Item 1.01. Entry into a Material Definitive Agreement.

On September 6, 2012, the Company entered into an agreement converting the final portion of its Series B Convertible Preferred stock. All Series B Convertible Preferred stock has now been retired. All Series A Convertible Preferred stock had been retired previously. All Warrants associated with the March 2009 issuance of convertible debts have been cancelled.

Item 7.01 Regulation FD Disclosure

On September 5, 2012 the Company discussed that recent cancellations of convertible debt, Series B Convertible Preferred Stock and various warrants may trigger the reversal of a significant amount of previously recorded derivative liability charges likely resulting in a large one-time gain(s) during one or more future accounting periods.

On September 5, 2012, the Company issued a press release outlining several developments at the company. These included comments concerning the following: Over the past 48 hours approximately 32 news orders were taken and many activations and up sells completed. This is an increase in the level of business activity of over 400% from just a few months ago. Management believes the Company is moving into its busiest time of the year and expects continued order acceleration through year-end as a result. The Company recently kicked off its Google Adwords campaign, which has already significantly increased web hits, incoming calls and sales. Shipments to Denmark have begun with an order from Ireland expected over the short term. Additional contracts are being worked for Australia, Slovenia, and several other European countries. The balance sheet restructuring includes recent debt forgiveness and consolidation, cancellation of 165 million toxic warrants, the pay down of trade payables and increases in working capital and inventories. The Company has notified its accountants to begin the process during the month of September of preparing financials in order to return the company to fully reporting status. There are approximately 631 million shares outstanding placing the market capitalization at approximately \$2.5 million. The current acceleration in the revenue growth trajectory places the Company on track to become profitable over the short term as the signing of monthly contracts continues to accelerate.
