10,000,000 Non-Voting Shares

TELUS CORPORATION

We are offering our Non-Voting Shares through our Amended and Restated Dividend Reinvestment and Share Purchase Plan (the "Plan"). The Plan provides you with an economical and convenient way to purchase additional Non-Voting Shares. Our Non-Voting Shares are traded on the New York Stock Exchange under the symbol "TU" and on the Toronto Stock Exchange under the symbol "T.A". On November 5, 2009, the last reported trading price of the Non-Voting Shares on the New York Stock Exchange was US\$29.97. Some of the significant features of the Plan are as follows:

- You may purchase additional Non-Voting Shares by automatically reinvesting your cash dividends in our Non-Voting Shares.
- You may purchase additional Non-Voting Shares by making optional cash investments of Canadian \$100 to Canadian \$20,000 per calendar year.
- The price to you of all Non-Voting Shares purchased with the reinvestment of dividends will be the weighted average trading price for all trades of Non-Voting Shares on the Toronto Stock Exchange for the twenty (20) trading days immediately preceding the date on which the Non-Voting Shares are purchased for you, less any discount that we may determine from time to time of up to 5%. At the date hereof this discount has been set at 3%.
- The price to you of all Non-Voting Shares purchased with optional cash payments will be 100% of the weighted average trading price for all trades of our Non-Voting Shares on the Toronto Stock Exchange for the twenty (20) days immediately preceding the date on which the Non-Voting Shares are purchased for you.
- Your participation in the Plan is voluntary and you may commence or terminate your participation at any time. If you do not elect to participate in the Plan, you will continue to receive cash dividends, as declared, in the usual manner.

We cannot estimate the anticipated proceeds from the issuance of Non-Voting Shares under the Plan, which will depend upon the market price of our Non-Voting Shares, the extent of shareholder participation in the Plan and other factors.

Investing in our Non-Voting Shares involves risks. See "Forward-Looking Information" on page 3 of this prospectus. See also "Risk Factors" on page 2 of this prospectus for a discussion of certain factors relevant to an investment in our Non-Voting Shares.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities or determined whether this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

ENFORCEABILITY OF CIVIL LIABILITIES IN THE UNITED STATES

We are organized under the laws of British Columbia, Canada. Many of our directors, controlling persons, officers and experts named in this prospectus are residents of Canada or other jurisdictions outside the United States and a substantial part of our assets are located outside the United States. As a result, it may be difficult for shareholders to effect service within the United States upon those directors, controlling persons, officers and experts who are not residents of the United States, or to realize in the United States upon judgments of the courts of the United States that are based on the civil liability provisions of the United States federal securities laws. We have been advised by Farris, Vaughan, Wills & Murphy, our Canadian counsel, that, in their opinion, there is doubt about the enforceability in Canada against us or our directors, controlling persons, officers and experts who are not residents of the United States in original actions for enforcement of judgments of United States courts of liabilities based solely on United States federal securities laws.

RISK FACTORS

Before you decide to participate in the Plan and invest in our Non-Voting Shares, you should be aware of the following material risk in making such an investment. You should consider carefully this risk factor together with all risk factors and information included or incorporated by reference in this prospectus, including the matters set forth in the section "Risk and risk management" set forth in our Annual Report on Form 40-F, and in Management's Discussion and Analysis of financial results set forth in our interim unaudited financial statements on Form 6-K, before you decide to participate in the Plan and purchase Non-Voting Shares. In addition, you should consult your own financial and legal advisors before making an investment.

Risks Related to the Plan

You will not know the price of the Non-Voting Shares you are purchasing under the Plan at the time you authorize the investment or elect to have your distributions reinvested.

The price of our Non-Voting Shares may fluctuate between the time you decide to purchase Non-Voting Shares under the Plan and the time of actual purchase. In addition, during this time period, you may become aware of additional information that might affect your investment decision.

FORWARD-LOOKING STATEMENTS

Certain statements contained and incorporated by reference in this Form F-3 constitute "forward-looking statements". When used in this Form F-3 or the documents incorporated by reference herein, the words "may", "will", "expect", "plan", "anticipate", "estimate", "product", "forecast", "outlook", "potential", "continue", "should", "likely", or the negative of these terms or other similar expressions are intended to identify forward-looking statements. These forward-looking statements are not historical facts but reflect expectations, estimates and projections. These forward-looking statements are subject to a number of risks and uncertainties that could cause actual results or events to differ materially from current expectations. These risks include, but are not limited to:

Competition (including more active price competition; the likelihood of new wireless competitors beginning to offer services in late 2009 and into 2010 as a result of the 2008 advanced wireless services (AWS) spectrum auction; as well as variability in subscriber acquisition and retention costs that are dependent on subscriber loading and retention volumes, smartphone sales and subsidy levels, and TELUS TV installation costs); economic growth and fluctuations (including strength and persistence of the economic recovery in Canada, and pension performance, funding and expenses); capital expenditure levels (increased in 2009 and potentially in future years due to the Company's wireline broadband initiatives, fourth generation (4G) wireless deployment strategy, and any new Industry Canada wireless spectrum auctions); financing and debt requirements (including ability to carry out refinancing activities and fund share repurchases); tax matters (including acceleration or deferral of required payments of significant amounts of cash taxes); human resource developments (including collective bargaining in the TELUS Québec region); business integrations and internal reorganizations (including ability to successfully implement cost reduction initiatives); technology (including reliance on systems and information technology, broadband and wireless technology options, choice of suppliers and suppliers' ability to maintain and service their product lines, expected technology and evolution path and transition to 4G technology, expected future benefits and performance of high-speed packet access (HSPA) / long-term evolution (LTE) wireless technology, successful implementation of the wireless network build and sharing arrangement with Bell Canada to achieve cost efficiencies and reduce deployment risks, successful deployment and operation of new wireless networks and successful introduction of new products (such as the Apple iPhone and other new HSPA devices), new services and supporting systems); regulatory approvals and developments (including interpretation and application of tower sharing and roaming rules, the design and impact of future spectrum auctions, and possible changes to foreign ownership restrictions); process risks (including conversion of legacy systems and billing system integrations, and implementation of large complex enterprise deals that may be adversely impacted by available resources and degree of co-operation from other service providers); health, safety and environmental developments; litigation and legal matters; business continuity events (including manmade and natural threats); any future acquisitions or divestitures; and other risk factors discussed herein and listed from time to time in TELUS' reports and public disclosure documents including its annual report, annual information form, and other filings with securities commissions in Canada (on SEDAR at sedar.com) and in its filings in the United States, including Form 40-F (on EDGAR at sec.gov).

These factors and other risk factors, including those under "Risk Factors" above, represent risks our management believes are material. Other factors not presently known to us or that we presently believe are not material, could also cause actual results to differ materially from those expressed in the forward-looking statements contained and incorporated by reference herein. Accordingly, undue reliance should not be placed on these forward-looking statements. We do not undertake any obligation to update publicly or to revise any of the forward-looking statements contained or incorporated by reference in this Form F-3, whether as a result of new information, future events or

otherwise, except as required by law, rule or regulation.

OVERVIEW OF THE COMPANY

TELUS was incorporated under the Company Act (British Columbia) (the "BC Company Act") on October 26, 1998 under the name BCT. TELUS Communications Inc. ("BCT"). On January 31, 1999, pursuant to a court-approved plan of arrangement under the Canada Business Corporations Act among BCT, BC TELECOM Inc. ("BC TELECOM") and the former Alberta based TELUS Corporation ("TC"), BCT acquired all of the shares of each of BC TELECOM and TC in exchange for common shares and non-voting shares of BCT, and BC TELECOM was dissolved. On May 3, 2000, BCT changed its name to TELUS Corporation and in February 2005, the Company transitioned under the Business Corporations Act (British Columbia), successor to the BC Company Act. TELUS maintains its registered office at Floor 21, 3777 Kingsway, Burnaby, British Columbia, and its executive office at Floor 8, 555 Robson Street, Vancouver, British Columbia, V6B 3K9.

TELUS is a leading national telecommunications company in Canada, offering a wide range of wireline and wireless communications products and services including data, voice and entertainment. TELUS is the largest incumbent telecommunications company in western Canada and one of the largest telecommunications companies in Canada. Our Common Shares and Non-Voting Shares are listed on the Toronto Stock Exchange ("TSX") under the symbols "T" and "T.A.", respectively, and the Non-Voting Shares are also listed on the New York Stock Exchange ("NYSE") under the symbol "TU".

Our registered office is at Floor 21, 3777 Kingsway, Burnaby, British Columbia, V5H 3Z7 and our executive office is at Floor 8, 555 Robson Street, Vancouver, British Columbia, V6B 3K9.

