MEETING TO BE HELD MAY 8, 2018**

This Proxy Statement, the Company’s Annual Report on Form 10-K, and the Company’s Corporate Report to shareholders are available under the “SEC Filings” tab at www.tompkinsfinancial.com.

ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 8, 2018

This Proxy Statement together with the Form of Proxy are being mailed to shareholders on or about March 29, 2018 in connection with the solicitation by the Board of Directors of Tompkins Financial Corporation (the “Company”) of proxies to be used at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at the Country Club of Ithaca, 189 Pleasant Grove Road, Ithaca, New York on Tuesday, May 8, 2018 at 5:30 p.m.

Voting

Only shareholders of record at the close of business on March 12, 2018 will be entitled to vote. On March 12, 2018, there were 15,299,528 shares of the Company’s common stock, par value \$0.10 per share (our “common stock”), outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter to be voted on at the Annual Meeting.

Shareholders whose shares are registered in their own names may vote by mailing a completed proxy, via the Internet or by telephone, or by voting in person at the Annual Meeting. Instructions for voting via the Internet or by telephone are set forth on the enclosed Form of Proxy. To vote by mailing a proxy, sign and return the enclosed Form of Proxy in the enclosed pre-addressed postage-paid envelope. Shares of common stock covered by a proxy that is properly executed and returned will be voted and, if the shareholder who executes such proxy specifies therein how such shares shall be voted on such proposals, the shares will be voted as so specified. Executed proxies with no instructions will be voted “FOR” each proposal for which no instruction is given. Other than the election of Directors, the advisory vote to approve the compensation paid to the Company’s Named Executive Officers; and the proposal to ratify the appointment of the independent registered public accounting firm, KPMG LLP, as our independent auditor for the fiscal year ending December 31, 2018, the Board is not aware of any other matters to be presented for shareholder action at the Annual Meeting. However, if other matters do properly come before the Annual Meeting, the Board intends that the persons named in the accompanying proxy will vote the shares represented by all properly executed proxies on any such matters in accordance with the judgment of the person or persons acting under the proxy.

The presence of a shareholder at the Annual Meeting will not automatically revoke a proxy previously delivered by that shareholder. A shareholder may, however, revoke his or her proxy at any time prior to its exercise by: (1) delivering to the Corporate Secretary a written notice of revocation prior to the Annual Meeting, (2) delivering to the Corporate Secretary a duly executed proxy bearing a later date, or (3) attending the Annual Meeting and filing a written notice of revocation with the Corporate Secretary at the Annual Meeting prior to the vote and voting in person.

The presence, in person or by proxy, of the holders of at least a majority of the shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the conduct of business at the Annual Meeting.

Abstentions and Broker Non-votes

At the Annual Meeting, abstentions, votes cast in person or by proxy and broker non-votes will each be counted for purposes of determining the presence of a quorum. A “broker non-vote” occurs when a broker, bank, or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power on that matter and has not received instructions from the beneficial owner. At the Annual Meeting, broker non-votes and abstentions will have no effect on the outcome of any of the Company’s proposals. Brokers, banks or other nominees will not have discretionary authority to vote on Proposal Nos. 1 or 2, but will have discretionary authority to vote on Proposal No. 3.

Solicitation of Proxies

The enclosed proxy is being solicited by the Board of Directors of the Company. The total cost of solicitation of proxies in connection with the Annual Meeting will be borne by the Company. In addition to solicitation by mail, our Directors, officers and employees may solicit proxies for the Annual Meeting personally or by telephone or electronic communication without additional remuneration. The Company will also provide brokers and other record owners holding shares in their names or in the names of nominees, in either case which are beneficially owned by others, proxy material for transmittal to such beneficial owners and will reimburse such record owners for their expenses in doing so.

**PROPOSAL NO. 1
ELECTION OF DIRECTORS**

At the Annual Meeting twelve (12) Directors will be elected for a one-year term expiring at the 2019 Annual Meeting, and with respect to each Director, until his or her successor is elected and qualified. All 12 Director nominees—John E. Alexander, Paul J. Battaglia, Daniel J. Fessenden, James W. Fulmer, Susan A. Henry, Patricia A. Johnson, Frank C. Milewski, Thomas R. Rochon, Stephen S. Romaine, Michael H. Spain, Alfred J. Weber and Craig Yunker—are currently serving as Directors. Their terms expire in 2018, and each is standing for re-election at the Annual Meeting. Each Director was identified and nominated by the Nominating and Corporate Governance Committee for election at the Annual Meeting. The 12 nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected to the Board. The persons named in the Proxy to represent shareholders at the Annual Meeting are Francis M. Fetsko and Kathleen A. Manley. The Proxies will vote as directed and, in the absence of instructions, will vote the shares represented by properly-executed proxies in favor of the election of nominees named below.

In the event any nominee is unable or declines to serve as a Director at the time of the Annual Meeting, the proxies will be voted for the nominee, if any, who may be designated by the Board, upon recommendation of the Nominating and Corporate Governance Committee, to fill the vacancy. As of the date of this Proxy Statement, the Board is not aware that any nominee is unable or will decline to serve as a Director.

Vote Required and Recommendation

Shareholders may vote “for” all Director nominees as a group, may “withhold” authority to vote for all Director nominees as a group, or may withhold authority to vote only for specified Director nominees. A plurality of votes cast by holders of shares of common stock entitled to vote thereon is required to elect the nominees. Under a plurality vote standard, the nominees who receive the highest number of votes “for” their election will be elected. Votes to “withhold” in an uncontested election will have no effect on the outcome of the vote on Proposal No. 1. Broker non-votes will not constitute or be counted as votes cast for purposes of this Proposal, and therefore will have no impact on the outcome of this Proposal. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ELECTION OF EACH OF THE DIRECTOR NOMINEES. SHARES OF COMMON STOCK COVERED BY EXECUTED PROXIES RECEIVED BY THE BOARD OF DIRECTORS WILL BE VOTED “FOR” THE ELECTION OF EACH OF THE DIRECTOR NOMINEES NAMED BELOW UNLESS THE SHAREHOLDER SPECIFIES A DIFFERENT CHOICE.**

The following table sets forth each Director nominee and each continuing Director and includes such person’s name, age, the year he or she first became a Director, the expiration of his or her current term as Director, and whether he or she has been determined to be an Independent Director, as that term is defined in the listing standards of the NYSE

Mr. Yunker also sits on the Board of Directors of Liberty Pumps, a manufacturing company in Bergen, New York, currently serving as the Chair of its Compensation Committee. He was a delegate to the first New York State agricultural trade mission to Cuba in 2008. We believe Mr. Yunker's qualifications to sit on our Board of Directors include his extensive executive experience, particularly in the agribusiness sector, and his corporate strategy acumen, along with over 20 years of service as a Tompkins Bank of Castile Director.

The names and ages of the Company's executive officers, including the Named Executive Officers identified in the Summary Compensation Table in this Proxy Statement, their positions and offices held with the Company, their term of office and experience are set forth in Part I of the Company's Annual Report on Form 10-K for the Company's 2017 fiscal year, a copy of which is enclosed with this Proxy Statement.

MATTERS RELATING TO THE BOARD OF DIRECTORS

During fiscal 2017, the Board of Directors held four regular meetings and three strategic planning meetings. As a matter of practice, the Independent Directors met in executive session at the end of each regular meeting, for a total of four such sessions during 2017. During this period, all of the Directors attended more than 75% of the aggregate of the total number of meetings of the Board held during the periods that he or she served and the total number of meetings held by all committees of the Board on which each such Director served during the period that he or she served.

The Board currently maintains and appoints the members of the following six standing committees: Executive, Compensation, Audit/Examining, Nominating and Corporate Governance, Qualified Plans Investment Review, and Corporate Credit Oversight.

Executive Committee. The Board has adopted a written charter for the Executive Committee. A copy of the Executive Committee’s charter is posted in the “Corporate Governance” section of the Company’s website (www.tompkinsfinancial.com). The Executive Committee did not meet during fiscal 2017. The Executive Committee acts, as necessary, on behalf of the Board of Directors pursuant to the Company’s Second Amended and Restated Bylaws (the “Bylaws”).

Compensation Committee. The Board has adopted a written charter for the Compensation Committee (as used in this paragraph, the “Committee”). A copy of the Committee’s charter is posted in the “Corporate Governance” section of the Company’s website (www.tompkinsfinancial.com). The Committee met five times during fiscal 2017. The Committee reviews executive performance and approves, or recommends to the Independent Directors for approval, salaries and other matters relating to executive compensation, except that the compensation of the Chief Executive Officer is determined by the Independent Directors upon recommendation by the Committee. It also administers the Company’s equity incentive plans, including reviewing and granting equity incentive awards to executive officers and other employees. The Committee also reviews and approves various other compensation policies and matters, senior management planning, and is responsible for ensuring that executive officers are compensated effectively, appropriately, and in a manner consistent with the Company’s objectives. Please see the heading “*Role of the Compensation Committee, Management, and Consultants*” on Page 16 for information about this Committee’s responsibilities and activities. Each of the members of this Committee is an “Independent Director” as defined in Section 803A of the NYSE American Company Guide, and also meets the heightened independence standards for compensation committee members set forth in NYSE American Rule 805(c).

