PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON THURSDAY, JUNE 24, 2010

ABOUT THE MEETING

Solicitation of Proxies. This proxy statement and the accompanying proxy are furnished to stockholders of Resource Capital Corp. in connection with the solicitation by our Board of Directors, which we refer to as the Board, of proxies for use at the 2010 annual meeting of stockholders of Resource Capital Corp. to be held on June 24, 2010, at 1:00 p.m., which we refer to as the Meeting, at One Crescent Drive, Suite 203, Navy Yard Corporate Center, Philadelphia, Pennsylvania, and at any and all adjournments thereof.

Mailing Date. Our annual report on Form 10-K, including consolidated financial statements, which we refer to as our 2009 Form 10-K, the Notice of Annual Meeting, this proxy statement and the enclosed proxy card are being mailed on or about May 12, 2010.

Who Can Vote. Only stockholders of record at the close of business on April 28, 2010 will be entitled to notice of and to vote at the Meeting. Each of the approximately 41,403,172 shares of our common stock issued and outstanding on that date is entitled to one vote at the Meeting.

Voting at the Meeting. The presence at the Meeting in person or by proxy of holders of outstanding shares of common stock entitled to cast a majority of all the votes entitled to be cast at the Meeting will constitute a quorum.

In order to be elected as a director as described in Proposal 1 below, a nominee must receive a plurality of all of the votes cast at the Meeting at which a quorum is present. The “plurality” standard means the nominees who receive the largest number of “for” votes cast are elected as directors. Thus, the number of shares not voted for the election of a nominee (and the number of “withhold” votes cast with respect to that nominee) will not affect the determination of whether that nominee has received the necessary votes for election. If any nominee is unable or declines to serve, proxies will be voted for the balance of those named and for such person as shall be designated by the Board to replace any such nominee. However, the Board does not anticipate that this will occur. For any other matter which may properly come before the Meeting, the affirmative vote of the holders of at least a majority of the votes cast at the Meeting at which a quorum is present is required, either in person or by proxy, for approval, unless otherwise required by law.

Any proxy not specifying to the contrary, and not designated as a broker non-vote as described below, will be voted FOR the election of the directors.

Share of common stock represented at the Meeting in person or by proxy but not voted on one or more proposals will be included in determining the presence of a quorum for all of the proposals, but will not be considered cast on any proposal on which they were not voted. A failure by brokers to vote common stock held by them in nominee name will mean that such common stock will not be counted for the purposes of establishing a quorum and will not be voted. If a broker does not receive voting instructions from the beneficial owner of common stock on a particular matter and indicates on the proxy delivered with respect to such common stock that it does not have discretionary authority to vote on that matter, which is referred to as a broker “non-vote,” those shares of common stock will be considered as present for the purpose of determining whether a quorum exists, but will not be considered cast on any proposal on which they were not voted. Brokers that are member firms of the New York Stock Exchange, which we refer to as the NYSE, and who hold common stock in street name for customers generally do not have the discretion to vote those shares of common stock with respect to the election of directors if they have not received instructions from the beneficial owners. With respect to the election of directors described in Proposal 1 below, broker “non-votes” will not be included in the votes deemed to be “cast.” With respect to any other matter properly brought before the Meeting, abstentions and broker “non-votes” will not be counted as votes cast on any matter, and will have no effect on the results of the votes with respect to such proposals and other matters.

Should any matters not described above be properly presented at the Meeting, the persons named in the proxy form will vote in accordance with their judgment. The proxy form authorizes these persons, in their discretion, to vote upon such matters as may properly be brought before the Meeting or any adjournment, postponement or continuation thereof.

Revocation of Proxies. If you are a holder of record, you may revoke your proxy at any time before it is exercised in any of three ways:

- 1) by submitting written notice of revocation to our Secretary;
- 2) by submitting another proxy by mail that is later dated and properly signed; or
- 3) by voting in person at the Meeting.

If your shares are held in street name, you must contact your broker or nominee to revoke your proxy.

Other Business. We do not intend to bring any business before the Meeting other than that set forth in the Notice of the Annual Meeting and described in this proxy statement. However, if any other business should properly come before the Meeting, the persons named in the proxy intend to vote in accordance with their best judgment on such business and on any matters dealing with the conduct of the Meeting pursuant to the discretionary authority granted in the proxy.

