INFORMATION CIRCULAR

for the Annual Meeting of Shareholders to be held May 25, 2012

PURPOSE OF SOLICITATION

This Information Circular is furnished in connection with the solicitation of proxies by the management of Sonde Resources Corp. ("Sonde" or the "Company") for use at the annual meeting (the "Meeting") of the holders ("Shareholders") of common shares ("Common Shares") of the Company.

The Meeting will be held in the Viking Room at the Calgary Petroleum Club, 319 - 5th Avenue S.W. Calgary, Alberta on May 25, 2012 at 3:00 p.m. (Calgary time) and at any adjournments thereof for the purposes set forth in the Notice of Annual Meeting of Shareholders (the "Notice of Meeting") accompanying this Information Circular. Information contained herein is given as of April 20, 2012 unless otherwise specifically stated.

Solicitation of proxies will be primarily by mail but may also be by telephone, facsimile, in person or by other means of communication by directors, officers and employees of Sonde who will not be additionally compensated. All costs and expenses incurred in connection with the solicitation of proxies will be borne by Sonde.

APPOINTMENT AND REVOCATION OF PROXIES

Enclosed herewith is a form of proxy for use at the Meeting. The persons named in the form of proxy are directors and/or officers of Sonde. A Shareholder submitting a proxy has the right to appoint a nominee (who need not be a Shareholder) to represent such Shareholder at the Meeting other than the persons designated in the enclosed form of proxy by inserting the name of the chosen nominee in the space provided for that purpose on the form of proxy and by striking out the printed names.

A form of proxy will not be valid for the Meeting or any adjournment thereof unless it is signed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, it must be executed by a duly authorized officer or attorney thereof.

All proxies must be deposited with Valiant Trust Company, the registrar and transfer agent of the Common Shares, by no later than 3:00 p.m. (Calgary time) on May 23, 2012 or two business days preceding the date of any adjournment. Registered Shareholders may deposit their proxies by:

- (1) delivering their proxy to Valiant Trust Company at 310, 606 - 4th Street S.W., Calgary, Alberta T2P 1T1;
- (2) faxing their proxy to Valiant Trust Company at (403) 233-2857; or
- (3) using the internet site at www.valianttrust.com to transmit their voting instructions. Shareholders should have the form of proxy in hand when they access the web site. Shareholders will be prompted to enter their Control Number, which is located on the form of proxy. The website may be used to appoint a proxy holder to attend and vote on a Shareholder's behalf at the Meeting and to convey a Shareholder's voting instructions.

A registered Shareholder who has given a proxy may revoke it prior to its use, in any manner permitted by law, including by instrument in writing, executed by the Shareholder or by his or her attorney authorized in writing or, if the Shareholder is a corporation, executed by a duly authorized officer or attorney thereof, and deposited at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or with the chairman of the Meeting on the day of the Meeting or any adjournment thereof.

If a registered Shareholder has voted using the internet and such Shareholder wishes to change their appointment or change their voting instruction, the Shareholder must resubmit their proxy or voting instruction prior to the deadline noted above. When resubmitting a proxy, the most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to in this Information Circular as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of Sonde as the registered Shareholders can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of Sonde. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Depository and Clearing Services Inc., which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting Common Shares for the broker's clients. Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Services, Inc. ("Broadridge"). Broadridge typically mails a scanable voting instruction form in lieu of the form of proxy. The Beneficial Shareholder is requested to complete and return the voting instruction form to them by mail or facsimile. Alternatively, the Beneficial Shareholder can call a toll-free telephone number or visit www.proxyvote.com to vote the Common Shares held by the Beneficial Shareholder. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for a registered Shareholder and vote the Common Shares in that capacity. Beneficial

Shareholders who wish to attend at the Meeting and indirectly vote their Common Shares as proxyholder for a registered Shareholder should enter their own names in the blank space on the instrument of proxy provided to them and return the same to their broker

Information Circular 2

(or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

VOTING OF PROXIES

All Common Shares represented at the Meeting by properly executed proxies will be voted on any matter that may be called for and, where a choice with respect to any matter to be acted upon has been specified in the accompanying form of proxy, the Common Shares represented by the proxy will be voted in accordance with such instructions. In the absence of any such instruction, the persons whose names appear on the printed form of proxy will vote in favour of all the matters set out thereon. The enclosed form of proxy confers discretionary authority upon the persons named therein. If any other business or amendments or variations to matters identified in the Notice of Meeting properly come before the Meeting, then discretionary authority is conferred upon the person appointed in the proxy to vote in the manner they see fit, in accordance with their best judgment.

At the time of the printing of this Information Circular, the management of Sonde knew of no such amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice of Meeting.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The board of directors of Sonde (the "Board") has fixed April 25, 2012 as the record date. Shareholders at the close of business on April 25, 2012 are entitled to receive notice of the Meeting and to vote thereat or at any adjournments thereof on the basis of one vote for each Common Share held, except to the extent that: (i) a registered Shareholder has transferred the ownership of any Common Shares subsequent to April 25, 2012; and (ii) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares and demands, not later than 10 days before the Meeting, that his or her name be included on the list of persons entitled to vote at the Meeting, in which case, the transferee shall be entitled to vote such Common Shares at the Meeting. The transfer books will not be closed.

As of April 20, 2012, 62,301,446 Common Shares were issued and outstanding as fully paid and non-assessable.

As of April 20, 2012, to the knowledge of the directors and executive officers of Sonde, there are no persons or companies who beneficially own, directly or indirectly, or control or direct Common Shares carrying 10% or more of the voting rights attached to all of the Common Shares, except as set forth below:

Name	Voting Securities Held	Percentage of Voting Securities Held
Clayton H. Riddell	8,117,355 Common Shares(1)	13.0

Note:

1)Includes 7,700,000 Common Shares held by Treherne Resources Ltd., a private company controlled by Mr. Clayton H. Riddell and 192,355 Common Shares held by the Riddell Family Charitable Foundation.

As of April 20, 2012, the directors and executive officers of Sonde, as a group, beneficially owned, directly or indirectly, 290,929 Common Shares, representing less than one percent of the issued and outstanding Common Shares.

As of April 20, 2012, the directors and executive officers of Sonde, as a group, beneficially owned, directly or indirectly, 2,076,000 options ("Options") to purchase Common Shares issuable pursuant to the stock option plan (the "Option Plan") of the Company. If all such Options were exercised, the directors and executive officers of Sonde, as a group, would hold approximately 3.8 percent of the then issued and outstanding Common Shares (on a fully diluted basis).

The Compensation Committee is responsible for assisting the Board in designing, reviewing and modifying the Company's executive compensation program to ensure it reflects the objectives and long term interests of the Company.

Information Circular 4

Compensation Committee

The Compensation Committee is currently comprised of Messrs. Riddell, Lancaster and Turnbull, each of whom is independent within the meaning of National Instrument 52-110, Audit Committees. During 2011, Dr. Roach served as a member of the Committee from March to November 2011 when the Committee was reconstituted. The Committee members' experience in leadership roles during their careers, their extensive knowledge of the energy industry and their mix of experience in areas of operations, financial matters, corporate strategy and legal, regulatory and governance matters provides the collective experience, skills and qualities to effectively support the Committee in carrying out its mandate. The specific experience and skills of the members of the Compensation Committee are detailed below.