Audit/Examining Committee. The Board has adopted a written charter for the Audit/Examining Committee (as used in this paragraph, the “Committee”). A copy of the Committee’s charter is posted in the “Corporate Governance” section of the Company’s website (www.tompkinsfinancial.com). The Committee met ten times during fiscal 2017. This Committee assists the Board in its general oversight of accounting and financial reporting, internal controls and audit functions, and is directly responsible for the appointment, compensation and oversight of the work of the Company’s independent auditors. The responsibilities and activities of the Committee are described in greater detail in the “Report of the Audit/Examining Committee of the Board of Directors” included in this Proxy Statement. The Board has determined that Paul J. Battaglia, Susan A. Henry, Patricia A. Johnson, and Frank C. Milewski each qualify as an “Audit Committee Financial Expert” as defined in Item 407(d) of Regulation S-K and that each of the members of the Audit/Examining Committee is an “Independent Director” as defined in Section 803A of the NYSE American Company Guide, and also satisfies the heightened independence standards applicable to Audit Committee members of Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Nominating and Corporate Governance Committee. The Board has adopted a written charter for the Nominating and Corporate Governance Committee (as used in this paragraph and in the next four paragraphs, the “Committee”). A copy of the Committee’s charter is posted in the “Corporate Governance” section of the Company’s website (www.tompkinsfinancial.com). The Committee met three times during the 2017 fiscal year. This Committee is responsible for assisting the Board in developing corporate governance policies and practices that comply with applicable laws and regulations, including NYSE American listing standards and corporate governance requirements, and the corporate governance requirements of the Sarbanes-Oxley Act of 2002 and the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010.

The Nominating & Corporate Governance Committee is responsible for identifying, evaluating and recommending qualified candidates for election to the Board. The Committee will evaluate candidates who are identified by shareholders, by other members of the Board, and occasionally by members of the Company's leadership team, which is comprised of the Company's executive officers. To be considered, shareholder recommendations of director candidates must be received by the Chairman of the Nominating and Corporate Governance Committee, Tompkins Financial Corporation, P.O. Box 460, Ithaca, NY 14851, no later than December 1st of the year preceding the annual meeting at which such nominee is proposed to be nominated. The recommendations should include the name, address, and supporting information as to why the candidate should be considered by the Committee. The same procedures are used to evaluate all candidates, regardless of the source of the recommendation. To be considered, each candidate must possess the following minimum qualifications and attributes: high personal values, judgment and integrity; an ability to understand the regulatory and policy environment in which the Company conducts its business; a demonstrated, significant engagement in one of the market areas served by the Company, based on one or more of the following within such market area—professional/business relationships, residence, and involvement with civic, cultural or charitable organizations; and experience which demonstrates an ability to deal with the key business, financial and management challenges that face financial service companies. The Committee believes that such connections with one of the Company's local communities foster ties between the Company and that community, and also allow the Director to better understand the banking and financial services needs of its local stakeholders.

In identifying potential nominees, the Committee also considers whether a particular candidate adds to the overall diversity of the Board. The Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The Company believes that the backgrounds and qualifications of the Directors, considered as a group, should comprise an array of experience, knowledge and abilities to allow the Board to most effectively carry out its responsibilities. Although the Committee does take diversity into account when evaluating a particular candidate, it is only one of several criteria used during the Committee's assessment process, and the Committee has not formalized its diversity practices into a written policy.

While individual experiences and qualifications serve as a baseline for consideration, the Committee recognizes that the Board of Directors governs as a whole, and not as a collection of individuals. The effectiveness of the Board is not a function of the individual attributes of its members; rather, it depends on the overall chemistry of the Board. Therefore, the Committee assesses whether a particular candidate will be able to function within this broader context by evaluating his or her: ability to understand, and willingness to engage, the issues presented to the Board; ability to exercise prudence and judgment, but also decisiveness; and ability to effectively communicate his or her ideas to the other members of the Board. In the case of incumbent Directors, these assessments are made based on past experience with a particular Director and, in the case of first-time nominees, these issues are explored during the interview and vetting process described below.

Once the Committee has determined its interest in a potential nominee, it begins discussions with him or her as to his or her willingness to serve on the Board and one of the Company's subsidiary boards and, for first-time nominees, an interview will be conducted. If the nominee is an incumbent Director, the Committee will consider prior Board performance and contributions as described above; in the case of a first-time nominee, the Committee will evaluate its discussions with the candidate, and the Committee may also seek to verify its preliminary assessment of the candidate by discussing his or her particular attributes with other appropriate parties who have had prior professional experiences with him or her. At the conclusion of this process, the Committee will recommend qualified candidates

that best meet the Company's needs to the full Board, which then selects candidates to be nominated for election at the next annual meeting of shareholders. The Committee uses the same process for evaluating all candidates, whether recommended by shareholders, Directors or management. The Company expects all Board members to own at least 2,000 shares of the Company's common stock, which shares may be accumulated over a period of three years following a Director's initial election to the Board. Shares held in a rabbi trust as deferred stock compensation for a given Director, are included in this calculation.

Qualified Plans Investment Review Committee. The Board has adopted a written charter for the Qualified Plans Investment Review Committee (as used in this paragraph, the "Committee"). This Committee met two times during fiscal 2017, and it is responsible for reviewing and setting the investment goals and objectives of the Tompkins Financial Corporation Retirement Plan, monitoring the performance of the third-party investment manager engaged to invest plan assets, and overseeing changes to plan holdings. This Committee also serves in a fiduciary capacity for the Company's 401(k) retirement plan, which duties include, but are not limited to: investment fund selection; establishing investment policy objectives; benchmarking and evaluating the reasonableness of fund fees, overall plan expenses, revenue-sharing arrangements, and performance of the investment funds and the third-party administrator.

Corporate Credit Oversight Committee. The Board has adopted a written charter for the Corporate Credit Oversight Committee (as used in this paragraph, the "Committee"). This Committee met seven times in 2017, and is charged with the general oversight of the commercial, consumer and residential lending mortgage portfolios across the affiliates of the Company. In addition, the Committee will be asked to approve larger commercial relationships in excess of \$20 million in borrowings.

Director Compensation

It is the general policy of the Board that employee directors are not paid for their service on the Company's Board of Directors beyond their regular employee compensation.

⁽¹⁾ Amounts disclosed for certain Directors include cash compensation for service on subsidiary boards. For a more detailed discussion of such fees, see "Subsidiary Board Service Compensation" below.

The stock awards disclosed here reflect grant date fair value in accordance with ASC Topic 718, and were earned by the Directors and deferred under Tompkins' Amended and Restated Plan for Eligible Directors of Tompkins Financial Corporation and Wholly-Owned Subsidiaries (the "Retainer Plan"). The stock awards under the Retainer ⁽²⁾ Plan are discussed in more detail below under the heading "Timing and Manner of Payment of Director Compensation." Dividends are reinvested pursuant to the Company's Dividend Reinvestment and Stock Purchase and Sale Plan.

Effective January 1, 2017, the Company's non-employee Directors were compensated for service on the Board as follows. An annual \$15,225 retainer payable in quarterly installments of \$3,806.25 each was paid at the beginning of each quarter to non-employee Directors. In addition, non-employee Directors received \$1,470 for each of the four

regularly-scheduled Board meetings the Director attended, as well as \$890 for each Audit/Examining, Compensation, Nominating and Corporate Governance Committee or Credit Oversight Committee meeting attended and \$470 for each Qualified Plans Investment Review Committee meeting attended. The Chair of the Audit/Examining Committee received an additional \$11,710 annual fee paid in quarterly installments of \$2,927.50, and the Chairs of the Compensation, and Nominating and Corporate Governance Committees received an additional \$4,725 annual fee paid in quarterly installments of \$1,181.25. The Chair of the Qualified Plans Investment Review Committee received an annual fee of \$1,155 paid in quarterly installments of \$288.75. All non-employee Directors' fees paid for service on the Board were paid in cash or, if a valid election was made by the Director prior to January 1, 2017, such Directors' fees were deferred pursuant to (i) the Retainer Plan or (ii) pursuant to a Deferred Compensation Agreement. In addition to these fees, Directors are eligible to receive equity awards granted pursuant to the Company's 2009 Equity Plan, though none were issued to Directors during fiscal 2017.