Costs. We pay for the preparation and mailing of the proxy materials. Our directors, officers and employees may solicit proxies either personally, by letter or by telephone. We will not specifically compensate our directors, officers or employees for soliciting proxies. We have also made arrangements with brokerage firms and other custodians, nominees, and fiduciaries for forwarding proxy materials to the beneficial owners of our common stock at our expense.

Stockholders Sharing an Address. Stockholders sharing an address with another stockholder may receive only one annual report or one set of proxy materials at that address unless they have provided contrary instructions. Any such stockholder who wishes to receive a separate copy of the annual report or a separate set of proxy materials now or in the future may write or call us to request a separate copy of these materials from: Investor Relations, 712 Fifth Avenue, New York, NY 10019; telephone number (212) 506-3870. We will promptly deliver a copy of the requested

materials. Similarly, stockholders who have received multiple copies of the proxy materials, and share an address with another stockholder, may write the above address or call the above phone number to request delivery of a single copy of these materials.

Based solely on our review of the reports received by us, we believe that, during fiscal 2009, our officers, directors and greater than ten percent stockholders complied with all applicable filings requirements, except Mr. Bloom inadvertently filed two late Form 4s relating to two restricted stock grants.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board, upon the recommendation of its Nominating and Governance Committee, has nominated Messrs. Walter T. Beach, Edward E. Cohen, Jonathan Z. Cohen, William B. Hart, Gary Ickowicz, Steven J. The persons named in the enclosed proxy intend, in the absence of a contrary direction, to vote for Messrs. Beach, E. Cohen, J. Cohen, Hart, Ickowicz, Kessler, Levin and Neff. The Board of Directors recommends that stockholders vote "FOR" all of the nominees.

CORPORATE GOVERNANCE

Our Board of Directors and Its Committees

Our common stock is listed on the NYSE under the symbol “RSO” and we are subject to the NYSE’s listing standards. The Board has determined that each of Messrs. Beach, Hart, Ickowicz, Levin and Neff satisfy the requirement for independence set out in Section 303A.02 of the rules of the NYSE and that each of these directors has no material relationship with us (other than being a director and/or a stockholder). In making its independence determinations, the Board sought to identify and analyze all of the facts and circumstances relating to any relationship between a director, his immediate family or affiliates and our company and our affiliates and did not rely on categorical standards other than those contained in Section 303A.01 of the NYSE rules.

The Board held a total of 12 meetings during fiscal 2009. Each of the directors attended at least 75% of the meetings of the Board and of the committees on which he served during fiscal 2009.

The Board has four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Governance Committee and the Investment Committee. All of the members of each committee, other than the Investment Committee, are “independent” directors as that term is defined in the NYSE’s listing standards.

As set forth in our Corporate Governance Guidelines and in accordance with NYSE listing standards, the non-management directors meet in executive sessions quarterly without management. The director who presides at these meetings is rotated each meeting. Interested parties wishing to communicate directly with the non-management directors may contact the chairman of the Audit Committee, P. Sherrill Neff, at Quaker BioVentures, Cira Centre, 2929 Arch Street, Philadelphia, Pennsylvania 19104.

Audit Committee. The Audit Committee reviews the scope and effectiveness of audits by the internal and independent accountants, is responsible for the engagement of independent accountants, and reviews the adequacy of our internal financial controls. Members of the committee are Messrs. Neff (Chairman), Beach and Hart. The Board has determined that each member of the committee meets the independence standards for audit committee members set forth in the NYSE listing standards and in the Securities Exchange Act of 1934, as amended, and that Messrs. Beach and Neff each qualifies as an “audit committee financial expert” as that term is defined in the NYSE and Exchange Act rules and regulations. The committee held four meetings during fiscal 2009. The Audit Committee charter is available on our website at www.resourcecapitalcorp.com, and we will provide a printed copy to any stockholder who requests it.

Compensation Committee. The principal functions of the Compensation Committee are to:

- review the compensation payable to our directors;
- review the compensation and fees payable to the Manager under our management agreement; and
- administer the issuance of any stock or stock options issued to the employees of Resource Capital Manager, our external manager, or Resource America who perform services for us.

Under our management agreement with the Manager and Resource America, the Manager assumes principal responsibility for managing our affairs and providing the personnel that we need to conduct our operations. The Manager and Resource America are responsible for paying the compensation of all such personnel and, consequently, such personnel do not receive separate compensation from us. However, we reimburse the Manager for all of the wages, salary and benefits established and paid by the Manager to our Chief Financial Officer and three accounting professionals, each of whom is exclusively dedicated to our operations, and 50% of the wages, salary and benefits established and paid by the Manager to our director of investor relations, who is 50% dedicated to our operations.

