**Explanatory Note:**

On March 10, 2009, Flextronics International Ltd. (the Company) filed a Current Report on Form 8-K (the Initial Filing) that included, in Items 2.05 and 2.06 thereof, disclosure regarding the Company's implementation of a restructuring program. At that time, the Company was unable to make a determination of the timing or estimated amount or range of amounts to be incurred for each major type of cost, as required by Item 2.05 of Form 8-K. The Company is filing this Form 8-K/A to amend Items 2.05 and 2.06 of the Initial Filing to provide additional information regarding the restructuring program, including actual costs incurred during the Company's fiscal fourth quarter ended March 31, 2009 associated with this program. Except as stated herein, no other changes are being made to the Initial Filing.

**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On March 10, 2009, the Company reported that its Board of Directors approved a series of restructuring activities, which are intended to rationalize the Company's global manufacturing capacity and infrastructure as a result of macroeconomic conditions. During its fiscal quarter ended March 31, 2009, the Company recognized restructuring charges of \$150.6 million associated with these activities, of which \$128.8 million was classified as cost of sales and \$21.8 million was classified as selling, general and administrative expenses. The Company recognized a cash charge of \$80.6 million for employee termination costs, a non-cash charge of \$53.1 million for the write-down of property and equipment, and charges of \$16.8 million, which were primarily cash charges for contractual obligations associated with facility and equipment lease terminations.

The total cash charges included in the \$150.6 million in restructuring charges incurred during the Company's 2009 fiscal fourth quarter amounted to \$95.2 million and \$25.5 million of this amount was paid as of March 31, 2009. As of March 31, 2009, \$69.7 million of the cash charges was accrued, of which \$64.9 million is expected to be paid during the Company's 2010 fiscal year.

The Company does not anticipate a significant change to its previously announced restructuring plan as described in the Initial Filing and anticipates an additional charge between \$70.0 million and \$100.0 million in fiscal year 2010, the majority of which is expected to be incurred in the first quarter of fiscal year 2010. Of this amount, approximately \$30.0 million to \$50.0 million is expected to result in cash expenditures related to employee benefit and severance arrangements and other contractual obligations, and \$40.0 million to \$50.0 million in non-cash charges for the write-down of property and equipment.

**Item 2.06 Material Impairments.**

In connection with the exit activities described in Item 2.05 above, the Company recognized non-cash charges for the impairment of property and equipment of \$53.1 million during the 2009 fiscal fourth quarter. The Company will perform impairment assessments on property, plant and equipment held by each facility that may be impacted by the associated actions during fiscal year 2010. At this time, the Company has estimated a range related to the non-cash impairment charges to be approximately \$40.0 million to \$50.0 million during fiscal year 2010 (which is included in the remaining estimated total charges of \$70.0 million to \$100.0 million expected to be incurred in fiscal year 2010 included in Item 2.05 above).