In lieu of any retainer, Board meeting and/or committee fees, an annual retainer was paid in deferred stock to Thomas R. Rochon in 2017 for his service as Chairman of the Tompkins Financial Corporation Board of Directors, as well as his service on the Boards of our Tompkins Trust Company and Mahopac Bank subsidiaries, in the amount of \$87,675 paid in quarterly installments of \$21,918.75. Effective January 1, 2017, in lieu of any Board meeting and/or committee fees, James W. Fulmer received \$55,125 paid in quarterly installments of \$13,781.25 for his service as Vice Chairman of the Board, as well as his service on the Boards of our Mahopac Bank, VIST Bank, Bank of Castile, and Tompkins Insurance Agencies subsidiaries.

Subsidiary Board Service Compensation

Any non-employee member of the Company's Board of Directors who also sits on the Board of Tompkins Bank of Castile received an additional annual \$16,600 Board Retainer Fee paid in quarterly installments of \$4,150. During 2017, Paul J. Battaglia, James W. Fulmer and Craig Yunker sat on the Board of Directors of Tompkins Bank of Castile. Any non-employee member of the Company's Board of Directors who also sits on the Board of Tompkins Mahopac Bank received an additional annual Board Retainer Fee of \$25,000 paid in quarterly installments of \$6,250. During 2017, James W. Fulmer and Michael H. Spain sat on the Board of Directors of Tompkins Mahopac Bank; and beginning in August 2017, Thomas R. Rochon also sat on the Board of Directors of Tompkins Mahopac Bank, but did not receive any additional compensation for his subsidiary board service. Any non-employee member of the Company's Board of Directors who also sits on the Board of Tompkins Trust Company received an additional annual \$16,600 Board Retainer Fee paid in quarterly installments of \$4,150. In addition, non-employee Directors who served on the Trust Committee and/or the Board Loan Committee of Tompkins Trust Company's Board of Directors received fees of \$470 per meeting attended, and the Chair of each of those committees received a \$1,100 annual fee paid in quarterly installments of \$275 at the beginning of each quarter. During 2017, John E. Alexander, Daniel J. Fessenden, and Susan A. Henry, sat on the Board of Directors of Tompkins Trust Company; Thomas R. Rochon also sat on the Board of Directors of Tompkins Trust Company through June 2017. Any non-employee member of the Company's Board of Directors who also sits on the Board of Tompkins VIST Bank received an additional annual \$16,600 Board Retainer Fee paid in quarterly installments of \$4,150. The VIST Bank Board Chair, Alfred J. Weber, also received an annual fee of \$3,310 paid in quarterly installments of \$827.50. In addition, non-employee Directors who served on the Board Loan Committee of Tompkins VIST Bank's Board of Directors received fees of \$470 per meeting attended, and the Chair of that Committee received a \$1,155 annual fee paid in quarterly installments of \$288.75. During 2017, James W. Fulmer, Frank C. Milewski and Alfred J. Weber sat on the Board of Directors of Tompkins VIST Bank.

Timing and Manner of Payment of Director Compensation

All retainers for service on the Company's Board, as well as service on the Board of Directors of one or more of our subsidiaries, are payable quarterly, either in cash or, if a timely election is made by the Director, in stock pursuant to the Retainer Plan. Non-employee Directors may also elect to receive compensation in deferred cash pursuant to a Deferred Compensation Agreement. If a Director elects to receive deferred stock compensation under the Retainer Plan, his or her fees are transferred to a Rabbi Trust. The trustee acquires shares of common stock pursuant to the Company's Dividend Reinvestment and Stock Purchase and Sale Plan. A Director has no rights in or to the shares of common stock held in the Rabbi Trust until distribution is made in accordance with the Retainer Plan. An aggregate of 4,247 shares of common stock was acquired by the Rabbi Trust under the Retainer Plan in 2017, representing Board and committee fees and retainers paid and expensed in 2017.

In 2017, the Nominating and Corporate Governance Committee undertook an evaluation of the Company's Director compensation program. The Committee examined the director compensation programs of the peer group companies listed on Page 18, and considered the various components of director compensation at these peer companies, as well as the compensation amounts. The Committee recognized the need to prudently manage the Company's overall Director compensation expense, while also ensuring that individual director compensation was sufficient to attract and retain qualified directors for our Board. The Committee translated this principle into proposed changes to the Company's board compensation program, and then retained the services of an independent compensation consultant, Meridian Compensation Partners, LLC ("Meridian"), to evaluate and provide an opinion on the Committee's proposed director compensation changes. Meridian concluded that, while the proposed changes to 2018 director compensation represent a meaningful increase in the total board compensation over 2017, the individual director compensation levels remain conservative relative to peers. Meridian also validated the Committee's elimination of per-meeting fees as being in line with emerging industry trends. It is expected that Directors will prepare for and attend meetings consistently as part of their commitment to service on our Board.

Based on Meridian's analysis, as well as the Committee's recommendation, the Board approved the following fees to be paid to the Company's non-employee Directors, effective January 1, 2018: For service on the Company's Board, each non-employee Director will receive an annual retainer of \$25,000, and for service on a Company subsidiary's board, each non-employee Director receives an additional annual retainer of \$18,000. Committee members receive additional amounts for each committee on which they serve, and committee chairs and subsidiary board chairs also receive a supplemental amount in recognition of the higher time commitment expected of such roles. The Chairman and Vice Chairman of the Company's Board each receive an annual retainer of \$112,400 and \$75,000, respectively, in lieu of any committee fees, subsidiary board fees, or chair supplements. Consistent with the Company's historical practice, these fees are payable pursuant to a Director's timely election to receive their compensation in the form of cash, deferred cash, or deferred stock.

The Committee formally assessed the independence of Meridian pursuant to SEC rules and exchange requirements, and has concluded that no conflict of interest exists that would impair Meridian's ability to independently represent the Committee. The Committee made this determination based on its receipt of representations from Meridian addressing the independence of Meridian, including their employees involved in the engagement, which addressed the following

factors: (1) other services provided to us by Meridian; (2) fees paid by the Company as a percentage of Meridian's total revenue, which were less than 1% of Meridian's total revenue; (3) policies and procedures maintained by Meridian that are designed to prevent a conflict of interest; (4) the absence of any business or personal relationships between Meridian, including their employees involved in the engagement, and any member of the Committee; (5) the fact that no Company stock is owned by Meridian or any of their employees involved in the engagement; and (6) the absence of any business or personal relationships between our executive officers, directors, and Meridian. In addition, the Company confirmed the content of Meridian's responses to items (4) and (6) above directly with the Company's directors and executive officers.

Due to the elimination of meeting fees, an administrative amendment was made to the Retainer Plan in 2017 to align with the updated compensation program.

CORPORATE GOVERNANCE MATTERS

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines (the “Guidelines”), which reflect many of the Company’s long-standing practices, in order to strengthen our commitment to corporate governance best practices. A copy of the Guidelines is posted in the “Corporate Governance” section of our website (www.tompkinsfinancial.com). The Guidelines summarize the Company’s corporate governance practices and procedures, and the following issues, in addition to others, are covered in the Guidelines: board size; director independence; chairman independence; director retirement; director resignation following a change in job responsibility; director candidate identification and nomination; director common stock ownership; responsibilities of directors; meeting attendance; executive sessions of independent directors; Board committees; succession planning and management evaluation; director education; failure to receive a majority of votes cast; pledging/hedging policy; and board assessments. Our Nominating and Corporate Governance Committee periodically reviews the Guidelines and, as necessary or appropriate, recommends changes to the Guidelines.

Board and Director Assessments

The Board, under the leadership of the Nominating and Corporate Governance Committee, conducts annual self-evaluations to determine whether the Board and its committees are functioning effectively and in the best interests of the Company and its shareholders. Through this process, the Board also assesses Board composition by evaluating the qualifications, skills and experience of the Directors on the Board. As part of this annual self-assessment, Directors are able to provide feedback on the performance of other Directors. A summary of the results of the Board self-assessment and the individual self-assessments are reviewed by the Nominating and Corporate Governance Committee and the Board.

Shareholder Communications with Directors

Shareholders may communicate with the Company’s Board of Directors by writing to the following address: Board of Directors, Tompkins Financial Corporation, P.O. Box 460, Ithaca, New York 14851. All such communications from shareholders will be reviewed by the Chairman of the Board or the Chairman of the Nominating and Corporate Governance Committee, each of whom is an Independent Director, and, if s/he determines that a communication should be reviewed by the full Board, it will be presented to the Board for review and consideration.

