QUESTIONS AND ANSWERS

Your vote is very important. Your shares can only be voted at the Annual Meeting if you are present or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to assure that your shares will be represented. You may revoke your proxy at any time before it is voted by written notice to the Secretary of the Company, by submission of a proxy bearing a later date or by casting a ballot at the Annual Meeting. Properly executed proxies that are received before the Annual Meeting's adjournment will be voted in accordance with the directions provided. If no directions are given, your shares will be voted by one of the individuals named on your proxy card as recommended by the Board. If you wish to give a proxy to someone other than those named on the proxy card, you should cross out those names and insert the name(s) of the person(s), not more than two, to whom you wish to give your proxy.

Q: WHO IS SOLICITING MY VOTE?

A: This proxy solicitation is being made on behalf of us and our Board. Proxies are being solicited by mail, and all expenses of preparing and soliciting such proxies will be paid by us. In addition to the use of mail, proxies may be solicited by our directors, officers and regular employees, without additional compensation, in person or by telephone or other electronic means. We will reimburse brokerage houses and other nominees for their expenses in forwarding proxy materials to beneficial owners of our Common Stock.

Q: WHO IS ENTITLED TO VOTE?

A: Stockholders as of the close of business on December 28, 2012 (the "Record Date") are entitled to vote at the Annual Meeting. On that date, 18,164,437 shares of our Common Stock were outstanding and eligible to vote. Every holder of Common Stock is entitled to one vote for each share held. A list of stockholders eligible to vote will be available at our principal place of business, 11 Diamond Road, Springfield, New Jersey 07081, beginning December 31, 2012. Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting.

Q: WHO WILL COUNT THE VOTE?

A: Representatives of our transfer agent, Zions Bank, will count the votes.

Q: IS MY VOTE CONFIDENTIAL?

A: Proxy cards, ballots and voting tabulations that identify individual stockholders are mailed or returned directly to Zions Bank and handled in a manner that protects your voting privacy. Your vote will not be disclosed except (1) as needed to permit Zions Bank to tabulate and certify the vote and (2) as required by law. Additionally, all comments written on the proxy card or elsewhere will be forwarded to management. Your identity will be kept confidential unless you ask that your name be disclosed.

Q: WHAT IS A QUORUM?

A:

A “quorum” is a majority of the outstanding shares of our Common Stock entitled to vote on the Record Date. These shares must be present at the Annual Meeting, in person or by proxy, for the meeting to be held for the transaction of business.

Broker non-votes, votes withheld and abstentions will be counted for purposes of determining whether a quorum has been reached. A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have the discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Q: HOW MANY VOTES ARE REQUIRED FOR THE APPROVAL OF THE PROPOSALS?

A: Assuming a quorum is present, the directors shall be elected by a plurality of the votes cast by the holder of shares entitled to vote at the Annual Meeting. Because directors are elected by a plurality of the votes cast by the holders of shares entitled to vote, abstentions will have no effect on Item 1. Ratification of the appointment of our independent registered public accounting firm (Item 2), as well as approval (on a non-binding, advisory basis) of the compensation of our named executive officers (Item 3), require the affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of shares entitled to vote thereon. With respect to the advisory proposal on how often stockholders will vote to approve the compensation of the Company’s named executive officers (Item 4), the frequency (one year, two years or three years) that receives the highest number of votes cast by the stockholders will be the frequency advised.

Because abstentions will be included in tabulations of the votes entitled to vote for purposes of determining whether a proposal has been approved, abstentions have the same effect as negative votes on Items 2 and 3. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matters upon which the broker has not expressly voted. Broker non-votes are not counted in determining whether the affirmative vote required for the approval of Items 2 and 3 is achieved.

Q: HOW DOES THE BOARD RECOMMEND I VOTE?

A: The Board recommends a vote “FOR” approval of the Board nominees (Item 1), “FOR” the ratification of the Board’s appointment of McGladrey LLP as the independent, registered certified public accountants of the Company for the upcoming year (Item 2), “FOR” approval of the non-binding advisory vote on named executive officer compensation (Item 3); and “FOR” the frequency of the named executive officer compensation advisory vote to occur once every three years (Item 4).

Q: WHO CAN ATTEND THE ANNUAL MEETING?

A: All stockholders as of December 28, 2012, the Record Date, can attend. If your shares are held through a broker and you would like to attend, please bring a copy of your brokerage account statement or an omnibus proxy (which you can obtain from your broker) to gain entrance to the Annual Meeting.

Q: HOW WILL VOTING ON ANY OTHER BUSINESS BE CONDUCTED?

A: We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. If any other business is presented at the Annual Meeting, your signed proxy card gives authority to Dinesh R. Desai, our Chairman, President and Chief Executive Officer, and Gregory P. Chandler, our Chief Financial Officer, to vote on such matters at their discretion.

Q: WHO ARE THE LARGEST PRINCIPAL STOCKHOLDERS?

A: As of December 28, 2012, Mr. Desai beneficially owned a total of 10,698,314 shares of our Common Stock (approximately 56.4% of our outstanding Common Stock), 9,024,221 shares of which are owned through DARR Westwood LLC, in which he is the sole member, and 600,000 shares of which are owned through DARR Emtec LLC, in which he is a member; Keith Grabel, a former director of the Company, beneficially owned 1,087,428 shares of our Common Stock (approximately 6.0% of our outstanding Common Stock); and Mary Grabel, Mr. Grabel’s wife, beneficially owned 955,622 shares of our Common Stock (approximately 5.3% of our outstanding Common Stock). The ownership percentages reflected above give effect to any shares issuable upon the exercise of options or warrants that are currently exercisable or will become exercisable within 60 days of December 28, 2012.