James H.T. Riddell has served as the Chairman of the Compensation Committee since 2010. Mr. Riddell is presently the President and Chief Operating Officer of Paramount Resources Ltd. and President and Chief Executive Officer of Trilogy Energy Corp. In these roles, Mr. Riddell has been primarily responsible for overseeing compensation matters for employees of the organizations in which he has been involved, advancing recommendations to the respective boards of directors regarding executive compensation matters and been actively involved in the establishment and implementation of compensation programs.

W. Gordon Lancaster has served as a member of the Compensation Committee since May 2011. Mr. Lancaster is presently an independent business consultant and from January 2004 to November 2009, Mr. Lancaster was the Chief Financial Officer of a public oil and gas company. Prior thereto Mr. Lancaster was with Deloitte & Touche LLP for 20 years, including five years as a partner. Mr. Lancaster serves as the chair of the compensation committee of South Gobi Resources Ltd., a public mining company. In this role and his role as Chief Financial Officer of several public companies, Mr. Lancaster has been responsible for human resources and corporate executive compensation planning and execution.

Gregory G. Turnbull has served as a member of the Compensation Committee since November 2011. Mr. Turnbull is a partner with the law firm McCarthy Tétrault LLP and currently serves on the compensation committees of Crescent Point Energy Corp., Storm Resources Ltd., Hawk Exploration Ltd., Hyperion Exploration Corp., Online Energy Inc., Porto Energy Corp. and Sunshine Oilsands Ltd. In these various roles, Mr. Turnbull has had frequent interaction with professional compensation advisors and matters pertaining to executive and director compensation.

Dr. William J.F. Roach served as a member of the Compensation Committee from March 2011 until November 2011 when he was replaced by Mr. Turnbull. Dr. Roach is currently the President and Chief Executive Officer of Cavalier Energy Inc. and prior thereto was the Chief Executive Officer of Calera Corporation and President and Chief Executive Officer of UTS Energy Inc. prior thereto. In his role as Chief Executive Officer, Dr. Roach has been primarily responsible for overseeing compensation matters for employees of the organizations in which he was involved and advancing recommendations to the respective boards of directors regarding executive compensation matters.

The Committee met four times during the year. All meetings of the Compensation Committee are documented in the form of minutes. During 2011, in camera sessions were held at two of the four meetings of the Committee.

Objectives of the Compensation Program

The primary objectives of the Company's executive compensation program are: (i) to attract and retain talented and experienced people by providing competitive total compensation; (ii) to motivate and reward executive officers; (iii)

to align the interests of executive officers and Shareholders; and (iv) to provide flexibility to enable the Company to be responsive to changes in the organization, the marketplace and the economy.

Information Circular 5

Compensation Process

The Board, relying on significant input from the Compensation Committee, has the ultimate responsibility for the Company's compensation program and compensation decisions. The Compensation Committee and the Board generally seek advice of officers and other advisors when making these decisions. When determining senior officer compensation, the Board evaluates the Company's performance relative to the corporate objectives and strategic business plans and the executive's individual achievements during the year. The CEO assists the Compensation Committee and the Board in setting annual corporate performance goals that apply to all employees, including the Named Executive Officers.

Compensation Consultant

When the Compensation Committee considers it necessary or advisable, it may retain, at the Company's expense, outside consultants or advisors to assist or advise the Committee on any matter within its mandate. The Committee did not engage a compensation consultant in connection with the establishment of 2011 compensation paid to the Named Executive Officers as these compensation levels were established following an extensive cross-border executive recruitment process that resulted in the hiring of the CEO and COO in late 2010. The CFO was hired in May 2011 and his compensation levels were determined based on the pre-established compensation mix and levels established for the CEO and COO in 2010.

In September 2011, the Compensation Committee began a search for a compensation consultant to review and advise the Committee on the competitiveness and effectiveness of its executive compensation program. In November 2011, the Committee engaged Stone Partners, Inc., now Frost HR Consulting, an independent third party executive compensation consultant, to provide a compensation assessment by assisting the Committee in creating a peer group for use in benchmarking executive compensation practices. The compensation assessment was presented by Frost HR Consulting in February 2012 in connection with the Compensation Committee's review of 2011 performance and the determination of performance based cash bonuses for 2011.

Executive Compensation Related Fees

The Company paid Frost HR Consulting U.S.\$1,801 for consulting services rendered during 2011. The total amount paid to Frost HR Consulting during 2011 and 2012 to date for their services was U.S.\$19,184.

Elements of Compensation

Standard compensation arrangements for the Named Executive Officers generally include three key elements: (i) base salary; (ii) performance based cash bonus; and (iii) long-term incentives including stock options, stock units and restricted share units. The Named Executive Officers are also eligible to participate in the same benefits as are offered to full-time employees. The Company does not view these benefits as a significant element of its executive compensation structure. The Committee does not have a formal policy for allocating compensation between cash and non-cash compensation. Compensation of the Named Executive Officers has predominately been cash-based as the Company was subject to limitations on the granting of equity compensation. Additionally, the tax consequences applicable to the Named Executive Officers, each of whom is a U.S. resident for tax purposes, impacted the use of non-cash compensation.

Base Salaries

The objective of base salary compensation is to attract, retain and reward executive officers and employees. It is a fixed level of regularly paid cash compensation for performing day-to-day responsibilities. Base salary is intended to

be competitive with companies of similar size, industry and scope of operations. In setting base compensation levels, consideration is given to such factors as level of responsibility and experience. Subjective factors such as leadership, commitment and attitude are also considered.

Information Circular 6

Base salaries of executive officers were established prior to their commencement of employment through arm's length negotiations and are reviewed annually by the Committee. In addition to the above factors, decisions regarding salary increases are impacted by each executive officer's current salary and the amounts paid to peers outside the Company that have comparable responsibilities in similarly positioned companies, although the Compensation Committee did not conduct any formal benchmarking process in establishing 2011 base salaries.

Performance Based Cash Bonuses

The Board, based upon recommendations from the Compensation Committee, has authority to award discretionary annual cash bonuses to executives and employees, which are intended to motivate and reward the recipients for the achievement of short-term and long-term goals. The actual amount of any bonus is determined following a review of corporate performance and each employee's individual performance. Corporate performance is assessed based upon goals and objectives established for the current year. Individual performance is based on both qualitative and quantitative criteria that is intended to recognize individual contributions to the achievement of the Company's short-term and long-term goals and objectives. This individual performance assessment takes into account the level of responsibility and ability to influence or affect overall corporate performance.

Currently, the executive employment agreements for the Named Executive Officers provide for performance based cash bonuses of up to 100% of base salary for the CEO and COO and 50% of base salary for the CFO. However, in certain circumstances, the Board may exercise its discretion to increase a cash bonus in excess of these levels, including instances where the Named Executive Officer's contribution during the year merits additional recognition.

