Item 3.02 Unregistered Sales of Equity Securities.

Debt Conversion.

On February 27, 2010, CrowdGather, Inc., a Nevada corporation, (the "Registrant" or "we"), issued 1,004,875 shares of our common stock to one foreign institutional investor who elected to convert an 18-month Secured Convertible Debenture ("Debenture") that was issued in May 2009. The investor converted the Debenture in the principal amount of \$1,300,000 together with accrued interest of \$80,066 for a total of \$1,380,066, into 1,004,875 shares of our common stock, or approximately \$1.37 per share.

On the same date, we also issued 903,038 shares to a second foreign institutional investor who elected to convert two Debentures that were issued in May 2009. The investor converted one Debenture in the principal amount of \$532,500 together with accrued interest of \$32,796 for a total of \$565,296, into 484,250 shares of our common stock, or approximately \$1.17 per share. The investor also converted a second Debenture in the principal amount of \$541,783 together with accrued interest of \$33,368, for a total of \$575,151, into 418,788 shares of our common stock, or approximately \$1.37 per share.

These issuances were pursuant to the terms of the Debentures described in our Report on Form 8-K filed on May 26, 2009, to report the close of a private offering of these Debentures with these two foreign institutional purchasers. The disclosures in that report are incorporated herein by reference and the forms of the Debentures were filed as exhibits to that report.

The Debentures bore interest at a rate of 8 % per annum, which was due and payable upon conversion or upon maturity in November 2010. The majority of the Debentures were convertible into common stock, at the holder's option, at an initial conversion price of the greater of \$0.50 or a 20% discount to the volume weighted average share price (VWAP) for the 10 days prior to the date of conversion. The remaining Debentures (\$532,500 of initial principal value) that were exchanged by the holders of existing short-term promissory notes were convertible into common stock, at the holder's option, at an initial conversion price of the greater of \$0.50 or a 32% discount to the VWAP for the 10 days prior to the date of conversion.

Neither the Debentures sold to the institutional investors, nor the shares of common stock issued upon conversion of the Debentures were registered under the Securities Act of 1933, as amended ("Securities Act"), and were sold pursuant to exemptions from the registration requirements of the Securities Act, as provided by Regulation S. Accordingly, those securities may not be offered or sold in the United States, except pursuant to an effective registration statement or an applicable exemption from the registration requirements of the Securities Act.

Warrant Exercise.

On February 27, 2010, we issued 285,715 shares to the one foreign institutional investor in exchange for the exercise of warrants at \$0.70 per share, or approximately \$200,000. On the same date, we also issued 671,426 shares to the second foreign institutional investor in exchange for the exercise of warrants at \$0.70 per share, or approximately \$470,000.

These warrants were granted in connection with the Debentures transaction described above and reported on our Form 8-K filed on May 26, 2009. The disclosures in that report are incorporated herein by reference and the instruments were filed as exhibits to that report.

Neither the warrants granted to the institutional investors, nor the shares of common stock issued upon exercise of the warrants were registered under the Securities Act, and were sold pursuant to an exemption from the registration

requirements of the Securities Act, as provided by Regulation S. Accordingly, these securities and warrants may not be offered or sold in the United States, except pursuant to an effective registration statement or an applicable exemption from the registration requirements of the Securities Act.

## Item 5.01 Changes in Control of Registrant.

An aggregate of 2,865,054 shares of our common stock were issued as a result of the conversion of the Debentures and the exercise of the warrants as set forth above, representing approximately 7.33% shares of our currently outstanding shares of common stock, which is 39,059,873 shares, after the cancellation of 5,000,000 shares, as described below.

In connection with the issuances of the Debentures and in order to mitigate the impact of dilution to our stockholders, Sanjay Sabnani, our Chairman and CEO, agreed to surrender 5,000,000 shares of common stock to our treasury for cancellation if and when at least \$2 million of Debentures was converted into shares of common stock. As a result of more than \$2 million of the Debentures being converted, as described above, 5,000,000 shares of common stock held by Mr. Sabnani were cancelled, effective February 27, 2010.

## SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table below shows the number of our shares of common stock beneficially owned as of February 27, 2010 and after giving effect to the transactions described herein by:

- each person or group known by us to beneficially own more than 5% of our outstanding common stock;
- each director and nominee for director;
- each executive officer named in the Summary Compensation Table under the heading “Executive Compensation” below; and
- all of our current directors and nominees and executive officers of the company as a group.

The number of shares beneficially owned by each 5% holder, director or executive officer is determined by the rules of the SEC, and the information does not necessarily indicate beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the person or entity has sole or shared voting power or investment power and also any shares that the person or entity can acquire within 60 days of February 27, 2010 through the exercise of any stock option or other right. For purposes of computing the percentage of outstanding shares of common stock held by each person or entity, any shares that the person or entity has the right to acquire within 60 days after February 27, 2010 are deemed to be outstanding with respect to such person or entity but are not deemed to be outstanding for the purpose of computing the percentage of ownership of any other person or entity. Unless otherwise indicated, each person or entity has sole investment and voting power (or shares such power with his or her spouse) over the shares set forth in the following table. The inclusion in the table below of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares. As of February 27, 2010, and after giving effect to the issuances described above, there were 39,059,873 shares of common stock issued and outstanding.