CORPORATE GOVERNANCE

In accordance with the General Corporation Law of the State of Delaware, our Certificate of Incorporation, as amended, and our Amended and Restated Bylaws, our business, property and affairs are managed under the direction of the Board. The Board delegates the conduct of business to the Company’s senior management team. Although our non-employee directors are not involved in our day-to-day operating details, they are kept informed of our business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by our officers at meetings of the Board and committees of the Board.

Board and Committee Meetings

Our Board usually meets four times a year in regularly scheduled meetings. It may meet more often if necessary. During the fiscal year ended August 31, 2012, the Board held four meetings. Each director attended at least 75% of the Board meetings and the meetings of any committee of which they are a member. The Chairman usually determines the agenda for the meetings. Board members receive the agenda and supporting information in advance of the meetings. Board members may also raise other matters at the meetings.

We have a Code of Ethics, which was adopted in July 2004 and amended and adopted in its current form in July 2009, applicable to all of the Company's employees, including our Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer, as well as the members of our Board. The Code of Ethics seeks to ensure compliance with all applicable laws and to maintain the highest standards of ethical conduct. The Code of Ethics sets out basic principles and methodology to help guide all of our officers, directors and employees in the attainment of this common goal.

Qualifications for consideration as a Board nominee may vary according to the particular areas of expertise being sought as a complement to the existing Board composition. However, in making its nominations, the Board considers, among other things, an individual's business experience, industry experience, breadth of knowledge about issues affecting our company, time available for meetings and consultation regarding company matters and other particular skills and experience possessed by the individual.

The Board considers stockholder nominees for directors in the same manner as nominees for director from other sources. Any stockholder recommendation of a director candidate should include the candidate's name, biographical data and a detailed description of the candidate's qualifications for Board membership, and should be sent to Emtec, Inc., 11 Diamond Road, Springfield, New Jersey 07081, Attention: Sam Bhatt. Any stockholder recommendations must be submitted in sufficient time for an appropriate evaluation by the Board.

Stockholder Communication with Board Members

We maintain contact information for stockholders, both by telephone and email, on our website at www.emtecinc.com under the heading “About Us – Investor Relations.” By following the link, a stockholder will be given access to our telephone number and mailing address as well as a link for providing email correspondence to Investor Relations. Communications sent to Investor Relations and specifically marked as a communication for our Board will be forwarded to the Board or specific members of the Board as directed in the stockholder communication. In addition, communications received via telephone or mail that are directed to the Board are forwarded to the Board by one of our officers.

Board Member Attendance at Annual Meetings

Our Board does not have a formal policy regarding attendance of directors at our annual stockholder meetings, although all directors are encouraged to attend the meeting. All directors who were directors at the time attended our 2012 Annual Meeting of Stockholders held on February 7, 2012.

Director Independence

The Board has determined that three of its members, Robert Mannarino, Gregory L. Cowan and Christopher M. Formant, would be considered independent under the current NASDAQ listing standards if those standards were applicable to the Company.

Committees of the Board of Directors. The Board has established two standing committees.

Audit Committee - - assists the Board in monitoring: (i) the integrity of the consolidated financial statements of the Company; (ii) the Company’s compliance with legal and regulatory requirements related to the financial statements, including the Company’s systems of internal controls regarding finance, accounting, legal compliance and ethics that have been established relating to such financial statements; and (iii) the independence and performance of the Company’s external auditors. In addition, the Audit Committee maintains the sole responsibility to appoint, determine funding for, and oversee the independence and performance of our external auditors and has the authority to engage independent counsel and other advisors to assist in such responsibility. Each of the members of the Audit Committee is independent as that term is used in Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and would be independent under the NASDAQ listing standards if those standards were applicable to the Company. The Audit Committee met eleven times during 2012. The Audit Committee has adopted a written charter, a copy of which is available on our Internet website at www.emtecinc.com. Please note that information on our website is not incorporated by reference into this Proxy Statement. The current members of the Audit Committee are Mr. Cowan (Chairman), Mr. Formant and Mr. Mannarino. The Board has determined that Mr. Cowan is an audit committee financial expert, as described in Rule 401(h) of Regulation S-K promulgated under the Securities Act of 1933, as amended.

Compensation Committee - - reviews and determines compensation arrangements for the Chief Executive Officer and President and the other executive officers. The Compensation Committee also oversees our equity compensation plans and makes recommendations to the Board regarding the compensation to be provided to the directors. The Compensation Committee has adopted a written charter, a copy of which is available on our Internet website at www.emtecinc.com. The Compensation Committee held nine meetings during 2012. The current members of the Compensation Committee are Mr. Mannarino (Chairman), Mr. Formant and Mr. Cowan. Each member of the Compensation Committee would be “independent” as defined under the NASDAQ listing standards if those standards were applicable to the Company. The Compensation Committee did not engage a compensation consultant to determine or recommend the amount or form of executive or director compensation in fiscal year 2012.

Nominating and Corporate Governance

At this time, given that the Board currently consists of six members, three of whom would be considered “independent” under the current NASDAQ listing standards if those standards were applicable to the Company, the Board has concluded that all members of the Board should convene for purposes of considering potential candidates for the Board. We expect that the Board will continue to review whether formation of a nominating and governance committee is appropriate.