Stock Units and Restricted Share Units

In connection with the recruitment of the CEO and COO, the Board granted stock unit awards ("Stock Units") to the Named Executive Officers. Each Stock Unit tracks the value of a Common Share of the Company and entitles the holder to receive a cash payment based upon the market value of the Company's Common Shares upon meeting certain vesting criteria. Vesting of Stock Units is generally time based but may also include performance criteria such as the achievement of a minimum share price. The grant of Stock Units is intended to provide an element of incentive compensation that is directly tied to share value over time in order to promote longer-term shareholder returns. For details of the outstanding Stock Units, see "Outstanding Stock Units and RSUs - Named Executive Officers".

In March 2011, the Board approved a new restricted share unit plan of the Company (the "RSU Plan"). The RSU Plan is a long term incentive plan intended to, among other things, provide employees, senior officers, directors and consultants with an element of incentive compensation that is directly tied to share value over time in order to promote longer-term shareholder returns. For a description of the RSU Plan and details of the outstanding restricted share units ("RSUs"), see "Incentive Plan Awards - Description of the RSU Plan" and "Outstanding Stock Units and RSUs - Named Executive Officers".

Stock Options

Option grants are an integral component of the compensation package for the Company's executives and employees. The Option Plan is designed to: (i) recognize and reward the impact of longer-term strategic actions undertaken by management; (ii) align the interests of the Company's executives and employees with Shareholders; (iii) focus management on developing and successfully implementing the continuing growth strategy of the Company; (iv) foster the retention of key management personnel; and (v) attract talented individuals to the Company.

Option grants are approved by the Board after considering the recommendations of the Committee. In granting new Options, consideration is given to: (i) the number and terms of Options already outstanding on an individual basis; (ii) the limits imposed by the Toronto Stock Exchange ("TSX") and the Option Plan on the total number of Options that may be outstanding; and (iii) the expected impact of the role of the executive on the Company's performance and strategic development. The Committee then uses its

Information Circular 7

discretion to adjust the number of Options to be granted to executives and employees up or down based upon individual performance and other factors. See "Incentive Plan Awards - Description of the Option Plan" for details on the Option Plan.

Benefits and Other Perquisites

The Company has an employee stock savings plan ("ESSP") under which officers and employees may contribute up to 5% of their base salaries towards the purchase of Common Shares through the facilities of the TSX and the Company matches these contributions. Participation in the ESSP is voluntary.

In addition, the Named Executive Officers are eligible to participate in the benefits generally offered to all full time employees such as life insurance, disability, medical, dental, health and accident plans and four to six weeks of annual paid vacation. In addition, Named Executive Officers are entitled to perquisites which are personal benefits not generally available to all employees. These perquisites vary by Named Executive Officer and include items such as a car allowance, parking, U.S. health coverage and annual membership costs. These benefits and other perquisites are designed to be competitive overall with equivalent positions in similar companies.

Employment Agreements and Share Ownership Requirements

Executives' employment agreements alleviate personal uncertainty and provide fair treatment in the event of termination or change in role, especially in the case of a change of control. In exchange, the executives commit to non-solicitation and confidentiality restrictions in the event of termination.

In addition, the executive employment agreements for each of the Named Executive Officers contains share ownership requirements. Each of the Named Executive Officers has three years from their date of hire to achieve their personal share ownership requirement. The CEO and COO must attain a level of ownership equal to three times base salary and the CFO must attain a level of ownership equal to one time base salary. Non-compliance provides the Company with the recourse of terminating the executive for cause. Each of the Named Executive Officers has acquired Common Shares and the CEO and COO have until October 2013 to meet their share ownership requirement and the CFO has until May 2014 to meet his share ownership requirement. For more details on the holdings of the Named Executive Officers, see "Equity Ownership Requirements".

Analysis of 2011 Compensation and Compensation Decisions

Compensation decisions and payments made during 2011 were significantly influenced by recruitment decisions that occurred in the fall of 2010. After emerging from protection under the Companies' Creditors Arrangement Act and installing a new Board of Directors in late 2009, the Company undertook an extensive search in both Canada and the United States to identify an experienced and capable management team with international and Canadian oil and gas experience. A number of executive recruitment firms were engaged to assist the Company and in October 2010, Mr. Schanck was appointed as CEO and Mr. Dirks was appointed as COO. The terms of employment for Mr. Schanck were negotiated at arm's length by a special committee of the Board of Directors. The considerations affecting the compensation levels established for Messrs. Schanck and Dirks included the significant challenges and uncertainty still facing the Company in connection with its capital intensive international operations and constrained liquidity, reputational issues relating to the Company, the limited number of qualified candidates identified during the cross-border recruitment process and competitive compensation levels for senior executives in the United States, where each of the Named Executive Officers was located at the time of their recruitment. These same factors continued to influence compensation decisions at the time of hiring Mr. Nelson as CFO in May 2011. The nature and amount of compensation paid to senior officers in 2011 was guided by the primary goal of attracting a solid executive team that was in the best interests of Shareholders.

Base Salaries

Base salary for the CEO and COO was established at the time of hire and given their recent hire dates, neither the CEO nor the COO received a salary increase in 2011. Base salary for the CFO was established in 2011 based on the salary levels of the other Named Executive Officers, the role and responsibilities of the CFO and the other factors referenced above.

For 2011, the Compensation Committee recognized the completion of the sale of the Trinidad and Tobago properties for \$75 million; the sale of the Company's Kaybob/Duvernay undeveloped lands for a net gain of \$73 million and the realization of hedging gains as part of the "Other" corporate performance objectives. Based on the weightings

assigned to each of the corporate performance objectives, the overall corporate performance was determined to be 43%.

The Compensation Committee then considered the individual performance of each of the Named Executive Officers. Some of the general factors considered by the Committee included, role and responsibility in achieving the corporate performance objectives, leadership abilities, teamwork, strategy development and implementation and investor relations. In addition, the Compensation Committee noted the achievement of various specific personal objectives relating to the positions of each of the Named Executive Officers. This resulted in an overall personal objective for Messrs. Schanck, Nelson and Dirks of 62%, 115% and 97%, respectively. The individual contributions of Mr. Nelson in the areas of tax compliance and planning, systematic and on-time monthly and quarterly reporting, among other factors, together with the lower target bonus award, were the determining factors for increasing Mr. Nelson's overall score with respect to personal objectives.

Stock Units and RSUs

No Stock Units or RSUs were awarded to Mr. Schanck during 2011 as his initial award of Stock Units was made upon commencement of employment, consistent with this executive employment agreement. Mr. Dirks received his initial award of Stock Units on January 12, 2011. This award was negotiated as part of his executive employment agreement. Mr. Dirks also received an award of 174,140 RSUs in May 2011. These RSUs were awarded in recognition of Mr. Dirks contributions to Sonde related to the Trinidad and Tobago sale and to reflect his efforts during the stock option blackout period guideline which resulted in a

deferral of the award of options at the time of hire. Mr. Nelson received his initial award of RSUs upon commencement of employment as contemplated by his executive employment agreement.

Stock Options

No stock options were granted to Mr. Schanck during 2011 as his initial award was made upon commencement of employment. Mr. Dirk's executive employment agreement contemplated the granting of stock options at the commencement of employment but this award was deferred as the Company was in blackout and, consequently, his initial award of stock options was granted in 2011 in accordance with the terms of his executive employment agreement. Mr. Nelson was granted an initial award of options on commencement of his employment in accordance with the terms of his executive employment agreement which was consistent with the hiring practices of the other Named Executive Officers. The number of stock options awarded all Named Executive Officers was determined through arm's length negotiations relating to their initial hiring.