The members of the committee are Messrs. Beach (Chairman), Levin and Neff. The committee held two meetings during fiscal 2009. The Compensation Committee Charter is available on our website at www.resourcecapitalcorp.com, and we will provide a printed copy to any stockholder who requests it.

Nominating and Governance Committee. The Nominating and Governance Committee is appointed by the Board to:

- assist it and us maintain an effective and knowledgeable Board, including assisting the Board by identifying individuals qualified to become directors and recommending to the Board the director nominees for the next annual meeting of stockholders and the directors to be appointed to the Audit, Compensation and Nominating and Governance Committees; and
- develop and recommend for the Board’s consideration governance guidelines for us.

The committee has not adopted specific, minimum qualifications or specific qualities or skills that must be met by a recommended nominee. The committee seeks to insure that the membership of the Board and each committee satisfies all relevant NYSE listing standard requirements, applicable laws and requirements of our governance documents. The committee seeks to achieve a mixture of skills which are all related to our business. The nature of the specific qualifications, qualities or skills that the committee may look for in any particular director nominee is dependent on the qualifications, qualities and skills of the rest of the directors at the time of any vacancy on the Board.

The committee identifies director nominees by first evaluating the current members of the Board willing to continue in service. Current members with skills and experience that are relevant to our business and are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service, if the nominating and governance committee or Board decides not to re-nominate a member for re-election, or if we decide to expand the Board, the committee identifies the desired skills and experience of a new nominee consistent with the nominating and governance committee's criteria for Board service. Current members of the Board and management are polled for their recommendations. Research may also be performed or third parties retained to identify qualified individuals. To date, we have not engaged third parties to identify or evaluate potential nominees; however, we may in the future choose to do so.

The members of the committee are Messrs. Levin (Chairman), Beach and Hart. The committee held one meeting during fiscal 2009. Our Corporate Governance Guidelines and Nominating and Governance Committee charter are both available on our website at www.resourcecapitalcorp.com, and we will provide a printed copy to any stockholder who so requests it.

Stockholder Recommendations for Director Nominees. The Nominating and Governance Committee will consider candidates for nomination as a director recommended by stockholders, directors, officers, third party search firms and other sources. In evaluating candidates, the committee considers the attributes of the candidate (including skills, experience, international versus domestic background, diversity, age, and legal and regulatory requirements) and the mixture of skills and experience of the members of the Board, and will review all candidates in the same manner, regardless of the source of the recommendation. The Nominating and Governance Committee does not have a formal policy regarding the consideration of diversity in identifying candidates beyond being committed to ensuring that no person would be excluded from consideration for service as a director of ours as a result of their gender, race, religion, creed, sexual orientation or disability. The committee will consider individuals recommended by stockholders for nomination as a director in accordance with the procedures described under "Stockholder Proposals for the 2011 Annual meeting." Recommendations should include the following:

- such information as may be reasonably necessary to determine whether the recommended director candidate is independent from the stockholder that has recommended the candidate;
- such information as may be reasonably necessary to determine whether the director candidate is qualified to serve on the Board; and
- such information as may be reasonably necessary to determine whether the director candidate meets the independence standards of the NYSE.

The Board may also request such additional information concerning the proposed nominee as may be reasonably required to determine whether each person recommended by a stockholder meets the criteria discussed above and to enable us to make appropriate disclosures to stockholders.

Investment Committee. The Investment Committee was established in March 2007 to review and consider all proposed investments by our company equal to or in excess of \$12.5 million. The Board as a whole reviews and considers proposed investments equal to or in excess of \$30.0 million, and all credit facilities or financing with recourse to us in excess of the amount of equity invested. The members of the committee are Messrs. J. Cohen (Chairman), Beach, Ickowicz and Kessler. The committee held four meetings during fiscal 2009.