The directors who would be considered “independent” under the current NASDAQ listing standards if those standards were applicable to the Company (the “Independent Directors”) will consider director candidates recommended by stockholders. A description of the procedures a stockholder must follow to submit a director candidate and the criteria the Independent Directors will use to evaluate candidates is set forth on page 2 under the subheading “Board and Committee Meetings” and on page 24 under the heading “Stockholder Proposals for the 2014 Annual Meeting.”

While the Company does not have a formal policy with regard to the consideration of diversity in identifying director candidates, the Company and the Board believe it is essential that the Board be able to draw on a wide variety of backgrounds and professional experiences among its members. The Company desires to maintain the Board’s diversity through the consideration of factors such as education, skills and relevant professional experience. The Company does not intend to nominate representational directors, but will instead consider the entirety of each candidate’s credentials in the context of these standards and the characteristics of the Board in its entirety.

Board Leadership Structure and Role in Risk Oversight

Combining the positions of Chairman and Chief Executive Officer provides the Company with decisive and effective leadership. The Board believes that Mr. Desai's in-depth long-term knowledge of the Company's operations and vision for its strategic development and growth, along with his significant ownership position in the Company that provides him with a focus on maximizing stockholder value, make him well qualified to serve as both Chairman and Chief Executive Officer. The Company does not have someone who functions as a lead independent director. The Board retains the authority to modify this structure to best advance the interests of all stockholders, if circumstances warrant such a change.

The Company faces a number of risks, including regulatory risk, credit risk, liquidity risk, reputational risk and risk from adverse fluctuations in interest rates. Management is responsible for the day-to-day management of risks faced by the Company, while the Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board seeks to ensure that the risk management processes designed and implemented by management are adequate. The Board periodically consults with management regarding the Company's risks.

While the Board is ultimately responsible for risk oversight, the Company's two board committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists the Board in overseeing risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and periodically reviews with management, internal auditors and independent auditors the adequacy and effectiveness of the Company's policies for assessing and managing risk. The Compensation Committee assists the Board in oversight and management of risks related to the Company's compensation policies and programs.

ELECTION OF DIRECTORS ITEM 1 ON PROXY CARD

Our Certificate of Incorporation, as amended, and our Amended and Restated Bylaws provide that our business will be managed by a board of directors. As of December 28, 2012, our Board consists of six directors and is divided into two classes. Each director serves for a term of three years or until his successor is elected and qualified.

Director candidates are nominated by the Board. The Board did not receive any stockholder recommendations for a director candidate to be considered for election at the Annual Meeting.

At the Annual Meeting, two directors are to be elected. Mr. Mannarino and Mr. Cowan have consented to being named as nominees for director of the Company and have agreed to serve if elected. We do not anticipate that any of the nominees will be unable to stand for election. If that occurred, the Board would designate a substitute. If a substitute were designated, the shares represented by the proxy will be voted for the substitute candidate designated by the Board. You may vote for or withhold from voting on this matter. Assuming a quorum is present, director elections are determined by a plurality of the votes cast at the Annual Meeting by the holders of the shares entitled to vote in such election.

The Board believes that each of the current and nominee directors has the sound character, integrity, judgment and record of achievement necessary to be a member of the Board. In addition, each of the current directors has exhibited during his prior service as a director the ability to operate cohesively with the other members of the Board and to challenge and question management in a constructive way. Moreover, the Board believes that each director brings a strong and unique background and skill set to the Board, giving the Board as a whole competence and experience in diverse areas, including corporate governance and board service, finance, management, information technology and healthcare industry experience. Set forth below are certain specific experiences, qualifications and skills that led to the

Although the submission to stockholders of the appointment of McGladrey is not required by law or the Company’s Amended and Restated Bylaws, the Audit Committee and the Board believe it is appropriate to submit this matter to stockholders to allow a forum for stockholders to express their views with regard to the Audit Committee’s selection. In the event the stockholders fail to ratify the appointment, the Audit Committee may reconsider its selection. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Tax Fees: The Tax Fees for the fiscal years ended August 31, 2012 and 2011 were for permitted services performed in connection with the preparation of federal and state income tax returns. Tax fees also include tax consulting related to the Company’s tax estimates, Internal Revenue Service audit, and tax planning relating to proposed acquisitions.

All Other Fees: All other fees for the fiscal years ended August 31, 2012 and 2011 consisted of services relating to various tax matters, acquisitions completed during the fiscal 2011 and equity transactions.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor.

All the services described above were pre-approved by our Audit Committee. In accordance with the charter of our Audit Committee and consistent with the policies of the Securities and Exchange Commission, all auditing services and all non-audit services to be provided by any independent auditor of the Company shall be pre-approved by the

Audit Committee. In assessing requests for services by the independent auditor, the Audit Committee considers whether such services are consistent with the auditor's independence, whether the independent auditor is likely to provide the most effective and efficient service based upon their familiarity with the Company, and whether the service could enhance the Company's ability to manage or control risk or improve audit quality.

In making its recommendation to ratify the appointment of McGladrey as our auditor for the current fiscal year, the Audit Committee has considered whether the non-audit services provided by McGladrey are compatible with maintaining the independence of McGladrey.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF MCGLADREY LLP AS THE AUDITORS OF THE COMPANY.

**NON-BINDING ADVISORY VOTE ON THE
COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS
ITEM 3 ON PROXY CARD**

As required by Section 14A of the Exchange Act, the Company is providing its stockholders with the opportunity to cast an advisory vote on the compensation of its named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion beginning on page 11 of this Proxy Statement. The Company believes that it is appropriate to seek the views of its stockholders on the design and effectiveness of the Company's executive compensation program.