Risk Management and Compensation

The Company recognizes that certain compensation arrangements could promote unintended behaviors that may, in certain circumstances, be misaligned with Shareholders' interests. The Company's executive compensation policies and programs are designed to create appropriate incentives to increase long-term Shareholder value. While the oil and gas business by its nature requires some level of risk-taking to achieve returns in line with Shareholder expectations, the Company believes that it has structured its policies and programs to limit excess risk-taking.

In particular, the Company believes that the following factors should mitigate the likelihood that its executive officers will take unnecessary or excessive risk for the sake of enhanced rewards:

- the compensation program provides an appropriate balance between base salary and variable, performance based compensation;
- the compensation program has been designed and implemented across the organization such that all employees, including the Named Executive Officers, have a common interest in achieving the corporate goals and objectives as variable compensation is based upon the achievement of these goals;
- the Board has established a diversified mix of corporate performance goals (including financial and operating goals and health, safety and environment objectives) that are intended to align the behavior of the executive officers with the interests of Shareholders and ensure that the achievement of a single goal is not determinative of compensation;
- the value of Stock Units awarded to the Named Executive Officers is determined based on vesting which ranges up to three years, thus focusing on longer term value creation;
- the terms of vesting of RSUs granted to Mr. Dirks requires the market price of the Common Shares to exceed and remain above a certain threshold thus focusing on maintaining share price appreciation;
- stock options granted to the Named Executive Officers have terms ranging from five to ten years, reinforcing the goal of building and sustaining long-term value in line with Shareholder interests;
- minimum share ownership requirements for the Company's executive officers ensure that the executives are also Shareholders and, therefore, aligned with the interests of Shareholders; and

- the Compensation Committee has engaged Frost HR Consulting to assist it in creating a peer group and benchmarking the Company's total compensation for executives to ensure that

Information Circular 11

compensation is competitive with peers and aligned with the Company's compensation philosophy.

The Board of Directors has not identified any specific risks arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

Neither the executive officers nor directors are permitted to purchase financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to offset or hedge a decrease in market value of equity securities granted as compensation or held directly or indirectly by such executive officer or director.

Proposed Changes to the Compensation Process during 2012

The Compensation Committee has not identified any specific changes to the compensation process or compensation program for 2012. The Compensation Committee intends to review the results of the study conducted by Frost HR Consulting and will assess whether any change is required in connection therewith. Any changes that may be adopted will be applicable to future compensation arrangements which may extend beyond 2012.

Performance Graph

The following graph compares the yearly change in the cumulative total shareholder return of a \$100 investment from December 29, 2006 to December 30, 2011 in the Common Shares with the cumulative total return of the TSX/S&P Composite Total Return Index assuming the reinvestment of dividends, where applicable, for the comparable period.

Date	Sonde	TSX/S&P Composite Total Return Index
December 29, 2006	\$100.00	\$100.00
December 31, 2007	\$123.82	\$109.84
December 31, 2008	\$51.06	\$73.59
December 31, 2009	\$27.23	\$99.39
December 31, 2010	\$154.88	\$116.88
December 30, 2011	\$112.76	\$106.70

The trend shown in the above graph does not necessarily correspond to the trend in the Named Executive Officer compensation for the year ended December 31, 2011 or for any prior periods. The current level of Named Executive Officer compensation was established in 2010 and was necessary to

hire and retain such executives through a critical and challenging period for the Company. Compensation is also reflective of the increased demands that were placed on the Named Executive Officers through this period.

Incentive Plan Awards

The Company has adopted an Option Plan and an RSU Plan, the details of which are described below. In addition, prior to the adoption of the RSU Plan which provides for the award of RSUs, the Company awarded Stock Units to certain officers and directors pursuant to stand alone agreements. All Stock Unit awards and RSUs are paid in cash and no Common Shares are issued. As such, these arrangements are reported as non-equity incentive plan compensation in the Summary Compensation Table above.

Information Circular 13

Description of the Option Plan

The Option Plan was adopted on May 25, 2011 and replaces the previously approved stock option plan of the Company with respect to all Options granted after May 25, 2011. The Option Plan is intended to provide an incentive, in the form of a proprietary interest in the Company, to officers, directors (subject to limitations), employees and service providers of the Company (collectively, the "Participants") to provide a long term incentive element in compensation and to provide a means through which Sonde can attract and retain persons of experience and ability.

Under the Option Plan:

- the maximum number of Common Shares reserved for issuance by the Company pursuant to the Option Plan plus any other security-based compensation arrangements (involving an issuance of shares from treasury) shall not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis at the time of grant;
- participation by non-employee directors is restricted such that the number of Common Shares issuable to non-employee directors may not exceed a maximum of 1% of the outstanding Common Shares and, during any calendar year, the value of Options granted to any one non-employee director cannot exceed \$100,000;
- the number of Common Shares, when combined with any other security-based compensation arrangements, issuable (or reserved for issuance) to "insiders" of Sonde may not exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis);
- no one Participant can receive Options that, when combined with any other security-based compensation arrangement, will entitle that Participant to purchase more than 5% of the issued and outstanding Common Shares (on a non-diluted basis);
- there may not be issued to insiders, within a one-year period, a number of Common Shares that, when combined with any other security-based compensation arrangement, will exceed 10% of the issued and outstanding Common Shares (on a non-diluted basis);
- the exercise price of Options shall not be less than the "market value" of the Common Shares at the date of granting such Option. For purposes of the Option Plan, "market value" means the most recent closing price of the Common Shares on the TSX prior to the date on which the Option is granted;
- in respect of Options granted subsequent to May 25, 2011, a grant of Options shall vest over a four year period with one quarter of the Options vesting on each of the first, second, third and fourth anniversaries of the grant date, unless otherwise determined by the Board;
- in respect of Options granted subsequent to May 25, 2011, the term and expiry date shall be determined in the discretion of the Board at the time of granting of the Options, subject to the maximum term allowable for Options being five years (subject to extension in the event of a Black-out Period (as defined in the Option Plan));
- in the event a Participant is terminated for cause, all Options granted to such Participant shall expire immediately upon notice of termination;
-

if a Participant ceases to be a director, officer, employee or consultant of Sonde (or an affiliate) other than termination for cause or death or Disability (as defined in the Option Plan) only those options vested at the date of such cessation shall be exercisable for a maximum period of 90 days following such cessation;