Communication with the Board. The Board has established a process for stockholders to send communications to it. Stockholders may communicate with the Board, or any director or committee chairperson, by writing to such parties in care of Michael S. Yecies, Senior Vice President, Chief Legal Officer and Secretary, Resource Capital Corp., 712 Fifth Avenue, New York, NY 10019. Communications addressed to the Board generally will be forwarded either to the appropriate committee chairperson or to all directors. Communications may be submitted confidentially and anonymously. Under certain circumstances, we may be required by law to disclose the information or identity of the person submitting the communication. There were no material actions taken by the Board as a result of communications received during fiscal 2009 from stockholders. Certain concerns communicated to the Board also may be referred to our internal auditor or our Chief Legal Officer. The Chairman of the Board or the Chairman of the Audit Committee may direct that concerns be presented to the Audit Committee, or to the full Board, or that they otherwise receive special treatment, including retention of external counsel or other advisors.

Attendance at Annual Meetings. We do not have a formal policy regarding Board member attendance at our annual meeting of stockholders. All of our Board members attended last year's annual meeting of stockholders and we anticipate that all of them will attend the Meeting.

Board Leadership Structure and Role in Risk Oversight

We have no specific policy with respect to the separation of the offices of Chairman and the Chief Executive Officer. This issue is part of the succession planning process and is within the scope of the Board's authority to decide. Currently, Steven J. Kessler serves as Chairman of the Board and Jonathan Z. Cohen serves as Chief Executive Officer. The Board believes that our Corporate Governance Guidelines provide it with appropriate flexibility to determine from time to time the leadership structure that best enables us to pursue our business strategies and goals. The Board believes that its current leadership structure is appropriate in that it gives us the benefit of the significant expertise that both Messrs. Kessler and J. Cohen have in finance and real estate, as well as the working relationship they have developed in the past thirteen years.

Risk management, led by our officers and the Board, is a company-wide function that is responsible for an integrated effort to identify, assess and manage risks that may affect our ability to execute on our business strategy and fulfill our business objectives. The Board's role is to oversee this function. The Audit Committee enhances the Board's oversight of risk management. The Audit Committee's role is also one of oversight, recognizing that management is responsible for executing our risk management policies. The Audit Committee's responsibilities include discussing with management our major financial risk exposures and the steps management has taken to monitor and control such exposures, including our risk assessment and risk management policies. The Audit Committee also discusses guidelines and policies to govern the process by which risk assessment and management is undertaken.

Code of Ethics

We have adopted a code of business conduct and ethics applicable to all directors, officers and employees. We will provide to any person without charge, upon request, a copy of our code of conduct. Any such request should be directed to us as follows: Resource Capital Corp., 712 Fifth Avenue, New York, NY 10019, Attention: Secretary. Our code of conduct is also available on our website at www.resourcecapitalcorp.com. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding an amendment to, or waiver from, a provision of this code of conduct by posting such information on our website, unless otherwise required by applicable law or regulation.

Report of the Audit Committee

The Audit Committee has approved the following report.

In connection with its function of overseeing and monitoring our financial reporting process, the Audit Committee has done the following:

- reviewed and discussed our consolidated financial statements for the fiscal year ended December 31, 2009 with our management;
- discussed with our independent registered public accounting firm, Grant Thornton LLP, or Grant Thornton, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board, or the PCAOB, in Rule 3200T; and
- received the written disclosures and the letter from Grant Thornton required by applicable requirements of the PCAOB regarding Grant Thornton's communications with the audit committee concerning independence, and has discussed with Grant Thornton the independence of Grant Thornton and satisfied itself as to Grant Thornton's independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that the consolidated audited financial statements be included in the 2009 Form 10-K.

Audit Committee Pre-Approval Policies and Procedures. The audit committee will, on at least an annual basis, review audit and non-audit services performed by Grant Thornton, LLP as well as the fees charged by Grant Thornton, LLP for such services. Our policy is that all audit and non-audit services must be pre-approved by the audit committee. All of such services and fees were pre-approved during the year ended December 31, 2009.

2009 NON-EMPLOYEE DIRECTOR COMPENSATION

We compensate only independent directors for their services as directors. Our 2009 compensation package for independent directors was comprised of cash (annual retainer) and restricted stock awards. The annual pay package is designed to attract and retain highly-qualified, independent professionals to represent our stockholders. Our compensation package is also designed to create alignment between our directors and our stockholders through the use of equity-based grants.

For 2009, the Board approved compensation for each independent director consisting of an annual cash retainer of \$52,500 and an annual stock award valued at \$22,500 on the date of grant on the anniversary of the date each of them became a director. The following table sets forth director compensation for 2009:

(3) We do not compensate non-independent directors for their service on the Board. However, RCC will reimburse Resource America for Mr. Kessler's compensation and related business expenses, since Resource America employs Mr. Kessler but Mr. Kessler devotes substantially all of his business time to his service as our Chairman. We did

not reimburse Resource America any amount for Mr. Kessler in 2009.