Our executive compensation policy is intended to further our interests, as well as those of our stockholders, by encouraging growth of our business through securing, retaining and motivating management employees of a high caliber who possess the skills necessary for our development and growth. The Company believes that it achieves these goals by (i) offering competitive base salaries to the named executive officers, (ii) offering the named executive officers participation in an annual incentive plan that provides for payouts only in the event that pre-determined financial targets are achieved, (iii) requiring that a portion of each named executive officer's annual bonus award be paid in shares of Common Stock, and (iv) providing long-term incentive compensation under our Stock Appreciation Rights Program that provides value to participants only if a liquidity event that achieves a certain return to stockholders occurs within a designated period of time.

For a more detailed description of the Company's financial results for fiscal year 2012, please see "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's Annual Report on Form 10-K for the fiscal year ended August 31, 2012. The Company believes that its executive compensation program has played an essential role in its continuing success by aligning the long-term interests of its named executive officers with the long-term interests of its stockholders.

The Board of Directors encourages the Company's stockholders to approve the following resolution (the "Executive Compensation Resolution"):

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion is hereby **APPROVED**.

As an advisory vote, this proposal is not binding upon the Company. However, the Compensation Committee, which is responsible for designing and administering the Company's executive compensation program, values the opinions expressed by stockholders in their vote on this proposal, and therefore will take such vote into consideration when evaluating the Company's compensation programs and practices applicable to the named executive officers.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE EXECUTIVE COMPENSATION RESOLUTION.

**NON-BINDING ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE
ON NAMED EXECUTIVE OFFICER COMPENSATION
(ITEM 4 ON PROXY CARD)**

As required by Section 14A of the Exchange Act, the Company is seeking the input of its stockholders on the frequency with which it will hold a non-binding advisory vote on the compensation of its named executive officers. In

voting on this Item 4, stockholders may indicate their preference as to whether the advisory vote on the compensation of the Company's named executive officers should occur (a) once every three years, (b) once every two years or (c) once every year.

It is the opinion of the Board that the frequency of the non-binding, advisory stockholder vote on the compensation of the Company's named executive officers should be once every three years. The Company views the way it compensates its named executive officers as an essential part of its strategy to maximize the performance of the Company and deliver enhanced value to the Company's stockholders. The Board believes that a vote every three years will permit the Company to focus on developing compensation practices that are in the best long-term interests of its stockholders, while simultaneously giving stockholders the time frame they need to fully evaluate the design and effectiveness of those practices. The Board believes that a more frequent advisory vote could have the unintended consequence of causing the Company to focus on the short-term impact of its compensation practices to the possible detriment of the long-term performance of the Company.

The Company's stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years or three years (or abstain) when voting in response to the resolution set forth below:

RESOLVED, that the Company hold a stockholder advisory vote to approve the compensation of the Company's named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, with a frequency of once every one year, two years or three years, whichever receives the highest number of votes cast with respect to this resolution.

A plurality of the votes cast is required to determine the choice of the stockholders with respect to this Item 4. This means that whichever frequency receives the most votes, disregarding abstentions and broker non-votes, will be deemed the choice of the stockholders.

The Board believes that an advisory vote on named executive officer compensation is the most effective way for stockholders to communicate with the Company about its compensation objectives, policies and practices, and it looks forward to receiving the input of the Company's stockholders on the frequency with which such a vote should be held. Although the results of this vote will have a major impact on how frequently the Company holds an advisory vote on named executive officer compensation, this vote is not binding on the Company. The Board may decide, after considering the results of this vote that it is in the best interests of the Company's stockholders to hold the advisory vote on named executive officer compensation with a different frequency than the option selected by the Company's stockholders.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE OPTION OF "ONCE EVERY THREE YEARS" FOR THE FREQUENCY OF THE ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or “incorporated by reference” in future filings with the Securities and Exchange Commission, or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act of 1933, as amended, or the Exchange Act.

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board, and is composed of three independent Directors who are not officers or employees of the Company. The Audit Committee operates under a written charter that was adopted in July 2006 by the Board. The Audit Committee held eleven official meetings during the fiscal year ended August 31, 2011. The Audit Committee Charter can be accessed on the Internet via the Company’s website at www.emtecinc.com.

All current members of the Company’s Audit Committee are independent within the meaning of Rule 10A-3(b)(1) of the Securities and Exchange Commission. Gregory L. Cowan, the Chairman of the Audit Committee meets the definition of “audit committee financial expert” (as defined by the Securities and Exchange Commission).

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board. Management is responsible for the Company’s financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States (“GAAP”). The Company’s independent auditors are responsible for auditing those financial statements. The Audit Committee’s responsibility is to monitor and review these processes. It is not the Audit Committee’s duty or responsibility to conduct auditing or accounting reviews or procedures.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality and the acceptability of the Company’s financial reporting and controls and procedures and the certifications by the Company’s Chief Executive Officer and Chief Financial Officer, which are required by the Securities and Exchange Commission under the Sarbanes-Oxley Act of 2002 for certain of the Company’s filings with the Securities and Exchange Commission.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with GAAP, their judgments as to the quality and the acceptability of the Company’s financial reporting and such other matters as are required to be discussed with the Audit Committee under the standards of the Public Company Accounting Oversight Board (United States). In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K with the independent auditors. The Audit Committee has also discussed with the independent auditors for the Company other such matters as are required to be discussed under auditing standards generally accepted in the United States.