Information Circular 14

- if a Participant ceases to be a director, officer, employee or consultant of Sonde (or an affiliate) by reason of death or Disability, the Options then vested will be exercisable for a period of one year unless they expire at an earlier date;
- upon the occurrence of a Change of Control Transaction (as defined in the Option Plan) all unexercised and unvested outstanding Options granted under the Option Plan shall vest and become immediately exercisable;
- in the event that an Option expires during any period during which the holder of the Option is not permitted to trade Common Shares pursuant to the policies of the Company (a "Blackout Period") or within nine business days after such a period ends, then the expiry date of the Options shall be extended to the date that is the 10th business day after the date on which such period ends;
- the Option Plan includes a cashless exercise feature that allows Participants to surrender vested Options unexercised to the Company in consideration for a payment in Common Shares or cash (at the option of the holder and with the approval of the Board) equal to the difference between the fair market value of the Common Shares (determined in accordance with the Option Plan) and the aggregate exercise price for the Common Shares pursuant to the surrendered Options;
- the Board may amend the Option Plan or any Option at any time and from time to time without the approval of Shareholders, provided that no such amendment may: (i) increase the maximum percentage of the issued and outstanding Common Shares issuable pursuant to the Option Plan; (ii) add any form of financial assistance by the Company for the exercise of Options; (iii) change the class of eligible Participants to the Plan which would have the potential to broaden or increase participation by insiders of the Company; (iv) reduce the exercise price of an outstanding Option or permit a reduction in the exercise price of an outstanding Option through the cancellation and re-issue of Options to a Participant; (v) amend the expiry date to extend the term of any Option or allow such Option to be exercisable for a period exceeding five years from the date the Option is granted (excluding extensions for Blackout Periods); (vi) permit the introduction or re-introduction of non-employee directors on a discretionary basis or amend the limitations on grants to non-employee directors from that established in the Plan; (vii) permit Options to be transferable and assignable other than in the event of death or Disability of a Participant; or (viii) amend the amendment provisions of the Option Plan. Notwithstanding the foregoing no amendment may be made that would alter or impair any Options previously granted to a Participant without the consent or deemed consent of the Participant; and
- Options are non-transferable and non-assignable, except in limited circumstances.

No financial assistance has been or is expected to be provided by Sonde to Participants to facilitate the purchase of Common Shares under the Option Plan.

Description of the RSU Plan

The RSU Plan was adopted on March 24, 2011. The RSU Plan is intended to strengthen the ability of the Company to attract and retain qualified employees, officers, directors and consultants of the Company (collectively, "Service Providers") and provide Service Providers with an element of incentive compensation that is tied directly to share value over time, thereby aligning the interest of Service Providers with the interests of Shareholders. The RSU Plan is administered by the Compensation Committee.

Information Circular 15

Under the RSU Plan:

- the Committee shall determine the Service Providers to whom awards of RSUs are granted (each, a "Grantee") and the number of RSUs to be awarded to each Grantee;
- unless otherwise determined by the Committee, the RSUs shall vest on the third anniversary of the date of grant; provided, however, that in the event of a Change of Control (as defined in the RSU Plan) prior to the vesting date, all RSUs that have not yet vested as of such time shall vest on the earlier of the vesting date determined in the applicable RSU agreement and immediately prior to the effective time of the Change of Control;
- on the applicable vesting date, the Company will pay to such Grantee, in respect of each RSU, a cash amount equal to the five-day volume weighted average trading price of one Common Share on such vesting date;
- in the event that a Grantee (other than a non-employee director) is terminated for cause, all RSUs granted to such Grantee shall expire immediately on notice of termination;
- if a Grantee (other than a non-employee director) ceases to be a Service Provider as a result of being terminated other than a termination for cause, effective as of the last day of any notice period ("Notice Period") applicable in respect of such termination, any RSUs that are scheduled to vest within six months of the Notice Period shall immediately vest and all remaining unvested RSUs held by the Grantee shall terminate without payment of any compensation;
- if a Grantee (other than a non-employee director) ceases to be a Service Provider for any reason other than due to termination by the Company but including resignation, retirement, death or disability, effective as of the last day of any notice period applicable in respect of such voluntary resignation or retirement, or as of the date of death or determination of disability, as applicable, all unvested RSUs held by the Grantee shall terminate without payment of any compensation;
- unless otherwise determined by the Board, in the event that a non-employee director ceases to be a Service Provider, a pro-rated number of RSUs held by such non-employee director shall vest on the date that the non-employee director ceases to be a Service Provider; and
- RSUs are non-transferable.

Outstanding Stock Units and RSUs – Directors

Stock Unit and RSU grants are intended to ensure that a substantial portion of the compensation of the directors is in the form of long-term equity based compensation. This reflects the Board's belief that the directors should develop a meaningful equity position in the Company and that a significant portion of each director's compensation be tied to the long-term performance of the Company so that the interests of directors are aligned with Shareholders.

The following table sets forth information with respect to the outstanding Stock Units and RSUs granted to non-employee directors as of December 31, 2011. Details of these awards are in the notes following the tables.

Name	Number of Stock Units(1) (#)	Number of RSUs (\$)
Kerry R. Brittain	129,700	Nil
Marvin M. Chronister	138,300	35,465(2)
Dr. James Funk	107,400	Nil

James H.T. Riddell	103,800	Nil
Dr. William J.F. Roach	107,400	Nil
Gregory G. Turnbull	107,400	Nil

Notes:

- Each Stock Unit represents a right to receive a cash amount equal to the closing price of a Common Share on the TSX (or such other stock exchange upon which the Common Shares are then listed and where the greatest volume of trading has occurred) on the applicable vesting date. Stock Units vest on the earlier of: (i) the last business day of the calendar year in which the third anniversary of the grant date occurs; (ii) upon a change of control (as defined in the Stock Unit award agreements); or (iii) upon the director ceasing to be a member of the Board for any reason (in respect of a pro rata portion of Stock Units determined with reference to the agreed date of termination).
- Granted as partial compensation for Mr. Chronister's role as Interim CEO. The RSUs vest as to one third on each of: January 12, 2012, January 12, 2013 and January 12, 2014; provided however, if the 5-day VWAP of the Common Shares on the applicable vesting date is less than \$3.08 per Common Share, the RSUs that are otherwise eligible to vest on such vesting date will not vest and will carry forward and vest at such time as the 5-day V-WAP of the Common Shares is equal to \$3.08 per Common Share provided such threshold is met prior to January 12, 2014. On the applicable vesting date, each RSU entitles the holder to a cash payment equal 5-day V-WAP on such vesting date. The RSUs are subject to accelerated vesting in certain circumstances. See "Incentive Award Plans - Description of the RSU Plan".

Payments made in respect of Stock Units and RSUs will be made in cash. However, if at some point in the future the Shareholders approve an equity compensation plan under which the Stock Units and RSUs may be paid in Common Shares, the Board (or the Compensation Committee) may determine that all or any portion of the Stock Units and/or RSUs be paid in Common Shares.

CORPORATE GOVERNANCE

The Board is committed to a high standard of corporate governance practices. The Board believes that this commitment is not only in the best interest of its Shareholders but that it also promotes effective decision making at the Board level. The Board is of the view that its approach to corporate governance is appropriate and continues to work to align with the recommendations currently in effect and contained in National Policy 58-201, Corporate Governance Guidelines which are addressed below. In addition, the Board monitors and considers for implementation by Sonde the corporate governance standards which are proposed by various Canadian and U.S. regulatory authorities or which are published by various non-regulatory organizations in Canada or the U.S. The Company strives to enhance its disclosure to Shareholders on an annual basis.