COMPENSATION DISCUSSION AND ANALYSIS

We are required to provide information regarding the compensation program in place for our CEO, CFO and the three other most highly-compensated executive officers whose compensation exceeded \$100,000 in 2009. In the following discussion, we refer to these officers as our “Named Executive Officers” or “NEOs.”

Objectives of Our Compensation Program

We have no employees. We are managed by our Manager pursuant to a management agreement, between our Manager and us. All of our NEOs are employees of our Manager or one of its affiliates. We have not paid, and do not intend to pay, any cash compensation to our NEOs although we reimburse the Manager for the wages, salary and benefits established and paid by the Manager to our Chief Financial Officer. However, our Compensation Committee may, from time to time, grant equity awards in the form of restricted stock, stock options or performance awards to our NEOs pursuant to our 2005 Stock Incentive Plan and/or the 2007 Omnibus Equity Compensation Plan. These awards are designed to align the interests of our NEOs with those of our stockholders, by allowing our NEOs to share in the creation of value for our stockholders through stock appreciation and dividends. These equity awards are generally subject to time-based vesting requirements designed to provide incentives to our NEOs to achieve strong performance for our company. These awards further provide us flexibility in attracting, motivating and retaining talented individuals at our Manager.

Setting Executive Compensation

Our NEOs are employees of Resource America, which determines the base salary, cash incentive compensation and, for grants of Resource America equity securities, equity incentive compensation that is paid to our NEOs. A portion of the base salary and cash incentive compensation paid to each of our NEOs except our Chief Financial Officer is derived from the fees paid by us under the management agreement. We do not control how such fees are allocated by Resource America to its employees. For a description of our management agreement, see “Certain Relationships and Related Party Transactions.” We disclose the cash amounts paid by Resource America to our Chief Financial Officer (for which we reimburse Resource America), our only NEO who devotes his full business time to our affairs, in the Summary Compensation Table below.

When Resource America makes its determination of the amount of compensation it will award to one of our NEOs, including in particular the amount of Resource America securities that Resource America will grant as equity incentive compensation, Resource America also considers, but does not determine, the amount of our securities we propose to grant as equity incentive compensation to that NEO. Similarly, in determining the amount of equity incentive compensation we grant to one of our NEOs, our compensation committee considers, but does not determine, the compensation that Resource America proposes to grant to that NEO, including Resource America’s grant of Resource America securities as equity incentive compensation. Our respective compensation committees base their analyses and determinations upon recommendations submitted by Jonathan Z. Cohen, who is Chief Executive Officer of both companies, for all of our NEOs other than himself. Resource America’s compensation committee determines the amount of compensation Resource America will award Mr. J. Cohen, while our compensation committee determines the amount of any Resource Capital equity incentive compensation we award to Mr. J. Cohen. These analyses and determinations are not based upon any particular compensation matrix or formula, but instead are based upon qualitative evaluations by Mr. J. Cohen and the compensation committees. Our compensation committee does not make recommendations to Resource America as to the amount of compensation Resource America grants to our NEOs, nor does Resource America’s compensation committee make recommendations to us regarding the amount of

equity incentive compensation awarded by us to our NEOs.

16

Our compensation committee operates under a written charter adopted by our Board, a copy of which is available on our website at www.resourcecapitalcorp.com. Our compensation committee determines compensation amounts after the end of Resource America's fiscal year and makes equity awards after our fiscal year end. Therefore, awards made after our fiscal year end are not reflected in our Summary Compensation Table or Grants of Plan-Based Awards table until our following fiscal year. Our compensation committee has the discretion to issue equity awards at other times during our fiscal year.

Elements of Our Compensation Program

As described above, our NEOs do not receive cash compensation from us, although beginning in October 2009, we agreed to reimburse Resource America for the wages, salary and benefits of our Chief Financial Officer. However, our compensation committee may, from time to time, grant equity awards in the form of restricted stock, stock options or performance awards to our NEOs pursuant to our 2005 Stock Incentive Plan and/or the 2007 Omnibus Equity Compensation Plan as follows:

Stock Options. Stock options provide value to the executive only if our stock price increases after the grants are made. Stock options typically vest 33.3% per year.