Policy Regarding Director Attendance at Annual Meetings; Annual Meeting Attendance

The Board strongly encourages the attendance of all Directors at Annual Meetings of Shareholders. The Annual Meeting of Shareholders for fiscal 2016 was held on May 8, 2017 and all of the Company's Directors were in attendance.

Code of Ethics

The Board has adopted the Tompkins Financial Corporation Code of Ethics for the Chief Executive Officer and Senior Financial Officers which applies to the Company's Chief Executive Officer and Chief Financial Officer (who also serves as our principal accounting officer). A copy of the Code of Ethics is available in the "Corporate Governance" section of the Company's website (www.tompkinsfinancial.com). The Company will post material amendments to or waivers from the Code of Ethics for the Chief Executive Officer and Senior Financial Officer at this location on its website.

Board Leadership Structure, Risk Oversight and Director Education

Presently, the roles of Chief Executive Officer and Chairman of the Board are separate, as the Board feels this model offers advantages of including additional input and a range of prior experience within our leadership structure. However, no single leadership model is right for the Company at all times, and the Board does not have a policy that these roles will always be separate. The Board recognizes that other leadership models can be appropriate for the Company, given different circumstances.

The Board has an active role, both at the full Board and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding asset quality, capital, securities portfolio, liquidity, operations and other matters, as well as the risks associated with each. The Compensation Committee oversees risks associated with compensation arrangements and the Audit/Examining Committee oversees management of financial risks. The Board's role in the risk oversight process has not directly impacted its leadership structure.

The Board is committed to ongoing director education. Our Nominating and Corporate Governance Committee maintains a list of pertinent topics, including topics on which our Directors have specifically requested additional information, and a different topic is typically covered at each Board meeting. In addition, Directors connect professional experiences and development or training opportunities from their full-time occupations, where relevant, to their work on the Board. These experiences are shared with fellow Directors.

Risk and Influence on Compensation Programs

The Board's Compensation Committee also considers risk and its influence on the Company's compensation programs. This Committee reviews each compensation element individually and in the aggregate to ensure that the overall compensation program provides a balanced perspective that ultimately aligns pay with performance while also ensuring bonus / incentive programs do not motivate inappropriate risk-taking. Since the bonuses are discretionary, the Committee has the ability to reduce bonus amounts should it be determined that certain actions or practices by the executive officers are promoting unnecessary or excessive risk. Equity award levels and practices are set to foster shared interests between management and shareholders, but are not considered by the Committee to be at levels that would drive inappropriate behavior. In the Committee's judgment, the compensation policies and practices of the Company do not give rise to material risks.

In addition, we are subject to guidance issued by our primary banking regulators designed to ensure that incentive compensation arrangements at banking organizations appropriately tie rewards to longer-term performance and do not undermine the safety and soundness of the firm or create undue risks to the financial system. This guidance embodies three core principles, which are: (1) incentive compensation arrangements at a banking organization should provide employees incentives that appropriately balance risk and financial results in a manner that does not encourage employees to expose their organizations to imprudent risks; (2) these arrangements should be compatible with effective controls and risk management, and (3) these arrangements should be supported by strong corporate governance, including active and effective oversight by the organization's board of directors. We believe that our incentive compensation programs are in compliance with this guidance.

Affirmative Determination of Director Independence

A majority of the Board of Directors, and each member of the Audit/Examining Committee, Compensation Committee, and Nominating and Corporate Governance Committee, is independent, as affirmatively determined by the Board, consistent with the criteria established by NYSE American and as required by our Bylaws.

The Board has conducted an annual review of director independence for all nominees for election as Directors. During this review, the Board considered transactions and relationships during the preceding three years between each Director or nominee or any member of his or her family and the Company, and its executive officers, subsidiaries, affiliates and principal shareholders, including those transactions and relationships described below under "Transactions with Related Persons." The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the Director is independent.

As a result of this review, the Board affirmatively determined that the Directors identified as "Independent" in the table on Page 3 meet the standards of independence described above.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables set forth certain information, as of March 12, 2018, with respect to the beneficial ownership of our common stock by: (1) each shareholder known by the Company to be the beneficial owner of more than 5% of the Company's common stock; (2) each Director and nominee; (3) each executive officer named in the Summary Compensation Table, below; and (4) all executive officers and Directors as a group. Except as otherwise indicated, each of the shareholders named below has sole voting and investment power with respect to the outstanding shares of Common Stock beneficially owned.

Each share of phantom stock is the economic equivalent of one share of common stock. Phantom stock represents deferred stock compensation under the Amended and Restated Retainer Plan for Eligible Directors of Tompkins Financial Corporation and its Wholly-Owned Subsidiaries (the “Retainer Plan.”). These shares are held in a deferred trust account (the “Rabbi Trust”) pending distribution upon the occurrence of certain events specified in the Retainer Plan. The Director has no voting or investment power over the shares prior to such distribution. The shares of common stock held in deferred trust accounts for non-employee Directors are voted by Tompkins Trust Company (the “Trust Company”) as trustee of the Rabbi Trust.

(2) Does not include shares of phantom stock held in the Rabbi Trust.

The number of shares beneficially owned by each person or group as of March 12, 2018, includes shares of common stock that such person or group had the right to acquire on or within 60 days after March 12, 2018, including, but not limited to, upon the exercise of options. For each individual and group included in the table, percentage ownership is calculated by dividing the number of shares beneficially owned by such person or group by the sum of the 15,299,528 shares of common stock outstanding and entitled to vote on March 12, 2018 plus the (3) number of shares of common stock that such person or group had the right to acquire on or within 60 days after March 12, 2018. The percentages listed in this column do not include shares acquired pursuant to the Retainer Plan and held in the Rabbi Trust; Directors have no voting or investment power with respect to such shares. For a more detailed discussion of the Retainer Plan, refer to “*Timing and Manner of Payment of Director Compensation*”, Page 10. For a description of the vesting provisions for the restricted stock referenced in the footnotes below, see the “2017 Outstanding Equity Awards at Fiscal Year-End” table, below.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

It is the position of the Compensation Committee and the Board of Directors that Tompkins Financial Corporation has long operated within the spirit of the guidance provided by the Dodd-Frank Wall Street Reform and Consumer Protection Act and related regulations. Management and the Board have been careful to avoid many of the risks of incentive programs, choosing to reward proven results on a discretionary basis as opposed to tying payments to any particular metric. The result is that no individual or group is incentivized to take unnecessary risk with respect to a customer, the organization or our shareholders. We believe that these efforts are supported by an effective risk management system and strong corporate governance.

The Board of Directors has delegated to the Compensation Committee (the “Committee”) the responsibility for determining or recommending to the Independent Directors of the Board the compensation of the Company’s executive officers, including the executive officers identified in the Summary Compensation Table (the “Named Executive Officers”).

The Company has continued to exhibit strong recent financial performance relative to its peer group. In recognition of Company financial performance and the contributions made by the Named Executive Officers in 2017-2018 the following compensation actions were approved:

Merit Increases. Effective April 2017, most of the Company’s executives received salary rate increases, including all of the Named Executive Officers.

Cash Bonuses. In February 2017 and 2018, cash bonus awards were paid to many senior officers of the Company, including all of the Named Executive Officers.

Long-Term Equity-Based Awards. The Committee uses discretion in determining the frequency of awards and generally considers awards every 12 months. In November 2017, a number of executives received long-term equity based awards. Among this group were the Named Executive Officers who received shares of restricted stock.

These decisions as well as the Committee’s process in making compensation recommendations are described below.

Compensation Philosophy and Objectives

The primary goal of the Committee is to offer executive compensation that is fair and reasonable, consistent with the Company's size and the compensation practices of the financial services industry generally. Key objectives of the compensation package are to attract, develop, and retain high caliber executives who are capable of maximizing the Company's performance over the long-term for the benefit of its shareholders. The Committee rewards long-term value creation, and avoids an emphasis on short-term metrics, such as annual fluctuations in our stock price. The Board and the Committee maintain full discretion over the components and payment of compensation in order to preserve the flexibility necessary to ensure the Board's ability to act in the Company's best interests.

Tax and Accounting Considerations

The accounting and tax treatment of compensation generally has not been a significant factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to the Company with the benefit/value to the executive.

Section 162(m) of the Internal Revenue Code generally denies publicly-held corporations a federal income tax deduction for compensation exceeding \$1,000,000 paid to the chief executive officer, or any of the three other highest paid executive officers (other than the chief financial officer), excluding performance-based compensation. In 2017, the Company was unable to deduct \$874,552 in executive compensation expenses, which amount exceeded the Section 162(m) limitation; it should be noted, however, that this amount is largely attributable to a 2017 exercise of stock options with original grant dates in 2007. This Section 162(m) limitation on deductibility has historically excluded performance-based compensation (which remained deductible) but, with the passage of the Tax Cuts and Jobs Act of 2017, generally, performance-based compensation will no longer be excluded from the calculation of this Section 162(m) limitation applicable to compensation earned on and after January 1, 2018. The Committee will continue to monitor the potential impact of the changes to Section 162(m) and the Company's ability to deduct executive compensation.