Mandate of the Board

The Board has responsibility for the stewardship of the Company. The Board has adopted a formal written mandate which is set out as Appendix "A" to this Information Circular. In carrying out this mandate, the Board meets regularly and a broad range of matters are discussed and reviewed for approval. These matters include overall corporate plans and strategies, budgets, internal controls and management information systems, risk management as well as interim and annual financial and operating results. The Board is also responsible for the approval of all major transactions, including equity issuances, acquisitions and dispositions, as well as the Company's debt and borrowing policies and setting the policies and principles for CEO selection and performance. The Board strives to ensure that actions taken by management correspond closely with the objectives of the Board and Shareholders.

Information Circular 23

Composition of the Board

Independence

The Board currently consists of eight directors who provide the Company with a wide diversity of business experience and seven nominees will be proposed for election at the Meeting. Additional information for each of the directors can be found under the heading "Meeting Matters - Election of Directors". The Board has determined that six of the seven proposed directors and six of the current eight directors are independent as such term is defined by National Instrument 58-101, Disclosure of Corporate Governance Practices by having no direct or indirect material relationship with the Company, including any business or other relationship, which could reasonably be expected to interfere with the director's ability to act with a view to the best interest of the Company or which could reasonably be expected to interfere with the exercise of the director's independent judgment.

Mr. Schanck is not independent. He is considered to have a material relationship with the Company (within the meaning of National Instrument 52-110, Audit Committees) as a result of his position as Chief Executive Officer of the Company. Mr. Chronister is not independent as a result of the expanded responsibilities delegated to Mr. Chronister while the Board conducted a search for a CEO during a portion of 2009 and 2010, the length of time those responsibilities were performed and the increased compensation paid to Mr. Chronister. As a result the Board determined that Mr. Chronister had a material relationship with the Company. Mr. Chronister is not standing for re-election at the Meeting.

The Corporate Governance Committee will work with the Board to determine the competencies and skills the Board considers necessary for the Board, as a whole, to possess, as well as the skills the Board considers each existing director should possess. The Corporate Governance Committee is responsible for identifying potential Board members from diverse professional and personal backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity, which assessment includes a consideration of diversity, age, skills, competencies and experience in the context of the needs of the Board.

The Corporate Governance Committee's primary functions are to assist the Board in fulfilling its oversight responsibilities with respect to: (i) developing criteria and procedures for the identification and recruitment of new directors; (ii) reviewing and making recommendations regarding the size, composition and organization of the Board and its committees; (iii) evaluating the performance and effectiveness of the Board and its committees; (iv) recommending non-executive director compensation; and (v) developing and recommending guidelines, policies and procedures relating to corporate governance.

The Corporate Governance Committee has the authority to engage independent counsel and other advisors as it determines necessary to carry out its duties and to determine the compensation of such advisors.

The Corporate Governance Committee holds in camera meetings, without management present, at every regularly scheduled meeting of the Corporate Governance Committee. The Corporate Governance Committee meets as is necessary to fulfill its responsibilities.

Health, Safety, Environment and Reserves ("HSER") Committee

Chair: Dr. James Funk

Members: Dr. William J.F. Roach, Marvin M. Chronister and James H.T. Riddell

The HSER Committee is constituted with three independent directors and one non-employee director who is not independent.

The HSER Committee's primary functions are to assist the Board in fulfilling its oversight responsibilities with respect to: (i) the Company's obligations under National Instrument 51-101, Standards of Disclosure for Oil and Gas Activities with respect to the oil and natural gas reserves evaluation process of the Company and public disclosure of reserves data and related information in connection with the Company's oil and gas activities; and (ii) the Company's legal, regulatory, industry and community obligations pertaining to areas of health, safety and environmental matters.

The HSER Committee has the authority to engage independent counsel and other advisors as it determines necessary to carry out its duties and to determine the compensation of such advisors.

The HSER Committee holds in camera meetings, without management present, as required at regularly scheduled meetings of the HSER Committee. The HSER Committee meets at least two times annually.

Assessments

The Board, with the assistance of the Corporate Governance Committee, is responsible for ensuring that there is a process in place for annually evaluating the performance and effectiveness of the Board, its committees and the individual directors based on their applicable written mandate or position description.

Annually Board members complete an evaluation of the performance and effectiveness of the Board, its committees and individual directors and a skill matrix assessing the overall competencies of the Board is maintained by the Corporate Governance Committee. The Corporate Governance Committee reviews and analyzes the results of the evaluation as part of its assessment of the appropriateness of the Board's processes and composition. In respect of the 2011 evaluation of Board effectiveness, legal counsel to Sonde conducted individual interviews with each director regarding specific matters relating to Board, committee and individual director performance and prepared reports that were provided to the Corporate Governance Committee and the Board.

Information Circular 29

The objective of the assessments is to ensure the continued effectiveness of the Board and individual directors in the execution of its and their responsibilities and to contribute to a process of continuing improvement and evolution of Board performance. In addition to any other matters the Board deems relevant, the assessments will consider in the case of the Board or a committee, the applicable written mandate or position description, as well as the competencies and skills each individual director is expected to bring to the Board. Specific areas for improvement are discussed at the Board level and changes are implemented as appropriate.

MEETING MATTERS

1. Financial Statements

The audited financial statements of the Company for the year ended December 31, 2011 and the report of the auditors thereon will be received at the Meeting. The audited financial statements and the report of the auditors thereon were provided to each Shareholder entitled to receive a copy of the Notice of Meeting and this Information Circular.

2. Election of Directors

The term of office for each director is from the date of the Meeting at which he is elected until the annual meeting next following or until his successor is elected or appointed. At the Meeting, seven directors will be proposed for election.

The enclosed form of proxy permits you to vote in favour of all of our nominees, to vote in favour of some nominees and to withhold votes for other nominees, or to withhold votes for all nominees. It is the intention of the persons named in the enclosed form of proxy, if not expressly directed to the contrary in such form of proxy, to vote such proxies "FOR" the election of all nominees specified below.

Management has been informed that each of the proposed nominees listed below is willing to serve as a director if elected. If, for any reason, any of the nominees is unavailable to serve, the persons designated in the form of proxy will be able to vote in their discretion for any substitute nominee or nominees. The persons named in the enclosed form of proxy intend to vote "FOR" the election of any substitute nominee or nominees recommended by management of Sonde.

The Board of Directors has adopted a Majority Voting Policy to deal with circumstances in which a nominee receives a greater number of votes "withheld" from his election than votes "for" in an uncontested election of directors. Pursuant to this policy, the Corporate Governance Committee will promptly consider, and make a recommendation to the Board, with respect to what steps will be taken, if any, based on the best interests of the Company. In considering what is in the best interests of the Company, the Corporate Governance Committee will review all factors deemed relevant by members of such Committee including, without limitation: the reasons, if known, why Shareholders withheld votes from the election of that nominee; any alternatives for curing the underlying cause of the withheld votes; the length of service and qualifications of the nominee; the nominee's past and expected contributions to the Company; whether requiring and accepting the resignation of the nominee would trigger defaults or other adverse consequences under material contracts or acceleration of change of control provisions and other rights in severance or employment agreements or benefit plans; the overall composition of the Board, including the current mix of skills and attributes on the Board; whether requiring and accepting the resignation by the nominee would cause the Company to fail to meet any applicable listing or regulatory requirement; and the Company's governance policies. The Board will make its decision with respect to any actions to be taken within 90 days of the applicable annual meeting, and will promptly disclose its decision in a press release. This policy does not apply in circumstances involving a contested election of directors.