Restricted Stock. Restricted stock units reward stockholder value creation slightly differently than stock options: restricted stock units are impacted by all stock price changes, both increases and decreases. Restricted stock units generally vest 33.3% per year and include a right to receive dividends on unvested shares.

Resource America Restricted Stock. As described above, Resource America's compensation committee approves awards of Resource America restricted stock to NEOs. These awards generally vest 25% per year, and may include a right to receive dividends on unvested shares.

Resource America Stock Options. As described above, Resource America's compensation committee approves awards of Resource America options to receive restricted stock to NEOs. These awards generally vest 25% per year.

Supplemental Incentive Arrangements with David Bloom. In October 2007, we entered into an agreement with David Bloom, our Senior Vice President—Real Estate Investments, which awarded him 50,000 shares of our restricted stock under our 2005 Stock Incentive Plan. These shares were fully vested at December 31, 2009.

In December 2007, Resource America entered into another agreement with Mr. Bloom which provides for awards to him of our restricted stock and Resource America restricted stock. With respect to our restricted stock, which was approved by our Compensation Committee, Mr. Bloom was awarded 120,000 shares, 60,000 of which are subject to vesting over time and 60,000 of which are earned based on the achievement of predetermined, objective performance goals over a multi-year performance period. We pay dividends on unvested awards. With respect to the shares that vest over time, 15% vested on June 30, 2008, 15% vested on June 30, 2009 and 70% vest on December 31, 2010, provided that Mr. Bloom is employed by Resource America at that date. The award opportunities, presented in number of potential shares earned, are included in the Grant of Plan-Based Awards table below. Performance-based shares are earned on achievement of performance goals over the performance period beginning July 1, 2007 and

ending June 30, 2010, with one-third of the shares potentially being earned at the end of each 12-month measurement period. As of December 31, 2009, one-third of such shares were earned, one-third of such shares were forfeited and one-third of such shares remain available to be earned. The performance measures are as follows:

- **Loan Origination.** For each measurement period, the loan origination volume generated by Mr. Bloom and his colleagues in Resource America's Los Angeles office, which we refer to as Mr. Bloom's team, must be equal to or greater than 90% of the loan origination volume generated by Mr. Bloom's team for the previous 12-month period. Resource America may waive the loan origination performance criteria, if in its reasonable discretion, reaching such levels could not be reasonably achieved notwithstanding Mr. Bloom's team's best efforts. Our compensation committee along with Resource America's compensation committee determine whether to exercise this discretion.
- **Portfolio Diversity.** The loans generated by Mr. Bloom's team during the measurement period must conform to the diversity and loan type standards set forth in the investment parameters of the commercial real estate CDOs managed on our behalf.
- **Pricing.** The gross weighted average spread on loans generated by Mr. Bloom's team during the measurement period must be not less than 250 basis points over the applicable index. Resource America may exclude certain loans from this calculation and/or may waive the pricing provision for the measurement period in its entirety.
- **Credit Quality.** There shall have been no principal losses during the measurement period on any loan originated by Mr. Bloom's team and no greater than 10% of the loans originated by Mr. Bloom's team (measured by principal balance) shall have been in default during such measurement period.

If the performance criteria for a given measurement period are largely, but not entirely, met, the compensation committee will reasonably take such substantial performance into account in determining whether there should be an equitable partial earning of the award for such measurement period. Once earned, the shares of restricted stock vest over the following two years, at the rate of one-eighth (1/8) per quarter, as long as Mr. Bloom is employed by Resource America on the last day of such quarter. The performance-based stock awards are disclosed under the Grants of Plan-Based Awards table under the heading "Estimated future payouts under equity incentive plan awards" and in the Outstanding Equity Awards at Fiscal Year-End table under the heading "Equity incentive plan awards."

How We Determined 2009 Compensation

In light of the general adverse economic conditions in the market, and the effects of the market on our performance, the compensation committee decided to significantly reduce the value of the bonus awards to our NEOs. However, the Committee recognized our NEOs' prudent management efforts in a challenging environment, and believed that, for Mr. Bryant and Mr. Bloom, restricted stock awards were appropriate to recognize those efforts and retain their services.

Upon the recommendation of our Chief Executive Officer, our Compensation Committee made the following awards for fiscal 2009:

- Mr. Bryant was awarded 23,364 shares of restricted stock for fiscal 2009, as compared to 13,484 shares of restricted stock for fiscal 2008. Mr. Bryant was also awarded 5,000 Resource America options for fiscal 2008.