USE OF PROCEEDS

We will receive proceeds from the sale of Non-Voting Shares from our treasury. The amount of the proceeds that we will receive will depend on the number of Participants in the Plan, the amount of dividends we pay, the amount of optional cash contributions and the price at which we sell the Non-Voting Shares to the Plan Agent. We do not expect the amount of proceeds that we receive on any dividend reinvestment date to be material. We will use any proceeds we receive for general corporate purposes, including investment in network infrastructure and reduction of debt.

SUMMARY OF THE PLAN

The following summary of our Dividend Reinvestment and Share Purchase Plan is intended as a general guide to the main features of the Plan and may omit information that is important to you. You should carefully read the entire text of the plan contained in this prospectus before you decide to participate in the Plan.

What is the Plan?

The Plan allows eligible holders of our shares to acquire Non-Voting Shares through reinvestment of the cash dividends paid on their shareholdings. Dividends that Participants have elected to reinvest will be used to purchase Non-Voting Shares. The Non-Voting Shares purchased from dividends may be issued from treasury to Participants at a discount of up to 5% from the weighted average trading price for all trades of Non-Voting Shares on the TSX for the twenty (20) trading days immediately preceding the date on which the Non-Voting Shares are purchased for you. At the date hereof this discount has been set at 3%. The Non-Voting Shares purchased from optional cash payments will be issued from treasury at 100% of the weighted average trading price for all trades of Non-Voting Shares on the TSX for the twenty (20) trading days immediately preceding the date on which the Non-Voting Shares are purchased for you.

Participants in the Plan also have the option to make cash payments to purchase additional Non-Voting Shares. Cash payments shall not be less than \$100 per transaction nor greater than \$20,000 per calendar year per Participant. The Non-Voting Shares purchased using optional cash payments will be issued by TELUS from treasury at the average market price.

What are the main advantages of enrolling in the Plan?

The main advantages of enrolling in the Plan are as follows:

- the convenience of having cash dividends automatically reinvested into Non-Voting Shares instead of receiving cash dividends, thereby dollar cost averaging these purchases;
- the ability to purchase Non-Voting Shares without having to pay service charges, administrative fees or brokerage fees and at a discount for Non-Voting Shares purchased on the reinvestment of dividends;
- full reinvestment of cash dividends as the Plan allows fractions of Non-Voting Shares and cash dividends on those fractions to be included in your account;
- the ability to have the Plan Agent sell your Plan shares for you at a very reasonable cost; and
- convenient tracking of your Plan shares with quarterly statements.

Who may participate?

Any registered holder of Common Shares or Non-Voting Shares, who is resident in Canada or the United States, may participate in the Plan. Shareholders residing outside of Canada and the United States may be eligible to participate in the Plan, subject to proof of compliance with any restrictions in the laws of their country.

Non-registered beneficial holders

Non-registered beneficial holders of Common Shares or Non-Voting Shares (i.e., shareholders who hold their shares through a financial institution, broker, nominee or other intermediary) should consult with that intermediary to determine the procedures for participation in the Plan. The administrative practices of such intermediaries may vary and accordingly the various dates by which actions must be taken and documentary requirements set out in the Plan may not be the same as those required by intermediaries. Some intermediaries may require non-registered beneficial shareholders to become registered shareholders in order to participate in the Plan. There may be a fee charged by some intermediaries for beneficial non-registered shareholders to become registered shareholders, which will not be paid for by TELUS or the Plan Agent.

What are the most common questions and answers respecting the Plan?

The highlights of the Plan are described in the following series of questions and answers. Details are given in the official text of the Plan, which is an Exhibit hereto.

1. How do I have my dividends reinvested?

To have your dividends reinvested, complete the Enrollment Form and send it to the Plan Agent. This form may be obtained from the Plan Agent (see contact information below) or online at telus.com/drisp.

Dividends on any class of shares that you elect to enroll in the Plan on the Enrollment Form will be reinvested in the purchase of Non-Voting Shares.

If your Common Shares or Non-Voting Shares are registered in different names, a separate Enrollment Form must be completed for each different registration. Accordingly, it is recommended that you register all your Common Shares or Non-Voting Shares in exactly the same name (e.g. all are registered in your full name or, alternatively, all are registered with the same initials and surname). You can contact the Plan Agent to confirm how your shares are registered.

2. If I enroll my Non-Voting Shares in the Plan, are my Common Shares automatically enrolled in the Plan as well?

No. Common Shares that you own must be specifically identified on the Enrollment Form in order to be enrolled in the Plan.

3. How do I make optional cash payments?

You must enroll either your Common Shares or Non-Voting Shares in the Plan in order to be eligible to make optional cash payments. Initially, a cash payment may be made when enrolling in the Plan by enclosing a cheque or money order payable to "Computershare" with the completed Optional Cash Payment Form. An Optional Cash Payment Form is available on request from the Plan Agent (see contact information) and is also sent out with the quarterly statement. Please do not send share certificates, dividend cheques or third party cheques.

After enrollment, future cash payments may be made by using the Optional Cash Payment Form, which can be obtained from Computershare or at telus.com/drisp. For your convenience, the form is also sent out with the quarterly statement. Again, all cheques or money orders must be payable to "Computershare".

Optional cash payment amounts can vary month to month and there is no obligation to make continuing cash payments. Payments must be a minimum of \$100 per transaction, and must not exceed \$20,000 per calendar year. Optional cash payments received by the Plan Agent during a calendar month (on or prior to the last business day) will be applied to the purchase from TELUS of Non-Voting Shares under the Plan on the first business day of the following calendar month. For your convenience, you may send the Plan Agent a series of post-dated cheques (dated the last business day of the month) with your Optional Cash Payment Form.

4. If I purchase additional Common Shares or Non-Voting Shares in the future, will the dividends automatically be reinvested in Non-Voting Shares?

Yes, if these shares are registered in the exact same name as your other shares that are already enrolled for dividend reinvestment. If they are not registered exactly the same, they will not be included in the Plan. Accordingly, if you want cash dividends on all your Common Shares or Non-Voting Shares to be reinvested, you must register all these shares in exactly the same name and enroll each class of shares for dividend reinvestment.

5. Can I instruct the Plan Agent to reinvest only a portion of the dividends earned on any class of shares that I enrolled in the Plan?

No. By completing the Enrollment Form, you are directing TELUS to forward to the Plan Agent cash dividends, less any applicable withholding taxes, on all the shares that you selected for enrollment on the Enrollment Form and you are directing the Plan Agent to reinvest those cash dividends in the purchase of Non-Voting Shares. If you own more than one class of shares, you will continue to receive cash dividends on any class of shares that you did not elect to enroll in the Plan on the Enrollment Form. For example, if you hold both Non-Voting Shares and Common Shares and enroll only your Non-Voting Shares for dividend reinvestment, you will continue to receive cash dividends on your Common Shares.

6. When and how are Non-Voting Shares purchased for my account?

On the Investment Date each month, the Plan Agent invests any cash dividends received and any optional cash payments you have made in the purchase of Non-Voting Shares. For any Participants who are not residents of Canada, the amount of the cash dividends reinvested will be the amount remaining after TELUS has withheld any applicable withholding or non-resident taxes. These Non-Voting Shares are added to your account in the Plan.

7. When should I send in my Enrollment Form or optional cash payments to have Non-Voting Shares purchased for my account?

Dividend Reinvestment: Your Enrollment Form must be received by the Plan Agent on or before the dividend record date for any class of shares you authorized for dividend reinvestment in order for the cash dividends paid on the corresponding dividend payment date to be invested in Non-Voting Shares. If your Enrollment Form is received after the dividend record date, investment of your cash dividends will not begin until the Investment Date following payment of the next quarterly dividend.

Optional Cash Payments: Optional cash payments are invested in Non-Voting Shares on the Investment Date, which is the first business day of each month. The Plan Agent must receive your cheque or money order by the last business day of the preceding month. Any funds received after the deadline will be held by the Plan Agent and invested on the next Investment Date.

8. Will I receive any interest on funds I have sent to the Plan Agent as optional cash payments?

Interest will not be paid on any funds held for investment under the Plan; however, you may post-date your cheques to the last business day of the month.

9. What is the price of Non-Voting Shares purchased for the Plan?

TELUS will issue Non-Voting Shares from its treasury and the price will be the weighted average market price less, if determined by TELUS, a discount of up to 5% for Non-Voting Shares purchased using cash dividends. At the date hereof, the discount has been set at 3%. For the Non-Voting Shares issued by TELUS under the Plan using optional cash payments, the price will be the weighted average market price.

If TELUS in the future determines to purchase Non-Voting Shares from the open market, the price of the Non-Voting Shares purchased under the Plan for Participants will be the average cost paid by the Plan Agent for all Non-Voting Shares acquired, excluding brokerage fees, commissions and transaction costs.