APPENDIX "A"

BOARD MANDATE AND GUIDELINES FOR CORPORATE GOVERNANCE

Purpose and Role

The Board of Directors (the "Board") of Sonde Resources Corp. (the "Corporation") has the responsibility for the stewardship of the Corporation. The role of the Board is to provide leadership and the independent supervision and oversight of the business and affairs of the Corporation. Each member of the Board is required to act in the best interests of the Corporation and its shareholders.

The Corporation's officers and employees are responsible for the day to day management and conduct of the business of the Corporation and the implementation of the strategic plan approved by the Board.

This Board Mandate and Guidelines for Corporate Governance ("Mandate") is intended to provide parameters and direction to the Board regarding its responsibilities and principles of governance. This Mandate is in addition to and is not intended to change or interpret any applicable law or regulation or the Articles or By-laws of the Corporation. Any waivers of this Mandate must be approved by the Board. This Mandate is subject to modification from time to time by the Board.

The operation of the Board is a dynamic and evolving process. Accordingly, this Mandate will be reviewed periodically by the Corporate Governance Committee and any recommended revisions will be submitted to the Board for consideration.

Responsibilities

The Board's responsibilities include:

- Approve the strategic direction of the Corporation. This will include the adoption of a strategic planning process and the annual review and approval of a strategic plan which takes into account, among other things, the nature, opportunities and risks associated with the business of the Corporation
- Set the policies and principles for Chief Executive Officer (the "CEO") selection. Select, evaluate and, if necessary terminate the CEO.
- Set the policies and principles for executive officer performance. Assess the performance of the CEO at least annually. Together with the CEO assess the performance of other executive officers at least annually. The Board will also take reasonable steps to ensure that the CEO has in place adequate programs to recruit, retain, develop and assess the performance of senior management.
- Succession planning for the CEO and executive officers of the Corporation and the periodic review of the Corporation's succession plans.

Edgar Filing: SONDE RESOURCES CORP. - Form 6-K

- Identification of the principal risks of the Corporation's businesses and the taking of steps to ensure the implementation of appropriate systems to manage these risks.
- Review and, where appropriate, approve fundamental operating, financial and other major plans and initiatives, including approval of the Corporation's annual financial plans.
- Establish policies for the selection and retention of directors of the Corporation. Annually determine those individual directors proposed to be nominated for electing at the next annual general meeting of shareholders.

Appendix A1

- Monitor compliance with applicable law and the Corporation's policies related to health, safety, environment, aboriginal and stakeholder affairs and social responsibility and taking all reasonable steps to ensure corrective measures are taken when issues arise.
- Set the ethical tone and foster ethical and responsible decision making by management. Adopt a Code of Business Conduct and Ethics (the "Code") applicable to all directors, officers and employees. Monitor compliance with the Code, and decline, grant and provide for appropriate disclosure of any waivers of the Code for officers and directors.
- Establish and annually review a delegation of authority for expenditures and other corporate actions. Delegate to the CEO the authority to manage and supervise the business of the Corporation, including making of all decisions regarding the Corporation's operations that are not reserved to the Board under the terms of the delegation of authority.
- Periodically review the Corporation's disclosure policy which, among other matters, (i) addresses how the Corporation interacts with shareholders, stakeholders, analysts and the public, and (ii) contains measures to avoid selective disclosure.
- Review of, and being satisfied with, the integrity of the Corporation's internal control and management information systems.
- Development of measures for receiving shareholder feedback.
- Provide advice and counsel to management. This occurs both in formal Board and Committee meetings and through informal, individual director contacts with the CEO and other members of management.
- Oversee the annual evaluation of the performance and effectiveness of the Board, Committees, all individual directors, the Chairman of the Board and committee chairs.

Board Composition

Number

The number of directors shall be not less than three and not more than fifteen. The size of the Board should be one that can function effectively as a board.

Term

Board members are elected to hold office for a term of one year. The Board does not believe it should establish term limits. Instead, the Board believes that the annual assessment of the Board's performance provides an opportunity to review each director's continuation on the Board and desire to remain a member.

Independent Directors

Independent directors must comprise a majority of the Corporation's board.

Chairman

The Chairman of the Board shall be elected from the independent directors. While it is the view of the Board that the roles of CEO and Chairman of the Board should be separated, the Board retains the discretion to combine the positions based on what is best for the Corporation in light of all circumstances.

Appendix A2

Retirement

Directors who are not employees of the Corporation will retire from the Board effective at the Annual Meeting of Shareholders that follows their seventy-second birthday.

Individual Director Responsibilities

Attendance at Board Meetings

Board members are expected to attend all board meetings and all meetings of committees on which they serve. The Board recognizes that occasional meetings may need to be scheduled on short notice when participation of a director is not possible and that conflicts may arise from time to time that will prevent a director from attending a regularly scheduled meeting. However, the Board expects that each director will make every possible effort to keep such absences to a minimum. While attendance at Board meetings in person is preferred, it is recognized that on occasion a member may need to attend by telephone.

Attendance at Shareholder Meetings

Board members are expected, to the extent possible, to attend the annual general meeting of shareholders.

Review of Materials

Board members are expected to review in advance all board materials distributed for a meeting.

Change of Position

Directors will offer their resignation upon a change of position, including retirement from the position on which their original nomination was based. It is not the sense of the Board that such directors should necessarily leave the Board. There should, however, be an opportunity for the Board to review continued appropriateness of Board membership under these circumstances.

Conflict of Interest

If an actual or potential conflict of interest develops because of a change in the business operations of the Corporation, or in a director's circumstances, the director should report the matter immediately to the Chairman of the Board for evaluation. A significant conflict must be resolved or the director should resign. If a director has a personal interest in a matter before the Board, the director shall disclose the interest to the full Board and excuse himself or herself from participation in the discussion and shall not vote on the matter.

Director Qualifications

Selection of Board Members

The Board is responsible for nominating members to the Board and for filling vacancies that may occur between annual meetings of the shareholders. The Corporate Governance Committee, with direct input from the CEO and other Board members, is responsible for identifying and screening candidates for Board membership.

Selection Criteria

The Corporate Governance Committee is responsible for assessing the appropriate mix of skills and characteristics required of Board members in the context of perceived needs of the Board at any given

Appendix A3

point in time. The Corporate Governance Committee shall periodically review and update the criteria as deemed necessary.

Determination of Independence

In determining whether a director is independent, there shall be no fixed criteria or bright line rules. The Board believes that true independence is measured by subjective and objective factors taking into account the totality of the circumstances. In addition, any determination of independence will be based upon applicable securities laws and regulations and exchange listing standards. Annually the Board will affirmatively determine which members of the Board are independent.

Orientation Program

The Board shall establish an orientation program for new directors which includes comprehensive information about the Corporation's business and operations; meetings with the executive officers and management of the Corporation; general information about the Board and its Committees, including director compensation and benefits; a review of the Corporation's policies and procedures; and, a review of director duties and responsibilities. Where appropriate, new directors will also be asked to attend educational programs or institutes concerning membership on boards.