·Mr. Bloom was awarded 44,502 shares of restricted stock for fiscal 2009, as compared to 18,878 shares of restricted stock for fiscal 2008. See “– Elements of Our Compensation Program–Supplemental Incentive Arrangements with David Bloom.”

Report of the Compensation Committee

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on its review and discussions, the compensation committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

This report has been provided by the compensation committee of the Board of Directors of Resource Capital Corp.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Relationships and Related Transactions

We have entered into a management agreement under which the Manager receives substantial fees. We describe these fees in our 2009 Form 10-K, Item 1 – “Business – Management Agreement.” For the year ended December 31, 2009, the Manager earned base management fees of approximately \$3.8 million and incentive compensation fees of \$4.6 million (including \$1.2 million paid in the form of 217,149 shares of our common stock). We also reimburse the Manager for financial services expense, rent and other expenses incurred in the performance of its duties under the management agreement. Pursuant to an amendment to the management agreement on October 16, 2009, the Manager must provide us with a Chief Financial Officer and three accounting professionals, each of whom will be exclusively dedicated to our operations. The Manager will also provide us with a director of investor relations who will be 50% dedicated to our operations. The amendment provides that we will bear 100% of the expense of the wages, salaries and benefits of the Chief Financial Officer and three accounting professionals and 50% of the salary and benefits of the director of investor relations. For the year ended December 31, 2009, we paid aggregate reimbursements to the Manager of \$664,000. In addition, we are required to reimburse the Manager and Resource America for expenses for employees of Resource America who perform legal, accounting, due diligence and other services that outside professionals or consultants would otherwise perform. No such expense reimbursements were made in the year ended December 31, 2009. In December 2009, we, the Manager and Resource America agreed that for each of the fiscal quarters ending on December 31, 2009 and March 31, 2010, the total incentive management fee payable to the Manager pursuant to the management agreement would not exceed \$1.5 million.

As of December 31, 2009, we had executed six CDO transactions. These CDO transactions were structured for us by the Manager; however, the Manager was not separately compensated by us for executing these transactions and is not separately compensated by us for managing the CDO entities and their assets.

Resource America, entities affiliated with it and our executive officers and directors collectively beneficially own 5,048,352 shares of common stock, representing approximately 12% of our common stock on a fully-diluted basis. Our executive officers are also officers of our Manager and/or of Resource America or its subsidiaries.

On May 14, 2009, we borrowed \$4.5 million from Resource America. We repaid the promissory note the same day and paid Resource America a commitment fee of \$180,000.

On December 1, 2009, we purchased for \$2.1 million a membership interest in RRE VIP Borrower, LLC (an unconsolidated entity that holds our interests in a joint venture) from Resource America at book value. This joint venture, which is structured as a credit facility with Varde Investment Partners, LP acting as lender, finances the acquisition of distressed properties and mortgage loans. We recorded the investment balance of \$2.1 million at December 31, 2009 as an investment in unconsolidated entities on our consolidated balance sheet.

On January 15, 2010, we loaned \$2.0 million to Resource Capital Partners. The loan proceeds were used by Resource Capital Partners' to acquire a 5% limited partnership interest in the Resource Real Estate Opportunity Fund, L.P., which interest secures the loan. The loan bears interest at a fixed rate of 8.0% per annum on the unpaid principal balance. In the event of default, interest will accrue and be payable at a rate of 5.0% in excess of the fixed rate.

Interest payments are due quarterly commencing on April 15, 2010. Mandatory principal payments must also be made to the extent distributable cash or other proceeds from the partnership represents a return of Resource Capital Partners' capital. The loan matures on January 14, 2015, with an option to extend the maturity date for two additional 12-month periods.

LEAF Financial Corp. a majority-owned subsidiary of Resource America, originates and manages our equipment lease and note investments. We purchase these investments from LEAF Financial at a price equal to their book value plus a reimbursable origination cost not to exceed 1% to compensate LEAF Financial for its origination costs. In addition, we pay LEAF Financial an annual servicing fee, equal to 1% of the book value of managed assets, for servicing our equipment lease investments. During the year ended December 31, 2009, we paid LEAF Financial \$505,000 in annual servicing fees.

On June 30, 2009, we sold our sole membership interest in our subsidiary that held a pool of leases valued at \$89.8 million and transferred the \$82.3 million balance of the related secured term facility to Resource America. No gain or loss was recognized on the sale of this membership interest. We received a promissory note in the amount of \$7.5 million from Resource America for the equity in the portfolio on June 30, 2009. The promissory note bore interest at the London Interbank Offered Rate plus 3% and was paid in full by August 3, 2009.