10. Will I receive statements as a Participant in the Plan?

Yes, a quarterly statement will be mailed to you approximately three weeks following the applicable Investment Dates.

11. What will the quarterly statements show?

The statements will show a continuing record of dividends and optional cash payments received for reinvestment, purchases and withdrawals made, and Non-Voting Shares and Common Shares if any, held for your account under the Plan. Statements should be retained for tax purposes.

12. Will I automatically receive certificates for Non-Voting Shares purchased?

No, certificates for Non-Voting Shares purchased under the Plan will not be issued to you unless specifically requested. The shares in the Plan are held in an account for you and you will receive quarterly statements for your account.

13. How do I obtain a share certificate?

Complete a Request for Share Certificate or Sale Form (found on the back of your quarterly statement) or write to the Plan Agent. Requests may be for any whole number of Non-Voting Shares and/or Common Shares held in your account under the Plan. Complete section (a) on the form. The Plan Agent will normally forward certificates in the mail within two weeks of receipt of the request.

14. How do I sell shares held in the Plan and still continue in the Plan?

Complete a Request for Share Certificate or Sale Form (found on the back of your quarterly statement) or write to the Plan Agent. Requests may be for any whole number of Non-Voting Shares and/or Common Shares held in your account under the Plan. Complete section (b) on the form, if you wish to have the Plan Agent sell the shares on your behalf. You will receive a cash payment from the Plan Agent for the proceeds of the sale, LESS brokerage commissions, administrative fees and applicable taxes, if any, within two weeks of the Plan Agent receiving your request. Alternatively, if you wish to receive certificates and sell the shares through your investment dealer (they normally charge a commission to do this), complete section (a) on the form. The certificates will normally be issued within two weeks of the Plan Agent receiving your request.

As you are not closing your account in the Plan, any remaining Non-Voting Shares and/or Common Shares, including fractions, will continue to be held in your account and applicable cash dividends on these shares will continue to be reinvested.

15. What administrative fees and brokerage commissions will I be charged if I have the Plan Agent sell shares in the Plan for me?

The current fee is \$10.00 for each class of shares sold and the commission is 4 cents per share. These amounts are subject to change at any time without notice.

16. How do I exit/leave the Plan?

In order to exit/leave the Plan, you must complete section (b) entitled Terminate Participation in the Plan (found on the back of your quarterly statement) or write to the Plan Agent (see contact information). You can request the Plan Agent either to sell all your whole Plan shares or to issue certificates for all your whole Plan shares. You will receive a cash payment for the total of:

8

- (a) the cash value of any fractional Plan shares in your account under the Plan,
- (b) the amount of any uninvested cash held in your account under the Plan, and
- (c) if you requested the Plan Agent to sell your whole Plan shares, the proceeds of the sale, LESS brokerage commissions, administration fees and applicable taxes, if any.

If you requested the Plan Agent to issue certificates for your Plan shares, you will also receive share certificates for the whole shares requested. The cash payment, and share certificates if any, will normally be issued within two weeks of receiving the request.

NOTE: If your request to exit from the Plan is received by the Plan Agent between a Dividend Record Date on Common Shares or Non-Voting Shares and the corresponding Dividend Payment Date, settlement of your account (including any sale of shares) will be delayed until after the Dividend Payment Date. In the worst case, this delay could be five to six weeks as the cash payment, and share certificates if any, will be forwarded two to three weeks after the Dividend Payment Date.

17. What do I do if I no longer want the cash dividends on my Common Shares or Non-Voting Shares to be reinvested?

If you wish to start receiving cash dividends on all your shareholdings, you must exit from the Plan (see question 16). However, if you wish to start receiving cash dividends on only some classes of shares that you own and still reinvest the dividends on the rest, you can complete a new Enrollment Form, specifying those classes of shares for which you now wish dividend reinvestment. The selections made on this new Enrollment Form will replace all selections made on a previous form.

18. Are there any risks of participating in the Plan?

Participants should recognize that neither TELUS nor the Plan Agent can assure a profit or protect the Participant against a loss on the shares held under the Plan.

19. Will I receive any tax information?

As a Participant, you will receive an annual tax slip from the Plan Agent for reporting dividends paid on the Plan shares. However, TELUS is not providing income tax advice to any Participant on his or her participation in the Plan. Accordingly, you should consult your own tax advisor with respect to your particular circumstances.

THE PLAN

Amended and Restated Dividend Reinvestment and Share Purchase Plan

An Overview

The amended and restated Dividend Reinvestment and Share Purchase Plan (the "Plan") of TELUS Corporation (the "Company") provides a method for eligible registered holders of Common Shares or Non-Voting Shares to reinvest dividends received on their shares into additional Non-Voting Shares under the Plan. Participants may also make optional cash payments of not less than \$100 each and not more than \$20,000 per calendar year for each eligible registered holder to be applied to the purchase of additional Non-Voting Shares under the Plan. Additional Non-Voting Shares acquired by the Plan Agent under the Plan may be acquired through the purchase of Non-Voting Shares in the market, or by the issue of Non-Voting Shares from treasury, as elected by the Company. Any Non-Voting Shares issued from treasury for the reinvestment of dividends may be issued at a discount as determined by the Company. Participants under the Plan will not be charged any brokerage commissions, fees or transaction costs with respect to the acquisition of Non-Voting Shares under the Plan. If Non-Voting Shares are issued from treasury, the Company will receive additional funds to be used for general corporate purposes.

Plan shares held under the Plan will be registered in the name of the Plan Agent and recorded in separate accounts maintained by the Plan Agent for each Participant. The Plan Agent will receive eligible funds, purchase and hold the Non-Voting Shares purchased under the Plan and report quarterly to Participants. Certificates for Plan shares which have been purchased for, or are issued by the Company under, the Plan (excluding any fractional shares) will be issued to any Participant only upon the written request of the Participant or the representative of such Participant in the event of the death of the Participant.

Definitions

Average Market Price means the weighted average trading price for all trades of Non-Voting Shares on the Toronto Stock Exchange for the twenty (20) trading days immediately preceding the Investment Date.

Common Shares mean the common shares of the Company.

Dividend Payment Date means the date chosen by the Board of Directors of the Company for the payment of a dividend on Common Shares or Non-Voting Shares. For Common Shares and Non-Voting Shares, this historically has been the first business day of January, April, July and October of each year.

Dividend Record Date means the date declared by the Board of Directors of the Company to determine those shareholders entitled to receive payment of the corresponding dividend on Common Shares or Non-Voting Shares. This is expected to be about three weeks before the corresponding Dividend Payment Date.

Investment Date means for the reinvestment of dividends on Common Shares or Non-Voting Shares the Dividend Payment Date, and for the investment of optional cash payments the first business day of each month.

Market Purchase has the meaning set forth under "Price of Non-Voting Shares" (see page 13).

Non-Voting Shares mean the non-voting shares of the Company.

Participant means a registered holder of Common Shares or Non-Voting Shares electing to participate in the Plan.

Plan means TELUS Corporation Amended and Restated Dividend Reinvestment and Share Purchase Plan.

Plan Agent means Computershare Investor Services Inc., an independent trust company, who, on behalf of the Participants, administers the Plan.

Plan Shares mean Common Shares and Non-Voting Shares if any held by the Plan Agent on behalf of a Participant and credited to the Participant's account under the Plan.

Shares mean Common Shares and Non-Voting Shares.

Treasury Purchase has the meaning set forth under "Price of Non-Voting Shares" (see page 13).

Eligible Shareholders

Any registered holder of shares resident in a jurisdiction where the Non-Voting Shares are qualified for sale is eligible to enroll in the Plan.

Subject to any restrictions in the laws of their country of residence, shareholders who are resident outside Canada may participate in the Plan. However, dividends to be reinvested by such shareholders who are residents outside of Canada will continue to be subject to withholding of applicable non-resident tax and the amount reinvested will be reduced by the amount of the tax withheld.

A person who is a beneficial owner but not a registered holder of shares (e.g. whose Common Shares or Non-Voting Shares are held by an intermediary and registered in a nominee account) may be required to transfer those shares into the person's own name or into a specific segregated registered account such as a numbered account with an intermediary, such as a bank, trust company or broker. The beneficial owner must make arrangements with the bank, trust company or broker in order to participate in the Plan.

Participation in the Plan

An eligible shareholder may enroll in the Plan at any time by completing an Enrollment Form and forwarding it to the Plan Agent. For shares registered in more than one name, all registered holders must sign the Enrollment Form. Also, where a shareholder's total holding is registered in different names (e.g. full name on some share certificates and initials and surname on other share certificates), a separate Enrollment Form must be completed for each style of registration. If cash dividends from all shareholdings are to be reinvested under one account, the registration must be identical.