The Audit Committee has received the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board and has discussed with the independent auditors their independence. The Audit Committee reviews and approves any non-auditing services to be provided by McGladrey LLP prior to the firm being retained to perform such services.

The Audit Committee members are not employees of the Company and are not auditors by profession. Therefore, the Audit Committee has relied, without independent verification, on management’s representation that the financial statements have been prepared with integrity and objectively and in conformity with GAAP and on the representations of the independent auditors included in their report on the Company’s financial statements. The Audit Committee’s oversight does not provide it with an independent basis to determine that management has maintained appropriate

accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with GAAP, that the audit of the Company's financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company's independent accountants are in fact "independent."

The Audit Committee has reappointed, subject to stockholder ratification, the firm of McGladrey LLP, certified public accountants, as the Company's independent registered public accounting firm to audit and report upon the Company's financial statements for 2013. In appointing McGladrey LLP as the Company's auditors for the year ending August 31, 2013, the Audit Committee has considered whether McGladrey LLP's provision of services other than audit services are compatible with maintaining their independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended August 31, 2012 for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Our executive compensation program is based on principles designed to align executive compensation with our business strategy of creating wealth for our stockholders and creating long-term value for the business. The Compensation Committee believes that executive compensation tied to the execution of a sound business strategy achieves stockholder value. Our compensation policy for executives is intended to further our interests, as well as those of our stockholders, by encouraging growth of our business through securing, retaining and motivating management employees of a high caliber who possess the skills necessary to our development and growth.

The following disclosure provides an overview of the compensation for fiscal year 2012 of our Chief Executive Officer and our two most highly compensated executive officers (other than our Chief Executive Officer) who were serving as executive officers as of the end of fiscal year 2012. These individuals are referred to as our “named executive officers” throughout this Proxy Statement.

Summary Compensation Table

The following table sets forth the aggregate compensation that we paid for services rendered by our named executive officers during the fiscal years ended August 31, 2012 and August 31, 2011.

Name and Principal Position (a)	Year (b)	Salary (\$) (c)	Bonus (\$)(1) (d)	Stock Awards (\$)(2) (e)	Option Awards (f)(3)	Non-Equity		Total (\$) (j)
						Incentive Plan Compensation (\$)(4) (g)	All other Compensation (\$)(5) (i)	
Dinesh R. Desai Chairman, Chief Executive Officer and President	2012	452,740	50,000	-		43,000	3,938	549,678
	2011	450,000	-	220,633		-	4,123	674,756
Gregory Chandler Chief Financial Officer	2012	325,000	-	-		34,000	3,734	362,734
	2011	275,000	100,000	24,832		-	-	399,832
Sunil Misra Chief Strategy and Delivery Officer	2012	277,877	40,000	-		35,000	3,728	356,605
	2011	275,000	-	21,728		-	3,300	300,028

(1) The amount in this column for fiscal year 2012 represents a discretionary bonus granted to Messrs. Desai and Misra for their efforts in connection with certain restructurings of the Company. The cash component of this discretionary bonus was \$13,000 and \$10,000

for Messrs. Desai and Misra, respectively. Messrs. Desai and Misra received the remaining portion of this discretionary bonus in the form of restricted stock on December 17, 2012 (35,000 shares having a grant date value of \$37,000 were granted to Mr. Desai and 28,000 shares having a grant date value of \$30,000 were granted to Mr. Misra). The amount in this column for fiscal year 2011 represents a discretionary cash bonus paid to Mr. Chandler in recognition of his contributions to securing our mezzanine capital and in closing three acquisitions during fiscal year 2011. None of these discretionary bonuses were part of our annual management bonus program.

- (2) Amounts shown represent the grant date fair value of restricted stock awards granted during fiscal year 2011 which is calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation-Stock Compensation (“FASB ASC Topic 718”). The fair value amounts are determined as of the grant date of the restricted stock award (excluding amounts for forfeitures). For a detailed discussion of our grant date fair value calculation methodology, including assumptions and estimates inherent therein, please refer to Note 12 to the financial statements included in our Form 10-K for the year ended August 31, 2012. There were no restricted stock awards granted during fiscal year 2012.

- (3) During fiscal year 2012, Messrs. Chandler and Misra were each granted stock appreciation rights awards pursuant to our Stock Appreciation Right Program under our Amended and Restated 2006 Stock-Based Incentive Compensation Plan. As described in more detail below in the section titled “Equity-Based Incentive Compensation,” these awards will not become exercisable unless certain liquidity events occur on or before August 31, 2017. Due to the uncertainty regarding whether such liquidity events will occur within the required period of time, and in accordance with FASB ASC Topic 718, no amount is reported on the Summary Compensation Table with respect to these awards. If, at the time of grant, it was certain that such liquidity events would occur within the designated period of time, the grant date value of such awards for Messrs. Chandler and Misra would have been \$560,752 and \$645,904, respectively. This value is derived using the Black Scholes valuation model with the stock price of \$1.08 and \$1.23 for Messrs. Chandler and Misra, respectively, the assumptions used were: a dividend yield of 0%; a risk-free interest rate of 0.71% and 0.75% for Messrs. Chandler and Misra, respectively; an expected life of five years; and stock price volatility of 122.0% and 122.8% for Messrs. Chandler and Misra, respectively. Because the formula uses assumptions, the fair values calculated are not necessarily indicative of the actual values of the awards. Since the exercise price of these awards was higher than the market price of our Common Stock as of the end of our 2012 fiscal year, had these awards been exercisable at such time, they would have resulted in no benefit economic upon exercise to Messrs. Chandler and Misra.
- (4) Amounts in this column represent the cash portion of the bonuses earned by our named executive officers in fiscal year 2012 under our Senior Management Annual Incentive Plan. There were no bonuses earned under our Senior Management Annual Incentive Plan in fiscal year 2011.
- (5) The amounts reported for each of the named executive officers represent Company matching contributions to the 401(k) Plan.