While the tax impact of any compensation arrangement is one factor to be considered, that impact is evaluated in light of the Committee's overall compensation philosophy and objectives. One of the Committee's goals is to maximize the deductibility of executive compensation. However, the Committee retains the discretion to compensate officers in a manner commensurate with performance and the competitive environment for executive talent. Accordingly, the Committee may award compensation to the executive officers that is not fully deductible if it determines the compensation is consistent with its philosophy and is in the Company's and its shareholders' best interests. Section 409A of the Internal Revenue Code imposes an additional tax on certain forms of deferred compensation. The Committee takes Section 409A into account in determining the form and timing of compensation paid to the Company's executives.

The Company values equity incentive awards under FASB ASC Topic 718. More information regarding the application of ASC Topic 718 by the Company may be found in Note 12 (Stock Plans and Stock Based Compensation) to the Company's audited financial statements filed with the SEC in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017.

Compensation Committee and Process

Role of the Compensation Committee, Management, and Consultants

The Committee is responsible for general oversight of personnel policies for the Company and its subsidiaries, including review and administration of: non-qualified deferred compensation; administrative and non-fiduciary aspects of retirement and supplemental executive retirement plans; long-term equity compensation; and executive compensation plans. Each of the members of this Committee is an "Independent Director" as defined in Section 803A of the NYSE American Company Guide, and also meets the heightened independence standards for compensation committee members set forth in NYSE American Rule 805(c). The Independent Directors, under the leadership of our independent Chairman, are responsible for establishing the annual performance goals and objectives of the Chief Executive Officer and evaluating his performance in light of such goals and objectives. The Committee makes recommendations concerning the compensation of our Chief Executive Officer, and those recommendations are reviewed and approved by our Independent Directors. The Committee reviews the competitiveness of the Company's compensation programs and also oversees the succession planning process for executive officers, other than the Chief Executive Officer, for whom succession planning is conducted at the full Board level. The Committee also discusses and considers the results of the shareholders' advisory vote on the compensation paid to our Named Executive Officers. As permitted by law and by the rules of the NYSE American, the Committee may delegate all or a portion of its duties and responsibilities to a subcommittee of the Committee.

Executive officers do not play a role in determining their own compensation decisions, but they are called on to make recommendations concerning those individuals that report to them.

The Compensation Committee has the authority to retain such outside counsel, experts, and other advisors as it determines appropriate to assist it in the full performance of its functions. In 2017 the Committee retained the services of Pearl Meyer to (a) review the current group of peer financial institutions used for benchmarking purposes (the "Existing Peer Group") and make recommendations to add or remove institutions as appropriate, and (b) provide compensation analysis, including benchmark data from the updated peer group, regarding the compensation of executive officers (the "Pearl Meyer Executive Compensation Study"). Pursuant to this engagement, Pearl Meyer recommended changes to Existing Peer Group, as described in more detail on the following page. The Pearl Meyer Executive Compensation Study included recommended changes to the Existing Peer Group, and was considered by the Committee in establishing the 2017 annual bonuses (paid in 2018) and Long Term, Equity Based Awards for our Named Executive Officers.

The Committee has assessed the independence of Pearl Meyer (referred to as the “Compensation Consultants”) pursuant to SEC rules and exchange requirements, and has concluded that no conflict of interest exists that would impair the Compensation Consultants’ ability to independently represent the Compensation Committee. The Company made this determination based on its receipt of representations from the Compensation Consultants addressing the independence of the Compensation Consultants, including their employees involved in the engagement, which addressed the following factors: (1) other services provided to us by the Compensation Consultants; (2) fees paid by the Company as a percentage of the Compensation Consultants’ total revenue, which were less than 1% of each of the Compensation Consultant’s total revenue; (3) policies and procedures maintained by the Compensation Consultants that are designed to prevent a conflict of interest; (4) the absence of any business or personal relationships between the Compensation Consultants, including their employees involved in the engagement, and any member of the Compensation Committee; (5) the fact that no Company stock is owned by the Compensation Consultants or any of their employees involved in the engagement; and (6) the absence of any business or personal relationships between our executive officers and the Compensation Consultants. In addition, the Company confirmed the content of the Compensation Consultants’ responses to items (4) and (6) above directly with the Company’s directors and executive officers.

Process of Determining Named Executive Officer Compensation

In furtherance of its objective to attract, develop and retain high caliber executives who are capable of maximizing the Company’s performance for the benefit of its shareholders, the Committee periodically compares its compensation levels, practices, and financial performance to survey and publicly available data for a group of banking institutions of similar size, geographic market or structure. In years when a compensation consultant has been retained for this purpose, the committee utilizes the peer group identified by the consultant.

Toward that end, the Committee utilized information from the publicly filed proxy statements of the following companies for benchmarking purposes when considering the 2017 Base Salary component of compensation of its Chief Executive Officer and the other Named Executive Officers. This is the “Existing Peer Group” referred to on the previous page, under the heading “Role of the Compensation Committee, Management, and Consultants”:

Arrow Financial Corporation	Old National Bancorp
Berkshire Hills Bancorp, Inc.	Park National Corporation
Bryn Mawr Bank Corp	S&T Bancorp, Inc.
Camden National Corporation	Sandy Spring Bancorp, Inc.
Community Bank NA	Union First market Bankshares Corp.
Independent Bank Corp (Ionia MI)	Univest corporation of Pennsylvania
NBT Bancorp, Inc.	Washington Trust Bancorp, Inc.
Northwest Bancshares, Inc.	WSFS Financial Corporation

The Committee engaged Pearl Meyer to undertake a review of the Existing Peer Group, and to make recommendations to add or remove institutions from the Existing Peer Group, as appropriate. Pearl Meyer thus conducted a peer group study during 2017, which considered commercial banks and savings banks/thrifts listed on a national exchange, located in the contiguous U.S. in the Northeast or Middle-Atlantic regions (including IN, OH and VA), and asset size approximately 0.5x-2.5x Tompkins’ 2017 Q1 assets (\$3.0B-\$15.7B). Pearl Meyer recommended, and the Committee adopted, the below peer group (the “New Peer Group”) in the third quarter of 2017. The Committee utilized this New Peer Group* when considering annual bonuses and Long Term, Equity based compensation earned during 2017:

1st Source Corp	Independent Bank Corp
Brookline Bancorp Inc	Lakeland Bancorp Inc
Century Bancorp Inc	Lakeland Financial Corp
Community Bank (Pasadena CA)	NBT Bancorp Inc
ConnectOne Bancorp Inc	Park National Corp
Eagle Bancorp Inc	S&T Bancorp Inc
First Commonwealth Financial Corp	Sandy Spring Bancorp Inc
First Financial Bancorp	Towne Bank
First Menasha Bancshares Inc	Union Bankshares Corp
First Merchants Corp	Univest Corp of Pennsylvania
Flushing Financial Corp	Washington Trust Bancorp Inc

*It should be noted that the Committee adopted Pearl Meyer’s recommendations for the New Peer Group in the third quarter of 2017, at which time the 2017 Base Salary component of compensation had already been determined with reference to the Existing Peer Group.

The Committee believes that a certain level of discretion is appropriate in determining the Named Executive Officers’ compensation. Information from comparative groups is only one factor in the Committee’s assessment of appropriate

compensation levels, policies, and practices. The Committee does not have a formal policy of targeting a certain percentile of the market data or using market data to establish the mix of compensation (including the allocation between cash and non-cash compensation and short and long-term equity compensation). The Committee also does not have a formal policy regarding the relationship between compensation levels provided to the Chief Executive Officer and other Named Executive Officers. Presently, there is not a generally accepted calculation methodology for realizable pay, nor has such disclosure been mandated. Because many different metrics currently exist, creating substantial differences in how these measures are calculated and reported by different companies, the Committee has determined not to provide realizable pay calculations at this time.