By completing the Enrollment Form, the Participant directs the Company to forward to the Plan Agent, cash dividends less any applicable withholding or non-resident tax, on all of the shares registered in such Participant's name as specified on the Enrollment Form and directs the Plan Agent to invest such dividends and any optional cash payments received in Non-Voting Shares under the Plan for the Participant.

Once a shareholder has enrolled in the Plan, such shareholder's participation in the Plan is continuous until exit from the Plan by a Participant, termination by such Participant or the Company with respect to a Participant from participation in the Plan, or termination of the Plan by the Company. When enrolling in the Plan, a completed

Enrollment Form must be received by the Plan Agent on or before the dividend record date for the Common Shares or Non-Voting Shares designated on the Enrollment Form in order for the corresponding dividends on the shares to be reinvested in Non-Voting Shares under the Plan in accordance with such direction and authorization.

For example, in the case of a cash dividend on shares payable on July 1st, if an Enrollment Form designating shares for dividend reinvestment is received by the Plan Agent on or before the dividend record date for the cash dividend on such shares, the July 1 cash dividend and all subsequent cash dividends on all shares registered identically to that shown on the Enrollment Form will be reinvested under the Plan. If the Enrollment Form is received after the dividend record date, the first cash dividend on such shares reinvested under the Plan will be the cash dividend on shares payable (if declared) on October 1.

A Participant may stop all reinvestment of cash dividends on such Participant's Common Shares or Non-Voting Shares if the Plan Agent receives written notification before the dividend record date for the applicable shares. If a Participant has sent in an optional cash payment and subsequently decides that the Participant does not want it invested into Non-Voting Shares, the Plan Agent must receive written notification prior to the next Investment Date. Any optional cash payments on which investment has been stopped will be returned to the Participant as soon as practicable after the written notification has been received.

Optional Cash Payments

The option to make cash payments to purchase Non-Voting Shares is available to Participants provided that optional cash payments made by any Participant shall not be less than \$100 per transaction or greater than \$20,000 per calendar year. An optional cash payment may be made by using the Optional Cash Payment Form, sent to Participants with each quarterly statement. A Participant is not obligated to make optional cash payments at any time or to send the same amount of money with each Optional Cash Payment Form.

Optional cash payments received by the Plan Agent on or after an Investment Date will be invested on the next Investment Date.

All Non-Voting Shares purchased under the Plan with optional cash payments received by the Plan Agent on or before a dividend record date for Non-Voting Shares will be entitled to the dividend on such Non-Voting Shares payable to shareholders of record on that dividend record date. Non-Voting Shares purchased after that dividend record date with optional cash payments received by the Plan Agent under the Plan will not be entitled to that dividend on such Non-Voting Shares. Cash dividends on Plan shares purchased with optional cash payments, less any withholding or non-resident tax, will automatically be reinvested.

No interest will be paid by the Company or the Plan Agent on any funds received prior to an Investment Date.

Price of Non-Voting Shares

Non-Voting Shares to be acquired under the Plan will be, at the Company's election, either (i) Non-Voting Shares purchased on the open market through the facilities of the Toronto Stock Exchange ("Market Purchase") or (ii) newly issued Non-Voting Shares purchased from the Company ("Treasury Purchase").

The purchase price for Non-Voting Shares acquired under the Plan from the reinvestment of cash dividends will be:

- (a) in the case of a Market Purchase, the average price paid (excluding brokerage commissions, fees and transaction costs) per Non-Voting Share by the Plan Agent for all Non-Voting Shares purchased in respect of a dividend payment date under the Plan, or
- (b) in the case of a Treasury Purchase, the Average Market Price less a discount, if any, of up to 5%, at the Company's election.

The purchase price for the Non-Voting Shares acquired under the Plan from optional cash payments will be:

- (a) in the case of a Market Purchase, the average price paid (excluding brokerage commissions, fees and transaction costs) for Non-Voting Shares by the Plan Agent for all Non-Voting Shares purchased in respect of an Investment Date under the Plan, or
- (b) in the case of a Treasury Purchase, the Average Market Price.

The Company will provide advance notification to Participants if the Non-Voting Shares will be acquired by way of Market Purchase or Treasury Purchase and if by Treasury Purchase, any discount offered or any change in the rate of discount.

Participants will not be charged any administrative fees or service charges that may be incurred by the Plan Agent in order to acquire Non-Voting Shares for Participants' accounts.

Dividends, less any applicable withholding or non-resident taxes on Common Shares and Non-Voting Shares enrolled in the Plan and optional cash payments will be invested in full, which may result in the acquisition of fractions of a Non-Voting Share for a Participant's account under the Plan. Shares purchased under the Plan, including fractions calculated to six decimal places, will be held by the Plan Agent in an account in the Participant's name.

Statements

Plan shares held by the Plan Agent under the Plan will be registered in the name of the Plan Agent and recorded in a separate account for each Participant. The Plan Agent will mail a statement quarterly to each Participant approximately three weeks following any Investment Date. These statements are a Participant's continuing record of cash dividends received, purchases and withdrawals made, and Common Shares, if any, and Non-Voting Shares held by the Plan Agent in such Participant's account under the Plan. These statements should be retained for income tax purposes. Income tax reporting information will be sent to Participants annually as required by law.

Certificates for Shares Held in the Plan

Share certificates for Plan shares will not be issued to a Participant unless specifically requested. This convenience protects against loss, theft or destruction of share certificates, and reduces administrative costs. The number of Plan shares credited to an account under the Plan (less any Plan shares delivered to, or sold on behalf of, the Participant) will be shown on the Participant's quarterly statement.

A Participant may, upon prior written request to the Plan Agent, have share certificates issued and registered in the Participant's name for any number of whole Plan shares held in his account under the Plan. Any remaining number of whole Plan shares, and fractions thereof, will continue to be held in the Participant's account under the Plan.

Accounts under the Plan are maintained in the names in which certificates of the Participants were registered at the time they enrolled in the Plan. Consequently, certificates for whole Plan shares issued on request of a Participant will be similarly registered when issued.

Sale of Shares Held in the Plan

A Participant who wishes to sell any number of whole Plan shares held for that Participant may request the Plan Agent to sell on such Participant's behalf a specified number of whole Plan shares from the account of such Participant. When so requested by a Participant, the Plan Agent will sell the specified number of whole Plan shares on behalf of the Participant through a stock broker designated by the Plan Agent, as soon as practicable following receipt by the Plan Agent of the Participant's instructions. The proceeds of such sale, less brokerage commissions, administrative fees and applicable taxes, if any, will be paid to the Participant by the Plan Agent. Common Shares or Non-Voting Shares that are to be sold for a Participant may be commingled with Common Shares or Non-Voting Shares respectively of other Participants requesting a sale of Plan shares, in which case the proceeds to each Participant will be based on the average sale prices and the average brokerage commissions of all Common Shares or Non-Voting Shares so commingled.

When a Participant withdraws, or requests the Plan Agent to sell on behalf of such Participant, the balance of the Plan shares held in the Plan account for such Participant (except for any fractional Plan share), the value of the fraction will be calculated as set out for the treatment of fractional shares on exiting from the Plan and paid out to the Participant in cash.

Exit from the Plan

A Participant may exit at any time from the Plan by providing written notice to the Plan Agent. After the effective date of such exit, cash dividends will be paid directly to the Participant. If the notice is received between a dividend record date and the related dividend payment date, the notice will not be effective until after the corresponding cash dividend amount has been reinvested under the Plan.

Upon exit from the Plan, a Participant may request the Plan Agent to either sell or issue to the Participant certificates for all the whole Plan shares held by the Plan Agent for the Participant's account. The exiting Participant will receive from the Plan Agent a cash payment for the total of (a) the value of any unsold fractions of Plan shares in the account for such Participant, (b) any uninvested cash held for such Participant's account and (c) if the Plan Agent was requested to sell the Participant's Plan shares, the net proceeds of the sale, if any, less any applicable withholding or non-resident taxes, fees and commissions. If the Participant requested certificates for the whole Plan shares held for such Participant's account, the requested certificates will accompany the payment.

If a sale of the Participant's whole Plan shares is required by the notice of exit, or upon notice of termination of the Plan, such sale will be made by the Plan Agent in the same manner as described above under the heading "Sale of Plan Shares". With respect to any fraction of a Common Share or Non-Voting Share, the Plan Agent will pay cash less any applicable withholding or non-resident taxes, based on the market price of the Common Shares or Non-Voting Shares respectively at the time of sale of any remaining whole number of Common Shares or Non-Voting Shares held in the account for such Participant or, failing that, the market price of the Common Shares or Non-Voting Shares, respectively, at the time the certificate is issued.