Narrative Disclosure to Summary Compensation Table

Annual Bonus Compensation

During fiscal year 2012, each of the named executive officers participated in the Senior Management Annual Incentive Plan (the “Incentive Plan”), under which they were eligible to receive annual bonuses based on our achievement of annual performance goals and their achievement of individual performance goals. The performance goals for any fiscal year may be based on individual objectives, net income before interest, taxes, depreciation and amortization (“EBITDA”), earnings per share (“EPS”), business unit or departmental objectives, some combination of the foregoing or any other performance factors or ratios as the Compensation Committee may determine appropriate. Because of the discretion retained by the Compensation Committee to make adjustments to EBITDA in determining whether performance goals have been achieved, the Company’s Adjusted EBITDA reported in its public disclosures will not necessarily be the same as the Company’s Adjusted EBITDA for purposes of the Incentive Plan. Each named executive officer’s maximum bonus opportunity under the Incentive Plan is based on a percentage of his base salary.

Bonuses for fiscal year 2012 under the Incentive Plan were based on (i) specific individual objectives as established by the Compensation Committee after the approval of the annual budget, (ii) departmental objectives as established by the Compensation Committee after approval of the annual budget (iii) the Company’s attainment of specified levels of EBITDA, plus all charges including impairment charges associated with goodwill and intangible assets, taking into

account the effect of various acquisition related expenses and prior to the payment of executive bonuses, stock-based compensation expense, warrant expense, merger and acquisition related fees, and non-cash extraordinary items (“Adjusted EBITDA”) and (iv) the Company’s earnings per share, calculated prior to the payment of executive bonuses, stock-based compensation expense, warrant expense, merger and acquisition related fees, various acquisition related expenses, impairment charges associated with goodwill and intangible assets and non-cash extraordinary items (and adjusted for an effective tax rate) (“Adjusted EPS”). Fifteen percent (15%) of the fiscal year 2012 bonus under the Incentive Plan was based on individual objectives, thirty percent (30%) of the fiscal year 2012 bonus under the Incentive Plan was based on departmental objectives, fifty percent (50%) of the fiscal year 2012 bonus under the Incentive Plan was based on the attainment of Adjusted EBITDA and the remaining five percent (5%) was based on the attainment of Adjusted EPS.

The individual and departmental objectives for Mr. Desai included (i) improving EBITDA margin, (ii) growth in revenue and bookings and (iii) the achievement of certain integration goals. The individual and departmental objectives for Mr. Chandler included (i) improvement of gross margin, (ii) the achievement of certain revenue goals and (iii) the achievement of certain integration goals. The individual and departmental objectives for Mr. Misra included (i) improving gross margin and (ii) the achievement of certain integration and staffing goals.

The Compensation Committee approved the following target and maximum bonus opportunities for the named executive officers for fiscal year 2012:

Name	2012 Target Bonus Opportunity	2012 Maximum Bonus Opportunity
Dinesh R. Desai, Chairman, President and Chief Executive Officer	100% of Base Salary	200% of Base Salary
Gregory P. Chandler – Chief Financial Officer	50% of Base Salary	100% of Base Salary
Sunil Misra – Chief Strategy and Delivery Officer	50% of Base Salary	100% of Base Salary

In order to achieve the maximum bonus under the Incentive Plan for fiscal year 2012, (i) all individual and departmental objectives were required to be achieved, (ii) the Company's Adjusted EPS was required to be at least \$0.275, (iii) the Company's Adjusted EBITDA for Messrs. Chandler and Misra was required to be at least \$9.4 million and (iv) the Company's Adjusted EBITDA for Mr. Desai was required to be at least \$13.1 million. In addition, threshold and target Adjusted EBITDA for 2012 were \$4.7 million and \$7.1 million, respectively, for Messrs. Chandler and Misra, and \$4.7 million and \$11.4 million, respectively, for Mr. Desai. Adjusted EPS for 2012 was all-or-nothing, and was required to be at least \$0.275. Where actual Adjusted EBITDA was between threshold and target or between target and maximum, the Adjusted EBITDA portion of the bonus was determined on a linear basis. The Compensation Committee determined that it was appropriate to set Mr. Desai's Adjusted EBITDA goal at a higher level than the other named executive officers for 2012 due to his position with the Company, his greater level of responsibilities than our other named executive officers, and the size of his target and maximum bonus.

For fiscal year 2012, the Company's Adjusted EBITDA was \$6.0 million and the Company's Adjusted EPS was \$0.17. As such, each named executive officer earned a portion of his Adjusted EBITDA bonus, but did not earn any portion of his Adjusted EPS bonus. After reviewing the individual and departmental performance of each of the named executive officers, the Compensation Committee determined that Messrs. Desai, Chandler and Misra achieved 60%, 68% and 73%, respectively, of their individual and departmental objectives. As a result, Mr. Desai earned 37% of his target bonus or \$167,000. Mr. Chandler earned 82% of his target bonus or \$163,000 and Mr. Misra earned 86% of his target bonus or \$158,000.

