Item 8.01. Other Events

As previously announced, on January 25, 2012, Tompkins Financial Corporation (“Tompkins”), TMP Mergeco, Inc. (“Merger Sub”), a wholly owned acquisition subsidiary of Tompkins, and VIST Financial Corp. (“VIST”) entered into an Agreement and Plan of Merger (the “Merger Agreement”) pursuant to which VIST will be merged with and into Merger Sub (the “Merger”). As a result of the Merger, the separate corporate existence of VIST will cease and Merger Sub will continue as the surviving corporation in the Merger.

On May 16, 2012, Tompkins and VIST filed with the Securities and Exchange Commission (the “SEC”) a definitive Joint Proxy Statement/Prospectus (the “Joint Proxy Statement/Prospectus”) in connection with the proposed Merger.

As has previously been described in the Joint Proxy Statement/Prospectus, following announcement of the Merger Agreement, two complaints (the “Lawsuits”) were filed against VIST, Tompkins and Merger Sub, one, a putative class action and shareholder derivative suit that also named certain members of the VIST board of directors as defendants, filed in the Berks County, Pennsylvania, Court of Common Pleas, and the other, a shareholder derivative action, filed in the United States District Court for the Eastern District of Pennsylvania. These complaints alleged generally that VIST’s board of directors breached their fiduciary duties, that Tompkins and Merger Sub aided and abetted such breaches of fiduciary duty, that the Joint Proxy Statement/Prospectus contained deficiencies in the disclosure of information relating to the Merger and, with respect to the Lawsuit filed in Pennsylvania state court, that the Merger represents a waste of corporate assets.

On June 18, 2012, Tompkins, Merger Sub, VIST and the plaintiffs in the Lawsuits entered into a memorandum of understanding regarding settlement of the Lawsuits. In connection with the settlement, the parties agreed that VIST would make certain disclosures to its shareholders relating to the proposed Merger, in addition to the information contained in the Joint Proxy Statement/Prospectus. Those additional disclosures are set forth below.

The memorandum of understanding also contemplates that the parties will seek to enter into and present to the state court a stipulation of settlement. The stipulation of settlement will be subject to customary conditions, including approval of the court. In the event that the parties enter into a stipulation of settlement, a hearing will be scheduled at which the court will consider the fairness, reasonableness and adequacy of the settlement. There can be no assurance that the parties will ultimately enter into a stipulation of settlement or that the court will approve the settlement even if the parties were to enter into such a stipulation. In such event, the proposed settlement as contemplated by the memorandum of understanding may be terminated. If the court approves the settlement, the settlement will resolve all of the claims that were or could have been brought in the Lawsuits, including all claims relating to the Merger, the Merger Agreement and any disclosure made in connection therewith.

Tompkins, Merger Sub and VIST have vigorously denied, and continue to vigorously deny, any wrongdoing or liability with respect to all claims asserted in the Lawsuits, including (i) that they have committed any violations of law, (ii) that they have acted improperly in any way, (iii) that they have any liability or owe any damages of any kind to any plaintiff in the Lawsuits, and (iv) that any additional disclosures (including the additional disclosures described herein) are required under any applicable rule, regulation, statute, or law. Rather, they are entering into the contemplated settlement solely to because they consider it desirable that the Lawsuits be settled and dismissed in order to, among other things, (i) eliminate the burden, inconvenience, expense, risk, and distraction of further litigation, (ii) conclusively resolve all the claims that were or could have been asserted against them in the Lawsuits, and (iii) permit the Merger to proceed without risk of injunctive or other relief. Nothing in this document, the parties’ memorandum of understanding or any stipulation of settlement shall be deemed to be an admission of liability or wrongdoing by any defendant in the Lawsuits nor shall anything in this document, the parties’ memorandum of understanding or any stipulation of settlement be deemed an admission of the materiality of any of the disclosures set forth herein.

## Edgar Filing: TOMPKINS FINANCIAL CORP - Form 8-K

These additional disclosures amend and supplement the Joint Proxy Statement/Prospectus and should be read in conjunction with the disclosures contained therein. To the extent that information in this Current Report on Form 8-K differs from or updates information contained in the Joint Proxy Statement/Prospectus, the Current Report on Form 8-K is more current. Capitalized terms used but not defined in the additional disclosures have the meanings given to them in the Joint Proxy Statement/Prospectus.

### ADDITIONAL DISCLOSURES

#### Additional Disclosure Regarding Background and Negotiation of the Merger

The section entitled “Background and Negotiation of the Merger” beginning on page 43 of the Joint Proxy Statement/Prospectus is hereby amended and supplemented as follows:

---

The following sentence is inserted on page 43 of the Joint Proxy Statement/Prospectus after the second sentence of the last paragraph:

Treasury declined to advise VIST on what specific bases the determination was made not to approve VIST's application.

The following sentence is inserted on page 44 of the Joint Proxy Statement/Prospectus after the first sentence of the fourth paragraph:

This group of potential merger partners was selected based on such factors as size, profitability, asset quality, geographic footprint, business culture and possible interest in and ability to complete a strategic acquisition that would be attractive to VIST shareholders.

The fifth full paragraph on page 45 of the Joint Proxy Statement/Prospectus is hereby amended to read in full as follows:

On November 28, 2011, VIST received initial written indications of interest from Company A, Company B and Tompkins. Each of Company C, Company D and Company E elected not to submit initial indications of interest for a variety of stated business reasons, including constraints on capital, potential dilution to existing shareholders and the timing of the proposed transaction relative to other company commitments. The initial indication of interest letters received from the three parties provided for per share merger consideration of \$11.00 to \$12.00 (Company A), \$11.50 to \$13.50 (Company B), and \$11.00 to \$12.50 (Tompkins). The indication of interest from Company A provided for consideration in the form of common stock and cash (with a maximum of 25% cash), and the indications of interest from both Company B and Tompkins provided for 100% common stock consideration. The indication of interest from Company A briefly provided for VIST shareholders to have representation by one director on the Company A board of directors and for Company A to use its best efforts to hire VIST employees. Company B's indication of interest provided for VIST shareholders to have representation by one director on the Company A board of directors, the appointment of a regional president to manage operations of the existing VIST footprint, continued employment of substantially all front line VIST employees and undisclosed opportunities to senior executives for regional positions. Tompkins' preliminary indication of interest also addressed management and the board of directors by indicating that Tompkins would discuss the possibility of continued employment of VIST's chief executive officer and possible alternatives for post-transaction employment for other members of management and representation of VIST on the Tompkins Board of Directors.

The following language is inserted on page 46 of the Joint Proxy Statement/Prospectus after the fifth sentence of the second paragraph:

The adjustment of the exchange ratio at the top and bottom of the 10% collar was intended to provide some value protection to VIST shareholders in connection with significant decreases in Tompkins' stock prices and protection to Tompkins' shareholders against excessive dilution associated with significant increases in Tompkins' stock prices.