The factors considered for fiscal 2017 compensation were:

Adjustments to Actual Earnings & 2017 Tax Act. For fiscal 2017, the Committee considered a number of quantitative and qualitative performance factors to evaluate the performance of its executive officers, including its Chief Executive Officer. The 2016 annual performance factors were considered for the purpose of determining 2017 merit increases to base salary while the 2017 annual performance factors were used to determine executive bonuses earned for 2017 and paid in 2018. The enactment of the Tax Cuts and Jobs Act (the “2017 Tax Act”) required companies to revalue and reassess deferred tax assets and liabilities reflecting the new federal income tax rate, which resulted in a one-time, non-cash write-down of net deferred tax assets of \$14.9 million in the fourth quarter of 2017. Because the Committee chooses to reward proven results on a discretionary basis, as opposed to tying payments to any particular metric the Committee may consider adjustments to reported (GAAP) net income for purposes of determining executive compensation. The Committee considers such adjustments when, in the Committee’s judgment, the reported (GAAP) net income included unusual or one-time items that do not fairly reflect the Company’s financial performance in a given year. Due to the unanticipated impact on these quantitative performance factors outside of the control of the Names Executive Officers, and the fact that this write-down did not occur as a result of the Company’s performance or operating activities, the Committee excluded the impact of the Tax Cuts and Jobs Act from its consideration of bonus payouts for 2017. The Committee accordingly chose to adjust the Company’s reported net income of \$52.5 million to \$67.4 million for purposes of calculation the performance factors in the following table:

The Company’s net income as compared to the Company’s internal targets (in thousands of dollars):	Actual (Adj.)	Target	% Variance
	2017 67,438	63,067	6.93%
	2016 59,340	55,918	6.12%

Earnings per share (diluted EPS):	Actual (Adj.)	% Change from prior year	%
	2017 \$4.42	13.04	%
	2016 3.91	7.71	%

The Company’s return on assets (ROA), as ranked in the Federal Reserve Bank Holding Company Performance Report for its peer group as of December 31st:	Actual	Ranking*
	2017 1.06 %	32 nd percentile

2016 1.01 % 51st
percentile

The Company's total return as compared to KBW Regional Banking Index over the following time periods (Annual Equivalent), as of December 31, 2017:

	1 Year	5 Year	10 Year	
TMP	-12.10 %	18.98 %	12.18 %	
KBW Index	1.82 %	17.70 %	6.35 %	

The Company's return on equity (ROE), as ranked in the Federal Reserve Bank Holding Company (Performance Report for its peer group):

	Actual	Ranking*
2017	11.68 %	55 th percentile
2016	10.85 %	72 nd percentile

*The Company's ranking is based on actual (non-adjusted) earnings, and thus reflects a non-recurring charge of \$14.9 million, attributable to the write-down of the net deferred tax assets described below; it should also be noted that the peer group referred to in this table differs from the "Existing Peer Group" described under "Process of Determining Named Executive Officer Compensation" above and is instead derived from the Federal Reserve Board data for bank holding companies with assets between \$3.0 billion and \$10.0 billion as of December 31, 2017.

The Company's financial performance in 2017 continues to be strong (after adjusting for the non-recurring deferred tax asset charge described above), and the Committee factored the Company's excellent operating results into its 2017 compensation decisions. With respect to individual performance, the measure of individual performance is determined by comparing the individual's overall performance for the year with the individual's performance goals that are, in the case of Mr. Romaine, established by the Compensation Committee at the beginning of the year and, in the case of the other Named Executive Officers, established by Mr. Romaine (and discussed with the Compensation Committee), at the beginning of the year. The Compensation Committee also has the discretion to reward achievements that are not the subject of any pre-established goals. The Committee determined that each of the named executive officers performed well against their respective individual performance goals in 2017, and this is reflected in the compensation decisions described in this Report. The Committee believes that the total compensation provided to the Company's executive officers is competitive, and that the Company's compensation practices for fiscal 2017 were appropriate.

Consideration of Say-on-Pay Results

In 2017, the Company's shareholders approved, on an advisory basis, the option to hold an advisory vote on executive compensation every year. An advisory vote on executive compensation was also held in 2017, and the shareholders adopted a resolution approving, on an advisory basis, the compensation paid to our Named Executive Officers by an affirmative vote in excess of the majority percentage required. Because the vote was advisory, it was not binding upon the Board or Committee; however, the Committee values the input of our shareholders and took into account the outcome of the vote when considering 2017 executive compensation arrangements. At the Annual Meeting, shareholders are again being asked to approve, on an advisory basis, the compensation paid to our Named Executive Officers. See "Proposal No. 2 – Advisory Vote on Executive Compensation", below.

Components of Compensation

The major components of the Company's executive officer compensation are: (i) base salary, (ii) annual bonus, (iii) long-term, equity-based awards, and (iv) retirement and other benefits.

Base Salary. The Company's base salary program is designed to recognize the roles and responsibilities of executive officers' positions and their performance in those roles. The Committee annually reviews the salaries of the Company's executives. When setting base salary levels for recommendation to the Independent Directors on the Board, the Committee considers (a) competitive market conditions for executive compensation, (b) the Company's performance and (c) the individual's performance. The Company's performance is measured by the Company's strategic and financial performance in the fiscal year, with particular emphasis on earnings per share growth and return on shareholders' equity for the year. Although the Committee considers year-to-year changes in stock price in its evaluation of overall Company performance, the Committee does not use this criterion on an individual level because the Committee does not believe that short-term fluctuations in stock price necessarily reflect the underlying strength or future prospects of the Company. Individual performance is measured by the strategic and financial performance of the particular executive officer's operational responsibility in comparison to targeted performance criteria.

The Company maintains a common anniversary date for the merit review process, and related increases in compensation rates occur in April. Following an analysis of the factors described in the preceding paragraph, most of the Company's executives received salary rate increases at this time, including all of the Named Executive Officers. Mr. Romaine's annual salary rate was increased to \$613,000 representing an increase of 4.8%. Messrs. Fetsko, Gruber, Boyce and Hartz received annual salary rate increases to \$355,000 (+4.4%), \$348,000 (+3.1%), \$318,000 (+2.9%), and \$287,700 (+3.6%) respectively. In October, after reviewing the Pearl Meyer Executive Compensation Study, Mr. Fetsko received a market adjustment which was approved by Mr. Romaine and the Committee, increasing his annual salary rate to \$400,000; this market adjustment was made to ensure that Mr. Fetsko's compensation remains competitive with the levels described in the study.

Annual Bonus. The Company chooses to pay annual cash bonuses in order to motivate executives to work effectively to achieve the Company's financial performance objectives and to reward them if objectives are met. The Board maintains full discretion in the payment of bonuses in order to preserve the flexibility necessary to ensure its ability to act in the Company's best interests. In determining annual bonus amounts, The Committee rewards long-term value creation, and avoids an emphasis on short-term metrics, such as annual fluctuations in our stock price. The Compensation Committee considers a number of quantitative and qualitative performance factors to evaluate the performance of the Named Executive Officers. These performance factors include, but are not limited to: (i) achievement of individual goals; (ii) contribution to business unit results; and (iii) contribution to corporate results measured by (a) the Company's net income as compared to the Company's internal targets, (b) increases in earnings per share of the Company's common stock for the latest 12 months, (c) the Company's return on assets, as ranked in the Federal Reserve Bank Holding Company Performance Report (Peer Group percentile), and (d) the Company's return on equity, as ranked in the Federal Reserve Bank Holding Company Performance Report (Peer Group percentile). In February 2018, bonus awards were paid to several executives of the Company, including all of the Named Executive Officers. The Committee considered the Pearl Meyer Executive Compensation Study as it determined the bonus award amounts, among the other factors described in this Report. These bonus awards were also reflective of individual performance and the Company's outstanding operating results in 2017. Messrs. Fetsko, Gruber, Boyce and Hartz received bonuses of \$158,000, \$121,000, \$109,000, and \$98,000 respectively. Mr. Romaine received a bonus of \$307,000, which was based upon the effectiveness of his leadership, the number of important accomplishments of the Company during 2017, and the other performance factors described above. While this amount represents a material increase from his 2016 annual bonus amount, the Board determined that this increase was warranted for the reasons described in this report, and in order to endure that Mr. Romaine's compensation levels remain competitive with the levels observed in the Pearl Meyer Executive Compensation Study.

Long-Term, Equity-Based Awards. The Company chooses to award equity-based compensation because such grants (1) align executive interests with shareholder interests by creating a direct link between compensation and shareholder return, (2) give executives a significant, long-term interest in the Company's success and (3) help retain key executives in a competitive market for executive talent. While the Committee recognizes that the executives of the Company can exert very little influence on short-term fluctuations in stock price, the Committee does believe that long-term stock price appreciation reflects achievement of strategic goals and objectives. Equity awards are granted based on the performance of the individual executive and his or her anticipated contribution to the achievement of the Company's strategic goals and objectives. The Committee has traditionally authorized grants vesting over five or more years to encourage retention of executives. This practice means that at any time there are a significant number of awards granted that are not vested and therefore not exercisable and/or transferable.