Because of various restrictive covenants in the Company's debt agreements, the Company was prohibited from paying the entire cash portion of the 2012 bonuses to the named executive officers under the Incentive Plan. As a result, the Compensation Committee used its discretion to award additional shares of restricted stock to the named executive officers in lieu of a portion of their cash bonuses under the Incentive Plan (approximately 74% of each named executive officer's 2012 bonus was paid in restricted stock, which percentage is greater than the Company's historical practice of paying out 30% of each named executive officer's annual bonus in restricted stock). Accordingly, on December 17, 2012, Messrs. Desai, Chandler, and Misra received cash bonuses under the Incentive Plan for fiscal year 2012 equal to \$43,000, \$34,000 and \$35,000, respectively, and received 117,000, 93,000 and 95,000 shares of restricted stock, respectively. These shares are generally subject to a one year vesting period, commencing on the grant date. The cash portion of these bonus awards is reported in the Summary Compensation Table under the column titled "Non-Equity Incentive Plan Compensation."

In addition to the bonuses under the Incentive Plan described above, the Compensation Committee awarded a discretionary bonus to Messrs. Desai and Misra for their efforts in connection with certain restructurings of the Company. Mr. Desai's discretionary bonus was \$50,000, paid partly in cash (\$13,000) and partly in shares of restricted stock (35,000 shares). Mr. Misra's discretionary bonus was \$40,000, paid partly in cash (\$10,000) and partly in shares of restricted stock (28,000 shares). Mr. Chandler had received a discretionary bonus in 2011 for his efforts related to securing mezzanine capital and in closing three acquisitions during fiscal year 2011 and he therefore was not awarded a discretionary bonus in 2012. These discretionary bonuses are reported in the Summary Compensation Table under the column titled "Bonus."

Equity-Based Incentive Compensation

In fiscal year 2012, the Company granted Messrs. Chandler and Misra stock appreciation right awards under the Company's 2006 Amended and Restated Stock-Based Incentive Compensation Plan (the "Plan"), each covering 657,542 shares of the Company's common stock, par value \$0.01 per share ("Common Stock") and having a ten year term and a per share base price of \$1.75. The purpose of the Company's Stock Appreciation Right Program, pursuant to which such awards were granted, is to motivate the Company's management team to substantially increase the value of the Company in a manner that will allow all stockholders to realize such increase in value. Neither award will have any

value to the executives unless our Common Stock value exceeds \$1.75 per share in a “liquidity event,” which value was substantially higher than the trading price of our Common Stock as of the grant date of each such award.

Ten percent of each executive’s award vested on August 31, 2012 and, subject to the executive’s continued employment with the Company from the grant date through the applicable vesting date, 10% of each executive’s award will become vested on each of August 31, 2013, August 31, 2014, August 31, 2015 and August 31, 2016. The remaining 50% of each executive’s award, as well as any other portion of such award that is then unvested, will become vested upon the occurrence of a liquidity event if one of the two following conditions is satisfied: (i) the executive is employed by the Company on the date of such liquidity event; or (ii) if such liquidity event is a “change in control,” the executive’s employment is terminated without “cause” or for “good reason,” in either case, after the date on which a letter of intent relating to the change in control that is binding with respect to exclusivity has been executed and the change in control that is the subject of such letter of intent is consummated within 180 days after the date of such termination of employment. Notwithstanding the foregoing, in the event that the per share equity value upon the occurrence of a liquidity event is not greater than \$1.75, then no portion of the award will become vested in connection with such liquidity event and the entire award (whether or not vested) will be immediately forfeited. If a liquidity event does not occur on or before August 31, 2017, then the entire award, whether or not vested, will be immediately forfeited. In addition, in the event that the executive does not provide advanced written notice of his termination of employment in the manner required by his employment agreement, one-half of his vested awards will be forfeited for no consideration.

To the extent vested, the award will become exercisable immediately prior to the occurrence of a liquidity event. Upon the exercise of the award, the executive is entitled to receive a number of shares of Common Stock having a fair market value on the date of exercise equal to the product of (x) the difference between the fair market value of one share of Common Stock on the date of exercise and the base price and (y) the number of shares of Common Stock with respect to which the award is then being exercised.

In the event of the executive's termination of employment for cause, the entire award, whether or not vested, will be immediately forfeited. In the event of the executive's termination of employment for any reason other than for cause, the unvested portion of the award will generally be immediately forfeited and the vested portion of the award will remain outstanding and (x) to the extent then exercisable, will remain exercisable for a period of 90 days following such termination (but not beyond the 10th anniversary of the grant date) and (y) to the extent not then exercisable, will remain eligible to become exercisable (provided that any such exercise must be effected within 90 days following the date on which such award become exercisable, but not beyond the 10th anniversary of the grant date).

For purposes of the awards, the following terms have the meanings set forth below:

“Cause” generally means (i) the continued failure of the executive substantially to perform his duties or his negligent performance of such duties, (ii) the executive having engaged in misconduct that has caused or is reasonably expected to result in material injury to the Company or any of its subsidiaries, (iii) a material violation by the executive of a Company policy or any other agreement with the Company or its subsidiaries, (iv) the executive having been convicted of, or entering a plea of guilty or nolo contendere to, a crime that constitutes (A) a felony or (B) a misdemeanor involving moral turpitude and (v) the executive's insobriety or use of illegal drugs, chemicals or controlled substances either (A) in the course of performing the executive's duties and responsibilities, or (B) otherwise affecting the ability of the executive to perform the same.

