(Name) (Area Code) (Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant anticipates reporting revenues from continuing operations of approximately \$1.9 million for the fiscal year ended September 30, 2016 as compared to approximately \$3.0 million for the fiscal year ended September 30, 2015. Because the Registrant's dual fuel technology displaces higher cost diesel fuel with lower cost and cleaner burning natural gas, the recent decrease in oil/diesel pricing has impacted the timing of dealer restocking orders and the implementation schedules of existing and prospective customers in the near term due to the current tighter price spread between diesel and natural gas.

The Registrant anticipates reporting an operating loss from continuing operations of approximately \$5.3 million fiscal year ended September 30, 2016 as compared to an operating loss from continuing operations of approximately \$4.3 million for the fiscal year ended September 30, 2015.

During the fiscal year ended September 30, 2016, the Registrant anticipates reporting interest and financing expenses of approximately \$2,811,000 as compared to approximately \$836,000 for the fiscal year ended September 30, 2015. The increase was due to increased borrowings and interest rates and additional non-cash financing expense of \$1,560,000 resulting from the recognition of the discount upon conversion of the contingent convertible promissory notes and a \$447,000 loss on the extinguishment of bank debt.

During the fiscal year ended September 30, 2015, the Registrant retroactively implemented, as of October 1, 2013, the correction of an accounting error relating to the valuation of certain warrants containing anti-dilution adjustment provisions issued in conjunction with private placements of 10% Convertible Preferred Stock in 2012 and 2014. As a result of this correction, the Registrant anticipates reporting non-cash warrant valuation income of approximately \$0.2 million for the fiscal year ended September 30, 2016 as compared to non-cash warrant valuation income of approximately \$5.8 million for the fiscal year ended September 30, 2015.

As a result of the forgoing information, the Registrant anticipates reporting a net loss of approximately \$7.6 million as compared to net income of approximately \$0.5 million for the fiscal year ended September 30, 2015.

In addition, as a result of the operating losses incurred to date, the Registrant anticipates reporting a net working capital deficit of approximately \$.50 million at September 30, 2016 as compared to a working capital deficit of approximately \$3.0 million at September 30, 2015.