We maintain the Tompkins Financial Corporation 2009 Equity Plan, a shareholder-approved plan that gives the Company flexibility in the types of equity grants awarded in order to align executive and shareholder interests. A total of 1,602,000 shares have been authorized for issuance under the 2009 Equity Plan. Of this amount, 722,109 remained available for granting as of December 31, 2017. Under this Plan, the Committee may also award shares of the Company's common stock through the profit sharing component of the Tompkins Financial Corporation Employee Stock Ownership Plan. For a more detailed discussion of the profit sharing component, and other deferred compensation and retirement plans, please see the text accompanying the tables following this section.

The Committee uses discretion in determining the frequency and level of awards. Generally, the Committee will consider market data, including the total economic value and mix of award types utilized by the New Peer Group, the Company's financial performance, and individuals' performance before deciding whether an award should be made and the number of shares to be granted. The Committee grants equity-based compensation only at times when participants are not in possession of material non-public information. In November 2017, a number of executives received long-term equity-based awards. Among that group were the Named Executive Officers, who each received shares of restricted stock. In 2017, Messrs. Fetsko, Gruber, Boyce and Hartz each received 1,320 shares of restricted stock. In determining how to structure the 2017 equity award, the Committee considered the Pearl Meyer Executive Compensation Study; this study included data from the New Peer Group and found that members of this group generally granted equity awards consisting entirely of restricted shares. The Committee considered this market research, as well as the relative merits of other forms of equity awards, and determined that an equity award consisting entirely of restricted stock was most appropriate for 2017. In 2017, Mr. Romaine received 4,625 shares of restricted stock. While this amount represents a material increase from his 2016 equity award, the Compensation Committee determined that this increase was warranted for the reasons described in this report, and in order to ensure that Mr. Romaine's compensation levels remain competitive with the levels observed in the Pearl Meyer Executive Compensation Study. More information about the terms and conditions of these grants is available in the "Grants of Plan-Based Awards" table and related narrative.

Retirement and Other Benefits

Retirement Plans. The Company maintains several retirement programs that are designed to assist Company employees with their long-term retirement planning. Substantially all Company employees, including the Named Executive Officers, are eligible to participate in the Investment & Stock Ownership (401(k)) Plan (the "ISOP") and the Employee Stock Ownership Plan (the "ESOP"). The Committee believes that, in addition to providing retirement income, these plans have the added benefit of linking compensation to the Company's stock performance. The Company also maintains defined contribution and defined benefit pension plans.

Named Executive Officers may also participate in a non-qualified deferred compensation plan and all of our Named Executive Officers are parties to Supplemental Executive Retirement Plan (SERP) Agreements with the Company. These plans provide retirement income that may be limited in the qualified plans due to IRS limitations or are intended to provide additional retirement benefits. The Committee believes that the plans and the level of benefits that

are provided are appropriate to promote retention and to recognize and reward long-term service to the Company.

For more information regarding these plans, please refer to the narrative accompanying the “Pension Benefit” and “2017 Non-Qualified Deferred Compensation” tables on Pages 27 and 32, respectively, in this Proxy Statement. Information regarding SERP benefits is explained under “Potential Payments upon Termination or Change in Control.”

Life Insurance Benefits. As a part of its comprehensive and competitive approach to compensation, the Company provides life insurance benefits to certain officers of the Company, including all of the Named Executive Officers, with respect to which the Company has entered into life insurance contracts. These insurance contracts are carried at cash surrender value on the Company’s consolidated statements of financial condition. Increases in the cash surrender value of the insurance are reflected as noninterest income, and the related mortality expense is recognized as other employee benefits expense, in the Company’s consolidated statements of income. The value of premiums paid with respect to such life insurance on behalf of the Named Executive Officers is included as “All Other Compensation” in the Summary Compensation Table.

Post-Retirement Life Insurance. The Company offers post-retirement life insurance coverage to employees who have worked for the Company for 10 or more years and who retire at or after age 55. All of the Named Executive Officers are entitled to receive life insurance coverage under this policy.

Perquisites. Perquisites for the Named Executive Officers are limited to personal use of a Company-owned vehicle. The Committee believes that this limited benefit assists the Named Executive Officers in the performance of their duties by providing convenience in light of the significant demands on our Named Executive Officers’ time, including frequent car travel on business.

Termination of Employment and Change-in-Control Arrangements. The Company does not have employment contracts with the Named Executive Officers. However, the Company is obligated to provide certain payments to the Named Executive Officers upon termination as part of their Supplemental Executive Retirement Plan (SERP) Agreements. Some of these agreements contain severance provisions carried over from previous agreements with acquired companies. In addition, under the Company's equity incentive plans, outstanding unvested equity awards may fully vest if a Named Executive Officer is terminated in connection with a change of control of the Company. SERP payments, accelerated vesting of equity awards and other benefits due upon termination are explained under the "Potential Payments upon Termination or Change in Control" section of this Proxy Statement. These payments/benefits are subject to a "double trigger" as described in greater detail under that section as well.

These amounts represent cash awards for performance bonuses. Of these amounts, Messrs. Fetsko and Boyce (1) deferred 15% and 25%, respectively, under the Tompkins Financial Corporation Deferred Compensation Plan for Selected Officers.

Reflects the fair value of the awards at the grant date, in accordance with FASB ASC Topic 718 for financial statement reporting purposes, excluding the effect of estimated forfeitures. For additional information as to the assumptions made in valuation, see Note 12 to the consolidated financial statements filed with the SEC in the (2) Company's 2017 Annual Report on Form 10-K. Amounts shown in the table are based on the Company's accounting expense for these awards, and do not necessarily correspond to the actual value that may be recognized by the Named Executive Officers.

(3) Represents awards of stock-settled SARs, which were issued in 2015 and 2016, but not in 2017.

This amount reflects: 1) changes in pension value under the Tompkins Financial Corporation Retirement Plan ("Pension Plan"), 2) changes in pension value under the Supplemental Executive Retirement Plan, and 3) changes in pension value under the New DB SERP (Messrs. Romaine, Boyce and Fetsko). The amounts included in this column do not represent current cash benefits payable to the Named Executive Officers or the annual cost of these benefits. Rather, these amounts represent the difference between the actuarial present value of each Named (4) Executive Officer's accrued benefit under the Pension Plan and/or the SERPs at December 31st of the applicable year and at December 31st of the preceding year, using the actuarial assumptions in effect at these respective dates. These amounts may experience significant increases/decreases from year to year due to changes in discount rates and/or mortality tables used to determine present value. The following assumptions were used by the Company's retirement plan actuaries to calculate the Change in Pension Value from year-end 2016 to year-end 2017.

Discount Rate: Pension plan(s) 3.43% at 12/31/2017, 3.89% at 12/31/2016; SERP(s): 3.55% at 12/31/2017, 4.10% at 12/31/2016.

Retirement Plan Mortality: SOA RP2014 rolled back to 2006 with fully generational MP2017 improvements at 12/31/2017; SOA RP2014 rolled back to 2006 with fully generational MP2016 improvements at 12/31/2016

(5) The year-over-year decrease between 2015 and 2016 for Messrs. Romaine, Boyce and Fetsko is attributable to these executives opting out of the defined contribution retirement plan which is disclosed in this column and commencing participation in the New DB SERP which is disclosed in the Change in Pension Value column. Messrs. Hartz and Gruber have remained in the defined contribution retirement plan and therefore show an increase from 2015 to 2016 and 2016 to 2017. The amount in this column also includes: employer matching contributions pursuant to the ISOP and amounts paid pursuant to profit sharing and Supplemental profit sharing as explained in the “Qualified Savings Plans and Profit Sharing” section on Page 25; a contribution to the New Defined Contribution SERP (Messrs. Gruber and Hartz); the dollar value of the applicable life insurance premiums paid on the Named Executive Officers’ behalf by the Company; and perquisites and other personal benefits or property.

For Mr. Romaine the amounts were as follows: Company profit sharing contributions to the ESOP, \$13,500; Company cash profit sharing, \$10,800; supplemental profit sharing \$30,192; Company match on salary deferral to the ISOP, \$10,800; dollar value of life insurance premiums, \$3,059; personal use of Company-owned vehicle, \$1,072.

For Mr. Fetsko the amounts were as follows: Company profit sharing contributions to the ESOP, \$13,500; Company cash profit sharing, \$10,800; supplemental profit sharing, \$7,910; Company match on salary deferral to the ISOP, \$10,800; dollar value of life insurance premiums, \$903; personal use of Company-owned vehicle, \$264.

For Mr. Gruber the amounts were as follows: Company profit sharing contributions to the ESOP, \$13,500; Company cash profit sharing, \$10,800; supplemental profit sharing, \$6,766; Company match on salary deferral to the ISOP, \$10,800; Company contributions to defined contribution retirement plan, \$11,700; Defined Contribution SERP Plan, \$1,800; personal use of Company-owned vehicle, \$192.