On March 5, 2010, we entered into a promissory note with LEASE Equity Appreciation Fund II LP, which we refer to as LEAF II, that allows for an \$8.0 million term loan facility, of which \$3.0 million was funded on March 5, 2010, for a one year term at 12% payable quarterly, with a 1% loan fee and 20% amortization, which is secured by all the encumbered assets of LEAF II and is to be fully repaid by March 3, 2011.

Until 1996, Edward E. Cohen, a director who was our Chairman from our inception until November 2009, was of counsel to Ledgewood, P.C., a law firm. In addition, one of our executive officers, Jeffrey F. Brotman, was employed by Ledgewood until 2007. For the year ended December 31, 2009, we paid Ledgewood \$660,000 for legal services. Mr. Cohen receives certain debt service payments from Ledgewood related to the termination of his affiliation with Ledgewood and its redemption of his interest in the firm. For the year ended December 31, 2009, those payments were \$120,000. Mr. Brotman also receives certain debt service payments from Ledgewood related to the termination of his affiliation with Ledgewood. For the year ended December 31, 2009, those payments were \$40,000.

Policies and Procedures Regarding Related Transactions

Under our management agreement with the Manager and Resource America, we have established policies regarding the offer of potential investments to us, our acquisition of those investments and the allocation of those investments among other programs managed by the Manager or Resource America. We have also established policies regarding investing in investment opportunities in which the Manager or Resource America has an interest and regarding investing in any investment fund or CDO structured, co-structured or managed by the Manager or Resource America.

The Manager and Resource America must offer us the right to consider all investments they identify that are within the parameters of our investment strategies and policies. For all potential investments other than in equipment leases and notes, if the Manager and Resource America identify an investment that is appropriate both for us and for one or more other investment programs managed by them, but the amount available is less than the amount sought by all of their investment programs, they will allocate the investment among us and such other investment programs in proportion to the relative amounts of the

investment sought by each. If the portion of the investment allocable to a particular investment program would be too small for it to be appropriate for that investment program, either because of economic or market inefficiency, regulatory constraints (such as REIT qualification or exclusion from regulation under the Investment Company Act of 1940) or otherwise, that portion will be reallocated among the other investment programs. Investment programs that do not receive an allocation will have preference in future investments where investment programs are seeking more of the investment than is available so that, on an overall basis, each investment program is treated equitably.

To equitably allocate investments that the Manager or Resource America has acquired at varying prices, the Manager and Resource America will allocate the investment so that each investment program will pay approximately the same average price.

With respect to equipment leases and notes, if an investment is appropriate for more than one investment program, including us, the Manager and Resource America will allocate the investment based on the following factors:

- which investment program has been seeking investments for the longest period of time;
- whether the investment program has the cash required for the investment;
- whether the amount of debt to be incurred with respect to the investment is acceptable for the investment program;
- the effect the investment will have on the investment program's cash flow;
- whether the investment would further diversify, or unduly concentrate, the investment program's investments in a particular lessee, class or type of equipment, location or industry; and
- whether the term of the investment is within the term of the investment program.

The Manager and Resource America may make exceptions to these general policies when other circumstances make application of the policies inequitable or uneconomic.

The Manager has also instituted policies designed to mitigate potential conflicts of interest between it and us, including:

- We will not be permitted to invest in any investment fund or CDO structured, co-structured or managed by the Manager or Resource America other than those structured, co-structured or managed on our behalf. The Manager and Resource America will not receive duplicate management fees from any such investment fund or CDO to the extent we invest in it.
- We will not be permitted to purchase investments from, or sell investments to, the Manager or Resource America, except that we may purchase investments originated by those entities within 60 days before our investment.

Except as described above or provided for in our management agreement with the Manager and Resource America, we have not adopted a policy that expressly prohibits transactions between us or any of our directors, officers, employees, security-holders or affiliates. However, our code of business conduct and ethics prohibits any transaction that involves an actual or potential conflict except for transactions permitted under guidelines which may be adopted by our Board of Directors. No such guidelines have been adopted as of the date of this proxy statement. In addition, our Board may approve a waiver of the code of ethics and business conduct for a specific transaction, which must be reported to our stockholders to the extent required by applicable law or NYSE rule. No such waivers have been granted through the date hereof.