Termination from the Plan

Participation in the Plan will be terminated upon receipt by the Plan Agent of a written notice, satisfactory to the Plan Agent, of the death of a Participant. In such case, certificates for the number of whole Plan shares in account for such Participant under the Plan will be issued in the name of the deceased Participant (or another name on receipt of appropriate direction from the executor or administrator). The Plan Agent will send such certificates,

together with a cash payment for any uninvested cash, uninvested dividends on Plan shares and the value of any fractions of Plan shares, to the representative of the deceased Participant.

Participation in the Plan may be terminated, at the option of the Company, if the number of Non-Voting Shares purchased through the Plan by a Participant over a period of twelve consecutive months does not exceed a certain minimum number of whole Non-Voting Shares determined by the Company, at its discretion, from time to time. Initially, this minimum number is set at one whole Non-Voting Share. In the event that participation is terminated by the Company for this reason, share certificates will be issued for all Plan shares held in the Participant's account, except for fractions thereof which will be paid to the Participant in cash, calculated in same manner as set out for the treatment of fractional shares on exiting from the Plan.

In the event that a Participant in the Plan becomes ineligible to participate in the Plan (by change of status or otherwise), the participation of such Participant will be terminated by the Plan Agent. In this case, share certificates for the number of whole Plan shares held for the account of the Participant will be issued in the name of the Participant and the Plan Agent will send the certificates, together with a cash payment for any uninvested cash, uninvested cash dividends less any withholding or non-resident taxes, on Plan shares and the value of any fractions of Plan shares, to the Participant.

Participation in the Plan may be terminated, at the option of the Company, at its sole discretion, if the number of shares registered for participation in the Plan by any Participant fluctuates significantly around dividend record dates on a regular basis, reflecting an inappropriate use of the Plan.

Voting of Shares Held by the Plan Agent

Voting of all Common Shares, if any, and, when applicable, Non-Voting Shares (excluding any fractions thereof) held in the Participant's account under the Plan will be voted in accordance with each Participant's proxy. Common Shares or Non-Voting Shares for which a proxy is not received will not be voted.

Rights Offerings

In the event the Company makes available to its holders of Common Shares and/or Non-Voting Shares rights to subscribe for additional Common Shares and/or Non-Voting Shares or other securities, rights certificates evidencing such rights will be issued by the Company to each Participant for the number of Common Shares and/or Non-Voting Shares, as the case may be, (excluding any fractions thereof) held for the Participant's account under the Plan on the record date of such rights issue. Rights based on a fraction of a Common Share and/or Non-Voting Share held for a Participant's account will be sold for such Participant by the Plan Agent and the net proceeds will be invested on the next Investment Date.

Stock Dividends and Stock Splits

Any Common Shares and/or Non-Voting Shares distributed pursuant to a stock dividend on, or a stock split of, Common Shares and/or Non-Voting Shares respectively held by the Plan Agent for a Participant under the Plan will be retained by the Plan Agent and credited, net of any applicable withholding or non-resident taxes, to the account of the Participant. Certificates for any Common Shares and/or Non-Voting Shares resulting from a stock dividend on or a stock split of Common Shares and/or Non-Voting Shares respectively held on the record date by a Participant outside of the Plan will be mailed directly to the Participant in the same manner as to shareholders who are not participating in the Plan.

Responsibilities of the Company, the Plan Agent and Participants

16

Neither the Company nor the Plan Agent shall be liable for any act, or for any omission to act, in connection with the operation of the Plan including, without limitation, any claims of liability:

- (a) arising out of failure to terminate a Participant's account upon such Participant's death prior to receipt of notice in writing of such death;
- (b) with respect to the prices at which Non-Voting Shares are issued or at which Common Shares or Non-Voting Shares are sold for the Participant's account and the times such purchases or sales are made;
- (c) relating to the tax liability of the Participant, or any withholding or any non-resident taxes; or
- (d) actions taken as a result of inaccurate and incomplete information or instructions.

Participants should recognize that neither the Company nor the Plan Agent can assure a profit or protect the Participant against a loss on the Plan shares held for the Participant under the Plan.

Amendment, Suspension or Termination of the Plan

The Company reserves the right to amend, suspend or terminate the Plan at any time, but any such action shall not have retroactive effect that would prejudice the interests of the Participants. All Participants will be sent written notice of any such amendment, suspension or termination. In the event of termination of the Plan by the Company, certificates for Plan shares (excluding any fractions thereof) held for Participants' accounts under the Plan and all cash amounts, including but not limited to, net proceeds from the sale of any fractions of Plan shares, uninvested optional cash payments or other moneys will be remitted to the Participants as soon as practicable by the Plan Agent. In the event of suspension of the Plan by the Company, no investment will be made by the Plan Agent on the Investment Date immediately following the effective date of such suspension. Any cash held in a Participant's account which is not invested as of the effective date of such suspension and dividends on Common Shares and Non-Voting Shares which are subject to the Plan and which are paid after the effective date of such suspension will be remitted by the Plan Agent to the Participants to whom these are due.

Administration of the Plan

The Plan Agent acts as agent for the Participants in the Plan pursuant to an agreement between the Plan Agent and the Company which may be terminated by either party at any time, upon provision of reasonable notice to the other party. Should the Plan Agent cease to act as agent for the Participants, another Plan Agent will be designated by the Company.

Notices

All notices, statements, cheques and share certificates will be mailed to a Participant at the last address recorded in the Plan Agent's records.

Notices, declarations, requests and cheques from a Participant should be delivered or mailed to the Plan Agent.

Currency

All monetary amounts identified in the Plan are stated in Canadian currency.

Effective Date of the Amended and Restated Plan

17

This Amended and Restated Plan is effective as of September, 2005.

DESCRIPTION OF THE NON-VOTING SHARES TO BE REGISTERED AND THE COMPANY'S SHARE CAPITAL

General

The following sets forth the terms and provisions of the existing capital of the Company. The Company is authorized under its Notice of Articles to issue up to 1,000,000,000 shares of each class of first preferred shares ("First Preferred Shares"), second preferred shares ("Second Preferred Shares"), Non-Voting Shares or Common Shares. Certain of the rights and attributes of each class are described below.

Common Shares and Non-Voting Shares

Priority

The holders of Common Shares and Non-Voting Shares shall be entitled to participate equally with each other as to dividends and the Company shall pay dividends thereon, as and when declared by the Board of Directors of the Company out of monies properly applicable to the payment of dividends, in amounts per share and at the same time on all such Common Shares and Non-Voting Shares at the time outstanding as the Board of Directors of the Company may from time to time determine. In the event of the liquidation, dissolution or winding-up of the Company or other distribution of assets of the Company among its shareholders for the purpose of winding-up its affairs, all the property and assets of the Company which remain after payment to the holders of any shares ranking in priority to the Common Shares and Non-Voting Shares in respect of payment upon liquidation, dissolution or winding-up of all amounts attributed and properly payable to such holders of such other shares in the event of such liquidation, dissolution or winding-up or distribution, shall be paid and distributed equally, share for share, to the holders of the Common Shares and the Non-Voting Shares, without preference or distinction.

Voting Rights

The holders of the Common Shares shall be entitled to receive notice of and to attend (in person or by proxy) and be heard at all general meetings of the shareholders of the Company (other than separate meetings of the holders of shares of any other class of shares of the Company or any other series of shares of such other class of shares) and to vote at all such general meetings with each holder of Common Shares being entitled to one vote per Common Share held at all such meetings. The holders of Non-Voting Shares shall be entitled to receive notice of and to attend (in person or by proxy) and be heard at all general meetings of the shareholders of the Company (other than at separate meetings of the holders of shares of any other class of shares of the Company or of shares of any other series of shares of any such other class of shares other than the Common Shares) and shall be entitled to receive all notices of meetings, information circulars and other written information from the Company that the holders of Common Shares are entitled to receive from the Company but not to vote at such general meetings, unless otherwise required by law.

Anti-Dilution

Neither the Common Shares nor the Non-Voting Shares shall be subdivided, consolidated, reclassified or otherwise changed unless contemporaneously therewith the other class is subdivided, consolidated, reclassified or otherwise changed in the same proportion and in the same manner.

Non-Voting Share Conversion Rights

In the event an offer is made to purchase Common Shares that (i) must, by reason of applicable securities legislation or the requirements of a stock exchange on which the Common Shares are listed, be made to all or substantially all of the holders of Common Shares who are in a province of Canada to which the requirement applies, and (ii) is not made concurrently with an offer to purchase Non-Voting Shares that is identical to the offer to

purchase Common Shares in terms of price per share and percentage of outstanding shares to be taken up exclusive of shares owned immediately prior to the offer by the Offeror (as defined in the articles of the Company), and in all other material respects, and that has no condition attached thereto other than the right not to take up and pay for shares tendered if no shares are purchased pursuant to the offer for Common Shares, then each outstanding Non-Voting Share shall be convertible into one fully paid and non-assessable Common Share at the option of the holder thereof exercisable during the period commencing on the eighth day after the date on which the offer to purchase Common Shares was made or deemed to be made and expiring on the expiry date of such offer.