For Mr. Boyce the amounts were as follows: Company profit sharing contributions to the ESOP, \$13,500; Company cash profit sharing, \$10,800; supplemental profit sharing, \$4,102; Company match on salary deferral to the ISOP, \$10,800; dollar value of life insurance premiums, \$1,002; personal use of Company-owned vehicle, \$1,768.

For Mr. Hartz the amounts were as follows: Company profit sharing contributions to the ESOP, \$13,500; Company cash profit sharing, \$10,800; supplemental profit sharing, \$1,305; Company match on salary deferral to the 401(k) plan, \$7,554; 2015 Defined Contribution Retirement Plan, \$14,946; Defined Contribution SERP Plan, \$10,299; personal use of Company-owned vehicle, \$5,474.

Long-Term Equity-Based Awards and Stock Grants

The Company maintains the 2009 Equity Plan as a vehicle to encourage the continued employment of key employees of the Company and its subsidiaries, and to align their interests with those of the Company's shareholders by facilitating the employees' ownership of a stock interest in Tompkins Financial Corporation. The Committee believes that an equity plan is in the best interests of the Company and its shareholders since it enhances the Company's ability to continue to attract and retain qualified Directors, officers and other key employees. The Committee's practice is to grant awards to Named Executive Officers under the 2009 Equity Plan on an annual basis.

Each of the Named Executive Officers received an award of restricted stock with a 5-year vesting schedule. This schedule provides for zero percent vesting in year one and 25% vesting in years two through five.

The 2009 Equity Plan allows awards at the discretion of the Committee and does not have threshold, target, or maximum amounts payable for performance; therefore, it is not an equity incentive plan as defined under FASB ASC Topic 718 (formerly FAS 123). Stock Awards are valued at the closing market price for our common stock on the NYSE American on November 9, 2017 of \$79.50.

The vesting schedule for the November 9, 2017 restricted stock awards is as follows: five-year vesting schedule with zero percent vesting in year one and 25% vesting in years two through five. Holders of time-vested restricted stock received dividends with respect to such shares, as and when dividends are paid on the Company's common stock, and have voting rights with respect to such shares, during the restricted period.

Qualified Savings Plans and Profit Sharing

The Company maintains an Investment & Stock Ownership Plan (the “ISOP”) that covers substantially all of the employees of the Company and its subsidiaries. The ISOP is a profit-sharing plan with a salary deferral arrangement meeting the requirements of Section 401(k) of the Internal Revenue Code of 1986, as amended. Pursuant to the ISOP, an employee may defer a portion of the employee’s base pay, within limits specified in the ISOP. The ISOP further provides that the Company will match 100% of an employee’s contribution up to 3% of the employee’s base pay, and will match 50% of an employee’s additional contribution to the ISOP that is greater than 3%, but not more than 5%, of the employee’s base pay.

In addition, the ISOP has a profit sharing component. Profit sharing contributions are discretionary contributions determined by the Company’s Board of Directors. A component of these contributions is paid in cash; however, the ISOP allows employees to elect to defer all or a portion of their profit sharing cash component (which deferral is not eligible for matching by the Company). The profit sharing cash component amounts for the Named Executive Officers are included as “All Other Compensation” in the Summary Compensation Table, above, and described in Note 5 to that table.

The Company also maintains the Tompkins Financial Corporation Employee Stock Ownership Plan (the “ESOP”), which covers substantially all employees of the Company. The purpose of the ESOP is to permit the Company to make discretionary profit sharing contributions to employees in the form of shares of common stock of the Company in order to facilitate stock ownership by employees. Contributions are determined by the Company’s Board of Directors and are limited to a maximum amount as stipulated in the ESOP. Amounts accrued for the accounts of the Named Executive Officers are included as “All Other Compensation” in the Summary Compensation Table, above, and described in Note 5 to that table.

Eligible compensation used to determine profit sharing contributions is limited to the annual IRS mandated compensation limit (\$270,000 for 2017). However, the Company provides a “Supplemental profit sharing” cash amount to Named Executive Officers which represents the profit sharing attributable to eligible compensation in excess of the IRS mandated compensation limit under Section 415 of the United States Internal Revenue Code (the “Code Section 415 Limit”).

Retirement Plans

The Company has a defined benefit pension plan, called the Tompkins Financial Corporation Retirement Plan (the “Pension Plan”), which covers substantially all employees of the Company and its subsidiaries employed prior to January 1, 2010. The Pension Plan does not require or allow employee contributions. The assets of the Pension Plan are held in a separate trust and administered by the Qualified Plans Investment Review Committee of the Board.

On January 1, 2010, in order to more effectively control the volatility of plan expense, the Company closed the Pension Plan to new employees and adopted the Tompkins Financial Corporation Defined Contribution Retirement Plan (the “2010 Contribution Plan.”) Under the 2010 Contribution Plan, the Company provides contributions to

participating employees based on age and length of service.

On July 31, 2015, the Pension Plan was frozen; and active participants in this plan ceased to earn an accrued benefit after this date (the "Pension Plan Freeze"). As a replacement plan for these individuals, the Tompkins Financial Corporation 2015 Defined Contribution Retirement Plan (the "2015 Contribution Plan") was adopted effective August 1, 2015. Under the 2015 Contribution Plan, the Company provides contributions to participating employees based on age and length of service.

The original Supplemental Executive Retirement Plans (the “Original SERPs”) entered into with Messrs. Romaine, Boyce, Fetsko and Hartz provided an annual retirement benefit equal to 75% of their final average earnings, less their benefit under the Pension Plan, less their social security benefit. Due to the Pension Freeze, Messrs. Romaine, Fetsko, Boyce, and Hartz ceased receiving accruals under the Pension Plan and the Pension Plan offset formula no longer worked as the parties originally intended. Accordingly, in 2016, a one-time choice was offered to those Named Executive Officers who had participated in the Pension Plan. Mr. Gruber joined our Company in 2013, at which time the Pension Plan was closed to new participants, and thus Mr. Gruber is not eligible to participate in the Pension Plan. Messrs. Romaine, Fetsko, Boyce and Hartz were offered a choice of one of the following two options:

Option 1 - The executive would discontinue participation in the 2015 Contribution Plan effective with the 2016 plan year and begin participation in the New Defined Benefit SERP (the “New DB SERP”). The New DB SERP is essentially an unsecured promise by the Company to provide executives with the benefit that would have been provided in the Pension Plan had it not been frozen. In addition, the New DB SERP would be adjusted down to account for the contribution that had already been made in the 2015 Contribution Plan for the 2015 plan year.

Option 2 - The executive would continue to participate in the 2015 Contribution Plan. Any contributions to the 2015 Contribution Plan that would bring the total of all contributions to Company sponsored qualified defined contribution plans in excess of the government-mandated annual 415 limit would be made to the New Defined Contribution SERP (the “New DC SERP”). The New DC SERP is essentially an unsecured promise by the Company to provide the executive with any 2015 Contributions Plan contributions that are limited by IRC Section 415 of the code.

On November 9, 2016, the Company entered into the New DC SERP with Messrs. Gruber and Hartz, who are continuing their participation in the DC Plan. The New DC SERP is intended to provide a non-qualified deferred compensation plan to receive Company contributions that cannot be made to the DC Plan due to applicable federal income tax rules which limit the total contributions which can be deferred in a qualified plan in a given plan year. Such contributions will be accumulated in an unfunded, interest-bearing deferred compensation account (the “DC SERP Account”). Messrs. Gruber and Hartz may elect to receive the New DC SERP balance at retirement in one payment or in five or ten annual payments. Upon the executive’s death, the balance of the DC SERP Account will be payable as a lump sum to his or her beneficiary.

On November 9, 2016, Messrs. Romaine, Boyce and Fetsko elected to permanently and irrevocably opt-out of the DC Plan, and instead entered into the New DB SERP with the Company. The New DB SERP is a defined benefit plan that, together with the Amended SERP and the single year of DC Plan participation in 2015, is designed to address the impact of the Pension Plan Freeze. Because the New DB SERP is intended to replace the Pension Plan accruals that were lost when the Pension Plan was frozen, the New DB SERP provisions mirror those in the Pension Plan, which are described below under the heading “Pension Benefits”.

On November 9, 2016, the Company also entered into Amended and Restated Supplemental Executive Retirement Plans (the “Amended SERPs”) with each of the Named Executive Officers, which amended and restated the Original SERPs and are described in further detail below under the heading “Potential Payments upon Termination or Change in Control.”

The following table provides information with respect to each pension plan that provides for payments or other benefits at, following, or in connection with retirement. This includes a tax-qualified defined benefit plan and a supplemental executive retirement plan, but it does not include defined contribution plans (whether tax-qualified or not).