“Change in control” generally means (i) the acquisition in one or more transactions by any person or group (other than certain persons and entities) of more than fifty percent (50%) of the Company's voting securities (including by merger); or (ii) the acquisition by any person or group (other than certain persons and entities) of assets from the Company that have a total gross fair market value equal to or more than 51% of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions.

“Good reason” generally means, without the prior written mutual consent of the executive and the Company, (i) the executive suffers a material adverse change in the duties, responsibilities or effective authority associated with his titles and positions; (ii) the executive's base salary is reduced by the Company; (iii) there is a material adverse change in the geographic location of the executive's primary office; or (iv) there is any action or inaction that constitutes a material breach of the Company's obligations to the executive under his employment agreement.

“Liquidity event” generally means (i) a change in control, (ii) the date on which the Board declares the payment of a cash dividend that will result in the aggregate amount of cash dividends paid by the Company on one share of Common Stock during the period beginning on the grant date of the award and ending on August 31, 2017 equaling or exceeding \$2.50 or (iii) a firm commitment underwritten public offering of the Company's equity securities resulting in public float of not less than \$75,000,000.

Mr. Desai's base salary is subject to future increase at the discretion of the Board. During the term of the Desai Agreement, Mr. Desai will be eligible to participate in the Company's executive bonus plans and shall have a target bonus opportunity of 100% of base salary. Under the terms of the Desai Agreement, Mr. Desai is prohibited from competing against us and our subsidiaries, and from soliciting any of our or our subsidiaries' customers, suppliers, employees or consultants, during his employment and for a period of two years thereafter. The Desai Agreement also contains confidentiality, ownership and assignment of intellectual property and mutual non-disparagement provisions. In addition, Mr. Desai is entitled to certain indemnification rights under the Desai Agreement. Following his termination of employment, Mr. Desai may be entitled to receive certain payments and benefits from us, as described below in the section entitled "Potential Payments on Termination or Change in Control."

Gregory P. Chandler

On May 21, 2012, we entered into an amended and restated employment agreement with Mr. Chandler, pursuant to which Mr. Chandler continues to serve as the Chief Financial Officer of the Company (the “Chandler Agreement”). The term of the Chandler Agreement commenced on May 21, 2012 and expires on May 21, 2014 (unless terminated earlier). Beginning on May 21, 2014 and continuing on each anniversary thereof, the term of the Chandler Agreement will automatically renew for an additional one year period, unless terminated earlier or unless either party provides the other with at least 120 days advance written notice of non-renewal. Risk Assessment

The Company has reviewed its compensation policies and practices for all employees and concluded that any risks arising from the policies and programs are not reasonably likely to have a material adverse effect on the Company.

Director Compensation

The table below summarizes the compensation paid by us to each non-employee director for the fiscal year ended August 31, 2012. Directors who are also employees are not entitled to any additional compensation for their service as a director.

Name (a)	Year	Fees Earned or Paid in Cash (\$) (b)	Option Awards \$(1) (d)	Total (\$) (e)
Robert Mannarino	2012	33,350	3,722	37,072
Gregory L. Cowan	2012	28,550	3,722	32,272
Christopher Formant	2012	11,897	7,976	19,873

(1) Amounts shown represent the grant date fair value for option awards granted during fiscal year 2012, calculated in accordance with FASB ASC Topic 718 (excluding amounts for forfeitures). The fair value of all option awards was estimated using the Black-Scholes option-pricing model. We use the Black-Scholes formula to calculate an assumed value of the options for compensation expense purposes. Because the formula uses assumptions, the fair values calculated are not necessarily indicative of the actual values of the stock options. For fiscal year 2012, the assumptions used were: a dividend yield of 0%; a risk-free interest rate of 1.07% for Messrs. Mannarino and Cowan and 0.97% for Mr. Formant; an expected life of five years; and stock price volatility of 114.5% for Messrs. Mannarino and Cowan and 115.2% for Mr. Formant. As of August 31, 2012, Messrs. Mannarino, Cowan, and Formant held options to purchase 80,000, 43,333, and 20,000 shares of our Common Stock, respectively.

The Investor's sole member is Dinesh R. Desai, the Company's Chairman, Chief Executive Officer

Under the terms of the Letter Agreement, the Investor is prohibited during the specified restricted period from transferring or publicly announcing any intention to transfer, in either case without the unanimous approval of the disinterested members of the Board, (a) all or any portion of the Warrant or the Investor's rights under the Warrant or (b) any shares of Common Stock currently or in the future owned by the Investor. The Letter Agreement also requires that if the Company causes its Common Stock to become listed on a national securities exchange, the Company will also list and maintain the listing of the shares of Common Stock underlying the Warrant on such national securities exchange. In addition, subject to certain conditions, the Company is required under the Letter Agreement to provide prior notice to the Investor if, at any time before the Warrant has been exercised in full, the Company effects certain specified corporate actions, including selecting a record date for dividends or distributions or effecting a reorganization, reclassification, merger, consolidation, sale, transfer, disposition, dissolution, liquidation or winding up involving the Company. The Warrant expires on August 2, 2015. The Warrant also contains provisions for cashless exercise and weighted average anti-dilution protection for subsequent issuances or deemed issuances of Common Stock by the Company for consideration per share less than the per share exercise price of the Warrant in effect immediately prior to such issuance or deemed issuance.