If all of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction (each as defined below) are changed so that there is no restriction on any non-Canadians (as defined in the Telecommunications Regulations or the Broadcasting Direction, as applicable) holding Common Shares in the Company and no requirement that Canadians (as defined in the Radiocommunication Regulations) hold Common Shares in the Company, a holder of one or more Non-Voting Shares shall have the right, at his or her option, at any time after the date of the last to change of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction; and prior to the closing of business 90 days thereafter (the "Regulatory Conversion Period") to convert any one or more of such Non-Voting Shares into Common Shares on a one-for-one basis. If all of the Telecommunications Regulations, the Radiocommunication Regulations and the Broadcasting Direction are changed so that there is no restriction on any non-Canadians (as defined in the Telecommunications Regulations and the Broadcasting Direction, as applicable) holding Common Shares in the Company and no requirement that Canadians (as defined in the Radiocommunication Regulations) hold Common Shares in the Company and following the Regulatory Conversion Period there are Non-Voting Shares still outstanding, all holders of Non-Voting Shares shall be deemed to have exercised their right to convert the Non-Voting Shares held by them into Common Shares upon receipt by all of the holders of written notice by the Company stating that the Company is requiring all holders to convert their Non-Voting Shares to Common Shares on the date specified in such notice. "Telecommunications Regulations" mean the Canadian Telecommunication Common Carrier Ownership and Control Regulations made pursuant to the Telecommunications Act (Canada); "Radiocommunication Regulations" mean the Regulations respecting Radiocommunications, Radio Authorizations, Exemptions from Authorizations and the Operation of Radio Apparatus, Radio-Sensitive Equipment and Interface Causing Equipment, P.C. 1996 — 1679 5 November, 1996, as amended or replaced from time to time, whether by statute, regulation, direction or by any other form of legislative instrument, and includes any licences under the Radiocommunication Act (Canada) held by entities controlled (as defined in the foregoing Regulations) by the Company; and "Broadcasting Direction" means the Direction to the Canadian Radio-television and Telecommunications Commission (Ineligibility of Non-Canadians) P.C. 1997 — 486 8 April 1997, as amended from time to time and any replacement direction or regulation under the Broadcasting Act (Canada) or any other form of legislative instrument, with respect thereto.

Common Share Conversion Right

The Company shall provide notice to each holder of Common Shares at least 10 days before the record date in respect of each general meeting of shareholders of the Company at which the holders of the Non-Voting Shares will be entitled to vote as a class. In such event and to the extent that, after taking into account the conversion, the class of persons, each of whom is a non-Canadian as defined in the Telecommunications Regulations or the Broadcasting Direction, or is not a Canadian as defined in the Radiocommunication Regulations (the "Constrained Class"), would continue to hold no more than the maximum number of Common Shares that may be owned and controlled by persons in the Constrained Class in accordance with the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Directions, whichever is the lowest so that, when added to all other voting shares (as defined in the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction, as the case may be) owned or controlled by the Constrained Class, the Company will be and will continue to be a "qualified corporation" as defined in the Telecommunications Regulations, a corporation that is Canadian (as defined

in the Radiocommunication Regulations) that controls (as defined in the Radiocommunication Regulations) a person or entity that holds licences under the Radiocommunication Act (Canada) and a corporation that is qualified under the Broadcasting Direction to be the parent of a corporation that is a "qualified corporation" as defined in the Broadcasting Direction, each outstanding Common Share shall be convertible into one Non-Voting Share on a one-for-one basis.

Ownership and Voting Restrictions

Non-Canadian shareholders shall not beneficially own or control, other than by way of security only, more than 33 1/3% (or such other percentage as may then be prescribed by the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Directions, whichever is the lowest percentage, as the percentage of voting shares that may be beneficially owned or controlled, by non-Canadians, in order for a corporation to be a "qualified corporation" as defined in the Telecommunications Regulations, a corporation that is Canadian (as defined in the Radiocommunication Regulations) that controls (as defined in the Radiocommunication Regulations) a person or entity that holds licences under the Radiocommunication Act (Canada) and a corporation that is qualified under the Broadcasting Direction to be the parent of a corporation that is a "qualified corporation" as defined in the Broadcasting Direction, provided that if no such percentage is prescribed the relevant percentage shall be deemed to be 100%) (the "Restricted Percentage") of the issued and outstanding Common Shares of the Company (the "Non-Canadian Share Constraint"). In the event that it appears from the central securities register of the Company that, or in the event of a Directors' determination (as provided for in the articles of the Company) that there is a contravention of the Non-Canadian Share Constraint: (a) the Company may pursuant to a Directors' determination make a public announcement, whether by press release, newspaper advertisements or otherwise, reasonably expected to inform the markets in which voting shares are traded of the contravention; and (b) the Company may refuse to (i) accept any subscription for voting shares from any non-Canadian, (ii) issue any voting shares to any non-Canadian, (iii) register or otherwise recognize the transfer of any voting shares from any Canadian to any non-Canadian, or (iv) purchase or otherwise acquire any voting shares, except as provided in the articles of the Company.

In the event of a Directors' determination that there is a contravention of the Non-Canadian Share Constraint and that to do so would be practicable and would not be unfairly prejudicial to, and would not unfairly disregard the interests of, persons beneficially owning or controlling voting shares who are non-Canadians, the Company shall send a disposition notice to the registered holders of such of those voting shares as shall be chosen on the basis of inverse order of registration of all non-Canadians. The Company may, by Directors' determination, suspend all rights of a shareholder to vote that would otherwise be attached to any voting shares beneficially owned, or controlled, by non-Canadians so that the proportion of the voting shares beneficially owned, or controlled, or considered by the Telecommunications Regulations, the Radiocommunication Regulations or the Broadcasting Direction to be beneficially owned, or controlled, by non-Canadians and with respect to which voting rights are not suspended is reduced to not more than the Restricted Percentage of the total issued and outstanding voting shares of the Company. Any disposition notice required to be sent to a registered holder of shares pursuant to the foregoing shall, among other things: (a) specify a date, which shall not be less than 60 days, after the date of the disposition notice, by which the excess voting shares are to be sold or otherwise disposed of or, if the Directors determine it to be in the interest of the Company to permit a conversion, converted into Non-Voting Shares; and (b) state that unless (i) the registered holder either sells or otherwise disposes of or converts the excess voting shares into Non-Voting Shares by the date specified in the disposition notice on a basis that does not result in any contravention of the Non-Canadian Share Constraint and provides to the Company written evidence satisfactory to the Company of such sale, other disposition or conversion, or (ii) provides written evidence satisfactory to the Company that no such sale, other disposition or conversion of excess voting shares is required, such default shall result in the consequence of suspension of voting rights and may result in a consequence of sale or conversion or repurchase or redemption and the disposition notice shall specify in reasonable detail the nature and timing of those consequences.

First Preferred Shares

Shares Issuable in Series

The First Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall, subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the First Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The First Preferred Shares of each series shall rank on parity with the First Preferred Shares of every other series with respect to dividends and return of capital and shall be entitled to a preference over the Second Preferred Shares and the Common Shares and Non-Voting Shares and over any other shares ranking junior to the First Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the First Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the First Preferred Shares as a class may be added to, changed or removed only with the approval of the holders of the First Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the First Preferred Shares then outstanding, or passed by an affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of the First Preferred Shares duly called for that purpose.

Second Preferred Shares

Shares Issuable in Series

The Second Preferred Shares may be issued at any time or from time to time in one or more series. Before any shares of a series are issued, the Board of Directors of the Company shall fix the number of shares that will form such series and shall, subject to the limitations set out in the articles of the Company, determine the designation, rights, privileges, restrictions and conditions to be attached to the Second Preferred Shares of such series, except that no series shall be granted the right to vote at a general meeting of the shareholders of the Company or the right to be convertible or exchangeable for Common Shares, directly or indirectly.

Priority

The Second Preferred Shares of each series shall rank on a parity with the Second Preferred Shares of every other series with respect to dividends and return of capital and shall, subject to the prior rights of the holders of the First Preferred Shares, be entitled to a preference over the Common Shares and the Non-Voting Shares and over any other shares ranking junior to the Second Preferred Shares with respect to priority in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary, or any other distribution of the assets of the Company among its shareholders for the purpose of winding-up its affairs.