Continuing Education

The Board recognizes the importance that all directors need to remain current on the operations and businesses of the Corporation and external factors that affect it such as governance best practices and changes in the law. Review of materials provided by management and professional advisors to the Corporation, special briefings, periodic in-depth reviews and on-site visits to new or changed operations are among the ways the directors will be continually educated on the Corporation. In addition, directors are encouraged to maintain a currency of understanding of their legal responsibilities and board and governance practices by attending programs sponsored by the Corporation or by accredited institutions.

Operation of the Board; Meetings

Regular Meetings

The Board shall have four regularly scheduled meetings per year. Special meetings are called as necessary.

Strategic Review

At least one Board meeting a year will review long-term strategic plans, principal issues expected to face the Corporation in the future, and business plans.

Executive Sessions

At each regularly scheduled meeting and as deemed appropriate for any special meetings, the independent directors of the Board shall meet in executive session without management, including the CEO. At least once a year the executive session will be for the purpose of evaluating CEO performance and compensation. The Chairman of the Board will chair the executive session or, in his or her absence, the Board will appoint a chair.

Quorum

A quorum for meetings will be a majority of the members of the Board.

Appendix A4

Board and Committee Agenda

The Chairman of the Board and the CEO are responsible for establishing the agenda for each Board meeting, although other Board members are free to include items on the agenda. Each director is also free to raise at any Board meeting subjects that are not on the agenda for that meeting. The Chair of each Committee shall establish the agenda for Committee meetings. Adequate time will be scheduled for completion of the matters placed on the agendas.

Board and Committee Materials

In advance of each regular Board and Committee meeting and, to the extent possible special meetings, a proposed agenda and minutes of the last meeting will be distributed to each member. In addition, information and data important to members' understanding of the matters to be considered, including copies of presentation materials, background summaries, and proposed resolutions, will be distributed, to the extent feasible or appropriate, at least seven days in advance of a meeting.

Attendance by Management

The Chairman of the Board or the CEO may invite one or more members of management to be in regular attendance at board meetings and may include other officers and employees from time to time as appropriate in the circumstances.

Access to Information; Outside Advisors

The Board shall have free access to information and the officers, management, employees and consultants of the Corporation. The Board also has complete access to independent advisors, including the independent auditors and outside counsel of its choice with respect to any issues relating to its activities. The Corporation shall provide the funds necessary to pay for independent advisors retained by the Board.

Director Compensation

Fees

Each independent director will be paid a fee for his or her services as a director. The Chairman of the Board and the chair of each Committee will also be paid a fee for his or her services as a chair. In addition, the directors may be paid supplemental fees for special board meetings, attending business meetings on behalf of the Corporation or other activities which require a substantial commitment of time or travel.

Sole Compensation

Directors' fees must be the sole compensation paid by the Corporation for each independent director of the Corporation.

Determination of Fees

Directors' fees shall take into account the views of compensation experts; what is customary in relation to companies comparable in size and line of business; level of director involvement; and, any unique circumstances facing the Board. Directors' fees shall be set by the Board on an annual basis, ordinarily at the first board meeting following the annual general meeting of shareholders, based upon the recommendations of the Corporate Governance Committee.

Appendix A5

Equity Ownership

The Board believes directors should hold equity ownership in the Corporation, and that a portion of Directors' fees should consist of company equity in the form of stock units, stock grants and restricted stock. It is anticipated that each director will develop a meaningful equity position in the Corporation over time. In addition, the Board may establish share ownership targets and ownership holding periods for directors.

Board Committees

Standing Committees

The full Board considers all major decisions of the Corporation; however, a substantial portion of the analysis and work of the Board is by standing Board Committees who are empowered to act on behalf of the full Board for those areas the Board has prescribed. The Corporation shall have four standing Committees: (a) Audit; (b) Compensation; (c) Corporate Governance; and (d) Health, Safety, Environment and Reserves.

Ad Hoc Committees

From time to time, the Board may designate ad hoc committees. Such committees shall have the authority and responsibilities delineated in the resolutions creating them.

Committee Size and Composition

Each standing committee shall consist of at least three voting members, and the voting members must all be independent directors.

Committee Appointments

Committee appointments to the standing committees and the chair of those committees shall be determined at the first Board meeting following the annual general meeting of shareholders, based upon the recommendations of the Corporate Governance Committee. In making its recommendations to the Board, the Corporate Governance Committee shall give consideration to rotating committee members from time to time; subject matter expertise of individual board members; applicable regulatory or listing requirements; tenure; and, the desire and time availability of individual Board members.

Committee Charters

Each standing committee must adopt a written charter, and submit a copy of the charter to the Board for approval. The adequacy of the charters of each standing committee will be reviewed at least annually.

Committee Reports

Reports on each Committee meeting are made to the full Board. All directors will be furnished copies of each Committee's minutes.

Audit Committee

The following guidelines shall apply only to the Audit Committee:

- Each member of the Audit Committee must meet the independence requirements of applicable securities laws and regulations and exchange listing standards.
- The chair of the Audit Committee must have accounting or financial management experience.

Appendix A6

- At least one member of the Audit Committee must be determined by the Board to qualify as a "financial expert" as that term is defined in Securities Exchange Commission rules.
- Each member of the Audit Committee shall be financially literate or must become financially literate within a reasonable period of time after his or her appointment to the Audit Committee. A director is financially literate if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Corporation's financial statements.
- An Audit Committee member may not serve on the audit committee of more than three publicly held companies, unless the Board determines that such simultaneous service will not impair the ability of such member to effectively serve on the Corporation's Audit Committee.

Committee Secretary

The Secretary to the Corporation or a Committee designee shall record the minutes of each Committee meeting.

Meetings

There is no fixed schedule for how often Committees must meet; however, the Audit Committee shall meet at least quarterly with management, internal auditors and the independent auditors. Committee meetings will ordinarily take place on the day before a regular Board meeting and at such other times as determined by the chairs of each Committee.

Annual Assessment

Each Committee will annually assess its performance to confirm it is meeting its responsibilities under its charter. The results of the review shall be provided to the chair of the Corporate Governance Committee.

Management Responsibilities

Periodic Reports

Management shall routinely send to the directors monthly financial statements, operations reports, earnings reports, analysts' reports and other information designed to keep the directors informed of the material aspects of the Corporation's business, performance and prospects. Management shall also be responsive to requests for information from Board members.

Board Materials

Management is responsible for the preparation and timely distribution of materials for Board and Committee meetings.

Press Releases

All non-routine press releases shall be distributed to directors sufficiently in advance of their release so as to afford each accessible director a reasonable opportunity to comment on the release.

Appendix A7

Corporation Spokesperson

The Board believes that management should speak for the Corporation. Individual directors may, from time to time, receive requests for comment from various constituencies who are involved with the Corporation. If comments from the Board are appropriate, they should be made only with the knowledge of the executive officers and, absent special circumstances, come only from the Chairman or the Corporation's designated spokesperson.

These Corporate Governance Guidelines and the charters of the Board committees shall be posted on the Corporation's website. The Corporation's website shall provide information on how to contact the Directors.
