Forward Looking Statements

Certain statements that we make from time to time, including statements contained in this Quarterly Report on Form 10-Q constitute "forward looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act. All statements other than statements of historical fact contained in this Quarterly Report on Form 10-Q are forward-looking statements. These statements, among other things, relate to our business strategy, goals and expectations concerning our products, future operations, prospects, plans and objectives of management. The words "anticipate", "believe", "could", "estimate", "expect", "intend", "may", "plan", "predict", "project", "will" and similar to used to identify forward-looking statements in this presentation. Our operations involve risks and uncertainties, many of which are outside our control, and any one of which, or a combination of which, could materially affect our results of operations and whether the forward-looking statements ultimately prove to be correct. Forward-looking statements in this Quarterly Report on Form 10-Q include, without limitation, statements reflecting management's expectations for future financial performance and operating expenditures (including our ability to continue as a going concern, to raise additional capital and to succeed in our future operations), expected growth, profitability and business outlook, increased sales and marketing expenses, and the expected results from the integration of our acquisitions.

Forward-looking statements are only current predictions and are subject to known and unknown risks, uncertainties, and other factors that may cause our actual results, levels of activity, performance, or achievements to be materially different from those anticipated by such statements. These factors include, among other things, the unknown risks and uncertainties that we believe could cause actual results to differ from these forward looking statements as set forth under the heading "Risk Factors" in our Annual Report on Form 10-K filed with the SEC on March 31, 2017. New risks and uncertainties emerge from time to time, and it is not possible for us to predict all of the risks and uncertainties that could have an impact on the forward-looking statements, including without limitation, risks and uncertainties relating to:

our ability to manage our growth, including acquiring, partnering with, and effectively integrating the recent MediGain acquisition and other acquired businesses into our infrastructure;

our ability to comply with covenants contained in our credit agreement, as amended, with our senior secured lender, Opus and other future debt facilities;

our ability to retain our clients and revenue levels, including effectively migrating and keeping new clients acquired through business acquisitions and maintaining or growing the revenue levels of our new and existing clients;

our ability to attract and retain key officers and employees, including Mahmud Haq and other personnel critical to growing our business and integrating of our newly acquired businesses;

our ability to raise capital and obtain and maintain financing on acceptable terms;

our ability to compete with other companies developing products and selling services competitive with ours, and who may have greater resources and name recognition than we have;

our ability to maintain operations in Pakistan and Sri Lanka in a manner that continues to enable us to offer competitively priced products and services;

our ability to keep and increase market acceptance of our products and services;

our ability to keep pace with a rapidly changing healthcare industry;

our ability to consistently achieve and maintain compliance with a myriad of federal, state, foreign, local, payor and industry requirements, regulations, rules and laws;

our ability to protect and enforce intellectual property rights;

our ability to maintain and protect the privacy of client and patient information; and

our ability to repay the outstanding purchase price we owe for the MediGain acquisition.

Although we believe that the expectations reflected in the forward-looking statements contained in this Quarterly Report on Form 10-Q are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements. Except as required by law, we are under no duty to update or revise any of such forward-looking statements, whether as a result of new information, future events, or otherwise, after the date of this Quarterly Report on Form 10-Q.

You should read this Quarterly Report on Form 10-Q with the understanding that our actual future results, levels of activity, performance and events and circumstances may be materially different from what we expect.

All references to "MTBC," "Medical Transcription Billing, Corp.," "we," "us," "our" or the "Company" mean Medical Transcription Billing, Corp. and its subsidiaries, except where it is made clear that the term means only the parent company.