Voting Rights

Except as required by law, holders of the Second Preferred Shares as a class shall not be entitled to receive notice of, to attend or to vote at any meeting of the shareholders of the Company, provided that the rights, privileges, restrictions and conditions attached to the Second Preferred Shares as a class may be added to, changed or removed only with the approval of the holders of the Second Preferred Shares given in such manner as may then be required by law, subject to a minimum requirement that such approval be given by resolution signed by the holders of not less than two-thirds of the Second Preferred Shares then outstanding, or passed by an affirmative vote of at least two-thirds of the votes

cast at a meeting of the holders of the Second Preferred Shares duly called for that purpose.

TELUS Rights Plan

TELUS adopted the Shareholders' rights plan ("Rights Plan") in March 2000 and issued one right (a "Series A Right") in respect of each Common Share outstanding as at such date and issued one right (a "Series B Right") in respect of each Non-Voting Share outstanding as of such date. The Rights Plan has a term of 10 years subject to shareholder confirmation every three years. The Rights Plan was amended and confirmed as amended by the shareholders first in 2003 and again in 2005 and 2008. Each Series A Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of more than 20% of the voting shares of TELUS (otherwise than through the "Permitted Bid" requirements of the Rights Plan) to purchase from TELUS \$320 worth of Common Shares for \$160 (i.e., at a 50% discount). Each Series B Right, other than those held by an Acquiring Person (as defined in the Rights Plan) and certain of its related parties, entitles the holder in certain circumstances following the acquisition by an Acquiring Person of 20% or more of the voting shares of TELUS (otherwise than through the "Permitted Bid" requirements of the Rights Plan) to purchase from TELUS \$320 worth of Non-Voting Shares for \$160 (i.e., at a 50% discount).

GENERAL CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the principal Canadian federal income tax considerations generally applicable to Participants under the Plan who, for purposes of the Income Tax Act (Canada), as amended from time to time ("ITA"), and at all relevant times, are not resident or deemed to be resident in Canada, do not use or hold and are not deemed to use or hold their Common Shares or Non-Voting Shares in carrying on business in Canada and do not carry on an insurance business in Canada and elsewhere. This summary is based on the current provisions of the ITA, the regulations thereunder, all specific proposals to amend the ITA or the regulations publicly announced by the Minister of Finance (Canada) prior to the date hereof, and an understanding of the current published administrative practices of the Canada Revenue Agency. This summary does not take into account Canadian provincial or territorial income tax laws or those of any country other than Canada.

Dividends

Dividends paid or credited to a U.S. resident holder on the Common Shares or Non-Voting Shares, including dividends reinvested under the Plan, will be subject to Canadian withholding tax at the rate of 25%, subject to the application of the Canada-U.S. Income Tax Convention (1980), as amended (the "Treaty"). If the U.S. resident holder is entitled to benefits under the Treaty, the applicable rate of Canadian withholding tax is generally reduced to 15%. Where the U.S. resident holder entitled to benefits under the Treaty is a company that owns at least 10% of Non-Voting Shares the applicable rate of Canadian withholding tax is reduced to 5%. Under the Treaty, dividends paid to certain religious, scientific, charitable and similar tax-exempt organizations and certain pension organizations that are resident in, and exempt from tax in, the United States are exempt from Canadian withholding tax. The amount of dividends to be reinvested under the Plan will be reduced by the amount of tax withheld.

Disposition of Non-Voting Shares

Gains on the disposition of Non-Voting Shares by a U.S. resident holder are generally not subject to Canadian income tax unless such Non-Voting Shares are or are deemed to be "taxable Canadian property" within the meaning of the ITA and the U.S. resident holder is not entitled to relief under the Treaty. Provided the Non-Voting Shares are listed on a designated stock exchange (which includes the TSX and the NYSE), such Non-Voting Shares will generally not be taxable Canadian property to a U.S. resident holder unless, at any time during the five-year period immediately preceding a disposition, the U.S. resident holder, persons with whom the U.S. resident holder did not deal at arm's length or the U.S. resident holder and persons with whom the U.S. resident holder did not deal at arm's length owned or had an interest in or option to acquire 25% or more of the issued shares of any class or series of shares of Company.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of certain U.S. federal income tax considerations relating to participation in the Plan by U.S. Participants (as defined below) that hold our Non-Voting Shares, acquired pursuant to the Plan, as a capital asset (generally, property held for investment). For purposes of this discussion, a "U.S. Participant" generally means a beneficial owner of our Common Shares or Non-Voting Shares enrolled in the Plan that is, for U.S. federal income tax purposes, any of the following:

- an individual who is a citizen or resident of the United States;
- a corporation created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate, the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or
- a trust if (a) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (b) such trust has made a valid election to be treated as a U.S. person for U.S. federal income tax purposes.

THIS DISCUSSION IS INCLUDED HEREIN AS GENERAL INFORMATION ONLY. ACCORDINGLY, PROSPECTIVE U.S. PARTICIPANTS IN THE PLAN ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE PARTICULAR U.S. FEDERAL, STATE, LOCAL AND NON-U.S. INCOME AND OTHER TAX CONSIDERATIONS APPLICABLE TO THEM RELATING TO THE PARTICIPATION IN THE PLAN.

This discussion is based on current provisions of the Internal Revenue Code of 1986, as amended from time to time (the "Code"), Treasury regulations promulgated thereunder, judicial opinions, published positions of the Internal Revenue Service, and other applicable authorities, all of which are subject to change (possibly with retroactive effect). This discussion does not address all aspects of U.S. federal income taxation that may be important to a particular U.S. Participant in light of that U.S. Participant's individual circumstances, nor does it address any aspects of U.S. federal estate and gift, state, local, or non-U.S. taxes. This discussion may not apply, in whole or in part, to particular U.S. Participants in light of their individual circumstances or to participants subject to special treatment under the U.S. federal income tax laws, such as:

- insurance companies;
- tax-exempt organizations and entities;
- financial institutions;
- brokers or dealers in securities;
- regulated investment companies;
- real estate investment trusts;

Edgar Filing: TELUS CORP - Form F-3

- U.S. Participants that hold our Common Shares or Non-Voting Shares as part of a straddle, hedge, conversion transaction or other integrated investment;
- persons that have a "functional currency" other than the U.S. dollar;
- persons that generally mark their securities to market for U.S. federal income tax purposes;

- persons that own or are deemed to own, directly, indirectly, or constructively or have an option to acquire, more than 10% of our common stock (by vote or value) for U.S. federal income tax purposes; and
- certain U.S. expatriates.

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) participates in the Plan, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. Any such partner or partnership should consult its tax advisor as to the particular U.S. federal income tax considerations relating to participation in the Plan.

IRS Circular 230

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, U.S. PARTICIPANTS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES CONTAINED HEREIN IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON, BY ANY TAXPAYER FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED UNDER THE INTERNAL REVENUE CODE; (B) THIS DISCUSSION IS BEING USED IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Tax Considerations relating to Dividend Reinvestment

In the case of a Treasury Purchase, a U.S. Participant generally will be treated as receiving a distribution for U.S. federal income tax purposes in an amount equal to the fair market value on the applicable Dividend Payment Date of the Non-Voting Shares purchased with reinvested dividends plus the amount of any Canadian withholding tax withheld therefrom. The fair market value of the Non-Voting Shares purchased from us on the applicable Dividend Payment Date may be higher or lower than the price used to determine the number of Non-Voting Shares so purchased pursuant to the Plan. In the case of a Market Purchase, a U.S. Participant generally will be treated as receiving a distribution for U.S. federal income tax purposes in an amount equal to sum of (i) the cash dividend paid by us (without reduction for any Canadian tax withheld from such dividend) and (ii) any brokerage commissions, fees, transaction costs or other related charges paid by us that are allocable to the Plan Agent's purchase of Non-Voting Shares on behalf of such U.S. Participant. The amount of any such distribution to a U.S. Participant (reduced by any Canadian tax withheld from such distribution) generally will be such U.S. Participant's tax basis in the Non-Voting Shares purchased. A U.S. Participant's holding period for these Non-Voting Shares generally will begin on the day following the date of purchase.

Any distribution to a U.S. Participant described in the preceding paragraph generally will be subject to U.S. federal income tax in the same manner as cash distributions described below. See "Tax Consequences of Purchase, Ownership and Disposition of Non-Voting Shares—Distributions; —Backup Withholding Tax and Information Reporting."

If U.S. backup withholding tax applies to any dividends paid that are to be reinvested in Non-Voting Shares, the number of Non-Voting Shares credited to your account will be reduced as a result of such backup withholding tax. See "Tax Consequences of Purchase, Ownership and Disposition of Non-Voting Shares—Backup Withholding Tax and Information Reporting."

