$142.8 million and total depreciation and amortization increased to \$88.8 million for the three-month period ended June 30, 2015, from \$183.1 million and \$81.4 million, respectively, for the three-month period ended June 30, 2014. Total general and administrative expenses decreased to \$25.4 million in the second quarter of 2015 from \$28.0 million during the same period in 2014.

Interest and finance costs, net of interest income, amounted to \$73.5 million for the three-month period ended June 30, 2015, compared to \$57.7 million for the three-month period ended June 30, 2014.

Adjusted EBITDA Reconciliation

Adjusted EBITDA represents earnings before interest, taxes, depreciation and amortization, class survey costs and gains or losses on interest rate swaps. Adjusted EBITDA does not represent and should not be considered as an alternative to net income or cash flow from operations, as determined by United States generally accepted accounting principles, or U.S. GAAP, and our calculation of adjusted EBITDA may not be comparable to that reported by other companies. Adjusted EBITDA is included herein because it is a basis upon which the Company measures its operations. Adjusted EBITDA is also used by our lenders as a measure of our compliance with certain covenants contained in our loan agreements and because the Company believes that it presents useful information to investors regarding a company's ability to service and/or incur indebtedness.

Forward-Looking Statement

Matters discussed in this release may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. The Private Securities Litigation Reform Act of 1995 provides safe harbor protections for forward-looking statements in order to encourage companies to provide prospective information about their business. The Company desires to take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 and is including this cautionary statement in connection with such safe harbor legislation.

Forward-looking statements relate to Ocean Rig's expectations, beliefs, intentions or strategies regarding the future. These statements may be identified by the use of words like anticipate, believe, estimate, expect, intend, may, project, should, seek, and similar expressions. Forward-looking statements reflect Ocean Rig's current views and assumptions with respect to future events and are subject to risks and uncertainties.

The forward-looking statements in this release are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, management's examination of historical operating trends, data contained in Ocean Rig's records and other data available from third parties. Although Ocean Rig believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond Ocean Rig's control, Ocean Rig cannot assure you that it will achieve or accomplish these expectations, beliefs or projections described in the forward-looking statements contained herein. Actual and future results and trends could differ materially from those set forth in such statements.

Important factors that, in Ocean Rig's view, could cause actual results to differ materially from those discussed in the forward-looking statements include factors related to (i) the offshore drilling market, including supply and demand, utilization, day rates and customer drilling programs, commodity prices, effects of new rigs and drillships on the market and effects of declines in commodity prices and downturns in the global economy on the market outlook for our various geographical operating sectors and classes of rigs and drillships; (ii) hazards inherent in the drilling industry and marine operations causing personal injury or loss of life, severe damage to or destruction of property and equipment, pollution or environmental damage, claims by third parties or customers and suspension of operations; (iii) newbuildings, upgrades, and shipyard and other capital projects; (iv) changes in laws and governmental regulations, particularly with respect to environmental matters; (v) the availability of competing offshore drilling vessels; (vi) political and other uncertainties, including risks of terrorist acts, war and civil disturbances; piracy; significant governmental influence over many aspects of local economies, seizure; nationalization or expropriation of property or equipment; repudiation, nullification, modification or renegotiation of contracts; limitations on insurance coverage, such as war risk coverage, in certain areas; political unrest; foreign and U.S. monetary policy and foreign currency fluctuations and devaluations; the inability to repatriate income or capital; complications associated with repairing and replacing equipment in remote locations; import-export quotas, wage and price controls imposition of trade barriers; regulatory or financial requirements to comply with foreign bureaucratic actions; changing taxation policies; and other

forms of government regulation and economic conditions that are beyond our control; (vii) the performance of our rigs; (viii) our ability to procure or have access to financing and our ability comply with our loan covenants; (ix) our substantial leverage, including our ability to generate sufficient cash flow to service our existing debt and the incurrence of substantial indebtedness in the future (x) our ability to successfully employ our drilling units; (xi) our capital expenditures, including the timing and cost of completion of capital projects; (xii) our revenues and expenses; (xiii) complications associated with repairing and replacing equipment in remote locations; and (xiv) regulatory or financial requirements to comply with foreign bureaucratic actions, including potential limitations on drilling activities. Due to such uncertainties and risks, investors are cautioned not to place undue reliance upon such forward-looking statements.

Risks and uncertainties are further described in reports filed by Ocean Rig UDW Inc. with the U.S. Securities and Exchange Commission, including the Company's most recently filed Annual Report on Form 20-F.