Tax Considerations relating to Optional Cash Investments

In the case of a Treasury Purchase, a U.S. Participant generally will be treated as having received a distribution for U.S. federal income tax purposes as a result of such acquisition in an amount equal to the excess, if any, of (i) the

fair market value of the Non-Voting Shares on the Investment Date, over (ii) the option cash payment made. In the case of a Market Purchase, a U.S. Participant generally will be treated for U.S. federal income tax purposes as receiving a distribution in an amount equal to any brokerage commissions, fees, transaction costs or other related charges paid by us that are allocable to the Plan Administrator's purchase of Non-Voting Shares on behalf of such U.S. Participant. A U.S. Participant's tax basis in the Non-Voting Shares purchased will be equal to the cost paid by the Plan Agent to acquire such Non-Voting Shares generally, plus the amount (if any) treated as a distribution for U.S. federal income tax purposes. The U.S. Participant's holding period for those Non-Voting Shares generally will begin on the day following the date of purchase.

Any distribution to a U.S. Participant described in the preceding paragraph generally will be subject to U.S. federal income tax in the same manner as cash distributions described below. See "Tax Consequences of Purchase, Investing and Disposition of Non-Voting Shares — Distributions; — Backup Withholding Tax and Information Reporting."

Tax Considerations relating to Purchase, Ownership and Disposition of Non-Voting Shares

Cash Distributions

Subject to the discussion below under "—Passive Foreign Investment Company Considerations," a U.S. Participant that receives a cash distribution with respect to a Non-Voting Share generally will be required to include the amount of such distribution in gross income as a dividend (without reduction for any Canadian tax withheld from such distribution) to the extent of our current or accumulated earnings and profits (as determined for U.S. federal income tax purposes). To the extent the amount of such distribution exceeds such current and accumulated earnings and profits, it will be treated first as a non-taxable return of capital to the extent of such U.S. Participant's tax basis in such Non-Voting Share and thereafter will be treated as gain from the sale or exchange of such Non-Voting Share.

The U.S. dollar value of any distribution on Non-Voting Shares made in Canadian dollars generally should be calculated by reference to the exchange rate between the U.S. dollar and the Canadian dollar in effect on the date of receipt of such distribution by the U.S. Participant (or the Plan Agent on behalf of the U.S. Participant), regardless of whether the Canadian dollars so received are in fact converted into U.S. dollars. If the Canadian dollars so received are converted into U.S. dollars on the date of receipt, such U.S. Participant generally should not recognize foreign currency gain or loss on such conversion. If the Canadian dollars so received are not converted into U.S. dollars on the date of receipt, such U.S. Participant generally will have a tax basis in such Canadian dollars equal to the U.S. dollar value of such Canadian dollars on the date of receipt. Such tax basis will be used to measure gain or loss from a subsequent conversion. Any gain or loss on a subsequent conversion or other taxable disposition of such Canadian dollars generally will be treated as ordinary income or loss to such U.S. Participant and generally will be income or loss from sources within the United States for U.S. foreign tax credit purposes.

Cash distributions on Non-Voting Shares that are treated as dividends generally will constitute income from sources outside the United States and generally will be categorized for U.S. foreign tax credit purposes as "passive category income" or, in the case of some U.S. Participants, as "general category income." Such dividends generally will not be eligible for the "dividends received" deduction ordinarily allowed to corporate shareholders with respect to dividends received from U.S. corporations. A U.S. Participant may be eligible to elect to claim a U.S. foreign tax credit against its U.S. federal income tax liability, subject to applicable limitations and holding period requirements, for Canadian tax withheld, if any, from distributions received in respect of the Non-Voting Shares. A U.S. Participant that does not elect to claim a U.S. foreign tax credit may instead claim a deduction for Canadian tax withheld, but only for a taxable year in which the U.S. Participant elects to do so with respect to all foreign income taxes paid or accrued in such taxable year. The rules relating to U.S. foreign tax credits are very complex, and each U.S. Participant should consult its own tax advisor regarding the application of such rules (including the source of any gain or loss resulting from the

disposition of Non-Voting Shares).

Distributions treated as dividends that are received by a non-corporate U.S. Participant (including an individual) through taxable years beginning on or before December 31, 2010 should generally qualify for a 15%

reduced maximum tax rate so long as certain holding period and other requirements are met and we are not treated as a passive foreign investment company with respect to such U.S. Participant. Special rules apply for purposes of determining such U.S. Participant's investment income (which may limit deductions for investment interest) and foreign income (which may affect the amount of U.S. foreign tax credit) and to certain extraordinary dividends. Each non-corporate U.S. Participant should consult its own tax advisor regarding the possible applicability of the reduced tax rate and the related restrictions and special rules.

Sale, Exchange or Other Taxable Disposition of Non-Voting Shares

Subject to the discussion below under "—Passive Foreign Investment Company Considerations," a U.S. Participant generally will recognize capital gain or loss for U.S. federal income tax purposes upon the sale, exchange or other taxable disposition of a Non-Voting Share and when it receives cash payments for fractional shares credited to its account on exiting from the Plan or otherwise. The amount of gain or loss will equal the difference, if any, between the amount realized on the sale, exchange or other taxable disposition and such U.S. Participant's tax basis in such Non-Voting Share. Such capital gain or loss generally will be long-term capital gain (currently taxable at a reduced rate for non-corporate U.S. Participants) or loss if, on the date of sale, exchange or other taxable disposition, the Non-Voting Share or fraction thereof was held by such U.S. Participant for more than one year. The deductibility of capital losses is subject to limitations.

Passive Foreign Investment Company Considerations

We believe that we were not in 2008, and we do not expect to become in 2009, a passive foreign investment company, or PFIC, for U.S. federal income tax purposes. However, because this determination is made annually at the end of each taxable year and is dependent upon a number of factors, some of which are beyond our control, including the value of our assets and the amount and type of our income, there can be no assurance that we will not become a PFIC in any taxable year or that the Internal Revenue Service will agree with our conclusion regarding our PFIC status. If we are a PFIC in any taxable year, U.S. Participants could suffer adverse consequences, including the possible characterization of gain from sale, exchange or other taxable disposition of Non-Voting Shares as ordinary income and an interest charge on a portion of the resulting tax liability.

Backup Withholding Tax and Information Reporting

Under certain circumstances, U.S. backup withholding tax and/or information reporting may apply to U.S. Participants with respect to payments made on or proceeds from the sale, exchange or other taxable disposition of Non-Voting Shares, unless an applicable exemption is satisfied. U.S. Participants that are corporations generally are excluded from these information reporting and backup withholding tax rules. Any amounts withheld under the backup withholding tax rules will be allowed as a credit against a U.S. Participant's U.S. federal income tax liability, if any, or will be refunded, if such U.S. Participant furnishes the required information to the Internal Revenue Service on a timely basis.

Reportable Transactions

A U.S. Participant that participates in any "reportable transaction" (as defined in U.S. Treasury regulations) must attach to its U.S. federal income tax return a disclosure statement on IRS Form 8886. U.S. Participants should consult their own tax advisers as to the possible obligation to file IRS Form 8886 with respect to the sale, exchange or other disposition of any non-U.S. currency received as a dividend on Non-Voting Shares.

161 Subject to section 163, a company must, after the final disposition of an eligible proceeding, pay the expenses actually and reasonably incurred by the eligible party in respect of that proceeding if the eligible party

- (a) has not been reimbursed for those expenses, and
- (b) is wholly successful, on the merits or otherwise, in the outcome of the proceeding or is substantially successful on the merits in the outcome of the proceeding.

163 (1) A company must not indemnify an eligible party under section 160 (a) or pay the expenses of an eligible party under section 160 (b), 161 or 162 if any of the following circumstances apply:

- (d) in the case of an eligible proceeding other than a civil proceeding, if the eligible party did not have reasonable grounds for believing that the eligible party's conduct in respect of which the proceeding was brought was lawful.

II-1

(2) If an eligible proceeding is brought against an eligible party by or on behalf of the company or by or on behalf of an associated corporation, the company must not do either of the following:

- (a) indemnify the eligible party under section 160 (a) in respect of the proceeding;
- (b) pay the expenses of the eligible party under section 160 (b), 161 or 162 in respect of the proceeding.

- (1) is or was a director, officer, employee or agent of the Company;

To the extent permitted by law, the Company has entered into an indemnification agreement with its directors for liabilities incurred while performing their duties. The Company also maintains Directors' & Officers' Liability and Fiduciary Liability insurance which protect individual directors and officers and the Company against claims made, provided they acted in good faith on behalf of the Company, subject to policy restrictions.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933, as amended, and is therefore unenforceable.

II-4

Notwithstanding the foregoing, with respect to registration statements on Form F-3, a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Securities Act of 1933 or Rule 3-19 of Regulation S-X if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F-3.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser: each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual reports pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the

registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
